History of Unicameral Legislature

By Senator G. H. Nelson

COST OF LEGISLATION
The 39th Legislature cost the people of Texas \$312,747.08; the 40th \$347,216.86; the 41st \$795,500; the 42nd \$1,089,380.75; the 43rd \$1,109,472.54. Thus you can see that the actual expense of operating your Legislature is mounting from year to year. The average cost for each man of the 181 members of the 42nd Legislature for stenographers and clerks was \$956.75; for office assistants \$376.00; for Sargent-at-Arms \$207.00; and for that of pages and messengers \$201.00. The average cost for janitors and maids was \$115.00; for postage \$120.00, and for telephone and telegraph \$187.00; for stationary, printing, mimeographing and office supplies \$630.00.

I give the above figures to let you know that you cannot keep men in your Legislature without it costing you an enormous sum and that the more you have there, the more the cost. Still, the actual cost in dollars and cents for the operation of your Legislature is not the propelling motive for my adherence to the one house system. In fact, from a saving on supplies, salaries and such like the greatest saving will not come.

The greatest saving will come because of the abolition of the free conference committee. Likewise because of the abolition of such committee laws will be passed which will compare with the wishes of the people. Let me give you three examples.

During the 44th Legislature at the first called session the question of passing a law in compliance with the expressed will of the people on the liquor question arose. A bill passed the Senate of Texas which included the definition of a Saloon such as would prohibit being sold in Texas by the drink. A majority of the Representatives of the people of this State in the Senate voted for such a Bill. Likewise, a majority of the Representatives in the house voted for that same Bill. Immediately following the passage by both houses of a bill containing the definition, it having in it certain other differences necessary to adjustment, a free conference committee was appointed by the Speaker of the house composed of three wets and two dries and on the part of the Senate five wets. Not surprisingly, in due course, such committee reported to each of the Houses a bill of their own liking, with a definition therein of the open saloon which would permit liquor to be sold anywhere in Texas by the drink.

It, therefore, became necessary for the very ones in both houses who had supported the Bill originally, to vote against it and kill such free conference Bill at the closing hours of the Legislature, with the result that thousands of dollars had been spent without the passage of any legislation. Forty days later that Bill in almost its exact state was passed and became a law. The least estimated revenue that such a Bill would bring was \$10,000.00 per day.

It can therefore be seen that this one free conference committee on one piece of legislation cost the people of this state over \$400,000.00. It is not a question of whether you or I are against this liquor Bill as it is written. This example is given to show you what a free conference committee can do with reference to any piece of legislation.

In the 43rd Legislature at the regular session you will recall that there was much agitation over the paramutual racetrack gambling law. A majority of both the Senate and the House acting as the representatives of the people of this State, voted against the law. You will likewise recall it was thought that no major appropriation Bill would be passed at that session. Those who were in favor of racetrack gambling were the ones responsible for the appropriation Bill, in different forms, passed both the house and the Senate. Five conferees were appointed by the Lieutenant Governor, a majority of whom were in favor of racetrack gambling in Texas, to serve on a free conference committee on the appropriation Bill. Likewise, the Speaker of the house of Representatives appointed five conferees, a majority of whom were in favor of the paramutual system to serve on this appropriation conference committee.

It was surprising when that committee, composed of ten men, laid

State Ad Valorem Tax Rate Cut To 65 Cents

Austin, May 21. — The State ad valorem tax rate has been reduced from 77c to 62c and the State will have a cash balance of more than three million dollars in all of the operating funds, except the Confederate Pension fund, at the end of the current fiscal year, Governor James V. Alfred told the Texas Bankers Convention this week.

"This cash balance of three million dollars," the Governor said, "will be maintained even after the increase of the scholastic per capita apportionment from \$17.50 for the current year to \$18.50 by the State Board of Education."

The \$18.50 per capita apportionment is the largest ever made by the State of Texas. It will effect the destiny of about 1,558,000 scholastics.

During the Alfred administration about three million dollars will have been paid for the Centennial. Every debt of the available free school fund has been paid and appropriations for rural aid have been increased by two million dollars per year. Since September of last year \$2,731,000.00 has been set aside for sinking fund and interest on the State's bonded indebtedness. The State owes at this time \$13,537,750.00 on the twenty million dollar relief bonds voted in 1933.

Tax payers have been saved approximately four and three-quarter million dollars by the slash in the State ad valorem rate from 77c to 62c, the Governor pointed out.

In commenting upon the unusual demands made by the people upon the State and Federal governments, Alfred said: "We all realize that during the past five years both the State and National governments have been called upon to assume financial responsibilities entirely new to the sphere of governmental responsibilities. Human suffering, destitution and want appeared in every State in the Union during the great depression.

In the laps of the Senate and House of Representatives an appropriation Bill with a rider attached thereto which permitted the racetrack gambling law to have in Texas today. The members of the Senate were compelled by such action to vote for racetrack gambling in order to get one dollar for the deaf, the dumb, the blind or any other institution of the State of Texas, including the common schools, the universities and the courts of Texas.

Thus, we have racetrack gambling in Texas today, not as a result of a mandate of the people, nor as a result of the wishes of a majority of the Representatives of the people in the Legislature, but because of the arbitrary power which lay in the hands of a free conference committee, the Speaker of the House and the Lieutenant Governor.

The people gave to the Legislature a mandate to pass a Pension law in this last session and provide revenue therefor. This matter came before the Legislature at its first and second called sessions. There were those in the Legislature who were in favor of a sales tax as well as those who were opposed to such method of taxation.

You will recall that the omnibus tax bill to support the pension law came from the house of Representatives. This bill, in the main, was sponsored by those who were in favor of the sales tax. The Bill passed the House of Representatives without a sales tax being included therein, the sponsor of such Bill knowing full well that the sales tax would be tacked on when it got to the Senate, thus creating a difference in the two Bills as they might pass their Representative houses.

Such action, in due course, took place in the Senate. The Bill was then referred to the House of Representatives for concurrence which was refused thus sending the Bill to a free conference committee. The sponsors of the omnibus tax bill, being those who were favorable to the sales tax, joined hands with the opponents of the sales tax and instructed the conferees on the part of the House not to bring any Bill back to them which included in it any form of sales tax.

It can be seen that such action created a deadlock in the free conference committee, resulting in no revenue for the payment of the Old Age Pension.

Governor Directs Motion Picture

Gov. James V. Alfred, seated in the office of W. A. Webb, general manager of the Texas Centennial Exposition, which opens in Dallas June 6, is shown above as he directed the first scene of

"The Texas Ranger," Paramount's \$1,000,000 contribution to the Centennial. Alfred, in the background, heard the governor make motion picture history by directing the first scene by phone.

Jayton Leads In Texas Spur Softball League

Manager Bill Alexander's Jayton team copped two games the first of the week to take undisputed first place in the Texas Spur Soft Ball League. In the first game Jayton downed the high flying Dickens team and came back two days later to defeat the Spur Creamery team. Jayton defeated Dickens 10 to 5 and Spur Creamery 9 to 7.

Jayton goes to Girard this afternoon to play their first game of the League season with that team. Girard stands third in the League and Jayton expects to go in full force to hand them a game worth going to see. Girard says they will be out to see that Jayton has their hands full.

The following percentages are up thru Thursday of this week.

Team	W	L	Pct.
Jayton	5	1	.834
Dickens	5	2	.715
Girard	4	2	.667
Spur Creamery	3	3	.500
Kinney	1	4	.200
Bryant-Link Co.	0	6	.000

Ed Fugua Announces For Re-Election

I am coming to the citizens of precinct No. 2, of Kent County and asking that they re-elect me to this important office for another term. The experience I have had as your commissioner thru the trying times we have had to contend with these past three years most certainly better qualifies me for this job than any experience one may have had in any other line of work.

During this time the court has had many vexing problems with which to contend and there are still a few of the many that have come before us to be completed. I have worked hard and tried faithfully to make you a good commissioner and if continued in this office will work just as earnestly as possible for me to work to give you the services you need and have a right to demand.

I will, if nothing happens see you personally before the day of the primary election and any question you may ask me with reference to this work I will gladly answer if its so I can.

I thank you for all past favors and whether I am to continue as your commissioner or not, you will always be neighbors and friends with me.

Very sincerely yours,
EDD FUGUA

Jayton School Has Closing Exercises

On Sunday night the baccalaureate sermon was given by Rev. Van Zandt of the Methodist Church. He gave a very interesting and enlightening talk on the "Voyage of Life." The Speaker pictured the graduating class on that voyage and the possible destinations that might be reached.

Monday was a day of days to all students but seniors as final examinations began and lasted through Tuesday.

Tuesday night the annual senior play was given. "And Billy Disappeared" was good and everyone seemed to enjoy it.

To some of the students probably Wednesday morning was one of the happiest moments of the year. The books for 1935-36 were closed and checked in. Some papers were corrected in the afternoon and too, a number of the students were practicing their part for the "Pageant of the Nations"

Wednesday night, the Commencement exercises were given. Dr. W. A. Jackson from Texas Tech was the speaker. The audience was well pleased with his simple, educational address.

Following is the Program:
Processional — Miss Yarbrough
Invocation — Rev. McPherson
Salutatory — Doris Maye Sewalt
Valedictory — Jo Dell Cade
Address — Dr. W. A. Jackson
Presentation of Class, W. L. Coons
Presenting Diplomats —
—T. E. Harrison
Awarding Scholarships —G. A. Lorey

Benediction — Rev. McPherson
Jo Dell Cade was Valedictorian of the class and Doris Maye Sewalt was Salutatorian. For the highest average among the girls, Jo Dell received a scholarship from any State School in Texas and most of the denominational schools. Clifton Sprouts received the same honor for having the highest average among the boys.

Members of the class were: Jo Dell Cade, Doris Maye Sewalt, Clifton Sprouts, Owen Cox, Barney Faye Sewalt, Mildred Self, Dorothy Pearl Lee, and Loyal Harrison. Before his death, Royal Harrison had a fine average for the years work and his signed diploma was given to his mother.

Thursday was set aside to make final preparations for the "Pageant of the Nations" which was given that night. The largest crowd of the week was present and everyone seemed to enjoy it a great deal.

Friday morning at 9:00 o'clock report cards were given out. At 10:00 o'clock the grade commencement was given. Rev. McPherson of the Jayton Baptist Church gave some valuable information and advice to the class. We had the largest graduating class in years and lets hope that it proves to be the best.

The members of the class were: Mary Lou Matthews, Valedictorian; Jim Claire Davis, Salutatorian; Maxine McCombs, Class Prophet; Jack Coats, Class Poet; Amelia Louise Moreland, Historian; Sam Matthews, Melvin Taylor, Nadine Callicotte, Billy McLaurry, Tom Bill Fowler, Dell Landsdown, Naomi Stanley, Floyd Hall, Florence Lee, Stella Jo Lee, Carmelia Golf, Boulah Belle Gallagher, E. S. Gallagher, Laura Lee Cox.

The first two grades spread lunch on the school ground Friday at noon and then played games for awhile before going home. The next five grades went to Kidd Wells for a picnic. The lunch was fine but the wells were just the same as dry because we couldn't get any water to drink. Naturally our stay was short.

The story was quite different for the high school who went to Rowing Springs. The crowd left here about 4:00 o'clock and got there in time to take a good swim in the sparkling, "cool" water. After the swim, lunch was spread on a large rock and the crowd lined up and passed by to get their share of the "vitals." On the way home, the Spur theatre caught most of the homing wanderers. The close of the day meant the close of a year to most of the participants and to some it was the close of school life forever. Luck to all, members of the graduating class, Juniors, Sophomores, Freshman and all the others, and

Midnight Blaze Hits The Lyles Store

Wednesday night just about eleven o'clock fire was discovered in the ware room section of the Lyles Store in Jayton, the fire alarm turned in and the fire boys and men folks of the town responded in great numbers. By the time the water could be gotten into the building the entire back was in flames. The smoke and heat did not hold the fire fighters back and water in torrents was turned into the building from both front and rear and after some thirty minutes the fire was under control and drowned out completely within 45 minutes.

The Black Motor Company in the adjoining building was quickly cleaned of cars and moveable articles, in case the fire might break thru. The Bank building to the south was kept under close observation but never became in great danger, as the fire never got out of the building in which it started.

The fire of unknown origin, apparently started in or near some stored fire works and their popping and exploding attracted the attention of parties on the streets to the inside blaze.

The building and contents belonged to Mr. Will Lyles of Stamford and we understand was partially covered with insurance, just how much we are unable to learn at this time. The building was one of the largest and best store buildings in the town and was housing several thousands dollars worth of merchandise. The water damage to the stock will be exceptionally heavy, but it could not be helped as flooding the building with water was the only possible way to stop the fire that should it have gotten out of control would have quickly destroyed the entire block of buildings.

More Rain For Jayton Trade Territory

Various parts of the territory in and around Jayton, most of Kent large parts of Stonewall and Dickens counties, were visited this week by heavy rains. The Girard community seems to be specially lined up for small floods and more of them than any other part of this section. The territory immediately surrounding Jayton is also plenty wet. The territory S. W. of Jayton came in this week for two soakings. The Harrison community and the Rackley farms got buried in water on two different afternoons. Heavy showers in Jayton keep the streets several mud holes and frog ponds well filled and the frog concerts go on with out interruption nightly. Several farmers have had to plant now the second and even the third time. Seed is getting scarce and its hoped that the rain will come in more temperate quantities until the crops are up to where they can stand these weekly down-pours.

Weeds and grass are doing fine. The pastures are looking better than in years. Farmers are very busy, either fighting weeds or replanting. None seem discouraged as this part of Texas has always made the best crops when weeds were plentiful as the same conditions which make weeds grow thrifty makes the crops produce abundantly.

The City water is the best we have ever had. The lake has filled to overflowing several times and the lake backed up by the big well eliminates all worry about a shortage of water for all city purposes.

Spur To Feature Big Political Rally

The Spur Chamber of Commerce is sponsoring a big political rally in that city next Thursday. Governor Alfred, Ernest O. Thompson, Chairman of the State Rail Road Commission, State Senator G. H. Nelson and other statesmen of state wide prominence will attend the rally and deliver addresses.

The local Post of the American Legion will serve lunch from 12:00 noon until 1:00 p. m. Barbecued beef from the Spur Experiment Station will be the most served. Ten thousand people are expected to attend the rally to which everyone has a pressing invitation.

may there be peace, prosperity, and happiness in any vocation that you may choose.

Texas Senior Senator

Senator Morris Sheppard's announcement of his candidacy to succeed himself opens the way for another ratification by the State of the services the Senator has so ably performed for it in the 24 years he has been at Washington. It is unfortunate for the hopes of any worthy citizen who might wish to displace Texas' senior Senator, but the fact is that Texas can not afford, particularly at the present time, to discard the great advantages it enjoys from the presence at Washington of this veteran Senator, who knows the ropes, who enjoys the confidence of his fellow lawmakers, and who is well "lined up" with the Administration.

Senator Sheppard has delivered the goods for Texas. The services of his office have always been at the command of Texans, and any citizen of this State may find himself as well supported as any citizen of any other State should his needs or desires lead him to communication or contact with the powers that be in the National Capital. At Washington, Senator Sheppard has known no difference among Texans; he has never forgotten that he is a

Senator from Texas.

At this particular time, the prestige and power that derive from long continuous membership in the Senate are of special value to Texas. Seniority in the upper house of Congress brings assignments to powerful committees where the work of Congress is actually done. Power here brings influence with the executive branch of the Government. Especially is this true when a senior Senator is of the same party as the Administration. In these later days, when more and more hangs on good relations with the executive branch of the Government the value to his State of a Senator who ranks at the top in Senate seniority is almost incalculable. Texas is fortunate in having a Senator who enjoys seniority over all save one of his colleagues and is able to appreciate the value of maintaining this advantage by returning Senator Sheppard.

The Senator promises an active campaign for renomination. Such is hardly necessary politically, but as a tour of visitation and report his campaign will be welcomed by the State. — Star-Telegram

Early in the seventeenth century, a young but sage Jesuite monk made a pertinent observation and wrote: "Drink nothing to the dregs, either of the bad or of the good, for to moderation in everything has one sage reduced all wisdom. Too great justice becomes injustice, and the orange squeezed too hard turns bitter; even enjoyment do not go too far. The spirit itself grows weasy if worked too long, and he draws blood instead of milk who milks too hard."

H. D. Club News

The Harmony 4-H club met in regular meeting May 14 at Mrs. Shipp's home with the agent present.

The arrangement of the dressing center was discussed. Only useful attractive articles should be placed on the dresser. The dresser scarf should not hang over the ends or side of the dresser but should just fit the top or may be smaller with the same amount of wood showing on all sides.

The Durham H. D. Club met at the school house May 13. Miss Grimes was with us and we received many helpful suggestions about curtains for the kitchen windows. Miss Grimes also discussed screen under 16 gauge would not keep out mosquitoes.

The club elected the following new officers, Mrs. J. B. Durham President, Mrs. P. R. Gilbert Vice-president, and Dixie Miller, reporter.

The next meeting will be at the home of Mrs. J. B. Durham.

LARGE DEWBERRIES EXHIBITED

"Dewberries are almost always a sure crop here," Mrs. Tom Bonds of the Bonds Chapel Club, told the home demonstration agent.

Mrs. Bonds has a large area covered with blackberries and dewberries. The dewberry vines have especially large berries this year and the vines are well filled. Berries can be depended upon to furnish a fruit crop in this section almost every year.

Very little, if any, pruning should be given dewberry plants the first year. The second growing season after the berries are picked, cut the plants back to five inches from the ground. The growth that comes from this time until fall produces the berry crop the following spring.

PAINT AND VARNISH REMOVED WITH MINIMUM EFFORT AND COST

"Every trace of old paint or varnish can be removed by using a lye solution, and the wood is left smooth for the next coat of stain," reported Juanita Ybarra, bedroom demonstrator of the Harmony H. D. club.

Juanita's dresser had been finished with dark oak varnish, which had become scuffed with use and she removed the varnish with the following solution: to one gallon of boiling water, add one can of lye. Fill bucket one-half full of the water, then add the lye gradually to prevent boiling over. With an old broom or dish mop apply solution. Remove finish from a small portion at a time and work quickly to keep lye from eating into the wood. Rinse thoroughly with clear cold water, then rinse with vinegar to neutralize the action of the lye. Dry well and smooth down with 00 sandpaper if necessary.

This may be used satisfactorily on floors to remove caramel or varnish.

Was It You?

Someone started the whole day wrong was it you?
Someone robbed the day of its song was it you?
Early this morning someone frowned: Someone sulked until others scowled: And soon harsh words were passed around—was it you?
Someone started the day right—was it you?
Someone made it happy and bright—was it you?
Early this morning, we are told, Someone smiled, and all through the day This smile encouraged young and old—was it you?—Ex.

1927 Bridge Club

Members of the Club met at the home of Mrs. Mayer just east of town last Thursday and spent a delightful afternoon playing bridge. Prizes were awarded Mrs. Thornton for high score, Mrs. Jay for low and Mrs. McLaury the traveling.

A refreshment course of ice cream cake and lemonade was served. Members present were: Mesdames Jay, McLaury, Kelly, Thornton, Bake Robinson, Vencil, North, Charles Robinson, Jr., Daniels, Sand-L and Earnest, Misses Mary Robinson and M. Bess Robinson and hostess.

Mr. and Mrs. Lynn Mayfield of Spur spent Sunday in Jayton with relatives.

Mrs. Chilton Thompson and Mrs. M. E. Lee were shopping in Spur last Saturday.

Miss Mickey Adams of Rotan and Miss Evelyn Strickland of Eastland were guests of Bernice Alexander this week.

HIGHWAY IS NAMED FOR CONFEDERATES

Kyle, Texas, May 22. — The road leading from Austin to Camp Ben McCulloch, United Confederate Veterans camp grounds in Hays county and then to Kyle, has been designated as the "Camp Ben McCulloch Confederate" highway by the state highway department and the Hays and Travis County courts.

Some years ago the highway between Austin and Kyle was designated as the Jefferson Davis highway which gives a Confederate loop from Austin to the camp, thence to Kyle and back to Austin. Camp Ben McCulloch, largest Confederate camp in the South, will hold its 1936 reunion as a Centennial year event the last four days in July.

CRACK MARKSMEN WANTED

Fort Worth, May 13.—Cowboys and cowgirls as well as others who are crack pistol shots, proficient in archery or do spectacular and novel wild west specialties will be given a special audition here every Monday at 1 P. M. in the Coliseum.

They are wanted for parts in the "Texas Frontier," one of the feature shows being arranged by Billy Rose for the Fort Worth Frontier Centennial, which opens July 1.

The audition will be conducted by Rose, who is director general for the Frontier Centennial and his co-directors of the "Texas Frontier," Verne Elliott, Johnstown, Colorado, and Edward Clarke Lilly, New York. Riders and ropers will not be included in this audition as a sufficient number of these have already been engaged.

Auditions for those seeking parts in the Casa, Manana musical review have already been given at Hotel Texas by Rose and John Murray Anderson, general stage director. The cast for "Jumbo," another of the major attractions for Rose's \$5,000,000 amusement center, is being brought to Fort Worth intact from New York.

Visitor: "How is he doctor?"
Doctor: "Poor fellow, he's lying at death's door."

New Rangerette

Here's Shirley Temple, the newest Texas Centennial Exposition Rangerette. Gov. James V. Allred signed her commission as a rangerette and official of the Exposition, a \$25,000,000 World's Fair opening in Dallas June 6, gave her a 10-gallon hat, a pair of chaps and an invitation to attend the opening day ceremonies.

Texas Beauty

This is Georgia Carroll, 17-year-old Dallas high school girl, who won second place in the contest to select the Texas Centennial Exposition's "Blue-bonnet Girl." She will have an important part in the June 6 ceremonies, when President Roosevelt visits Dallas to open the big World's Fair.

Ranger Trophy

This Apache war dance loin cloth, displayed by Rangerette Mabel Hooks, will be part of the historical collection in the Texas Rangers' Headquarters at the Texas Centennial Exposition, \$25,000,000 World's Fair opening in Dallas June 6. The cloth was taken from an Apache war party by Rangers in 1869.

Voice Around the World Will Open World's Fair

DALLAS, Texas—A voice around the world will open the gates of the \$25,000,000 Texas Centennial Exposition here June 6.

Spoken into a microphone before the main entrance, the voice—possibly that of President or Mrs. Roosevelt—will travel over radio waves to New York, England, France, Japan, California and back to Dallas, where it will strike an electrical device inside the grounds and swing the gate open.

The words will require 9 seconds for their trip around the world.

ANSWERING OLD AGE PENSION QUESTIONS

This is the first of a series of questions that the people of Texas are asking. Orville S. Carpenter, state pension director, answers them frankly and to the point.

Q—Why cannot assistance be paid to every person in Texas who is 65 years of age or older?

A—First, because the Texas law says that assistance may be paid only to those "in need;" second, because the Federal Government will not allow us to pay Federal money to people who are not in need.

Q—Will not Federal money mean a lot to Texas?

A—Yes. It will mean that several millions of dollars each year will be given to the aged people of Texas that they would not otherwise get; it will mean that with it a person will be able to receive as much as \$30 a month, and without it no one could get more than \$15 per month.

Q—What does the Federal law say about "need?"

A—It says that the Federal appropriation is made for the purpose of enabling states to assist "aged needy individuals." (Sec. 1.)

Q. Was this "aged needy individuals" question checked?

A—The Social Security Board stated that this was the correct interpretation of the law.

Q—How does the Texas definition of "needy" compare with that of other states?

A—Texas has the most liberal definition of "aged needy individuals" in the United States. The Texas law is much more liberal on this point than that of any other state in the Union.

This is the second of a series of questions that the people of Texas are asking. Orville S. Carpenter, state pension director, answers them frankly and to the point.

Q. How many people are there in Texas past the age of 65 years?

A. Over 300,000.

Q. Definitely, if Texas gave each one of these \$30 a month, would the Federal Government pay half of it?

A. No. Q. If each of the 300,000 received assistance, where would the money come from to pay the bill.

A. It could come only from the taxpayers of Texas.

Q. Could we pay everyone past 65 years of age \$30 per month if we desired and were willing to do so without the millions that the Federal Government will contribute?

A. No, we could not because the Old Age Assistance Amendment to the Texas Constitution provides for payments not to exceed \$15 per month per person.

Q. Then \$15 per month would be all that we could pay if we gave everyone past 65 years of age assistance without the help of the Federal Government?

A. Yes.

RABIES CONTROL RULES ARE GIVEN

Austin, May 6.—Rabies is increasing in prevalence in many parts of Texas, although it may be controlled and even could be exterminated by intelligent measures, according to records of the State Health Department. Unfortunately it has been the practice to wait to apply control measures until the disease is wide spread.

The dog is the chief source of rabies infection in man, but all warm blooded animals are susceptible. Contrary to a wide spread belief, rabies is not a warm weather disease. It occurs just as frequently in the cold months. The most logical procedure in the control of rabies would be to vaccinate all dogs. Where this is impossible the stray dog should immediately be impounded, for the stray dog is chiefly responsible for the spread of rabies.

When the rabies virus is put into the body by a biting dog the virus travels slowly from the wound along the nerves until it reaches the brain and spinal cord. Thus if the bite is on the face the virus does not have far to travel to reach the brain. Consequently bites on the face are the most dangerous and immunization must be started at once.

It is possible to control rabies, but owing to the large territory included in Texas, it will take extra effort on the part of public health workers and the cooperation of the people of each town and county to carry on an educational program for this control.

NEW FRIGIDAIRE
WITH THE "METER-MISER"

MEETS ALL 5 STANDARDS FOR REFRIGERATOR BUYING

1. LOWER OPERATING COST
2. SAFER FOOD PROTECTION
3. FASTER FREEZING — MORE ICE
4. MORE USABILITY
5. FIVE-YEAR PROTECTION PLAN

MEET THE "Meter-Miser"
Quiet · Unseen · Trouble-free
IT CUTS CURRENT COST

The new Frigidaire's spectacular cold-making unit gives more cold for less cost, because of outstanding design with only three moving parts! Permanently oiled, precision built, completely sealed against moisture and dirt.

A MODEL FOR EVERY SIZE HOME

Frigidaire is a most complete line of modern electric refrigerators. There is a model and size to suit the needs of every home from the smallest to the largest. Every one of the beautiful new Frigidaires meets the Five Standards that you will want in your refrigerator. Come in and see the proof demonstrations and let it reveal to you Frigidaire's usability. It has much more shelf space in front, Full Width Sliding Shelves, Portable Utility Shelf, Double Range Cold Control and scores of work-saving advantages. Come in and see how much you will get for your money — how easy it is to own a genuine Frigidaire.

ASSURANCE OF SAFE FOOD PRESERVATION

Government Bulletins and health authorities agree that perishable foods must be kept below 50 degrees and above 32 degrees. Meats, milk and other costly foods keep only a short time unless chilled below 50 degrees. Frigidaire is equipped with a remarkable cold making mechanism — the Meter-Miser. Safety Zone temperatures are automatically maintained, even in hot Spring and Summer weather of 110 degrees and over. This is your assurance that Frigidaire will safely protect your food — and the health of your family.

On Guard!

Frigidaire builds this Food-Safety Indicator right into the cabinet—visible proof that foods are kept at Safety-Zone Temperature, below 50 degrees and above 32 degrees.

ELECTION NOTICE

STATE OF TEXAS: COUNTY OF KENT: TO THE RESIDENT, QUALIFIED VOTERS OF ROAD DISTRICT NO. 2 OF KENT COUNTY, TEXAS: TAKE NOTICE that an election will be held in Road District No. 2 of Kent County, Texas, on the 13 day of June, 1936, on the proposition of issuing the bonds of said Road District in the amount of Ten Thousand (\$10,000.00) Dollars, pursuant to an election order passed by the Commissioners' Court on the 11 day of May, 1936, as follows, to-wit: AN ORDER CALLING AN ELECTION ON THE PROPOSITION OF ISSUING \$10,

000.00 OF ROAD BONDS OF KENT COUNTY, TEXAS, ROAD DISTRICT NO. 2. WHEREAS, there has been presented to this Court the petition of H. D. Black and 57 other persons, representing themselves to be resident, qualified electors of Road District No. 2 of Kent County, Texas, who own taxable property in said District and who have duly rendered the same for taxation, praying that this Court order an election in Road District No. 2 of Kent County, Texas, to determine: "Whether or not the bonds of said road district shall be issued in the amount of Ten Thousand (\$10,000.00) Dollars, bearing interest at the rate of not to exceed five (5) per cent per annum, payable semi-annually, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed ten (10) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Road District No. 2; and whether or not taxes shall be levied on all taxable property in Road District No. 2 sufficient to pay the interest on said bonds and to provide a sinking fund sufficient to redeem said bonds at their maturity." Which said petition was heretofore filed in this Court; and

WHEREAS, heretofore on the 16 day of April, 1936, the Commissioners' Court passed on an order fixing a time and place for hearing on said petition and directed the County Clerk to issue a notice of such time and place of hearing to inform all persons concerned of their right to appear at such hearing and to contend for or protest against the ordering of such election; and

WHEREAS, the County Clerk has heretofore duly executed said notice by posting true copies of said order of hearing in three public places within said Road District and another copy thereof at the Courthouse door of said County for ten days prior to the date fixed for the hearing, and said notice has also been published in a newspaper of general circulation published in said Road District No. 2 of said Kent County, namely, The Jayton Chronicle, one time, on the 24 day of April, 1936, which was at least five days prior to the date fixed for said hearing; and

WHEREAS, this Court having met at the time and place set for the hearing of said petition, proceeded to hear such petition and all matters in respect to the proposed bond election, and it is found by the Court that the said petition signed by more than fifty legally qualified electors who own taxable property in Road District No. 2 of Kent County, Texas, and who have duly rendered the same for taxation, and that the notice required by law to be given of said hearing has been given; and

WHEREAS, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in such Road District, and that it is desirable and necessary to issue the bonds of such Road District in the amount of Eight Thousand (\$8,000.00) Dollars to construct said improvements, and that said election should be ordered; and

The said election shall be held under the provisions of Chapter 3, Title 22 of the Revised Civil Statutes of Texas of 1925, as amended, including the provisions of Chapter 16, Acts of the First Called Session of the Thirty-Ninth Legislature.

All persons who are legally qualified electors of this State and of this County who own taxable property in the District and who have duly rendered the same for taxation, shall be qualified to vote, and all such electors shall vote in the election precinct of their residence, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words: "FOR THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

And those opposed shall have written or printed on their ballots the words: "AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

The polling place of said election shall be at Justice of the Peace office in the town of Jayton, Texas, within said District, and the following named persons are hereby appointed managers thereof, to-wit: J. H. Deaver, Presiding Judge. N. E. Porter, Judge. Miss Mary Robinson, Clerk. Mrs. N. E. Porter, clerk.

The manner of holding said election shall be governed by the General Laws of this State regulating general election when not in conflict with the provisions of Chapter 16, Acts of the First Called Session of the Thirty-Ninth Legislature, hereinabove cited.

Notice of said election shall be given by publication of a copy of this order in a newspaper published in Road District No. 2 of Kent County, Texas, for three consecutive weeks before the date of said election. And in addition thereto, there shall be posted copies of this order at three public places in said district, one at the courthouse door of the County for three consecutive weeks prior to said election.

The County Clerk is hereby ordered and directed to post said notices and to cause same to be published as hereinabove directed. Further orders by this Court are reserved until the returns of said election, executed by the duly authorized election officers, are received by this Court.

PASSED AND APPROVED this 11 day of May, 1936.

ELECTION NOTICE

STATE OF TEXAS: COUNTY OF KENT: TO THE RESIDENT, QUALIFIED VOTERS OF ROAD DISTRICT NO. 7 OF KENT COUNTY, TEXAS: TAKE NOTICE that an election will be held in Road District No. 7 of Kent County, Texas, on the 13 day of June, 1936, on the proposition of issuing the bonds of said Road District in the amount of Eight Thousand (\$8,000.00) Dollars, pursuant to an election order passed by the Commissioners' Court on the 11 day of May, 1936, as follows, to-wit: AN ORDER CALLING AN ELECTION ON THE PROPOSITION OF ISSUING \$8,000.00 OF ROAD BONDS OF KENT COUNTY, TEXAS, ROAD DISTRICT NO. 7.

WHEREAS, there has been presented to this Court the petition of Paul S. Rogers and 51 other persons, representing themselves to be resident, qualified electors of Road District No. 7 of Kent County, Texas, who own taxable property in said District and who have duly rendered the same for taxation, praying that this Court order an election in Road District No. 7 of Kent County, Texas, to determine: "Whether or not the bonds of said road district shall be issued in the amount of Eight Thousand (\$8,000.00) Dollars, bearing interest at the

rate of not to exceed five (5) per cent per annum, payable semi-annually, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed ten (10) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Road District No. 7; and whether or not taxes shall be levied on all taxable property in Road District No. 7 sufficient to pay the interest on said bonds and to provide a sinking fund sufficient to redeem said bonds at their maturity." which said petition was heretofore filed in this Court; and

WHEREAS, heretofore on the 16 day of April, 1936, the Commissioners' Court passed on an order fixing a time and place for hearing on said petition and directed the County Clerk to issue a notice of such time and place of hearing to inform all persons concerned of their right to appear at such hearing and to contend for or protest against the ordering of such election; and

WHEREAS, the County Clerk has heretofore duly executed said notice by posting true copies of said order of hearing in three public places within said Road District and another copy thereof at the Courthouse door of said County for ten days prior to the date fixed for the hearing, and said notice has also been published in a newspaper of general circulation published in said Kent County, namely, The Jayton Chronicle, one time, on the 24 day of April, 1936, which was at least five days prior to the date fixed for said hearing; and

WHEREAS, this Court having met at the time and place set for the hearing of said petition, proceeded to hear such petition and all matters in respect to the proposed bond election, and it is found by the Court that the said petition signed by more than fifty legally qualified electors who own taxable property in Road District No. 7 of Kent County, Texas, and who have duly rendered the same for taxation, and that the notice required by law to be given of said hearing has been given; and

WHEREAS, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in such Road District, and that it is desirable and necessary to issue the bonds of such Road District in the amount of Eight Thousand (\$8,000.00) Dollars to construct said improvements, and that said election should be ordered; and

Food Stores Works for The Farmers

Perhaps you have heard of the annual California Peach Sale, which recently inaugurated in a drive extending throughout the country. And the drive is an interesting story of what progressive sales efforts can do for the farmer.

California has been facing a serious peach problem. Of the 1935 pack, almost 3,000,000 cases were unsold at the end of the first quarter of 1936. California peach growers' associations formed a stabilization committee to create new markets for the crop and at the same time to maintain fair prices. The sale was the result of this committee's work.

It is essential that tremendous

retail outlets cooperate with the growers if the sale were to be a success. Heads of leading chain grocery systems were consulted, because of the chain's remarkable facilities for handling in mass distribution and their extremely fast merchandise turnover. The chains responded whole-heartedly, and a late report showed that more than 40 companies with 33,000 stores in every state and the District of Columbia were ready to cooperate—and other companies were expected to follow suit.

The announced plan was for the chains to advertise peaches, display peaches—and sell peaches as they were never sold before! This has been done, on a more limited scale, with other farm products, with splendid results.

It isn't yet known whether the

sale will solve the peach grower's crop surplus problems entirely—but at least will be a long step toward it.

Big food distributors, both chain and independent, are a mighty ally for agriculture in its fight to widen markets and stabilize prices at profitable levels.

Girard News Letter

Dear Mr. Editor:

It has been quite a while since we have sent you anything about Girard. Well, we have been so busy since the good rains and the winding up of our school term that we just have not had time to think about our home paper nor talk about our neighbors.

Our school was the best we have ever had. Everybody satisfied and our same teachers will return for another term. All have gone or will go within the next few days to better prepare themselves to put over a bigger and better school than ever.

Crops are fine except some that are being planted over but with the good weather the farmers will soon be through planting.

We are looking forward for more fried chickens this summer than ever before. Every body has lots of baby chicks and still buying more and setting hens.

Girard seems to be improving fast in a business way. We have two ice houses with fresh delivery to farmers throughout the trade territory.

The local produce house has sold more baby chicks and field seed than ever before in the history of Girard.

Rev. Walker of New Mexico and his singer preached at the Baptist Church Sunday and Sunday night. Sunday school and young peoples meetings was fine Sunday.

Mrs. Howard Darden and her two daughters are visiting Mr. and Mrs. M. A. Darden this week.

G. Simmons visited his son at Plainview last week but has returned, reporting a good time.

Johnie is holding a meeting in the Huls building at this writing.

The merchants report the best business in years.

Rev. Bristo filled his appointment at North Roby Sunday.

Rev. Young and wife are visiting their son D. J. Young while Mrs. D. J. Young is away.

Mrs. Bristo and baby are visiting Rev. and Mrs. H. C. Bristo.

Dad Williams is visiting his son at Dickens this week.

Mr. and Mrs. Emmitt Rainey and children and Mr. and Mrs. Mabry McAteer are spending their vacation down on the coast fishing.

There has been some fine wolf chases this week reports the hunters.

PARK ON ISLAND

Plans are being made for the development of Padre Island, off the coast of Texas, as a park which would be one of the most unusual parks in the world. The island stretches along the Texas coast from a point near the mouth of the Rio Grande. Feature attractions would be scenic highway which would permit motorists to drive the length of the island only a few yards from the gulf surf. The island is well known for its deep sea and bay fishing.
