## This Week in Jayton

How do you like that? Off just one week, and Melba and Lynn show and put out one of the best we've had in weeks. I thought I was a big deal around this place, and do better when I'm gone than when I'm here. Oh...

In the ten days that I've been here, I saw some very interesting places, and had some interesting experiences. This trip will give you the highlights and then later I will go into detail about some of the things, like my stroll along the highway, a tour of the UN, and the Capitol.

I boarded a jet at Lubbock for Dallas and had a nice air enroute with a banker from Lubbock going to a seminar in Houston.

At Dallas I caught a plane for Little Rock. My fellow passenger on this flight was a sporting clothing salesman who was a brother-in-law of Leo Cossett, head of the FBI Criminal Investigation Division in Austin, who visited Little Rock a few months ago. Little Rock I spent that night with my daughter and family.

Friday I boarded another plane for New York, dipping in for a stopover in Memphis. While we were flying to New York, the big flurry was going on about the plane that was skyjacked and flown to Cuba.

My next seat neighbor on this flight was a professor of economics at the University of Syracuse in New York. He was a native of Florida. He had a very pleasant ride and visit. Peculiarly enough, the last two passengers mentioned here, sat silently on the plane, reading, until they were served cocktails and then immediately turned and started conversations with me. I had realized they would have quick results on conversations.

In New York I caught a cab to downtown Manhattan, Second Avenue and 42nd Street, at the International House of UPI where my son Charles works. I visited with him, and a staff member who recently worked in Lubbock. After I left and went down on the street for a while, this young man said "Charles 'Gee, your dad sure has that West Texas accent. It's sure good to hear someone talk like that again."

Saturday we went to Philadelphia, the so called "Friendly City." The first thing you do is pay a 50¢ toll across the Delaware River to Philly.

Sunday we went to church in Wilmington, Del. See THIS WEEK page 4

## Jaybirds Win Over Sands Friday 33-6

The Jayton Jaybirds spoiled Sands Mustangs Homecoming 33-6 Saturday night in a game that saw the officials make nearly as much yardage as the two teams.

There were 316 yards of penalties between the teams, 215 of that was Jaytons. Jayton had 338 yards rushing and held Sands to 29.

Jayton's first tally of the night came with only 31 seconds left in the first period. Tailback Martin Garcia crashed over from the three yard line to put the Jaybirds ahead to stay. The extra point try failed.

Jayton drew blood again with 3:10 left in the half as Garcia again rolled around end and rumbled 32 yards to paydirt. Kim Nichols kicked was true and Jayton carried a 13-0 lead to the dressing room.

In the third quarter Sands had the ball on their own 20 and attempted a pass. Jaybird Kim Nichols picked it off and sailed 22 yards to the end zone, but a clipping penalty nullified the return. The Jaybirds got the ball first and ten on the Mustang 21. Seven plays later with one first down and two offside

penalties, Jayton had a third and 18 at the 18. Quarterback Harold Judy dropped back and spotted Rickey Hall in the open and nailed him for the Jaybirds third six-pointer. Nichols split the uprights and it was 20-0.

Jayton kicked off and held Sands one play before forcing a fumble which Jim Phillips came up with on the Sands 32. On the next play Garcia rumbled to the three. Then he hit again to the one. With 4:55 in the third period, Garcia busted the line into the promised land and added six more points. Nichols

again did his thing and Jayton led 27-0, and the kids keeping the scoreboard climbed down and went home.

Nichols kickoff sailed to Sands back at the 12 and the Mustangs stampeded 88 yards on the return to the double stripe. But one Sands player got caught clipping and the score was nullified and the line of scrimmage was set at the Sands 19. Two plays later Judy intercepted another Mustang and carried it back to the Sands 6.

On the next play John Charles Davis took the Hand-

off and stepped off the six final yards to the end zone. The kick for extras missed and Jayton finished their scoring with 33 points.

The Mustangs only tally came in the final minutes and a half of the game on a six yard pass. The try for extras failed and the scoring was over, 33-6.

### Game Statistics

Jayton	Sands
10 1st downs	6
338 Rushing ydg.	29
39 Passing ydg.	170
23-215 Penalties	8-101
3-40 Punts-avg.	7-28

## Details Are Given On 1970 Cotton Program

The U. S. Department of Agriculture, on October 31, 1969, announced 1970-crop upland cotton price support loan and payment rates.

The National average price-support loan rates for Middling 1-inch cotton at average location has been set at 20.25 cents per pound for the 1970 crop. Price-support loans available to program cooperators for different individual qualities will be based on the Middling 1-inch rate. This is the same rate as that applicable to the 1969 crop.

The price-support payment rate to program cooperators has been established at 16.80 cents per pound. This payment is in addition to the price-support loan. It is the amount necessary in addition to the loan to provide producers at least 65 percent of parity on cotton produced within the acreage permitted under the program. The payment is made to cooperators on acreage planted within the domestic allotment which is 65 percent of the total farm allotment. The 1970 rate compares to the 1969 program price-support rate of 14.73 cents per pound.

is expected to fall to the lowest level since 1953. In view of the small carry-over, payments will not be offered in 1970 for diverting acreage for cotton. Special provisions for small farmers, however, will be continued.

Small farms, that is farms with allotment of 10 acres or less or with projected production from the allotment of 3,600 pounds or less, may plant the entire farm allotment and, in addition to the price-support payment on the domestic allotment, receive payment of 11.95 cents per pound on the projected yield of 35 percent of the farm allotment.

Payments under the program would be subject to any limitation that might be required by Congress in the Department of Agriculture appropriations. The Kent County ASCS Office is currently working on the 1970 allotments and yields. It is expected these will be in the mail prior to December 1, 1970. It is expected that farm allotments will be increased approximately 6% due to the announced increase in the National and State allotment.

Today's announcement, along with previous determinations, gives cotton producers basic information on next year's program prior to a mail referendum, December 1-5, on 1970-crop cotton marketing quotas. In the referendum, at least two-thirds of the upland cotton growers voting must approve marketing quotas before the essential features of the program can go into effect. If more than one-third of the growers vote "no", the only cotton program will be price support at 50 percent of parity for growers who do not exceed their acreage allotment.

The 1970 loan rate was established under legal provisions calling for a level which will reflect--for Middling 1-inch upland cotton at average location in the United States--not in excess of 90 percent of the estimated average world price for the 1970-71 marketing year. The loan rate announced October 31 will continue "one-price" cotton making it possible for U. S. cotton to move in either domestic or export channels without an export payments. The carryover of upland cotton as of August 1, 1970,

is expected to fall to the lowest level since 1953. In view of the small carry-over, payments will not be offered in 1970 for diverting acreage for cotton. Special provisions for small farmers, however, will be continued.

Small farms, that is farms with allotment of 10 acres or less or with projected production from the allotment of 3,600 pounds or less, may plant the entire farm allotment and, in addition to the price-support payment on the domestic allotment, receive payment of 11.95 cents per pound on the projected yield of 35 percent of the farm allotment.

Payments under the program would be subject to any limitation that might be required by Congress in the Department of Agriculture appropriations. The Kent County ASCS Office is currently working on the 1970 allotments and yields. It is expected these will be in the mail prior to December 1, 1970. It is expected that farm allotments will be increased approximately 6% due to the announced increase in the National and State allotment.

## Commissioners Court Has Busy Day Here Monday

The Kent County Commissioners Court had a busy day Monday. They discussed the matter of reprinting, but, according to County Judge Bob Gallagher, they have run into a snag. He says that voting precincts can be changed only in July and August, and this has to be done the same time as the Commissioners precincts are changed. So, he thinks this matter will of necessity have to be postponed until next July.

A presentation was made to the court, proposing to get a buyer, to buy the show barn and county installations at Clairemont and build a new

one in Jayton. No action was taken on this matter.

The matter of the new liability law was discussed. Dickerson moved, seconded by Byrd to purchase from the Thos. Fowler Agency Comprehensive General Liability Insurance the annual premium being \$1,795.00 and also Comprehensive Automobile Liability Insurance with the annual premium being \$1,555.00. This to be effective next Jan. 1, under the Texas Torts Claim Act. All members of the court voted favoring this.

They also voted to pay the current bills.

## The Methodist WSCS Will Have Supper

The women of the Methodist Church will have their annual Thanksgiving dinner Thursday, November 20th, starting at 6:00 p.m.

The price will be \$1.50 for adults and \$1.00 for children. There will be a carry out service starting at 5:30 p.m. If you cannot come to eat in the Fellowship Hall then bring containers for your food. There will not be a delivery service this year, except to the Shut-ins.

Everyone is invited to attend.

## Calendar of School Events

Listed below is the Jayton school calendar for the week of Nov. 17 to 22:

Monday, 17th, Junior High at Fluvanna tourney at 7 p.m. Football booster meeting at 7:30 p.m.

Tuesday, 18th, Girls Basketball at Aspermont at 6:30.

Thursday, 20th, Junior High at Fluvanna tourney.

Friday, 21st, football game at Wilson at 7:30.

Saturday, 22nd, Junior High at Fluvanna tourney.

## School Board Meeting Held Thursday Night

The Jayton School Board was to have a meeting last night, in the Board room at the high school.

On the agenda, they were to have reviewed the annual audit of the books and accounts.

Also they were to have discussed the new school liability law.

## WTU Has New Home Economist On Their Staff

The services of a trained home economist are now available to customers, schools, church organizations and civic groups in the field of homemaking by West Utilities Company's home economist, Mary Williams of Stamford.

Miss Williams began her duties November 1 when she was transferred from Abilene to WTU's Stamford District Office. She has been working in the Company's Homemaking Training Program in Abilene for the past two months.

Miss Williams is a 1965 graduate of Sherman High School, and received a Bachelor of Science degree in Home Economics from Abilene Christian College in May, 1969.

Now available to customers are special instructions on the care and operation of home appliances, demonstrations to homemaking classes in the public schools, home demonstrations clubs, Parent-

Teacher Associations and other women's civic organizations. Also available are special cooking schools and demonstrations on the preparation of foods for freezing. Groups desiring programs or demonstrations in the various fields of homemaking should contact J. L. Foster at WYU's local office in Jayton.

## A Memorial Service Is Held Here

A memorial flag-raising service was conducted on Tuesday November 11 at the Jayton School by members of the Jayton Lions Club. Cooperating with the Jayton School, the school band played the National Anthem as Lions Club members Carroll Johnson and Lanier Foster raised the flag to half mast. The invocation was given by Lion Tommy Ewing, pastor of the Methodist Church, and Lion Foster led in the pledge of allegiance. Lion Bob Gallagher, County Judge of

Kent County, delivered a brief address honoring the veterans of the past and present. Lion Johnson gave the benediction. Lions Club President Mark A. Geeslin was master of ceremonies for the program.

One of the easiest ways to get into trouble is to be right at the wrong time.

Living in the past had at least one good point. It was a whole lot cheaper.

## Know Your Faculty

By The Jayton High School Journalism Class

"Some of my happiest days have been here at Jayton, and I think Jayton has one of the finest groups of high schoolers I've ever had contact with", stated Mrs. Katherine Owen, Jayton's Homemaking Teacher, who is a 1967 Texas Tech Graduate.

Versatility seems to be the key note to Mrs. Owens experience. During her high school days, she was an officer in the F. H. A., and she was also a member of the A'Capella Choir. She helped pay part of her college expenses by being a Wing Advisor for a Texas Tech Dormitory and by working for the Home and Family Life Department of Texas Tech. She holds a Beauticians License, and at one time she was a Claims Secretary for an insurance agency in Lubbock. She held the position of Kent County Home Demonstration

Agent for some time, but when the opportunity arose, she became J. H. S.'s Home-making Teacher.

Making their home in Jayton since 1967, Katherine and her husband, Mike, who operates the Spot Grocery, are proud of their children, Beth, five, and Debbie, three.

Mrs. Owen lists as her hobbies swimming, sewing, and being with her children.

## N.T. Garnett Funeral Held In Tucumcari

Funeral services for Newell T. Garnett, 72, were held Sunday, November 2, at 2:30 p.m. in the Tucumcari First Baptist Church, with the Rev. John H. Johns, pastor, officiating.

He died suddenly at his home near Quay, New Mexico, October 31st, after being ill several weeks.

He was born in Young County, Texas, September 30, 1897. He came to Kent County with his parents when a small boy and lived in Jayton until the early thirties when he moved to New Mexico. He was a stock-farmer and member of the Baptist Church.

Survivors include his wife, Adah; one brother, Frank, of Ft. Sumner; three sisters, Mrs. Hettie Morgan, Quay; Mrs. Florence English, Datil, New Mexico; and Mrs. Rosa Coombs, Pampa. Also a number of nephews and neices.

Burial was in Quay Cemetery under the direction of Dunn Funeral Home of Tucumcari.

## Lubbock Man Is Killed Near Jayton

— A 36-year-old Lubbock man was killed in a one-car crash 3.2 miles north of Jayton at approximately 4 a.m. Saturday.

William Ewell Henry was killed when the car he was driving left Texas Hwy. 70, struck a concrete culvert and turned over "at least twice," according to DPS patrolman Bobby Stone of Aspermont who investigated the accident.

A passenger in his vehicle, Nicolas Alcorda, 27, of Grand Prairie, was taken to Hamlin Hospital, where he was reported in fair condition, suffering from internal injuries.

Stone said the car was a total loss. He was assisted in the investigation by B. J. Stanley, sheriff of Kent County.

Henry was taken to a local hospital by Littlepage ambulance in Aspermont.

Arrangements are pending with Sanders Funeral Home in Lubbock.

Born Aug. 16, 1933, in Lake View, he was a construction worker, and had lived in Lubbock since 1956, having previously served in the U.S. Navy.

Survivors include his mother, Mrs. Annie Henry of Lubbock; two daughters, Debbie and Clara, both of Lubbock; one son, Gary of Lubbock; one sister, Mrs. Willis Clark of Lubbock.

## Annual Crop Survey To Be Held Here

The annual survey, the basis for the official crop production estimates for Texas and each of its counties, will soon be underway.

County Agent, Neeslin explains that this is an important survey since the information gathered is used for many purposes. Certain farmers and ranchers in Kent County will be among the 35,000 in Texas receiving a questionnaire, he adds.

Those who receive the questionnaire are urged to complete it as soon as possible and return it to the Texas Crop and Livestock Reporting Service, Box 70, Austin, Texas 78767. Accuracy in completing the questionnaire is stressed.

The survey is a joint responsibility of the Texas De-

partment of Agriculture and the U. S. Department of Agriculture's Statistical Reporting Service. Cary D. Palmer is the state statistician and his office will be mailing the questionnaires.

The county agent noted that county data bulletins for 1968 are now available from state statistician or from the Texas Department of Agriculture.

## Girard POT SHOTS

Mr. and Mrs. Alton Clark visited their son and family the Shorty Clarks in Lubbock on Wednesday and Thursday of last week.

Don Fincher is quite ill in the Rotan hospital after undergoing surgery for ulcers last week.

Mrs. C. D. Ratliff is now the Avon lady of this community and when the door bell rings it may be "Avon Calling".

We gotta' notion that Vice President Agnew is telling the people just like it is with reference to these marching protesters and the great majority of the American people will back him up 100 per cent.

We need a lot of Judges in our Courts like the Chicago Judge who had the black Panther bound and gagged after a continual interruption of court proceedings.

Folks in this neck of the woodsure enjoyed a few days of sun shine last week. What a switch?

A candidate for County Commissioner has already announced, so we may see a lot of county politics before the election next May.

The George Dardens visited Don Fincher in the Rotan hospital last Friday.

Thanks to Mrs. Lois Simpson and Mrs. Raymond

Hooper for a years subscription to the Jayton Chronicle.

Mrs. Maude Peak, mother of Bill Peak of this city was taken to the Aspermont hospital a week ago and reported as improved.

Mr. and Mrs. Buster Chisum were guests of the Raymond Hoopers last Friday night and a domino session.

About a couple of weeks ago in this column we stated that the Kent County Grand Parents Club would meet the 13th, this Thursday night at Alma Lees Restaurant in Dickens. That appointment has been canceled and we will meet at Fraziers Cafe in Aspermont. So all of you baby sitting Grandparents put on your high heels and bow ties and lets have a big Thanksgiving supper. Thursday night of this week, remember.

Clifford and Mrs. Ola Boone and Mrs. Lois Simpson were in Jayton last Saturday on business.

Buck Thompson and George Dardon were on hand for the cattle Auction in Haskell last Saturday. If you were selling the cattle to cheap, and buying them to high, thats American people for you.

Mrs. Jake Simmons spent last weekend in Lubbock with her husband who is employed in construction work in that city.

Mr. and Mrs. Elvis Spradling and children from Ropesville, the Ben Spradlings from Spur and the Rance Gregorys from Girard were visiting their mother, Mrs. Glenn Spradling last weekend. The men folks also did some Quail hunting.

Mrs. Florence Porter, wife of a former Pastor of the Girard Baptist Church died in Lubbock last Friday. She was 78. Funeral services were held in Wellington, their former home.

Mr. and Mrs. W. H. Pickfon from Hamlin visited the George Dardens last Sunday afternoon.

Mrs. Raymond Hooper and Mrs. George Willis had business and visited friends in Aspermont one day last week.

Visiting last week in the George Willis home were Mr. and Mrs. Keith Smith, and Mr. and Mrs. Bill Harris.

Mr. and Mrs. Neel Lee visited her sister and family last week in Muskogee, Oklahoma.

Ralph Griffin from Lubbock visited his Grandmother Mrs. Fred McGaha last Sunday morning. And Mrs. McGaha spent several days last week with children in Aspermont and Abilene.

The Hugh Turners and the Buck Thompsons had dinner in Dickens last Friday night.

Rev. and Mrs. Victor Crabtree were luncheon guests in the home of Mrs. Ruth Spradling last Sunday.

Until next week thats it folks.

After a person collects four traffic tickets they may then get a bicycle.

A bachelor is a fellow who didn't embrace his numerous opportunities.

Definition of a donosaur is a lizard built the way the government would do it.

Sign in a beauty shop: We can give you a new look, providing you still have the old parts.

Husbands no longer fear the Wolf at the door. Now it's the mink in the window.

## Attend The Church of Your Choice

### It's easy-when you know the answers

All of life is not far removed from the classroom. There are truths to be learned every day. And there are questions to be answered.

But some people don't have the answer when they need it. And some people do . . .

Any teacher will tell you it's a question of preparation. And any preacher will tell you the same.

The people who go to church on Sunday have no more problems than those who stay home. Nor do they expect as a result to have any fewer.

They believe simply in preparation—preparation of the mind, conscience, heart and soul . . . faith.

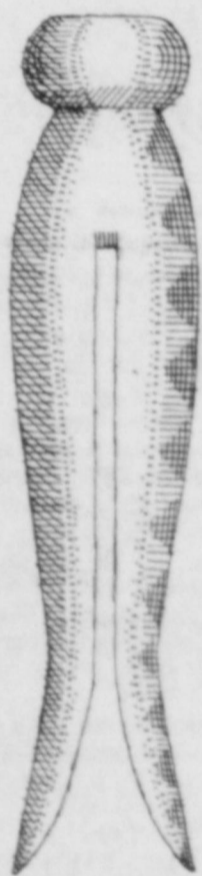

This is the preparation God offers men . . . for the questions that will confront us all tomorrow!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH  
The Church is the greatest force on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, modern democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Impala's hidden persuaders:

- ① **350-cu.-in. engine**  
A new more powerful standard 250-hp V8 makes the 1970 Impala move with all the more assurance. On good ol' regular gas.
- ② **Anti-theft column lock**  
A locking system is built right into the steering column. When you take your key with you, you lock not only your ignition but your steering wheel as well.
- ③ **Aluminized exhaust system**  
It simply means that your original muffler, tailpipe and exhaust are going to last longer than you'd probably expect them to. Fair enough?
- ④ **Side guard beams**  
They look like highway guard rails, and they're built into both sides of the car for extra protection in case of impact. Not too many cars have them.
- ⑤ **Inner fenders**  
Up inside every fender is another fender to protect against slush and mud and help keep your Impala looking young.
- ⑥ **Flush and dry**  
We build the car so that rain and wash water can run down through the inside of the rocker panels, then out. Air follows to do the drying.
- ⑦ **Full Coil suspension**  
Huge coil springs at all four wheels are four big reasons why a Chevrolet Impala rides smoother and quieter than a low-priced car has any right to.

### Remember When? - - -

REMEMBER—BACK IN 1939 Mr. and Mrs. Thos. P. Fowler of Jayton announces the marriage of their daughter, Miss Peggy Louise to J. A. Marsh, Jr., son of Mr. and Mrs. J. A. Marsh of Spur, Texas. The ceremony was performed by the Rev. Joiner, Pastor of the First Baptist Church of Spur at the parsonage in the presence of Miss Jo Dell Cade of Jayton and Ben Dickerson, Saturday night, December 31, 1938.

The folks who laughed at us for advertising for a good rain in last week's Jayton Chronicle and Aspermont Star are laughing with us this week over the remarkable rain received and we are

happy to know it is one time we can all laugh together--- "It pays to Advertise."

The Third Grade has elected new health officers for a term of three weeks. The officers are: President-Lucille Robinson; Vice-President-Don Jones; 1st Secretary-Don Patton; 2nd Secretary-Bobby Nell Fuller.

Our Paracide Ointment is guaranteed to relieve itching associated with all forms of itch, eczema, ring-worms and other itching skin irritations or money back. Large jar only 60 cents at HULLS DRUG STORE.

After farming with mu-

les for power for more than one half century, Mr. J. H. Montgomery has sold his teams and bought a complete tractor farming outfit. One reason, and the main reason for doing this, according to Mr. Montgomery, is the fact that he is not as young as he used to be and mules are mules, and if well fed and treated, are liable to take foolish notions and run and play right when they should not, and even if they are hitched to a two row cultivator or lister. A tractor will stand hitched and any healthy boy from 12 to 15 years old can operate one after a few hours instruction with perfect safety.

The Sams Souci Club named Mrs. Mack Woodrum honor guest at a luncheon in

the ranch home of Mrs. George Branch on Wednesday of this week. Miniature moving vans done by Mrs. Eldon Wade, marked places for club members at the linen covered table centered with a crystal bowl of fruit, flanked by blue tapers in crystal holders. At the close of the afternoon's bridge games, Mrs. Woodrum was awarded a gift from the club for scoring a perfect hit with members. Those present were Mrs. George Branch, Mrs. Bill Cathey, Mrs. Tom Jones, Mrs. Tom Johnston, Mrs. Bake Robinson, Mrs. Bill Vencil, Mrs. Eldon Wade, and the honor guest Mrs. Mack Woodrum who is moving to Spur this week.

A sign in a barber shop window carried these words: Home haircuts repaired \$2.00.

For your meat processing and slaughtering of beef and hogs. For locker or freezer, see blackshear locker company, Spur, Texas.

**This Week . . .**  
From page one

and back to N. Y. that night. Monday we really saw Manhattan. We went to the Stock Exchange, Time Square, the U. N., Rockefeller Plaza, Wall Street, The Empire State Building, Central Park, Greenwich Village, and rode the subway. This place is really a madhouse. It is about a mile wide and 13 miles long, with more than a million people living there. The average building is about 20 stories high, with very few lower than six stories above the ground, and many, many 50 stories and higher.

Wednesday we drove down to Washington and spent three days in that area. We toured many government buildings, the National Cemetery, saw John Kennedy's grave and the "Eternal flame" and visited with congressmen in the Capitol.

Saturday night we visited in a home about six miles from the Capitol, with a man that has a jewelry store less than a block from the White House. He has done business with seven presidents from Herbert Hoover on down. His favorite customer was Gen. Eisenhower, he said. He once fixed a watch for Field Marshall Montgomery of England that he could not get fixed in London.

His most difficult customer was Joseph Kennedy, JFK's father. LBJ was his best customer. He thought Jackie was a very lovely lady, and he didn't believe all the stories they are telling about her.

This past Sunday I was guest minister in the next to the oldest Baptist Church in the US, the old London Tract Primitive Baptist Church 5 miles out of Newark, Del. in the State of Pennsylvania. It now sits on the ground where Wm. Penn signed the agreement with the Indians for the land. This church was constituted in 1716. I also visited

the oldest Baptist Church in the nation, the Welsh Tract Primitive Baptist Church in Newark, Del. and met its pastor and visited in his home. This church was organized in Wales, in 1701 with 16 members, and moved as a group to the U. S. immediately. The pastor gave me a book with the history of this old church for the first 200 years. The old building has a patched place in one of the walls where it was hit by a cannon ball during the war with the British.

Sunday afternoon I boarded a plane at Baltimore at 4:30 p. m. and at 8:30 I was in Lubbock.

We will give you some details of some of the special places in later issues of the paper.

**Students Elect Favorites**

The Jayton Students met recently and elected their class favorites, as follows, states High School Principal Roy Dodds: Seventh grade, Valrie Panter and Chester Ratliff; Eighth grade, Bobette Hamilton and Gaylon Hudson; Ninth grade, Pam Kelley and Tommy Parker; Tenth grade, Karen Ewing and Edwin Long; Eleventh grade, Sharon Ewing and Tommy Stanaland; Twelfth grade, Kathy Hall and Dennis Cheyne.

**G.A. Banquet Held Here**

A Mother-Daughter Banquet was given at the First Baptist Church, Monday evening, November 10, by the Girl's Auxiliary.

The tables were decorated with white cloths centered with gold and green streamers, and G. A. Emblems spaced on the table. Center piece was a fall arrangement of gold and green.

The program was open-

**A Pioneer Speaks**

Dear Editor,

I am writing you and sending you a picture of me when I first came to Kent County to make my home which was the year of 1899 and I never have regretted it. I find we have as fine of people as will be found anywhere in the world.

I came here with a cow pony and saddle. Got a job over in the Croten Brake with a rancher and enjoyed riding, roping, and ranch work. I have tried all kinds of business and working at stores, on railroad building, etc. But if I had my life to live over, I would farm and stock, the best life a man could live, too late now to begin.

I have been blessed in many ways, but the goodness of God in preparing for me a little companion to be my help for 68 years and for giving me and her four fine children all grown and have children. And now we have the four living with 11 grandchildren, and 21 great, all well and are good law abiding and lovers of their fathers and mothers and the church and

ed with the invocation given by Ronda Williams.

Lisa York, president of the G. A.'s gave the welcome. Mrs. Joe Favor, W. M. U. president, responded. The Women Missionary Union sponsors the Girls Missionary Organization. Mrs. Robert Harrison was the speaker of the evening stating the importance of time in our lives.

The entire group sang the G. A.'s Hymn, "We've a Story to Tell to the Nations", led by Kim Davis, accompanied by Mrs. Tom Fowler. Janine Hehn closed the evening with a prayer.

Mrs. Joe Gilmore is counselor of this group of girls who meet once each week.

Mrs. Ray Smith was in charge of preparing the food with other ladies helping to

the schools and loyal to the greatest nation on earth. This Thanksgiving will be a great day for us if we live to see it.

I have been asked the question "Matt, are you going to live always?" I can only say by the Grace of God I have lived a long life.

This would sound foolish to those who do not know what the Grace of God is. I can only say I am going to die like the rest of men do, only one thing I am sure of the fact I will only die once and that will be the natural man.

M. A. Darden

**Notes From The County H.D. Office**

Cooler weather increases appetites and squeezes the family food budget. Here are some suggestions to help get the most for the food dollar this week.

Pomegranates, persimmons, pineapples and tangerines are now in markets. Texas citrus have debuted and their supplies will increase in the weeks ahead.

Fresh fruit and vegetable items in good supply at

serve.

Twenty-seven G. A.'s mothers and guests were present.

the most economical prices include apples, bananas, oranges, Tokay grapes, cranberries, potatoes, turnips, cabbage, carrots, cauliflower, tomatoes, hard shell squash and dry yellow onions.

Grapefruit, avocados, and cantaloupes are moderately priced.

The beef market is irregular.

The features are a real value. Keep an eye on ads for beef specials; comparative shopping can result in real value.

Turkeys, 16 pounds and up, are the big protein value. Check the poultry counters for good buys in whole and cut-up fryers and chicken hens.

Weekly Market Report

Today's cookware is non-stick, inside and out. Now non-stick finishes are being applied to the outside of kitchen cookware. In the appliance trade, this inside-outside application is called "hardbase" and represents one more step toward easier time for Mom. This new coating is tough, comes in colors, and may be applied to a variety of materials such as glass, ceramics, aluminum and cast iron. It boasts heat resistance to 800 degrees and is obviously safe in hot soap or detergent suds.

What about the non-stick finishes inside pans? Teflon cookware should be reconditioned after a sudsy washing with stiff sponge or plastic scrubber or after washing in dishwasher. Recondition by rubbing coated pan with cooking oil or unsalted fat.

If Teflon has discolored, boil cupwater, one half cup liquid laundry bleach and two tablespoons baking soda in pan for 5 minutes.

More people have died from stepping on the gas than from inhaling it.

If praising ourselves to the skies would get us to heaven, a lot of us would already be there.

**Simple solution to rising car prices.**

**The Simple Machine. Ford Maverick. Still \$1995\***

**Our small car has scored a big success. And the reason is simple—solid value. Now, with other car prices going up all around it, Maverick is going its own Mavericky way. It still costs \$1995\* and that's still a small price to pay for a car that's simple to drive . . . simple to park . . . simple to service . . . simple to repair . . . and simple to own.**

**Simple to drive.** Turn on the engine and you turn loose the power of 105 horses. Yet Maverick rivals the economy imports in gas mileage.

**Simple to park.** Maverick can U-turn in a tighter circle than the leading import. It can nip around corners and slide into tight parking spaces with amazing agility.

**Simple to service.** Maverick is easier and less expensive to maintain than an economy import. Maverick requires fewer oil changes, fewer chassis lubrications, too. You save time and money.

**Simple to repair.** The Maverick Owner's Manual has 24 pages of instruction for routine maintenance jobs you can do yourself like change spark plugs, adjust ignition timing, and more. Fenders and grille can be replaced in a matter of minutes.

**Simple to own.** The simple machine can start solving money problems for you right now. Check it out at your Ford Dealer's. The price that made it famous now makes it a better buy than ever.

\*Ford's suggested retail price for the car. White sidewall tires are not included; they are \$32.50 extra. Since dealer preparation charges (if any), transportation charges and state and local taxes vary, they are not included, nor is extra equipment that is specially required by state laws.
