Others correctly identifying it were Frau Murdoch, Evelyn

Murdoch, Becky Berntrner, Leona Stanaland. There were several incorrect answers. Some thought it was on Duck Creek and some thought it was in the Clairemont community. Try this one this week.

## This Week In Jayton

For two thousand, four hundred and ninety-eight consecutive weeks the Jayton Chronicle has been going out to the homes of Kent County people.

During this period of more than 48 years, a lot of people have put in a lot of time, trouble, worry, sweat and tears in getting these 2, 498 issues printed and mailed.

The Chronicle has recorded the marriages, births, deaths, joys, sorrows, happiness and tragedies of the community, and it has become almost a fixture in most Kent County homes. And people who once lived here, but moved away, look to the paper more than anything else, to keep them informed on what is going on.

Watch for a big splash when we reach our 50th birthday sometime in 1972.

The State has been all a-flutter the past three weeks over the so-called bank and insurance stock scandal, that has hit important state officials. All state officials deny any wrong doing. But, there is no doubt, that public confidence has been seriously shaken.

See THIS WEEK, page 3

**TOMORROWS LEADERS**

The bright young men who are the Boy Scouts of America today will, in all likelihood, be the leaders of our nation a few years in the future. These millions of boys study countless hours to earn badges of proficiency in activities that will be valuable to them for the remainder of their lives. More important, however, is the character they build as a result of their constant striving to live up to the Scout Oath and the Scout Law. If every citizen of our Nation would memorize the first sentence of the Scout Oath and like our Scouts conscientiously strive to live up to it, we would all, like our Scouts, SUPPORT AMERICA in the best possible way.

**Scout Oath or Promise**  
On my honor I will do my best To do my duty to God and my country and to obey the Scout Law; To help other people at all times; To keep myself physically strong, mentally awake, and morally straight.

**LIBERTY AND SUPPORT AMERICA JUSTICE FOR ALL**

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal - that of preserving the greatest democratic society the world has ever known.  
Our flag is a symbol, not of sentiment, but of history; the history of men and women willing to live and die for it, purely this willingness is what we cherish, because daily we experience more of the blessings that are ours - more because we are Americans.

### This Week . . .

The charge has been made, that this is an evil plot hatched up by the Republicans to discredit State Democratic leaders. If this be true, it has sure accomplished what they set out to do. It was timed just right, the bomb exploded the second day of the current session of the Legislature, and this has overshadowed all other activities of the State law making body.

Only time will tell what effect it will have on State politics. U.S. Senator John Tower, a Republican, says it can not but help him in his reelection bid in 1972.

There are two necessary evils, that many people do not like, but yet we can't get along without them. That is law enforcement, and taxes.

Can you imagine what, even our so-called christian, civilized country would be like if there were no officers, and we had the old system of the survival of the fittest? Or, it was a matter of every person letting his conscience be his guide. The trouble is, we all are for law and order, enforced without fear or favor, except when it comes to each as an individual. If some stranger gets a ticket for travelling 90 MPH down the highway that is as it should be—but if I get a ticket for the same thing, that's different—I was driving safely, and carefully, and the officer should have known I did not need a ticket.

As to taxes, we all like to enjoy the benefits that come from the tax money, but we want someone else to pay the taxes. Just human nature I suppose.

Down at Aspermont a group of drought-weary ranchers have promised an ex-army officer ten thousand dollars to make it rain five inches in thirty days. A lot of people are raising their eye brows about the matter.

Charles Abernathy, who is leading the fund raising drive has been a personal friend of mine for about 30 years. He is enthused about it, from quotations in the paper.

## Letter to Editor

I noticed in an Abilene paper that there is quite a bit of excitement in Stonewall County over the prospect of abundant rain. It seems now, that when nature fails that science can take over. We are in one of the worst droughts that the state has ever known. An Arkansas rain scientist has offered to make it rain in Stonewall County. Within 30 days he promises a five inch

His price for the service is \$10,000.00. He gives a moneyback guarantee. Farmers and ranchers have raised \$6,000.00, and they plan to raise the other \$4,000.00 soon.

If they should raise the proper amount by the middle of the month they should get rain by March 15. If they get 5 inches at once the ground will take it up like a sieve. It might run off enough for a little stock water and rain would probably leave enough

moisture for planting. If it should come an inch or two at intervals they would have to raise another \$10,000.00 to make it to August, and by then they would be needing more rain.

If no cotton insects take over they might raise some cotton. The gentleman promises that there will be no hail or tornados with the rain. If he can stir up the elements in Stonewall County maybe Kent County can get a few sprinkles from it which would be encouraging.

Remember that in 1912 we had a hot dry summer. C. W. Post was living then. He had several tons of dynamite fired near the town of Post. His idea was to make it rain, but it did not accomplish anything.

Well, we will soon find out if the Stonewall scheme works out.

There's excitement and romance in the air as the FHA Sweetheart Banquet preparations are getting under way. The banquet is Saturday, February 13, at 7 p.m. The girls are really excited about this because it is the only time of the year when they get to ask the boys for dates. Bob Hamilton will be the guest speaker for the banquet, and Kim Nichols and Nicky Williams will provide musical entertainment. The FHA Beau will be presented that night.

Basketball season is nearly over for both the boys and girls teams. But they are all looking forward to the coming spring athletic events.

Many of the seniors are exploring the possibilities for colleges to attend after graduation. They are preparing for this by taking SAT or ACT college entrance exams.

February 20 will be the night that the seniors will present their annual play. It is entitled "Rest Assured" and it promises

loads of laughs.

Many band students are preparing for the Solo and Ensemble Contest on March 13 at Abilene Christian College. Also, members of the Jaybird Concert Band are readying themselves for Concert Contest at Abilene. They are looking forward to a promising performance in these.

The junior play, "A Feudin' Over Yonder", has recently been cast and will begin preparation soon. The date will be announced later.

An observation made in 3rd period study hall is that the boys have made a shocking discovery: By sliding their feet on the carpet for a short period of time, they can experience an electrifying sensation when they lightly touch their finger to someone. Is this a scientific discovery or is it love? Time will tell!
