## Brown-Montgomery Reunion Is Held

Week  
Jayton

Descendants of Early Day Kent Countians the Brown-Montgomery Family met in the Jayton Community Center recently with fifty-one present.

The late John H. Montgomery and his wife were the first of the family to settle in Kent County. The year was 1906. The following year, the late John W. Barfoot and his wife, Blanche Brown Barfoot brought their family to Kent County. Mr. Montgomery and Mr. Barfoot were pioneers of Kent County where they established their residence before any railroad had been constructed and before the village of Jayton had been platted.

Mrs. Barfoot's brothers later moved to this county with their families, the late Guy Brown, H. Bruce Brown and Edd C. Brown. A sister, Maude Brown Barfoot, resides in Dallas and recently celebrated her 99th birthday.

Their parents were Andrew Jefferson Brown and Mary Montgomery Brown. In the Montgomery family in one generation, seven out of eight brothers made doctors. In succeeding generations, only one pharmacist and two nurses are to be found in the medical field. The lineage of the Montgomery family traces in English origin and the first representative came to this country during the colonial period.

The members of the family were all men of the soil and devoted their farm land principally to the raising of cotton and feed crops. Their descendants have forsaken the soil to join the ranks of the professionals.

Standing on the crest of the rise on the Old Jayton-Clairemont Road, a native would be aware of the low valley below dotted with many homes of the Brown-Montgomery family. The family were predominately Presbyterian and Methodist and church going a way of life. It was a rarity when twenty-five or more failed to gather for a "Sunday Dinner" with some member of the families, often with the current minister and family. The meal was cooked on a wood range, or later on a kerosene stove and they called them the "good old days."

The members of the family meeting in 1972 agree these are the "good old days" will refer to in later days.

Those present at the Brown-Montgomery Reunion were:

Mrs. Blanche Barfoot, Mrs. Lula Brown, Zephie Brown, Mr. and Mrs. Mark Montgomery of Jayton; Mr. and Mrs. Joe Dick Stegall, Mr. and Mrs. Richard Stegall, Mrs. Ollie Brown Cumbie of Midland; Mrs. Alma L. Brown, Mr. and Mrs. Howard Thomas of Spur; Sue Barfoot, Mr. and Mrs. Wayne Brown, Mr. and Mrs. Roland Barrera, Mrs. Rosalie Brittain, Richard Lee Brown, Mr. and Mrs. Tom Brown of Lubbock; Mr. and Mrs. Clyde R. Brown, Mr. and Mrs. Bill Brown and Kim of Levelland; Mrs. Faye Barfoot of Abilene; Mr. and Mrs. John W. Barfoot, Ann and Bill of Dallas; Mr. and Mrs. Brack Brown of Big Spring; Mrs. Madell Hicks of Albuquerque, New Mexico; Mr. and Mrs. Mike Thomas Kileen, Texas; Mr. and Mrs. Tommy Larson, Doug, Teena and Rusty of Tahoka, Texas; Mrs. Pauline Curnett and Ronny Robinson and Kimberly Kay of Fort Worth; Mr. and Mrs. George Bogert of El Paso; Mrs. Paul Hall of Houston; Mrs. Erma B. Black of Merkel.

**PLANNING MEETING**  
A Fair Planning Meeting will be held Thursday night at 8:00 p. m. at the Girard Community Center.

Everyone is welcome to attend.

## Pay Raises Proposed For County Office Holders

In a busy day of activities Monday, the Kent County Commissioners Court attended to the following items of business:

## Youth Choir

Saturday, August 12, the first Baptist Youth Choir went to Sweetwater where they were treated to their evening meal by Mr. and Mrs. Buddy Gallagher. Afterward, the group went roller skating.

No major injuries were reported mainly because our "aged" leader, Bob Hamilton, did not skate. However, assorted bumps and bruises were suffered by various members of the choir. Everyone had a great time, falls and all. - Reporter

### PUBLIC NOTICE

A public hearing on the Kent County Budget for the year 1973, and the county salary schedule will be heard at a special meeting of the Commissioners Court, on Monday, August 28, 1972, at 10:00 o'clock a. m.

The proposed salary schedule is as follows: County Judge \$9,900.00 annually; Sheriff, Tax Assessor and Collector \$9,900.00 County Clerk \$9,000.00 County Attorney \$9,000.00 Justice of the Peace \$6,720; County Commissioners \$7,560.00 Deputy Sheriff \$7,720.00, Road employees and office clerks \$6,240, Road superintendents \$7,440, Signed Hartense North, County Clerk, Kent County Texas August 14, 1972.

## The PCA Meeting

Production Credit Association directors and managers from all over the West Texas and Panhandle area gather in Lubbock's Johnson House Hotel Friday (August 11) to take a forward look at agricultural financing. The group represents almost \$210 million in loans outstanding to farmers and ranchers as of July 31, 1972.

Alton Strickland, Lubbock PCA president, said the conference is sponsored by the Federal Intermediate Credit Bank in Houston, source of loan funds for Texas' 33 PCAs.

Sessions will feature recent policy and procedural changes affecting the Production Credit System of financing, the PCA president said.

Director participants from the Lubbock PCA area are C. E. Hicks of See PCA Page 2

## Beef Prices To Rise More, Expert Suggests

Beef prices will be forced up because of the ban this week on the cattle feed additive DES, the president of the Texas Farm Bureau charged today.

J. T. (Red) Woodson said the decision by the Food and Drug Administration us typical of the "bureaucratic bungling" that hurts both the farmer and the housewife.

The FDA Wednesday banned the manufacture and use of DES in animal feeds. The substance, diethylstilbestrol, is used to promote growth of cattle and sheep.

The president of the 130,000 - member - Texas Farm Bureau said that the FDA move would mean less meat on America's dinner tables. He added that the price would necessarily be higher.

Woodson said that the U. S. Department of Agriculture estimates that a

beef animal fed DES reaches the market weight of 1,000 pounds 35 days sooner --and consumes 500 pounds less feed--than one that isn't fed DES.

The TFB leader charged that the ban was imposed because of a technicality in the Food and Drug Law. "FDA Commissioner Charles Edwards emphasized that he hasn't any reason to believe that use of DES in animal feed represents a public health hazard," Woodson said.

"In fact, Dr. Edwards flatly stated that human harm hasn't been demonstrated in the 17 years since DES was developed."

"We know that the banning of DES will result in higher over-the-counter meat prices to the housewife," Woodson said. "We trust she will remember that government, and not the producer, is the direct cause of this increase."

## Beef Cattle Short Course

Discussions at the 22nd annual Beef Cattle Short Course at Texas A&M University, August 21-22, will begin with registration at 7:30 a. m. on August 21 at the Ramada Inn in College Station.

The program is a follow-up of last year's event announces County Agricultural Agent Joe Wise. "The short course is designed to complete the story of management factors which limit breeding performance of beef cattle."

Emphasis will be given to genetic factors, death loss and disease. Select topics will include artificial insemination, crossbreeding, cow and bull fertility, calving losses, controlled calving and double muscling.

"Much emphasis will be placed on increasing the calf crop since calf crop percentage is the most important consideration affecting beef production," points out Wise. "With each one percent increase in calf crop, the Texas cattle industry adds \$7 to \$8 million to agricultural income."

It's costly to maintain a barren cow for a year, notes Wise, since this means sacrificing the profit on three to five weaned calves. Slow breeding of brood cows can further reduce income because for each heat period a cow fails to conceive, there is a loss of \$12 to \$14.

A number of Texas A&M officials will be on the program, including Clyde Wells, president of the Texas A&M Board of Directors, Dr. T. C. Cartwright, Dr. T. D. Rich and Dr. Nat Kleffer.

Other keynote speakers will be from the U.S. Range Livestock Experiment Station in Montana, the University of Florida and Colorado State University.

Some 500 cattlemen and others with interests in the livestock industry are expected to attend the two-day session. Wise encourages all producers from Crosby County to attend if possible.

## Jayton Boys Show Well At Greenbelt Game

BY BILL ASHCRAFT  
The Greenbelt Bowl game played Saturday night in childress was a big success for the West team as they came out the victors by a score of 32-7.

Jayton had two boys playing, Harold Judy and Jim Phillips, offense and defense. Judy playing full-back and Phillips playing tackle on defense made several contributions to the game. Judy carried 2 times for 6 yards and Phillips was in on nearly all of the tackles into the middle of the line, along with Roye.

The Ralls representative, Bobby Roye was the defensive captain and the signal caller for the West team. He made several very good plays.

Willie Burton of Abilene Cooper made 28 slashing runs into the line and was receiver on 2 passes for

the sum of 80 yards from offense..

Roye almost intercepted a pass and had a hand in the fumble that set up the third touchdown by the West. The West had 11 first downs to only 3 for the East.

The East made their first downs in the first half.

The East attempted 17 passes completing only 4 while the West attempted 10 and completed 8. Total yardage from the West was 313 yards to only 93 for the East.

The East teams still lead in the series 13-8-2. Ralls has several boys to play in the classic and have always represented well. The first touchdown for the West came their third play from scrimmage on a 73 yard bomb from McKee of Altus, OK to James Kelly of Spur.

## Claude E. Sanders Gets New Appointment

Personnel changes at the Texas Highway Department District 5 headquarters in Lubbock announced this week by O.L. Crain, district engineer, included the appointment of a successor to retiring Joel D. Willson, maintenance construction superintendent.

Effective Sept. 1, Joseph B. Sparks of 4922 17th St. will assume the duties and responsibilities of District 5 maintenance construction superintendent.

Sparks began his THD employment in January of 1941 as a common laborer

and served in many positions before his assignment as maintenance construction supervisor No. 2 for the Lubbock Southeast area.

Claude E. Sanders of 2519 First Place, maintenance technician No. 2 assistant maintenance foreman, will assume Spark's former duties and responsibilities. Sanders has logged almost 15 years in District 5. Crain said His parents are Mr. and Mrs. T. N. Sanders of Jayton.

## Geeslin Elected To State TCAA Office

New officers of the Texas County Agricultural Agents Association were announced and installed the afternoon of August 8 during the closing general session of the professional association at El Paso's Hilton Inn.

New president is Oliver F. Werst of Garden City, Glasscock County agricultural agent. Frank Stockton, Gonzales County agent at Gonzales, is the vice president, and Mark A. Geeslin, agricultural agent for Kent County at Jayton, is secretary-treasurer.

B. T. Haws, Wichita Falls, is the past president and presided at the annual meeting, which ended with a banquet session Tuesday night. The new officers will take office, Haws said, after the annual

meeting of the National Association of County Agricultural Agents in Atlanta, Georgia, Nov. 5-9.

Special recognition was given to seven Texas agricultural leaders who have been named as "Men of the Year in Texas Agriculture."

The honorees include Jay Littleton Taylor of Amarillo, Potter County; Thomas E. Craddock of Seymour, Baylor County; Joe W. Winston of Winona, Smith County; Werner Moehr of Fredericksburg, Gillespie County; Joe W. Richards of Fairfield, Freestone County; James Dinamore Sartwell of Houston, Harris County; and Henry Van De Walle of San Antonio, Bexar County.

Seven outstanding county officers will take office, Haws said, after the annual

# ABOUT PEOPLE YOU KNOW

By Clique Smith Phone 237-3593

Buck Thompson of Girard is quite ill in the Hendrick Memorial Hospital at Abilene.

Mr. and Mrs. E.E. Spicer and Mr. and Mrs. Cliff Long visited in Fort Worth over the weekend to see Mr. and Mrs. Loyd Spicer. Loyd is still not recovered from the accident he was in some months ago.

Erma Black came for her mother, Mrs. Barfoot Monday of this week as she was not well.

Mrs. Guy Brown is now at home after staying several days in the Rotan Hospital.

Mrs. Eula Fuller returned to Lubbock after staying several days at home.

Mrs. Jess Hall is now at home, and also Mrs. Willie Sumner came home.

Our report is that the same of Mr. and Mrs. Leck Wall, west of town was flooded Sunday when the rains were so heavy. Some registered up to 9 inches of rain beginning about 10:30 Saturday night. The rain fell and did not let up from the steady pour until late Sunday afternoon. This area had already received 3 inches the first of last week, so folks, this part of the country is really wet, and the weather man says that we are due some more before it is all over, however Monday is nice and warm. The frog chorus is in full swing around the clock.

Debbie Owen the daughter of Mr. and Mrs. Mike Owen, is to have tonsillectomy one day this week, at a hospital in Lubbock.

Mrs. Audry Sayers of Austin spent the past week with her daughter Mr. and Mrs. Mark Montgomery. While here they visited with Jan's brother, Mr. and Mrs. Walter Sayers of Waco and

came by Fort Worth and visited with other relatives.

Jan Montgomery received a letter from Meg Montgomery saying that they are having lots of rain and that she and Jeb will soon enter school at Thomas Jefferson Rusk School, where she will be in the 5th grade, and Jeb will be in the 2nd grade.

Mrs. Oleta Moore is on her vacation this weekend and will attend the Comene EX-Student homecoming at Stephenville. Her grand son, Terry, went with her.

Elsewhere in the paper is the news about Rhoda Lou Kelley Jones graduation. Great going Rhoda, for you and your family. Some lucky kids will be at the school where you will teach.

The family of the late Mr. and Mrs. T. A. Smith had their family reunion at the community center at Girard, Aug. 12 and 13. Although it rained, the 70 or more that came were snug and dry, all enjoying the time of getting to sit and talk of things that way large families have to keep in touch from one year to another.

The sister of Mrs. C.H. Meador, Willie Lee of Roswell, N.M. is in the hospital with a broken hip. She had surgery two weeks ago. She entered the hospital June 26 before knowing her hip was broken.

While in Lubbock this past week we visited with Bonnie Hill who is doing special nursing with a patient in the same place Bennie's brother is also a patient. She is busy and we enjoyed getting to really visit instead of just saying Hello and how are you, as is usually the case when we see each other.

Mrs. Jess Hall is in the Methodist Hospital where she is receiving medical attention. Our report is that she was feeling much improved.

Mrs. Eula Fuller was to spend the weekend at home and return for further treatment Monday. Mrs. Bobby Dibrell and Mrs. Pearl Davis were in Lubbock this past week to see about their mother and also took Mrs. Willie Sumner to enter the Reese Air Force Base Hospital to receive a check up.

Mrs. Bill Weir of Fort Worth and Ulysses Herman of Sulphur Springs visited with Mr. and Mrs. Floyd Hall and family, Mr. and Mrs. Jarri Parker and family and Guy Herman Wednesday and Thursday of last week. Mr. Herman taught school in Jayton for several years at one time, back...

Mr. and Mrs. I.N. Sanders are visiting with her dad at Weatherford. Their son of Lubbock came down to them by to visit her father while he and his family attended the Six Flags over Texas.

Mrs. Nolan Grice and Mrs. James H. Smith had business in Abilene Friday of last week.

The Bennie Smiths were in Lubbock three days last week when his brother, Henry, became worse, and, they visited with Mr. and Mrs. Ollie Davis and Mrs. Henry Smith and Mr. and Mrs. Howard Bostick and Mrs. Ray Teal. Henry seemed some better when we left Thursday afternoon.

This part of the country has received a good rain so far about 3.2 inches had fallen, and coming from Lubbock the showers were all the way out of one into another Thursday, and it looks as if more could fall today, Friday.

Mr. and Mrs. Bob Gallagher and girls were in Jayton recently from their new home in Clyde.

School is here and when you ask the children if they are ready and they say yes, I'm glad it is beginning, it must be pretty enjoyable and when they feel that way they learn all the easier. A real compliment to the school faculty and the whole system as a whole. Don't you think?

Mrs. Gene (Marilyn) Crabtree of Dickens is now the Supervisor of nurses at the Kent County Nursing Home.

It seems as though Thursday night was very short as the Smiths sat up till 1:30 picking grapes that we had brought home from the Henry Smiths, so when the jelly is made up, you know, grape jelly and buttered toast is hard to beat.

Recently the TAAF at Abilene State met for Banquets from the age 9 and under, Joe McMeans won the first place in high jump, he jumped 4 feet, Jim Rider placed 5th and Jayton team placed 4th.

Now folks this was not just district or local it was state wide as far as I'm concerned our Jayton group did real well.

# 'Million Miles,' 26 Years Finally Bring Sheepskin

By PAT BENNETT

A million miles and 26 years lie between Rhoda Kelley's freshman year and the sheepskin which McMurry College awarded Friday night to Rhoda Kelley Jones.

Rhoda entered McMurry in 1946 after graduating from Jayton High but lasted only a term.

Then she decided "to work a couple of years" in the mid-1960's and got a job as teacher aide at Rotan's elementary school. She assisted primary teachers in remedial reading, mathematics and spelling.

"I WORKED at it four years, and I just got the bug to go back to college and become a regular teacher," says Mrs. Jones. "Mrs. Jewel Tilton, who was principal until she retired three years ago, had a lot to do with inspiring me."

But the round-trip commuter jaunt to McMurry from the Jones residence at Hobbs, just southwest of Rotan, totals 160 miles.

With the encouragement of her husband, Ivy Jones, she ventured to try a single course in principles of geography in the summer of 1968 "to see if I liked it, and I did."

SINCE THEN, she has continued to study and commute in a 1966 Pontiac, "just hoping the baling wire would hold out till this Friday graduation."

She averaged 17.5 miles per gallon on gasoline. "I made a study of that as a research project in a science course," she said.

Rhoda says she wants her husband to get a lion's share of the credit. Ivy, a stock farmer, was not only patient and willing to finance her education; he also took on extra chores around the place.

"I'll make it to class if the creek don't rise," Rhoda Jones would tell her husband as she got into the car.

"We'll swim if it does," he would reply.

MRS. RHODA JONES  
... commuted from Hobbs'

SINCE HER return to McMurry, Mrs. Jones has missed only three classes — one because of a flat tire, others because of a car wreck in which a nephew was injured.

Mrs. Jones had five children when she entered college. She now also has a two-year-old grandson, Charles Ray — "I almost call him Charley Brown" — who is child of her son Kelley Tibbels who is a pre-med student at Texas Tech.

Two other children, junior Kathy Tibbels and freshman Kent Tibbels, are in McMurry.

"I'VE ENCOURAGED my children to go to McMurry because of the religious atmosphere and the personal interest they have given me and my children," she says. "Each professor has been very understanding and professional."

With all this schooling, Rhoda Jones has managed to maintain outside interests. She says her hobby is cooking. But she is quite interested in the Polled Hereford cattle her husband raises, and she is West Texas hospitality chairman for the Texas Pollettes.

She has signed a contract with the Hobbs Independent School District to teach third grade this fall.

**HEADLIGHTS**  
HELPFUL ADVICE FOR THE WOMAN DRIVER  
by Kay Nicolette

"Tender, loving care" may not be a requirement for your car, but you still should appreciate everything about your automobile. It isn't necessary for you to know specifically how the various mechanical components work. You should realize, however, that, like all mechanical things, car components can take only so much abuse.

You know, for example, the workings of your car's engine require lubrication to reduce friction. Knowing this, you should understand that starting and immediately racing a cold engine is mechanically stiff oil doesn't get a chance to properly lubricate the moving parts, thus causing undue wear and possible breakage.

You know tires are made of various cords and rubber compounds. They can withstand only so much strain. Knowing this, you must appreciate that repeated "jack-rabbit" starts from dead stops can't do your tires any good. For more helpful advice on safe driving and maintenance of your car, write to Gulf Oil Company — U.S., P.O. ## The Herron - Richards Wedding

Miss Melba Lou Herron and Donny Ray Richards exchanged double ring nuptial vows in a wedding at 6:45 a. m. Saturday in the garden of Mr. and Mrs. Felix N. Theford, brother-in-law and sister of the bride.

Parents of the couple are Mr. and Mrs. Alvin F. Herron of Loop, and Mr. and Mrs. Afton E. Richards of Ralls.

Officiant was the bridegroom's father, who is pastor of the Primitive Baptist Church 23rd and Ave. X in Lubbock.

Given in marriage by

her father, the bride wore a formal white pique dress in the princess albouette styled with angel wing sleeves and a self tie sash in back.

Mrs. Theford attended her sister as matron of honor. Best man was Larry Richards of Ralls, brother of the bridegroom.

Wedding music was presented by Theford soloist. The bride is a 1968 graduate of Brownfield High School and a senior art education major at Texas Tech, where she is on the Dean's Honor List. She is an employee of The

Lubbock Avalanche. Richards was graduated from Jayton High in 1965 and from the University of Texas at Dallas in journalism. He is a staff-writer at Abilene Reporter-News.

The couple will home at 3103 South Abilene.

**Farm Prices Show Increase... Sheep on Feed**  
... Changes Announced in Screwworm  
... Cotton Stalk Destruction Deadline  
... DDT to be Cancelled.

Prices are above 100 per cent of parity, the Texas Livestock Reporting Service notes. Average prices received by Texas farmers as of July 15 was per hundredweight. Effective parity is \$44.20 per weight.

Overall, the all farm products index shows prices by Texas farmers and ranchers were at 356 per cent of the 1910-14 base. This is an increase of 20 per cent year ago.

Prices are the only commodity above effective parity. Cotton, for example, was at 28.5 cents per pound while the effective parity is 55.16 cents per pound. Eggs were at \$27.20 in Texas on the average; effective parity is \$30.60.

Grain sorghum averaged \$35.60; effective parity is \$33.33. Corn averaged \$2.01, while effective parity is \$2.33.

Prices for measuring stick used to compare farm with non-farm income is now at 75 per cent. Even though farm prices have been increasing, total income is still about one-fourth below the rest of the state.

Farm income now is estimated at \$18 billion this year. Full parity, farm income would be about \$22 billion.

Sheep on feed in Texas shows a six per cent increase in number on feed a month earlier. This, however, is 10 per cent below a year ago.

Wool prices are up a lot with a lot capacity of 2,000 head of sheep feeders with a lot capacity of 2,000 head of sheep as of August 1.

Current intentions to market the 143,000 head are: \$3,000; September, 56,000; and October, 34,000. October and November intentions are incomplete at this time because additional lambs could still be placed on feed marketed during the period.

**CANCELLATION OF DDT** registration will take effect August 31, except for a few limited uses. The Texas Department of Agriculture, which makes recommendations to the Texas Department of Agriculture to the use of pesticides, said cancellation should have no impact on agriculture production in the state. DDT will continue to be registered for use on stored potatoes, use by public health officials, in disinfection drugs, and by the military in health quarantine situations.

**SCREWORM** regulations relating to dipping or spraying of livestock have been changed. Livestock are no longer required to be dipped or sprayed before shipment to a screwworm-infested state to another. However, all stock shipped from or through areas where screwworms are occurring must still be inspected, any wounds treated, and the shipment certified free of screwworms.

**BOLLWORM** stalk destruction deadline is August 31 for these counties: Cameron, Willacy and certain parts of Starr and Hidalgo.

Early stalk destruction throughout the state is urged. Heavy insect damage has been reported this year in parts of the state. Early stalk destruction can reduce infestation for the 1973 cotton crop.

**LETTERS TO EDITOR**

Editor: That is born of idol homages to God's blessings. They were finally settled again in Israel. After a time, they again drifted into idol worship under King Ahab. They had an idol called Baal. The prophet Elijah called upon the people to prove the divinity of their God. They built an altar and placed a sacrifice on it. Elijah repaired the altar of the Lord which was broken down. The sacrifice was made ready and had trenches dug around the altar. Water was poured upon the sacrifice until the trenches were overflowed. Baal's prophets cried and agonized all morning with no answer to their cries but fire came down from heaven and consumed Elijah's sacrifice, even the altar and the water were consumed. The people cried, "The Lord he is the God".

Israel returned to the worship of the true God. Now, in the midst of crime, war, fear, riots, unrest and political propaganda and other evils, there is but one way out. I truly believe that if a day could be arranged that every believer in the living God and the Risen Christ, would fall on their knees in the dust of humility and spend a day in fervent prayer, that there would be the greatest change in all them. Well, this will happen "when the mountains begin to fall, but too late. The kings of the earth, the great men, the rich men, the chief captains every bondman and every free man will hide themselves in the dens, and in the rocks of the mountains and say to the mountains and rocks, 'Hide us from the face of the one who sits upon the throne, and from the wrath of the Lamb', for the great day of his wrath has come, and who will be

able to stand," Rev. 6:15, 16, and 17. Love to All Adolphus

For each additional family member, add: \$480 per year to the income level.

Eligibility determinations are made on a family basis, that is, all the children in the same family attending schools under the jurisdiction of the same school food authority are to receive the same benefits, a free lunch or a reduced price lunch, not some a free lunch and some a reduced price lunch.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in the application forms sent home in a letter to parents.

Additional copies are available at the Principal's office in each school. Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons

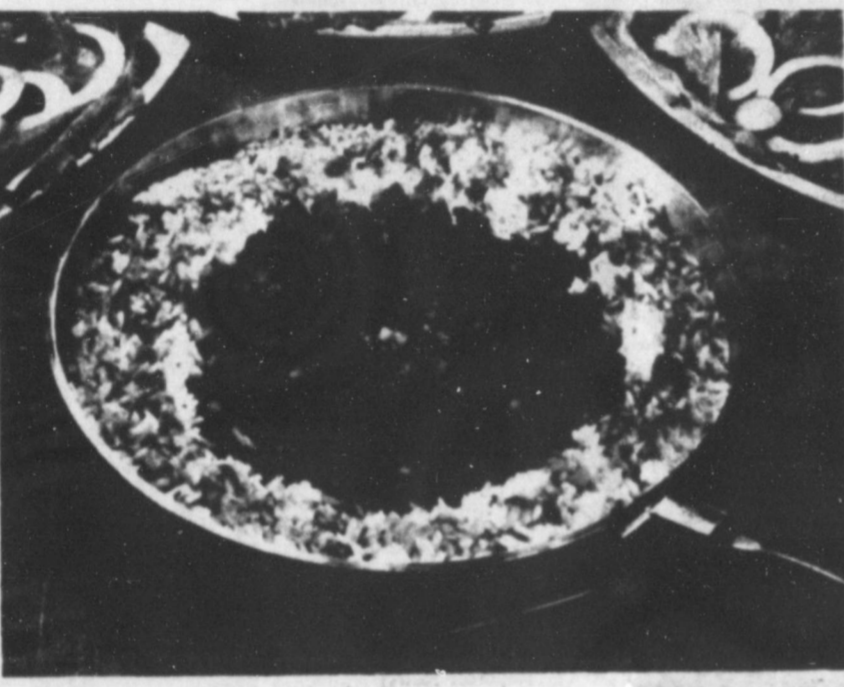

in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the Business Manager will review applications and determine eligibility. If a parent is dissatisfied with a ruling of the local official he may make a request either orally or in writing for a

bearing to appeal the decision. R.N. Pierce, whose address is Jayton, Texas has been designated as the Hearing Official. The policy also provides that there will be no identification or discrimination against any student unable to pay the full cost of a

lunch. A complete copy of the policy is on file in each school and in the office of the Business Manager where it may be reviewed by any interested person.

### INGENIOUS SALADS MAKE FRIENDS GREEN WITH ENVY

Want to bowl over your guests with fabulous salads and show them what a good mixer you are? Turn over a new leaf by trying some of these salad suggestions.

ANCHOVY SALAD DELUXE

Combine 1 quart torn, mixed, crisp dry salad greens. Add 1 can (2 oz.) of anchovy fillets (drained), 8 to 12 pitted black olives, 1 pimento cut into thin strips and tomato wedges. Toss gently with a generous amount of Pfeiffer Red Wine Vinegar & Oil Dressing. Makes 4 servings.

#### ONION SALAD BOWL

Chill 2 bunches of watercress. Marinate 4 Bermuda onions cut into rings and 3 cucumbers pared, halved and cut into very thin slices in Pfeiffer Real Roquefort Dressing. Chill. Toss the watercress in a salad bowl with more salad dressing and arrange the onion rings and cucumbers on top. Makes 6 servings.

#### 2 teaspoons minced onion

and 1 teaspoon sugar. Toss with a generous amount of Pfeiffer Cole Slaw Dressing. Garnish with strips of pimento. Makes 4 to 6 servings.

CAESAR SALAD

Take 1/2 head of lettuce and 1/2 head of romaine. Wash, dry and break into bite size pieces. Wrap and chill. Place prepared greens in a salad bowl and toss gently with Pfeiffer Caesar Dressing to taste. Add croutons, sprinkle with Parmesan cheese and toss again. (For the purist, add a raw or coddled egg while tossing.) Makes 4 servings.

#### SPINACH AND BACON SALAD

Crumble 8 slices of crisp bacon. Combine with 3 hard-boiled eggs (chopped) and 2 quarts (1 pound) of torn, crisp spinach. Toss with 3/4 cup of Pfeiffer Thousand Island Dressing or to taste. Add a touch of garlic. Makes 6 servings.

#### COLESLAW

Combine 2 cups shredded red cabbage with 2 cups shredded green cabbage. Add 1 cup diced, unpeeled apple, 2 tablespoons tarragon vinegar,

Regardless of your favorite recipe, always select the best quality salad greens available. Use different types for varied tastes and textures. Rinse under cold running water, shake off excess moisture and gently pat dry with towel before placing in a plastic bag in your refrigerator. Allow enough time for chilling. Break or tear greens (do not cut) just before adding other ingredients. Rub the inside of a large wooden salad bowl with a clove of garlic. Put the torn greens, vegetables and salad dressing in the bowl and toss gently. Garnish with tomato wedges. And serve with pride.

### PUBLIC NOTICE CONSTITUTIONAL AMENDMENT

NUMBER 1 ON THE BALLOT (HJR 50)  
General Election November 7, 1972

RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Section 17, of the Texas Constitution, be amended to read as follows: "Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve, or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government, while he acts as President of the Senate, and the Speaker of the House of Representatives shall each receive from the public treasury an annual salary of \$22,500." Section 2. That Article III of the Texas Constitution, be amended to add a new Section 24a to read as follows: "Section 24a. The Lieutenant Governor, while he acts as President of the Senate, and the Speaker of the House of Representatives shall each receive from the public treasury an annual salary of \$22,500." Section 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 7, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "To set a six percent (6%) weighted average annual interest rate for bonds issued pursuant to constitutional authority presently having a specified interest ceiling."

### As It Looks From Here

By Rep. Omar Burleson  
Member of Congress, Texas

Now that Hip Sing (of the Ponderosa) has recovered from the shotgun wound received in the recent West Coast plane hijacking, he says he will not make another trip by air unless he is assured of security from hijackers. The trouble is there is thus far no such thing. Real efforts are being made by both the government and the airlines, but there is nothing yet to give guaranteed certainty against airplane hijackings. Consider some of the basic facts involved. In the United States alone there are approximately 14,000 scheduled flights a day, carrying an average of 500,000 daily passengers and countless millions of pieces of luggage and baggage. More than 500 airports receive regularly scheduled air flights. Though 25 airports account for 70 percent of all passengers, many of the smaller ports are served by modern jets and become a target for hijackers and extortionists. Air travel and air freight are constantly expanding and the predictions are that during the 1970's travel will increase by at least 10 percent a year. Efforts are now under way to provide carrier protection against this type of robbery. A real test is shaping up within the next few months. There seems to be new determination on the part of Government and airlines to halt these air crimes. It is a frustrating business and an expensive one. Detection systems cost money and there is already an argument between the Government and the airlines as to who will foot the bill. The biggest problem, however, is how to exercise the greatest possible precaution and at the same time avoid delay and inconvenience. Human frailties being what they are, airlines will receive all sorts of complaints by their passengers if they are greatly inconvenienced. Competing airlines want to give the best possible service and delays such as the search of individuals and their baggage would certainly slow down schedules. The fact that airlines are both promoters and cops has been an obstacle to hijacking efforts. It is understandable that both Federal Marshals and airline security agents will not want to carelessness will result, since the chances of a passenger being hijacked is one in 31 1/2 to 4 million. In the next few months tighter controls will be put into effect. The airlines are buying hundreds of magnetometers with plans to use them at all gates of major airports. By Presidential order hand baggage is now being inspected in three of the Nation's most heavily traveled air routes. These are Los Angeles to San Francisco, New York to Boston and New York to Washington. On other

### PUBLIC NOTICE CONSTITUTIONAL AMENDMENT

Proposed  
NUMBER 8 ON THE BALLOT (SJR 1)  
General Election November 7, 1972

RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article IV, Section 23, Constitution of the State of Texas, be amended to read as follows: "Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall each hold office for the term of four years and until his successor is qualified. The four-year term applies to those officers who are elected at the general election in 1974 or thereafter. Each shall receive an annual salary in an amount to be fixed by the Legislature, reside at the Capital of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive for their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this section or in his office, shall be paid, when received, into the State Treasury." Section 2. That Article IV, Section 22, Constitution of the State of Texas, be amended to read as follows: "Section 22. The Attorney General elected at the general election in 1974, and thereafter, shall hold office for the term of four years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, issue such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature." Section 3. That Article IV, Section 23, Constitution of the State of Texas, be amended to read as follows: "Section 23. Maybe you know her as Miss Lizzie or Granny Hill or Aunt Mary Jones. Through the years she's been a tower of strength in her community... helping with the sick, sharing with the poor... a friend to all.

She doesn't seem to worry about the future, just looks to the brighter side and is happy. You envy her, thinking she gets much out of life that you miss. Does she have a secret, a magic formula?

No, you can't say that her fellowship with God is a secret, for God is for everyone!

Would you like to possess some of her strength to look ahead, to face danger and conquer fear? The Church can help you reach this goal. All through the years it has strengthened mankind and helped him find the best in himself and in others.

### FAMOUS FIGURE

If you know a rotund woman with large hips, a round waist and a small bosom, give her this good news: 250 years ago in France, she would have been considered a thrilling beauty. The Marquise de Pompadour above, for instance, is known to have been extremely close with Louis XIV, king of France, and in his day the most powerful ruler in all Europe. The painting, which hangs in Munich, Federal Republic of Germany, is one of the favorites of German art lovers. Professor Steingaber, general director of Munich's museum, calls this picture the "incarnation of the highly refined culture of the 18th century and... visible proof of the Rococo era's brilliant joy of life." Louis XIV was a man who knew what he liked. Many high school history students know his famous remark, "L'etat c'est moi" ("I am the state").

### The Meador - Fowler Wedding

The sanctuary of the Heights Baptist Church of Albuquerque was the setting recently for a candlelight wedding which united Karla Kaye Meador and Richard Alan Fowler, both of Albuquerque, in a double ring ceremony. The bride is the daughter of Mr. and Mrs. Maurice LaFonte of Albuquerque and W. R. Meador of Hobbs. The groom is the son of Mr. and Mrs. Richard L. Fowler of Albuquerque.

Karla is the granddaughter of Mr. and Mrs. O. E. "Jack" Johnson of Portales, and attended the sixth through ninth grades in Portales Public Schools.

Mrs. Jerry Cain registered the guests. Rev. Jerry Cain, Minister of Youth and Community Ministries at Heights Baptist Church led the couple in their nuptial vows. The ceremony was solemnized before an archway of greenery, accented with pink daisies and tiny pink bows with candles on either side. Family pews were marked with baskets of pink satin roses and white love birds. Side windows were lighted with old fashioned globes on crystal candle holders holding pink scented candles.

Musical selections presented by Maurice LaFonte, accompanied by Mrs. Don Wiley at the organ, included "The Lord's Prayer," "Let It Be Me," "For All We Know," and "Whither Thou Goest". Mrs. Wiley also played music chosen by the bride and groom throughout the ceremony.

Escorted to the altar by her father, the bride wore a floor length gown of white bonded lace accented with touches of pink, styled by the bride with a fitted bodice, sculptured neckline, and long, fitted sleeves, pointed at the wrist. Her full-length veil of silk tulle terminated in a train and was attached to a petal headpiece of self material. Her bouquet was a cascade of white daisies, pink roses, and pink streamers tied in love-knots.

To carry out the bridal custom, the bride wore in her shoes a luck sapphire and pennies minted in the birth years of the bride and groom, given to her by her grandfather, O. E. Johnson, Portales. The pennies served as something old. She borrowed a pink appliqued handkerchief from her grandmother, Mrs. O. E. Johnson, and carried a scarf belonging to her grandmother, Mrs. W. M. Meador of Jal., with her going away ensemble. Her wedding ensemble and a tiny diamond necklace, given by the groom as a wedding present

Mr. and Mrs. Richard Alan Fowler (Karla Kaye Meador)

were new, and she wore a blue garter.

Serving as maid of honor was Miss Debbie Connor of Albuquerque. Bridesmaids were Misses Michele Jesperson, Albuquerque, and Terry Bolf, cousin of the bride of Wink, Texas. They wore identical floor length gowns of pink leno-weave dotted swiss fashioned with empire waists, puffed sleeves, and wore large pink, velvet bow headpieces. Their bouquets of white daisies and pink ribbon streamers were attached to large white lace fans.

Miss Tracy Bolf, cousin of the bride, of Wink, Texas, dressed similar to the other attendants, and Tim Fowler, brother of the groom, lighted the candles.

Mike Hillard, Albuquerque, served as best man with Jon and Geoff Fowler, brothers of the

groom, as groomsmen. Allan and Sandy Meador, brothers of the groom, served as ushers, with the groom escorting his mother, Mrs. Richard L. Fowler.

Mrs. O. E. Johnson, Mrs. W. M. Meador, grandmothers of the bride, and Mrs. J. T. Sanders, Ponca City, Oklahoma, and Mrs. P. L. Fowler of Tulsa Oklahoma, grandmothers of the groom, were presented corsages of white daisies.

The reception followed in the fellowship hall. The tables were draped with white satin and pink net accented by pink, satin roses, and pink pearl beads. The five tiered wedding cake trimmed with pink roses was topped with a miniature bride and groom. The crystal punch bowl was filled with pink bubbling punch, silver trays held nuts and pink rosebud mints, and napkins were printed in silver with their names, Karla and Richard.

For the wedding trip to Durango, Colorado, the bride changed to an aqua and white empire styled dress with a matching cape, white accessories, and a corsage from her bridal bouquet.

The bride is a 1972 graduate of Highland High School, Albuquerque, where she graduated fourth in her class of 760. The groom is a 1971 graduate of Del Norte High School, Albuquerque, and attended Oklahoma University at Norman as a law student last year. The Fowlers are at home in Albuquerque, where both are working and will attend the University of New Mexico this fall.

Out of town guests registered were: Mr. and Mrs. J. T. Sanders, Ponca City, Oklahoma, Mrs. P. L. Fowler, Tulsa, Oklahoma, Mr. and Mrs. O. E. Johnson, Portales, Mr. and Mrs. W. M. Meador, Jal., W. E. Meador, Hobbs, Allan and Sandy Meador, Hobbs, Mrs. James Bolf, Curtis, Bob, Tracy, and Terry, Wink, Texas, and Mrs. W. C. Mask, Amarillo, Texas.

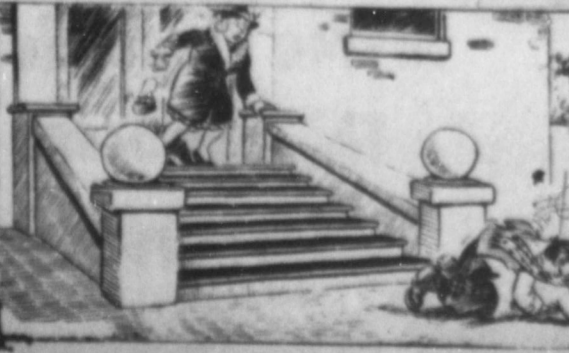

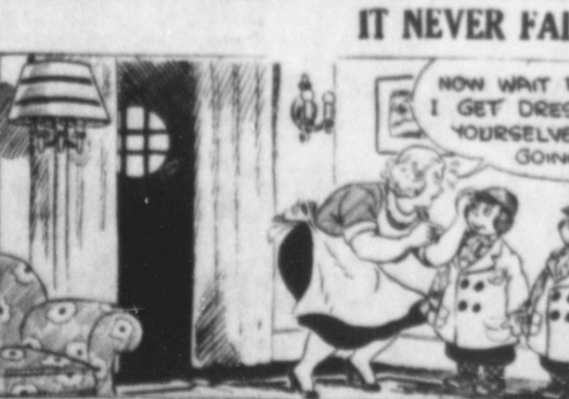

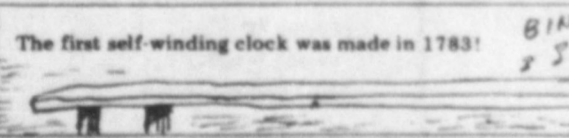

The bride is the great-granddaughter of Mr. and Mrs. C. H. Meador of Jayton, and the granddaughter of Mr. and Mrs. Martin Meador, natives of Jayton.

### 4-H Consumer Education Program Sharpens Youths' Buying Skills

"As consumers, all of us at one time or another perform as amateur accountants, mechanics, electricians, dieticians or engineers in the selection and use of products and services. Yet all too often we do not have the information nor the training for the job," says Melinda Brown, one of last year's national winners in the 4-H consumer education program supervised by the Cooperative Extension Service.

"True? It certainly seems that way in our consumer oriented society," says Lois Howard, program associate, National 4-H Service Committee. "With their own resources, young people represent an important market for consumer goods and services. And their influence on family purchases is highly significant," Miss Howard explains.

4-H members like Miss Brown of Littleton, Colo., through work in the 4-H consumer education program have learned what it takes to be smart shoppers. They have learned to plan, budget, compare and evaluate quality, and to read labels warranties

and instructions. "Encouraging young people to make decisions, consumer education relates to nearly all 4-H projects," Miss Howard states. "While previously emphasizing consumerism in home centered projects, this year's program has been broadened to appeal to teen boys as well as girls, she noted.

Adding its support to the 4-H consumer education program is Montgomery Ward, one of the nation's oldest and largest retailers. The company provides recognition in the form of medals of honor to four county winners and an expense-paid trip to the National 4-H Congress in Chicago, Nov. 26-30, as a state award.

During the gala event, Montgomery Ward will present scholarships of \$700 each to national winners selected by the Cooperative Extension Service.

Contact the county extension office for information about 4-H consumer education opportunities locally.

The Texas Squire displays the perfect form that won him the 9th Annual Purina Award for the Top Field Trial Bird Dog in the U.S. He won the coveted award with the highest number of points ever compiled. The four-year-old, white and orange Pointer is owned by Edwin Brown of Troup, Texas and trained by John Rex Gates, Leesburg, Georgia.

### Texas Squire Named Top U.S. Bird Dog

The Texas Squire has been named Top Field Trial Dog of the Year.

He earned the title by winning the coveted Purina Award for 1971-72. Louis J. Pegram, Ralston Purina Director of Professional Services, presented the award during ceremonies held at the Grove Park Inn, Asheville, North Carolina. The North Carolina Field Trial Association hosted the ceremonies.

The four-year-old, white and orange Pointer won the 9th annual award with 2,940 points, the highest number ever compiled by an award winner. The Texas Squire is owned by Edwin Brown of Troup, Texas, and trained by John Rex Gates of Leesburg, Georgia. This is the second time Gates has trained a winning dog. He trained the 1966 Purina Award winner, Safari.

Each year, the Ralston Purina Company presents its award to the dog accumulating the most points throughout the season in major American and Canadian field trials. Award points are determined by the number of dogs in each field trial event and how each dog places in the event. During the past season, the Texas Squire won the National Championship, the Saskatchewan Open Chicken Championship and the Oklahoma Open Quail Championship. He was runner-up in the Continental All-Age Championship, the Dominion Chicken Championship and the Quail Championship Invitational.

Established in 1963, the Purina Award not only honors outstanding dogs, trainers and their owners, but helps stimulate greater interest in field competition events. Some 300 pointing dogs compete each year for the prized Purina Award, the highest honor a bird dog can receive.

Brown, as owner of the Texas Squire, received the Purina plaque plus a bolo tie bearing the gold and silver Top Dog Award emblem. Gates, the dog's trainer, was awarded \$500 plus the plaque and tie.

Former winners of the Top Dog Award and their owners are: War Storm, 1963-64, owner B. McCall, Birmingham, Alabama; Red Water Rex, 1964-65, owners W. T. Pruitt, Jr. and E. B. Alexander, Jr., Jackson, Mississippi; Safari, 1965-66, owner S. H. Vredenburg, Alabama; Riggins White Knight, 1966-67, owner Dr. N. E. Palumbo, Honolulu, Hawaii; Red Water Rex, 1968-69, owners W. T. Pruitt and F. B. Alexander, Jr., Jackson, Mississippi; Johnny
