Many Are Honored At Jayton Athletic Banquet

The Jayton high school athletic banquet was held May 9th to recognize several people who had contributed to the 1973-74 athletic program.

Jess Stiles, freshman football coach at Texas Tech spoke to approximately 200 people. Supt. N. Pierce introduced him.

Master of ceremonies was Bob Hamilton, announcer for home football games.

Mike Wilson presented the fan of the year award which went to Guy Arney. Football players made the selection.

The coaches selected the person to receive the service award. This went to Ed Hilton with the presentation being made by Jerry English.

Bruce Land presented

the outstanding track award, which went to David Senn, Tom Hanke and Billie Johnson.

High school principal Preston Cleveland recognized the Cheerleaders: Billie Mc Means, head cheerleader and Dana Hahn, Nylene Sherer, Leann Kuenstler, Sally Garcia, and alternate Rena Bural.

La dell McAteer presented the outstanding back award to Mark Fincher. He also presented the outstanding lineman of the year award to Allen Kelley.

Rev. Bill Perkins pastor of the First United Methodist Church gave the invocation, and the Rev. Treut Kuenstler, the pastor of the First Baptist church gave the benediction.

Water Meeting Planned In Girard Tonight

There will be a meeting in the Girard community center Thursday, May 16th at 8 p. m.

The purpose of the meeting is to organize and to make plans to try to get water from the White River for Girard.

Every interested person is invited and urged to attend this meeting.

Remember tonight at the Girard Center to try to work out a plan to get White River water to the Girard community.

Gallagher Is Re-elected Trustee

At the Tuesday night meeting of the board Buddy Gallagher was re-installed as a member, for a new term.

In the recent run off election Gallagher polled 86 votes to 85 for Bill Sartain. They were tied in the regular election, requiring a runoff.

Gallagher received two votes in Girard, five in Clairmont and 79 at Jayton.

Sartain polled 25 at Girard, 3 at Clairmont and 57 at Jayton.

David Fincher New Student Body President

As a result of recent elections at Jayton High school David Fincher will be student body president.

He polled the most votes in a runoff with Jack Ussery.

Council members who will be on the staff with him are:

Seniors, Minette Geeslin and Paula Mayer.

Juniors, Karen Smith, and Leck Browning.

Sophomores, Jimmie Arnold, and LeAnn Kuenstler.

Freshmen, Bridgette Hamilton and Billy Ballard.

Eighth grade, K. Byrd.

Seventh grade, G r e g Nauert.

Gym Class Here May 17th

On Friday, May 17th there will be a demonstration by a gymnastic class from Townsend Elementary of Del City, Ok.

These students are of grades 1 through 6th and are coached by Dana Johnson, son of Mr. and Mrs. Carroll Johnson.

There is no charge for the program which gets under way at 7 p. m.

The group will be accompanied by Johnson and his wife.

Public invited.

David Parker Completes Work At South Plains

David Parker is one of 269 students who are candidates for graduation this year at South Plains College in Levelland.

David will receive a certificate of proficiency in a major of Diesel Mechanics.

David is a 1971 graduate of Jayton high school.

Geeslins To Observe 50th Anniversary

Mr. and Mrs. Mark Geeslin of Stephenville, will observe their Golden Wedding anniversary on Sunday, May 19th. Their children will host the event from 2:30 to 4:30 p. m. at their home at 790 South Lillain Street in Stephenville.

They have 10 grand children and two great grand children.

They made their home in Stephenville for 44 years. Mr. Geeslin retired as a dairyman, and is a former member of the Stephenville City Council and the School board.

They are active in the Methodist Church in Stephenville.

Mr. and Mrs. Geeslin were the parents of six children: Elton of Dallas, Mark A. of Jayton, Dor-

othy (Mrs. Frank Parks) of Denton, Thelma (Mrs. Dwaine Manske) of Fayetteville, Ark., and Ethel Lynn (Mrs. Wayne Travis) of Wichita Falls.

A son, Wayne, died in 1954.

They have 10 grand children and two great grand children.

Court Divides On HD Travel Allowance

In what was otherwise routine today, the Kent Co. Commissioners Court had a split vote on the matter of the travel expense of the County HD agent's program. The motion was made by Carriker and the second came from Parks. raise her travel pay \$120.00 per month. On

the taking of the motion Parks, Carriker and Byrd voted for the motion, with Dickerson voting no.

In other matters a motion prevailed to pay the bills, and also to approve the County Treasurer's quarterly report as presented by F. O. Harrison.

Local Students Are Tapped For Honors

Honor students from Jayton high school, have been named for membership in the nation's leading high school honorary,

The Society for Outstanding American High School Students, Preston Cleveland, principal said Monday.

The following local students are thus being honored:

Terry English, NaRae Gallagher, Cindy Garcia, Dana Hahn and Bobette Hamilton.

Tom Hanke, David Fincher, Paula Mayer, Billie McCombs and Timmy Parker.

Cleveland said "This is a high honor, indeed, and one of which these students may be proud, throughout their lives."

Finishes At South Plains

David Fincher, a student at Jayton high school has been selected to attend the 14th Texas Nuclear Science Symposium for high schools, at the University of Texas at Austin June 3-6.

Ronald Nauert, science teacher will accompany him.

West Texas Utilities a member of the Texas Atomic Energy Research Foundation which is joining with the University in putting on the symposium will sponsor them

Larry Powell Is Reassigned

Beeville, Texas, May --Navy Ensign Larry N. Powell, son of Mr. and Mrs. Raymond Powell of Spur, has reported for duty at the Naval Air Station, Chase Field here.

A 1972 graduate of Angelo University, he joined the Navy in June 1971.

Former Jayton Man Buys Clarendon Newspaper

Donny Richards, son of Mr. and Mrs. A. E. Richards of Ralls, this week has taken over the publication of the Clarendon Press, a weekly newspaper. He has purchased controlling interest in the paper from Dean Sinton, former publisher.

Young Richards is a 65 graduate of Jayton High School, and a 1972 graduate of Texas Tech with a degree in journalism.

DON R. RICHARDS

He is experienced in all phases of newspaper work. While a student he worked two years at the Smith Printing Co. and also worked as a linotype operator at the Lubbock Avalanche Journal. Also part of this time, he was partner with his father in the publication of the Dallas Banner, and the Jayton Chronicle.

While at Tech for three years he was on the staff of the University Daily, the last year as editor. He won many awards at the University Daily, including the "Story of the Year Award" in 1971, for an interview with the black policeman, who was suspended for having handcuffed a black basketball player during a near riot at a Tech-TCU basketball game.

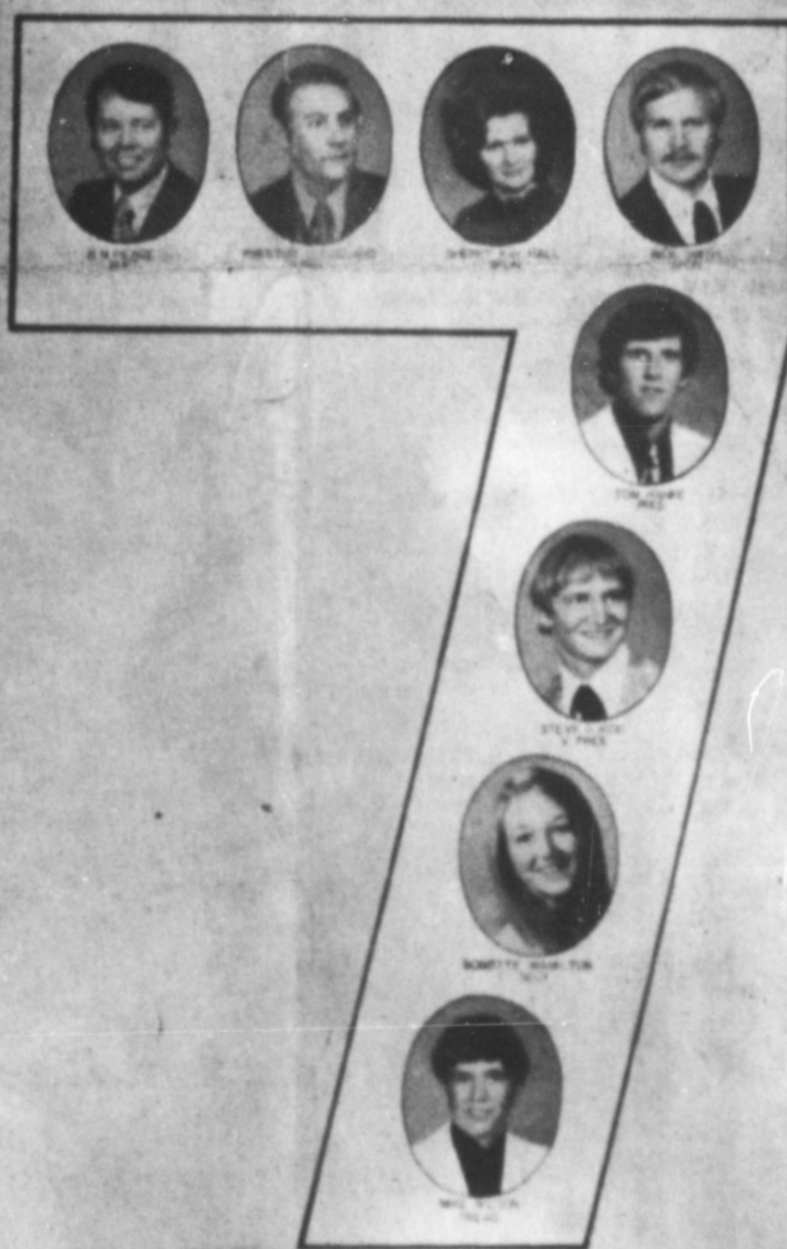

He was listed in Who's Who in American Colleges and Universities.

A member of the Sedona Tramps at Tech, he

perhaps enjoyed this more than any other campus activities.

Upon graduation from Tech he worked for the Abilene Reporter News for several months and then went to work for the Jimmy Roberts chain of newspapers, working for them at Andrews, Brownfield and Hereford. The past year he has been news editor of the Hereford Brand.

He and his wife, Melba were married in August of 1972. She was employed at the Lubbock Avalanche Journal and a student at Texas Tech at the time of their marriage. She will get her degree in Art at West Texas University this spring.

Photogenic Puppy

Irene was so captivated by her new puppy that she took him to a neighborhood photographer for a sitting. The pictures were knock-outs. In fact, the photographer decided to sell copies to an advertising agency.

Learning of his intentions, Irene hastened into court for a stop order. And the court granted her request. The judge said that when a customer hires a photographer to take pictures, the pictures become the exclusive property of the customer.

This is the usual rule. While the photographer may retain possession of the negatives, he ordinarily has no right to sell copies without the customer's consent.

Fuel For Agriculture Gets High Government Priority

"Kent County Farmers who have been unable to find fuel for agricultural production through regular channels may contact this office said Joe Favor, County Executive Director of the Kent County Agricultural Stabilization and Conservation Service. (ASCS)

"ASCS and the Federal Energy office (FEO) will operate a triple-decker back-up system for the farmers with fuel problems which cannot be resolved through procedures already available. "The first back-up solves problems quickly and simply. When a farm-

er comes to the office and reports that his distributor cannot supply the fuel, ASCS will attempt to locate a fuel source. "We will use the second back up only when we can not locate fuel locally" Winter continued. "In back up two, ASCS will contact

either the State Energy office, or the Regional FEO in Dallas. The determination of which office will be contacted in dependent upon the type of problem and where it can best be resolved. The office contacted will then aid in obtaining the necessary production. "The third backup system or phase, provides quick communications with FEO through the national office" said Winters. In certain serious situations, the county office will call the national FEO in Washington, D. C. From there the information is forwarded to the Regional FEO by the opening of the business the next day. The Regional FEO then has the responsibility to resolve the farm fuel problem.

Save Gasoline While Driving This Summer

AUSTIN—With hot weather now upon us, we are all tempted to reach over and turn on the air conditioner while driving, but we need to consider what comfort means in terms of fuel consumption. Agriculture Commissioner John C. White said.

Use of air conditioners has often been pointed to as one of the culprits in gasoline-powered highway vehicles. In a study conducted by the USDA, it was found that test cars moving at 30 mph with the air conditioning turned on traveled an average of 18.14 miles per gallon while 20.25 miles per gallon was the average with the air conditioning off.

At faster rates, consumption was only slightly more with air conditioning than without. At 60 mph, the test cars averaged 15 miles per gallon with air conditioning and 16.25 without. The reason for the slighter difference from consumption at slower speeds is that the power required to operate air conditioning remains nearly constant, regardless of speed and other motor changes.

"The difference of 1.25 miles per gallon doesn't seem like much when considering each unit, but with a 20 gallon tank, driving without air conditioning could mean 25 more miles traveled," Commissioner White emphasized.

Cheapest Cut Not Always The Best Buy

AUSTIN—What is the best buy at the meat counter? Sometimes the cut with the higher price.

"Cost per serving is the way to figure price when buying meat," said Agriculture Commissioner John C. White. "Often more expensive cuts will provide more meat and reduce the cost per serving."

A Texas Department of Agriculture (TDA) chart has been designed to determine at a glance the cost of meat per serving. It is small enough to fit into a purse.

According to TDA home economists, the number of servings per pound usually depend on the cut. A chuck blade or arm roast yield two servings per pound but a pound of boneless chuck or sirloin tip yield three. Ground beef, sausage and poultry breasts usually yield four servings a pound.

Dividing price per pound by number of servings per pound equals cost per serving. An arm roast at \$1.19 a pound costs 60 cents a serving. A sirloin tip at \$1.59 a pound costs 53 cents a serving.

For free copies of the chart write Agriculture Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

More than a FRIEND

Did you ever have a pal who was like a second shadow to you . . . a friend who was always there when you needed him . . . someone who laughed with you when you were happy, and comforted you when your turtle died or your puppy ran away?

Our world is a big place, and people, even close friends, can't always stay together. One day you had to say "goodbye" and go your separate ways.

Since then, you've found new friends. You've also found an emptiness, a need, which people alone could not satisfy. We need a goal at the end of life's path and unending strength and guidance along the way.

Only God can fill this emptiness. Only God can be with you the entire length of your path. And when you reach the end? Only God can take you safely beyond.

Come to church this Sunday. You don't have to walk alone.

- Sunday 1 John 1:1-10
- Monday Revelation 20:1-15
- Tuesday Revelation 21:1-7
- Wednesday Revelation 21:21-27
- Thursday Revelation 22:1-7
- Friday Revelation 22:8-15
- Saturday Luke 4:1-15

From The Recipe Files
Of Opal Richards

Old Fashioned
Strawberry Shortcake

2 cup flour
3/4 tsp. salt
1 tbs. baking powder

Sugar
1/4 cup plus tsp.
shortening
3/4 cup milk
3 pt. strawberries
soft butter
whipped cream or ice cream

Sift flour, salt and baking powder into mixing bowl; add 1 1/2 tsp. sugar. Cut in shortening thoroughly until resembles coarse cornmeal. Add milk, all at once. Stir together quickly until milk is blended. Turn out on floured board; knead for 30 seconds.

Roll dough into 2 large round circles, 3/4-inch thick. Place on greased baking sheets.

Bake at 450 degrees for 10-12 minutes or until golden brown.

Wash, hull and crush berries, reserving a few whole berries for garnish. Add 3/4 cup sugar to berries; let stand in warm place. Butter the shortcake layers while warm; keep layers until serving time. Place half the berries between layers; top with remaining berries. Serve with whipped topping or ice cream. Yield: 8 servings.

Fresh Strawberry Pie

1 1/2 qt. fresh strawberries, drained
1/2 cup water
2 1/2 tbs. cornstarch
1 tbs. butter
1 baked 9-in pastry shell

combine with water, sugar and cornstarch. Bring to boil; boil for 2 minutes or until mixture is clear. Add butter; strain mixture. Spoon over strawberries, making sure all are covered. Cool; serve with whipped cream.

County HD Council
Has Monthly Meeting

The Kent County HD council met at the Kent county community center May 8.

Those wishing to have their pressure cookers tested are advised to contact Mrs. Bobby Stanaland at her office in Jayton, or the club members.

These dates are to be noticed: May 13 at 9:30 am for the achievement day tour. The Girard area will be first. They will start from the Girard community center. The tour will be showing the projects the members have completed during the year, as instructed by Mrs. Stanaland, HD Extension agent. Visitors are welcome to make the tour.

The Kent Co. Fair will be Oct. 12. Look for further information on the fair date.

The following council officers were elected: Mmes. Earnest Thomas, council chairman, Bill Perkins, vice chairman, Jake Fuller, secretary; Lois Simpson, reporter, Bill Perkins, 4-H chairman, Jim Wyatt, finance, Jake Swearingen, recreation and Ben Boland, E. E. E. Chairman.

Mrs. Bill Perkins reported the 4-H work of Kent County, at the Wichita Falls meeting.

Mrs. Wyatt and Mrs. Boland gave the club reports. 29 people registered for the book review, given by Mrs. Herbert Lewis.

Nine members and one visitor answered roll call.

Next meeting is scheduled to be held June 12.

No Need To Squeeze The Oranges

Fresh-tasting orange juice used to be a luxury most Americans couldn't afford. But today it's an everyday breakfast treat in the average home, thanks largely to agricultural research.

The process for developing frozen orange juice concentrate grew out of research at the U.S. Department of Agriculture lab in New Orleans.

Now, less than 30 years later, you can buy frozen orange juice for about half what you would pay to buy enough oranges to make a comparable amount of juice. And besides that, you can leave the squeezing to the processor.

Tastier Tomatoes Ahead For Shoppers

Tastier tomatoes are in the offing for consumers as the result of a new variety developed by agricultural scientists in Florida.

The new tomato can be harvested when it's fully ripe. Most present varieties are usually picked when pink-ripe to prevent spoilage before reaching consumers.

Called the Florida MH-1, the new variety is reported to hold up well in harvesting, packing, and shipping.

Market tests on the new red type showed strong customer preference for it over pink-ripe varieties.

Peanut Butter Was Early Health Food

Peanut butter was developed back in 1890 as a so-called "health food."

It was invented by a St. Louis physician who was seeking a nutritious, easily digested, high-protein food for his patients.

Today, more than half of the nation's peanut crop is used each year to make peanut butter.

India reports steadily improving ties to U.S.

My commission expires June 1/75, 1975.

Adequate Fuel Supply Is Very Necessary For Low Food Costs

An adequate fuel supply at moderate prices goes a long way toward keeping food costs down, but the price of fuel, as everyone knows, is going up.

Farmers have to cover this cost in the prices they receive for their products. Right now, agriculture uses about 100 gallons of gasoline each year to produce the food for each American.

Every one cent increase per gallon of fuel on the farm could add about \$200 million to the expense of raising the nation's food. Whatever the price increase, it will affect the price consumers pay for finished food products.

Today's farm depends heavily on adequate supplies of gasoline, diesel and other petroleum products to maintain food production.

In 1973 farmers used about 4.0 billion gallons of diesel fuel, and 1.3 billion gallons of liquid petroleum gas. This amount to about 3 percent of the petroleum used in the United States in the year 1973.

Not only is adequate fuel necessary, it must be available when it is needed. Delays in getting fuel result in less food production. In the corn belt, each day's delay in planting corn between May 1 and May 16 means a bushel less corn per acre at harvest time.

Each day's delay between May 16 and May 30 means two bushels of corn less at harvest time.

To meet the growing demand of food, millions of acres of land diverted from crop production in recent years have now been returned to cultivation. Some 25 million acres of these lands were planted to crops in 1973, with an additional 10 to 16 million acres scheduled to come into use in 1974.

As the remaining acres are returned to production, the fuel demands for farming will increase.

More efficient equipment, such as diesel-powered tractors, is a partial solution to the fuel problem.

By 1980 an estimated 90 percent of all tractors will be diesel powered. Other technical advances such as alternate fuel sources and new types of fuel, are being researched and considered.

WEEK END GUESTS
Guests of Mr. and Mrs. Bruce Land during the week end were her parents, Mr. and Mrs. W. F. Conner of Lamesa and her sister, Judge and Mrs. Glenn Toombs of Ft. Worth.

WEEK END GUESTS
Guests in the home of Mr. and Mrs. Joe Favor over the week end were: Kathy Favor of Pecos, Mr. and Mrs. Roger Favor and Lyndall Favor of Lubbock and Mr. and Mrs. Pierce Rogers of Abilene.

MUSICAL PROGRAM
The Youth Choir from the First Baptist Church went to Stamford Sunday night to present a musical program.

McAdoo VISITORS
Mr. and Mrs. Johnny Hamilton of McAdoo visited Mr. and Mrs. Larry Williams and children, Sunday.

ABILENE VISITORS
Mr. and Mrs. Claude Johnson of Abilene visited Mr. and Mrs. Bob Hamilton and girls last week end.

DAVIS' GUESTS
Mr. and Mrs. Kenneth Davis and daughter of Lubbock spent the week-end with Mr. and Mrs. Monroe Davis.

A Home Garden Will Help To Hold Down Food Prices

Reducing food bills is just one good reason for having a home garden, according to a local soil conservationist.

"Many young people, and adults too, have never had the satisfaction of such educational experiences as cultivating the soil."

"Children are pretty sick these days of being told that they are living in a pre-packaged, quick frozen world—even if it is true. A small garden can teach a lot about soil and water conservation and an appreciation for the productivity of the earth" he said. "This is a good reason for having a home garden."

"Another thing you hear a lot about these days is 'quality of life,' Geeslin said. "And it is my view that the superb flavor of your own fresh wilted lettuce salad, corn on the cob, and home-grown tomatoes improve your quality of life. This is another good reason for having a home garden."

"When you put in your garden, don't forget the need for soil and water practices" he said.

"Contact my office, and I will provide you with two little leaflets that will give you some good suggestions on garden pests, varieties, or diseases, gestions on home garden."

AMARILLO GUESTS
Mr. and Mrs. Buzz Daniels and family of Amarillo spent the week-end visiting Mr. and Mrs. Bill Daniels and Mr. and Mrs. Edd Kyle. On Sunday the family met at the home of Mr. and Mrs. Eddwin Kyle for dinner.

Mrs. Lee Parker, and David visited Mr. and Mrs. Ronny Culpepper, Kenda, and Karla of San Antonio and Mr. and Mrs. Gary Hogan, Holly and Heather of Centerpoint last week end. They also visited with Lt. Col. and Mrs. E. J. Burney while in San Antonio.

GRAVESIDE SERVICES
Graveside services were held here Saturday afternoon for George Rice, 57, of Big Spring.

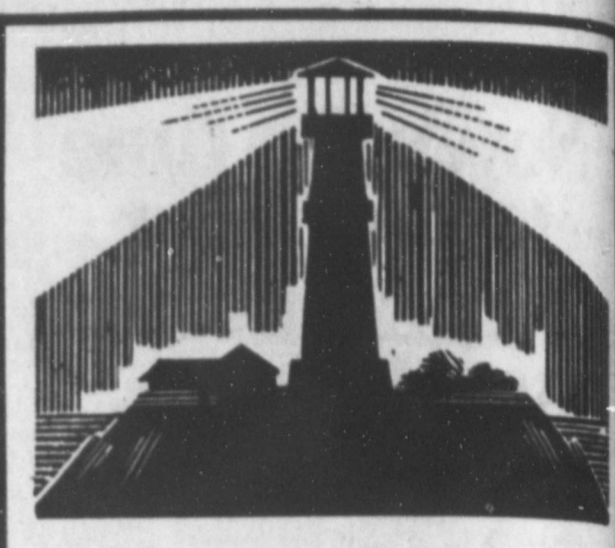

VISIT MOTHER
Mr. and Mrs. Carlos Bass, Terry and Dana of Post visited her mother, Mrs. Oleta Moore Sunday.

VISIT PARENTS
Mr. and Mrs. Robert Bolch and daughter, Serena of Andrews and Mrs. Mildred Elkins of Aspermont visited their parents, Mr. and Mrs. J. H. Bolch this week end.

conservation. If you have questions of garden pests varieties or diseased, you should contact your University Extension Service office" he said.

Cream Puff Excellent Prices

Right now it makes even more sense to buy a Chevrolet Pickup.

These days, when economy and value are so important, a Chevy truck makes more sense than ever. And right now, we've got the selection of pickups you need. Fleetsides, Stepsides, Sixes and V8's—most equipped with popular available options. They're in stock and ready to go. And look what you get.

Computer-matched brake systems.
Complete brake systems with front disc brakes are computer-matched to pickup size and capacity at the factory. Heavier duty pickups get heavier duty brake systems. In addition, front disc brakes on most models have a built-in lining wear sensor. It sounds an audible signal when pads need replacement. Helps guard against damage to the rotor.

Tough double-wall construction.
Chevrolet puts two walls of steel in many critical areas around the cab and Fleetside pickup box for durability. You'll find it in the hood, front fenders, cowp, upper rear body panels, Fleetside body side panels and tailgate—even in the roof.

Massive Girder Beam front suspension.
Chevy puts a massive steel beam up to 10 1/2 inches wide and 4 1/2 inches thick between the front wheels on 2-wheel-drive models. At each end, strong steel control arms and friction-free coil springs flex freely, allowing front wheels to step over bumps and help smooth the ride.
