

THIS WEEK IN JAYTON

Every time two farmers get together, you can be sure one of them will mention the matter needing a good rain.

Now days there is a bumper sticker slogan we see on cars more and more. It says "If you eat you are involved in agriculture." Nothing could be more true.

Merchants in any agricultural town are very aware of this. They share with the farmers their joys and sorrows, because the ups and downs of their businesses, rise and fall completely parallel with that of the farmers.

Have you read anything in the papers the last few days about Watergate? Well, if you have read the papers you have, because they have been stuffed with it since the recent release of evidence by the committee in Congress studying impeachment.

All surveys indicate the public is sick and tired of a diet of watergate. But this does not slow down the wire services, or the daily papers. They continue to pour out reams of copy every day.

I, too, am tired of reading so much about Watergate. Particularly all the rewrites and rehashes of the same old stuff. But by this I don't mean I think it should be swept under the rug.

I think every liar and every thief, that has been involved in the Watergate incident should be ferreted out, tried, convicted if guilty, and then should be made to satisfy justice, just the same as any private citizen who goes wrong.

It may be rather "old timey" but I hold to the belief that even elected, appointed, and hired public officials should act with truthfulness, honesty and conscientiously in their work on the public payroll. How do you feel?

About People You Know

Ollie Hale of Fort Worth passed away recently after an extended illness. He was the brother of Earl Hahn.

Mrs. Les Matthews, Mrs. Jackson East and Mrs. Earl Hahn attended an estate sale in Spur last week.

A fire Thursday evening destroyed a barn on the D. Patterson Ranch.

Mr. and Mrs. John A. Vardiman of Denver City visited Mr. and Mrs. Floyd Hall and Leella Wednesday and Thursday last week.

Mrs. Bill Sartain and Billie Sartain were in Dallas last week while Billie was looking for a job and a place to live. She is working for Jones-Blair.

Mr. and Mrs. Bobby Weaver of Haskell visited Mr. and Mrs. Bill Sartain over the weekend.

Monte Sartain and Quenten Tarrant and several other Kent county kids are entered in the Little League rodeo at Spur this weekend.

Don Russell and Darlene Dill of Abilene were married last week. Don is the son of Mr. and Mrs. Albert Harris of Girard.

Mr. and Mrs. Bill Sartain are becoming pretty good shepherders. Their sheep left home and they were the better part of a week hunting them. They finally caught one out near Hobart Lewis's farm and another near Jack Daugherty's farm.

Melodie SoRelle visited her aunt, Mr. and Mrs. Vaughn in Post last week.

Education Grant Made To The Jayton School

WASHINGTON, D. C. --Congressman Omar Burrell announced today a \$905,000 Office of Education grant to the Jayton-Girard Independent School District.

These funds will be used to provide programs and projects to meet the special education needs of educationally deprived children in pre-school programs, elementary schools, and certain selected secondary schools if the local educational agency determines there is a need.

The grants have been made available under Part C of Title I of the Elementary and Secondary Education Act which provides special programs for educationally disadvantaged children.

Clark Reunion Held At Girard Center

The descendants of Mr. and Mrs. E. W. Clark had a reunion at the Girard Community Center July 13 and 14.

Traveling the greatest distance were Mr. and Mrs. Jimmy Hickman, Larri, Lettie and Hershel of Belgrade, Yugoslavia. They showed some slides of Turkey, Russia, Libera, Hungary, Austria and Yugoslavia.

G. Cook, Bennett, Clint and Jayne of Aspermont, Mrs. Elsie Lundy of Stinnitt, Mrs. Joe Parham, Greg, Terry and Nanci of Lubbock, Miss Johanna Gallagher of Lubbock, Miss Suetelwyn Gallagher of Amarillo, Mr. and Mrs. Kenneth Clark, Eddie and Brian of Wolfforth, Mr. and Mrs. Alton Clark, Mrs. Fred McGaha, and Mr. and Mrs. Garth Gregory, Patricia and Penny all of Girard and Mrs. Una Hunnicutt, Mr. and Mrs. Buddy Gallagher and NaRae, and Mr. and Mrs. J. A. Kidd, Steve and Kenny all of Jayton. Mrs. Lois Turner and Mrs. Albert Harris stopped by to visit Sunday afternoon.

After arriving in Danger, we checked in at Nick-sick Hall, unloaded our suitcases, and got dressed to report for workout. We ate from 5:00 to 6:00 and then went to the gym. We started out by meeting everyone and then on to some drills until 9:00. Each morning we woke up at 7:00 and ate from 7:30 until 8:30. At 8:30 we worked out until 10:30, had a break until 11:00 and worked out until 11:30 and finally got to eat lunch. After lunch we had our league games. Monday and Tuesday night we went swimming and ate watermelon. Wednesday we had a talent show. On Tuesday night we had our all-star games. We were all able to be on the teams.

Lady Jays Attend Ranger Summer Camp

On July 7, 2 sponsors, 6 girls, and 16 suitcases loaded in the station wagon headed for Ranger Jr. College to basketball camp.

Those attending were Danella Sartain, Shelly Williams, Brigette Hamilton, Grace Rider, Barbara Baker, and Erin Hahn, Sylvia Sartain and Lou Williams drove the girls to Danger.

We were all able to be on the teams. Coach Heard came to watch us Thursday and Friday. Friday at 12:00 we had a show for the parents about all of our fundamentals. We all brought back a handful of ribbons. Danella Sartain received 2 trophies for Free throw Champ and one for Most Valuable Player-Offense.

The Hamiltons and the Hahns came to pick us up. The state champs '78-'79 would like to thank the school for making it possible for us to attend. They report they had a TERRIFIC time.

Attend Workshop

The Texas Association of Student Council Workshop at West Texas State at Canyon was held July 7-12. Those attending from Jayton High School included David Fincher (local chapter president), Minnette Geealin, Paula Mayer (Senior representatives) and Preston Cleveland (High School Principal).

Over 100 students attended the workshop. Participants were divided into five groups and given problems common in Texas schools. Solutions to the problems were presented as skits. During the day special classes were conducted on Leadership, Parliamentary Procedure, Spirit, Communication with the Faculty, Community Communications, Assemblies, and special events in school. Special activities included a presentation by Jon Holstein on "On How to Get Along With Other People."

Other activities included a trip to Palo Duro Canyon to see the presentation "TEXAS" and sports and games. A banquet was held the final night and each group was asked to decorate. The students who attended the workshop are looking forward to using what they learned during the coming school year.

Jaybirds Rate Third In West Texas Area

The Jayton Jaybirds have been rated the No. 7 Class B team in the West Texas area according to a prediction by a football magazine released over the weekend.

However, the magazine, "Top O Texas Football" predicted Bronte to win the District 3-B title with the Jaybirds finishing in the middle of the pack. Bronte was not rated among the top teams because it was listed as a central Texas town rather than West Texas or Panhandle.

The magazine also placed Jaybirds Mark Fincher and Allen Kelly to the pre-season elite team of the top 22 players in Class B in West Texas. Kelly was listed as an end and Fincher as a running back.

"The outlook should be bright in Jaybirds country, but overall lack of depth will be the key factor. If they can get by without injuries, look for the Jaybirds to go as far as they did last year," the magazine predicted. "But if a key player or two gets hurt it would be hard for them to have a winning season."

Healer 50th Wedding Anniversary Is Held

Relatives and friends attending the Healer Golden Wedding reception Sunday from out of town were, Mr. and Mrs. Sidney Owens of Clyde. Ophelia Coff of Phoenix, Arizona. Lucille Smith of O'Donnell. F. E., Louise and Pat Healer of Sweetwater. Lorene Wilburn of Roby. Delbert and Helen Dunn of Abilene. J. D. McCormick of Roby. Mr. and Mrs. John Harrison of Odessa. Mr. and Mrs. E. M. Strickland of Rotan. Harold Wayne Judy of Lubbock. Debbie Rister of Lubbock. Beth and Kim Partridge of Lubbock. And many of our Jayton friends which we love and appreciate. God bless all of you for making this day a wonderful day for us.

Land Use Planning

"Land Use Planning, How and by Who?" was the theme of the Texas Council of Soil Conservation Society Chapters annual conference at the Green Oaks Inn in Fort Worth on July 12-13, according to Roy Hauger of Rosenberg, president.

William L. Vaught, national president of the Soil Conservation Society of America gave the keynote address after a welcome to Fort Worth by Mayor R. M. "Sharkey" Stovall. Vaught is head of the Soil Conservation Service's technical service center in Fort Worth.

Other speakers included Dr. Don Williams, Houston, director, Rice Center for Community Design and Research; L. D. Whitehead, Del Rio, President County Judges' Association of South Texas, and Bob Armstrong, Austin, commissioner, General Land Office.

The Texas Council is composed of 22 member chapters. Most members of the society are professional conservationists, planners, scientists, and teachers. Dale Butler, District Conservationist at Jayton, attended the conference.

Guests of Mr. and Mrs. Odell Harrison the past week end were, Mr. and Mrs. Dwain Healer of Sonoma, Calif., Barb Healer and Mr. and Mrs. Willie Lee Healer of Napa, Calif.

Little League Baseball

The Stonewall-Kent All Star game, which was to have been played Monday night, was postponed due to the condition of the playing field. The game will be played at Aspermont Thursday, July 18 at 7:30 p. m.

July the 8th the Jays traveled to Rotan for a final round with Rotan. The Jays came home feeling very proud holding Rotan to only 4 runs. Jayton scored only once but played a good ball game. Only nine boys attended the game. Gene Cleveland pitched for the losers with Robert Segura catching. Morales pitched for Rotan with Holt catching.

July 11 the Jayton Jays lost to Spur although they outscored Spur 15-10. Jayton only had 8 players show which gave the game to Spur but they decided to use a couple of little boys and play the game. Spur scored 4 times in the first inning, 4 times in the third and 2 times in the fifth. Jayton tied the game with 4 scores in the bottom of the first inning. Again they tied it with 4 scores in the third and a good triple for Kenny Kidd. And a home run for Robert Segura with 2 on base put Jayton out in front with 7 scores in the fifth Lanny Hall pitched for Jayton with Robert Legura catcher. Hunt pitched 2 for Spur and Crawford pitched 3 with.

The Rotan Junior League team came to Jayton on Monday night July 1 and went away happy with a win that was closer than the score showed. The Jayton Jays lost 10 to 6 but threatened in almost every inning leaving a total of 11 men stranded. Lanny Hall did the pitching for the locals and he allowed 10 runs on 10 hits with the damage coming in the first inning when Rotan scored 6 runs. The Jays outplayed the visitors for the remaining innings but couldn't close the gap. Kenny Kidd was 2 for 4 with a triple for his turn at bat and Gene Cleveland made it to first each of his batting turns but was left stranded.

The Jaytons Jays, Kent County's Junior League team, went to Spur on Thursday June 27 to meet the Spur team and came home losers by a score of 9-4. A rally in the 6th inning by Lex Lunnam and Lanny Hall hitting doubles failed. Jayton scored once before being retired to end the game.

School Accepts Bids For Air Conditioning And Renovations

In a regular meeting of the Jayton School Board July 11th, the following orders were passed:

Johnny Fowler made the motion seconded by Garth Gregory, to accept bids for renovation, roofing and air conditioning from M. L. Pirtle Const. Co. for amount of \$124,500.00. Other bid was B. D. Chick of Abilene for \$138,975.00 of Abilene. This motion passed.

John A. Kelley made a motion, seconded by Billy John Harrison to amend the budget as presented. This carried.

Kelly made a motion, seconded by Harrison to accept the recommendations of Supt. R. N. Pierce and employ John Gibson for Band Director.

Harrison made a motion, seconded by Harold Parker, to call for bids for gasoline and butane, and milk. This carried.

Motion made by Parker and seconded by Harrison to approve the minutes of the last meeting.

Motion made by Gregory and seconded by Harrison to pay the bills. This carried.

The Texas Highway Patrol investigated no accidents on rural highways in Kent County during the month of June, 1974, according to Sergeant Frank Jircik, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and no persons injured.

The rural traffic accident summary for this county during the first six months of 1974 shows a total of two accidents resulting in no persons killed and three persons injured.

Heather Reynolds of Midland is visiting her grandparents, Mr. and Mrs. Monroe Davis.

Mrs. Bill Perkir, Joak Nita and Marlon to the eye doctor in Abilene Wednesday.

Mr. and Mrs. Mark Montgomery and Mrs. Amie Perkins visited in Midland last week. Mrs. May Staten and children brought Mrs. Perkins home Saturday and visited through Sunday.

cantaloupe or honeydew filled with fruited gelatin.

## Frosty Melon

For a spectacular flavor combination, try lime gelatin in cantaloupe or a red gelatin in honeydew melon.

**1 package (3 oz.) Jell-O-Gelatin (any fruit flavor)**  
**1 cup boiling water**  
**3/4 cup cold water or drained fruit syrup**  
**1 medium cantaloupe or honeydew melon**  
**1 cup drained fruit**  
**2 or 3 packages (3 oz.) each cream cheese**  
**2 tablespoons (about) milk**  
**Dissolve Jell-O-Gelatin in boiling water. Add cold water. Chill until very thick. Meanwhile, peel melon, leaving it whole. Cut a slice from one end, scoop out seeds,**

**and drain well. Then place melon upright in a bowl. Fold fruit into thick gelatin; spoon into melon. Replace cut slice; fasten with toothpicks. Chill. (Pour any remaining gelatin into a small bowl, chill, and serve at another meal.)**  
**Before serving melon, blend cream cheese and milk until smooth and fluffy. Cut a thin slice from one side of melon for a firm base; place on plate. Spread cheese over melon. Slice to serve. Makes 4 to 6 servings.**

## Watermelon Bowl

Watermelon Bowl or Melon Baskets for salad service will delight your guests

**Cut watermelon lengthwise in a 1/3 to 2/3 proportion. Remove top third. The cut out melon balls with a French vegetable cutter. Chill. Mark off 2-inch spaces on cut**

**edge of melon and cut out triangular sections between each marker, making a notched edge. Fill bowl with chilled watermelon and cantaloupe balls.**

## Melon Baskets

**Locate the center between the ends of a melon. One inch on each side of this point, make a cut downward 1/3 of the distance through the melon, make another cut 1 inch on the other side of the center point, thus making a 2-inch strip**

**through the center down 1/3 way through melon. Cut from each end in toward center to this strip on each side and remove portions of melon. Remove edible portions of melon with French vegetable cutter or a spoon, chill.**

## Eating Chemicals

One form of "progress" Americans enjoy is that they eat more chemical additives in their food than other peoples. The original brainstrom is usually that of producer, packer or retailer. He adds a chemical to enable him to avoid recall of food which grows stale on shelves.

The classic example is American bread, loaded with calcium propionate so that it feels fresh a week. But, of course, it isn't fresh in the traditional sense, as is daily baked bread, still demanded by many European housewives. And though some communities and states have at last acted to require bakers, dairymen, poultrymen, etc., to clearly date their food packages, many supermarkets and producers still use codes and secret marks which prevent the customer from knowing when a product is stale.

Store personnel reply to criticism of the system by saying all old foodstuff is removed on the right day, etc. But this is not done; nothing this intricate and massive works perfectly every time.

Recent information from the Senate Select Committee on Nutrition hints nitrates and nitrites so often added to meat and fish products could be harmful. Already various colorings, certain artificial flavors and other additives have been found harmful.

No editor can offer final, expert advice to Americans on the question of bread, food or meat additives. All that can be safely said is that the wise individual will avoid as many as possible of the additives packers and producers utilize for commercial advantages—and seek pure foods and meats genuinely fresh or cured without chemical additives.

## Lightning

The National Safety Council has warned that few are concerned over the danger of lightning.

Yet one statistician recently determined that during the April-October lightning season, the average person can expect forty to eighty bolts within half a mile. The same statistician claims more than a third of all fires in rural areas are caused by lightning.

The safest places in lightning storms are in homes, steel-framed buildings, or in an automobile with windows closed. If in the open, seek a low place, such as a ravine or ditch or lie flat on the ground.

One or more Americans are killed each week by lightning.

Mrs. Gary Hogan, Donnie, Holly and Heather of Centerpoint, Texas are spending the week with the Lee Parkers.

Relatives who have been visiting Mrs. W. L. Bucklew were: Mrs. George More and Penny of Carrollton, Mrs. Ann Ackery and Mrs. George Johnson of Bellville and Mrs. E. M. Hamilton of Bryan.

### Fashion

Pierced ears, which was quite the thing in our great-grandmothers' age, is back and is popular with all ages. The small pearls, diamonds or gold earbobs are considered best.

Attractive clothes for the toddlers are made of knitted goods. Overalls in bright colors and short pants sweater suits are favorites.

Many of the long haired girls are pulling their hair out on top of the head these hot summer days.

If you think it's hot now, wait until August and September.

## Double-Deckers

Double-decker buses, a tourist attraction in England for many years, may be staging a comeback in America.

Tried earlier in this century in a few localities, the double-decker didn't survive. Perhaps congestion was not bad enough at that time.

Whatever the reason, New York is reviving double-deck bus service on Fifth Avenue and Riverside Drive next year, twenty years after its last experiment with these vehicles.

Double-deckers are also to be tried in California; they are expected to ease congestion and reduce operating costs. Perhaps fares will come down a bit, if they prove popular.

## Gilbert Rites In Clairemont

Graveside rites for George L. Gilbert, 68 of Brady, were held at 3 p. m. Wednesday in the Clairemont Cemetery. Officiating was the Rev. Ruben Capps, Weathersbee Funeral Home of Rotan in charge. Gilbert, a native of Kent County, died Sunday in the Heart of Texas Memorial hospital in Brady.

Active in England during World War II he was an Army Career man, for 20 years.

## THE FAMILY LAWYER

City Without  
Cigarettes?

Members of the city council in  
a midwestern community became  
so worried about the cigarette  
problem that they decided to "go  
all the way." They passed an or-  
dinance forbidding the smoking of  
cigarettes anywhere, any time,  
within the city limits.

In short order, a man was ar-  
rested for smoking on a downtown  
sidewalk. But instead of paying  
the fine, he chose to make a test  
case out of it. And after due de-  
liberation, the court ruled that the  
ordinance was unconstitutional --  
"an unreasonable interference  
with the private rights of the citi-  
zen."

The decision illustrates that  
even in the field of public health,  
there are limits to the power of  
government. Nevertheless, more  
moderate regulation of cigarette  
smoking has been upheld re-  
peatedly.

Thus, another court sustained a  
city ordinance against smoking in  
street cars. Finding this a reason-  
able approach to the cigarette  
problem, the court commented:  
"Smoking is agreeable to those  
who have the habit. But it is dis-  
tasteful, and sometimes harmful,  
to those compelled to breathe the  
atmosphere impregnated with to-  
bacco in close and confined  
places."

What about the regulation of  
cigarette vending machines? A  
city ordinance sought to ban all  
such machines from public places.  
A vending company promptly  
challenged the ordinance in court,  
arguing that it was aimed at the  
"lawful business" of selling ciga-  
rettes.

But the city replied that its pur-  
pose was simply to prevent the  
sale of cigarettes to minors. This  
was a matter of legitimate public  
concern, said the court, upholding  
the ordinance.

"The automatic vendor," the  
court pointed out, "must sell to  
any and all who insert coins. It  
has no powers of discrimination.  
Hence it is condemned."

## THANK YOU

We want to thank each and all of our friends for  
helping in any way Sunday on our "Anniversary  
Day." We are sure a lot of things were done to help  
us that we did not know about.

All of the gifts are so nice and very much ap-  
preciated. There was a gold bath towel with no  
card or name. We would like to know in order that  
we may acknowledge and thank you for it.  
Friends are a golden gift.  
God bless all

What's it to you... THIS  
CHURCH  
GOING?

Why, you say, do ministers and other Chris-  
tians so constantly urge you to go to church?  
It's probably because you're human. They  
know that there lies within you an urgent lack of  
confidence in yourself, a feeling of dependence on  
a Supreme Being. When you lift your heart in  
prayer or raise your voice in hymns of praise, your  
spiritual energy is renewed.  
They know, too, there is something in the  
human heart that makes men brothers—more  
fully satisfied to SHARE in worship.  
Going to church is all that . . . and much more!

### Kennedy Leads

Despite all the hoopla and campaigning by other Democ-  
 rats, Senator Edward Kennedy continues to maintain a  
 comfortable edge as first choice for his party's top nomi-  
 nation in 1976, according to the polls.

The latest Harris poll actually shows the Kennedy mar-  
 gin increasing--to 35 per cent, compared to Governor George  
 Wallace's 21 per cent. No other candidate received as much  
 as ten per cent support.

Senator Henry Jackson (Wash.), who has been actively  
 campaigning, was favored by 9 per cent of Democrats polled;  
 Senator Edmund Muskie had 8 per cent support; Senator  
 George McGovern was favored by 6 per cent.

If the trend is not sharply altered, it appears Kennedy  
 and Wallace will control the convention. If Wallace would  
 accept second spot on the national ticket (a major "if"), a  
 Kennedy-Wallace ticket in 1976 is a distinct possibility.

### Court On Press

The Supreme Court's recent unanimous decision that a  
 Florida law granting office seekers abused in the press the  
 right of reply was an unfortunate ruling because it was  
 widely misunderstood.

The ruling itself was based on the narrow premise that  
 the government could not step in and direct the policies of  
 newspapers. The court decided this would abridge the first  
 amendment. But that first amendment also guarantees free  
 speech to every American, and that raises a question which  
 has disturbed many citizens, especially in the wake of the  
 recent court ruling.

The news media in America today is close to all-power-  
 ful. It can and does slant the news. It can and does control  
 the fate of politicians. It can and does defy courts, federal  
 and state governments and local governments--when it wishes  
 to do so.

There must be a method to control abuses by the media.  
 Private citizens, including citizens campaigning for public  
 office, deserve the right to reply to slanted or erroneous  
 attacks by the media. To guard the media's independence  
 is important but so is the right of every citizen to fair play,  
 including fair play in a media which today largely controls  
 the elective process.

That is the problem the Supreme Court left unan-  
 swered in its recent decision, hailed so enthusiastically by the press.

### The Money Shows

Television is once again turning to money winning shows  
 to attract audiences. Having turned off millions of viewers  
 with slanted news reporting in the past year (which the  
 surveys prove) and under heavy criticism for their reliance  
 on crime and shock to draw audiences for their sponsors,  
 the money show seems to be the logical tact.

One needn't go back too many years to recall the crook-  
 ed television of big money show days. To attract more and  
 more viewers dishonest shows, with all kinds of fantastic  
 answers to fantastic questions by taxi drivers, others in  
 ordinary walks of life, etc., were staged.

The crooked system was exposed and money shows went  
 down the drain. Now they're on their way back and one can  
 only wonder how long it will be before the greed of produc-  
 ers and network officials turns what one must assume is a  
 new, honest start into dishonest practice, for bigger audi-  
 ences and more money from sponsors. Of course, since  
 there is practically no control of network practices by any  
 elected authority, they are, in effect, free to exploit the  
 American people at will.

### Senseless Murder

In trying to comprehend the continuing rash of senseless  
 murder and killing in the United States, one must point a  
 finger at television, which, despite regular claims of a clean-  
 up of excessive violence, continues to teach the young,  
 impressionable and disadvantaged how to commit crime.

The killing of two persons in an Atlanta church recently,  
 including the late Martin Luther King's mother, was a par-  
 ticularly senseless act of violence--in the same insensit-  
 ive pattern as so much glamorized, cold-blooded television  
 crime.

The question is no longer really debatable. Too many ex-  
 perts have testified before periodic congressional investi-  
 gations to leave neutral observers in any doubt that the  
 deluge of glamorized television crime is bad for the country.

There is money in crime and shock shows, which attract  
 large audiences for sponsors selling products, and commer-  
 cial television puts profits first. And no one has much con-  
 trol over the three monopolizing networks, which shrewdly  
 claim they're part of the free press (which they aren't), and  
 wave the free press and anti-censorship flag at every at-  
 tempt to control them in the public interest.
