New Policy for 'Hot Checks' Announced by County Attorney

Due to the dramatic increase in the number of hot checks being referred to his office for collection or prosecution, David G. Lewis, Sherman County attorney announced a new policy on handling hot checks.

So that merchants and individuals who receive bad paper may understand and be able to comply with this policy, the counsellor has set forth the following guidelines:

Never take a check from someone you do not know, especially someone from out-of-state, without valid identification such as: a current driver's license. Write the license number on the check along with address, and if possible, the check writer's social security number and a credit card I.D. number. On the memo line of the check write the items purchased, the services rendered, and the account number if paid on an open account. For example, "cash and groceries."

When a check is returned to you marked insufficient funds or account closed, bring it immediately to the county attorney's office. They will issue

a demand letter by certified mail, return receipt requested, to the maker of the check and allow: ten days on in-town checks, 15 days on out-of-town checks that are in state, and 30 days on out-of-state checks.

After that period, if word has not been received from the maker as to his honoring the bad instrument, a warrant will be sought for his arrest.

Checks of up to \$200 will be prosecuted in the county attorney's office, and checks of \$200 or more will be referred to the district attorney's office for investigation and grand jury indictment. If a case is referred to the district attorney, the complaining party will be informed by mail.

Participation and cooperation by Sherman County merchants and individual citizens in this new policy will be both helpful in the satisfactory resolution of these unfortunate cases and economically beneficial to Sherman County residents. Anyone having questions about how to proceed should call David G. Lewis or Karen Perrin at 396-2270.

Lewis attended Texas Tech University, where he received a Bachelor of Arts Degree in political science, and later attended the Texas Tech University School of Law where he received his Doctor of Jurisprudence Degree. While at Texas Tech, he was president of the Phi Eta Sigma, National Honor Society Fraternity, vice president of the Student Bar Association, law student division, the Texas Tech Liberties Union, and a staff attorney with Lubbock County Legal Services. He practiced oil and gas law in Wheeler, and now has a regional private law practice in Stratford and Texhoma, Texas.

Lewis is a member of the American Bar Association, the State Bar of Texas, the Texas District and County Attorney's Association, and is currently serving as vice president of the North Plains Bar Association. In addition to his present duties as county attorney, Lewis also serves as city attorney for the city of Texhoma, the Stratford Hospital District, as chief council for the Sherman County Tax Appraisal District.

Lewis stated that the county attorney's office is a focal point in the function of county government in Sherman County. His office is charged with investigation and prosecution of all misdemeanor criminal offenses committed within Sherman County, and processing complaints for further investigation and indictment by the district attorney's office. The county attorney also serves as chief legal advisor for the Sherman County Commissioner's Court on all juvenile and domestic litigation generated by the Texas Department of Human Resources and the Juvenile Probation Department.

Concerning his candidacy, Lewis stated, "I have enjoyed the past two years as your Sherman County Attorney,

and look forward to continuing good relations with the citizens and officials of this district. This office has excellent rapport with the Sherman County Sheriff's Office, the Texas Department of Public Safety, and the Stratford Police Department. We have made progress in filing procedures, processing of complaints, collection of both bad checks and delinquent taxes, and in expanding exchange of ideas between this office and all Sherman County citizens. We have avid support from the Texas Prosecutor's Coordinating Council and the Texas District and County Attorney's Association, and humbly recognize our responsibility to the citizenry of the Northern Panhandle.

Lewis and his wife, Karen, live at 510 N. Fourth St. in Stratford. Karen is currently teaching home economics at Stratford High School. They are both members of the First Baptist Church in Stratford. His administrative assistant at the County Attorney's office is Karen Perrin of Stratford.

Opinion

The Star Editorial

You hear lots of talk these days about the mileage available on all the new cars on the market. Some claim to give as much as 50 miles per gallon on the highway. With that in mind, we decided to do a little checking on a few other vehicles:

- Moped (motorized bicycle), 120 mpg.
- Harley-Davidson 1200 cc. (motorcycle), 50 mpg.
- Volkswagen Rabbit Diesel (automobile), 42 mpg.
- Model A Ford (automobile), 25 mpg.
- Pipe Cherokee (light plane), 15 mpg. at 144 miles per hour.
- Maserati Quattroporte (automobile), 8 mpg.
- GMC Astro (tractor and semi-trailer combination), 5.4 mpg.
- GM Diesel locomotive (train), 632 yards-per-gallon, pulling 40 to 50 loaded freight cars.
- Boeing 747 (jumbo jet), 280 yards-per-gallon, carrying 385 people at 39,000 feet.
- Ultra-large crude-oil carrier (supertanker) 31 feet-per-gallon, at 17 mph, fully loaded. (The carrier requires 41 gallons of fuel to travel its own length.)
- Saturn V (rocket), 10 inches per gallon to infinity. (While the Saturn consumes enormous amounts of fuel in its early stages, once it escapes the earth's gravitational field no more fuel is consumed.)

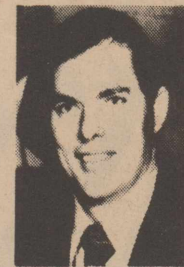

Of course, your mileage may vary.

Senator Bill Sarpalius Reports

A GOOD BEGINNING
AUSTIN--Crime pays. That's the opinion of most criminals, experts on criminology told us at the first meeting of the Committee on the Criminal Justice System of Texas.

"It's like a catfish on a trotline. You'll get seven or eight bites before you get a hook." one criminal was reported to have said.

What causes people to have the attitude that they should take a chance on going to the penitentiary by committing a crime? Why would they be willing to take that risk?

Most of us feel like there is a direct cause and effect relationship between crime and punishment. You commit the crime, you get caught, you go to jail.

Most criminals do not seem to see it that way.

The reason for their way of looking at the world may be because they were not punished as children. When most of us were children, we knew certain things caused certain punishments. It was simple for us, but it does not seem simple for today's criminal—who very likely was yesterday's juvenile delinquent.

And if he was yesterday's juvenile delinquent, was he punished? We don't know. Records of juveniles are sealed when the juveniles become 18 years old. We can't tell if the criminal was delinquent, whether he was punished, or, more likely, whether he was given

probation and sent away with the idea that crime pays.

School officials are in no position to dish out speedy justice, if they want to or not. We have tied the hands of teachers and administrators who would give students well-deserved punishment. Teachers these days fear a lawsuit or a dismissal notice when they administer corporal punishment. So the child gets the idea young that the rewards of misbehavior outweigh the risks.

Likewise, many homes do not provide the discipline children need. The same is true of the Texas Youth Council, which has custody of juvenile delinquents. Even in prison, there is not the kind of discipline we would like to have to show offenders we, the people, mean business.

Discipline may sound like an old-fashioned word in these days of fancy theories about criminals, but it's a word we can believe in. If we had more discipline—more speedy punishment when it's needed—we believe we could stop crime before it starts. We could teach children crime does not pay. It would be a good beginning.

We know you are interested in stopping the rising crime rate in this state. We want to hear your ideas about how to go about it. Please write Senator Bill Sarpalius, P.O. Box 12068, Austin, Texas 78711.

FALL IS TREE PLANTING TIME

Fall is the season for trees to lose leaves, but it's also the time to set out new trees.

Fall is the best time to plant trees because their root systems have time to develop and become well established before top growth begins in the spring.

Plant only container-grown or balled and burlapped trees during the fall as bare-root trees do not transplant readily until January and February.

Choose trees that will adapt to the area and that will provide the desired landscape.

Following are some suggestions for planting: First, dig a pit large enough to allow six inches clearance on all sides of the root ball. The pit should be as deep as the root ball so that it will rest on undisturbed soil. Plant the tree at the same depth it was in the nursery. This should be indicated by a discolored ring on the trunk.

Place the tree in the pit carefully by handling the ball, not the trunk. Handling the tree by the trunk could cause a broken ball and excessive root damage.

Next, fill the pit around the ball with

top soil or a prepared mixture of soil, sand and peat moss or pine bark. Do not fertilize the tree until after spring growth occurs.

After filling in, stake the tree to secure it against the wind so roots can become well established. It's also a good practice to wrap the trunk of the newly transplanted tree to protect it from sunscale, drying winds, sand storms and borer attacks.

Finally, water the tree as needed during the dry winter periods.

NATURAL FIBERS FASHION REVIEW PLANNED FOR FARM SHOW

The 11th annual Natural Fibers Fashion Review is being planned for the 1982 Southwest Farm Show. The fashion contest and show will be held on March 6 in Fort Worth.

The contest is open to any homemaker from the Southwest Farm Show states of Texas, Oklahoma, and New Mexico who is involved in agricultural production or an agriculture-related business.

The Fashion Review is designed to promote the use of natural fibers produced in the Southwest and to emphasize excellence in garment construction and fashion in home sewing.

Garments entered in the show must be made of a minimum blend of 50%

cotton or 50% wool and/or mohair.

The competition will have four divisions: day wear, evening wear, mother and child, and former grand award winners. The contest provides a showcase for exhibiting designs made from natural fibers.

Prizes will be awarded to first, second, and third place winners in each division. The Grand Award winner will be selected from the winner of the mother and child, day wear, and evening wear divisions.

Sponsors of the event include the Southwest Hardware & Implement Association and "Progressive Farmer." The Texas Agricultural Extension Service is coordinating and managing the contest and review.

Entries must be submitted by February 19, 1982. Contest rules and entry blanks may be obtained from county Extension offices, young homemaker organizations, and local tractor pulling associations.

The Natural Fibers Fashion Review will be presented at 4 p.m. on Saturday, March 6, at the Southwest Farm Show in Fort Worth.

CAUSE FOR CELEBRATION

January 25th is Chinese New Year and a good occasion to serve some delicate Vegetarian Egg Rolls. You don't have to be Chinese to enjoy this delightful, but economical dish. Made with Planters 100% Pure Peanut Oil, the frying oil traditionally preferred by Chinese cooks for its light flavor, these egg rolls make wonderful hors d'oeuvres or can accompany any meal.

VEGETARIAN EGG ROLLS

- Makes 16 egg rolls
- Planters Peanut Oil
- 2 cups sliced celery
- 1 cup shredded cabbage
- 1 cup chopped onion
- 2 cans (8 oz. each) bamboo shoots, drained
- 1/2 pound fresh bean sprouts
- 1 cup grated carrots
- 2/3 cup chopped mushrooms
- 1/2 cup chopped green onions
- 3 tablespoons soy sauce
- 1 tablespoon finely minced ginger root
- 1 teaspoon sugar
- 1 teaspoon crushed fresh garlic
- 16 egg roll skins
- 1 egg, beaten

bamboo shoots, bean sprouts, carrots, mushrooms and green onions. Continue to stir-fry until all vegetables are tender crisp, about 2 minutes. Stir in soy sauce, ginger root, sugar and garlic. Stir-fry an additional minute, or until soy sauce has evaporated. Remove from heat and cool.

Position each egg roll skin so that corners are at the top, bottom, left and right. Place 1/3 cup filling on the lower section of the skin. Tuck bottom corner around filling and roll firmly about 1/2 way up skin. Moisten the remaining 3 corners with beaten egg. Fold the left and right corners toward the center and complete rolling.

Heat a 1 1/2 inch depth of peanut oil in an electric skillet or fry pan to 375°F. Fry egg rolls, a few at a time, for 2 to 3 minutes, turning once, until golden brown. Drain on paper towels. Stir-fry 1 1/2 minutes. Add

Hager-Coble United in Marriage in Stratford on Jan. 1

Miss Mona Renee' Hager and Matt Clayton Coble were united in marriage on January 1 at 7 p.m. in the home of the bride who is the daughter of Mr. and Mrs. Ron Hager. The groom is the son of Mr. and Mrs. Clarence Coble.

The Rev. David A. Harker, minister of the First Christian Church, performed the double ring ceremony before the fireplace which was decorated with a garland of greenery draping the mantel. White satin bows and candles accented the garland.

Given in marriage by her parents, the bride wore a formal length gown with a chapel length train. It was of sheer organza and chantilly lace over bridal taffeta designed with a Queen Ann neckline with long sheer sleeves bordered with lace. The bodice and sleeves were inserted with lace and accented with tiny sequins. She wore a hat accented with a ribbon and burgandy orchids. She carried a bouquet of red roses with pink and burgandy carnations.

For the traditional "something old", Renee' carried a locket which had belonged to her great-great-grandmother. It also served as "something borrowed." "Something new" was her wedding dress, and she wore a blue garter for "something blue."

Tamara Hager, sister of the bride, served as maid of honor. She wore a pink floor length gown with pleated skirt. She carried a single red rose with baby's breath tied with a pink ribbon. Tom Guthrie served as best man.

Mothers of the couple wore corsages of red roses and pink carnations. Mrs. Hager's dress was of beige while Mrs. Coble chose a navy blue dress.

Mrs. Kelli Caraway and Miss Annette Hampton, cousin of the bride, served the punch and the cake following the ceremony. The double tiered cake was decorated with live pink and burgundy carnations. The bridal bouquet served as the centerpiece of the round lace covered table.

Mrs. Ethel Hampton, Mrs. Ida Hager of Texhoma, and Mrs. Jess Coble, Amarillo, all grandmothers of the couple, were special guests. Each wore a corsage of pink carnations. Miss Kim Weike, cousin of the bride, Amarillo, registered the guests. The out-of-town guests were: Mr. and Mrs. Dennis Huff, Mr. and Mrs. Dale Weike, Kim and Tim, all of Amarillo; Mr. and Mrs. Herb Hager, Aaron, David, Andi, and Mike, of Spearman; Mr. and Mrs. Tom Heard of Dalhart; and Mr. and Mrs. Jim Harris, Mandy, and Jami, of Perryton.

Study Club Hears Program on Child Abuse

Prospectus Study Club was shown a slide presentation on Child Abuse by LeRayne Donelson, member of Dallam, Hartley, and Sherman Counties Child Welfare Board. She was accompanied by Wanda Ferguson, also a member. Mrs. Donelson said that their work was to educate the public as to what help is available to both children and parents through the Texas Department of Human Resources.

Helen Taylor was hostess with Mary Peach Smith co-hostess at the Jan. 15 meeting.

Oline Caraway, president, conducted the business session.

Public Affairs Chairman Glennell Dettle reported on the location of Public Civil Defense areas in case of tornadoes. These places are in the courthouse and possibly jail, Riffe Elevator, Lutz Elevator, Texhoma Elevator and the Mary Allen School. She read an emergency check list of items needed to live for two weeks in a home shelter or basement in a civil defense emergency.

An invitation has been extended by

Dalhart Literary Club to attend their 75th Anniversary Tea at First Christian Church, Jan. 31, 2 to 4 p.m.

Helen Taylor will be entered into the District Outstanding Clubwoman contest for her project as general chairman of the Old Timer Reunion.

All members are urged to assist in the Mother's March on Jan. 31. Beth Whorton, chairman, said that O Ki Hi will also be working on this.

The Sherman Co. Library Fund total raised through Project Christmas Card was announced as \$1,530.

The club will have their name on the Chamber of Commerce sign at Brown's Meat Locker.

Beverly Pemberton was a guest. Members present were Mary Hill, Opal Reed, Betty Brown, Ethel Price, Jaunita Donelson, Mattie Baskin, Frances Watson, Marylou McDaniel, Jimmie Pronger, Marty Bain, Pat Johnson, Beth Whorton, Glennell Dettle, Margaret Reed, Oline Caraway, Mary Peach Smith and Helen Taylor.

We certainly enjoyed the birthday party this month with Better Homes H.D. Club. They helped Thelma Harker, Viola Brazell and Dora Jones celebrate with homemade ice cream, cake and punch. Thanks, ladies, for coming.

Thanks goes to Ellison Floral for the spring like flowers they sent over. It really brightened our day.

Congratulations to the January Employee of the Month, Beth Bench, who works in the Dietary Department.

We would like to congratulate Kathy Limer and Janet Williams upon their completion of the Medication-Aide course. They both received very high

grades and we are proud of their work and dedication.

Marie Stipe is back in the Manor. Lela Moon is in High Plains, Amarillo, and is reported doing well.
