

OBITUARIES

Tom Walker

W.T. (Tom) Walker, father of Mary Lovett of Stratford, died of an apparent heart attack on Friday, December 14, in Belen, N.M.

Mr. Walker was born in Clarke County, Alabama, August 7, 1893.

He made is home in Stratford in the 1950's and was a member of the First Baptist Church at the time of his death.

Survivors include two children, Mary Lovett of Stratford and W.L. (Tommy) Walker Jr., of Belen. Also five brothers and two sisters along with four grandchildren, four great-grandchildren and numerous nieces and nephews.

He was buried at Terrace Grove Cemetery in Belen on Dec. 18.

Those attending the funeral from Stratford included Mr. and Mrs. George Lovett and Michael, Mr. and Mrs. Henry A. Hicks, Mr. and Mrs. Tommy Lovett, Mr. and Mrs. Gary Folley of Amarillo, Lola Ward of Stratford. One brother, Harold E. Walker of Amarillo and three of his children, David Walker, Mr. and Mrs. Dale Walker and Mr. and Mrs. Ronald Walker.

Marcus Parker

Funeral services for Marcus Lafayette Parker, Jr., 62, a retired custodian for the Amarillo Independent School District, were held December 27, 1973 at 10:30 a.m. in the N.S. Griggs and Sons Pioneer Chapel in Amarillo.

The Rev. Frank Ferrell, pastor of Pleasant Valley Christian Church officiated at the funeral. Burial was in the Llano Cemetery.

Mr. Parker died at 5:15 p.m. December 25 in the Francis Hospital.

He was a lifelong resident of Amarillo.

Survivors include two daughters: Sharon Kay Caytan of Amarillo and Nancy Parker of Boise City, Okla.; four sisters: Mrs. Claude Whitaker; Mrs. V.L. Sharp and Peggy Jo Parker all of Amarillo and Mrs. Garland Bardwell of Stratford; two brothers: Leslie Parker of Stratford and Tommie Parker of Amarillo.

TRACKS

... from page 1

"Judge" Keener the other day from Juarez. He mentioned that gas prices down there were up to 64 cents per gallon. This will make a hole in any tourist's traveling before long!

Speaking of tourists, we understand that the Phillip Bains and Jerry Johnsons flew down to the Gator Bowl to see Tech win over Tennessee. On the way back they got weather-bound in New Orleans.

Now, it isn't just anybody that can arrange to get "weather-bound" in old New Orleans on New Years Eve is it?

On the subject of bowl games we got disappointed this year. Tech was the only team that won that we were pulling for. We have to admit the fact that the T-Sips got clobbered didn't upset us too much, but still down deep we hate to see any Southwest team defeated when playing away from home.

This year we have made a deal with Horace Sneed to furnish us with highs, lows and moisture etc. to run in this

Shamrock Oil Hikes Price Of Product

Diamond Shamrock Oil and Gas Company has issued new Crude Oil Price Bulletin #4 effective as of December 19, 1973 raising the price of "old oil" \$1 per barrel in the Texas and Oklahoma Panhandle, Southeastern Colorado and Southwestern Kansas. The \$1 per barrel increase is in line with the Cost of Living Council regulations allowing such an increase in the price of "old oil" or government regulated oil. Diamond Shamrock's increase is from \$4.20 per barrel to \$5.20 per barrel for 40 gravity crude oil in all areas in which it purchases except in Kansas where the increase is from \$4.25 per barrel to \$5.25 per barrel. Diamond Shamrock currently purchases approximately 50,000 barrels per day in these areas.

Diamond Shamrock also announces that new and released crude oil or unregulated oil will be purchased at the top price of \$8.50 per barrel for 40 gravity effective November 1, 1973.

Also effective as of November 16, 1973-all stripper leases or those leases producing ten (10) barrels per day per well or less have been declared exempt from Cost of Living Council regulations and these barrels will also be purchased at top \$8.50 per barrel price for 40 gravity oil.

The Company also announced that it has been and intends to remain competitive with prices paid for crude oil in its purchasing area.

column each week. We hope this fills the need of some of our readers.

December 31, High 28, Low minus 1.2 inches of snow with .21 moisture.

January 1, High, 23, Low 1 above, 1/2 inches of snow with .09 inches of moisture.

January 2, High 11, low 7 above, half inch snow with .03 moisture.

Commodity prices Wednesday noon showed wheat selling for \$5.01 per bushel, grain sorghum at \$4.05 per cwt and corn selling for \$2.63 per bushel on local markets.

AGAINST TEXHOMA Local Cage Teams Win Four Games

Stratford's basketball teams won four games in contests with Texhoma last Saturday night at the high school gymnasium.

The Elks won their game 55-38 while the Elkettes downed their opponents 69-62. The Elk JV downed Texhoma JV 52-44 and the Elkette JV won by a score of 39-26.

The Elks played a "Come from behind" game in their contest trailing 15-6 at the end of the first stanza, but came alive in the second quarter to go in at the half trailing by only one point 27-26.

The Elks came out determined in the third quarter and allowed Texhoma only one field goal while they hit for four field goals and two charity shots to lead 36-29 and coasted on to win 55-38.

Mark Beatty lead the Elk scoring with 15 points and was high pointer in the contest. Johnson of Texhoma was high for the losers with 10 points.

Other Elks hitting the bucket included Willie Mungia with 11, Steve Barrett and Darrell Doshier got 8 each while Steve Williams hit for 6, Rick Howard got 5 and Steve Keener hit for 4.

The Elkettes nosed by the Texhoma girls in their contest winning 69-62 lead by Cindy Stokes who hit for 25 points in the game.

The Elkettes led in the first stanza 17-10 but Texhoma pulled to within four points as the halftime score stood in favor of Stratford 35-31. In the fourth

stanza the Elkettes hit for 16 allowing only 13 and lead 51-44 and continued to bomb the bucket in the last stanza with 18 points to win the contest.

Huddleston for Texhoma was high for the losers with 23 points.

Other Stratford scorers included D'Lynn Brown with 24 points and Phyllis Miller with 20.

The Elk JV team played catch-up in their contest getting off to a slow start but pulled it out at the end of win 52-44.

The Elk JV trailed 12-8 at the end of the first and 28-22 at the half. They came back strong in the third hitting 28 allowing only six points to gain the lead 40-34 then went on to win 52-44.

Joel Hart was high scorer for the winners with 16 points followed by Will Allen with 13. Other scorers for the blue and white included Tom Ewers with 6, Gene Henry with 5, Leon Payne and Bill Stroud with 4 each and Don Harris with a pair. Pugh was high for the losers with 18 points.

The Elkette JV won their game 39-26 lead by Rhonda Fortenberry who hit for 17 points as did Miss Worley for Texhoma who hit 17 for the losers.

The Elkette JV were down 10-8 at the end of the first but bounced back to lead 20-13 at the half. They lead 27-21 at the end of three and coasted home with a 39-26 advantage.

Kim Cotney hit for 8 points for the winners followed by Jeanne Engelbrecht with 4 and Barrie Donelson with a pair.

TIPS FOR OUTDOORSMEN

by Vern Sanford

Ever take binoculars with you on a fishing trip? No, I don't mean a hunting trip—I mean fishing.

Most everybody takes a pair of binoculars when hunting deer and other big game—but very few use them while fishing, unless it be in the Gulf of Mexico. Even there the use is rare.

We highly recommend binoculars to anglers—even if they have keen eyes and can spot fish feeding, see a school of minnows swimming, or shad jumping—from quite some distance away. Most of us can use that extra boost that binoculars give to vision while fishing, even more than in hunting.

In hunting you look for the animal itself, but in fishing you're seeking "signs" of fish—evidence that they are in the area even though out of your sight. You look for movement on the water, or of the water, as well as activities of the live food that fish

seek. Birds circling are a definite sign of food directly below them. Quite often it proves to be a school of whites chasing shad, but black bass can be located the same way.

A heron standing statue-still in the shallow waters of a gulf bay, close to shore or perched atop a submerged rock in deep water, means (if it stays there any length of time) that there are small fish nearby. And where small fish are, big fish soon will become feeding time.

A reliable dealer can guide you in selecting the right binoculars. Mainly it's a matter of personal preference as to quality, power and weight.

One thing for sure—a sharp pair of binoculars can, quite often, increase your fishing success immeasurably. Try 'em—you'll like 'em.

standards," Talk said. "Southwestern's peak load for 1973 was 1,758,000 kilowatts and that is expected to climb to 2,392,000 kilowatts by 1978. The addition of these new generating facilities will more than take care of that increase," Talk added.

Conservation of the area's water supply will continue to be a prime consideration at Southwestern Public Service Company's electric generating stations. When the two units now under construction are completed, they will save, on the average day, 14,000,000 gallons of potable water through the use of sewage effluent. That's the equivalent of the daily water needs of a city of 100,000 people.

Another important construction project that is a part of the 5-year program and currently under way, is a 230,000 volt transmission line from the Tuco interchange, north of Abernathy to Nichols Station, northeast of Amarillo. This new line will provide a second 230,000 volt line for the interconnected transmission system and make the movement of power between major generating stations and the areas of greatest use more efficient, reliable and economical. This project is also scheduled for completion in mid-1974.

Looking toward the future, Southwestern Public Service Company is continuing its efforts to help make the generation of electricity through nuclear fusion a reality through its membership in the Texas Atomic Energy Research Foundation. Also, the company is actively engaged in an experimental project with the Occidental Petroleum Corporation to produce oil from shale by in situ combustion. The test project 30 miles west of Rifle, Colorado has succeeded in creating permeability in the formation and thus obtaining an oil flow.

"We at Southwestern Public Service Company have great

confidence in the future of our country in spite of the problems we are facing at the present time. Our area is growing and the new industrial announcements made during 1973 are of great significance. We have always planned for the future in order to meet our customers needs. We are still planning—and we intend to see that our customers continue to have the kind of dependable electric service they have had in the past—even better," Talk concluded.

confidence in the future of our country in spite of the problems we are facing at the present time. Our area is growing and the new industrial announcements made during 1973 are of great significance. We have always planned for the future in order to meet our customers needs. We are still planning—and we intend to see that our customers continue to have the kind of dependable electric service they have had in the past—even better," Talk concluded.

An Indian hawk cuckoo is called the brain-fever bird because it's supposed to cause this affliction by its incessant calls.

It is said that when Alexander the Great offered anything he wished to the Greek philosopher Diogenes, Diogenes asked him to move out of his light.

Labeled for PROTECTION

Coleman Adv. Ser.

Some medicines may be taken internally; others are for external use only; therefore labels caution us as to their proper use. These precautions are for our own protection and good.

All things in life are not so clearly marked as to their proper use. The Bible is our source and guide, our label.

Thy word is a lamp unto my feet, and a light unto my path.

Psalm 119, 105

ATTEND CHURCH, STUDY GOD'S WORD

**EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Study Club To Hear AFS Student

Members of the Prospectus Study Club will meet Friday at 2 p.m. in the home of Mrs. Cone Dorelson in Stratford with Mrs. Don Dietrich as co-hostess.

The program will feature "A Visit To South Viet Nam" with American Field Service Exchange Student Lieu Hoang giving a slide presentation. He will be accompanied by his American mother, Mrs. Dave McReynolds.

Lieu will be Lieu's first since coming to Stratford to live this year.

BIRTHS

Mr. and Mrs. Bill R. Steinberger of Pampa are the proud parents of a son, Billy Dane, born December 19, 1973. Billy weighed in at 9 lbs.

Billy has two sisters; Paula and Dee Dee and one brother, Bart.

Maternal grandparents are Mr. and Mrs. Carl Brown of Amarillo and paternal grandparents are Mr. and Mrs. Fritz Steinberger of Stratford.

Great grandparents include Mrs. Ruby Garoutte of Stratford, Mr. and Mrs. Oscar Brown of Amarillo and Mrs. Shrive of Hereford.

Jeannie ON THE SPOT

Removing chewing gum from fabrics is not as sticky a problem as it might seem. Put the garment (even a shoe) in a plastic bag and let it freeze. Then the gum will come right off with a flick of the fingernail.

Chocolate stains are hard to remove unless you use glycerin (available at drug stores). Rub it thoroughly into the fabric and wash with plain water. If it doesn't come out completely the first time, additional applications will do the trick.

TOWN TALK

Michael Eilert and Monique Eschwege of Houston spent Christmas here with his sister Mrs. Phil D. Dettle, in the home of Orel N. Martin.

Andrea E. Dettle of San Diego spent a week in Stratford with friends and relatives.

RECENT BRIDE HONORED--Mrs. James R. Burleson, nee Luann Plunk, was honored during the holidays with a shower in her honor at the home of Mrs. Tommy Taylor. Shown above is Ann Burleson, Mrs. James E. Burleson, the honoree and the honoree's mother, Mrs. Maurine Plunk.

Recent Bride Honored At Shower Here

Mrs. James Burleson nee Luann Plunk was honored with a post-nuptial shower in the home of Mrs. Tommy Taylor Saturday from 2 to 4 p.m.

Mrs. Joyce McBryde presided at the guest book.

Cake, coffee and tea were served from a table hosting a cloth of floorlength white lace centered with a cloud of silver which encircled red carnations, leather leaf and baby's breath lighted dusted with silver. Two silver candelabras with white candles flanked the bouquet. Silver appointments were used. The corsages were of red carnations tied with silver ribbon.

Out of town guests were Mrs. James Burleson and Ann from Lubbock, Texas.

The Taylor family gathered at the Kerrick Community Center Christmas Day for dinner, visiting and games.

Present were Mrs. Joe Taylor, Mr. and Mrs. Pete Taylor, Brenda Taylor, Mr. and Mrs. Ray Taylor, Bill Taylor, Mr. and Mrs. Doug Taylor, Mr. and Mrs. Walker Taylor, Mrs. Virgie Mathews, all of Kerrick.

Mr. and Mrs. Dick Munden of Sacramento, Calif.; Mr. and Mrs. Kermit Dixon Jr. and Shelley Dixon of Kansas; Kevin Hill, Austin; Mr. and Mrs. Buck Hart, Debbie and Mrs. Christi Hart, Mr. and Mrs. Kay Dunlap, Mrs. Opal Blacett, all of Boise City; Mr. and Mrs. Lawrence Wells, Terry Wells and Joyce Wells, Griggs.

Stratfordites present were Mr. and Mrs. Poe Keener, Ralph, Mark and Jerry Keener, Mr. and Mrs. Wayne Cummings, Shanna, Brett and Shelia Cummings, Mr. and Mrs. Dale Stoval, Cindy Stoval, Mr. and Mrs. R.J. Hill, Keith Hill, and Kirby Hill, Oklahoma City.

Patti McDaniel returned to Denver Sunday after a holiday visit with her parents, Mr. and Mrs. Fred McDaniel. She was accompanied by Brenda Taylor who will spend a few days with her. Mike McDaniel returned to Denver on the 26th.

Stopping for a visit with her aunt and uncle, the Pete Taylors, were Mr. and Mrs. Darrell Dominick of Florida.

Ronnie Schertler of Oklahoma City was a holiday visitor in the home of the Bill Taylors.

Guests in the Keyes, Okla., home of the Robert Fry family on Christmas Day included Mrs. Nina Elms, her fiancée Jack

Tidwell of Portales, N.M. and daughters, Michelle and Melinda; also Mrs. Elms' daughter and family, Mr. and Mrs. Joe Zinzer and Sami Kay of Dalhart; her mother, Mrs. Francis Harry man and the Fry's sons, Russel of Denver and Junior Hiner and family of Lawrence, Kansas.

WHATS NEW

Kevin Scott Richardson is the Christmas package at the Jody Richardson home in Stratford.

Kevin Scott was born on Christmas Day to Mr. and Mrs. Jody Richardson of Stratford. The youngster is the first child of the couple and weighed 7 lb 11 oz and was 20 and one-half inches long.

He was born at Amarillo's High Plains Baptist Hospital and is now at home with his family.

Maternal grandparents are Mr. and Mrs. John Hotchkiss of Floydada and paternal grandparents are Mr. and Mrs. R.B. Richardson of Canyon.

TOWN TALK

Belle Cummings and Evelyn Harding spent the holidays with the Clinton Ragsdales in Lovington, N.M. and returned home for Christmas dinner with the Donald Palmers in Pampa. Mr. and Mrs. Jimmy Ragsdale and daughter from Tennessee where he is stationed with the Marines were in Lovington for the holidays also.

Toni Reno, Karen Bain and Phyllis Oquin traveled to Dallas for the Dallas-Minnesota game and returned home the middle of the week.

Mr. and Mrs. Earl Kirkwood and Eunice Buster returned from El Paso Monday and brought their 7 yr. old grandson, Robert, for a visit. They had been visiting the Bill Kirkwoods and the John Kirkwood in El Paso.

4-H News

The Clover Club met Dec. 29 and was called to order by Merlene Williams.

We read about and discussed Hobbies and the possibility of a Hobby Fair.

The Club enjoyed several games and refreshments.

The Club voted to have another Record Workshop to get ready for the upcoming County Shows.

The next meeting will be Jan 12, the County Barn at 2 p.m. Try to be there.

MR. AND MRS. KENNETH LYNN SLOUGH

Diller-Slough Vows Read In Stratford

The marriage of Miss Alice Ann Diller, daughter of Mr. and Mrs. Charles L. Diller, of Gruver, Texas, to Kenneth Lynn Slough, eldest son of Mr. and Mrs. Gene Slough of Darrouzett, Texas, was solemnized with a Nuptial Mass Friday, December 21, at four o'clock in St. Joseph's Church. The Rev. Richard Neyer performed the ceremony, assisted by Rev. Kolb from Guyton.

The bride, who was escorted by her father, wore a white crepe gown with a court train and a chapel veil of tulle. She carried a bouquet of frosted pink carnations with flocked pine.

Mrs. C.J. Unrush, sister of the bride of Dalhart, was the bride's matron of honor. She wore a maroon velvet and light pink crepe dress and carried frosted pink carnations. The bridesmaids were Miss Jerry Jo Tilson and Mary Elaine Husmann. They wore dresses of velvet and crepe in royal blue and light blue and purple and blue, and carried frosted pink carnations.

Mr. Jim Collinsworth served

as best man. The groomsmen were Larry Slough, brother of the groom, and Mark Diller, brother of the bride. The ushers were Richard Diller and Tom Diller, brothers of the bride.

The bride's mother wore a burgundy double knit jacket dress with brown accessories. Mrs. Slough wore a royal blue double knit dress with light blue accessories.

Immediately following the ceremony a reception was held in the Farm Bureau Building, after which a supper was held for out-of-town guests. The couple left for a week in South Fork, Colo.

Miss Diller is a graduate of Texhoma High School and Panhandle State College. She is a member of Lambda Sigma Tau.

Mr. Slough is a graduate of Darouzett High School and Panhandle State College with a BS degree in agronomy. He is presently employed with the Dimmitt Agri Industries as manager of the Nazareth division, where the couple will make their home.

Chamber Collum

With the beginning of a new year, one of the most discussed topics is taxes. A very important tax to be considered is the ad-valorem tax system. At the present time a revised constitution for the State of Texas is being prepared to be presented to the Citizens of Texas at the polls where it will either be accepted or rejected. The basis for the ad-valorem system is outlined in the Texas Constitution. While many people may feel that their taxes are too high, and some with justification, there are many others that realize that the tax assessment in Stratford is much more realistic and possible to live with, than that in many other cities, including those in our area. So that is a definite advantage to encourage businesses to locate in our city.

The tax assessed on your property is based on a percentage of the market or real value. Each taxing jurisdiction, County, School and City have a different percentage of valuation. When your assessed value has been determined, you then pay a certain rate for each \$100.00 of assessed value. According to Texas Law, you are taxed on property you hold on January 1st of each year. As an individual or a business, you are required to render your taxes to

each taxing jurisdiction. While the ad-valorem tax field can be complicated, it also is very interesting and for a concise and factual discussion of the tax structure one VIP (Very Informed Person) is Leslie Dodson, Tax Assessor for the Stratford Independent School District. Les has been attending courses working for his certified Tax Assessor Certificate. These courses require several years to complete and at the present time Les has completed all five courses, lacking only his final appraisal and test.

Verna Cross, Tax Assessor for the City of Stratford, has completed three of the required five courses.

While in the Sherman County Tax Office, various employees have attended these tax schools, and Eugene Sadler, assessor plans to do so in the future.

Ad-Valorem taxes pay for one very important item—Civilization. In that category falls Religion, education, public welfare, local government, law and order and untold more.

A small price to pay, indeed, for our fine town, our schools, our places of worship.

Columns in the near future will be concerned with a look at local businesses and people.

**THINK BIG!
THINK STRATFORD!!**

AUSTIN, Tex. — Richard M. Nixon would complete his term of office as president and Governor Dolph Briscoe would have a second term if Texas newspaper editors and publishers had their way.

Texas newspaper publishers polled last week by this column voted on the questions about President Nixon, Governor Briscoe and the 1976 presidential campaigns.

They voted 72 yea and 36 nay on the question "should President Nixon complete his term in office as president." The vote was 79 yea and 24 no on the question "should Governor Briscoe be elected to a second term."

Leading the choices for Democratic nominee for president in 1976 was Henry Jackson. He received 26 ballots with others in order Bentsen, 15; Wallace and Kennedy, 9; Baker, 5; Humphrey and Muskie 2; Lindsay, Byrd, 1.

Republican nominees and the votes were: Leader Conally with 43 votes and Ford with 11; Reagan, 10; Percy, 3; Goldwater and Nixon 2; Bush, Tower, Rockefeller and Laird, 1.

CONVENTION SET — Physical plans for the 1974 Texas Constitutional Convention, the first in 99 years, are complete.

The Convention will open in the House of Representatives chamber at the state capitol January 8, with the 181 state legislators as delegates. Speaker Price Daniel Jr. is assured of election as presiding officer.

Desks and chairs are arranged in a semi-circular pattern, with all delegates facing the podium. Seating was assigned by random drawing. Writing tables replace the historic desks on the House floor, and new chairs which are replicas of those used by delegates to the 1875 convention have taken the place of familiar high-backed swivel chairs.

A new voting machine has been installed for the delegates, with two boards registering "aye," "nay" or "not voting" for all 181 delegates.

Proposed convention committees include finance, local government, education, legislative, judiciary, general provisions, executive, rights, suffrage, amendments and separation of powers and style and drafting.

SUPERPORT PLANS CONTINUE — A Texas Offshore Terminal Commission member has recommended an onshore superport facility on Galveston Island.

The Commission staff earlier suggested a \$400 million, state financed deepwater port 30 miles south of Freeport in the Gulf. Pete Miller of Galveston, the commission vice-chairman, put forward the alternative recommendation, with a cost pegged at between \$400 million and \$482 million.

Representatives of 13 oil companies said the Freeport project should be constructed and operated by private industry.

The Commission in Houston began a review of recommendations and was expected to continue here January 4 or January 7. Three public hearings are planned after the final report is adopted.

SPEEDLIMIT HEARING SLATED — A public hearing is set for January 8 on the new statewide speed limit authorized by the legislature in its recent special session.

Texas Highway Commission

will conduct the hearing in the highway building auditorium, 11th and Brazos Streets, Austin. Written or oral testimony will be accepted from any interested person.

The new act gives the Commission authority to lower the speed limit for 15 months as a fuel-saving measure and to preserve federal aid. A 55 miles per hour limit is expected to be fixed.

Enforcement probably won't begin until late January or early February. Any order entered by the Commission will not take effect for eight days, during which the Governor will have an opportunity to review and veto if he chooses. About two weeks will be required to post new signs.

COURTS SPEAK — A federal district judge at Brownsville ordered the state to pay \$131,248 to Platoro Ltd., an Indiana salvage firm, for recovery of treasure from Spanish galleons off Padre Island.

After 21 months, records of former House Speaker Gus Mutscher's conviction for conspiracy to accept a bribe in the Sharpstown scandals has reached the Court of Criminal Appeals.

A Houston district court enjoined Reichold Chemicals Inc. from violating Texas Water Quality Board rules and assessed civil penalties totalling \$24,000.

Atty. Gen. John Hill won temporary restraining orders directing two amusement machine companies to cease operations in Austin, Amarillo, Corpus Christi, Dallas, Fort Worth, Houston, San Antonio and Wichita Falls.

LOAN APPROVED — U.S. Sen. John G. Tower announced approval of a \$2.2 million Rural Electrification Administration loan to the Sam Houston Electric Cooperative in East Texas.

The loan, supplemented by National Rural Utilities Cooperative Finance Corporation, will provide for 478 miles of distribution lines to serve 4,500 additional consumers and for improvements.

The Sam Houston Coop serves Polk, Angelina, Hardin, Jasper, Liberty, Montgomery, San Jacinto, Trinity, Tyler and Walker Counties.

INSURANCE CHANGES URGED — A management consulting firm has recommended changes in organization and procedures of the State Board of Insurance.

One of the key recommendations called for creation of a centralized complaints and information file.

The Booz, Allen and Hamilton study concluded better

CHRISTMAS IN MEXICO—The Leonard Duncan family travelled to Acapulco for the Christmas holidays. Shown above, left to right, Howard Naugle, Valerie Duncan, Leonard Duncan, Kristi Summerour and Mr. and Mrs. Leonard Duncan.

management of the existing staff could avoid need for payroll and space increases over the next three years. However, the consultants rated the Texas board among the top regulatory agencies of its type in the nation.

APPOINTMENTS — Gov. Briscoe named William H. Connor Jr. of Georgetown 26th district attorney, serving Williamson County. Connor succeeds J. R. Owen, who resigned, and will serve until the next general election.

Briscoe appointed George Casseb of San Antonio to the John F. Kennedy Memorial Commission.

SHORT SNORTS
Investigators found no evidence that 41 deaths at institutions for mental health and mental retardation were due to over-use of drugs. Medical records at some of the MH/MR facilities were found inadequate, however.

A University of Texas professor advised the House Energy Crisis Committee that heat from the earth's crust may be capable of supplying 13.5 percent of U.S. energy needs by 1985.

Tourism promoters fear the gasoline shortage has brought

to a jarring halt the skyrocketing growth of Texas travel attractions. Tourist Development Agency sliced its January newspaper advertising schedule.

Fifty hospital, special school, university health center and eleemosynary institution administrators received \$487,603 in settlements from an antitrust suit against antibiotic manufacturers.

Gov. Briscoe has urged President Nixon to order a change in new federal food stamp regulation which he says would cost more than 100,000 Texas aged, blind and disabled persons eligibility for aid.

GREETINGS TO ALL CATTLEMEN

WE WOULD LIKE TO TAKE THIS OPPORTUNITY TO THANK EACH AND EVERYONE OF YOU FOR THE FINE BUSINESS YOU SENT IN OUR DIRECTION IN 1973.

Max Sherman Pro Tem Of Senate

J.W. Dillard To Resign At Phillips

State Senator Max Sherman of Amarillo was elected by his fellow Senate members to serve as President Pro Tempore of the Senate during the first called session of the 63rd Legislature. Sherman, who is serving his second term in the Texas Senate was unanimously elected during the opening day of the special session after being nominated by a fellow North Texas legislator, Senator Jack Hightower of Vernon.

J.W. Dillard, President of Frank Phillips College in Borger, Texas, and the man who started the college and was its first administrative officer, has notified the Board of Regents of the college that he will retire from the presidency on Aug. 31, 1975.

Dillard has headed Frank Phillips College for twenty-six years. He was the administrative Dean from Jan. 15th, 1948 until 1955, and has been president of the college since 1955.

He organized and started the college, made the first budget, selected the first administrative officers and the first faculty, and planned the first curriculum for the official opening of the doors for the reception of students in Sept. 1948. He points with pride to the outstanding record made by Frank Phillips College, its academic excellence, the beautiful sixty acre campus and its recognition in higher education in the nation. He expresses much satisfaction in the great record made by its graduates.

Dillard offers his sincere thanks to all for their support during his many years at Frank Phillips, and wishes phenomenal success to his successor and to the college.

At the time of his retirement in 1975 he will have served twenty-seven and one-half years as head of Frank Phillips and forty-four years in Texas Panhandle schools.

He plans after retirement that he and Mrs. Dillard will enroll in the University of Arizona at Tucson to study art and Spanish, play a great deal of golf, spend more time with his grandchildren, and work hard supporting plans for the future of Borger. They maintain their home at 1105 College Avenue.

Dillard states that his notification of retirement at this time will give the Board of Regents eighteen months to select and orientate a new president.

"What steps can the average consumer take to help alleviate the U.S. energy crisis?"

"Well, he can cut down on his fuel consumption, but this is only a small part of it. For instance, he could turn off the lights when he's not using them and he can avoid unnecessary trips in his automobile. But the more important thing for him to do is to let his legislator know that he wants laws that will foster the development and use of U.S. resources. This is the most important thing."

INVITED TO A PARTY
FEB 2-3-4
King Ahassuerus of Persia gave a party that lasted 180 days.

CARD of THANKS

I wish to thank all members of my family for the kind words and acts shown me during my recent illness. Thanks also to all my friends for cards, letters and flowers. I could never find a place like Stratford where all friends, old and new, join together. Thanks to my pastor and his wife for letters and cards.

New York Stock Exchange

January is named for the god Janus who had eyes in the back of his head as well as the front, so that he could see the past as he viewed the future. In looking back at 1973, I'm not sure our nervous systems could stand another 12 months like those we have just completed.

The tough part about forecasting these days is the variables and uncertainties which can completely cancel out any forecast. Even though the Arab leaders are finding themselves increasingly embarrassed by the embargo and the fact that economic blackmail will inevitably fail, I will assume that the oil embargo against the U.S. will not be lifted until well into 1974, if then.

Most economists predict a slowdown in the economy and a drop in the Gross National Product during 1974. I believe we will see an increase of 7.8 percent in the GNP in 1974.

Experts have been making dire predictions about sharply rising demands of labor unions for wage increases in 1974 because of spiralling living costs. Do not expect this to be a major factor in labor costs this year. The number of workers under contracts that must be renegotiated in 1974 will be considerably less than it was in 1973, about 8 percent of the labor force. The major area of concern for 1974 will be labor productivity, which is far more important than increases in hourly wages. Remember, productivity improves sharply during economic recoveries, but slows dramatically during boom periods.

I'm sure you have read numerous articles about the prospects for substantial unemployment in 1974 due to the energy emergency (emergency sounds better than crisis). You should be in for a nice surprise. Unemployment rates will very likely decline in 1974 due to the need for additional workers to satisfy further increases in demands while plants are running at full capacity. Moreover, we should begin seeing a slowdown in the rate of growth of the labor force in 1974. This is why there will probably be more people employed in 1974 than in 1973.

A major economic consequence of the Mideast war is a change in the attitude of Congress toward defense spending. Defense spending should jump sharply throughout calendar 1974. This is good news for defense contractors for two reasons. First, the Israeli hardware lost in the war will have to be replaced, presumably from U.S. producers. Second, the Administration can now make a strong case that the U.S. has slipped in terms of sophisticated military hardware. Defense spending, which has been relatively flat in recent years, will take a rise in calendar 1974, further reducing the possibility of a recession.

Since corporate profits will drop next year, an increase in

defense spending will practically insure a Federal budget deficit in 1974. This will accentuate the Treasury's financing job in 1974. This means that short-term interest rates will stay at this level or slightly lower next year.

Mideast conflict emphasizes the vulnerability of oil supplies from the Arabian countries. It is reasonable to assume that eventually crude oil will again be imported from the Arabian states, but that the price of such crude will be substantially higher over a period of time. Such price rises practically guarantee increases in fuel prices and a further push to inflation. Inflation rates in consumer prices will be accelerated as a result of shortages of fuel. This postpones the time when rates of inflation will decline appreciably. The shortage of oil will also weaken the demand for consumer durables, particularly next Spring.

You should expect the Dow Jones Industrial Average to establish a base at 750-800 level because the market has now adequately discounted the economic uncertainties confronting the nation. 1974 will be a rising stock market year for basic industry stocks. Autos, banks, insurance, steels and telephone stocks will be above average performers.

TEXHOMA LIVESTOCK

The receipts at the Texhoma Livestock Commission Co. last Friday were 1568 cattle and calves. The market was very active thru out on all classes of cattle.

Some representative sales are as follows: 11WF steer calves Av. Wt. 286# at \$67.75 per cwt.; 9 WF steer calves Av. Wt. 436# at \$60.00 per cwt.; 19 WF heifer calves Av. Wt. 230 # cents \$60.75 per cwt.; 15 WF heifer calves Av. Wt. 435# at \$53.25; 10 WF steers Av Wt. 724 # at \$52.80 per cwt.; 26 WF heifers Av. Wt. 636# at \$47.20 per cwt.

We want to say thanks for all the fine business you sent in our direction in 1973, which is now almost past history. We are looking forward to serving you fully in 1974.

Early gliders had to be towed by early cars to get off the ground. They were really up in the air.

RELIGIOUS REFLECTIONS
by **LOYCE BROWN**

"Back are my steps on silver sod. Thin blows my frosty breath abroad. And trees and houses, hills and lakes are frosted like a wedding cake!" I heard a little boy say that, my memory, at a School Christmas Program. And I thought "What a wonderful, beautifully expressed thought to have stored there in the brain--ready to take out and say--or at least THINK, each time it becomes appropriate! I have things I "take out and say when the occasions present themselves like sometimes in Spring I say or think "Whn that Aprille with her showery soote, the droughte of March hath pierced to the roote!" Or this, after a spontaneous embrace from my grandchild: "Jenny kissed me when we met, jumping from the chair she sat in Time, you thief, who loves to get, goodies for your list out that in! Say I'm weary, say I'm sad, say that health and wealth have missed me: Say I'm growing, old, but odd: **JENNY KISSED ME!** "Another frozen word-brain treasure I take out and utter; especially at this season, when my heart is brimful of joy, peace, good-will and incredulous wonder regarding Gods unspeakable gift (John 3:16) is. "Bless the Lord, Oh my soul and all that is within me. Bless His Holy Name!"

Even as I write, my pencil marks are like "Black steps on Silvery Sod" the white paper, purchased by the ream in Amarillo, being the clean, white snow! Snow is such a pure-looking, beautifying edifying substance! It gently falls, symbolizing Peace. the moisture its frozen crystal loveliness conceals turns winter grass green! It creates wonder and delight in children everywhere. Job 38:22 mentions "the treasures of it" Spiritually, I'm dreaming of the white time when my eternal host-father may show me that. (John 14:3 I Corinthians. 2:9)

BY HINDS MCGOWEN, Jr.
Sherman County Producers complete Great Plains Conservation Program Contracts Jack Worsham, Otto Schuster, Jr. Dorland Burton, Jim Taylor and L.G. Blake have GPCP Contracts on their farms which expire December 31, 1973. These units are composed of 2710 acres of land.

During the past 6 years these land owners have installed approximately \$26,000.00 conservation work. Half of this amount cost is shared through the Great Plains Program. This does not include non cost shared items that were applied with assistance from other sources. Some \$10,000 was spent on range seeding, installing grassed waterways and diversions for the protection of good flat land. Over \$8,000 or 25 percent of all funds was spent on the safe disposal of water through stable outlets. These outlets are composed of 23 acres of grassed waterways. In addition 1650 feet of diversions have been constructed and cropland has been converted to grass on 18 acres. Other practices installed on these expiring contracts were reorganization of irrigation of irrigation systems, land leveling, livestock wells and water storage facilities, Irrigation Tailwater Recovery Systems and the construction of fences to protect grassland.
