State Qualifiers

State Qualifiers shown above are l to r: Galen Knight, High Jump; Shelley Harrington, Golf; Christy Pittman and Shawna Dettle, Tennis. GOOD LUCK, Kids!

Wagon Train

The Wagon Train is on it's way, Circling on the 17th day of May.

Our weapons will be Stratford pins, To give to our new friends.

Indians on horses, Indians on feet, Come join the raid, it'll be real neat.

If being an Indian, is not your thing, Come as a cowboy or any old thing.

Return to the Old West for a day and learn about what many of your own ancestors endured in their journey west to the promised lands of Texas. The Sesquicentennial Committee has arranged for Stratford and Sherman County residents the opportunity to take part in the three day activities planned for the Sesquicentennial Wagon Train. Stratford is

the only Panhandle town except for Amarillo listed on the schedule of events.

Be on hand to witness the making of history. TEXAS'S 150TH Birthday!!! Plan to be a part of the official welcome to the Sesquicentennial Wagon Train to show there's more TEXAS north of Amarillo. Face painting will be available immediately before the Indian Raid for all Indians interested in having "WAR PAINT"! Please be at the designated area by 1:30 p.m. for face painting.

Below is a map of TSTI for your convenience. Please note areas for parking. Indian raid participants will meet for face painting and pre-raid instructions in area designated by a circled X. SEE YOU THERE!!

PLEASE DO NOT ENTER THE TSTI CAMPUS FROM THE NORTH ENTRANCE ON HWY. 60. USE THE SOUTH CAMPUS ENTRANCE, THE SPUR 228 FROM I-40.

Coldwater Kids Nashville Trip

Our much looked forward to trip started out with much excitement and anticipation. We left for the Amarillo airport at 9:30 a.m. and had lunch there while waiting for our 1:00 p.m. flight to Dallas and Nashville. The only hitch on the entire trip was when Shirley's water hose blew 3 miles south of Dumas. Her and Lela and Lelas daughter, Pat Pentland from Tempe, Arizona were whisked off by Karen Stovall Greer in her new gray Continental. With no time to spare, they made the trip from Dumas to the Amarillo airport in 48 minutes. They arrived with a whole 63 seconds to spare. The sight of Shirley, her sister Pat, Phil Plunk and Lela Moon flying down the corridor was a blessed sight, as we weren't sure what to do, but the Lord delivered them safe and sound, if not a bit anxious.

Our comrades in Nashville, Joyce Ann and Orland Lasley, were ready and waiting with open arms. The way Orland handled the bus was if it was a compact car. Of course they each had fun stories from the previous days of driving and getting Tennessee ready for our group. The first afternoon we got settled in our motel and walked down to Denny's Restaurant for a delicious steak and shrimp dinner. The first evening we relaxed and watched TV and snacked and got ready for our second day. I should say the younger ones in the group rested as the residents were

like a drag racer, ready to take off.

Our second day, Thursday, we were up at 6:00, had breakfast and hit the road. We hired a tour guide and rode around and saw the recording studios in downtown Nashville. Then we went out to see the beautiful Estates along Millionaire row. The homes of Minnie Pearl and Dolly Parton were viewed along with many other celebrities in the country western music capital of the U.S. Many of the homes we saw were built in the pre-civil war days and were maintained to look like new. Dolly Parton's home was built by her and her husband Carl, in recent years, to resemble a Southern Plantation. She had built a beautiful two story brick home for her folks right next door to her estate. Although they had recently returned to the back hills of Tennessee, the home is now occupied by an uncle of hers.

After touring all day we returned to our motel for an hour of rest and relaxation for a big night on the town. That evening we dined at the Hyatt Regency Restaurant atop the 28 story hotel. The restaurant rotated completely every 20 minutes giving us a splendid opportunity to see the beautiful skyline of Nashville and the surrounding area.

As one of the residents commented, "Gosh, one time I look out at a skyscraper and then I look out and there's a church at

Historic Flags On Display

The history of the Republic of Texas will be on display at The First State Bank of Stratford during the week of May 19th. The bank, in conjunction with the Sherman County Sesquicentennial Committee and several local organizations, will commemorate the Texas Sesquicentennial with an exhibition of replicas of eleven historic flags representing Texas as it went from independent country to 28th state.

These flags chronicle the battles of independence and the political establishment of the republic. These flags are the flags of the Republic of Texas and should not be confused with the Six Flags of Texas.

The flags are limited edition museum replicas containing the historic emblems of Texas. Only one of the original flags from which the replicas are made has been preserved; the rest were destroyed in battles or have been lost. The flags on display were replicated from eyewitness accounts written by men and women in Texas 150 years ago.

Each flag is entirely hand-made from silks and

cottons that match the fabrics used 150 years ago and show the years of wear, burns, stains and frayed edges. The flags are framed for display and are valued at \$950.00 each.

These historic Texas flags represent the most important moments in our state's early days. Some date from the fight for independence from Mexico in 1835 and 1836. Others are from the time of the Republic of Texas, a time unique in American history, since no other state was ever an independent and sovereign country.

This display is being made possible by donations from the following: Sherman County Museum Board, Extension Club, Xi Epsilon Sorority, Sherman County Sesquicentennial Committee, Elk Pharmacy, Stratford Grain, Stratford Chamber of Commerce and The First State Bank of Stratford.

Stop by The First State Bank and see this unique historical display. Flags will be on display May 19th thru May 23rd from 9:00 until 3:00 daily. Tours can be arranged by contacting Sherry Phelps at The First State Bank 806-396-5521.

TOWN TALK

Wilma Lee Cameron and daughter, Tamra Elms from Keyes, attended the funeral of Wilma Lee's sister, Leona Burton on Wednesday. The services were in Garden City, Kansas. Also attending were Mr. and Mrs. Raymond McWhirter from Pagosa Springs, Colorado and Alwayne Lemke and Mildred Lemke and families from Amarillo. Raymond, Alwayne and Mildred and families stopped over for a visit in Stratford on their way back home. They are brother and sister's of Mrs. Cameron.

Beat Check

By Dennis Davis

A Colorado man was arrested last week after a near miss at the intersection of U.S. 287 and 54. The man, who officers witnessed, seemed to "fly" over the railroad tracks, did not stop at the stop sign until he was well into the intersection. His failure to make a "legal" stop caused two Stratford men to become somewhat alarmed when he came within a few feet of colliding with the vehicle they were in. After officers were able to get the Colorado vehicle stopped south of town, they discovered that the driver may have been impaired in operating his automobile by a combination of alcohol and possibly illegal drugs.

The officers requested and received permission from the driver of the car to search the vehicle. They discovered an assortment of drug paraphernalia items as well as a small plastic bag containing white tablets which the suspect could not produce a prescription for. Further, the officers located a container in the truck area of the vehicle that had a quantity of white powdery substance, possibly cocaine. The subject was booked into jail after consenting to give a blood and urine specimen for analysis.

He was charged with: Possession of a Controlled Substance, Possession of an Illegal Drug, Possession of Drug Paraphernalia and DWID (Driving Under the Influence of Drugs). Judge Don Owens arraigned the subject on the charges and set his bonds at a total of \$2,000. The subject bonded out later that night.

It was learned later that the subject has been arrested on two previous occasions for possession of dangerous drugs and DWI.

An Amarillo man and a Stratford man were also arrested by officers of the Stratford Police Department during the past week on charges of DWI.

The Amarillo man was observed by an officer as he pulled into the local convenience store and then appeared to stagger inside the store. He failed a series of field sobriety tests and also an intoxilyzer test. He was booked into jail for DWI. The Stratford man was arrested by an officer of the police department after driving on the wrong side of the road on North Pine Street. He refused to submit to field sobriety tests but agreed to an intoxilyzer test. He registered in excess of three times the legal limit allowed on the intoxilyzer.

A minor traffic accident was also investigated by the police department on East Texas Avenue. An out-of-state subject apparently had intended to pass a Stratford man on the right as both vehicles were east-bound. The Stratford man, unaware that the other vehicle was beside him, began to make a right-hand turn onto a side street when the collision occurred. Neither vehicle sustained any major damage.

Other investigations by the police department included a report that someone had "egged" a subjects pickup; a report of prowlers in the south section of town and various other investigations.

Did You Know?

There is an increasing problem on Texas Avenue with confusion as to that section of roadway. Most folks passing through Stratford have the misconception that the width of the highway means that it is a four-lane. Actually, a lot of us that live here drive like we think that it is a four-lane too. However, it is just a two-lane

and problems do exist due to the confusion. I would encourage the citizens of Stratford to exercise extreme caution while going to and fro on Texas Avenue. We are investigating ways to make both local folks as well as out-of-towners aware of the situation and urge everyone to "watch out for the other guy."

OBITUARIES

DAVID BRIAN BORNSTEIN

David Brian Bornstein, 15, was killed Saturday in a two-vehicle accident here.

Services were at 4:00 p.m. Monday in Westside Church of Christ with Calliquit Nash, Church of Christ minister from Odessa, officiating. Burial will be in Gaines County Cemetery by Singleton Funeral Home.

Mr. Bornstein, a freshman at Seminole High School, played football and golf. He was active in Student Council. Born in Stratford, he also had lived in Hereford and Stinnett.

Survivors include his parents, David and Belinda Bornstein of Seminole; two sisters, Keitha and Kyla, both of the home; his grandmother, Sara McCormick of Seminole.

Brian's father, David, was a former head football coach at Stratford High School while his mother, Belinda, was an employee at Stratford

Star. Their current address is Rt. 1, Box 611, Seminole, Texas 79360.

A Memorial Fund has been set-up at Seminole National Bank.

ROBERT B. RIDDLE JR.

Robert B. "Buck" Riddle Jr., 29, died Sunday at Vernal, Utah.

Services will be today at Vernal. Graveside services will be at 10 a.m. Thursday in Boise City Cemetery with the Rev. R.B. Mathis, pastor of First Baptist Church, officiating. Arrangements are by Cimarron Mortuary.

Mr. Riddle was born in Holdenville and was a graduate of Boise City High School in 1974. He was married to Tena Crabtree in 1976 in Boise City. For the past seven years they have lived in Utah where he was a well test specialist for Colorado Interstate.

Survivors include his wife; a daughter, Melane of the home; his parents, Robert and Betty Riddle of Dumas, Texas; two sisters, Mrs. Dave Christian of Gruver, Texas and Mrs. J.D. Halstead of Stratford; his grandparents, Mrs. Catherine Riddle and Mr. and Mrs. Leo Pannell, all of Holdenville.

Riffe Honored

Athletes in eight sports were honored at the McMurry College All-Sports banquet held at the United Methodist Campus Center

Friday evening. Diann Riffe was named the women's track Most Valuable Player.

Keener Graduates

Commencement exercises at Northwestern Oklahoma State University, Alva, were conducted Sunday, May 11, according to Dr. Joe Struckle, university president.

The graduation program began at 2 p.m. at Ranger Field with Dr. Leon Hibbs, president of Southeastern Oklahoma State University in Durant and a Northwestern alumnus, the commencement speaker.

A total of 223 students were candidates to receive bachelor degrees and 55 were candidates for master degrees.

Receiving his Master of Education Degree was Johnny Mark Keener from Stratford. Mark is the son of Mr. and Mrs. Poe Keener.

SCOT Notes Kerrick News

by Timmie Brown

This has been a beautiful week even if we have had a lot of wind--wind is part of life in the Panhandle.

Scott Birthday Party was a pleasant event. Irene Butler, Robbie Yates and Betty (Lee) Brown were birthday guests. Hilma Cleveland and Tom Brown were guests, also. SCOT folks present to welcome these folk and enjoy playing "42" were E.W. Butler, Dicy & Max Stephenson, Elsie & Kenneth Pickens, Timmie Brown, Freda Dortch, Lily Galloway, Kathleen King, Evelyn Cooper, Eskie Ritchey, Jewel Dovel, Ethel Hampton, Rowena Williams, Georgia Cook, Gladys Arnold and Juanita Bolster. We are so glad Juanita is returning to us.

The quilting crew were busy three days--Monday, Wednesday and Friday. No definite plans are completed for their quilt show. However, if and when they are ready, they will display the quilts they have finished--both their own and those they have finished for others. They will display a quilt they plan to make in entirety for the purpose of giving away for donations on same. So this is a pleasant thing to anticipate for they will show some unique quilts. Friday, May 16, this crew will be at SCOT Hall from 9:30 a.m. to 4:30 p.m. with lunch at noon. They invite "non-quilters" to come by and visit. A few could have lunch with them. Since we don't give time in quilting, we can feed the "Scottie" to be helpful.

Regular meeting for Sherman County Older Texans is Thursday, May 22 at noon. Our hosts for that day are the Bill Lasleys, Chairpersons; the Naylor, The Lollises, Mildred Ingham, Kathleen King and Georgia Cook. We understand that Millie Hacker is planning a patriotic program that day. We are anticipating a happy time.

The last event at SCOT Hall in May is the Community Dance for SCOT age folks 55 years of age on up in years. Those attending are having a good time. The Kerrick Orchestra will furnish music. If one doesn't dance, one can still enjoy the music, pat a foot, and visit. Try coming, you'll probably be glad you went. Date is May 31, (Sat) at 8:00 p.m. Donation!!

Some folks have expressed an interest in game night on the 3rd Saturday in the month. We are sure Ethel will include it on the

calendar for June. We think those interested can encourage Ethel by offering to be responsible for the party plans. Let's speak up and show up.

On Tuesday, May 10, the XI Epsilon Iota Sorority entertained their mothers and friends with a lovely luncheon at Margaret Reed's home. SCOT members included were Mary Peach Smith, Ione Reed, Kathleen King, Oline Caraway, Lorraine Mehner, Timmie Brown, Dorothy Halle, Francis Watson, Robbie Yates, Evelyn Cooper, Mildred Ingham, Eunice Vaughn and Mrs. Phillips of Amarillo who is Elizabeth Zimmer's mother. We enjoyed the delicious food and the program of "quips and sayings of days past" plus the sing-a-long of songs popular in our earlier days. Best of all was the T.L.C. lavished on us. Thank you, sorority members, for such a pleasant event. It really made our day!

On the news side, Billy and Selma Pendleton's house guest this week is J.R. Pendleton of Troy, Texas; to us he is our pier, Bob Pendleton. Let's be sure to call on him. He certainly is a genuine SCOT even if he doesn't live here now.

The Caraway's are home from an extended Texas trip. They went west through the Big Bend Country around through San Antonio country, Houston, Tyler, and Amarillo. They missed T.V. and daily news in the Big Bend Country.

Mary Peach Smith is recuperating at St. Anthony's Hospital in Amarillo following hip surgery. Greetings and love, Mary Peach. Send her greetings.

We welcome Juanita and Cone Donelson home for the summer. We miss them when they are in Arizona.

SCOT's congratulations to Dorothy Halle--She truly represents the profession of Homemaking.

Gay Steinberger, Follett; Joe, Marlene, Jerry Knapp; Ida Mae (Fowler) & J.J. Ellis all of Amarillo; Lorene Brown, Panhandle; Kim, Elizabeth & Jacob McAttee, Fritch; Dixie and Donald Dickerson, Taos, New Mexico attended the Harry L. Brown funeral on Monday.

Mother's Day guests at the Baskin Brown home were Hilma Cleveland, Helen Mason, Timmie Brown, Howard Ethridge, Patty, Jim and Ashly Brown. On Saturday evening preceed-

Tuesday, May 6, Kerrick EH Club traveled to the 6666 Ranch near Panhandle for lunch with Rene' Avent. She had prepared delicious fajitas. The group viewed a video of Charlie Bell talking about cowboys that had been prepared by the Panhandle Square House Museum, then they went on to the Museum for a tour. Making the trip were Lynn Wells, Pat Boren, Gayla James, Franny Taylor, Mable Rogers, Joyce Irlbeck, Barbara Schoonover, Marylou McDaniel. Rene' went to the museum also.

Pauline Harbour came over to the museum to say hello to everyone. It is necessary for her to have oxygen available, otherwise she seemed the same.

Wednesday night there was a hurry-up community meeting to discuss plans for raising money for a new roof at the Center. A survey was taken from those present on what should be done and how to raise the money. Two bids are in. Lynn Wells, Dayla Harris and Minnie Hampton were appointed to the fund raising committee. Business was conducted by Ted Irlbeck, president and Annette Hampton, secretary.

Present were the Alvin Harrises, Gary Thompsons, Ralph Hamptons, Hank Rogerses, Terry Schoonovers, Bill Borens, Ted Irlbecks, Fred McDaniels, and Andy James, R.J. Hill, Franny Taylor, Mike McDaniel, Doug Taylor, Gayla James.

Homemade ice cream and all that goes with it were enjoyed.

There will be a Kerrick Bake Sale Thursday, 10 a.m. at the Southern Union Gas Co. This goes toward the Center roof.

Make plans now to attend the annual skating party, Sunday, May 25, 3 to 5 p.m. at Guymon Rink. There will be a picnic afterwards at the City Park. Bring your sandwiches, etc. Drinks will be provided by the hosts, the Alvin Harris and Gary Thompson families.

Barbara Avent recently spent a week in Longview with her sister and family, Sandra Madding. She was accompanied by her parents, Mr. and Mrs. Henry Woods of Amarillo. It turned cold and rainy while they were there!

Hank & Mabel Rogers, David & Joshua Rogers, Joyce Harper, Alvin, Dayle, Bruce, Jay & Dean Harris, Gary, Vicki, Kim and Matt

By Marylou McDaniel

Thompson enjoyed a Mother's Day outing at Lake Etling.

Brenda Taylor arrived late Wednesday night for a visit with her mother, Franny Taylor. The Fred McDaniels hosted a spaghetti supper for Brenda & Franny Saturday night. Mike McDaniel also was present. Brenda returned to Denver Sunday.

Bill & Pat Boren visited with the Dennis Webber family Friday and Saturday at Sheridan Lake, Co. On the way home they stopped by the Fred Tanners at Campo to see his collection of Indian artifacts and animal trophies.

Bill and Katie Allen visited with Fred and Marylou McDaniel Sunday evening to view some videos

of Colorado and Charlie Bell. Gayla James enjoyed a short visit Monday with an uncle and aunt, Truman and Mildred Redwine of Hale Center.

Marjory and Dick Munden, Claude, spent Mother's Day with Virgie Mathews.

Jo June McDaniel had a nice Mother's Day present from Whit and Diane McDaniel. They came from Stratford Saturday and worked in her yard, pulling stumps, leveling, etc. Sunday, she and Kayo were in Clayton with her brother and family, the Penny Whitsons.

Spending four days last week with Minna McDaniel were daughter, Thelma Smith and niece, Beth McDaniel, both of Dumas.

Pat Boren was in Dallas May 1-4 for a "Wecare" seminar.

Nita Taylor and George Fesser of Amarillo attended the races at Raton Sunday.

R.P. and Carrie Crabtree, Frank and Blanche James, Lyman and Judy Potter were supper guests of Kenneth and Lynn Wells Saturday. They viewed the Charlie Bell video.

THE CLOCK OF LIFE

The clock of life is wound but once
And no man has the power
To tell just when the hands will stop
At late or early hour.
To lose one's wealth is sad indeed,
To lose one's health is more.
To lose one's soul is such a loss
That no man can restore.

39 people died while you read this short little poem. Every hour 5,471 people go out into eternity. What are you doing to reach them ere they perish forever in Hell?? To refuse others the Word of Life is to condemn them to Hell!! EVERY DAY SHOULD BE VISITATION DAY FOR THE INDIVIDUAL CHRISTIAN. Are YOU letting Satan CHEAT you out of the blessing of leading souls to Christ by telling you, "You can't do it" or "You don't have time" or "You're too tired to go out and visit for your LORD". Satan would like to keep all of us from working for the LORD.

A dear old Preacher Friend once gave me a definition of an "EXCUSE":
"AN EXCUSE IS THE SKIN OF A REASON, STUFFED WITH A LIE."

Satan would like for you to use all of the above EXCUSES when it comes to: CHURCH ATTENDANCE, PRAYER, VISITATION, CLEANING THE CHURCH BUILDING, FAMILY ALTAR, OR ANY OTHER TIME WHICH BELONGS TO OUR LORD.

Garden Club

Stratford Garden Club met in the home of Frances Watson on May 8 with Ione Reed, Kathleen King, Geneva Haile, Audrey Gamble, Jewel Dovel, Timmie Brown and Opal Bryant present. After partaking of delicious refreshments, the meeting was called to order by President, Geneva Haile, and the club collect was given. During business, it was voted to donate \$100 to "Museum Doings" June 7.

The lesson was "Beauty Spots I've Enjoyed" and roll call "A beauty Spot in Town". Many remembrances were recalled by members during the lesson and all agreed that it was worth while to drive around our town and look for beauty spots.

Lind To Address United Methodist Women

Wednesday night, May 21, at 7:00 p.m., Michael Lind, director of Stratford/Dumas Family Services will address the monthly meeting of the United Methodist Women. The meeting will be held in the Fellowship Hall of the United Methodist Church. Lind will be discussing the many opportunities for individual and family growth which are offered by his service, including parenting skills and individual and family counselling.

United Methodist Women is the women's organization within the United Methodist Church which works to encourage the spiritual growth of women and the enhancement of missions within the church.

All Stratford residents are invited to attend the meeting and ask questions and learn about the very vital services which are being offered by Stratford/Dumas Family Services.

Helpful Hints

by Naomi

A mery heart doeth good like a medicine. Proverbs, 17:22.

A choice topping for casseroles is made by mixing flaked cereal and melted butter. Add to the top of casserole just before taking it from oven a few minutes.

Spots of grease on wallpaper can be removed with paste of cornstarch and detergent. Let it dry then brush off.

Frozen Choco Mint Mousse sounds so good and is so easy to fix when you are sick. Fold one teaspoon of peppermint extract, five drops green food coloring, two finely chopped chocolate bits, four ounces nondairy whipped topping, spoon into dish and freeze awhile and eat.

Engagement Announced

Mr. and Mrs. H.A. Brizzolara of Alva, Oklahoma, announce the engagement of their daughter, Kathryn Anne, to P.J. Pronger, III. Pronger is the son of the late Mr. and Mrs. P.J. Pronger, Jr.

The couple plans to be wed June 21 at St. Stephen's Episcopal Church in Alva.

The bride-elect holds a bachelor of arts degree with distinction from Yale University in New Haven, Conn., and a master of arts degree of Cambridge University, England. She held the Rotary International Fellowship to Cambridge in 1983-84. She is currently curator of education at the Carson County Square House Museum in Panhandle.

The prospective groom holds a bachelor of science degree from West Texas State University and a degree in French Language and Culture from the Sorbonne, University of Paris, France. He is on the board of directors of the Texas Panhandle Heritage Foundation and is self-employed as a rancher in Stratford.

Chamber Chatter

by Sherri Butler

THE EYES HAVE IT!--This is the title for a visual merchandising seminar which is being sponsored by the retail merchants division of the Chamber of Tuesday, May 29 at 8:00 p.m. in the community room of the Sherman County Public Library. The program is designed primarily for retailers but many of the concepts will apply to service businesses concerned with promoting and shaping a public image. The program will emphasize the importance of effective visual merchandising and the potential for added sales and profits. Cost for the program will be \$5.00 per participant. Please call the Chamber office (396-2260) to register or for additional details.

TEXAS SESQUICENTENNIAL WAGON TRAIN INDIAN RAID--Let's all make plans to join the Sherman County Sesquicentennial Committee in welcoming the Wagon Train to the Texas Panhandle. Stratford is the only community north of Amarillo who has planned a special, friendly reminder that Texas does extend north of Amarillo. Please see the separate article in this edition concerning meeting place and times for Stratford people planning to help "attack" the Wagon Train.

SMALL BUSINESS LOANS AVAILABLE--The Texas Panhandle Regional Development Corporation (TPRDC) is certified by the Small Business Administration to operate the 503 program in the Texas Panhandle. Through the 503 program, which operates in conjunction with private lenders, small businesses can acquire long-term financing for the hard costs in a small business start-up or expansion. (Hard costs include primarily land and building, either purchase or new construction, and renovation). An outline of the steps involved in the 503 process is available from the Chamber office or by contacting Perna Strickland, Administrative Director, at (806) 372-3381.

PAINTER'S SUPPLIES TO BE AVAILABLE--Painting supplies for those doing work in tole, watercolor, oil and acrylic will soon be available again in Stratford at the new shop to be opened by Denise McKaughan. The Heart of Art, located at 202 N. Poplar (Hwy 287) will be opening at 9:30 a.m. on Monday, May 19. In addition to art supplies, classes in the different mediums will also be available. Stop by to visit with Denise and see the different items and supplies she is offering and check on class dates and times. Welcome to the Stratford business community!

SMALL BUSINESS WEEK--MAY 18-24--Small Business Week is held annually to honor and recognize the contributions of America's small business men and women. Small businesses employ 48 percent of the private work force, contribute 42 percent of all sales in the country and are responsible for 38 percent of the Gross National Product. Small business owners are the leading job creators and job trainers in the country. The small business paycheck puts bread on the table for more than 100 million Americans. Businesses with fewer than 20 employees create two out of every three new jobs. Small business is more than twice as innovative as big business. Most new products still come from small businesses. **SMALL BUSINESS IS BIG IN STRATFORD!** Thank you to each of the small businesses in Stratford, not just for your contributions to the local economy, but for your community spirit, which sets an example for all of us. Every day, every week, the people who own or work in our small businesses donate their time, money, products, and services to the charitable projects of our community.

Small business is BIG in Stratford!

'A to Z' FOR THE GRADUATE--Remember the scholarships being offered by Stratford merchants and cast your ballot for a senior as you shop! **AGRICULTURE SCHOLARSHIP**--Contributors to the agriculture scholarship are reminded to review application letters prior to May 23 deadline. See Martha Mitts at the First State Bank.

Star Club

Fajitas indigenous to south Texas have become popular throughout the state, Susie Spurlock told members when Star Club met May 6, 1986 with Jimmie Pronger. Susie said that Texans have enjoyed fajitas for a long time, this food which began as mesquite grilled beef rolled up in corn or flour tortillas is not eaten in most parts of the United States because people are unaware of it. Fajita is Spanish for "little belt" or "sash" and the piece of meat involved resembles a cummerbund.

Leona Kelp, president, presided over the business meeting.

4-H'ers Place At Roundup

Sherman County 4-H'ers returned home from District 4-H Contest Saturday with smiles and ribbons.

Wendy Allison and Alicia Miller placed second in the Jr. Sheep contest. Roxan Tillery earned the right to compete at the state 4-H Roundup to be held in June on the campus of Texas A&M by capturing second place in the Sr. Clothing Educational Activity.

Wes Allison and Cristie Chumley participated in the Senior Public Speaking contest.

The Sherman County Extension staff would like to congratulate these 4-H'ers for their hard work and dedication.

Congratulations also to Roxan Tillery for being named the recipient of the Florence W. Low scholarship offered by the Texas Extension Homemakers Association. This scholarship is valued at \$750.00. Roxan has also received word that she has been granted an interview for one of the Texas 4-H Foundation scholarships ranging in value of \$1000 to \$8000 which includes the prestigious, Houston Livestock Show and Rodeo scholarships.

Cook Of The Week

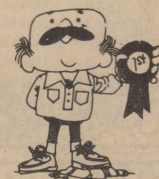

I was raised in Morse, Texas and have lived in Stratford for 8 years. Hal and I have been married for five years, we have four children--Roger and Cody West and Piper and Quinten Bennett. My family is very important to me and I do enjoy cooking for them! Also, I enjoy working in my yard, tending to my plants, sewing and I love spending lots of time on crafts of all kinds.

INDIAN FRIED BREAD

3 cups flour 1 1/4 t. baking powder
1 1/3 cup warm water 1/2 t. salt

Mix dry ingredients, add warm water, knead until soft but not sticky. Tear off one piece at a time, about the size of a glass top and 1/2 in. thick. Stretch and pat dough until it is about the size of a 3 lb. coffee can lid. Poke a hole in the middle of it and fry in hot oil, brown on both sides.

ORANGE SALAD

1 small size cool whip
1/2 pint sour cream
1 small box orange jello
1 can crushed pineapple
1 can mandarin oranges

Whip orange jello with cool whip, add sour cream and drained fruit. Add small amount of marshmallows and 1 T. sugar.

SQUASH CASSEROLE

1 1/2 pounds squash 1/4 cup milk
1 medium onion 2 T. margarine
1 cup grated cheese 1 T. sugar
Salt & Pepper to taste 1/2 cup crushed crackers

Preheat oven to 350 degrees. Grease a 1 to 1 1/2 quart casserole dish. Cook squash and onion in small amount of boiling salted water until tender. Drain well and combine with remaining ingredients except 1/4 cup cheese and crackers. Place in dish and sprinkle remaining cheese and crackers on top. Bake for 25 minutes or until bubbly.

Ladies Golf

Ladies Golf Association met May 6 to discuss two tournaments, the Modified Scramble Sunday, May 11, and the Invitational Tournament, a scramble, on June 3. There will be coffee at 8:00 a.m. with tee off time being at 9:00 a.m.

Present were Yvonne Pittman, Reba Pittman, Mary Lou Cotney, Linda Haynes, Glennell Dettle, Karen McMillian, Melissa Haggard, Charlene Dyess, Nelda Stacy, Alma Lee

McMahan, Aline Judd, Pat Williams, Joe Davenport and Charlene Oquin.

A scramble was played before the meeting. The winning team was Reba Pittman, Charlene Dyess, Karen McMillian, Mary Lou Cotney, Joe Davenport and Melissa Haggard.

Balls won on play day were Reba Pittman, one ball; Judy Oquin, one ball; Amy Donelson, one ball.

All enjoyed a covered dish dinner.

Card of Thanks

We wish to thank all of the friends and relatives who were so generous, kind and concerned during the illness and passing of Harry.

To the patient and understanding people at Coldwater Manor, we give special thanks.

The Smith and Brown Relatives

Card of Thanks

We would like to express our appreciation for our children, Dr. Harlow and Sue, Dr. Abel, the Ambulance Crew—all the flowers, telephone calls and help while Pup was in the hospital and since he's come home.

What would we do without relatives and friends?

Thanks so much,
Rose and Pup

Card of Thanks

I would like to take this opportunity to express my gratitude to those who voted for me in the May, Republican Primary. In the coming months, I will be contacting the voters in Precinct 2, both in person and through printed means, to seek your vote and support in the November General Election.

Remember, that regardless of how you voted in the primary—or even if you did not vote at all, as a registered voter you are eligible to vote for candidates in either party. I would certainly appreciate your vote and support on November 4 in electing me as Sherman County Commissioner, Precinct 2.

Wayland Brown

Card of Thanks

We sincerely appreciate your kindness and concern for us at the loss of our dear husband and loving father. You have responded so graciously to each of our needs. Thank you for the prayers, visits, cards, flowers, food and memorials. The special music, words of comfort and solos at the funeral helped us to accept our loss. We pray God will bless you as we have been lovingly blessed by you.

Travel Log

Coldwater Kids
Cont. From Page 1

Our third full day we went to the Hermitage house, the estate of the late President Andrew Jackson. The estate has all the original furnishings and is considered one of the most beautiful homes in the U.S. Upon our return to the motel at 2:30, we all got dressed up and hit the Opryland Hotel and had an exquisite dinner at the famous Rhett's Restaurant. We enjoyed our own private dining area and food and service fit for a king. Needless to say, this kind of treatment would be easy to adjust to. From dinner we went directly to the Opry House for 3 hours of sheer entertainment pleasure.

One very special event was that Barbara Mandrell, who had not performed at Opryland in years due to concerts, tours, etc. made a special trip out that evening to sing. She made a special mention to our group and proceeded to give us a heck of a performance. It was definitely exciting. For those of you who have never seen Barbara Mandrell, she is a tiny little lady, but with energy befitting a giant.

Sunday we woke up and hit the highway headed for Memphis. As mentioned, Orland and Joyce Ann made the trip seem as though they had practiced driving the highways and streets for a year. Orland must have a built-in compass as none of us knew what direction we were headed in. As we arrived in Memphis at 4:30, we got settled and situated in our rooms and believe it or not rested. Of course, Gennell, always moving, did laundry with Joyce Ann, then came back to the motel and finally rested.

Monday started off another week of excitement. Our tour guide met us at 1:30 at the motel after a wonderful lunch at Shooneys. We all took off for a wonderful cruise on the Mississippi River Boat, the Memphis Queen. It was a 3 story Showboat, powered by a paddle wheels, just like the ones you see on television. We went up and down the Mississippi River and believe me, it was just the perfect weather for such an excursion. I failed to mention, this same morning we toured Graceland, Elvis Presley's mansion. We toured his home, his gardens, his museum, his 2 airplanes and his tour bus. Also his prized car collection and Elvis and his mother's final resting place.

The last full day of our trip started on Beale Street, downtown Memphis. We took tea and pastries at the world renowned Peabody Hotel while waiting for the Peabody Ducks to make their grand departure from the solid Italian marble fountain in the lobby of this beautiful 50 year old hotel. Everyone shopped and looked and in general had a big time of it. We remained out among the crowds until 7:00 p.m. when we went to Lou's Place for some blues and jazz music. From there we went to the Public Eye Restaurant for bar-b-que, cole slaw and baked beans. Then back to the nightclub for more jazz music and festivities.

The next morning we were at the airport at 6:45 for our trip back home. They served us a delicious breakfast of apple pancakes and ham. On the last leg of our journey, we were all thankful everyone did so fantastically. Not one single person became ill or too tired with the exception maybe of us young ones.

This trip taught all involved a great lesson. We were all blessed to join in on this experience. The Coldwater Manor Kids proved to be a unique inspiration to all they came in contact with. They all say it gave them a new lease on life. It certainly does prove age is simply a state of mind. I'm afraid our state of mind is years older than the residents we accompanied, they never missed a beat and we're all extremely proud.

Special Thanks to everyone who made it possible for us to go: Lasey, (the dog) for her companionship, Carl Dretske, Don York, Mr. and Mrs. Orland Lasley, The Methodist Church for the van.

Personal comments from some of the Kids follow:
THELMA FLETCHER—I enjoyed just getting to go—especially liked the Peabody Ducks and the Restaurant atop the Hyatt. Everyone being so friendly.
MINNIE PURGASON—I enjoyed everything of course, but the Grand Ol' Opry was impressive, as were the Peabody Ducks were precious.

MADGE LOWE—I loved it all, but the highlights are hard to single out. The Peabody Ducks and water-boat stood out in my mind.
LOIS OLDECKER—My favorite thing was getting wet on the river boat cruise, it was great!

OPAL BUFKIN—I enjoyed my first commercial airline ride, surprising to me, I enjoyed it thoroughly.

MABEL CLARK—I enjoyed the riverboat ride immensely and loved the ducks.
LELA MOON—I loved sitting on the bow of the riverboat getting a sun-tan, and the spoiled ducks.

DORA JONES—I enjoyed eating on top of the Hyatt.
MILDRED CARROLL—Going down the Mississippi was my biggest thrill, also the Hyatt Regency on top of the 28 story hotel.

Middle School News

The Stratford Junior High and 6th grade bands received top honors at the Spearman Music Contest on May 10. The sixth grade band, under the direction of Mr. Randy Hunsaker, received all first division ratings from all four judges. Mr. Hunsaker said, "The kids played very musically, especially in the sight reading room." The sixth grade band received a Sweepstakes Trophy for their efforts. Several sixth grade band members played solos. Those receiving the top award were Jay Cloyd, Alan Gore, Tony Reynolds, Kendra Tillery, Brandie Lavake, Jennifer Haynes, Shannon Norris, Scott Asher, Lily Cano, Amber Woolsey, Heather Husmann, LaQuita Vaughn,

Candace Ashby, Carrie Switser, Buffy Ellison, Emily Graham, Jenny Carter, Karen Ivey, and Angie Porras.

The Junior High Band also received 4 first division ratings. In addition to the Sweepstakes award, the Junior High Band was also chosen to be the Outstanding Band in their class. Sixteen schools from across the Panhandle participated. Junior High Director, Jim Taliaferro, said, "The band performed with style and polish. Stratford is fortunate to have such top notch directors."

Congratulations to the bands and to Mr. Hunsaker and Mr. Taliaferro. We in Stratford are very fortunate to have such top notch directors.

FFA Meeting Thursday May 8

The Stratford FFA held their last meeting of the school year Thursday, May 8, 1986. During the meeting the members elected new officers for the 1986-87 school year. These are President Steven Pickens, Vice President Galen Knight; Secretary Corey Crabtree; Treasurer Chuck Williams; Reporter Paula Ivey; Sentinel Jaime Saenz; Parliamentary Chris Clements. The FFA Sweetheart

for the 1986-87 year will be Jennifer Brite with her alternate being Susan Cloyd. Who will be the FFA Sweetheart for the 1987-88 year? Mr. Carter and Mr. Hembree were in charge of the refreshments at the meeting and they chose to serve cokes and burritos. The new officers will take their annual trip to Spanish Peaks this weekend. Have fun guys.

Dear John:

John Deere Answers Your Lawn Care Woes

Fast Fertilizer Vehicles

Dear John: While they're putting men in space, I'm still trying to decide what kind of machine I should use to spread fertilizer. Can you direct me in this mission?

Dear Turfonaut: Lawn care experts have engineered two spreaders to help you rocket through your fertilizing mission.

The drop-cast spreader, which operates on the freefall principle, drops fertilizer from adjustable holes in the bottom of a trough-shaped craft. When navigating your lawn with a drop-cast spreader, be sure to overlap wheel paths on each pass for uniform coverage.

The broadcast spreader uses a spinning disk to launch fertilizer onto your lawn. Some disks can throw fertilizer up to a distance of eight feet. Watch the trajectory so you don't overlap applications and over-fertilize areas of the lawn.

You also can use both types of spreaders to carry cargo such as lime, sulfur, grass seed and granular weed killers. After reentry, empty out the cargo hold and wash and dry the spreader thoroughly to avoid corrosion.

Dear John: I'm seeding a few small patches of my lawn. Do I

**Your Lawn and Garden Headquarters
Sherman Implement Co.**

need to use a mulch? If so, what should I use?

Dear Patchwork: When repairing bare spots in your lawn, you can use a straw mulch. Or use a clear polyethylene cover as a mulch to prevent sprouting seeds from drying out. The polyethylene cover will cause condensation to drip down on the seeds, keeping them damp during germination. Make sure, however, that it doesn't get too warm underneath the cover; sprouting seeds won't survive temperatures of more than 100° F. To hold the mulch in place, stitch down the cover around the edges with long nails or wire wickets. Remove the cover when most of the grass plants have sprouted.

Dear John: Does bermudagrass really come from Bermuda?

Dear Grassy Traveler: Despite its name, bermudagrass is believed to come originally from Africa and India. In fact, bermudagrass was called the "Preserver of Nations" in ancient Hindu literature for its part in feeding the country's cattle. The grass is also called Cynodon, but was later named bermudagrass because of its popularity in Bermuda.

Traveling Gypsies

"Traveling Gypsies", bunco artists, and other con artists are making their annual trek through the Panhandle area. They rarely stay very long in one place, just long enough to swindle some of the older citizens in the area with phoney repair schemes. Types of swindles: roof repair, termite exterminating, lighting rod repair, asphalt driveway resurfacing, and roof painting and sealing. VICTIMS: Usually a retired middle-class homeowner 60 years of age who often do not understand what repairs are being offered. Prices quoted by these con men usually sound low and appear desirable. The victim usually does not know he or she has been swindled until after the offense takes place and sometimes may never realize it. A lot of the victims are reluctant to admit they have been taken and therefore only a small percentage of the offenses are reported. THE CON: 1. "We have just finished a resurfacing job and have some asphalt left over; because we didn't have to pay for the asphalt we can give you a good deal on it". Thus what appears to be a \$500.00 to \$600.00 job may end up costing \$2500.00 to \$3000.00 due to extra material, etc. that they say was necessary to complete the job. The victim is usually then intimidated into paying the inflated price. 2. The victim may hear or see someone on their roof. The victim is then approached and told that the company has sent the repairman out to check the lightning rods and the only thing that could be found wrong was a small item costing around \$1.25 or so was replaced. Could the victim please write out a check for that amount as the company would not trust them with cash and wanted checks only. The victim, appreciative that the company is looking out for them and the fact that the only cost is less than \$2.00 readily writes out the check. However, when the "repairmen" cash the check at the bank, the total amount of the check has been raised by \$100's or \$1,000's. However much the "repairmen" think the victim can afford. 3. Roof repair, again the victim is approached by a nice young man who just happens to have some sealant left over from a job down the street and all it will cost will be for the labor. Old crankcase oil, silver paint and about 80% solvent are usually the basic ingredient. Sometimes one or two good jobs are done in

the area so the con artists can use those jobs as references. 4. Pruning trees, they offer to do the job for so much a tree, the victim thinks, but when the job is finished the victim finds out that it was so much a branch not the whole tree. 5. Driveway repair sealing; basically the same material is used that was used in the roofing scheme except for the paint. 6. Termite extermination: they usually smuggle termite infested wood into homes to convince victims that their homes are infested. They use the same mixture to spray around the base of the house that they use to sealcoat the driveways. 7. Septic tanks: they will intimidate the victim into paying a higher fee than was originally agreed on or if the victim pays ahead of time the con artists will leave without pumping out the septic tank.

Due to the time element involved in receiving information that a fraud has occurred in most of these type cases, one of the most difficult problems involved is getting these con men identified. They will have drivers licenses from several states, no identification at all or they often times exchange I.D.'s with each other. These "Traveling Gypsies" are fairly easy to spot. They usually are driving new shiny pickups, often dual wheels on the rear accompanied by shiny new dump trucks pulling shiny new looking lowboy trailers with asphalt rollers in the trailers. These people do not like to be identified, usually if you get their license numbers from their vehicles and/or their drivers license numbers, they tend to vacate the area. There is no such thing as a "good deal" when dealing with these people. Any time a merchant is asked to cash a check written by an elderly, known, local citizen for a large amount of money, one should try to contact that person. Do not be surprised if in trying to call the victim to find that the phone is dead as in a lot of cases the phone lines are found to have been cut. These "con men" rarely ever hurt anyone, they mainly intimidate the victim or a bank teller or whoever they try to get to cash the victim's check.

The Stratford Police Department would encourage citizens to contact the police department in the event that "strangers" seek to repair, pave or do other odd-type jobs for you.

How Much Fat

Fat's not all bad--or all good. Some fat is needed for good health.

Besides being an important source of energy, fats aid in the absorption and transport of fat soluble vitamins A, D, E and K in the body. Also, fat makes food taste better and can keep hunger pangs away.

Nutrition experts say that about 30 to 35 percent of our calories can come from fat. Fifteen to 20 percent of calories should come from protein and 45 to 55 percent from carbohydrates.

So if you're the average woman who consumes 1800 calories a day, 540 to 630

calories should come from fat. That's the equivalent of 5 or 6 tablespoons of concentrated fats such as oils, butter, margarine, lard, shortening or bacon.

If you butter your toast, fry your eggs, season your vegetables, baste your meats and add salad dressing to your salad, you can easily get 5 or 6 tablespoons of fat. And that's not even counting the "hidden" fats in baked goods and processed foods.

As a result, most of us could cut back some on our fat intake and still be getting enough of its positive effects for good health.

Management Of Horn Flies

During the past two years, horn flies have developed some resistance to pyrethroid insecticides applied with insecticide impregnated ear tags. Resistance levels developed have depended on the intensity of selection pressure placed on developing fly population. Practical control of horn fly populations is lost when resistance exceeds three-to-five-fold as compared to a susceptible population.

Cattlemen using insecticide ear tags on their herds need to keep a close check on control once the horn fly season starts to determine whether or not the tags are effective. If pyrethroid resistance is confirmed, special management strategies need to be implemented.

Management strategies should be used to reduce the development of horn fly resistance to pyrethroids:

-Do not apply insecticide-treated ear tags to animals before economically damaging populations of horn flies

develop. Populations which do not exceed an estimated 200-250 flies per animal will not cause economic loss.

-Horn fly resistance to pyrethroid insecticides can be suspected if new tags have not satisfactorily reduced fly number within 10 to 12 days.

-Use insecticides with an alternate type action in normal treatment schedules before pyrethroid resistance becomes evident. Use dust bags, oilers and other self-treatment devices to reduce and delay the pyrethroid resistance problem.

-Spray, "pour-on," "spot-on," or dust treatments with phosphate compounds--coumaphos (Co-Ral), crotozophos (Clodrin), dichlorovos (Vapona), dioxathion (Delnav) or malathion--provide a different mode of killing action and can be used to reduce pyrethroid resistance and to control horn fly populations.

-Do not use whole-body sprays of pyrethroid insecticides to control resistant flies which can not be controlled with ear tags. These sprays will provide significantly higher selection levels of already resistant flies.

-Pyrethroid ear tags can be used successfully where the spinose ear tick and Gulf Coast tick are the target pest.

-Remove insecticide impregnated ear tags from animals as soon as they have lost their effectiveness in killing target pests. Tags emitting a sublethal dose to the animal appear to add to the resistance problem by killing or weakening susceptible flies in the populations.

-Pyrethroid tags can be successfully used to manage horn flies where resistance has not developed. In general, western and southern areas of Texas have not experienced a resistance problem. However, tagging entire herds year after year with pyrethroid ear tags can develop serious resistance.

-Some producers are enjoying satisfactory management of horn flies by a system commonly termed, "tagging

The wind keeps blowing the dust and it also keeps blowing the clouds right over us. Maybe it will blow something up good for us.

A week ago Sunday Lawrence and Geneva Wells had a birthday dinner for their granddaughter Christy Wells of Stratford. There to help Christy celebrate her ninth birthday were her parents Terry and Ann, sisters Laurie and Teresa and Aunt Joyce.

Last Thursday afternoon the Marella UMW met for their regular monthly meeting in the home of Florence Warren. Thirteen women enjoyed delicious refreshments and an interesting lesson led by Mildred Grabeal.

Several folks from the community braved the wind and went over to Guymon to take in the Pioneer Day Celebration this last Saturday.

Denton and Latonia Cayton went to Guymon on Saturday with their grandparents John and Violet Lowe of Keyes.

Monday night Julie Warren was surprised when eleven of her friends gathered to wish her a happy 16th birthday. Those enjoying supper, cake and homemade ice cream were Shelly Betts, Tracy Williams, Kim Mills, Shelly Daves, Dana Arthaud, Shawn Phillips, Mary McBride, Jamie Bourk, Carmen

Burrow, Janell Smalts, Amy Strasner, her sister Jennifer and her parents Ralph and Maurine. Sweet Sixteen Julie!

This must have been the week for birthday partys. Joshua Brown, son of Eddie and Debbie Brown, celebrated his third birthday Thursday afternoon with the help of some friends and family. Those helping him celebrate were Dale, Corine, and Jimmy Dale Wiley, Louise, J.C. and Judy Brown, Lindey and Leslie Davis, Denton, Latonia and Celeste Cayton, Ashley Brown, Julie Bell, and Christy, Latasha and Eddie Dale Brown.

Then on Sunday afternoon it was Joshua's sisters turn. Christy brown celebrated her eighth birthday with the help of Dale, Corine and Jimmy Dale Wiley, J.C., Louise, and Judy Brown, Dave, Mary Ellen and Dathan Walters, Tamara Cryer, Mandy and Misty Hitchings, Scotty Hutcheson, Chad Gerald and Latasha, Eddie Dale and Joshua Brown. Happy Birthday Christy and Joshua.

Charlie, Connie, Blanca Rosa and Codi Grabeal were Saturday evening supper guests with Mildred and Betty Grabeal.

Thanks for the news this week. Please call Laurie Davis at 6491 if you have any in the news.

only the calf." Insecticide tags are applied to calves in the herd once fly populations require control. Fly movement within the herd is sufficient to achieve pesticide control in this manner. Self-treatment devices with phosphate-type insecticides can be easily integrated into the management system if pyrethroid resistance developed or is suspected.

New insecticide ear tags are being offered for sale for the first time in 1986 which disperse a pyrethroid-phosphate combination of insecticides to combat the pyrethroid resistance problem. These tags have demonstrated some limited success in other areas which are also experiencing significant insecticide resistance problems.
