Up in the sky, it's a plane...no... it's a goose!
The other day I went with Thomas to "rob the racks". This is not the commission of a crime, but the process of taking the coins out of the news racks. We go to all five towns we have papers in, and points in between and beyond.

In Bogata, we stopped at Huddleston's Grocery. Thomas got out and went over to the news rack to unlock it and do a little work on it. He left the door of the pickup open and soon I began to hear a loud honking noise.

Totally fascinated I looked skyward to see one of the largest flocks of snow geese I've ever seen.

They have wintered in the area, I knew, since I "chased" them quite a while trying to get a good photograph for the newspapers.

Their wings flashed brilliant white in the sunlight, the black markings punctuating the sentences of their flight.

The group split into two sections, and one flew over us.

Thomas had stopped too, and we both watched in wonder as they went over.

About the time Thomas came back to the pickup the second flock decided to rejoin the others and flew over also.

I opened my mouth to say, "Wow, and we didn't even get bombed" when my husband dropped his keys down in the door pocket.

"What in the world!" he shouted, pointing in horror.

I don't suppose there is any need to tell you what in the world he was referring to.

Tell me how one goose flying at about 200 feet managed to neatly, perfectly deposit a large, green wad of goose...well, you know what...inside a three inch wide pocket?

Totally disgusted, Thomas lost all awe at the majesty and beauty of the flock of geese.

Instead, he muttered and mumbled and fussed as he cleaned up the mess.

I couldn't stop laughing, which didn't help matters a bit.

Still, the geese were beautiful, and I suppose we're lucky we didn't receive a goose packet while standing looking up at them. Now that would have really been disgusting!

SPECIAL GIFT-Nelda Carroll was honored upon her retirement from the Talco Guaranty Bank Thursday, February 15 with a special gift presented by President and CEO, Art Scharlach, Branch President, Virgil Jones and Assistant Vice President, Jo Anschutz. Nelda Carroll honored Feb. 15

Nelda Carroll was honored by Guaranty Bank President and CEO, Art Scharlach, Talco Branch President, Virgil Jones, Talco Assistant Vice President, Jo Anschutz and the staff of the Talco Guaranty Bank Thursday morning upon her upcoming retirement.

Mr. Jones presented Nelda with a special gift following a short address. He stated Mrs. Carroll had joined the Talco Bank in January, 1982 as a trainee. In April, 1992 she became a loan secretary and then in May, 1993, she transferred to a teller position, where she has currently served, as well as additional duties including Proof Operator and General Ledger duties. She graduated from Wylie High School and has taken bank related seminars. She is a member of the Community Club and she and her husband, Jim, have one son, Gary

and daughter-in-law, Cassie and two grandchildren, Carissa and Garrett. The family attends the First Assembly of God Church in Bogata.

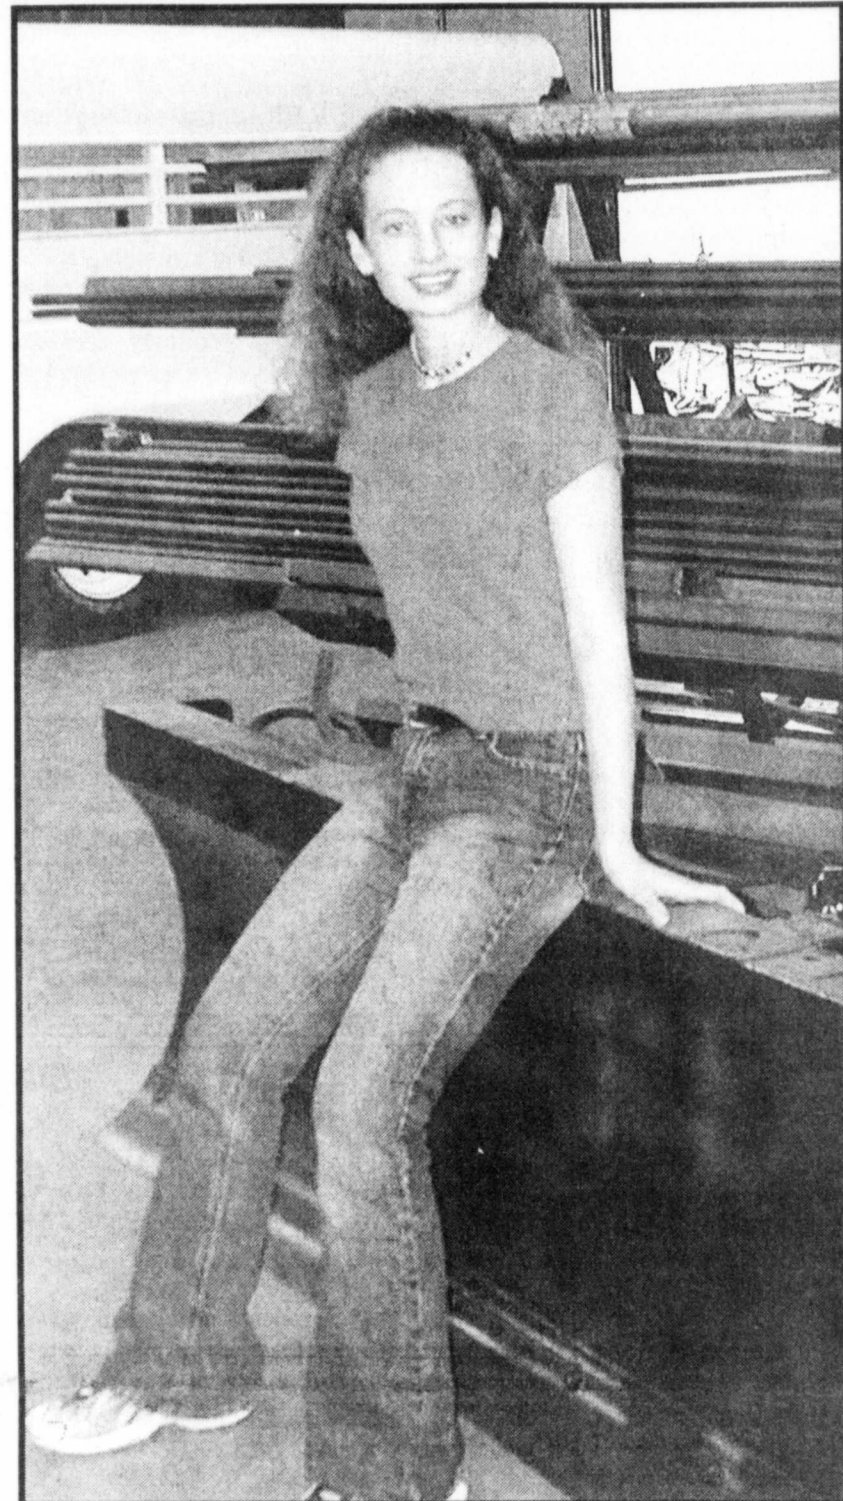

Nelda's gift was a beautiful silver platter with her years of service inscribed, 1982-2001. She jokingly said she would have to fill it with goodies and come back to visit her fellow employees. Nelda, who collects Nativity scenes, was also presented a beautiful glass scene from Jo Anschutz. When asked what her plans were now she said, "Maybe travel, enjoy her family, teach husband Jim to be a "House Husband" and to enjoy not having to dress for work everyday". The staff wishes her well but will miss her as will the banks customers.

JOE ROSE of Bogata Guaranty Bank presented Lori Franks, Rivercrest Cheerleader Sponsor, a check from both the Talco Guaranty and Bogata Guaranty Banks to help purchase items for the girls and boys play-off games this year. Although the girls were defeated at Bi-District, the money donated helped buy balloons, poster fans and more in support of the team and will provide the same and more for the boys teams who will enter the play-offs for the Area Championship this week. Lori, the students, staff, parents and Rivercrest fans thank both banks for their contribution. (Staff Photo Nancy Brown)

Country Cooking

By Liz Irwin

http://tpp.1starnet.com/

Or cooks this week are mother-daughter duo of Annette Welch and daughter Sueanne. They live north of Detroit, near Clarksville. Annette is a Science teacher in Jr. High and Sueanne is a sophomore at Detroit High School. Both are active in school activities.

Annette states that they have collected appetizer recipes for the past thirty years and has recipe books and a drawer full of them. She and Sueanne use most of them during the holidays and their favorite time of year is Christmas. We wanted to get her on our Christmas schedule this year, but somehow time ran out.

On Christmas Eve, they invite family and friends over for food and fireworks. They usually have a visit from Santa, who insults the kids and thrills the kids.

Before Christmas Eve, different friends or family members will say "Are you going to have my favorite

dish . . . ?" So Annette and Sueanne usually wind up preparing more dishes than they had planned for . . . sometimes 25 or so.

Here are a few of their favorite ones and maybe you can get a jump start on the new year with some of them! See you in the kitchen!

Garlic Cheese Ball-can be made ahead of time!

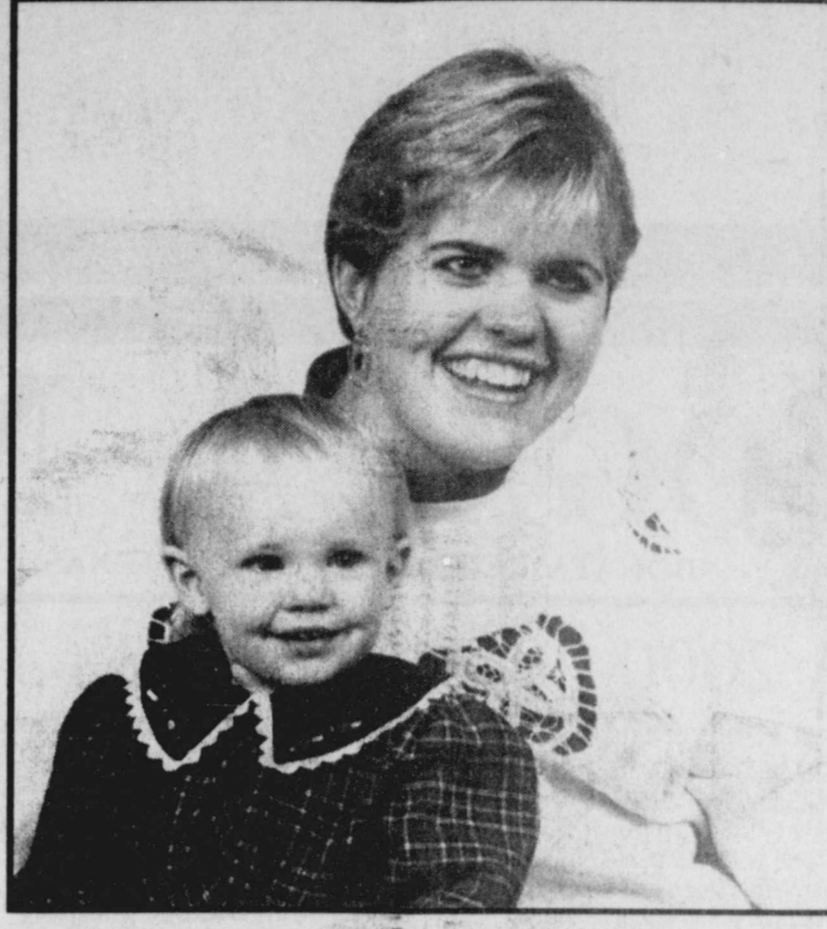

Oyster Ball-uses cream cheese, smoked oysters and Worcestershire sauce. This can also be made 2 days ahead of time!

Hot Seafood Dip-croustons are added right before serving!

Clam Dip-this recipe came from Susan Martin, a friend of Annette and Sueanne; they state that she is a fabulous cook and a vitamin guru!

He-Man Dip-the guys all love this one!

Rumaki -is definitely a hand's down favorite of everyone's and is always asked for!

ANNETTE AND SUEANNE WELCH of the Detroit/Clarksville area collect appetizer recipes and have many of them from various places. Pictured is Sueanne Welch with her niece, Katie Ann Welch.

This week's query is from Mrs. Cryl Jobe, 1124 North Lincoln, Stillwater, Ok. 74075, who is researching her husband's Jobe family. James L. "Jim" Jobe married Eva Diggs, a Lamar Co. native in April 1900 in Lamar Co. Little has been learning about Eva's background but her grandmother was a Jackson, Mrs. Jobe believes. It is not known if any Diggs or Jobe families lived in Red River County, though some apparently lived in Lamar County. James and Eva's fourth child, Dock Milton Jobe, was born in 1907 in Lamar Co. This Jobe family later moved to Kansas and both Eva and James died in Kansas City.

If you would like to write to Mrs. Jobe please write to her at the above address.

If you have a query you would like to have placed in this column, please send it to the Red River County Genealogical Society, P.O. Box 516, Clarksville, Texas 75426

Letters To The Editor

Letter to the Editor
Dear Editor:
The recent heavy rains really brought to the forefront a problem that never should have arisen in the first place. It is caused by human error. It could be solved very easily. The problem really doesn't affect me very much, however it does affect eight of my neighbors. They live on County Road 1112-1110 & 1113. We have tin horns on 1112 & 1113 that will not carry the water that comes down Mustang Creek, Long Branch and Little White Oak. No gravel on part of 1110. Those eight families could not get out due to the high water. There are three people that I know of that have medical problems. What would have happened had they had a medical emergency? We need the tin horns on Co. Road 1112 replaced with bridges and the low places that have washed out due to high water built back up. I have lived here all my life, Long Branch and Little White Oak never overflowed as long as we had bridges. If Co. Road 1110 was finished with gravel three of those families could get out, two with medical problems would be helped.

There has been enough gravel washed down these branches to built good bridges. I say it was wasted tax money. The other five would not benefit much by gravelling 1110 all the way to Farm to Market Roach 196. I understand the children that live in that area missed school due to the high water. These people need a way out. They pay taxes the same as the rest of us. I live on FM 196, I can get out

With all due respect to everyone involved and malice toward none I remain respectfully yours,
Pearis C. Abernathy

FOOT NOTES

In-Towing, Out-Toeing

It can be disconcerting for parents to see their child's feet turning in or out when walking; however, children almost always outgrow these conditions, called torsional deformities, without treatment. When the femur or tibia rotates abnormally either inward or outward, the feet can be affected. The femur is the bone between the hip and knee; the tibia runs between the knee and ankle. Internal and external tibial rotation is most common in children younger than two and is often related to the child's position in the uterus before birth. Internal rotation of the femur is the most common cause of in-toeing among children older than two. Possible causes for this condition include pre-birth positioning and poor sitting habits.

When you are caring for a small child, we believe one of the most important things we can provide you with is education. And taking care of the feet can't begin too early. If there seems to be a problem with your child's feet, we hope you'll consider giving us a call at DOCTOR'S FOOT CLINIC. We bring you these columns in hopes of showing you how the many benefits of podiatric medicine can help keep you and the members of your family walking in comfort. Call 784-5585 for your appointment today.

OFFICE LOCATED AT 3605 N.E. LOOP 286 STE 1800 PARIS, TEXAS

P.S. An external rotation of the femur in one leg can be caused by a serious misalignment that may require surgical correction.

RED RIVER VALLEY RADIOLOGY

Is pleased to provide *Low Dose Screening CT Lung Scans* for the early detection of lung cancer. The examination will be offered to patients at increased risk for lung cancer.

In clinical trials, *Low Dose Screening CT lung Scans* have been shown to allow early detection for lung cancer in smokers. Early detection and surgical resection offer the best chance to cure lung cancer. The cure rate for early (Stage 1) lung cancer can exceed 70%. *Low Dose Screening CT Lung Scans*, in clinical trials, detected early (Stage 1) lung cancer six times more often than ordinary chest x-rays.

The examination is performed in about ten minutes and is noninvasive (no needles). The radiation exposure is approximately 15% of that of a routine CT scan, similar to that of an ordinary chest x-ray.

If you are interested in this procedure, talk to your doctor, or call **RED RIVER VALLEY RADIOLOGY** to schedule an exam.

Because this is a screening procedure, many insurance plans will not cover this service. The cost of this examination, including the radiologist's interpretation, is \$275. Interest free payment plans are available.

Rebels defeat Pilot Point in OT

The Rebels traveled to Denton on Monday night to play a practice game vs Pilot Point. The first tip of the ball went to Pilot Point but the Rebels were the first to score. After one quarter of play the Rebs led 14-9. Keith Hines had contributed 10 points and Chase Collins had netted 4 points. The experience of playing in a big gym was good for the Rebels who are used to being surrounded by noise from their fans. Michael Galloway and Kyle Stansell both had off nights in the game but the Rebels led at the half 28-23.

In the third quarter the Rebels continued to hold on to the lead 48-37 but the fourth saw the Rebel team go cold. They were held to only 5 points in the quarter while Pilot Point added 16 points to their score. At the final buzzer the teams were tied 62-62. Head to head in a 4 minute over-

time Pilot Point scored and the Rebels who had come out of their fourth quarter slump scored. Keith Hines put 7 Rebel points in, Michael Galloway and Kerry Posey added field goals and the Rebels won by 2 points off a shot put up by Hines and going through as the buzzer rang.

At the game's end all the players scoring were recognized, first the Pilot Point team and then the Rebel team who were: Michael Galloway-9 points, Chase Collins-14 points, Kerry Posey-8 points, Kyle Stansell and Clinton Cheatwood with 2 points each. Special recognition was given to Keith Hines who was high scorer in the game with 29 points.

The long wait is almost over for the Rebels. They will play for Area at the end of this week and begin traveling the road to the State Tournament in Austin. Good Luck Rebels!!!!

The only way to prove you're a good sport is to lose.

Rebels win practice game over Avery Bulldogs

On Thursday night the Rebels traveled to North Lamar gym to play Avery who finished 2nd in their 1A District. Chase Collins jumped at center for the Rebels who took the tip but failed to score. The Bulldogs got the first rebound, but, Collins stole the ball and scored the first points of the game. Collins went on to score 6 points in the quarter. Michael Galloway stole the show in the first quarter hitting 3 treys and a field goal and Kerry Posey and Clinton Cheatwood added a field goal each. The Rebels led 21-13 at the quarter's end. In the second Collins and Keith Hines stepped up and scored 8 points each along with scores from Galloway, Posey and Kyle Stansell. Half time score was 49-28 Rebels.

In the final half Kerry Posey drew a roar from the Rebel fans when he

blocked a Bulldog shot. All the Rebel bench including JV players who have been moved up got playing time. Third quarter scores came from Hines, Collins, Galloway, Posey, Zach Perry and Ryan Newton. The Rebels were up 66-40. In the final quarter Hines and Collins scored before being sat out to let the strong Rebel bench finish the game. Seniors C.A. Middleton and Colby Guest did well on the defense along with Steve Shade. Netting points were Cheatwood, Newton and Josh Cabell and treys were hit by Nathan Carroll and Jeremy Grisom. Final 90-59 Rebels.

Chase Collins was the high point man for the evening with 24 points. The Rebels next practice game was set for Monday night in Denton vs Pilot Point.

CLINTON CHEATWOOD goes to the hoop as the Rebels met Avery last Thursday night at North Lamar. The game was a pre-play off practice game. Avery was the 2nd place team in their district while the Rebels were 1st in their district. The Rebs took a big win. (Staff Photo Nancy Brown)

Mysterious ways

by Nancy Brown

Living in the "Bible Belt" as we do almost everyone at some time or the other has heard the phrase, "The Lord Works in Mysterious Ways" or "God Works in Mysterious Ways". I, raised attending the Maple Springs Missionary Baptist Church, have always believed this phrase even though I seldom really thought about it. However, this week my belief was confirmed for me and it may be for you too.

Anita Hood who suffered with Lupus for years received a kidney transplant a few years back and I wrote an article about her transplant and meeting the family of her donor. An instant bond was formed and the families will be friends always.

Last week Anita suffered a heart attack. She was taken to Medical Center Hospital in Tyler for treatment. It turned out her doctor is the uncle of her kidney donor! Anita underwent angioplasty (balloon) surgery but it was not enough. She had open heart by-pass surgery Friday morning, February 16. Five areas were repaired. Her donor's family arrived quickly to see her and help her and her family over yet another hurdle. She is reported doing fair and is on the mend.

But, what are the odds? In my opinion, "The Lord Works in Mysterious Ways". Anita and family are thankful they have been tied once again to this special family.

Historical Society to host bake sale March 2

The Talco Historical Society will host a bake sale on March 2, 2001 in front of the Talco Post Office beginning at 8:30 a.m. All proceeds will go toward continuing work on the Talco Museum. Everyone is urged to stop by and pick up desserts for the weekend while contributing to the completion of the Talco Museum.

The group report several people have offered items on loan to the Museum and they would like to ask that those persons bring their items to the Talco City Hall where the Mu-

seum is located for placement.

Headway is being made but the group could always use another picture or item to fill the Museum. They are also still in need of show cases, picture frames and more. They would like to have the Museum near completion before this year's Talco Homecoming. If you would like to help in any way please contact Mrs. Gerald (Jane) Holmes, Mrs. James (Grace) Hearron or Mrs. Johnny (Karen) Jones. Your donations are appreciated.

Bogata Methodist Women meet

The Bogata Methodist Women met Wednesday, February 14 in the Fellowship Hall for their regularly scheduled meeting. Mary Kathryn Cotten opened the meeting by reading the poem, "Celebrate You", and presided at the business session.

Mary Kathryn, program leader, led a group discussion concerning miracles of the last one hundred years. Bess Ruthardt presented information about the advances made in the field of medicine with all members participating. Other fields, technological and mechanical were presented

by Anita Stubblefield and Gale Hervey followed by discussion. Michelle Dickson will review the book, "The Quilter's Apprentice" for the March meeting.

Edith Ruth Swaim presented each of the following members with a valentine memento following the dismissal prayer: Roberta Anderson, Mary K. Cotten, Dorothy Gill, Gale Hervey, Eleanor McCluer, Margie Myers, Anna Belle Patton, Jimmie Lou Pope, Betty Puckett, Bess Ruthardt, Frances Rozell and Anita Stubblefield.
