*A Canadian Commentary
Many of you may have already seen this. It was sent to me by Lamar County Sheriff B.J. McCoy, and later I received it in an e-mail. But, for those of you who haven't read it, please do.*

This was an editorial broadcast from Toronto by Gordon Sinclair, a Canadian television commentator.

"This Canadian thinks it is time to speak up for the Americans as the most generous and possibly the least appreciated people on all the earth.

Germany, Japan and, to a lesser extent, Britain and Italy were lifted out of the debris of war by the Americans who poured in billions of dollars and forgave other billions in debts. None of these countries is today paying even the interest on its remaining debts to the United States.

When France was in danger of collapsing in 1956, it was the Americans who propped it up, and their reward was to be insulted on the streets of Paris. I was there, I saw it.

When earthquakes hit distant cities, it is the United States that hurries in to help. This spring, 59 American communities were flattened by tornadoes. Nobody helped.

The Marshall Plan and the Truman Policy pumped billions of dollars into discouraged countries. Now newspapers in those countries are writing about the decadent, warmongering Americans.

I'd like to see just one of those countries that is gloating over the erosion of the United States dollar build its own airplane. Does any other country in the world have a plane to equal the Boeing Jumbo jet, the Lockheed Tri-Star or the Douglas DC10? If so, why don't they fly them? Why do all the international lines except Russia fly American planes?

Why does no other land on earth even consider putting a man or woman on the moon? You talk about Japanese technocracy, you get radios. You talk about German technocracy, you get automobiles. You talk about American technocracy, and you find men on the moon not once, but several times and safely home again.

You talk about scandals, and the Americans put their right in the store window for everybody to look at. Even their draft-dodgers are not pursued and hounded. They are here on our streets, and most of them, unless they are breaking Canadian laws, are getting American dollars from home to spend here.

When the railways of France, Germany and India were breaking down through age, it was the Americans who rebuilt them. When the Pennsylvania Railroad and New York Central went broke, nobody loaned them an old caboose. Both are still broke.

I can name you 5000 times when the Americans raced to help other people in trouble. Can you name me even one time when someone else raced to the Americans in trouble? I don't think there was outside help even during the San Francisco earthquake.

Our neighbors have faced it alone, and I'm one Canadian who is damned tired of hearing them get kicked around. They will come out of this thing with their flag high. And when they do, they are entitled to thumb their nose at the lands that are gloating over their present troubles. I hope Canada is not one of them.

Rain bans farmers from fields again

More rain has area farmers in worse shape than ever, as they had barely gotten back in the fields to combine soy beans and strip cotton. The fifteen inches of rain that has fallen over the past few weeks was wonderful for filling stock ponds and reservoirs back up, but does have farmers in a bind.

New column widths in paper this week

Readers may notice a slight change in the newspaper this week. The columns are narrower than they were last week. This is because our press is going to a narrower width of newsprint. This saves trees and dollars. The difference is slight, but there will be some adjustments to be made, so be patient!

Local man witnesses devastation

Larry Jones, son of Granville and Haletha Jones of Commerce and grandson of Helen Williams of Bogata witnessed the destruction of the attack in New York last week.

Larry is a student at Columbia University which is located in Manhattan. The university was closed and students were kept in the building for the entire day due to the havoc and turmoil.

Larry called his family on cell phone around noon to say he was not harmed and were being fed and taken care of. The students were later released to their homes and at press time the school had not reopened. The Jones' and Mrs. Williams are thankful for their child and grandchildren safety.

Country Cooking
By Liz Irwin

Our cook this week is the newest addition to the Thunder Prairie Staff. She does the Woodland news and is Renate McCain. Renate and her husband, Jimmy, have lived at their present home for four years. After retiring from working in the insurance field and Jimmy retiring from the Army and then retiring from the insurance field, they decided to come back to Red River County to make their home. She is proud to state that she is an American citizen, along with being a Texan. Jimmy is from this area, but Renate was born in East Germany. She states that she and Jimmy more or less designed their home. Although they did not agree on everything, she did have some specifics that she wanted, such as her sewing room and kitchen.

Renate and the computer don't always get along, but she states that she gets by. She enjoys piece quilting and is now in the process of making a signature quilt and a Christmas Tree wall hanging, along with several other projects that she has in the works. She enjoyed reading until she met up with piece quilting and now she does her reading with audio tapes while she quilts.

They have three children. Steven and Ann are in the Ft. Worth area and have a daughter Elizabeth. Mark and Olivia live in Plano and have a son, Cam and daughter, Allison. Susan and Patrick live in Houston and they have a son, Jason. Renate and Jimmy are members of the Martin Memorial Methodist Church in Detroit.

Renate states that although she does like to cook, she is not a fancy cook with all the frills and frou-frous. They enjoy plain, non-sense meals that can be prepared in a short amount of time and with a minimum of fuss. We hope you enjoy her recipes and we thank her for sharing them with us and we will see you in the kitchen!

Chicken-Almond Stir Fry-this is good for pot-luck dinners, since you can bring it in a large baking dish. Spread rice on the bottom and top with chicken mixture. Takes around 20 minutes to prepare!

Beef and Salsa Burritos-this recipe contains a package of frozen, chopped spinach, but seems to add to the flavor!

Chunky Tomato Pasta Bake-can be prepared in one dish and baked in the oven and sounds delicious!

Fool-Proof Sugar Cookies-they make these at holidays and can be cut out and decorated or just slice and bake!

Puddin's Pudding-her son Mark brought her this recipe. It is from a lady he used to work with and her name was Puddin'! Great dish to carry to covered dish meals!

Kitchen Sink Cookies-ever heard the expression "everything but the kitchen sink"! Well, these cookies have that covered. They have little bit of everything in them! This recipe comes from Renate's daughter-in-law Olivia.

She thinks that Martha Stewart will be the next ruler of the universe and does lots of neat crafts and activities!

COOK OF THE WEEK is Renate McCain of the Woodland Community. Renate is the Detroit Weekly's Woodland correspondent and does an excellent job. She and husband Jimmy have three children and enjoy a variety of activities. (Staff Photo by Liz Irwin)

Stewart Blood Center is closed until September 24

Stewart Regional Blood Center is at full capacity thanks to an overwhelming response from the donors of East Texans.
Last week, SRBC collected over 2,100 units of blood, which is more than during the Gulf War. Due to this response, the blood supply is now more than adequate to handle the current demands of the communities affected most by the tragedies and East Texas.

SRBC will postpone routine whole blood donations at its six locations beginning September 18 through September 23. Apheresis platelet donors will

SRBC applauds East Texans

Stewart Regional Blood Center applauds and commends East Texans for their desire to help those injured during this national tragedy. In fact, according to American Association of Blood Banks, member facilities in both New York and Washington, D.C. blood supplies and current inventory levels are meeting hospital needs.

While overall supply is exceeding demand, American Association of Blood Banks member area concerned that future supply may dwindle in the next 4-6 weeks. This results in part from blood's shelf life, only 42 days.

Rivercrest Pee Wee Football Association announces fund-raisers

The newly formed Rivercrest Pee Wee Football Association is working hard to raise funds to help defray the cost of equipment and uniforms that goes along with starting a new sport. The helmets, shoulder pads, pants, jerseys, etc. are very expensive, and even though the kids have paid a \$60 fee to participate, it covers only a portion of the total cost.

There are two fund-raisers in progress at this time:

1. **Field goal kicking contest:** This event is being sponsored by the Guaranty Bank of Talco and Bogata. Ticket sales will benefit the Association. Chances will be sold at all Rivercrest varsity home football games for \$1.00 each. At

half-time of each game, a ticket will be drawn and the winner will have two chances to go on the field and kick a field goal from 20, 30, 40 or 50 yards for prizes ranging from \$25 to \$200.

2. **Drawing for \$100 Wal-Mart Gift Card:** Chances can be purchased for \$1.00 each from any of the participants in the Pee Wee Football program. The boys and girls, coaches and parents will appreciate your support and also invite you out to see the games. The very first games will be held on Saturday, September 8, 2001.

The group also has Rebel caps for sale. They will be available at home football games.

Powder Puff football game Tuesday at Rivercrest

The Rivercrest Lady Rebel Senior are ready to take on the Lady Rebel Juniors in a Powder Puff football game on Tuesday night, September 25, 2001 at Rebel stadium.

The action will begin at 6:00 p.m. with class coaches, male

cheerleaders and the crowning of the Homecoming King will be held during the half time break.

Everyone is urged to come out and enjoy the game, cheer for their favorite team and see who is crowned Homecoming King at RHS!

RJH forming pep squad

Rivercrest Junior High is in the process of forming a pep squad for the 7th and 8th grade football pep rallies and games.

Students interested should pick up a form at the school office and return the form along with \$15.00 for a shirt that will be worn to all pep rallies and for home games.

While it is not mandatory that members come to the home football games, those who do and are wearing their shirts are expected to sit together and cheer the teams on. For more information parents/students may see Mrs. Carlisle or call the Rivercrest Junior High Office at 379-3841.

Combination PIP Camp to be held at Prairiland High

PIP (Players in Progress) Camp will be held Saturday, October 20, 2001 at Prairiland High School. The camp is in combination with Rivercrest this year.

The two groups feel that the PIP members will be challenged more if they see other PIP members do more advanced ball han-

dling and each group can get new ideas from the other for performances.

★ Young Faces of Patriotism ★

Over the past week, since the attack on America, Schools and school age children and young adults have been involved in a number of activities to show their Patriotism, as have many others. This page shows a few of those activities, and helps to renew our faith that our youth feel deeply about their nation.

AN EAGLE CRIES-this poignant picture of an American Eagle with a tear in it's eye over the smoking World Trade Center Towers is a sad reminder to all of the mourning our nation is doing. It is also, however, a clear reminder that we are a strong nation which will come through it's troubles with strength and courage.

CANDLES GLOW-as prayer was given for our country, those who lost their lives and their families in Tuesday's devastation in New York, Washington D.C. and Pennsylvania at the Rivercrest Candlelight Prayer Service held at Rivercrest High School Sunday evening. The horror of last week has pulled Americans together like nothing else could and each community is prepared to defend our homeland and its people. God Bless the USA! (Photo by Tammie Case)

IN HONOR-of the victims, firemen and policemen lost in the World Trade Center and Pentagon disaster last Tuesday, 324 students and teachers at Deport Elementary and Junior high paid tribute on Sept. 18th by pledging allegiance to the flag. Jason Thomas and Michael Middleton raised the flag for this special occasion. (Staff Photo by Thomas Nichols)

DETROIT KINDERGARTEN CLASSES are pictured here in front of the fence where a tribute to those in the New York disaster are remembered and how the school shows their support. Mrs. Somerville's class-Jonathan Newsome, Darby Oney, Mercedes Paynes, Jeremy Poarch and Stormie Tucker. Wal-Mart donated the cups for the display. (Staff Photo by Liz Irwin)

They do not fully understand...but they are trying to.

They are frightened, but they act with courage.

They are our future...and they are AMERICANS!

PASTOR BRIAN HODGE led the Rivercrest Junior High student body, parents and staff in prayer Friday morning as they observed President Bush's declared National Day of Prayer. The students also showed their patriotism through the Pledge of Allegiance and song led by Sarah Hare and Mona Pitts. (Staff Photo Nancy Brown)

MRS. EUDY'S 4th grade class on the Detroit campus are pictured here in front of their bulletin board they designed and they also wrote short essays on "What America Means To Me"! PATRIOTIC PATRIOTS! These members of the Deport Sixth Grade Art class display proudly the American wings and red white and blue ribbons they made. CBS Models provided the materials, which were donated by the merchants of downtown Deport. From left, back row are Paige Martin, Tonya Cave, Nisha Mitchell, Jennifer Melvin and James Allen. Letter From the Editor

Letter from the Editor:
To our readers. Recently I have been looking back over some past issues of the papers, most of them back in the 1940s and 50s.

I was struck by the small, but fascinating "human interest" reports in the papers.

Little tid bits about someone having received help from a stranger fixing a punctured tire, or similar good deeds, stories about people's relatives recuperating from illness or accident, generally little stories that literally formed a picture of everyday life in America.

Now, with America's very way of life under attack, would be a good time to reinstate those stories. But, we cannot do it without our readers. I know we are all busy. But we have to know about something before we can report it. Please, call us, and tell us your small (or large, as the case may be) stories of American life.

Call the main office at 652-4205, or the Bogata office at 632-5322, or Talco at 379-4445 or Blossom and Detroit at 982-5829 and report to us.

Let's get back to a closer, tighter feeling of community!

Thank you so much,
Nanalee Nichols, Publisher

ercrest High School. It was an emotional yet patriotic occasion for all in attendance. (Photo by Tammie Case)

MRS. SMITH/PEEK's 4th grade class on the Detroit campus designed the bulletin board and wrote, "What America Means To Me", in short essays to show their support for victims of the New York disaster. RED RIVER VALLEY RADIOLOGY ASSOCIATES
NOW OFFERING HEART CT SCANS
(Coronary Calcium CT Scanning)

- According to 1996 estimates, nearly 59 million Americans have one or more forms of cardiovascular disease.
- Coronary heart disease caused nearly 500,000 deaths in 1996 and is the single leading cause of death in America today.
- From 1979 to 1996, the number of cardiovascular operations and procedures increased 355 percent.

Coronary artery disease (CAD) is the leading cause of death and disability in the United States in both men and women. Patients are usually first diagnosed with CAD when they develop symptoms, display an abnormal response to stress testing, or undergo coronary angiography. Unfortunately, by that time, the condition is relatively advanced. Heart calcification scanning can detect the presence of coronary artery disease, as well as provide an estimate of the extent and severity of coronary disease. This information can then be utilized to optimize patient care, helping to appropriately tailor prevention goals and to determine further evaluation and follow up, if needed.

CAD is the only process which results in the deposition of calcium within the walls of the arteries. Early on in the calcification process, calcium deposits are very small and difficult to detect with conventional x-ray imaging. Over the past few years CT scanning has advanced to the point that detection of even minuscule calcium deposits can be accomplished quite easily. CT scanning, therefore, affords an opportunity to detect coronary calcium early - before patients develop clinical manifestations of coronary disease.

If you would like additional information about Coronary Calcium CT Scanning, please contact Red River Valley Radiology Associates.

Because this is a screening procedure, many insurance plans will not cover this service. The cost of this examination, including the radiologist's interpretation, is \$400. Interest free payment plans are available.
