Does It Happen To
Anyone Else?

It must be a conspiracy, or at the very least I suffer from some strange disease which results in vending machines immediately going dormant when I approach.

My good friend Margie Rice has been in the hospital for knee replacement, a procedure that I am extremely empathic about.

She asked me to get her a "real, caffeine-loaded Coca-Cola" from downstairs at the hospital vending machines.

I trotted down loaded with a pocketful of quarters and a dollar bill.

Two machines sat side by side in the well-lit, colorful glory, one dispensing 20 oz. bottles, the other cans of the much-desired beverage.

I trustingly fed the 20 oz. machine four quarters. It gulped my quarters right on down, but refused to yield a beverage. I mashed coin return. It was so gummed up it mashed in and stuck there. No change, no drink.

So, I went into the cafeteria, where they gave me a refund after having me fill out and sign a slip of paper for the vendor.

I went back out and confidently put a dollar bill into the canned machine. It took the bill and gave me no change happily. Guess what, no drink!

Two machines, both out of order!

I went back into the cafeteria. Two people came out with me armed with money. They obviously seemed to think that I was a totally incompetent idiot who didn't have sense enough to operate a vending machine.

But, after I had gotten hold of them, those machines refused to work for anyone else either. They fed the recalcitrant machines money, kicked them, beat on them and generally tried everything they knew. Finally, they put out of order signs on both of them and went back to the cafeteria.

I slunk back in behind them and humbly said "but how do I get my friend her Coca-Cola?"

They tried hard to cover their disgust, gave me a fountain drink and then gave me one of those looks that plainly said "would you please go away now, we don't need anymore trouble".

I didn't either, but what hit me about this whole episode was the fact that EVERY time I use a machine of this nature something like this happens. I swear, I can walk up behind someone who has just gotten a cold drink from a machine and when I put MY money in they won't work.

Do the rest of you have this problem? Perhaps the machines are in conjunction with the bears? Who knows? Have I told you about what copy machines do to me...or I do to them?

Country Cooking

By Liz Irwin

<http://tpp.1starnet.com/>

This week's cook is 11 year old Joshua McGee of Talco and his grandfather (we won't tell you his age) Ray Parsons. He is the son of Kim McGee, also of Talco.

Josh is student on the Talco campus and enjoys going to Brisket, Stew and Chili cookoffs with his grandfather. Josh, like all good cooks, will not tell his secret ingredient that goes into their recipes.

He is active in the RA program at the Calvary Baptist Church and plays baseball and basketball and loves the outdoors. Josh also enjoys comparing his age of eleven years to the experienced age of the other cooks he competes with.

Josh competes on his own and enjoyed cooking with his favorite reci-

pes, chicken. He and his grandfather Ray have competed in contests from as far away as Arkansas and also competes locally. There are usually three divisions that they enter and they are brisket, ribs and chicken.

Josh took home first place and \$150 for his J & R Road Kill entry for chicken, which happens to be his favorite category. His grandfather Ray cooked brisket and ribs and received \$100 for his 2nd place ribs and placed 10th with his brisket.

Josh's most recent win was in Nashville, Arkansas to compete in the 2nd annual Brookshires Benefit on September 24-25. The Nashville Brookshires holds the cookoff each year to benefit local charities.

We thank you Josh and Ray for

allowing us to use your recipes. . . still wish we knew that secret ingredients, but hey . . . we will see you in the kitchen!

Beef Rub-this will do a 10-12 pound brisket.

Barbecue Sauce-everyone has a favorite sauce recipe. . . here is another to add to your file!

Potato Salad-mustard and mayonnaise add their own flavor to this recipe along with paprika to top it off!

Easy Baked Beans-nothing tops off barbecue like great baked beans!

Cornbread-this recipe calls for powdered milk and 6 eggs. . . gotta be good!

Buttermilk Pie-one of my favorite pie recipes. . . it can't be beat!

PLANNING FOR THE MILLENNIUM

How Year 2000 Fraud works

The first thing a con artist often does is persuade consumers that Year 2000 computer problems will create havoc on our economy. They may describe frightening scenarios of banks shutting down, leaving account owners empty handed and unable to recover funds from their accounts or investments in IRAs and Certificates of Deposit.

Con artists may also warn about problems affecting other sources of income such as government assistance or investments in the stock market. Fearing the elimination of social security, Medicare, or their hard earned retirement dollars.

Common schemes con artist use to swindle money:

- * Convincing consumers that the dire predictions regarding loss of financial security due to Year 2000 problems are true.
- * Persuading consumers to invest in "special" or "secret" products, companies, or accounts that will generate tremendous profits.
- * Advising individuals to withdraw their money out of banks, credit unions, or other financial institutions and turn it over to them for "safekeeping"

Tips and warning signs to guard against fraud

- * NEVER give out account information or credit card numbers to someone unless you're certain they are trustworthy. Thieves can appear very sincere and friendly. And they can be very persuasive. All they need is your account number to empty all the money out of your account.
- * Don't enter into a deal if you're being pressured to act immediately.
- * Be wary of people posing as bank officials, police officers, or other government agents who ask you to assist them in an investigation or audit of your financial institution. You may be asked to withdraw cash or give out your account information. No legitimate official would ask a consumer to participate in this type of investigation.

Sickbay Johnson

This Veterans Story was accidentally left out of last week's edition. We enjoyed it, and are hereby running it this week.
 The medical corpsmen in my Marine outfit in Korea had dubbed him "Sickbay Johnson". He was a good Marine, but a hypochondriac. He could always be counted on to be in the Sick Call line.
 However, in 1950 we were moving north rapidly and taking care of the wounded in the field and seldom had time to hold regular Sick Call for treating colds, crab lice and athlete's foot.
 If there was a lull long enough between firefights, we would put away the morphine and plasma and break out the aspirin. We would put up the Sickbay tent and hold first-class Sick Call.
 Johnson would always be at or near the head of the line. The corpsmen joked about it, but we always listened with a straight face when he told us of his ailments, and we took good care of him. He could have picked up any one of us and thrown us over the tent.
 I was the corpsman handling the ear, nose and throat complaints the morning Johnson came in with a stuffy nose. I had him lie down on a table with his head tilted back while I put drops in his nose. I told him to keep his head back and to say "Cluck, Cluck, Cluck" to help the drops do their work and to keep it up until I told him to stop.
 Just I was moving on to the next Marine, three mortar shells came whistling over. I ran out of the tent and headed for the hole. Those gooks could shoot a mortar with the best.
 I hit the hole and before I could straighten up, Johnson was beside me with his head tilted back and going "Cluck, cluck, cluck"!!!

Junior high Rebels host Braves

The Rebel Juniorhigh teams played host to the Honey Grove Braves on Monday night at RHS.

In the 7th grade game the young Rebels were nervous for the first minutes of the first quarter but soon got their stride went ahead of the Braves only to drop back to an 18 all tie at the half. First quarter scorers were Clinton Vandever, Jordan Edge, R.C. Pitts, Payden Franks and McKenzie Ellis.

In the final half the two teams stayed at a tie in the third quarter, 26-26 making the final quarter a nip and tuck one. With 26.2 seconds left on the clock and a tie score of 33-33 the Rebels took time out. On the inbound play Ellis fouled out. Matthew Ross was lost next to fouls with :15 seconds left on the clock and the Braves took the lead by one free shot. Time ran out after an exciting well played game leaving the Rebels back by one. Final 34-33.

Second half scorers for the Rebs were McKenzie Ellis, Matthew Ross and R.C. Pitts. Great first game Rebels!!!

The Rebel 8th grade started out

slowly and could not find the net in the first quarter of their first game this season while the Braves went to the hoop for 8 points. The slow pace continued for the Rebel team and they trailed 19-0 at the half.

In the third quarter the Rebels finally scored with only 4:11 left in the quarter. But, the score seemed to bring the team around and they added 7 points in the third. Score 23-7. In the final quarter the Rebels really picked up on the defense and held the Braves to only 4 points for the first half of the quarter while adding points to their own score. In the last minutes of the game the Braves took their drive up another level and added 7 more points to defeat the Rebels 34-15.

Scoring for the Rebs were; Jeremy Ward, Keith Perry, Lance Bush and Chance Belcher who was the high point man with 6.

The Rebels will travel to Cooper on Monday, Nov. 22 with game time at 5:30 p.m. The Junior High Lady Rebels will host Cooper at the Talco gym at 5:30 p.m. on the same night. Go Rebels and Lady Rebels!!!

Rebels begin season

The Rebel Varsity began their basketball season with scrimmage games vs Paris High and Hugo, Oklahoma at Paris Junior College on Thursday night. The Rebels held their own with both teams but it was obvious 3 days practice was not enough to have them in top form.

On Saturday, the team traveled to North Lamar to scrimmage North Lamar and Clarksville. The Rebels looked much better on the court as the football play fades and basketball mode takes over.

The team along with the B and C Rebel teams were to host DeKalb on Tuesday night at RHS. On Nov. 20 all three teams will travel to Commerce for pre-district play. Go Rebels!!!

COACH KARL WHITEHURST-pulled his team together for a conference Tuesday evening during a time out in scrimmage play with the Lady Bears of DeKalb. The Lady Rebels JV had a good first evening on the court. (Staff Photo Nancy Brown)

Lady Rebels scrimmage Lady Bears

The Lady Rebel JV and Varsity teams hosted the Lady Bears of DeKalb on Tuesday, Nov. 9 for their first scrimmage of the season.

The JV girls coached by Karl Whitehurst played 4 sets and won 2 of the sets by a score of 9-8 and 6-0 while ending one set in a 12-12 tie and dropping one set 10-15. The Lady Rebels showed good hustle following the first quarter set of nerves. Tina Carder, Sara Alsup, Ashley Beers and Alison Foster did a good job for the team on the defense and nearly every Lady Rebel scored.

In the Varsity scrimmage the Lady Bears were no match for the Lady Rebels who hit the floor ready for action. The Lady Rebel team host only 4 senior players, Jill Foster, Missy Carroll, Tiffany Prentice and Cara Morgan who do an excellent job of guiding the younger members of the team. Juniors, Kim Shirley, Kim Ross, Cassee Wilcox, and Jennifer Hays add stability and extra effort

comes from Charla Hines and the youngest Lady Rebels Erica Williams, Rachel Case, Tina Carder, Molly Hare, Jessica Rose and Michelle Bryant. Junior, Cheryl Griffin will rejoin the team as soon as she recovers from a recent knee injury.

The scores for the scrimmage quarters were 11-5 Lady Rebels, 23-7 Lady Bears, 17-9 Lady Rebels and 13-12 Lady Bears. Kim Shirley had the best shooting night on the floor netting 27 points. Missy Carroll added 12, Cassee Wilcox-8, Tiffany Prentice-13, Kim Ross-6, Cara Morgan -2, Erica Williams-2, Jessica Rose-2 and Molly Hare-2.

The team has lots of young talent, good hustle and veteran talent the only thing lacking for the Lady Rebels this year is height. But, good shooting ability and drive can help the team overcome their lack and possibly make the play-offs. Good Luck Lady Rebels!!!

Cpl Fleming celebrates Marine Corps 224th birthday

Marine Cpl. Joseph A. Fleming, son of Sarah M. Fleming of Bogata is one of more than 170,000 active duty Marines celebrating the Marine Corps' 224th birthday this month. Fleming is currently on a six-month deployment to Okinawa with 1st Battalion, 2nd Marines, home based at Camp Lejeune, N.C.

The Marine Corps was created on Nov. 10, 1775 in Philadelphia by a Continental Congress resolution raising two battalions of Marines. Since then, the Corps has served the nation from the Revolutionary War to Desert Storm. Today's Marines continue to serve on ships and at bases around the world.

Every Nov. 10, the Marines mark the date as a time for ceremony and reflect on the deeds of the men and women who previously served and have given today's Marines their legacy of honor, courage and commitment.

Units based in the United States come to Okinawa for six months to train as part of the Unit Deployment Program. From Okinawa, they can deploy to mainland Japan, Korea and many other Pacific countries.

The 1996 graduate of Rivercrest High School joined the Marine Corps in July 1996.

FOOT NOTES
Dr. Austin Reeves

PLANTAR FIBROMATOSIS
Plantar fibromatosis is a benign disorder where nodules form on the plantar fascia, the long tissue running from the bottom of the heel to the ball of the foot. The condition usually occurs around the arch, but it may develop anywhere along the plantar fascia. Nodules begin as pain-free bumps under the skin, but they can become painful during exercise. Redness or swelling may also occur. Most likely a hereditary disorder, plantar fibromatosis is also associated with infection, gout, lead poisoning, some metabolic diseases, or trauma from high-impact activities like running. Because surgically removing the nodules results in high recurrence rates, many doctors now recommend removing the entire plantar fascia if the nodules cause significant daily discomfort.

If you would like more information on plantar fibromatosis, its probable causes, and its effects on the feet, please feel free to give us a call at 784-5585. There are many solutions today that did not exist even a few years ago for a large number of foot, ankle, and leg conditions. I regularly attend seminars and keep current with continuing education on new techniques. For the most comfortable, efficient, and effective treatment for your foot problems, turn to **DOCTORS FOOT CLINIC** for friendly, professional help.

Fall Trail Riding

by Murl Hawks

This is an especially busy time for Johnny and Murl Hawks. The weekend of September 17-19 we were invited as guests of Forrest Arp and Bill Stephenson from Longview to rail ride at the Fox Hunting Club near Chireno, Texas. The campground is very nice with lots of shade trees, hook-ups, bath house and a large building with kitchen, picnic tables and dance floor. We arrived on Friday. Visited with lots of trail riders we knew and met new ones. Saturday, a large group gathered for helping to trim trails and having fun riding. We really enjoyed the trails and fellowship.

On Sept. 29th through Oct. 9, we spent at Cross Country Trail Ride in Eminence, Mo. Couldn't have asked for nicer weather. This has been our annual trail ride for 13 years, in May and October. In May the dogwood are in bloom, in October the trees are changing color to make the mountain trails very beautiful. Eminence is a small town, much like Bogata, but when the trail riders arrive, things get busy. The campground is in the bend of the Jacks Fork River, accommodating around 3000 riders or more. You meet people from many states and other countries. It is like a reunion every year. The trails lead you up mountains and across the Jacks Fork & Current Rivers. Also good food and entertainment was provided every night. We have many memories that we share.

The 16th we were invited to Ponca City, Oklahoma to visit Johnny's cousin, Bill and Jerri Jeffries. They were having open house to show everyone their very beautiful home and large barn with a huge riding arena, including a house inside the barn where their daughter, Donna and husband

band Ronnie live. It was very entertaining and impressive. We really enjoyed our visit.

The following weekend the 22nd and 24th, we traveled to Angelina National Forrest, Ebenezer Park near Jasper, Texas. The North American Trail Ride Conference were having an endurance ride. This was a new experience for Johnny and I. But with so many nice people, who could resist learning what to do? There are lots of rules to abide by. We rode Saturday with a group of 48 riders, all trying to beat the clock. We rode 5 1/2 hours and thought we did quite well on our fox trotting horses by placing 17th and 18th. The trails were through very tall pine trees, overlooking Sam Rayburn Reservoir. The campground is very large, accommodating lots of RV's and trailers. The Corp of Engineers are considering building facilities for equestrians, such as hook-ups, pervillion and bath houses. At a meeting on Saturday night, to our surprise, we were given awards for 1st and 2nd place Horsemanship and Horse Awards. It is a really fantastic place to go, especially if you like trail riding.

Halloween weekend was also enjoyable. We went to Ceder Lake near Heavener, Oklahoma. Our friends, James and Carol Wicker have opened an equestrian campground, named The Hide Out, nestled among lots of beautiful trees with stalls for horses and hook-ups for RV's. On Saturday morning the rains came, so that canceled our trail ride for the day. A couple of friends from Missouri, Johnny and I drove over the scenic route from Talihina, Hwy 1 to Arkansas through the mountains. If you have never driven this highway you have really missed a beautiful part of

the USA. On Sunday the rain was continuing, so we were homeward bound. The food was great, prepared by the Wickers and the Wicker band was very entertaining. We will be making plans for a return trip.

November 6 and 7, we spent at Hunter's Campground north of Paris in the Pat Mayes Lake area. 28 riders came to help cut and ride trails. After riding Saturday we had lots of food, thanks to everyone bringing a dish to add to what Johnny's helping hand had prepared. A meeting was held to discuss the beginning of the Red River Valley Riding Club. If anyone of you would like to belong, give me a call. We had a little rodeoing, but no one was seriously hurt. We were back on the trails Sunday and enjoying the great weather. After riding we all got back to camp and finished off leftovers which was very good for the second time around. The trails are very beautiful. We have about 29 miles marked and anyone wanting more information on these trails may contact Johnny or me. Any time after January 1, 2000 you can camp at Hunters Campground and have a day ride.

Anyone interested in visiting us at our Pleasant Valley Farm to see our herd of about 45 Fox Trotting horses, give us a call at 903-632-4822 or just drop by. You are always welcome. We are located 1 and 1/2 mile South of Bogata on Hwy. 271. Turn left at the picnic area and go about 300 yards on a gravel road. We are on the left and you will see horses, horses horses. You may write to us at: Johnny and Murl Hawks P.O. Box 7 or Rt. 1 Box 294 Bogata, Texas 75417 or e-mail jhawks@1starnet.com

Be Patient

by Nancy Brown

I titled this little column "Be Patient" for myself as well as for those I come in contact with. Working with the local newspapers has me very busy and I talk with many people about many things each day. Everyone knows I jokingly say I have sometimers, sometimes I remember and sometimes I don't, but last week on Wednesday I spent the morning calling Nanalee, the schools and reviewing up-coming events from my computer.

Have you ever known you were supposed to be somewhere on a given day but don't know where, what time or what for? But then again, maybe you have your days mixed up? Lord help me, that is where I was on Wednesday and find myself there all too often. When Nanalee, the schools and up-coming events columns offered no reminder I thought over church and club activities and still drew a blank. But, the thought was still with me nagging, "you should be at some event for pictures on Wednesday evening?"

In the process of still searching for the answer, a friend who usually knows what is going on, suggested I keep a personal calendar and then I won't forget because it would be written down. Ha! Who's going to keep up with the calendar for me!

Forgive me if I missed your event on Wednesday because it never did come to me, but, I had my ducks in a row on Thursday, Friday and Saturday. Who knows when I will have another attack of sometimers so please be patient, remind me ahead of time and just prior to any event you would like me to show up at. I never mind getting your news it's just my darn sometimers!
