I Love Small Towns

Living in a small town, or in a neighborhood in the city that is like a small town is truly a great thing.

Last Thursday morning I was at the office when the fire department beeper Mike wears went off. Larry and Judy Whittle's house was on fire.

Cindy, the office manager, was out sick. Thomas and Mike are on the fire department and I need to do my reporter duties. That meant no one to keep the office open. No one, that is, except for Mrs. Lee from Blossom. She was upstairs researching genealogy in the old volumes.

So, I called upstairs for her to please tell anyone who came through the door we would be back in a minute and drove away.

At the fire scene volunteers from Cunningham, Deport, Pattonville and Blossom were pouring in.

Frankie Norwood, a long time friend of the Whittles, and an ag teacher at Prairiland, had been going by with some students when he noticed smoke coming from the turbine on the Whittle house. He knew this wasn't right. He also knew that there were two beloved dogs inside. Of course, one of the dogs doesn't like Frankie. He got the door open, and his students had to stand in the yard and call the dogs out, the one that doesn't like him wouldn't come to him! He had already used his cell phone

to call for fire departments. After putting the dogs and his students in a safe place he joined in with fire fighting.

Judy works at Prairiland school and her friend co-worker Susan Roach immediately loaned her a vehicle to rush home in. Susan, the Whittle's daughter, was brought by a teacher to the scene, along with a few friends to lend comfort to an upset youngster. The teacher even brought her workbooks and school books.

Friends were on hand to comfort Larry, Judy and Susan. Help and offers of future help poured in.

Firefighters worked hard to control the blaze, and consequently save a portion of the home, in spite of it's distance from a fire station.

Knowing the office was still manned by poor Mrs. Lee I returned to Deport and found she had accepted money, answered the phone and generally "held down the fort".

After a while Mike and Thomas were able to return.

That is the way it is in any of the communities we serve.

If there is trouble, people are there to help. If someone's business needs minding for a while, a volunteer will do it. If a family is off work for a while, people assist them.

It's the way we all should be. It's the way things frequently are, because there are so many good people in the world. And, most of all, it's beautiful.

Talco Homecoming set for April 29

The planning meeting for the annual Talco Homecoming was held on Tuesday, March 21, 2000. Seventeen Ex's attended. The main item discussed was changing the scheduled meeting on May 6. There is a conflict with the school board elections to be held on that date. The group decided to have the meeting on the last Saturday in April from this day forward, with the 2000 date being April 29.

Another change concerns Special year classes. In the past those groups who had been out of school in five or ten years from the current year were

honored. In the future this will only be the classes who have been out 40, 50 and 60 years for the Special honor. Any other groups who want a special meeting can contact the officers for a listing of their class.

The honor classes for the current (2000) meeting and persons working are:

1940-Christelle Cato, Bud Barrett and Joe (Mutt) Harper.

1945-Jerene Chapman Flanagan and Dan Cotten.

1950-Minerva Easterling Gentry and Bobby Watts.

1955-Lois Shaw Jordan and Bobby Blackburn Kelly.

1960-Virginia Johnson Onyett and Sue Gaddis Shumate.

1965-Ottis Hall.

Anyone who would work on the 2001 classes; 1941, 1951 and 1961, please let the president, Ralph Parsons, know before the reunion if possible. Everyone is also encouraged to notify friends and relatives of the change in the date for the reunion and make plans to attend for a day of reminiscing with old friends, making new friends and sharing a good meal.

Thunder Prairie wins seven major awards at NETPA

Column writing: Entertaining, well written, creative, good messages.

Feature Writing: Good features, well written: "Street Rodding" is interesting insight into the side of a local couple that perhaps community members might not be aware of". "Bodacious...Good story. Good use of photos, well written".

Photography: Great photos, some photos could have been larger. Good representations of disasters, good angle and good close ups".

Advertising: Good Composition, use of elements in lay-out.

Nancy Brown, editor of the Bogata News and Talco Times was highly praised for her sports, photography and overall work. The Bogata News was entered into Division 5 instead of Division 6, a larger circulation division. The judges said that although it did not place in the top three the papers were "excellent papers with true community coverage".

Five sign up for Rivercrest Board of Trustees

Five have signed up to run for positions on the Rivercrest ISD Board of Trustees. They are; Position #7 or the at large position, incumbent, Ricky Franks and Leslie Johnson Wright; Position #1, incumbent, Nicky Brown and Johnny Jones and Position #4 formerly filled by Mollie Williams, Joe Rose.

Leslie Wright is the daughter of Clyde Johnson and Vickie and the late Kenneth Bryant of Bogata and the granddaughter of Inez and the late James Johnson of the Lone Star Community and the late Bill Stewart of Cuthand. She is a 1989 Rivercrest High School graduate and following graduation married Paul Shane Wright of Talco. They have lived in Talco throughout their 13 years of marriage and own and operate their own contractor business, deer and horse ranch. The couple have two children, Alex who is a 5th grade student at Talco Elementary and Jacob who is a Kindergarten student at Talco Elementary. They attend Calvary Baptist Church in Talco.

Leslie has served as an officer in the Talco PTO, has been an officer of the Talco Baseball/Softball Inc. for 6 years where she also has coached girls and is presently coaching the 7 & 8 year old boys team which her son Jacob is a member of. She and her husband have been active in the Rivercrest Youth Basketball program and served as coaches in the program for 4 years. The family enjoy fishing, hunting and camping. Leslie said, "I would like to be a part of increasing the quality of education our children get. We have a strong academic system now but we must advance with the computer age by providing the best and most up to date equipment and education possible. I am also a property owner in the district and will keep the tax payer in mind when making decisions for the district. Your vote on May 6 will be appreciated."

Johnny Jones is the son of Jerry and LouAnn Jones of Divine, Texas. He is a graduate of Pettus High School in Pettus, Texas. He married Karen Wright and the couple have made their home in Talco for the past 22 years. They have one son, David Lee Jones, who is a graduate of Rivercrest High School and one granddaughter, Kari Jones of Oklahoma. Johnny is employed at TXU in Sulphur Springs, Texas. The family are active members of the Calvary Baptist Church in Talco where Johnny serves as a sponsor to the Royal Ambassadors boys group. He and his wife enjoy raising white-tailed deer, hunting, camping and are involved in many community activities such as events hosted by the Talco Park Committee and by the Talco Baseball/Softball Inc. Johnny said, "I have several nieces and nephews who attend Talco School and could some day could have my granddaughter attending school here. I would like to be a part of making the decisions for the future of the school and help see that every child has the opportunity to have the best education possible. As a tax payer I would like to help hold taxes down while providing quality education for our students. Your vote will be appreciated."

Joe Rose, his wife Angela and children, Jessica, Clay and Dustin moved to Bogata 5 years ago from Mt. Pleasant. He is the President of the Guaranty Bank in Bogata and has worked for Guaranty Bank since 1984. The family attend church at the First Baptist Church in Bogata where Joe teaches Sunday School and Angela teaches children's choir.

Joe is running for Position 4 on the Rivercrest ISD Board of Trustees in the May 6 election. He said, "My desire is to see this District continue to offer the highest quality education to our children. The Exemplary status of two of our three campuses is something of which we should be proud, but the real benefactors are the children who are receiving the education. As a graduate of the University of Texas of Arlington, I have grown to appreciate my education more each year. In our society, education is becoming more of a factor in the job market and our children deserve the best opportunity available. I have also earned a new respect for our teachers over the recent years as my wife has completed her teaching degree. I believe our teachers also deserve the best environment in which to teach."

Since a school district spends your tax dollars, I also think the business side of this Board position is important. As a member of the financial industry I feel that I can contribute in this area. With a degree in Accounting and many years' experience in budget preparation, I feel a civic responsibility to offer my services to our school district. As a property owner in our district, I will always try to make decisions that will result in the highest benefit for both the taxpayer and the school district. I appreciate the opportunity to serve you and I would appreciate your vote on May 6, 2000."

Ricky is active in the Rivercrest Little Dribblers where he served as President for the past two years and also coaches. Ricky enjoys being involved with FFA. For many years, he was involved with his son, Clint, in his agricultural projects, and is now helping his daughter, Kelsey, with show animals and will continue with this throughout her school career.

Technology is a very important part of the education process today and feels it is important that the school keep up with the changes in this field. According to Franks, "Our TAAS scores reflect our dedication to the basic education of all students. This is a credit to both our teachers and our students."

Nicky Brown, incumbent for position #1, is a life-long resident of Talco and Rivercrest School District. He attended Talco Elementary and Junior High and graduated from Rivercrest in 1979. He is 31 years old and is employed at Titus County Precinct #1. He and his family are members of the Calvary Baptist Church Talco. He is a member of Temple Lodge #70 in Mt. Pleasant and currently serves as secretary to the Rivercrest ISD Board of Trustees. He and his wife Linda have been married for 19 years and have two sons, Coleman, who is a senior at Rivercrest and Ty who is a 3rd grade student at Talco Elementary. Linda is employed at the Guaranty Bank in Talco.

Nicky has been active in Rivercrest Youth Basketball and the PIPS (Players in Progress) programs. He is active in sports programs at the schools and other extra curricular activities, such as academic clubs, Beta Club and National Honor Society, band performances and concerts. Nicky said, "I feel that every aspect of the schools should be a priority not just what directly affects you. I have served on the Rivercrest ISD Board for the past 3 years, the last 2 years as board secretary. I would like to continue to serve on the Board because I have a genuine concern for our school, our school district and especially our children. I believe that the children of Rivercrest ISD deserve the best education that we as parents, teachers and citizens can give to them. I also believe that our district has some of the best educators available and this shows in our school ratings, Rivercrest-Exemplary, Bogata-Exemplary and Talco-Recognized. Finally, I feel that I am a qualified candidate with experience enough to do a good job as a board member to see that our children (the future of our school district, communities and country) get properly educated with today's technology and that each taxpayer's dollars are spent accordingly. Your support in my re-election would be greatly appreciated."

People spend a great deal of their time preparing for things. We save money in order to buy a house, start planning and shopping for Christmas presents sometime a year in advance, we plan ahead so that we will be financially able to do things so we can better afford them. But more often than not we never think about planning for our funerals until we are faced with death, and sometimes it catches us unprepared.

To save your family the financial stress of paying for your final expenses, start preparing today. A prearrangement guarantees that your expenses are taken care of; that your family will have one less responsibility at the time of your death; and that your funeral service can be handled according to your wishes.

The James Wood Family will be happy to answer any questions that you might have, so start preparing today.

Jill Foster named National Beta Scholar

The National Beta Club announced recently that Jill Foster has been named a Beta Scholar which entitles her to a scholarship award of \$1,000.

Jill, a senior at Rivercrest High School, competed against more than 962 candidates nationwide for this honor. Two hundred nine scholarship recipients were chosen. She plans to attend Texas A & M University in College Station, Tx.

Beta Scholars are selected based on their grade point average, SAT/ACT scores and especially, their active participation in Beta Club activities. She was recommended for this award by the local Beta Club sponsor, Tammy Kuhlengel and high school principal, Keith Brown.

"This outstanding young person represents the true spirit of National Beta, having excelled not only academically, but in leadership and service to school and community as well," said Dr. George W. Lockamy, executive director of the National Beta Club. Headquartered in Spartanburg, SC, the National Beta Club is an academic, leadership service club for high school students.

Jill is the daughter of Morris and Ginger Foster of Bogata and the granddaughter of Sam and Sammie McConnell of Bogata and Marlin and the late Billie Foster of Deport.

FOOT NOTES

Dr. Austin Reeves

SURVEY: DIABETICS NEED BETTER FOOT CARE

A recent study, sponsored by the American Orthopedic Foot and Ankle Society, reveals a need for better diabetic foot care. The study was designed to measure the current level of preventive foot care given to diabetics in the United States. Diabetes is the leading cause of foot amputations in this country. Due to loss of sensation in the foot, a common diabetic symptom, many patients develop foot ulcers, infections and other potentially dangerous problems. Earlier studies have shown that a combination of patient education, protective shoes and inserts, and regular foot exams can reduce the risk for diabetes, relates foot problems. This study showed that only 12% of patients wore protective shoes and 15% used custom foot orthoses.

If you have diabetes, you probably already know that you face special health challenges as the result of the disease. Slow healing due to poor circulation in the feet may increase the risk of infection, and damaged nerves can impair the sensations that make it possible to feel the pain that signals an injury. Don't take chances with your health. Protect your feet and your health by seeking professional help for treatment as well as prevention. New patients are always welcome here at DOCTOR'S FOOT CLINIC. Call 784-5585 for an appointment.

Talco class of 1950 to meet

The 1950 Talco Trojan class will be the honor class at this year's Homecoming set for April 29, 2000 at the Talco School.

Early plans have been made by the class. They will meet at Western Sizzlin Restaurant in Mt. Pleasant on Friday, April 28 at 7:00 p.m. for supper and visiting. Some of the members have made reservations at the Best Western Motel in Mt. Pleasant in order to make the most of their visit. Any class member who wishes to join them may call 903-577-7378 for reservations. Anyone calling should ask for Jim and tell him they are with the Talco Homecoming group. A room is being provided by the motel for visiting and all members are encouraged to please make a special effort to attend Friday and the homecoming on Saturday.

LETTER TO THE EDITOR
To the Citizens of Talco,

On Friday, April 22, 2000 a person or person vandalized the Talco Ball Park again. Last year the vandalism cost the Talco Baseball/Softball Inc. nearly \$1000 to repair and replace the damage. The police were called and the group along with the Talco School wanted to press charges but nothing was done. So, with no punishment these vandals have struck again. This time only one bathroom commode was broken into bits, leaving the water running everywhere. The pipes to the sink were broken also, plus the locks were beaten off the concession stand and storageroom but nothing was stolen or destroyed inside either. This is pure meanness from persons who have nothing better to do. Again this year the police have been given names of possible suspects. They hopefully will follow up on this unbelievable, unnecessary destruction. The Talco Baseball/Softball Inc. works very hard to improve our playing field and area for all the children of Talco and the surrounding area. Spending money to continually fix the same destruction is taking away from every child that participates in the program.

The vandals have walked to the field to commit their handiwork each time. The Baseball/Softball Inc. would like to ask area residents to please start paying attention when a group of people walk by especially at night. This might help apprehend these vandals if they are watched wherever they go. Many Talco residents enjoy walking in the afternoon and evenings it is not these walkers who are doing such awful things. It is the late evening and night time walkers. Please help us stop this destruction before it comes into private homes and businesses. Had it not been for a keen eye this week in Talco. The Talco Park would have become the ground for fighting. Two high school students chose the park to settle their differences and an entire crowd of young men and women gathered to watch? Is this what the people of Talco want? Thankfully, the fight was stopped and the students and young adults sent home with a threat to call their parents, but, if they had not been seen would one of the fighters wind up dead or would a bystander have been shot by a gun pulled out in rage or stabbed by a knife? Citizens please help stop this before it gets out of control. Call the police when you see night walkers. Notice what is going on when a group gather at the park. These unsupervised young men and women must be made aware the town's people care even if their parents don't!

Nancy Brown, Talco Baseball/Softball President

Notice to RHS class of 1985

Plans have been in the works for a Rivercrest High School Class of 1985 Reunion during this past year. Class members have searched high and low for classmates to make the reunion set for May 20, 2000 at the Bogata Community Center a success.

A questioner was mailed to all class members who have been found and a request for a return of the questioner by February 12, 2000 was made. The group have received few responses although they hear of many who plan to attend. In order to have enough food for those planning to attend the questioners are very important and even if plans to attend are not made the questioners will let classmates know what has happened in each classmates life.

All classmates a urged to please return these forms as soon as possible to Jennifer Reeder, whose address is on the form. Lets celebrate our 15th year away from Rivercrest High School back together again!

Talco Science Department making plans to publish cookbook

The Talco Junior High Science Department is putting together a cookbook to help raise funds for hands-on science experiences. The students have already started collecting recipes for the book which will be titled "Cooking Rebel Style". The cookbook will contain a collection of recipes from the cooks of the district, helpful cooking hints and basic kitchen information. Each recipe will show the name of the contributor and be beautifully bound in an attractive cover featuring the Rebel man printed on a blue and white background, representing the Rivercrest School colors. The book will be printed up during the summer months and will go on sale sometime in August or September of 2000. The group is seeking recipes from the cooks of the Rivercrest School District and the surrounding area. Please help make the cookbook a success by submitting your recipes to the Talco Science Department by April 30, 2000 so they can be typed and mailed to the publisher. Recipes may be mailed to Leah Bull, Talco Junior High, 400 Lawrence St., Talco, Texas 75487 or they may be dropped off at the Talco School. You may call 379-3841 for more information or to reserve your cookbook. Your support and recipes will be greatly appreciated.

A variety of homestead exemptions could lower your property taxes!

A homestead exemption lowers the property taxes on your home by lowering its taxable value. If your home is valued at \$50,000 and you receive a \$15,000 homestead exemption, your home will be taxed as if it were worth \$35,000.

Who qualifies for an exemption?
 Anyone who owned a home on January 1 (and used it as a primary residence on that date) is entitled to a \$15,000 homestead exemption to lower school taxes this year...and it doesn't matter if your home is a house, condominium or mobile home. (Counties, cities and special taxing districts may also offer homestead exemptions.)

Are other exemptions available?
 If you're disabled—or if you're 65 years old or older—you are entitled to an additional \$10,000 school tax exemption on your home. And if you qualify for the over-65 exemption, you're also entitled to a permanent, locked-in "ceiling" on the school property taxes on your home. (The ceiling does not apply to county or city property taxes, and those entities may offer other exemptions.) The over-65 homeowner's exemptions and school tax ceiling transfers to the surviving spouse, if the spouse is 55 years of age or older at the time of death and lives in and owns the home. Over-65 homeowners also may transfer the percentage of school tax paid, based on their former home's over-65 school tax ceiling, to a new home.

Do I have to apply each year?
 No. If you had a homestead exemption on your home in 1999, you won't need to reapply for 2000 unless your chief appraiser requires it. However, if you haven't received an exemption on your present home—or if you've moved to a new home—you'll need to file for an exemption for 2000. If you are 65 this year, you may file for the over-65 exemption up to one year after the date you turned 65. And if you became disabled during 1999, you need to file for the disabled person's exemption.

When and where should I file?
 File applications by **May 1** at your appraisal district office. If you need more time, contact us at: (903) 427-4181

Bogata School Homecoming held April 8, 2000

Ex students, teachers and friends came together for a wonderful day of visiting and sharing "good old memories" on Saturday, April 8, 2000 at the Bogata School. Visiting started in the school gym around 10:00 a.m. then moved to the cafeteria for lunch and back to the gym for a business meeting, program and more visiting.

Jack Dodd, of Rosalie, was Master of Ceremonies and it was easy to see how much he loves the community and everyone connected to it. Jack kept the crowd laughing; he told some pretty good jokes too. Bro. Gene Bowden, of Henderson, opened the meeting with prayer. Awards of recognition were given to the following: Oscar Sims, of Pensacola, Florida, who was the gentleman ex-student who had traveled the greatest distance to come to homecoming; Edith Smiley Collins, of Sun City, Arizona, who was the lady ex-student who had traveled the greatest distance to come to the homecoming; John Latimer, who graduated from Bogata High School in 1937, was the oldest gentleman ex-student present; Maggie Harden Lee, who graduated from Bogata High School in 1925, was the oldest lady ex-student present; Charles Wilkinson, of Abilene and a Bogata graduate of 1941, was the oldest gentleman Bogata ex-teacher present; Genetty Childers, of Arlington, was the oldest lady ex-teacher present. Special recognition went to Mrs. Maggie Harden Lee. She graduated from Bogata High School 75 years ago! this year! She received a standing ovation and Jack Dodd presented her with a bouquet of red roses. Jack ask Miriam Stephenson, President of the Bogata Library/Museum, to brief everyone on the founding of Bogata Library/Museum and plan for such.

The program started with an introduction by Wanda Lou Hale Bradley. She introduced her beautiful granddaughter, Keri Bradley, who participated in her school Show Choir and Drama Department at Cedar Hill High School. Keri did two Patsy Cline songs. Mollie Williams introduced her daughter, Mikel Haynes, of Bogata who played the piano and sang a wonderful song that she had written "He Knows My Name". All classes with reunions were recognized and all teachers present were recognized.

Jack announced the host for next years homecoming will be the class of 1950. He ask Virginia Pike Coats to come forward to lead Bulldog cheers and said, "Virginia has a purse full of yells!" And she did! She ask past cheerleaders to join her and also ask three young members of the Pike family to help out. Virginia's last yell was "Two Bits" and the ex-students, teachers and guests nearly lifted the roof on the final verse, "All for Bogata stand up and holler".

In closing Jack invited everyone to stay and visit awhile longer. The classes of 1952 and 1953 were the host for this year's homecoming and expressed appreciation to everyone for helping in so many ways and especially to Jack Dodd for serving as Master of Ceremonies and to Keri and Mikel for their sweet entertainment. Speaking for all who attended, "It was wonderful being together with dear friends again".

It's Spring.... Enjoy It!

"Productivity appraisal" may lower the property taxes on your farm, ranch or timber land!

Texas law allows farmers, ranchers and timber growers to pay property taxes based upon the "production value" of their land rather than on market value. This "productivity appraisal" means qualified land is taxed based on its ability to produce crops, livestock or timber—not on its value on the real estate market. And it can mean substantial property tax savings.

When is the application deadline?
 If your land has never had a productivity appraisal or you are a new owner, you must apply to your local appraisal district by **May 1** to take advantage of this benefit on your 2000 property taxes. You may get up to 60 extra days if you have a good reason and ask for it by May 1. If you miss this deadline, you may still be able to apply, but you will pay a penalty. Check with your appraisal district office.

Do you need to reapply annually?
 If your land already receives agricultural or timber productivity appraisal, you normally don't need to reapply unless the chief appraiser requires you to do so. If a new application is required, the appraisal district will notify you by mail.

The City shall establish policies and procedure.

Section 17. Impoundment of Dogs and Cats In Violation Of Ordinance; Treatment and Care of Impounded Dogs and Cats.
 (a) It shall be the duty of the Animal Manager or his agents to impound all dogs, cats, rabbits or poultry, the owners or which, have or are violating the terms and provisions of this ordinance.
 (b) All dogs, cats, rabbits or poultry picked up and impounded in accordance with and under the terms and provisions of this ordinance shall be dealt with in a humane manner and disposed of in accordance with the terms and provisions of the applicable section of this ordinance.

In the event the dog or cat was not properly vaccinated prior to redemption, the owner shall pay to the operator of the animal shelter an amount equal to the cost of vaccination of said animal, and shall receive from the operator of the animal shelter a receipt certifying that the vaccination fee has been paid. However, any dog or cat suffering from rabies or suspected of having rabies or any dog or cat suspected of having bitten someone shall be kept under observation until such dog or cat has been inspected by a licensed veterinarian and such disease or condition diagnosed by such veterinarian, in accordance with Section 20.

Section 19. Disposition of Unclaimed Impounded Dogs or Cats; Record.
 (a) Any dog, cat, rabbit or poultry placed in the animal shelter in accordance with the provisions of this article shall be kept and so impounded for a period of at least seventy-two (72) hours. At the expiration of said period, it shall be presumed that the owner of said dog or cat has no further title or ownership of the same, and that said dog or cat has become an abandoned animal which may be disposed of by the shelter, as herein provided. The dog or cat may be delivered to any person who will pay the adoption fee and any charges for vaccination shots, if the dog or cat does not have a current and valid vaccination, as provided in Section 21. If neither the owner nor some other person claims the dog or cat, the dog or cat shall be destroyed. Any dog or cat, which appears to be ill, suffering from rabies, mange or any other infectious disease, shall be destroyed.

(b) A record shall be kept of the disposition made of the impounded dogs or cats.
 Section 20. Procedure When a Person Is Wounded by An Animal.
 (a) When a dog or cat, which has bitten a human, has been identified, the owner or custodian will be required to place the animal in quarantine. Unvaccinated animals should not be vaccinated against rabies during the observation period. The ten (10) day observation period will begin on the day of the bite incident. The animal must be placed in a TDH-approved facility specified by the local rabies control. However, the owner of the animal may request permission from the local rabies control for home quarantine if the following criteria can be met:
 (1) Secure facilities must be available at the home of the animal's owner, and must be approved by the local health authority.
 (2) The animal is currently vaccinated against rabies.
 (3) The local rabies control or a licensed veterinarian must observe the animal at least on the first and last days of the quarantine period. If the animal becomes ill during the observation period, the local rabies control must be notified by the person having possession of the animal. At the end of the observation period, the release from quarantine must be accomplished in writing.
 (4) The animal was not a stray at the time of the bite.
 (b) A dog or cat which has bitten a human and has been designated by the local rabies control as unclaimed may be humanely killed in such a manner that the brain is not mutilated. The brain shall be submitted to a TDH-certified laboratory for rabies diagnosis.
 (c) If the biting animal is a high-risk animal, it shall be humanely killed and the brain submitted for rabies testing.
 (d) If the biting animal is a low risk animal, neither quarantine nor rabies test will be required unless the local rabies control has cause to believe the biting animal is rabid, in which case it should be humanely killed and tested for rabies.
 (e) The local rabies control may require an animal, which has inflicted multiple bite wounds, punctures or lacerations to the face, head or neck or a person to be humanely killed and the brain tested for rabies.
 (f) If the biting animal is not included in (a), (b), (c), (d) or (e) of this section, the biting animal will be humanely killed and the brain tested for rabies or the local rabies control may require the animal to be confined for a thirty (30) day observation period as an alternate method to killing and testing, otherwise conforming to the requirements delineated in (a).
 (g) Any animal required to be quarantined under this section which cannot be maintained in a secure quarantine shall be humanely killed and the brain tested for rabies.

Section 21. Disposition of Domestic Animals Exposed to Rabies.
 (a) Unvaccinated animals which have been bitten or directly exposed by physical contact with a rabid animal or its fresh tissues shall be:
 (1) Humanely killed; or
 (2) If sufficient justification for preserving the animal exists, the exposed animal shall be immediately vaccinated against rabies, placed in strict isolation for ninety (90) days and given booster vaccinations during the third and eighth weeks of isolation. If the animal is under three months of age at the time of the second vaccination, an additional booster shall be given when the animal reaches three (3) months of age.
 (b) Currently vaccinated animals which have been bitten or otherwise significantly exposed to a rabid animal shall be:
 (1) Humanely killed; or
 (2) If sufficient justification for preserving the animal exists, the exposed vaccinated animal shall be given a booster rabies vaccination immediately and placed in strict isolation for forty-five (45) days.
 (c) These provisions apply only to domestic animals for which an approved rabies vaccine is available.
 Section 22. Liability of Owners of Impounded Animals.
 The payment of pound fees shall not exempt the owner, or person in control of any animals impounded from prosecution under the provisions of this ordinance.
 Section 23. Authority of Individuals To Impound.
 If any dog, cat, rabbit or poultry shall be found running at large upon the premises of any person other than the owner's, the owner or occupant of such premises shall have the right to confine such a dog, cat, rabbit or poultry. Until he can notify the Animal Control Officer to come and impound the same. Provided, however, that the same shall be done within a reasonable time. When so notified, it shall be the duty of the Animal Control Officer to cause such dog, cat, rabbit or poultry to be impounded at once.
 Section 24. Disclaimed Animals.
 If, for any reason, the owner or harbinger of a dog, cat, rabbit or poultry chooses to disclaim ownership of same of same or voluntarily delivers the dog, cat, rabbit or poultry to the animal shelter, this action shall be constituted as a formal acknowledgment of consignment of same to the animal shelter. The owner or har-borers shall pay a consignment fee to the animal shelter.
 Article 111. Cruelty to Animals

Any person who violates or fails to comply with any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than Ten Dollars (\$10.00), nor more than One Thousand Dollars (\$1,000.00); and any person who said aid, abet or assist in the violation of any provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than One Dollar (\$1.00), nor more than One Hundred Dollars (\$100.00).
 Section 27. Conflicting Ordinances Repealed.
 That all ordinances, orders of resolutions, heretofore passed and adopted by the City Council of the City of Deport, Texas, are hereby repealed to the extent that said ordinances, orders or resolutions, or parts thereof, are in conflict herewith.

Section 28. Severance Clause.
 The provisions of this ordinance are hereby declared to be severable, and if any section, subsection, clause, phrase or provision of the ordinance is for any reason held unconstitutional or void by a court of competent jurisdiction, such holding shall not affect any valid provision of this or any other ordinance of the City of Deport, Texas.

The world of funeral service is constantly changing. Many of family owned funeral homes have given way to corporations that for whatever reason fail to give the individual service that has long since been the trademark of the funeral industry. Casket stores & burial societies have tried to place the emphasis on ways of saving you money with no thoughts to service and the personnel that provide them. Long after a funeral is ended it won't be the type of casket or how nice the funeral home was decorated that will be remembered by the family. What will be remembered is the caring service offered by a compassionate staff that allowed the family to express their grief in a way that was healing for them. That is something that you can't put a price on—something that cannot be discounted.

The James Wood Family prides itself on service and individuality. We believe that a funeral service is a testimony to the life of the deceased. There is no price that can be put on such a gift. The memory of the loved one should be one of fondness and cherished memories, not hindered by financial stress and worries. We will be most happy to talk with you anytime about the services that we provide for our families. Let us know how we can help.
