I can't stand much more!
All this beautiful weather is about to kill us. We don't think we can take too much more of this gorgeous, fantastic, glorious weather!
What am I babbling about? Working.
After summers' grinding heat, terrible drought and then the long spell of amazing rain, the autumn has been as perfect as an autumn can be. Moderate temperatures, dipping into a pleasantly crisp nighttime low and rising to a bone warming, golden high, have resulted in us working ourselves nearly to death!
It's too beautiful to stay inside. So, we've done things like: shoveled sand, and run the weed eater until the world looks level. In addition we mowed, shredded, push mowed, pulled weeds, sprayed weed killer and generally got everything tidied up for winter.

Now, let me explain about shovelling. My back isn't so good. Thomas had back surgery and is just now gradually getting to doing such things.

So, I shoveled sand into the flower beds and he shoveled it into a spot near the deck that was washing out.

We paid for it. Oh, yeah, did we pay for it.

We're in our fifties now, folks, and when we went to bed last night we compared symptoms.

My arms hurt. So did his. His back hurt, so did mine. My wrist hurt, his thumbs hurt.

We moaned and complained for a while before drifting off to sleep.

Getting up Monday morning would have made a great comedy video!

Stiff, sore and groaning, we stumbled around getting ready for work.

Work? Ah yes, work? You know, that restful place where all we have to do is run the computer and sell ads, and take phone calls?

Compared to our leisure activities, it's a breeze!

So, I've made myself a promise, for the next week or so I'm going to enjoy all this weather without actually hammering, shovelling, painting or cleaning. I think. Like I said, all this good weather may kill me. But it's going to be a beautiful way to go!

This week's cook deals with the wonders of yeast breads. Most people won't even attempt yeast breads because of the time it takes to mix, set, rise and roll out. Most things that are good, do require some time in preparation. Well, I found this great recipe and there is.....no kneading involved.....just mix, let rise and shape into rolls or whatever takes your fancy! They do work.....I tried them!

There are a variety of recipe out there.....some easy and some not! Try some of these and see where you end up! Light up that oven since the weather is getting chilly and try your hand at one of these recipes! See you in the

kitchen!

Jiffy Rolls-this recipe uses a box of Jiffy White Cake Mix!

Butterhorn Rolls-cut these into pie shape wedges and roll into butterhorns! Yummy!

No-Rise Rolls-self-rising flour and 1 package of yeast does the trick for these rolls!

Thursday, October 4 Breads-Quick & Easy

No-Knead Yeast Rolls

2 large or 3 small eggs
2 teaspoons salt
3/4 cup sugar
1/3 cup shortening
1/3 cup butter
3 cups warm water
2 packages dry yeast
8-10 cups flour

Mix together eggs, salt, sugar, shortening and butter. Dissolve yeast in water and add to mixture. Add two cups flour at a time and stir well; don't get dough too stiff. Add just enough for easy handling. Place in greased bowl and let rise. Punch down and shape into rolls, loaves, cinnamon rolls or dinner rolls. Bake at 375 degrees until nice and golden brown.

Jiffy Rolls

1-1/4 cup warm water
1/2 teaspoon salt
1 package dry yeast
1 box Jiffy White Cake Mix
2-1/2 to 3 cups flour

Place warm water in bowl and add salt. Mix yeast in cake mix before emptying box. Then add to water mixture. Add flour and mix well. Cover and let stand 1 hour. Shape into rolls and let stand 2-3 hours. Bake at 425 degrees until done.

Butterhorn Rolls

1 package dry yeast
1-1/4 cups warm water-divided
2 eggs-beaten
1/2 cup sugar
1/2 cup Crisco
1 teaspoon salt
4 cups flour

Dissolve a package of yeast in 1/4 cup warm water. In large bowl, combine eggs, sugar, Crisco and salt. Alternately add 1 cup warm water, the yeast mixture and flour. Mix thoroughly. Place a warm, wet towel over the bowl; put in warm place and let rise 1 hour. Punch down and cover with towel; place in refrigerator overnight. About three hours before cooking, take out and divide dough in half and roll on lightly-floured board in round pie shape. Cut into pie-wedge shapes and place on greased sheet. Repeat with the other half of dough. Place in warm place to rise and cook at 375 degrees for 15 to 20 minutes. Easier to cut with pizza cutter.

No-Rise Rolls

4 cups self-rising flour
1/4 cup sugar or to taste
1 package yeast
2 cups lukewarm water
1 egg-slightly beaten
3/4 cup shortening-melted

Combine flour and sugar. Dissolve yeast in water. Add egg, shortening and flour mixture; stir well. Spoon into greased muffin tin about half full. Bake at 425 degrees for 12-15 minutes. Unused portion may be stored in refrigerator up to 2 weeks.

Coffee Can Bread

1 package dry yeast
4 tablespoons sugar
1/2 cup warm water
1 tall can Pet milk
1-1/2 teaspoon salt
2 tablespoons cooking oil
4 to 4-1/2 cups flour

Mix yeast, 1 tablespoon sugar and warm water in small bowl. Cover with towel; let stand 15 minutes. Mix together milk, salt, 2-1/2 tablespoons sugar and oil. Add yeast mixture and flour; stir well. Divide in equal parts in 2 greased coffee cans and lids with Pam. Put sprays on cans and allow to rise until lids pop off; about 3 hours. Remove lids and place upright in 350 degree oven for about 35 or until golden brown.

Golden Egg Bread

2 packages dry yeast
2 cups warm water
3 eggs-slightly beaten
save 1 tablespoon for glaze
1/4 cup sugar
1 tablespoon salt
1/4 cup salad oil
7 cups flour
poppy seeds or toasted sesame seeds-optional

Dissolve yeast in warm water. Blend in eggs, sugar, salt, oil and about half flour. Beat until smooth. Add remaining flour to form a soft dough. Knead until smooth. Place in greased bowl and turn dough over. Let rise 1 to 1-1/2 hours until doubled. Punch down. Divide into thirds. For each braid divide braid into thirds. Roll each part into a 14-inch strand. Beginning in center, braid dough to each end. Place on sheet and let rise until almost doubled. Brush tops with reserved beaten egg and sprinkle with poppy or sesame seeds. Bake at 375 degrees for 35 minutes. Cool on rack.

Bank Repossessed & Other Used Cars to be Sold to the Public

Sulphur Springs Dealership Disposing of 75 Bank Repos & Other Used Vehicles for Only \$59 Down Payment then Take Delivery, With Qualified Credit*

SULPHUR SPRINGS, TX - Bank Repossessed cars and trucks are among the most hunted-for bargains in the automotive industry. Unfortunately for John Q. Public, they're also the hardest to come by.

Banks often unload repossessed vehicles to car dealers at rock-bottom prices - allowing dealers to re-sell them for retail value. But bargain-seekers can take heart: This week, Gober Merrell Auto Group is going to change that.

This Wednesday, October 3rd through Saturday, October 6th, Gober Merrell Auto Group will offer 75 bank repossessed, fleet, lease return and other used vehicles direct to the public, and pass the savings on to their customers.

"These vehicles have been acquired at incredible savings from auctions and other sources, including bank repos, lease returns and other used vehicles," Terry Blount of Gober Merrell Auto Group said. "Management has been instructed to eliminate this inventory immediately. And if

that means selling these vehicles for just a \$59 down payment* and take delivery, then that's what we'll do."

With qualified credit, every bank repossessed and other pre-owned vehicle will be available

"This is the opportunity Texas bargain hunters have been waiting for! Customers may never see savings like this again."

TERRY BLOUNT, GOBER MERRELL AUTO GROUP

for just a \$59 down payment then take delivery.* "It's that simple," said Mr. Blount. "To make these bargains even easier, we'll mark the payments right on the windshield. You won't find a faster, easier way to get a great deal on a pre-owned vehicle."

Almost every type of vehicle and price range will be available, from luxury 4x4s to basic transportation. Many are still under warranty. "With our pre-owned inventory near an all-time high, chances are we have what you're looking for in stock and ready to drive home," Mr. Blount added.

Gober Merrell Auto Group will be fully staffed with sales and finance professionals to provide customers prompt, qual-

ity service and the bank's best finance terms possible. Mr. Blount said, "We'll have over \$4 million in financing available for this event, so its possible we can arrange financing for just about anyone who is employed, regardless of past credit history."

Trade-ins will be accepted, and customers are encouraged to bring their title or payment book to expedite delivery.

"The opportunity Texas bargain-hunters have been waiting for happens this Wednesday through Saturday at Gober Merrell Auto Group. With qualified credit, every bank repo and other used vehicle is available for a \$59 down payment then take delivery*. Customers may never see savings like this again," said Mr. Blount.

After the \$59 SuperSale ends at 6:00 p.m. on Saturday, October 6th, many of these vehicles will be sent to auction. Any questions can be directed to 1-800-JOE-MACK. Gober Merrell Auto Group is located at 1230 S. Broadway in Sulphur Springs.

Limit two vehicles per household. *All offers with approved credit. Additional Down payment may be required for credit approval. See dealer for details. Roots.

They don't run any deeper than ours.

In 1917, Lone Star Land Bank made the first Federal Land Bank Association loan in Texas. Since then, we've helped thousands of landowners purchase farms, ranches, country homes and other rural property. Today, Lone Star Land Bank also provides agricultural operating and equipment loans. But we remain the most experienced rural real estate lender in this part of Texas. At Lone Star Land Bank, our roots are in the land. That's the Lone Star legacy.

UNITIZED DESIGN

The 5200N No-Till Grain Drill features a "Unitized Design" with coulters mounted close to the openers to allow the openers to track accurately with the coulters for precise seeding on gradual turns, contours and hillsides.

HANDLES TOUGH CONDITIONS

When tough conditions demand more penetrating force, the 5200N meets the challenge with its unique weight transfer system. This system increases coulters down pressure by transferring weight from the tractor to the coulters.

ACCURATE DEPTH CONTROL.

The 5200N gauges seeding depth with the press wheels, a more precise method than drills that gauge depth with side wheels running on uneven surface residue.

VERSATILE

The 5200N's Adjustable 160lb-250lb opener down pressure system lets you select the correct penetrating force needed for any condition from clean-till to no-till.

Ask your Krause dealer to show you the new 5200N video.
