STORM REPORT

As Reported by... Stormie Meriwether,
Dearest Friends, This has been a fun week. Hunter, Tyler, and I have been busy, but we have had time for fun. On Thursday I was so happy to visit with Mrs. Keys and Mrs. Markham at Maxeys and introduce them to Hunter and Tyler Burt.
On Friday we went to The Shamrock Texas Theater to see A Man Called Otto. I laughed and I cried. It is a good movie. We enjoy going to Shamrock more than mov-

With the date for filing to have a name placed on Wheeler City Council, Wheeler I.S.D. Board, Parkview Hospital Board, Fort Elliott C.I.S.D Board and Mobeetie City Council passed, there is only one contested race.

CITY OF WHEELER
Filing for places on the Wheeler City Council ended Friday with each of the three council members filing for re-election. There will be no city election on May 6. Kelli Hampton has filed to serve in Place 1, Bryan Markham will

A Mustang Minute

Last week our Lady Stangs headed to Childress to take on the Gruver Lady Hounds in the Bi-District playoff. The Lady Stangs came out strong to the surprise of Gruver, as the Lady Hounds got possession of the tip off and headed to the goal with a layup only to be denied. Wheeler rebounded and quickly pushed the ball to their goal and a layup by Emely Garcia gave them the first points of the game. The Lady Stangs kept up with Gruver for a bit, but then the Lady Hounds went on a 3 point shooting spree and ran away with the game ending the night ahead of Wheeler 77-22.

The next evening the Mustangs headed to Shamrock to finish out their District play. The JV Mustangs were up first and started the night off with a layup and a foul for a total of three points. Wheeler was

ows; Place 5 - Tye Sims, and Place 6 - Randy Finsterwald.

PARKVIEW HOSPITAL
Parkview Hospital will not be holding an election on May 6. The terms of the representatives from Precincts 1 and Representative At-Large filed for re-election. Place 2 representative did not file; Ken Daughtry was the only person filing for Place 2.

up 15-13 going into halftime. Shamrock came out strong in the 3rd quarter, gaining ground on the Mustangs and finishing the quarter up 25-24 but the Mustangs came alive and held the Irish to only 2 points in the 4th quarter and scored 15 points for themselves. The Mustangs came out on top 39-27 in the end.

The Varsity Mustangs were up next and a 3 pointer by Shamrock on the first possession pretty much dictated how the whole game would play out. The Irish went on a 10-0 run, only to be ended by a 3 pointer by the Mustangs to finish the 1st quarter 10-3. Shamrock continued with their strong pressure on defense, causing too many turnovers by the Mustangs and keeping them from catching up. The 3rd quarter looked a bit more promising for the Mustangs as they were shooting stronger from the paint but bad passes continued to be their downfall. Wheeler ran out of steam in the 4th quarter, allowing 19 points by the Irish. Both teams hit the double bonus, making it a shooting match from the charity stripe for the remainder of the game. Shamrock came out on top 56-40 to finish the night.

The Mustangs' loss to Shamrock put them in a tie

"A nation of firm purpose you keep in peace." That thought, found in Scripture, recently came to mind. I often find it comforting and distressing. In any case, reflecting on it spawned the following idea:
A nation without purpose
A horse without a job
An army with no virtue

The makings of a mob
A ship without a captain
A gold which has no gleam
But the worst of desolation:
A youth without a dream
It is our youth who bear the promise and the burden of the future. It is they who will have to clean up any mess which

we might make. The least service we can provide them is to guide, nourish, and encourage their dream(s). Even if we have ceased dreaming, and hopefully we haven't, we cannot bequeath that barren inheritance of desolation unto the next generation(s). To do so would be tantamount

to clipping their wings, and then performing the double injustice of condemning them when they fail to fly; or when they even fail to look toward the sky.
"Instruction does much, but encouragement, everything."
— Johann Wolfgang von Goethe

USDA Announces Conservation Reserve Signup

Agriculture Secretary Tom Vilsack announced that agricultural producers and private landowners can begin applying for the Conservation Reserve Program (CRP) General signup starting February 27 through April 7, 2023. CRP is a cornerstone voluntary conservation program offered by the U.S. Department of Agriculture (USDA) and a key tool in the Biden-Harris administration's effort to address climate change and help agricultural communities invest in the long-term well-being of their land and natural resources.

"The Conservation Reserve Program is one of the largest private lands conservation programs in the United States, offering a range of conservation options to farmers, ranchers and landowners," said Kelly Adkins, FSA State Executive Director in Texas. "CRP has and continues to be a great fit for farmers with less productive or marginal cropland, helping them re-establish valuable land cover to help improve water quality, prevent soil erosion, and support wildlife habitat. Under this administration, we have made several updates to the program to increase producer interest and enrollment, strengthen the climate benefits of the program and help ensure underserved producers can find a pathway to entry into CRP."

Producers and landowners enrolled more than 5 million acres into CRP through signups in 2022, building on the acceptance of more than 3.1 million acres in the largest Grassland CRP signup in history. There are currently 23 million acres enrolled in CRP,

with 1.9 million set to expire this year. USDA's Farm Service Agency (FSA) is aiming to reach the 27-million-acre cap statutorily set for fiscal year 2023.

General CRP
 General CRP helps producers and landowners establish long-term, resource-conserving plant species, such as approved grasses or trees, to control soil erosion, improve water quality and enhance wildlife habitat on cropland. Additionally, General CRP includes a Climate-Smart Practice Incentive to help increase carbon sequestration and reduce greenhouse gas emissions by helping producers and landowners establish trees and permanent grasses, enhance wildlife habitat, and restore wetlands.

Continuous CRP
 Under Continuous CRP, producers and landowners can enroll in CRP throughout the year. Offers are automatically accepted provided the producer and land meet the eligibility requirements and the enrollment levels do not exceed the statutory cap. The Climate-Smart Practice Incentive is also available in the Continuous signup.

FSA offers several additional enrollment opportunities within Continuous CRP, including the Clean Lakes Estuaries and Rivers Initiative (CLEAR30), the State Acres for Wildlife Enhancement (SAFE) Initiative, the Farmable Wetlands Program (FWP), and the Conservation Reserve Enhancement Program (CREP). The CLEAR30 Initiative, which was originally piloted in twelve states in the Great Lakes and Chesapeake Bay watershed, has

been expanded nationwide, allowing producers and landowners to enroll in 30-year CRP contracts for water quality practices. Under this administration, FSA also moved SAFE practices back to the Continuous CRP signup, giving producers and landowners more opportunities to participate in the initiative. Through the FWP, producers and landowners can enroll land in CRP as part of their efforts to restore previously farmed wetlands and wetland buffers, to improve both vegetation and water flow.

This administration has also made significant improvements to CREP, which leverages federal and non-federal funds to target specific State, regional or nationally significant conservation concerns. Specifically, USDA made significant improvements to CREP to reduce barriers and make the program more accessible to a broad range of producers and new types of partners. These updates included flexibility for partners to provide matching funds in the form of cash, in-kind contributions, or technical assistance, along with an investment in additional staff to work directly with partners. Through CREP, for the first time ever, three Tribal Nations are now partnering

ies in OKC. We ate pretzels, popcorn and candy. I saw Ms Cindy Bradstreet! I miss her and her chocolate cake at Wheeler Cafeteria! I also saw Ms Deliese Atwood! I miss seeing her at church. We are usually in Oklahoma on Sundays so I don't get to see all the sweet people at Cornerstone.

We went to Red Rock Canyon so my mom could take pictures. Hunter and Tyler want to go back for a cookout and to hike the trails. That will be fun! That's it!
