Festive Foods Program hosted by Southwestern Public Service

Thirty-nine Plains residents attended the Festive Foods Program that was co-sponsored by Southwestern Public Service and the Yoakum County Extension Office.

Christie Pare, SPS home economist, demonstrated how to make five of the recipes out of this year's book. Participants then had the opportunity to sample her completed dishes as well as samples made by local residents. Extra dishes were made by Dolores Davis, Dottie Mayes, Pat McNabb, Sidney Murphey, Bea Pipin and Maurine Smith.

One of the favorite recipes was Peachy Pork Picante, which is printed below. To obtain a copy of this year's book, go by the Yoakum County Ex-

ension Office located in the Old Courthouse.

Plains JV Football

Plains junior varsity football won over Whiteface 38-6.

Plains received the opening kickoff and went 65 yards in seven plays. Eric Luna had runs of 18, 18 and 12. Roy Ramirez scored on a four-yard-dive play and the extra point pass from Abraham Garcia to David Flores was good for two points and Plains led 8-0.

Ramirez recovered the ball in the end zone, after Whiteface snapped the ball high on the punt attempt, and the extra point failed, leaving the score at 14-0.

On Whiteface's next possession, Garcia intercepted a pass and returned it to the 27 yard line of Whiteface. Kipp Blount ran a reverse to the five-yard-line and from there Ramirez scored on a run up the middle. Pass failed on extra points, but Plains led 20-0.

Whiteface was forced to punt after no yardage gained and Garcia returned the ball to the Whiteface 20 yard line. A screen pass from Garcia to Luna was good for 20 yards and a TD. Ramirez ran the extra points for a score of 28-0.

Losing yards, White face attempted a punt, only to be tackled in the endzone and Plains had a safety, making the score 30-0.

Two plays before halftime were run by Whiteface, with Isaac Trevino getting the big hit of the game.

At the beginning of the third quarter, Whiteface - for the fifth time -

had negative yards and kicked to their 40. Three plays later, Garcia threw to David Flores on a screen for a 44 yard TD. Garcia sneaked in for the two extra points, and Plains led 38-0.

After holding Whiteface, Plains fumble was picked up and returned 50 yards for a Whiteface TD. Extra point failed. Final score was 38-6.

Editorial

The news and/or advertisements inside the pages of The Plains Pride do not necessarily reflect the views of the staff of this newspaper.

However, it is our opinion that our readers are intelligent enough to decide for themselves what they wish to believe whether it be published in this paper or other papers.

We would not be so pious as to use our position to say that our readers do not have the right to judge for themselves ... that we make the decision not to publish a view just because it might not be OUR view.

This is what America is all about -- freedom --- freedom to make up your own mind, freedom to make your own choices ... not for someone to decide for you.

When newspaper editors all over the nation begin to decide that only their views will be published, then we will most likely lose those freedoms, along with many others.

This becomes "censorship" in our opinion and we choose not to have any part of that.

West Texas needs a West Texas Leader in the Texas House.

The hardworking men and women of District 80 deserve strong, conservative leadership in Austin. Gary Walker is the one candidate for State Representative who can provide that leadership. Gary's been a leader all of his life. Now he's ready to lead the fight for West Texas in the State Legislature. Gary will represent West Texas because he's one of us. Gary Walker for State Representative. Gary Walker for West Texas.

Gary Walker. Conservative leadership for West Texas.

"I'm ready to go to Austin and begin working for you. With your help, we can make West Texas a better place to live, work and raise a family."

-Gary Walker-

Dear Editor

Letter to Editor,

I was glad to see Loop ISD has adopted the Moral Values Resolution. It takes caring to take a stand. I hope our area schools are in the process of adopting the Moral Value Resolution passed in Irving ISD, with amendments by Plano ISD. The Irving school district has sent this resolution to every school district in Texas.

I also hope Seagraves ISD is in the process of removing all OBE curriculum and OBE teaching methods and any area schools to rid itself or not take an OBE methods.

To not adopt the Moral Value Resolution is the same as saying its no longer important to adhere to moral absolutes in our communities.

In Christ Love,
Donna Ward

JACKSON SAYS WALKER CAMPAIGN IS ILLEGAL

Legislative candidate Kevin Jackson has accused his opponent Gary Walker with "illegally failing to report his largest campaign contributions as required by Texas Law." They will face each other in the November 8 general election to see who will replace Jim Rudd, long-time legislator for District 80.

"Since Gary Walker is paid two full time salaries by the tax payers of Yoakum County, he should have reported all the tax fund salaries he received while he, by his own admission, campaigned almost full time since May. Gary Walker has not reported the campaign contributions of these misused tax funds," Jackson explained.

Walker, a Republican, is manager of the Sandy Land Underground Water District and the Yoakum County Landfill. His salaries come from Yoakum County taxes. In the water district's January newsletter announcing his candidacy for the Legislature the following statement appeared on the front page:

"Should Walker be elected in November 1994, he would serve in Austin in 1995 from January through May. Some extra help would be utilized within the District to assure that the needs of the people are met during that time. Representatives spend very little time in the interim and therefore Walker would be working as usual the remainder of the time."

The same board of directors that authorized Walker's candidacy recently forced the resignation of Brad Palmer, district vice president, because according to the Texas Water Code, Palmer could not serve on the district board and also serve on the school board in Plains. But it appears that the district board decided that manager Gary Walker could serve in all three tax paid jobs if he were elected to the Legislature.

Walker's opponent, Kevin Jackson, strongly disagreed. "As a conservative Democrat, who grew up here, I do not feel the people of District 80 will tolerate this proposed triple-dipping into tax funds to compromise and complicate the operations of three separate government entities," Jackson declared.

In his private law practice in Andrews, Kevin Jackson and his wife, Katrina, also a lawyer, represent the City of Andrews in its legal matters, along with other clients. "But I realize that if I get elected to the Legislature I would have to resign this position because it would not be advisable, legal or ethical for me to keep both jobs. And I certainly have not used any fees or time from clients for my campaign," Jackson added.

"I'm convinced that when people find out about my opponent's intention to violate the very intent of so many laws governing conflict of interest and campaign funds, the voters of the district will strongly disapprove, and Gary Walker will be defeated in November.

"I do not consider serving in the Legislature as a part time, incidental occupation. It is a position of honor and trust in which I will work full time, and overtime to serve all the people of the ten counties in this district," Jackson promised.

(Paid for by the committee to elect Kevin Jackson. Ricky Kidd, Treas.

When Hilary and Tensing scaled Mt. Everest they were tied together with a rope.

On the way up Hilary slipped and fell, but he was fastened to his friend who pulled him back to safety.

He thanked him for saving his life, but Tensing replied, "Climbers always help each other."

As in climbing, so in Christian living. The Bible says we're "bound in the bundle of life."

The way to go up isn't by pull-

ing people down, but by pulling them up; it's not by stepping on others, but stooping to help them up.

KEEP WINTER OUTSIDE WHERE IT BELONGS.

Your home is your castle, as the saying goes. So you don't need uninvited guests, such as cold drafts and chilly breezes.

What can you do to keep your castle cozy?

- Check windows and doors for air tightness. They may need caulking or weatherstripping.
- Look for air leaks through walls or ceilings. Seal cracks and holes; fill gaps in insulation; close damper when fireplace is not in use.
- Install storm windows. Combination screen and storm windows are the most energy efficient and convenient because they can be opened easily if there's no need to operate heating or cooling equipment.

Call us for more tips on protecting your home from drafts and cold. We'll help you keep the outside where it belongs.
