City Receives \$6,746.70 Check For Aug. State Sales Tax Rebate

Rebate Up 26.86% From \$5,317.89 A Year Ago

(Austin, October 13, 1995) State Comptroller John Sharp today delivered \$141.1 million in monthly sales tax rebates to 1,076 Texas cities and 111 counties, including a check of \$6,746.70 to Knox City. The rebate to Knox City reflects an increase of 26.86% from a check of \$5,317.89 one year ago at this same time. Overall payments for the year to Knox City are \$86,335.60, up 19.42% from \$72,295.32 one year ago at this same time. Texas cities received \$127.9 million, up 5.7 percent above payments at this same time one year ago. Counties received a total of 13.1 million in rebates, down 2.3% from their October 1994 rebates of \$13.4 Million. This month's payments include taxes collected by monthly filers on August, 1995 sales and reported to the Comptroller in September. For other Knox County cities, Benjamin received \$104.17 increasing their yearly total to \$2,720.72, a 3.59% increase over the same period a year ago. Goree received \$308.27, increasing their yearly total to \$5,388.14, up 10.86% from last year at the same

time. Munday received \$5,049.82, down 8.63% from a payment of \$5,527.05 last year at this same time. Munday's yearly total now stands at \$63,820.78, down 3.47% from \$66,119.29 in 1994. Munday collects a 1.500% rate of sales tax, while Benjamin and Goree only collect a 1.000% sales tax. While Knox City just started collecting the new indicated rate of 2% this month, those rebates at 2% will not be reflected until the December, 1995 check issued by State Comptroller John Sharp. Knox City will then receive a full 1% into the normal sales tax refund check, and a full 1% split into the two different accounts for Economic Development. In Haskell County, Haskell received \$19,516.77, up 41.06% from a payment of \$13,835.59 in 1994. Haskell collects a 2.000% rate of sales tax. O'Brien received \$120.89 to increase their yearly total to \$1,830.61, up 38.00% from this time a year ago. Rochester received \$369.73, increasing their yearly total to \$6,961.48, up 11.32% from last year's total of \$6,253.22. In Jones County, Stamford received a payment of \$33,758.69,

down 9.46% from a payment of \$37,289.73 in 1994. Stamford collects a 2.000% rate of sales tax. In Baylor County, the city of Seymour received a payment of \$9,552.32, up 4.86% from a payment of \$9,108.86 in 1994. In Foard County, Crowell received a payment of \$2,831.28, up 8.11% from a payment of \$2,618.78 in 1994. Crowell collects a 1.500% rate of sales tax. In Dickens County, Dickens received a payment of \$2,087.76, down 10.97% from a payment of \$2,345.02 in 1994. Spur received a payment of \$3,879.77, up 29.70% from a 1994 payment of \$2,991.23. Dickens collects a 1.5% rate of sales tax, while Spur collects a 1% rate. In Cottle County, Paducah received a payment of \$2,282.82, down 2.59% from a payment of \$2,343.67 in 1994. Paducah collects a 1% rate of sales tax. Sales tax figures as listed here in THE KNOX COUNTY NEWS are furnished free of charge as a public service by the State Comptroller's office as an economic indicator of the state of the economy in Texas.

Hounds 'Sting' Hornets, 37 - 0; Crowell's Here Friday At 7:30

Knox City's Greyhounds traveled to Aspermont Friday night and rolled to a 37-0 halftime lead over the Hornets and held on to this margin for the final score. The Hounds scored 14 points in the first period and 23 in the second. Quarterback Wes Grimsley's three touchdown runs of one, one and nine, plus a recovered blocked punt in the end zone by Lance Dever, a recovered fumble in the end zone by Clint Hacker, and a tackle for a safety by Duane Toliver, were the major keys in

the district opener. Toliver added five PATs. The Greyhound defense sunk its teeth into Aspermont, limiting the Hornets to only two first downs and 50 yards in total offense. The Hound offense lost six fumbles

but refused to allow the Hornets to take advantage of the miscues. This win raised Knox City to 3-3, with Aspermont falling 1-3-1. Friday night, the Hounds will host Crowell who is coming off a 50-18 defeat by the Roby Lions.

News Begins Its 25th Year

The Knox County News is beginning its 25th year in business this week.

It will be twenty-four years ago on October 21 that the News was born out of necessity when the former publication, The Knox County Herald, took bankruptcy.

The town's merchants, organizations, and individuals got behind us and guaranteed advertising for several months until we could get a subscriber list going. The newly organized Woman's League sold subscriptions, and everyone encouraged us to continue with the hometown paper.

We are appreciative of the support that we receive from the community and the school. We feel that the school is so vital, and sometimes we are criticized for featuring school sports and activities as much as we do, but we feel that these students and our school officials help to form the backbone of the community.

It is with the continued support of our advertisers, subscribers, and correspondents that we are beginning our 25th year in business.

State Comptroller John Sharp Issues Prediction: Texas Cotton Farmers Could Lose About \$209 Million

(AUSTIN) -- "Texas cotton farmers stand to lose at least \$209 million from what was otherwise projected to be a bumper crop this year," State Comptroller John Sharp reports.

"These losses result from crop yields being reduced - or in many cases destroyed entirely - as well as the additional expenses associated with purchasing and applying chemicals to fend off a pest that never before has significantly affected the Texas cotton crop," Sharp said.

"The army beetworm, a pest which Texas vegetable growers routinely must control, this year invaded the Texas cotton patch, severely crippling production in two key cotton-growing regions of the state," Sharp continued.

In a special report released by the Comptroller's Office, Sharp estimated the economic losses of the cotton crop in the Rio Grande Valley at \$143 million, or roughly the combined annual salaries of every public school teacher in Cameron County.

In the Concho Valley area, the losses are projected at \$38 mil-

lion, which equates to the combined teacher salaries for a year in the San Angelo school district.

Though their production will be less affected, cotton farmers in the Coastal Bend, Winter Garden, and South Plains regions of Texas will have to spend nearly \$30 million for chemicals to protect their crops from the pest that virtually wiped out the cotton crop in the Rio Grande Valley and the Concho Valley.

Farmers in the largest cotton producing region in the state, the South Plains area surrounding Lubbock, have been monitoring the situation closely as the beet armyworm has migrated northward through the state.

Most growers in the South Plains cotton belt sprayed aggressively once the pest started to show up there in mid-August, thus thwarting serious crop damage in that region.

In some of the hardest hit areas - the Rio Grande Valley and the San Angelo area - farmers have already shredded some crops that have been declared a total loss and adjusted for insurance pur-

poses.

In the South Plains, Texas' dominant cotton producing region, the cost of treatment to prevent the destruction of the crop is significant, and could reach \$20 million. In all other producing regions, additional production costs attributable to fighting the armyworm total \$26 million.

Some cushion is available through crop insurance. While these policies may cover as much as 65 percent of the loss, many farmers have only 25 percent to 40 percent of their losses covered. Moreover, many of these policies only pay when crop loss exceeds 50 percent.

Dr. Jim Leser, an entomologist with the Texas A&M Agricultural Extension Office in Lubbock, says South Plains cotton farmers will be able to harvest a crop this year because growers in the region were able to take effective steps to anticipate their pest problems.

"Beneficial insects are more important in combating the beet armyworm than with other pests," Leser says.

Your commitment to your public schools will build a better Texas for the 21st century. Show your commitment.

Wear a Blue Ribbon.

There are 3.6 million reasons for Texans to support public education. That's the number of children in our schools today. When school doors open for these youngsters this year, thousands of Texans will be donning blue ribbons to say, "I support public education."

Here's why:

- Texas test scores have been rising since 1984. This year students made major gains on virtually all sections of the annual TAAS exams at every grade level.
- College entrance SAT and ACT scores for Texas are on the increase.
- Texas dropout rates are down by 50% over the past eight years.
- We're making our schools safe for students. In a recent National Center for Educational Statistics survey, sophomores say they feel safer than students did in 1980.
- Recent comparisons show public school students perform as well as their private school counterparts.
- Public school teachers have more experience and advanced degrees than private school instructors.

Help us deliver a message:
Texas Public Schools Work!

Public Education — The Foundation of Our Democracy

Over 200 years ago, the founders of our nation unveiled to the world a new democratic vision. Our new nation proclaimed that all men were created equal and endowed with certain inalienable rights. Thomas Jefferson once said that a free nation cannot be ignorant. That's why this country established the world's first system of universal free public education.

We've fought with courage and conviction to perfect this system, often against great obstacles. Today public education is the underpinning of our democracy—a place where diverse communities come together and the public trust prevails over narrow self-interest.

Our nation's struggle to perfect public education—and through it, our democracy itself—must continue. You can help. Support your public schools.

State Representative
DAVID COUNTS
CAPITOL REPORT

CONSTITUTIONAL AMENDMENTS TO ABOLISH STATE OFFICES

During the upcoming constitutional amendment election, Texas voters will have the opportunity to vote on a number of issues ranging from bond propositions property tax exemptions. However, unlike many past elections, the November 7th election will contain amendments that would actually abolish state offices created under the state constitution.

Amendment number 8 would eliminate the office of County Constable in Mills, Reagan, and Roberts counties. Supporters of the proposal have indicated the amendment would alleviate the expense of the office for these three rural counties and that the duties of the office can be easily shifted to the county sheriff. In addition, requirements for the election of the county constable makes counties vulnerable to candidates who decide to run for the office, despite the feelings of citizens who might wish to leave the office vacant.

There are individuals who feel that this particular issue should not be on a statewide ballot, and that these sort of decisions should be left up to the constituency of each county. However, due to the fact that these offices are created under the Texas Constitution, in order to abolish the office, it is necessary to change the constitution, thus triggering the need to have a constitutional amendment placed before all the voters of the state.

Other arguments against this amendment include the possible future need for the position in these counties and the idea that alternative methods to keep the office vacant exist, rather than a statewide vote.

Amendment number 10, on the other hand, would abolish the statewide office of State Treasurer. The office of the state treasurer is one of the 6 elected officers of the state, including the Governor, Lt. Governor, Land Commissioner, Comptroller, and Attorney General. The primary scope of the Treasurer's office is the receiving, protecting, managing and investing of all funds deposited in state accounts. The office was originally created to operate as the state's bank. Since that time, operations have been automated and the functions administered by the Treasury have changed. Supporters of this amendment point to the ease and cost efficiency of merging the Treasury's duties with the Comptroller's office, which carries out many of the state's financial activities and whose office has the capacity to take over these functions saving the state money while continuing to safeguard the state's interests.

Opponents of the measure argue that the merging of these two offices, while cost efficient, eliminates the checks and balances of Texas voters by depriving them of this elected office. In addition, opponents feel that by moving these operations to the comptroller's office might constitute a strong-hold of power in one agency, especially the state's financial control. Supporters would also argue that the elimination of a state treasurer has been both cost effective and posed no threat to the financial welfare in other states. In 1994, Texas made the first step in this direction by moving one of the primary functions of the Treasury, the collection of tobacco taxes, from the Treasurer's office to the Comptroller's office.

Some opponents of the plan even agree with abolishing the Treasurer's office, however, they feel before doing so, constitutional provisions governing the increased authority given to the Comptroller's office along with increased accountability measures should be implemented.

Again, I hope this information is of use to you as you head to the polls, and be sure to mark your calendar for early voting October 18 through November 3.

Paducah Man Is Back To Prison For Robbery

SEYMOUR - A Paducah man headed back to prison for at least 20 years Tuesday, October 10, after a Cottle County jury convicted him of the aggravated robbery of an elderly man, Bill Neal district attorney, said.

District Judge David Hajek sentenced parolee Rocky Wade Smith, 42, to 40 years in prison, Neal said. Smith must serve at least 20 years before he is eligible for parole because jurors found that he used a deadly weapon - a pair of pliers - when he robbed Richard Kent, 71, in September 1994, Neal said.

Kent, a stroke victim, knew Smith before the robbery and was able to identify him to police, Neal said. Smith wore a bandana over his face when he broke into Kent's house and beat him with the pliers, but the bandana slipped and Kent saw his face, Neal said.

Smith netted \$470 in the robbery, Neal said.

AHA Shows How To Trim Fat During 'Heart Fiesta'

The theme for HeartFest 1995, October 21-28, is "Heart Fiesta, Trim the Fat...Reduce Your Risk For Heart Disease". The American Heart Association encourages all Texans to trim the fat out of their diet during the week of Heart Fiesta.

Because a love for traditional Mexican dishes is a part of Texas's heritage, Heart Fiesta focuses on lighter versions of these classic dishes. "Take the King Ranch Casserole for example," Dorothy Jean Dykes, president of the American Heart Association's Knox County Division, said. The original recipe has 505 calories,

27 grams of fat, 11 grams are saturated, and 106 milligrams of cholesterol. "Our revised lighter Beef King Ranch Casserole has 312 calories, 6 grams of fat, 2 of which are saturated, and 61 milligrams of cholesterol," she said.

Many goods can be found in a low-fat or non-fat version in grocery stores. With today's reduced fat products on the market, modifying favorite dishes can be easy and the taste and appearance can be preserved.

For more information about Heart Fiesta call the local AHA Heart Association office at (817) 761-5994 or 1-800-AHA-USA1.

MR. AND MRS. DONALD EDWARD WYATT
... the former Amber Pageant Mahan

Mahan - Wyatt Vows Said In Historic Ohio Landmark

On the balmy Saturday afternoon of July 22, 1995, under glowing candelabras gamished with English ivy and mauve magnolias, wedding vows were exchanged by Amber Pageant Mahan and Donald Edward Wyatt uniting them in marriage.

Pastor-Chaplain Larry Baldridge conducted the ceremony in the picturesque sandstone, stainglassed, 91 year old First Baptist Church in Erie County, Sandusky, Ohio.

Escorted by her dad, the bride was arrayed in a Cathedral length gown with cathedral headpiece carrying long stem white roses.

In attendance, the maid of honor, Starla Whitaker of Knox City, and bridesmaid Leslie Mahan of Lubbock, were attired in black formal dresses, each carrying a single, long stemmed white rose.

Kaci Catanese, Goddaughter of the bridegroom, whose home is in Jacksonville, Florida, served as the flower girl. Kaci was also attired in formal black.

Military dress uniforms were worn by both the bridegroom and the pastor, who is a chaplain in the Army reserves. The bridegroom's uniform was a black short-coat tuxedo accented in white with a gold cummerbund.

The best man, Ruben Kolb of Potsmouth, Virginia, and Amber's dad, Jodie Mahan of Corpus Christi, each wore black tuxedos.

Also in attendance were the bridegroom's grandparents, Mr. and Mrs. Donald Ellison Wyatt of Sandusky, Ohio, and the bride's mother, LaNell Boyles Kight of Knox City.

A rehearsal dinner was held at the popular Road House Inn, hosted by Donald Edward Wyatt.

JoAnn Ward of Levelland and Marilyn Fitzpatrick of Quannah were hostesses for the bridal luncheon at Fridays on the striking Sandusky Bay on Lake Erie while Lon Ward was host to the men on the deck at Fridays.

To honor the wedded couple, a reception was hosted by Jodie Mahan, Donald Ellison and Rose Marie Wyatt at renowned Ramones which was elegantly decorated with Don and Amber's chosen colors of black, white and gold. The wedding tables, with silver accompaniments, were embraced by flaming candleabras. The ivory, three-tiered wedding cake was adorned with fresh cut white roses, tree fern and lemon leaves. The traditional first piece of wedding cake was cut by the couple using the bridegroom's naval officer's sword. The sword was previously presented to the bridegroom by the bride's father as a wedding gift.

A wide variety of music was provided for the occasion by a D.J. from Cleveland, Ohio.

For their honeymoon, the newlyweds embarked on a two week excursion traveling to Louisiana and through Florida. Their travels took them to the French Quarter, Bourbon Street, Disneyland, Universal Studios, and Ripley's Believe It or Not.

At the present time, Amber and Don are making their home in Corpus Christi. During the autumn months, they are anticipating an assignment to Newport, Rhode Island.

Dear Citizens of Knox City,

In about the same amount of time that it takes to read this paragraph, someone in the United States will be alive thanks to the generosity of a stranger.

Every 10 seconds, someone in the U.S. needs blood, either because of an accident, surgery, or some other medical need. This is true in our region as well and without your community's continued and generous support we would be unable to meet patient needs in our area.

During your recent blood drive a total of 13 people donated blood. There were no first time donors included in your total.

Recruiting donors is the most important reason for a blood drive's success. Without the outstanding efforts of Charlene Brothers whis would not have been possible.

Thank you again Citizens of Knox City!

**"We found out that electric cooperatives

"Building your own home is a big step—and naturally, my husband and I were a little worried about moving out of town. Our builder told us that in this area, we would be members of an electric cooperative that offers rates, service and reliability second to none.

Anytime you build your own home, it's a challenge. We were amazed at how responsive the cooperative representative was in helping us design an energy-efficient home, complete with a heat pump.

I never thought I'd hear myself say it, but getting our power from the electric cooperative has been one of the most positive things about our move. I'd recommend the cooperative to anyone."

Wheat sowing is going strong - Folks taking advantage of this gorgeous fall weather. Just makes one wonder how long it can last because we know it can't forever.

The ill of the community seem somewhat improved.

Tho still in the Knox County Hospital, Nora Hertel is a little better today. Has been having "up" and "down" days but maybe she's back on the mend now.

Lewis Lyles has had two pretty rough weeks but according to his wife, Betty, he is feeling better. Is due to have some tests soon and hopefully can get started on medication that will help.

Rex Patterson had cataracts removed from his "other eye" last Monday in Oklahoma. (Remember a few weeks ago, he had one eye operated on.) He's back home now, driving his car and getting back into his regular routine of things. Says he can see real well off in the distance and his near vision is improving.

Bill Ryder is a patient in the Bethania Hospital in Wichita Falls after becoming ill Sunday afternoon. Hopefully, his stay there will be short and he will be able to return home soon.

Bud and Debbie Clower returned home Sunday night after a

week in Houston for Bud to see his doctor. Said after three days in hospital and a series of tests, needless to say, he was ready to come home. He said each day at M.D. Anderson for tests and treatment took five days strength so he's looking at 15 days to gain back what he lost in three. But said he was feeling pretty well and might be glad to be home!

Please continue to pray for all these friends and everyone else who may be having difficulties at this time.

HERE 'N THERE

Butch and Letha Young and daughter of Arlington (and Iowa Park) visited here during the weekend.

Rusty Spikes and Sandy Tucker of Wichita Falls visited his parents, Bill and Dorothy, last Wednesday night. Rusty killed a three foot long rattlesnake on his parents' porch while he was here. Dorothy said it looked like it was trying to get in the house! Looking for a warm spot, I guess. There have been several killed around town here, so everyone, please keep an eye out. One may decide to drop by your house at anytime.

Hazel Stockton returned home Thursday after a few days visit with her brother and family, the

Sam Lopers in Lubbock.

Robert Estrada, student at Clarendon Jr. College, was a weekend guest of his parents, Nesto and Teresa.

Several Benjamin-ites were over at Rhineland for their sausage and kraut "feed" Sunday. The food was delicious and you got a chance to see folks you hadn't seen in a while. Those from here that I saw were Earlene Meinzer, Omitene Barnett, Pat Benson, Don and Louise Hertel and Bud Conner and I. Probably many more but I didn't see them.

Dickie Lloyd returned home last week after a trip through the Northeastern U.S. Said they visited 20 states before their return home and that she had such a good time.

Sue and Dave Terry of Dallas and Carlos and Lana Mendoza, Coleton and Valerie of Wichita Falls were weekend guests of their parents, Jane Gideon and Weldon Gideon.

Gaye and Larry Neal were in Graham Sunday helping their daughter Sara and granddaughter Brooke, get situated in their new apartment.

Joe and Julia Trepanier spent the weekend with their kids in Wichita Falls.

Mustangs Find Hard Luck In ACHS Contest

The Benjamin Mustangs ran into an ambush Friday night as the Abilene Christian High Panthers clawed the Mustangs by a score of 52-6 in six-man action.

The Panthers blasted for 278 yards on the ground and added 47 passing yards as they gained 325 yards on the night while limiting the Mustangs to a mere 80 yards in total offense.

The Panthers defense clamped down on the Mustangs all night long and forced six Benjamin turnovers. The contest was called at halftime under the point rule for six-man football.

The win ups the Panthers to 6-0 while the Mustangs fall to 2-4.

Medicare Helps Pay Costs Of Vaccines

It's time for older Americans to take precautions against the pneumonia and flu epidemics that accompany the winter season. Medicare Part B (Medical Insurance) may cover the cost of both pneumonia vaccinations and flu shots for those age 65 and older.

Medicare Part B pays the reasonable approved amount for either shot. If the cost exceeds the approved amount, the beneficiary is responsible for the difference. Generally, the cost will be paid if the vaccine is provided at a doctor's office, or by a hospital, skilled nursing facility, home health agency, rural health clinic, federally qualified health center, outpatient physical therapy provider, or a comprehensive outpatient rehabilitation facility.

Studies in the Am. Journal of the Am. Medical Assn. found that the new Alzheimer's Disease drug tacrine does indeed foster cognitive improvements in many patients. However, about 28% of patients taking the drug suffer serious but reversible liver toxicity.

A 1992 study found that seven percent of workers are also caring for an elderly family member at home. Of these, 56% are women and 44% are men.

TIPS ON STAYING SAFE AND SOUND WITH NATURAL GAS.

For more than 80 years, Lone Star Gas has been providing safe, dependable energy to its customers. By following a few simple rules, you can help make sure you and your family stay safe and sound with natural gas:

- Always have qualified service people install, regularly check and maintain all gas heaters and appliances, following the manufacturer's instructions for installation, ventilation, and operation.
- Always use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.
- Always keep flammable materials and substances away from gas heaters and appliances. Remember, a pilot light is constantly burning.

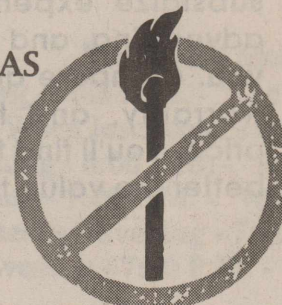

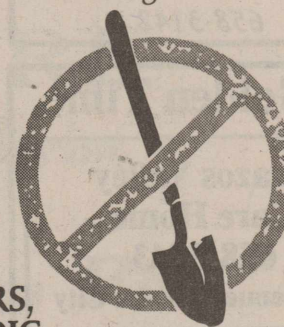

IF YOU SMELL GAS in your home, or know you have a gas leak, follow these rules:

- 1 Everyone should leave the house immediately, leaving the doors open for ventilation.
- 2 Do not switch anything electrical on or off.

- 3 Do not use your telephone (telephones use small amounts of electricity).
- 4 Do not strike a match or do anything else that might cause a spark.
- 5 Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause of the gas leak before returning to your home.

If you smell gas while you're outside, contact Lone Star Gas immediately.

CONTRACTORS, BEFORE YOU DIG, call for pipeline locations to avoid any potential problems: 1-800-344-8377 (1-800-DIG-TESS).

FFA NEWS

By Amanda Baker

The Knox City FHA Annual Fruit Sales are fixing to begin. I have had many people asking about this. This year we have several items along with our basic fruit. We are selling several different types of meat. We are also selling 10 lb. and 100 lb. sacks full of pinto beans.

Those that are looking for show pigs are beginning to run out of time. Those that have purchased FFA show pigs may get the chance to let their pigs ride in the pig trailer the ag classes just got finished redoing. It looks nice! We have started on another trailer as our next project.

Happy Trails, Partners . . .

STUDENT COUNCIL

By Amanda Baker

We have elected a new member. We lost one, and got the chance to elect Tamara McGaughey. Tamara, welcome to the student council. It was brought up in our meeting that we need more school spirit. An idea came one night from a friend. to our president. Our president presented it to us and we voted for it. Each representative gathered their class and got to work. The effects are all over town. The Student Council has accomplished our first big achievement. We managed to get the names on the back of the football player's jerseys. We are presently working on getting new shorts for the volleyball girls. We are also selling chocolate candy bars.

Thanks to everyone for their support.

BILL'S HINESight....By High School Principal Bill Hines

Who says one person can't make a difference. Last week Monty Averitt called Joey Logsdon, president of the student body, and suggested that something be done to get some school spirit on our campus. Joey called a Student Council meeting and within three days, the majority of the high school body was organized and actively participating in something constructive. One student reported that they were actually doing something on their own and having fun. The results of these activities are the signs that are painted on the streets.

With certain guide lines I encouraged this activity. This is the first time since I came here that I have seen the students of this community make a combined effort at any project other than just "hanging out".

For the first time I also saw the high school boys sitting together Tuesday night at the volleyball game and cheering for the girls.

This doesn't seem like much but to me it is very important. I have found that when a student body has a high degree of school spirit it also spills over into the class room and has a positive effect on academic achievement.
