New Hours For Employment Office

Joan Lain, interviewer for Texas Employment Commission, has announced new hours. The office will be open from 8:00 a.m. until 12:00 noon on Monday, Wednesday and Friday.

The Texas Employment Office is located at Farmers Grain in Munday. The phone number is (817) 422-4822.

Former Resident Suffers Heart Attack

Relatives reported Monday night that Mrs. Wesley (Ila Mae) Garrison of Arlington suffered a heart attack late Monday.

No other word on her condition had been received as of press time.

Burnett To Run For Re-Election

County Attorney Bobby D. Burnett announced Monday that he is seeking re-election to the post he has held since being appointed in 1971.

A lifelong resident of Knox County, he graduated from Knox City High School in 1963, from Midwestern State University in 1968, and from Texas Tech University School of Law in 1971. After a brief tour of duty in the United States Army Reserve, where he attained the rank of Captain, Burnett returned to Knox County opening a law office at Knox City. He moved his office to Munday on March 1, 1973.

Burnett has been active in community affairs having served as president of the Munday Lions Club, chairman of the City-County Library Board, and president of the Lake Creek Golf Association. Burnett and his wife, Judy, have two children, Chris and Laura, ages seven and five. Judy is employed as a teacher at Knox City.

Burnett stated that his eight years in this office have been instructive and rewarding. "Election to the office of County Attorney carries with it a great deal of responsibility. In my eight years in this office I have always strived to see that the law is enforced vigorously and in an impartial manner. The experience that I have gained in this position has enabled me to better serve the people of this county, and if re-elected I pledge to continue to carry out the duties of this office in a manner that will justify the public's trust and confidence in me," he said.

Fund Is Begun For Mrs. Holmes

A fund has been started for Mrs. Lynn Holmes and her two young daughters.

Mrs. Holmes' husband was killed accidentally last Thursday night at his home.

Those who want to contribute to the fund may do so at the Citizens State Bank.

Accident Claims O'Brien Man's Life

An accident Thursday evening in O'Brien claimed the life of Lynn Holmes, 29. Holmes died in the Knox County Hospital at 11:00 p.m. following injuries sustained earlier in the evening at his home as he was removing a .22 caliber rifle from his pickup.

Investigating officers Haskell County Sheriff Garth Garrett and Justice of the Peace Emmett Cross said the shooting was accidental.

Services were held Saturday at 2:00 p.m. in the First Baptist Church at O'Brien.

The Rev. Bill Trice, pastor, officiated and burial was in the Rochester Cemetery under the direction of Smith Funeral Home.

Born December 31, 1950, in Knox City, he married the former Cathy Stockton on July 16, 1971. Holmes, who had lived in Haskell County all of his life, was a farmer and a member of the First Baptist Church.

Survivors include his wife, Cathy of O'Brien; two daughters, Joni and Jodi, both of the home; his parents, Grady and Ieta Holmes of O'Brien; two brothers, Allen and Devey, both of Rochester; and a sister, Mrs. Donna Patterson of O'Brien.

A brother, Gayle, preceded him in death on May 19, 1972. Pallbearers were James Manning, Rayland Hayes, Claudale Barnard, Cyle Carver Jr., Butch Stephens, and J.M. Emerson.

Hounds Add More Wins To Record

By COACH TOMMY SLOAN
The Knox City Greyhounds won two more district games last week. The first one in overtime and the second one in regulation play. Knox City still remains in second place this round with just three games to play. Quanah is still leading this round after defeating Knox City.

Knox City edged Haskell by a score of 55 to 52. Knox City came out cold again and was behind by 10 at the end of the first quarter and stayed that way until the fourth quarter when Knox City closed to tie the score when regulation time ran out. In overtime, Adam White scored all seven points for Knox City with the Hounds winning by three.

There were 57 fouls called and again Knox City's bench proved to be the best. Scott Lynn, Chuco Magana, Sam White and Chuck Hutchinson all did an excellent job coming off the bench.

Leading scorer for Knox City was Dwayne Johnson with 28 and for Haskell, Joseph Browning with 12.

Box Score:
Knox City 8 9 17 14 7 55
Haskell 18 8 13 9 4 52
KC - Dwayne Johnson 8-12-28, Ricky Gonzales 2-0-4, Tim Roberson 3-2-8, Adam White 5-3-13, Chuck Hutchinson 1-0-2.
Haskell - Marshall 2-2-6, Capetillo 3-2-8, Harris 4-1-9, McAdams 1-0-2, Browning 4-4-12, Drinnon 2-1-5, Kemp 3-4-10.

Knox City gave Aspermont their first loss in this half of district play by a score of 53 to 40. Knox City and Aspermont are now both 3-1. Leading the scoring for Knox City was Adam White who had 19 points. Aspermont was led by James Johnson with 13 points.

Box Score:
Knox City 13 16 7 17 53
Aspermont 12 4 8 16 40
KC - Dwayne Johnson 2-3-7, Jay Rutherford 2-2-6, Ricky Gonzales 2-5-9, Tim Roberson 6-0-12, Adam White 9-1-19.
Aspermont - James Johnson 5-3-13, Stuart Willer 4-3-11, Jeff Thigpen 2-1-5, Gerry McDowell 3-0-6, Pito Castaneda 2-1-5.

Two Ask Election To School Board

Henry J. Jones has filed for re-election as school trustee of the Knox City-O'Brien Consolidated Independent School District.

Jimmy Tankersley has also filed. Two board members will be chosen in the trustee election to be held jointly with the City of Knox City and the Knox County Hospital on Saturday, April 5.

The term of John L. Grindstaff Jr. is expiring this year, and, according to work received by the News office, he will not seek re-election.

Deadline for filing is March 5.

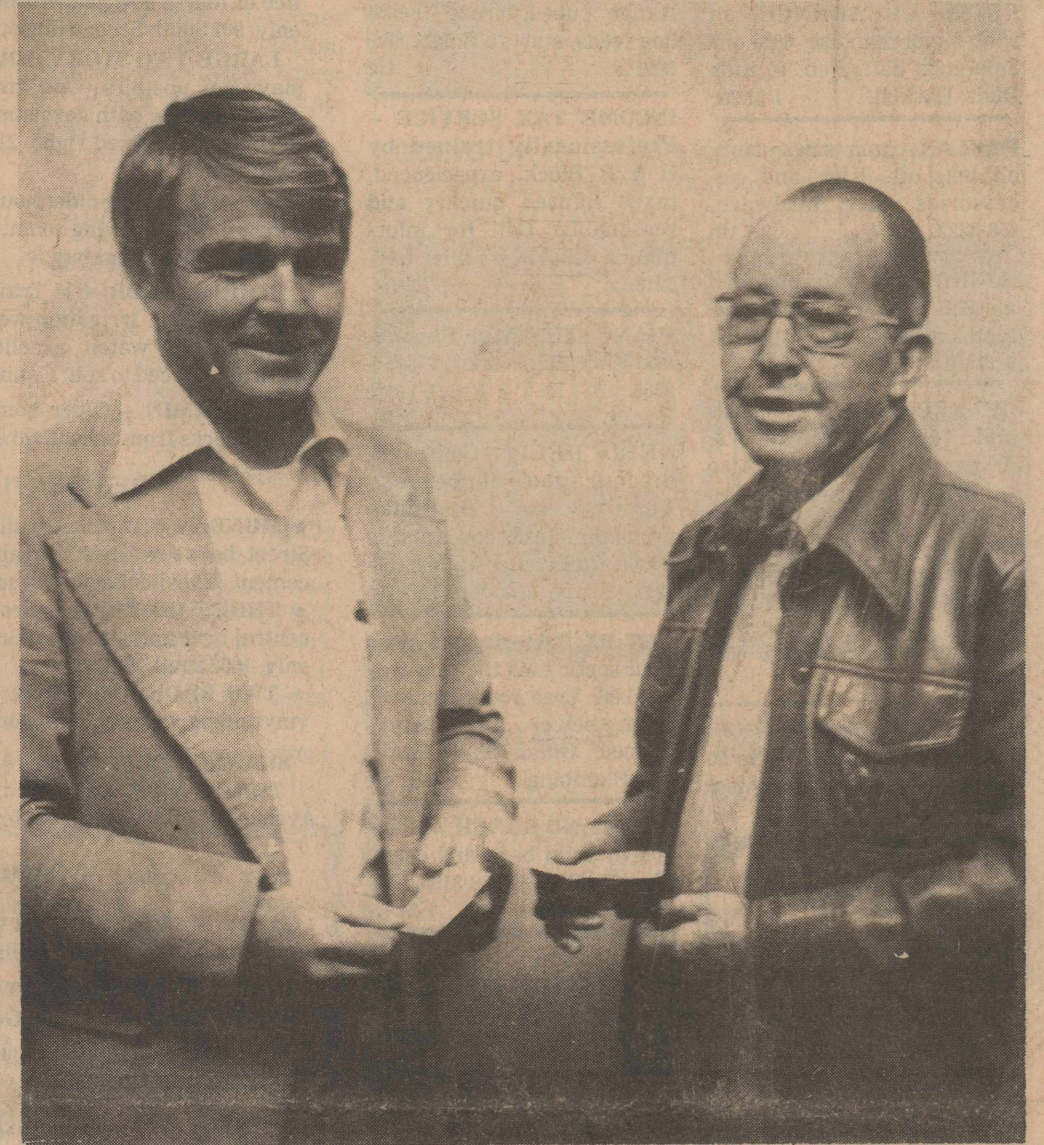

Scout Sunday To Be Observed

Boy Scouts of America will be observing Scout Sunday February 10.

Friday, February 8, marks the 70th anniversary of the Scouts, according to David Albus, scoutmaster of Boy Scout Troop 161.

Albus explained that 62 million boys had been involved in the scouting program since it began.

Twenty-four boys participate in the local program, he said. He is assisted in scoutmaster duties by Dick Evatt and Max Bradley.

ADDING MORE ticket to the ones he had already purchased is David Counts, left, as he turns over the cash to A.A. Cox, promoter and top salesman for the Benefit Chili Supper for the Knox City Ambulance Fund scheduled Saturday night in the Knox City School Cafeteria beginning at 6:30 o'clock.

RESERVE CHAMPION honors for his July Yorkshire Gilt went to Knox City freshman Tyke Meinzer last week at the Fort Worth Fat Stock Show. Tyke's gilt won reserve champion out of a field of 23 entries in the breeding class. He is the son of Mr. and Mrs. Doug Meinzer. Rodney Warren took 10th place with his Duroc gilt and a second place with his Hampshire boar in the open breeding show.

O'Brien Happenings

By CHARLENE BROTHERS

It seems as if I missed all the fun on the ice last week. I was in Arlington attending a Land Valuation Workshop and it did not get too bad down there. I am not sorry I missed all that. There was a little ice on the roads Tuesday morning. The overpasses were iced some. We did not have to go over any of these to get to the University. I had really dreaded attending this, but thought it would help and we did learn quite a bit, because there was no one that I knew that was going. The first person I met after I got to the motel Sunday afternoon was a lady from Petrolia and she was by herself so we just joined forces and enjoyed the workshop very much. I did learn how to figure a farm, should a farmer come in and ask for the Ag Use Valuation on his farm, and I do not think anyone around here is going to ask for now, because that value will be higher than what our farm land is on the tax roll at now. Of course, when 1982 gets here and the Appraisal Board gets the reevaluation finished I'm sure some will apply for it. This does not work like some of the people I had talked to thought it was going to. Each county will work out a schedule for the entire county and however your land is classed, 1, 2, or 3, then all of the same classes of land will be figured on the same bases. I think some thought that if their land did not produce what their neighbors did, they would be figured at a lower value. This will be the case if

your land is not the same class as the neighbors you were talking about, but all Class 1 land in the county, farm land that is, will be valued at the same base. I think this is a fair way to do it. I'm sure some will not like the idea, but you know there is no way you can please all people. Some you cannot please no matter what you do. The appraiser that works out the schedule for this will average what expenses it takes to make cotton on an acre of land and these will be taken from what the gross income is on this acre and that will be the value for Class one farm land. Then for the other classes you will take what percent they think No. 2 land will produce compared to No. 1; for example if No. 1 is \$200 an acre and they think No. 2 should be 80% of that, then that is the value No. 2 land will be and so on down the line. This is probably about as clear as mud to some of you. You can probably get a clearer picture of this when we start using the Ag Use values.

HERE AND THERE
Visiting recently in the home of Mr. and Mrs. Coy Hewitt, Vicki and Toni were Mr. and Mrs. Bert Davis of Snyder.
Visiting in the home of Clyde Jones during the weekend was her son, Eugene from Wichita Falls.
Craig Brothers returned home after spending two weeks in California visiting with relatives. I think it was foggy so much that he did not get to go many places to see

things like he would have liked to.

Christie Manning, daughter of Mr. and Mrs. James Manning, visited in Hamlin last week with Mary Hollis and the Butch Holland family.

Ava Covey is doing just fine after having some adjustments made on her hip that she had surgery on last year. She is on crutches now, but is doing fine.

Mr. and Mrs. Clyde Williams of Plainview visited with Mr. and Mrs. Butch Stephens, Scott, Stefani, and Suzanne and friends during the weekend.

PINK AND BLUE SHOWER
Mrs. Ronnie Denson of Stamford was honored with a pink and blue shower Saturday afternoon in the Fellowship Hall of the Baptist Church from 3:00 to 4:00 p.m.

The table was decorated with a large stork as the centerpiece and crystal appointments were used. Cookies, nuts, mints and punch were served by Diane Roberts.

Rhonda Moeller of Haskell registered the guests as they were presented to the mother-to-be and her mother, Mrs. Clara Hodges.

There were about 15 guests that registered. Hostesses were Loretta Hewitt, Mamie Emerson, Bernice Rowan, Jean Barnard, Diane Roberts and Rhonda Moeller.

Look Who's Here

Mr. and Mrs. Ron Worley of Aurora, Colorado, are the proud parents of a baby girl born Monday night, February 3, at 11:28 o'clock in Rose Medical Center in Denver. The young lady has been named Lindy Ann. She weighed eight pounds and measured 20 inches at birth.

Waiting anxiously at home to spoil the new baby are two older sisters, eight year old Delanie Lyn and five year old Emily Denice.

Maternal grandparents are Mr. and Mrs. Dwayne Rutherford of Colorado Springs, Colorado. Paternal grandparents are Mr. and Mrs. Lynn Worley of Knox City. Jewell and Lynn are in Colorado getting acquainted with their new granddaughter.

Free Booklet Is Available Locally

A new, free, eight-page illustrated booklet, entitled, "The Story of Willie Bacteria, or How To Take Care Of Your Septic Tank Or Cesspool" is now available to owners of septic tanks and cesspools from Guinn Sheet Metal and Plumbing, 911 East Main in Knox City.

In a light vein, illustrated by cartoons, the booklet explains the workings of the septic tank and cesspool in simplified fashion. It describes the bacterial action of the disposal system and what is necessary for its proper functioning.

Chief attraction in the booklet is a humanized "Willie Bacteria", who is responsible for maintaining the efficiency of the disposal system. When the septic tank or cesspool user ignores the fact that "Willie" is working to keep the disposal system free from disease, and saturates him with an overdose of detergents, acids, lyes, caustics and other irritants, "Willie" is very unhappy, and more often than not, just stops working.

But, there is a bright side to the story too, for "Willie Bacteria" has found a way to educate the septic tank or cesspool user, so that "Willie" can do his job under modern, up-to-date working conditions, and prevent the fuss, mess, inconvenience, and expense of a clogged disposal system. The booklet was produced by The FX-Lab Company, Inc., 1275 Bloomfield Ave., Industrial Park Bldg. #2-13, Fairfield, New Jersey 07006.

IN TANKERSLEY HOME
Recent guests in the home of Mr. and Mrs. Jack Tankersley have been their daughter and her husband, Carroll and George Kobernus, who were en route to a new assignment at March Air Force Base in California.

George, a lieutenant colonel who has been stationed at the Pentagon for the last few years, will be chief of supply at March AFB, while Carroll, with the rank of major, will be chief of medical food service there. She was formerly a therapeutic dietitian at Andrews AFB in Maryland. They will reside in Riverside.

FROM LUBBOCK
Mary and Helen Stephens, former Knox City resident, now of Lubbock spent Sunday night with Mr. and Mrs. George Hodges and visited with other friends Monday.

FROM CROWELL
Mr. and Mrs. A.V. McCombs of Crowell visited with Mrs. Buck Propps Thursday afternoon of last week.

SERVICES OF THE CHURCH OF GOD IN CHRIST

A one night meeting was held at the Goree Church on Friday night. Minister Tilly preached that night from Judges 16: 19, 21, "Sin Binds, Sin Blinds, and Sin Grinds," a great message.

Sunday school had a good attendance with Supt. Smith in charge.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"What is Faith? It is the confident assurance that something we want is going to happen. It is the certainty that what we hope for is waiting for us, even though we cannot see it up ahead. Men of God in days of old were famous for their faith." (Heb. 11: 1 and 2.)

Peter said in his writings, "The faith I speak of is the kind that Jesus Christ our God and Saviour gives to us. How precious it is, and how just and good he is to give this same faith to each of us."

Do you want more and more of God's kindness and peace? Then learn to know him better and better. For as you know him better, he will give you, through his great power, everything you need for living a truly good life: he even shares his own glory and his own goodness with us. And by the same mighty power he has given us all the other rich and wonderful blessings he promised; for instance, the promise to save us from the lust and rottenness all around us, and to give us his own character. (Peter 1: 1 through 4.)

How blessed is the one who fills his heart with the love of God that delivers us from all unbelief and fear so we are able to reach out with the kind of faith that Jesus gives for complete victory, peace and contentment and share God's own glory. Open your heart, let it Stream into your inner being, with overflowing.

In the morning service, Minister Tilly preached from Matthew 7: 12, 22, a very good message.

The YPWV Joint Meeting was held at the Breckenridge Church on Sunday evening. The Lord greatly blessed the service and the young people are responding wonderfully in their department.

President George Blue preached a powerful message from II Timothy 4: 9, 17.

Bible Band Joint Meeting was held at the Munday Church on Monday night.

The round table discussion was from Ephesians 6: 1, 9 brought by Missionary Blue and talked on by most of the adults present. It was a very helpful lesson.

The Abilene District Convocation will be held Monday through Saturday night of next week at the Southside Church of God in Christ in Abilene, Lord's Willing. Everyone is invited.

VRJC To Host Sixth Science Fair

VERNON - The sixth annual Northwest Texas Science and Engineering Fair will be held on the Vernon Regional Junior College campus, March 13 and 14. This fair is one of approximately 200 regional fairs held annually across the United States and overseas. Sweepstakes winners in regional fairs advance to an international fair, held this year in St. Paul, Minn., May 5-10.

Again this year there will be four areas of competition: Elementary School Science (grades 5 and 6), Junior High Science (grades 7 and 8), Senior High Biological Science and Senior High Physical Science areas will be declared Sweepstakes Winners, with an invitation to participate in the International Fair.

The regional fair will be conducted according to the following schedule: March 13 (Morning), Registration and set-up of exhibits; March 13 (Afternoon), Judging; March 13 (Evening), Awards banquet for student participants and sponsors; and March 14 (9:00 a.m. - 2:00 p.m.), Open to the public.

Participation in the fair is open to all area public and private school students who are enrolled in grades five through twelve. The area served by the Northwest Texas Science Fair includes

these counties: Archer, Baylor, Clay, Foard, Hardeman, Jack, Knox, Montague, Wichita, Wilbarger, and Young.

Savings Bonds and other awards will be presented to winners in major categories of competition. These awards are sponsored by Celanese Stein-Hall of Vernon. The Awards Banquet is sponsored by Southwestern Bell Telephone Co.

Any questions concerning the fair should be directed to Jerry Whitl, Science Fair Director, Vernon Regional Junior College, Vernon.

Stenholm Appoints New Staff Members

WASHINGTON, D.C. -- Congressman Charles W. Stenholm has announced the appointment of four new members to his Washington staff.

"Two of the positions are filling vacancies created on my staff, Stenholm said, "while two additional people have been added due to the increased workload we have experienced during the past year. We have continually been trying to increase our services to constituents and are pleased to be able to offer a broader range of services to the 17th District."

Included are Brent Bolding, Lisa Brachman, Paige Parker and Debbie Schwertner.

Bolding is a December graduate of the University of Texas with a B.S. in advertising. The son of Mr. and Mrs. D.A. Bolding of Stamford, he will serve as staff assistant for Small Business Stenholm was recently named to the Small Business

Committee and said Bolding will work primarily with the small businesses of the District through the Small Business Committee and the Small Business Administration. In addition, Bolding will assist local governments and non-profit agencies with applications for federal grants and loans. He will also be assisting with casework in energy-related areas.

Ms. Brachman, a native of Dallas, is a staff assistant, handling legislative research, correspondence and special projects. She graduated from Yale University in 1979, receiving her B.A. in Diplomatic History. Prior to joining the Stenholm staff, she served as an intern with Senator John A. Durkin of New Hampshire, covering the Senate Appropriations Committee.

Also working in the legislative research area and on energy problems, Parker is currently attending George Washington University. He

studied government, history and economics at the University of Texas. He is the son of Mr. and Mrs. James Parker of Abilene and is a graduate of Cooper High School.

Ms. Schwertner will handle all types of casework, with specialties in veteran's affairs, military and academies. She is a native of Schwertner in Central Texas and worked with the State Soil Conservation Service office in Temple prior to joining former Congressman Bob Poage's Washington staff as a caseworker in 1976. Upon Poage's retirement, she became a general caseworker for his successor, Congressman Marvin Leath, before coming to work for Stenholm.

"I am pleased to have these new staff members," Stenholm said. "The variety and depth of their experience will undoubtedly prove beneficial as we try to fully meet the needs of the people of the 17th District."

4-H Project Enrollment Now Open

If you are interested in participating in the 4-H Clothing projects be sure to sign up now, according to Sharon Book, Assistant County Extension Agent. 4-H clothing projects are designed to provide youth from ages nine to 19 various learning experiences in all phases of clothing and textiles subject matter areas. Opportunities are provided:

- to improve personal appearance and to better understand and express one's self through dress;

Efforts Stepping Up In Collecting Loans

AUSTIN -- State Comptroller Bob Bullock Thursday said he is stepping up efforts to collect more than \$1.2 million in delinquent joint state-federal student loans for seven Texas colleges and universities.

Bullock said 1,802 persons have been identified as being overdue in the repayment of loans from the National Direct Student Loan program.

The defaulters will join some 400 other former students who owe money to the state's Hinson-Hazlewood program who won't receive state salary checks or other payments until they have settled up their education debts.

He said 235 persons who owe the NDSL program money also owe the Hinson-Hazlewood program for student loans.

"A computer cross-check showed that we've got a few double-dippers who have now become double-defaulters," Bullock said.

State law prohibits anyone owing the state a debt from receiving state payments.

Bullock said he will continue to hold checks to anyone due state money until the college debts are resolved.

The University of Texas at Austin had the largest number of defaults -- 1,201, totaling \$748,239. Other schools and loan defaults include, East Texas State University, 203, \$190,116; UT Health Science Center at San Antonio, 16, \$4,781; Lamar University, 96, \$65,851; Midwestern State University, 14, \$10,851; University of Texas at Arlington, 201, \$169,882; and Southwest Texas State University, 71, \$39,818.

Bullock had cleared up more than two million dollars in debts in the state's Hinson-Hazlewood program since last September by holding up checks to over 1,000 defaulters.

In August last year, the Texas College and Coordinating Board held loan defaults worth more than \$39.9 million under the Hinson-Hazlewood program from loans to 24,685 former students.

Bullock decided to help colleges and universities collect delinquent National Direct Student Loans after federal efforts to recoup the loans were sidetracked by the U.S. Senate's defeat of a proposal to allow the Internal Revenue to deduct loans from tax refunds.

New Drug For Fluke Control Is Released

Control of common liver flukes in cattle has been set back with the removal of the drug hexachlorethane from the market, points out Jim Mazurkiewicz, Knox County agent with the Texas Agricultural Extension Service, Texas A&M University System.

However, albendazole, a new preparation presently being used for fluke control in countries outside the United States, will be made available for fluke control in specific areas of the nation. The product will be released as an emergency Investigational New Animal Drug (INAD) to licensed veterinarians in Texas, Florida, Oregon and Louisiana.

Veterinarians will be required to follow certain record keeping procedures to allow federal officials to monitor the drug's usage. The product will probably be sold under the trade name "Valbazen" as a drench for fluke control in cattle and sheep. Limited quantities of albendazole should be available by April 1, Mazurkiewicz said.

Research by parasitologists at the Texas A&M University College of Veterinary Medicine indicates that albendazole used as a drench will control not only the adult fluke but also the immature form as well as the deer fluke in cattle. Hexachlorethane did not control either the deer fluke or immature forms of the common liver fluke, Mazurkiewicz noted.

Use of albendazole for drenching cattle and calves twice yearly in problem areas should help prevent the continual reinfection of animals and lead to better control of the fluke parasite.

Mazurkiewicz advises producers to contact their veterinarian for advice on a fluke control program.

Victoria Man Pleads Guilty

A Victoria, Texas, man plead guilty on Monday, January 7, in the U.S. District Court, Corpus Christi, to one count of defrauding the Social Security Administration, according to James Harper, manager of the Vernon Social Security Office. J.P. Young was charged with falsely representing that his deceased mother, Grace Young, was still living in order to continue to receive social security benefits on her behalf.

Sentencing is scheduled for February 14. The maximum sentence for such an offense is five years imprisonment and a \$10,000 fine, Harper said.

FOR FABRIC PERFORMANCE, KNOW FIBER

Know "fiber content" if you want to know how a fabric will "perform."

Fiber influences performance the most, especially the fiber a fabric has the most of.

Of course, fabric finishes -- such as permanent press -- and construction types also help determine a fabric's character, but fiber makes the big difference.

When selecting fabrics, consider your needs first. Then read the fabric labels for fiber content.

Remember, there is no perfect fiber. All have "good" and "bad" characteristics.

Blends of two or more fibers help achieve more desirable results, though.

Below is a "performance guide" to help you decide:

Durability to Abrasion -- For this characteristic, choose cotton, nylon, olefin, or polyester. Avoid acetate and triacetate.

Resists Pilling (Balling Up Of Fibers) -- Choose acetate, rayon, triacetate.

If pilling does occur on natural fibers, such as cotton, wool, silk or linen, these garments do not become unsightly because pills break off.

Avoid nylon and polyester. Wrinkle Resistance -- Choose wool, silk, acrylic, acetate, modacrylic, nylon, olefin, polyester and triacetate.

Avoid cotton, linen and rayon unless they have a permanent-press finish.

Absorbency (for greater comfort) -- Choose cotton, linen, silk, wool and rayon.

Avoid acrylic, modacrylic, nylon, olefin, polyester and triacetate unless they have a soil-release finish. Soil-release finishes add comfort because they make fabrics more absorbent.

Tri-College Offers New Schedule

Three new vocational/technical classes are being offered in the Tri-College Spring Schedule. New offerings are Intermediate Drafting, TV Service and Repair, and part two of Floral Arranging.

The Intermediate Drafting class will be taught by Bill Boswell on Tuesday and Thursday evenings beginning February 12 for 15 weeks. The fundamentals of drafting will be applied to practical industrial problems.

TV Service and Repair will be taught by Jim Simpson at Abilene High School on Tuesday and Thursday evenings beginning February 12. The course will require the student to have a basic knowledge of electronics and will teach the fundamental principles of service and repair.

Part two of Floral Arranging will cover wedding and funeral designs, special centerpieces, and other more difficult floral designs. Taught by Bill Woods, the classes will be held on Thursday evenings beginning February 21.

In addition, Tri-College is again offering Air Conditioning and Heating Repair and Service taught by Bob Davis on Tuesday and Thursday evenings, and Basic Floral Arranging on Tuesday evenings.

For further information, call the Tri-College Administrative offices at (915) 673-4946.

SBA Closes Disaster Satellite Offices

LUBBOCK -- William E. Glennon, branch manager of the Disaster Loan Office of the Small Business Administration in Lubbock, has announced that effective January 28, 1980, all SBA Disaster Satellite Offices will be closed until further notice. This includes the satellite offices in Odessa, Brownfield, Floydada, Plainview, Hereford, Littlefield, Vega, and Dimmitt.

These closings are in the future interests of economic efficiency.

Farmers and ranchers who may be interested in the SBA disaster loan program are invited to contact the office in Lubbock by calling (806) 762-7481; by writing to that office at 720 Texas Avenue, Lubbock, Texas 79401; or by visiting the Lubbock office, until other arrangements are made.

CANNED SALMON ADDS VARIETY TO MENUS

DEEP DISH SALMON PIE

- | | |
|---|---|
| 1 can (15-1/2 oz.) salmon | 1 package (10 oz.) frozen peas, cooked |
| 3 tablespoons chopped onion | 1 can (4 oz.) sliced mushrooms, drained |
| 1/2 cup chopped celery | 1/2 teaspoon seasoning salt |
| 2 tablespoons butter | 1 package (8 oz.) refrigerated crescent rolls |
| 1 tablespoon flour | 1/3 cup grated sharp Cheddar cheese |
| 1 can (10-3/4 oz.) condensed cream of mushroom soup | |
| 3/4 cup milk | |

Drain and flake salmon, reserving liquid. Sauté onion and celery in butter. Blend in flour. Add mushroom soup, milk and reserved salmon liquid. Cook, stirring constantly, until thickened. Blend in salmon, peas, mushrooms and seasoning salt. Place salmon mixture in shallow 9-inch round casserole. Unroll crescent roll dough and separate into triangles. Place narrow edge of each triangle against outer edge of casserole. Sprinkle dough with cheese and fold in half, placing point at edge of casserole. Bake at 400°F. for 15 to 20 minutes, or until biscuits are golden. Makes 6 servings.

Houndettes Play Two Fine Games

By Coach Steve McIlhane
Last week, the Houndettes played two fine ball games although we lost both. We lost the two games by a total of three points. Both games went down to the wire before the outcome was decided.

The girls really played hard in both games and put forth a great effort from start to finish. We hustled for every loose ball and never backed off in the inside while fighting for rebounds. In both games, we got behind and the girls could have lost their intensity and hustle but they showed lots of character by continuing to play hard and never quitting.

So You've Got The Blahs?

It comes out of hiding about this time every year. It roams the lonely hallways between classes. It waits in dark lockers ready to spring on unsuspecting victims at any moment. No man, woman or child is safe from its evil grasp.

You're sitting in class when it stealthily creeps up behind you and slips into your body when you yawn. Then it invades your mind turning even the brightest day into gloom. We've been there. We've had the mid-term blahs. But WE KNOW HOW TO HANDLE IT, and we're here to help. We have put together some suggestions for driving this evil curse from the school.

1. Grow prize-winning mold samples in the bottom of your locker.
2. Go bowling with the junior high students in the halls. (Use the seventh graders as pins and the eighth graders as bowling balls.)
3. Organize "Be Kind to Seniors" week with the freshmen carrying seniors to class and sophomores lying down in the mud so seniors won't get their feet wet.
4. Start chain yawns (and chain halitosis).
5. Curl yourself in the fetal position in the corner of the dressing room in the gym.
6. Compile a list of ways to get out of class.
7. Correct the spelling errors on the bathroom walls.
8. Flake off fingernail polish.

If, after trying all these methods, you are still in the doldrums, you are beyond hope. But hang on -- there are only 72 school days until summer vacation!

Tom Christs Return From South America

Mr. and Mrs. Tom Christ returned home January 24 from a month's trip to South America.

The Christs left the states December 22 by plane from Dallas, via Miami, to Santiago, Chile, where their daughter and her family, Mr. and Mrs. Mark Driggers and three daughters are serving as Baptist missionaries.

While there, they traveled by car 1,000 miles south of Santiago to Puerto Montt on the Pan American Highway.

The Christs returned by way of Lima, Peru, to Miami, and back to Dallas.

They spent two days in Hurst with their son and his family, Mr. and Mrs. Joe Christ before returning to Knox City.

They reported a 'wonderful' trip.

ENTERTAINING IDEAS

EASY COFFEE CAKE FOR BRUNCH

This elegant coffee cake can be prepared in minutes and uses ingredients easy to keep on hand. Serve it for brunch or with coffee to unexpected guests. The crunchy topping highlights the "treasure" hidden in each rich, flaky biscuit.

TREASURE-FILLED COFFEE RING

- 3/4 cup sugar
- 1 tablespoon orange peel
- 1/4 cup chopped pecans
- 2 (3-oz.) pkg. cream cheese, softened
- 2 (10-oz.) cans Hungry Jack refrigerated big flaky biscuits
- 1/2 cup margarine or butter, melted

Heat oven to 350°F. Using shortening, grease 12-cup fluted tube pan (nonstick finish pan, too.) Combine sugar, orange peel and pecans; set aside. Cut each package cream cheese in half lengthwise, then crosswise into 10 equal pieces. Separate each can of dough into 10 biscuits. Separate each biscuit into 2 layers. Place 1 piece cream cheese between layers; seal edges. Dip each filled biscuit in melted margarine, then in sugar mixture. Stand biscuits on edge, slightly overlapping, around prepared pan. Sprinkle with any remaining sugar mixture; drizzle with any remaining margarine.

Bake at 350°F. for 30 to 35 minutes or until golden brown. Cool in pan one minute; turn onto serving plate. Cool slightly. 10 servings.

The JV teams did real well in our Knox City Tournament. Both teams won first and they both defeated our rivals Haskell.

Daniel Godsey did real well in Fort Worth this past week and he took Todd Lewis along to help out.

Friday night, the high school teams will be traveling to Crowell, rousing up another win.

Everyone is preparing the beginning of our one act play and tryouts will be Thursday night.

Mrs. Reeves has been showing our class filmstrips on jobs and job opportunities, so hopefully we will be well aware of what is to come.

Medicare Costs Rising For 1980

By James Harper

Vernon Social Security Branch Manager

Because of the rising cost of hospital care, the hospital insurance deductible and daily co-insurance amounts under Medicare have been increased for 1980.

The law required an annual review of hospital costs under Medicare and an adjustment of the hospital insurance deductible when costs have risen substantially. The amount of the deductible represents the average cost of one day of hospital care, which is determined by a formula provided in the law.

Effective January 1, the hospital insurance deductible is \$130, up from \$160 in 1979. This means that for the 1st through 60th day of inpatient hospital care in each benefit period, Medicare hospital insurance will pay for all covered services except for the first \$180.

The higher deductible amount for 1980 applies only to benefit periods which start in or after January 1980. The 1979 deductible, \$160, applies to benefit periods which started in 1979. This is true even if you entered a hospital in 1979 and are still a patient after January 1.

When the hospital insurance deductible changes, the law requires comparable changes in the daily dollar amounts (co-insurance) that Medicare hospital insurance does not pay.

For the 61st through 90th day of inpatient hospital care in each benefit period in 1980, hospital insurance will pay for all covered services except for \$45 a day (up from \$40).

If you need to be in a hospital longer than 90 days in a benefit period, you can use the inpatient hospital reserve days provided by hospital insurance. For each reserve day used this year, hospital insurance will pay for all covered services except for \$90 a day (up from \$80 a day in 1979).

For the 21st through 100th day of post-hospital care in a skilled nursing facility, hospital insurance will pay for all

covered services except for \$22.50 a day (increased from \$20). Hospital insurance pays the full cost of covered services for the first 20 days of care in a skilled nursing facility.

After a stay in a hospital or skilled nursing facility, hospital insurance can cover home health care from a participating home health agency.

Hospital insurance can pay the reasonable cost of up to 100 home health visits after the start of one benefit period and before the start of another.

Although hospital insurance does not pay all your health care costs, it does provide basic protection against the high cost of illness at a time when you need it most -- after you are 65 or while you are disabled.

More information about hospital insurance is given in Your Medicare Handbook. If you don't have a handbook, you can get one at any social security office.

Q. Is my doctor's certification all that is needed for Medicare to pay for my care? I need an operation and want to be sure Medicare will pay for it.

A. Certain conditions must be met before Medicare can pay for care in a hospital or skilled nursing facility or from a home health agency. A doctor's certification that you need the care is only one of the conditions which must be met. All of the conditions are listed in Your Medicare Handbook, which is available at any social security office.

Gift Shop Folk Are 'Artists Of Month'

Several artists associated with Happiness is Homemade gift shop in Munday have works of art on display this month at the Citizens State Bank in Knox City.

Ernestine Michels with the help of her daughter, Denise Walker, opened the gift shop in October 1978. Since that time, art supplies as well as art classes in all mediums have been added for art buffs in the area. Upon entering this unique little store, one is immediately attracted to all the lovely handmade items on display. With the help of local people, the shop is able to sell a wide variety of handmade items on consignment.

Mrs. Michels started painting last year, while Denise has painted most of her life. Denise recently moved to Wichita Falls, where she is employed by KAUZ-TV, Channel 6.

Phyllis Sanders of Seymour, who is one of the instructors at the gift shop, and Gail Bordovsky of Munday, who works part time there, have on display some of their works of art with Ernestine

and Denise. Gail began painting last year when classes were started at the gift shop.

The artists invite local and area folk to go by the bank and view their art work while on display.

Social Security Amounts Up In 1980

Increases in average earnings covered by social security the past year have triggered an increase in the retirement test annual exempt amount for people receiving social security benefits, James Harper, Social Security branch manager in Vernon said recently.

The retirement test annual exempt amount is the amount of earnings a person can have and still receive all benefits for the year. These amounts must be reported by April 15, 1980.

For persons under 65, the 1980 annual exempt amount will be \$3,720. The 1979 amount was \$3,480.

For those 65 or over, the 1980 annual exempt amount is \$5,000. The 1979 amount was \$4,500.

A person whose 1980 earnings go over the annual exempt amount generally has

\$1 in benefits withheld for each \$2 of earnings above the exempt amount.

Another figure increased is the amount of annual earnings required to receive social security credits. A person needs credit for a certain amount of work to be eligible for social security benefits. This credit is measured in "quarters of coverage." A person can receive up to four "quarters of coverage" in a year.

In 1980, a person receives credit for one "quarter of coverage" for each \$290 of annual earnings, up to a maximum of four if annual earnings are \$1,160 or more. The 1979 measure was \$260.

More information about social security credits and about the retirement test can be obtained at the Vernon Social Security Office. Free leaflets are available that give more detail about both of these subjects. The office is located at 1701 Cumberland and the telephone number is (817) 552-9346.

Miss Borden, Ben Smith Wed Feb. 3

Brenda Lee Borden and Ben Clifford Smith were married February 3, at three o'clock in the afternoon in the First United Methodist Church of Bedford. The Rev. Leonard Kelly performed the double ring ceremony.

Church decorations were white baskets of mixed flowers and candelabra.

Parents of the couple are Mr. and Mrs. Tom Borden of Arlington and Mr. and Mrs. Z.I. Smith, who also served as their children's attendants.

Given in marriage by her father, the bride wore a white silk gown trimmed in lace. Her veil was also adorned with lace which matched her gown. She carried a bouquet of roses atop a fan.

In keeping with tradition, for something old, she carried a handkerchief belonging to the bridegroom's maternal grandmother, Mrs. Nomah Francisco of Fort Worth, something new was her bridal gown, and something blue was the traditional garter.

The bride's parents were hosts for the reception in the church fellowship hall.

Following their honeymoon to the Caribbean Islands, the couple will be at home at 610 Billie Ruth Lane in Hurst.

Others attending the ceremony from Knox City were Mrs. Clara Smith, grandmother of the bridegroom, Mr. and Mrs. Joe Clonts, Cliff Ray, Karen Cowart, all of Knox City, and Mr. and Mrs. Jim Pratt, Troy and Aimee of Benjamin.

Couple Wed In Sunday Ceremony

Wedding vows uniting Tammy Kay Carver and Mark Collins were read Sunday, February 3, at two o'clock in the afternoon in the sanctuary of the First United Methodist Church in Knox City. The Rev. James Patterson, pastor, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Fred Carver of Benjamin and Mr. and Mrs. Jimmy Collins, also of Benjamin, are parents of the bridegroom.

Providing wedding music at the organ was Mrs. Mamie Watson, who accompanied Mrs. James Patterson, soloist.

Given in marriage by her father, the bride wore a two piece beige silk suit and carried a bouquet of brown and beige silk roses.

The bride's sister, Stasia Carver, attended her as maid of honor and was attired in a brown and beige dress. She also carried a bouquet of brown and beige flowers.

Dickie McCanlies of Benjamin served as best man.

The bride graduated from Benjamin High School in 1979 and attended Ranger Junior College.

Collins, a 1978 graduate of Benjamin High School, is employed by a Midland construction firm.

The couple will live in Midland.

Beta Chi Chapter Meets February 2

The Beta Chi Chapter of Delta Kappa Gamma met Saturday, February 2, at 2:30 p.m. in the Truscott Community Center with Truscott and Benjamin members as hostesses. Twenty-one chapter members were present.

Chapter president LaRue Reeves called the meeting to order.

Virginia Casey introduced Son Propps, Alton (Cookie) Cook, and Jim Cash as entertaining musicians for the afternoon and also introduced other guests including Avis Propps, Frances Cook, and Curtis Casey.

With Propps on violin and vocal, Cash on electric bass, and Cook on electric guitar, the group entertained with "I Don't Love You Anymore", "Over the Waves", "The Old Rugged Cross", "I Wish I Had a Nickel", and "Cheatin' Heart."

Virginia Casey, Belle Grill, Valarie Kinnibrugh, and Sybil Simmons served refreshments of finger sandwiches, cream cheese balls, raw vegetables, chips and dip, crackers, strawberry pound cake, and spiced hot punch.

The door prize was won by Zoy Risinger of Knox City.

Mrs. Reeves led the chapter members in repeating of the "Collect."

Members of the Professional Affairs Committee had charge of the program. Katrina Robinson of Aspermont presented a discussion on "Woman's Redesigning for the Future." Mrs. Robinson closed her remarks with a prayer in behalf of world affairs.

Belle Grill gave a research article on a composer with music. She gave a life sketch of Fanny J. Crosby, who was

born in 1820, and who wrote probably a greater number of hymns than any other known writer. Ms. Crosby was 44 years old when she wrote her first hymn, suffered an early blindness, but continued to write such well-loved hymns as "Blessed Assurance", "Safe in the Arms of Jesus", "Near the Cross", "I Am Thine, O Lord", "A Wonderful Savior", "Jesus Is Tenderly Calling", "Tis the Blessed Hour of Prayer" and many others.

With Mrs. Casey at the

piano, Mrs. Grill led the group in singing "Blessed Assurance" and "Near the Cross."

Mrs. Reeves dismissed the group with prayer.

Missionary Makes Recent KC Visit

By CINDY ROBERTSON

A missionary to Brazil for 26 years, native Oklahoman Doris Gene Stewart established an orphanage in Recife, Brazil, in 1976.

Called Montalegre Children's Home, the orphanage received its first child in September of 1976. Mrs. Stewart, who was in Knox City to visit friends and speak at the First United Methodist Church, said that one-fifth of the population of Brazil is abandoned children.

When she opened the orphanage, Mrs. Stewart said 18-21 babies were being found abandoned each month. With only one government institution available to receive the children, she said the death rate was very high.

Because of the need and the idea of saving the whole life of the child, to form it instead of having to reform it, Mrs. Stewart decided to concentrate on the abandoned newborns.

Since the opening, 165

babies have been received at Montalegre. Four died, 15 still are in residence and 146 were adopted by families in Switzerland, Germany, Italy, Belgium, France and Brazil. She said two American families will come to the orphanage this month to adopt children.

Mrs. Stewart said children not chosen for adoption will be raised at Montalegre, but she believes the home is always better for a child.

She said she began the orphanage as an act of faith.

"Many of the babies arrive so undernourished that they look more like little monkeys than human beings," she said.

She said the main challenge of the home is to restore the child's health, provide food and medical care and see that each gets the personal love that she said is more necessary than food.

The first baby to arrive at Montalegre, Durad Stephen Stewart, is namesake of Mrs.

Ozelle Stephens of Knox City, a friend and contributor to the home.

The second baby to arrive was named James Patterson in honor of the Rev. James Patterson, pastor of Knox City and Benjamin Methodist Churches. The first box of bottles and diapers sent to the home were from his church and contributions have been made each year in support of the home.

Mrs. Stewart returned to Brazil at the end of the month after visiting other friends and relatives in the United States. She said she hopes to find aid for Montalegre during her trip.

With monthly expenses about \$1,500, she said only \$500 of that is guaranteed. She said anyone wanting to make a tax deductible contribution or monthly commitment can send their donations to Christian Video Tape Ministries, Brazil Account, 3314 Riverdale Rd., Wichita, Kansas 67214.

Replace Diseased Plants, Readers Told

Replacing a diseased plant in the home landscape may be less expensive and more effective than trying to pamper the plant back to health, according to Jim Mazurkiewicz, Knox County agent with the Texas Agricultural Extension Service, Texas A&M University System.

It is not unusual for an individual to spend twice as much money pampering a diseased plant than would be required to replace it with a healthy one.

Occasionally it becomes obvious that a poor initial choice was made in plant and site selection. One good example of this is eunonymus which is susceptible to powdery mildew. This fungus causes white patches of mold growth on leaves. Plants located near structures where air circulation is poor are often severely affected by powdery mildew, and constant spraying would be necessary to prevent it. Under such conditions, it's best to remove the plant and replace it with something like

wax leaf ligustrum that is not susceptible to powdery mildew.

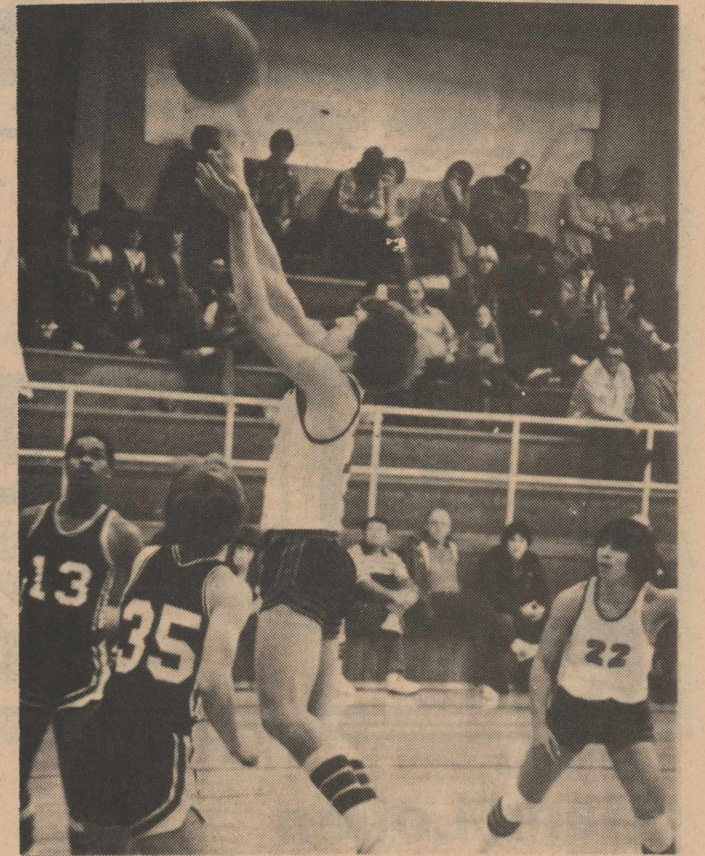

Root knot nematodes often make it difficult, if not impossible, to grow certain plants, Mazurkiewicz points out. Once these microscopic worms are present in soil, they are generally there to stay. Boxwood is especially susceptible and will be doomed to a slow and agonizing death if root knot nematodes are present. Pulling them out and replacing them with resistant plants such as dwarf yaupon is a realistic approach.

Sometimes people develop emotional attachments to plants received from a friend or relative. In this case an individual will want to invest the time and energy required to spray or pamper the plant. The county Extension office can provide information on effective procedures.

When a plant becomes diseased, take action, Mazurkiewicz advises. Either try to cure it or find an appropriate replacement.

OFFICER'S NOTES:

Both Chief John Turner and Officer Dave Thompson would like to say thanks to all the automobile drivers in Knox City for showing caution and good driving during the recent ice storm. There were no accidents reported to Police during the storm an event that is very unusual during that type of weather.

Officers have noticed a great deal of trash in the form of cans and bottles, along with the six-pack containers being left on parking lots by drivers of cars that cruise the streets and gather for talk sessions on store and gas station lots. This is very unsightly and causes the owners of these businesses considerable effort to pick up the trash and try to keep the lots clean. Citations will be issued to littering violators and in the interest of eliminating this problem, a request will be made to the City Judge that the maximum fine allowable by law be imposed on offenders who are issued Citations. The City belongs to all, not just a select few who choose to mess it up. Let's try to keep Knox City free of this type of litter problem.

Promotions Are Made At Olney Savings

OLNEY -- Olney Savings Association President D.D. McClatchy has announced the promotion of five key management people effective January 1, 1980.

David Ickert, vice president/controller, was promoted to senior vice president. Ickert came to Olney Savings Association in September, 1976, to head up the accounting department. He was made vice president/controller in January, 1978.

GTE Makes Position Change

Sally Cooksey, General Telephone Company of the Southwest western area public affairs manager, has been named communications manager of General Telephone Company of the Southeast in Durham, North Carolina, effective January 28.

Ms. Cooksey assumed the Brownwood position in 1976, after joining General Telephone Company of the Southwest in 1974 as public information representative in Dallas. In 1975, she was named northern area public affairs assistant in Lewisville.

During her tenure in Brownwood, her responsibilities included press and community relations in the Hobbs, Brownfield, Brownwood, Del Rio, San Angelo and Memphis (TX) divisions of the western area. Her activities included West Texas Chamber of Commerce, West Texas Press Association, and the San Angelo Press Club.

A native of Ada, Oklahoma, she graduated from the University of Oklahoma with a Bachelor of Arts degree in Radio/TV Broadcasting. She is a former professor at Howard Payne University, and served as committee chairman for the Dallas advertising and press clubs.

Her replacement has not been named.

Sherry Reddell was promoted to savings officer. Since joining the staff in February, 1975, she has been teller services representative, head teller, and savings counselor.

Carole Fitzgerald of the Jacksboro Branch Office was named assistant vice president. Ms. Fitzgerald began her employment with Olney Savings Association in November, 1970, as branch office teller. She was promoted to assistant corporate secretary in April, 1977.

Bill Baker of the Azle Branch was made assistant vice president. Baker joined the organization as manager of the Azle Branch Office in May, 1977.

He is a native of Munday, a graduate of Munday High School and of Texas Christian University in Fort Worth where he received his BBA degree in May, 1973.

Baker was formerly with United Savings Association of Fort Worth where he had ser-

ved as assistant vice president, loan officer, savings counselor, and branch manager. Prior to his association with United, Baker was with the Brants Company of Fort Worth in real estate sales.

Baker will continue to serve as manager of the Azle Branch Office, offering a full line of services in that area of the Azle/Weatherford Division which extends into the DFW metroplex.

Craig Lund of Eastland Savings, a division of Olney Savings, was named assistant vice president. Lund has served the organization in the Eastland Office since October, 1977.

In announcing these promotions, President McClatchy commented, "Olney Savings' reputation has been built on sound business philosophies and management practices since 1927. Our continued success has been achieved through people such as these with the knowledge and expertise to excel in their particular fields."
