Chili Supper For EMS 'Successful'

The EMS Chili Supper Saturday night was a big success despite the snowy, cold weather. All of those who attended or who purchased take-out plates thoroughly enjoyed the homemade chili by O'Brien's A.A. Cox.

The EMS crew expressed special thanks to all who participated especially to Mr. and Mrs. Cox for all their time and effort, not only by selling tickets and raising donations but by working all day cooking the chili.

Thanks also went to Cliff Swain of "M" System for all his work and contributions, Ramona Helms for working at the cafeteria, James Hewitt for cleaning up the mess, Grace Welch for doing the dishes, W.R. Baker for the use of the building, Connie Morris for collecting tickets, and to *The Knox County News* for furnishing the tickets.

Following the receipt of all donations and ticket sales, a total of \$425.00 was made from the supper.

All EMTs and associates expressed their thanks to the people of Knox City and O'Brien for their continued support of the Knox City EMS, John and Ilene Turner, Roland and Sue Marion, Glen and Steve Rumley, Craig and Donna Williams, and Paul and Cyle Clayton.

Joint Election Slated April 5

The City of Knox City, the Knox City-O'Brien Consolidated Independent School District, and the Knox County Hospital District will again hold their respective elections together this year, and the joint election has been set for Saturday, April 5, in the Community Center. Polls will be open from 7:00 a.m. until 7:00 p.m.

In the city election the terms of councilmen L.V. Worley, Charles Auburg, and Celso Gonzales expire this year, and according to Faye Railsback, city manager, none have indicated whether or not they will seek re-election.

Holdover city officials include Mayor A.T. (Drew) Holcomb, councilwoman Cornie King, and councilman Craig Williams.

Mrs. Railsback said that any eligible person who desires to file may do so at City Hall. To be eligible, a person must have resided in the State of Texas for the past twelve months and a resident of the City the past six months. Deadline for filing in the city election is March 5.

In the School Trustee election, the terms of Henry Jean Jones and John L. Grindstaff Jr. are expiring. Jones is seeking re-election, but Grindstaff said he would not be a

candidate. Two men have announced as candidates, including Jimmy Tankersley and J.B. Rutherford.

Holdover school board trustees include John Gillispie, Alex Godsey, J.M. Emerson, Doug Meinzer and Allen McGaughey.

Candidates may find the necessary forms at the superintendent's office in Knox City if they desire to file. All candidates for the school board must file by March 5 with the secretary of the Board of Trustees John Grindstaff Jr. This year, all absentee votes for both the city and school elections will be cast at the City Hall beginning March 17 and continuing through April 1.

In the school election, voters in the former Carney district will vote at O'Brien.

In the hospital election, the terms of Vernal Zeissel of Rhineland and Richie Smith of Munday, both expire.

Holdover member is Greg Clonts and appointed members are Paul Horne Gilliland, Stanton Brown of Benjamin, Paul Clayton of Knox City, and Gaylon Hord of Goree. Horne and Brown's terms are expiring and Commissioners Court will make the appointments.

According to hospital administrator Glen Rumley, filing deadline for the hospital election is 25 days prior to the election date.

Anyone wishing to file as a candidate must be 18 years of age or older, must be a registered qualified voter of the district, own land subject to taxation by the district, and submit a petition to the secretary of the board, Richie Smith in Munday. The petition must contain the names of not less than 25 qualified voters residing within the boundary of the hospital district.

Petitions for the position may be picked up at the Knox County Hospital.

His family includes his wife Judy, a daughter Sandra Jensen of Springfield, Missouri, a stepson Alan Maurer of Denver, Colorado, and a daughter, Melissa of the home.

Dr. Thompson explained that Dr. Neufeld's move here would be very advantageous to the Knox County Hospital and also to the wide area served by Knox City doctors.

Hounds Lose One

By COACH TOMMY SLOAN

Then on Friday night, the Greyhounds will play Goree in a practice game at Munday at 7:30 o'clock.

OFFICERS' NOTES:
Both Chief John Turner and Officer Dave Thompson express thanks to the juvenile females who called in to report a suspicious vehicle to police. Because of law, we cannot release the names of the girls, but they were a big help to officers by reporting the car and giving a complete vehicle description and license number of a car containing two subjects that were harrassing them as they walked home.
As a result of the calls that the girls made, the vehicle was located and in the following investigation, charges were filed against one male subject for Aggravated Assault On A Police Officer With A Deadly Weapon, Assault On A second Police Officer, Resisting Arrest and Driving While Intoxicated. A second male subject was arrested for Public Intoxication and both subjects were booked into the Knox County Jail in Benjamin.

To these two juvenile females, we give our thanks and we encourage all Knox City residents to call us whenever help is needed, or whenever there is any information that you feel might help us with our jobs or any case that we might be working on. There has been a lot of Police activity in Knox City in the past few months, both Chief Turner and Officer Thompson appreciate the support and backing that they have received from you, the citizens of Knox City.

O'Brien Happenings

By CHARLENE BROTHERS

This is another one of those weeks when I do not know anything to write about. Guess I will have a little. The rain and snow was really great. We could use more of the same this week. Now that we have gotten through ginning it would not hurt anything if it came a four to five inch rain, nice and slow so it would do lots of good. This was a record year for the O'Brien Co-op Gin, we shipped 28,619 bales of cotton. This is what we paid the man that hauled the bales to the compress, so we should end up with somewhere around 28,200-28,350 500 pound bales. This was all ginned from about October 3 to February 4, that is a lot of bales in that amount of time. Maybe we will make about one-half of that this year. 28,000 is too much in one fall. The hands and the gins both get worn out, especially the hands. Now all they have to do is get the gins repaired and ready to go for the next fall.

Everyone is asking when I am going to start campaigning, well—soon as I get through here at the gin. Maybe some time next month I can start. I think it is going to be a tougher job, that is seeing everyone in Haskell, than I thought at first. You know Haskell County is bigger than you think, when you start mapping it out, it is pretty large. With the price of gas like it is, it is going to be a little expensive this time, also. You can be sure I will not bother you too much with my speech, because I do not

J.A. Wright Is Buried At Haskell

Funeral services for J.A. Wright, 88, of Haskell, father of Otis Wright of Knox City, were held at 2:00 p.m. Friday in the First United Methodist Church in Haskell with the Rev. James Putnam, pastor, officiating. Burial was in Willow Cemetery.

Mr. Wright died at 4:30 a.m. Thursday at Hendrick Medical Center in Abilene.

He was born July 8, 1891, in Williams County and married Rosie B. Corley July 27, 1916, in Winnsboro. Stenholm Appoints Cotton Board Members

Washington, D.C. -- Congressman Charles W. Stenholm recently called the appointment of two 17th District men to positions on the national Cotton Board "recognition of the area as a top cotton producing region and of the depth of leadership ability available within the industry."

Billy Golden of Seymour was named a member of the board, which administers the national cotton research and promotion program. Named as an alternate was Jack Young of Stamford. Young will fill the two-year alternate's term ending December 31, 1981.

"It is no secret that cotton producers have been looking to Secretary of Agriculture

(Bob) Bergland to strengthen the Board," Stenholm said. Producer criticism and recent reports in the media have leveled charges of improper administration by both the Cotton Board and Cotton Inc., which develops and carries out cotton research and promotion programs under contract with the Board.

"I have always been a strong supporter of Cotton Inc.," Stenholm said, "and continue to believe in the importance of its role in continued fiber research and promotion. But, I am also aware of the distrust in the program that some producers have developed during the past months.

"Cotton Inc. is solely supported by investments of producers and it is ultimately their own company," Stenholm continued. "As a member of the House Cotton Sub-committee and as a producer, I am particularly interested in seeing to it that the program is administered effectively and that producers are getting the most for their investment."

Stenholm said the Cotton Sub-committee has scheduled hearings on the Cotton Inc. issue in Washington February 26 and 27. "I expect the issue to be dealt with thoroughly at that time," Stenholm said, "and then, we can either lay the matter to rest or see to it that whatever steps necessary are taken that will restore producer confidence in their cotton company."

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"If ye then be risen with Christ, seek those things which are above where Christ sitteth on the right hand of God." (Col. 3: 1).

When you are born again, you must set your affections on things above, not on things on this earth. Set your sights on the rich treasures and joys waiting for you in heaven where Christ sits beside God in the place of honor and power. Let heaven fill your thoughts; don't spent your time worrying about things down here. Paul said you should have as little desire for this world as a dead person does. Your real life is in heaven with Christ and God. When Christ, who is your real life, comes back again, then you will rise with him and share in all his Glory with the Father.

Paul said again, "Away with sinful, earthly things; deaden the evil desires lurking within you; have nothing to do with fleshly sins, impurity, lust, and shameful desires; don't worship the good things of this life, for that is idolatry. God's terrible anger is upon those who do such things."

Keep your mind filled with thoughts of heaven and Christ, ever learning to be more and more like Christ who created the new life within you. Power, peace will be yours filling you daily with victory and happiness. Most of all let love guide your life and you will enjoy perfect harmony and always be thankful.

"Soup of the evening, beautiful soup," reads a line in Alice in Wonderland. People often prefer a simple soup or stew to fancier food, and special favorites need not be reserved for the family. Guests are equally receptive to honest hearty fare and Fine Fish Chowder makes an everyday meal memorable. Seasoned with an envelope of buttermilk salad dressing mix, the dish takes on a delicate, yet distinctive flavor and is ready in a matter of minutes.

FINE FISH CHOWDER

- 2 bacon slices
- 2 medium onions, chopped (1 cup)
- 2 medium potatoes, sliced (2 cups)
- 2 medium carrots, sliced (2/3 cup)
- 1 package (16 oz.) frozen fish fillets
- 2 cups water
- 1 envelope Good Seasons buttermilk farm style salad dressing mix
- 2 cups milk

Fry bacon in large saucepan until crisp; drain and crumble, reserving 1 tablespoon fat. Sauté onions, potatoes and carrots in bacon fat until tender, about 6 minutes. Move vegetables to side of pan; add fish and water. Bring to boil; reduce heat, cover and simmer for 15 minutes or

Deductions For Auto Expenses Change

DALLAS - Taxpayers can no longer deduct state and local taxes imposed on gasoline, diesel, or other motor fuels. However, persons who itemize their deductions may still claim other expenses incurred with using their automobile for business, charitable, medical and in some instances, moving purposes.

Those who keep records of actual costs may claim operating expenses and fixed expenses, such as depreciation and insurance, for business use of their automobile.

Instead of claiming actual expenses, taxpayers may use an optional mileage allowance method. Taxpayers can deduct 18.5 cents for each mile driven for business purposes, and eight cents per mile for charitable, medical or moving expenses. In all instances, parking and toll fees may be claimed in addition to the mileage rate.

Information concerning automobile deductions appears in the instructions accompanying the tax forms.

SOUP IS SPLENDID FARE

until fish flakes easily with a fork, turning once. Break fish into pieces.

Meanwhile, combine salad dressing mix and milk, mixing thoroughly. Stir into fish and vegetables. Bring to boil; reduce heat, cover and simmer for 5 minutes. Add bacon. Garnish with parsley, if desired. Makes 6-1/2 cups or 6 servings.

Note: Chowder may be frozen. To thaw, place in saucepan and heat over low heat, stirring constantly.

To prepare vegetables in food processor, chop 2 medium onions, cut in quarters. Change blade and slice 2 medium potatoes, cut in quarters, and 2 medium carrots, cut in chunks.

Bale of Cotton Can Help Handicapped

One bale of cotton can equal many hours of therapy for a handicapped child. Contribution of one bale or the proceeds from one bale to the cotton round-up for crippled children will help children receive treatment at the

West Texas Rehabilitation Center's campuses in Abilene, San Angelo and Snyder.

Co-chairmen of the Round-up, Herman A. Propst of Anson and Elmer Martin of Colorado City, note that 1979's cotton crop has been good, so farmers should be in a good position to contribute generously to the Center.

To donate, readers should contact Propst, Martin, J.B. Adams of Childress, Hale Farm Supply in Haskell, Chub Richards in Stamford, Max Von Roeder in Snyder, or the West Texas Rehabilitation Center in Abilene.

THE DISTRICT HOPE

By KRISTI BOONE
We start each sports season, the Greyhounds here, with a hope of district to win.
The cheerleaders yell and give a cheer
As the Hounds come running in.
'The Horse' will start and the fans will scream
And 'Terrible Towels' will shake
For every team, or game, or play
to us will make or break
Before the game a calm serene
Just as before a storm
And in our minds a distant dream
Stays there sweet and warm
Of a District Championship; a Hound's triumph,
'We are the Champions' will ring
And through the years, things will change; what we do or say
But the Knox City Greyhounds will always sing 'we'll never fail, never fail, K.C. High hurrah!!!'

Ingenuity In Home Decor

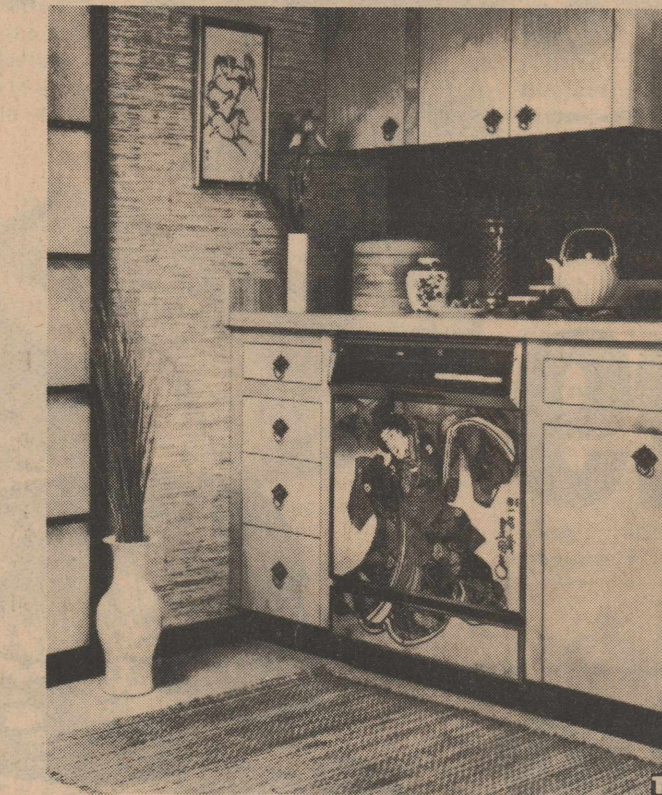

Helpful Tips On Low-Cost Decorating Ideas

Itchin' to redo your kitchen? Here are some ways to add dash—without losing a load of cash!

Little can make as noticeable a difference as paint. To give your kitchen a larger and less-cluttered look, paint everything—cabinets, equipment, appliances—using a single color of heatproof paint. If you're feeling sure of yourself and sassy, don't be confined to traditional kitchen colors: consider a brilliant red, green or even purple!

Kitchen pipes can be transformed into a sight for sore eyes instead of an eyesore. Paint them the same color as the rest of the room and they'll blend demurely out of sight. Or, take a cue from the dramatic new Georges Pompidou Art Center in Paris: its pipe and ducts are not merely revealed; they are positively flaunted in brilliant and varied contrasting colors.

A workhorse that you can convert into a show horse is, rather unexpectedly, your dishwasher! Thanks to a special trim kit, you can personalize the front panel of this appliance, turning it into an important decorating focus. The trim kit is a frame that is used to showcase fabrics, photographs, needlework—almost anything—on the front of the dishwasher. Clear acrylic can protect items from moisture. Because changing the panel is so simple, it's an ideal idea for holiday decorating. An eight-page, do-it-yourself guide, "Quick Change Dishwasher Decorating," is available free from the Consumer Information Center, Dept. NAPS, The Maytag Company, Newton, Iowa 50208.

A bold oriental motif is expressed on dishwasher frontpanel and echoed in decorating accessories.

Lighting is another important and often overlooked feature of kitchen decor. For many families, the kitchen is an all-purpose room. Provide additional light where it's needed. Track-lighting, spotlighting and under-cabinet lighting may give you the flexibility you need to properly illuminate the different areas of

your kitchen for its different uses.

A little ingenuity is all it really takes to muster up some magic in your kitchen!

PROCESS CLAIMS IN STATE

Many persons have the mistaken idea that employees in the social security office decide whether an applicant for disability benefits is able to work or not, a social security spokesman said recently.

This just is not so, the representative said. People at the social security office do decide if a person meets non-medical requirements, such as having worked long enough and recently enough under social security to be eligible for checks.

But the information an applicant provides about his or her medical condition, including names of doctors or hospitals who did examinations or provided treatment, and his or her work experience is sent to the disability determination unit in the person's own State.

There, a team of professionals, one of whom is a doctor, reviews the claim. This team decides if the applicant is disabled within the

meaning of the law and whether the person's condition prevents him or her from working for a year or more.

The team obtains medical reports from doctors and other sources of treatment or examination. If more information is needed, they may refer the applicant to a physician, clinic, or some other facility for another examination or test.

In addition to deciding if the applicant is disabled, the State agency considers whether or not vocational rehabilitation services could

help the person return to work.

More information about disability benefits, as well as other social security programs, can be obtained at any social security office.

The Vernon Social Security Office is located at 1701 Cumberland and the telephone is (817) 552-9346.

Mrs. Snailum 'Surprise' Honoree

Mrs. Lee (Grace) Snailum of Benjamin was honored with a surprise 75th birthday party Saturday, February 9, at the home of their daughter and her husband, Mr. and Mrs. Robert Pyatt of Richardson. Mrs. Pyatt will be remembered as the former Bonita Snailum.

The party was hosted by all of the Snailum children. Attending in addition to the Snailums were Mrs. Floyd (Claudia) Nunley of Amarillo, Mr. and Mrs. Charles Snailum of Lafayette, Louisiana, Mr. and Mrs. Darr Snailum of Fort Stockton, Mr. and Mrs. Ted Snailum of San Antonio, and Mr. and Mrs. Jerry Snailum of Plano. Other children unable to attend were Billy Joe Snailum of Abilene and Mrs. Ray (Shirley) Jordan of San Jose, California.

Grandchildren attending were Mr. and Mrs. Rodney Pyatt, Amanda and Michelle of Allen, Dwight and Jane Pearce of Dallas and Todd, Angi, and Lori Snailum of Plano.

Mrs. Pyatt reported this was a combined birthday celebration in that Mr. Snailum's birthday was February 7, Mrs. Snailum's was February 15, and Mrs. Charles (Audie) Snailum's is February 14. Each of them received their own cake.

The gift presented to Mr. and Mrs. Snailum was a large red heart shaped Valentine completely covered with dollar bills for them to use as they choose.

The Pyatts have recently moved to Richardson and this was the "excuse" to get the Snailums there this particular weekend. All of the other children either drove or flew to Dallas as a surprise.

MAKE A VALENTINE CAKE - WITH ORDINARY PANS

Make a perfectly shaped Valentine cake with just two cake pans - a square one and a round one - and share it with someone you love.

Here's how: From a commercial cake mix or from a scratch recipe, make one eight-inch square layer cake and one eight-inch round layer cake. Cut the round layer into two equal parts.

Place the cut edge of each round layer portion on adjacent edges of the square cake, and you have a heart-shaped cake without having to buy a heart-shaped cake pan.

Use your favorite icing and decorate the cake as desired for a quick and simple Valentine treat.

If you're history-minded, here are some other tidbits for mulling as you make the cake or share it with someone.

There are many ideas about how the name Valentine came to be connected with the day on which lovers send tokens of affection to one another. One is based on the belief throughout Europe during the Middle Ages that the birds began to mate on February 14.

In addition to honoring Saint Valentine, February, 1980 takes on an extra-special air of romantic antiquity - with the observance of 'Lovers Leap Season,' or 'Leap Year.' This holiday occurs once every four years with the appearance of an extra day in February - 'Leap Day' - and retains the mysterious belief that women may propose marriage to men with perfect propriety throughout the entire year.

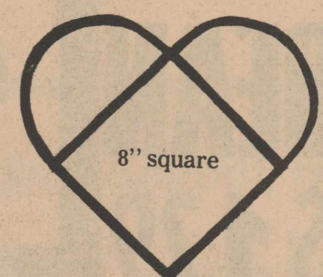

According to an old English saying, ladies may propose during Leap Year, and, if rejected, they may claim a silk gown.

And in many a European town or country, there allegedly have been laws to legalize the custom! But the mystery remains to

be solved: nobody knows just how this tradition got started, and no satisfactory explanation has ever been offered.

In the United States, in New England there used to be a curious belief that during Leap Year beans grow on the wrong side of the pod. No matter what the origin of belief of Valentine customs, you can still share the heart-shaped cake with a special person.

WEIGHT LOSS AND CLOTHING

Look your best while losing weight by planning your wardrobe with weight loss in mind.

BE REALISTIC Begin determining your clothing needs by being realistic about yourself.

How much weight do you plan to lose? Will you be able to maintain your weight loss? Will you exercise to firm up inches? Where will you more than likely lose most?

Losing weight is better news for your wardrobe than gaining. Alterations are more successful when "taking in" opposed to "letting out."

Existing seams can usually accommodate one size smaller. Looseness is more comfortable, attractive and controllable than binding, pulling and extreme tightness.

People of all ages die of heart disease and stroke.

PLANNING Planning is essential to avoid spending too much on clothing that might fit for a very short time.

Before buying anything new, take an inventory of what you have. Get rid of everything that doesn't have make-over possibilities.

While losing weight, keep your wardrobe to a minimum. Separates are the key especially since different parts of the body may change sizes at different times.

Coordinate individual pieces with garments that can still be worn and replace components as needed. Stick with basic colors and patterns that can be varied with tops and accessories.

BUYING When buying a new item, buy one that fits. Don't buy "too small" as an incentive.

Consider that some designs will fit for a longer time than others. Garments that wrap, hang from the shoulder and without a defined waistline are usually more adaptable.

Alterations are easier on garments with simple seams, soft gathers, and without lining and topstitching.
