New Teachers Join KC-O'Brien Faculty

Eleven new faculty members have been hired by the Knox City-O'Brien Consolidated Independent School District for the new school year.

Assuming duties are Dale Wainscott, sixth, seventh and eighth grade reading and assistant girls' coach; Randy Ivy, Civics and coach; Becky Baker, third grade; Dick Wupperman, band director; Bi Wupperman, teacher's aide; Vickie Davidson, math; Nancy McGregor, math (grades one through four) and introductory Algebra (high school); Linda Bunton, third grade; Claudia Tidwell, vocational education handicapped; Cindy Haynie, special education aide; and Pat Grimsley, teacher's aide.

Dale Wainscott, who is the wife of Texas State Trooper Danny Wainscott, received her degree from West Texas State University in Canyon. She graduated from Coahoma High School and has taught for two years.

A graduate of Haskell High School and Texas Tech University, Randy Ivy, who coached one year at Crowley, will be assigned to football, basketball, track and golf. Ivy is married to the former Diane Brown, whom he met in Crowley, and she will be carpooling to Midwestern State University three days a week and substitute teaching on Tuesdays and Thursdays. Randy commented that he and his wife were happy to make their first home here and are looking forward to a "super" year.

Becky Baker, a 1966 graduate of Knox City High School, received her bachelor of science degree in home economics education with elementary endorsement from Texas Tech University. She also took graduate courses at Texas Tech and Midwestern State University. Becky served as county extension agent in home economics in Dickens County for four years. She taught home economics at Rule for six years and was also Extension trainer agent for new agents.

Becky's husband, Jimmy, is engaged in ranching and they are the parents of a one year old daughter, Amanda Shian.

She is the daughter of Mr.

Greyhound Scrimmage Set Friday

Knox City fans will have a chance to see the Hounds in action Friday night when they travel to Holliday for the season's first scrimmage, scheduled to begin at 6:00 o'clock.

According to Coach Jimmy Rogers, the boys are progressing 'real well' and are looking forward to the first scrimmage.

Next week, Friday, August 29, the Hounds will host Hamlin and fans are encouraged to get out and support the team.

The season's first game will be here on Friday, September 5, with Hawley.

Officer And Family Are KC Residents

Richard Wynne, who was employed by the City of Knox City last week as city patrolman, his wife, June, and their two children, Kimberly, 7, and James, 6, are now new residents of Knox City.

Wynne, a native of El Centro, California, moved here from Abilene and assumed his duties officially on August 13.

The new patrolman served with the Military Police in Viet Nam and Columbus, Georgia, and served three years, seven months, with the U.S. Army in Germany and Fort Ord, California.

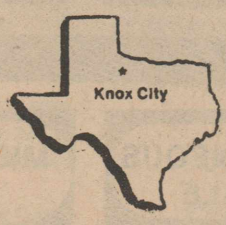

He will be attending Police Academy in Abilene for eight weeks, and assisting Police Chief Dave Thompson during this time.

Mrs. Wynne is a native of El Segundo, California, where her parents, Mr. and Mrs. James Gillig, reside.

Richard's father, Claude Wynne, lives in Valley Center, California.

The Wynnes are Baptists. They have purchased a home here and according to the new officer "are really looking forward to living in Knox City."

RICHARD DANIEL

Daniel Is Home From 4-H Trip

Richard Daniel, son of Mr. and Mrs. Ed Daniel and a member of the Knox City 4-H Club, recently returned from the 1980 Citizenship Short-course and Heritage Tour. Richard, along with 65 other Texas 4-H'ers travelled to Washington, D.C., where they received a first-hand look at government in action.

The group toured the nation's capitol, the Library of Congress, the FBI headquarters, the Smithsonian Institute, Washington and Lincoln's monuments, and other historical points of interest.

Purpose of the trip was to provide 4-H members with an opportunity to learn citizenship and leadership skills.

Participants were housed at the National 4-H Center in Washington, D.C., and were involved in various workshops and committee work, all designed to provide citizenship education.

Richard will be a junior student at Knox City High School this fall.

News Office Has New Employee

Marsha McGaughey has been employed by *The Knox County News* and began work last week. In addition to office supply sales, she is also training in other areas such as working on various parts of the newspaper.

Marsha and her husband Mark live in Knox City with their 18 month old son Michael. They just recently completed a new home here.

She is the daughter of Mr. and Mrs. Byron Gass of Munday.

Goree Schedules MD Benefit

A Muscular Dystrophy Benefit has been set for Friday, August 29, from 8:00 p.m. until 12:00 midnight in the Goree school auditorium.

Entertainers slated to appear include Tommy Shaw of Fort Worth, Fonda Crawford of Big Spring, Lloyd Morris and daughters, Joyce Greenwood, Kenneth Cotton, J.C. Wallace and Duelin' Fiddles, and other area bands.

Proceeds from the benefit will be taken to Abilene during the Jerry Lewis Labor Day Telethon.

Registration Friday For Local Students

Registration for all students in the Knox City-O'Brien Consolidated Independent School District will be Friday, August 22.

Kindergarten students will register in the kindergarten room located in the north wing of the elementary building from 8:30 a.m. until 12:00 noon. To begin school, the kindergarten children must bring their birth certificate, health record from their family doctor, and at least one parent with them.

The first and second graders will register in their rooms in the elementary wings and third and fourth graders in the elementary building between 8:30 a.m. and 12:00 noon on Friday. Mid-school students, in grades five through eight, will register at the O'Brien campus Friday morning between 8:30 o'clock and 12:00 noon. Mid-school students are asked to bring a white T-shirt for PE classes this year.

Courthouse To Observe Holidays

The Knox County Courthouse in Benjamin will be closed Wednesday, August 27, in observance of Lyndon B. Johnson's birthday.

The Courthouse will also observe the Labor Day holiday, Monday, September 1.

Booster Club Sets Annual Barbecue

The annual barbecue sponsored by the Knox City-O'Brien Greyhound Booster Club will be held at the City Park Thursday, August 28, according to David Albus, barbecue chairman.

Serving time will be from 6:30 to 8:30 p.m.

The proceeds from this annual dinner, which is the main fund raising event for the Booster Club, will be used to make purchases of equipment and other needed items.

By attending the barbecue, the public will have the opportunity to enjoy an excellent meal and support the young people in the Knox City-O'Brien schools, according to Booster Club president Mary Ann Boone.

Persons interested in advance tickets may contact ticket chairman Doug Meizer or members of his committee who are Rob Harrison, Tommy Kent, and Barney B. Arnold. Tickets may also be purchased at the barbecue.

The twirlers and cheerleaders will also be selling tickets. Twirlers are Kay Howell, Kristi Boone, Karae Beason, and Bonnie Stewart. Cheerleaders are Angie and Michele Bateman, Sarah Jones, and Mindy Hutchinson. Other members of the Booster Club and barbecue committee will also have tickets for sale.

Cities Get Two Rebates For August

AUSTIN, TEX.--State Comptroller Bob Bullock Thursday said continued improvements in the tax processing system in his office will result this month in a one-time, multi-million sales tax rebate bonus to cities and quicker tax reimbursements in the future.

Bullock said Texas cities who levy the optional one-percent city sales tax will receive two rebate checks for August.

He said this month's "extra" check will include a large amount of money from second quarter returns filed in the Comptroller's office on the July 31 deadline and normally would have been included in the September payment.

He said one check represents taxes being returned from last month's rebate cutoff through the end of July. The other check is the result of allowing an extra week of tax allocations for cities during the first week of August.

Bullock said city sales tax rebates will now be allowed to accrue through the first week of each month and be paid about the 15th of the month.

Knox City's net payment for this period is \$5,103.80 as compared to \$3,184.75 last year. The 1980 payments to date are \$35,466.22, a 36 per cent increase over last year's \$25,895.53. Knox City's "extra" check, for the extra week of tax allocations for the first week of August, is in the amount of \$6,501.02, increasing the 1980 payments to date to \$41,967.24.

Munday's net payment for this period is \$2,538.64 as compared to \$1,996.78 for the period last year. Payments to date in 1980 are \$24,233.77, a 15 per cent increase over last year's \$20,921.21. Munday's "extra" check is for \$8,240.92 bringing the yearly payments to date to \$32,474.69.

Benjamin's "extra" payment is for \$319.47 with 1980 payments to date \$1,220.35. O'Brien's "extra" check is \$195.46, bringing 1980 total payments to \$774.88. Rochester's "extra" check is \$1,502.88, with 1980 payments totaling \$7,560.64.

The city sales tax is collected by merchants and businesses along with the state sales tax and is refunded each month to the cities where it is collected by the Comptroller's office.

CHIEF'S NOTES

By DAVE THOMPSON
KNOX CITY CHIEF OF POLICE

Recently, I was called upon to sort through arrest figures here in Knox City for a State Computer Study of Crime in Texas. While going through our records I discovered a few facts that are very interesting, and I thought that I should bring them to the attention of the Citizens of Knox City.

Since January 1 of this year, there have been a total of 37 arrests for the charge of DRIVING WHILE INTOXICATED here in Knox City. That is a rather high figure for so small a community. Of these 37 arrests, 33 people were booked into the Knox County Jail in Benjamin for their DWI offense. Four people were released after failing to register on a Breathalyzer test.

Since there is a problem of this sort here, I was to take just a few moments to explain what happens during the arrest and subsequent procedures for DWI cases.

Whenever an officer observes a subject whom he believes may be intoxicated, the officer stops the subject to determine exactly why the subject was driving in an erratic manner. Most DWI cases are not as most television police shows portray them. TV has a tendency to portray all DWI's as driving from one side of the road to the other in a high speed, reckless manner. Some of the cases on record here are actually that way, but they are very few in number. Most common violations that an officer will observe are driving to the left of the center line, drifting from one side of the lane to the other, wide turns at intersections, and very slow driving.

When a subject is stopped for a suspected DWI offense, he has the right to either take, or refuse to take a Breathalyzer test. The breathalyzer is a machine that chemically makes an analysis of the alcoholic content (amount) in a person's system, then displays the results on a graph to show the officer if the subject is legally too intoxicated to drive. The Breathalyzer is State-owned equipment and here in Knox County, the test is administered by whichever one of our State Troopers is on duty and at the aid of the city officers.

As I mentioned, a subject has the right to take or refuse this test procedure. If he does take the test, the results will be used against him in a Court of Law if he registers high enough on the machine to fall into the category of legally having too much alcohol in his system to operate a motor vehicle. If he agrees to take the test and the results are under the legal intoxication limit, the subject is released with no charges other than the original traffic charge filled against him. Of the above listed 37 cases, four persons have been released with no DWI charge filed against them. If a person refuses to take the Breathalyzer test, that person can be automatically charged with the offense and stands the chance of the State's suspending their

Driver's License for up to one year. A legal hearing is held by the State to determine if the Driver's License should be suspended and driving privileges withheld from that person.

Once the Breathalyzer has made the legal determination, if the subject is indeed intoxicated, the subject can be placed into the County Jail until bond can be set and made, or until that person can be taken before a judge for a hearing. If a person is arrested on a weekend, he will usually remain in the County Jail until the following Monday morning, unless he is able to post a bond before that time.

In an initial hearing before a judge, the person is advised that he does not have to make any statements, that he is entitled to legal aid, and if he (or she) can not afford legal aid, an attorney will be appointed by the Court for that person. If a person pleads not-guilty, an appearance bond is set by the judge to ensure the return of that person at the set time for a trial on the issue. If a person pleads guilty, the judge usually assesses a sentence at that time. The judgment of the Court usually includes a fine and payment of court costs. Most of the time, a period of probation is included.

In all, it is an embarrassing procedure, and usually an expensive lesson to learn. Intoxicated drivers are a danger to every other person on the road, thousands of deaths are recorded nationwide each year as the result of alcohol related motor vehicle accidents. Because of the high number of DWI cases and accidents recorded, law enforcement officials tend to take a rigid stand when it comes to the actual enforcement of DWI laws. That is and will always continue to be the policy here in Knox City.

Millions of dollars are spent each year by the government and other interested agencies on advertisement campaigns directed towards getting the intoxicated driver off the road. I can remember some of the catchy phrases and slogans, if you think back a little, you can probably remember them too. They aren't just the result of a fancy campaign, they actually have a very important message that we should all remember. If you are aware of someone who has been drinking and intends to drive, try to talk that person out of the idea of driving a car, give, or get that person a ride home. A simple act like that can possibly save a life, and can certainly make our jobs a lot easier. By drinking and driving, a person is always assured of an advance reservation for overnight lodging on a thin mattress over a steel bunk in the County Jail.

your filter can get dirty, clogged, waste energy...

but a clean filter saves energy, money.

The purpose of a filter on your air conditioning or heating air blower is to help catch dust and dirt before it can enter your unit. In time, the filter will accumulate dust and dirt... if it gets clogged, it can't do the cleaning job it's supposed to and uses more electricity. To avoid damage to your unit and to save energy and money, be sure filters are clean. Permanent types can be cleaned according to the manufacturer's instruction. Non-permanent types should be replaced. It is wise to check filters every 30 days.

Auxiliary Officers Named Monday Night

In a regular meeting of the Knox County Hospital Auxiliary Monday evening, a slate of officers was presented and accepted by those present.

Chosen to serve as president was Mrs. Allen (Peggy) McLaughy; president-elect, Mrs. Lee (Jerry) Smith; vice-president, Mrs. John L. (Gladys) Grindstaff Sr.; secretary, Mrs. Paul (Margaret) Siecke; and treasurer, Mrs. Kenneth (Pansy) Russell.

The membership committee will be chaired by Mrs. David (Betty) Albus, who will be assisted by Christine Green and Cornie King.

Thrift Shop committee includes Jerry Smith as chairperson, to be assisted by Mabel Pyeatt and Mary Frances Shannon.

A special committee to be in charge of tray favors, decorations, and work with Junior Volunteers will be headed by Mrs. Charles (Linda) Griffith of Benjamin.

Stacy and Billye Angle were named to be in charge of public relations.

Mrs. Melba Pharr, director of nurses, who is responsible for organizing the auxiliary, expressed appreciation to all who attended and assumed responsibilities. She asked that any others who are interested to call her or obtain application for membership forms from other members. She explained that some do not want to be assigned work on the floor of the hospital, but there are many duties off premises that these persons can fulfill, such as preparing tray favors for various occasions, preparing hospital decorations for special occasions, or to stock and help operate the Thrift Shop to be

located in downtown Knox City. Also for those who do not want to assist in patient care, there are other duties such as receptionist or information director.

Also, some think that they must be able to contribute as many as four or five hours each week, but those who can work two hours a week will be of much help, she said.

For those who can work on the floor, Mrs. Pharr will work with them in their training before actual work begins. These duties will include distributing mail to patients, delivering flowers to patients, preparing patients for noon meal, directing visitors to patient rooms, serving coffee, tea or water to visitors, taking patients to and from X-Ray, preparing and distributing ice water to patients, preparing and serving congratulatory dinner to new parents, and decorating hospital for special occasions.

By-laws, drawn up by the steering committee, are now being prepared for distribution to all members, Mrs. Pharr said.

Also discussed was the upcoming District VI-A meeting of the Texas Association of Hospital Auxiliary to be held September 11 in San Angelo. Mrs. Pharr was hopeful that the new auxiliary would be well-represented at the district meeting and several members indicated an interest in attending.

The next meeting will be Monday, September 15 at 7:30 p.m.

4-H CAMP

Knox County sent 16 4-H'ers and five adult leaders to the Texas 4-H center encampment at Brownwood Lake this month.

The group had a great time on their first trip to the 4-H center. Activities included swimming, canoeing, archery, shooting sports, arts and crafts, movies, camp fire gathering, singing and meaningful ceremonies remembering our heritage, our country and the meaning of 4-H everywhere.

They came home with lots of new experiences in their books and new friendships made with folks from all over Texas.

The adults came home with high appraisal of the camp facilities, the camp administration, and activity organization. They were

especially impressed by the safety and health precautions that were taken and rules that were made for the well being of the camper. These rules were strictly enforced.

The camp was a fantastic learning experience for 4-H'ers and leaders alike and each participant, both youth and adults stated they hoped more 4-H'ers would want to get in on the fun next year when camp time rolls around.

4-H'ers enjoying the camp were Glenn Reid, Munday; Ila Gross, Shana Chaney, Karen and Mark Daniel, and Joe Pharr of Knox City; Mitzi Lindsey, Lorie Rolston, Kim Cash, Stacia Ryder, Sulynn Oxford, Amy and Becky Griffith, Kemp and Lanham Jones and Shane Spinks of Benjamin. Adults were Sheryl and Ed Daniel of Knox

City; Susan and Ned Jones and Gay Spinks of Benjamin.

Mr. and Mrs. Ricky Stamps, Becky and Cody joined by his parents, the Dee Stamps of Graham attended the Stamps family reunion in Olton recently.

Mr. and Mrs. Bobby Roberson visited their daughter and family, the Jackie Waldrons in Wimberly recently.

Mr. and Mrs. Clarence Hall of Plainview visited his mother, Lora Hall, the first of the week.

Recent guests of Laura Benson and Dutch were Tommy Benson of Clyde and Mr. and Mrs. Kenneth Benson of Wichita Falls.

Mr. and Mrs. Leroy West and Edith West visited the Wayne Wests in Cisco during the weekend.

Mr. and Mrs. Van Green visited his parents in Denton during the weekend.

Mr. and Mrs. Don Hertel spent a few days last week in the Dallas-Fort Worth area.

HOT-WEATHER TIPS FOR FALL GARDENS

To get a fall garden off to a good start, you've got to beat the summer heat.

Many popular, fall garden vegetable seeds, such as lettuce, carrots and broccoli, germinate poorly when planted during the heat of summer.

Set out transplants to avoid this problem, Jim Mazurkiewicz, county agent with the Texas Agricultural Extension Service, Texas A&M University System, advises.

Transplant tomatoes, peppers and eggplants to insure production before frost, Mazurkiewicz adds.

Broccoli, cauliflower and other cold-tolerant crops can be transplanted or seeded directly into the garden. However, transplants insure early production and properly spaced plants.

If seeding directly into the soil, bed the soil before planting, Jim advises. After marking the rows, make a seed furrow three-fourths to one inch deep with a hoe handle or stick. Then water the furrow thoroughly, wetting the soil two or three inches deep.

Always plant more seeds than needed, scattering them evenly along the furrow, Jim says. Cover them with compost, potting soil, peat moss or vermiculite instead of soil to eliminate soil crusting or poor aeration. To cool the

seed furrow, use a light colored covering material.

With material like compost, seeding depth is still important but not critical, Jim continued. Depending on the crop, seedlings should emerge in a few days.

Don't allow the soil to dry as seedling emerges, Jim cautions. Shade seedlings with a board, cardboard or cloth on the west side to protect them from the intense afternoon summer sun.

Thin seedlings once they are an inch or two tall, Jim added.

Take stock in America.

Almost every new mother asks, "At what age should my baby begin strained foods?" Some babies need more nutrients than breast milk or formula can provide much earlier than others, sometimes as early as two months. Several signs will help you and your doctor determine the right time:

- If your breast-fed baby demands feedings less than three hours apart.

- If baby drinks more than a quart of formula each day.

- If baby's birth weight has almost doubled; or if baby weighs 11 to 13 pounds.

Mix It Up—For Quick Energy

For a mid-morning break on a hot summer morning, or for get-up-and-go at any time of day, discover a world of good taste with Peachy Orange Foam. Starting with orange-flavored instant breakfast drink, add fresh sliced peaches, skim milk and crushed ice for a cool, refreshing beverage that looks good, tastes good and is good for you. One eight-fluid-ounce serving of this frothy, fruit-flavored drink ensures 100% of the U.S. Recommended Daily Allowance of vitamin C, is a significant source of protein, vitamin A and calcium, yet is low in fat and contains only 160 calories.

PEACHY ORANGE FOAM

- 3 tablespoons Tang orange flavor instant breakfast drink
- 1-1/4 cups chilled skim milk or reconstituted nonfat dry milk
- 1 cup sliced fresh peaches
- 1/3 cup crushed ice

Combine all ingredients in electric blender container. Blend well and serve immediately or blend again just before serving. Makes 2 cups or 2 servings, 1 cup each.

A spell of hot, humid weather takes its toll of nearly everyone, from sedentary citizens to gymnasts and joggers. Light suppers not only are appealing but also provide respites from hot, steamy kitchens. An antipasto platter can be prepared several hours in advance, and Double Duty Pink Frosted can serve as both beverage and dessert. Two scoops of lemonade flavor drink mix eliminate difficult beverage preparation, and the addition of grenadine lends just the right touch of color to this creamy, smooth concoction.

DOUBLE DUTY PINK FROSTED

- 2 scoops Country Time lemonade flavor drink mix
- 2 tablespoons water
- 1 cup milk
- 1/4 cup grenadine syrup
- 1 pint vanilla ice cream
- 1/2 cup club soda

Combine drink mix and water in electric blender container, blend until dissolved. Add milk, syrup and ice cream; blend again until smooth. Just before serving, stir in club soda. Makes about 3 cups or 3 servings.

Ferriers' Granddaughter Crowned 'Little Miss'

Misti Velvet Rainwater, seven-year old daughter of Cindy Rainwater of Bridgeport and Freddie Rainwater of Baton Rouge, La., and the granddaughter of Mr. and Mrs. Robert Ferrier, former Knox City residents, was recently crowned "1960 Little Miss Wise County." The contestants were judged on poise, beauty, and choice of attire.

Misti was presented the "Excellent-Superior" student award in addition to being chosen "Miss Politeness", at an end-of-school assembly.

Misti's other grandparents are Mr. and Mrs. C.F. Rainwater of Seymour.

April's Advice
By APRIL WERLEY

THE ADOLESCENT BETWIXT AND BETWEEN
Adolescents are at a curious stage in life. Neither a child nor an adult, each adolescent has some characteristics of both life stages.

Adolescents are gradually moving away from adult guidance toward self-guidance.

They are developing a more concrete set of values and are experimenting with ideas, behavior and relationships.

A high school student wrote the following thoughts:

I am growing, world. I am reaching, touching and searching and testing and finding new things. New and frightening things. I'm just growing, world, just now. I'm not tall, I'm not strong, I'm not right. I'm just trying to be. I'm a person, I am me. Let me test, let me try, let me reach. Let me fly.

Push me out of my nest, but not too fast. There is much I don't know. There are things that I want—don't hide me from the sight of the world. Give me room, give me time. There are things I must change and there are things I am not frightened to try. Let me tumble and spring, let me go, let me be. Wait and see, I am growing, world. Water me with the wisdom of your tears.

No-Fuss Summer Supper

At summer's end, when you find yourself with an abundance of fresh ripe tomatoes, either from your garden or market, a new recipe idea is always welcome. Why not try this delicious no-fuss recipe for "Pasta Verano!" Chopped fresh tomatoes and green peppers are combined with bottled Italian dressing for a flavorful "no-cook" sauce which is tossed with hot macaroni and cheeses. Served with crisp Italian bread, refreshing iced tea and fresh fruit, it's a delightfully easy summer meal you'll want to serve often. In fact, you'll wish that summer would never end!

PASTA VERANO

- 5 large tomatoes, coarsely chopped
- 2 medium green peppers, chopped
- 1/2 cup Wish-Bone® Italian Dressing
- 1 tablespoon fresh basil or 1 teaspoon dried basil
- 1/2 pound uncooked macaroni or spaghetti
- 1 package (8 oz.) mozzarella cheese, diced
- 1/2 cup grated parmesan cheese

In large bowl, combine tomatoes, green peppers and Italian dressing blended with basil. Cover and marinate at room temperature at least 1 hour, tossing occasionally.

Cook macaroni according to package directions; drain. Toss hot macaroni with cheeses, then tomato mixture. Serve, if desired, with additional parmesan cheese. Makes about 4 servings.

Regulations Hearing Set In Lubbock

A public hearing will be held on the U. S. Department of Agriculture's proposed regulations implementing provisions of Title II of the Energy Security Act which authorized biomass energy and alcohol fuels loans and loan guarantees, Deputy Agriculture Secretary James H. Williams has announced.

The proposed regulations will determine how the Farmers Home Administration, the credit agency of the Agriculture Department, will carry out certain parts of the Act, which was signed into law by President Carter on June 30.

The hearing will be held on August 29, at the Holiday Inn, 6624 Avenue H, in Lubbock. Two other hearings will be held prior to that date in Georgia and Iowa. In order to gain the widest possible public participation, the hearing will run from 9:30 a.m. to 11:30 a.m., from 2:00 p.m. to 5:00 p.m. and from 7:00 p.m. to 9:00 p.m.

The Energy Security Act authorized \$600 million for the Department of Agriculture's (USDA) Program of loans and loan guarantees to alcoholfuels and other biomass energy projects over the next two years (FY 1981-1982). USDA funds will be used to assist energy projects which use agricultural or forestry products or residue. USDA has responsibility for projects up to 15 million gallons of capacity.

The proposed regulations appeared in the Federal Register on Tuesday, August 5.

"Anyone wishing to participate in the public hearing should contact the Office of Public Participation, Room 118A, Department of Agriculture, Washington, DC 20250, telephone 202-447-2113," officials said.

USDA will also participate in similar hearings to be held in the near future by the Department of Energy concerning DOE regulations for financial assistance to biomass energy projects.

Counties Eligible For Assistance Are Listed

One hundred seventy-eight Texas counties are now eligible for disaster recovery assistance because of drought and other extreme weather conditions, the U.S. Small Business Administration (SBA) has announced.

"SBA disaster recovery loans are available to agricultural producers in the affected counties who have suffered crop and livestock losses," said SBA regional administrator Mercurio Martinez Jr. "The loans are low-interest and may compensate losses not already covered by insurance or other disaster or deficiency payments."

The administrative limit restricts business disaster loans to the actual amount of the damage or loss, up to a maximum of \$500,000. Larger loans may be considered in some cases and must be approved by the regional SBA office. The interest rate on the loan is either 5 percent or 8 1/4 percent depending on whether SBA determines that the producer could receive credit, elsewhere from commercial or non-federal sources. Martinez noted that it is not necessary for a producer to be turned down by a bank before applying for SBA assistance. Loan maturity is based on individual needs and repayment ability and has a maximum of thirty years.

The formula used in computing the amount of eligible loss on crops is Acres Planted X Established Normal Yield X Percentage Of Loss X Market Price - Recovery

Equals Eligible Loss. Up to 50 percent of the eligible loan amount may be used to pay outstanding obligations such as accounts payable, notes payable and operating expenses including reasonable living expenses. At least 50 percent of the loan must be held for planting and operating expenses in the new crop year.

The filing deadline for physical disaster loans is February 12, 1981. Economic injury disaster loan applications must be filed by May 12, 1981.

"SBA has two disaster branch offices ready to provide information and process loan requests," said Martinez. "Producers should note which office will be handling their applications and be sure to return their forms to the appropriate office."

In west Texas the SBA disaster branch office is located at 720 Texas Avenue, Lubbock, Texas 79401. This office will service Bailey, Borden, Briscoe, Castro, Childress, Cochran, Coke, Collingsworth, Cottle, Crosby, Dallam, Dickens, Donley, Fisher, Foard, Garza, Glasscock, Hale, Hall, Hartley, Haskell, Hockley, Howard, Jones, Kent, King, Knox, Lamb, Lubbock, Mitchell, Moore, Motley, Nolan, Oldham, Parmer, Potter, Reagan, Runnels, Scurry, Sherman, Sterling, Stonewall, Taylor, Terry and Yoakum, counties.

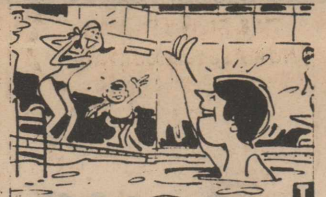

Martinez said that loan applications and information on the SBA Program will be

available also in each county ASCS office. Telephone inquiries on particular disaster conditions named for each county may be made at 512-458-1581 in Austin.

Working Out's Helping Out

Charity may begin not just in the home—but in the health club!

Health enthusiasts nationwide are being asked to "work out to help out" during the month of August.

In health clubs throughout the country people who work out will help out the Muscular Dystrophy Association.

An energetic campaign to raise money for the Muscular Dystrophy Association is being launched in more than 150 fitness facilities operated by the Health and Tennis Corporation of America. Member clubs will donate the proceeds of special programs to further MDA treatment and research facilities.

Participating clubs will offer special "Seven Days for Seven Dollars" programs. The entire seven-dollar fee will be donated to MDA, as will a percentage of all membership fees from new club affiliates.

Health and Tennis Corporation of America's President Donahue Wildman expects the drive to raise more than \$100,000. Participating clubs include most Chicago Health and Racquetball Clubs, Presidents/First Lady, Jack LaLanne /Holiday, Vic Tanny, Wisconsin Athletic, and Holiday Spa Clubs throughout the U.S., excluding California.

Texas Oil Drilling Costs Increasing

DALLAS - Average cost of drilling an oil or natural gas well in Texas is \$51.95 per foot, a 238% increase from 1970, according to Texas Mid-Continent Oil & Gas Assn.

The calculation is based on figures from the Association's annual compilation of facts and figures on the Texas petroleum industry, titled "80 Facts About Texas Oil and Gas."

"80 Facts" points out that Texas oil and gas operators drilled nearly 85.9 million feet of hole in 1979, and lost \$1.4 billion in dry holes.

Like its predecessors, "80 Facts" will be distributed

McGaughys Home From New Mexico

Mr. and Mrs. Allen McGaughey have just returned from a relaxing week in Red River, N.M. Accompanying them on their trip were their daughter and son-in-law, Mr. and Mrs. Tom Winegar of Borger.

While there, they took several jeep rides, attended the horse races, and enjoyed the overall scenery.

They reported a good time and enjoyed the cool weather, but said they were glad to be home.

Foard Co. Senior Citizens Visit KC

A group of nineteen Foard County Senior Citizens were in Knox City shopping last week.

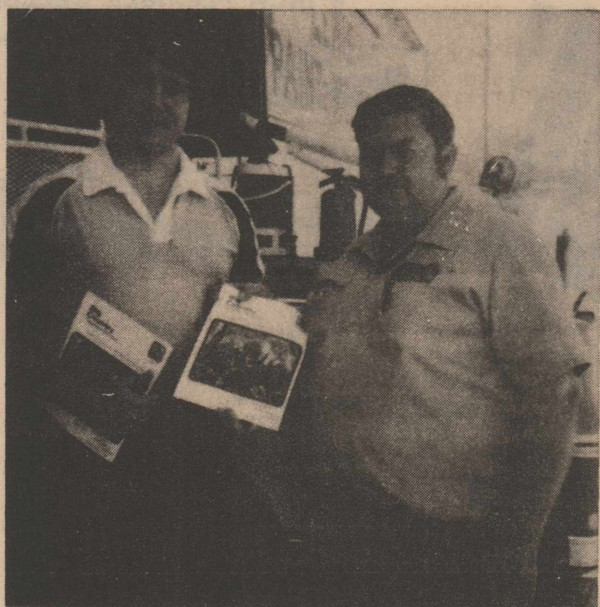

Mrs. Grace Welch, local store manager of Perry's reported that those visiting here included Emma B. Bounds, Edna Sanders, Jim Cannon, Bessie Cannon, Madge Johnson, Emma Scott, Coy Payne, Katie Payne, Laura Sparks, Betty Chatfield, Hazel Bryson, Gladys Shrode, Evelyn Cates, Audie Blackburn, Donna Vecera, Iva Ballard, Gladys Meek, Bob Shrode, and Hunter Lelah.

The group visited in Knox City on Wednesday morning, ate lunch in Munday, and returned to Knox City during the afternoon.

Skaggs Rites Are Held In Oklahoma

The News office was notified Tuesday morning of the death of Fort Worth resident Edna A. Skaggs, 82. Graveside services were held Thursday, August 21, in the Sunnyland Cemetery in Midwest City, Oklahoma.

Survivors include a daughter, Jaye Skaggs Browning of Fort Worth; a sister, Ann Varner of Midland; and a grandson, Reagan Browning of Fort Worth.

Sterling Lewis of Lewis Deluxe Paint & Body Shop, Knox City, receives his copy of the new Big Country Telephone Directory from Jim Hilger, area manager of the Big Country Directory, Abilene.

NEW TELEPHONE BOOKS ARE HERE!

The new Big Country Telephone Directory for Knox, Baylor, and Throckmorton counties has now been delivered. This directory includes Seymour, Knox City, Munday, Throckmorton, Benjamin, Elbert, Goree, Lake Kemp, Megargel, Truscott, and Woodson.

The new phone book is published annually by Associated Publishing Company in Abilene and is a handy reference of business buyers and sellers in this area. It is designed to be a complete source of information in both the white and yellow pages.

Geographically designed, one book covers an entire market area and is compact with easy reference. It is the most complete source of information on businesses and residences in this area. It is also available to guests at area motels. Particularly significant are the lower advertising rates, according to Jim Hilger, area manager.

As the Big Country Telephone Directory is put into daily use in the area, the Knox County Community will find it most useful and very convenient. If you have not received your free copy, pick one up at Lewis Deluxe Paint & Body Shop, 106 N. 2nd, or at the Chamber of Commerce.

"Being confident in this very thing, that He (God) which hath begun a good work in you will perform it unto the day of Jesus Christ." (Phil. 1:6.)

The question has been asked, "How can we be sure?" First we must realize that our salvation is the work of God. Fortunately for us, our remaining in the faith is not dependent on our ability to hold onto God, but His willingness to hold onto us. He made us for his glory and desires to use us to bring glory to his holy name. We know that everyone that doeth righteousness is born of him, and if we have passed from death unto life, we love the brethren and also desire to do God's will, love his word and serve him daily. Then when troubles and sorrow come we have God's loving mercy, and his grace that is always flowing toward us to take us through any heartache. We also find the fruits of the Spirit in our lives which are Love, Peace, Longsuffering, Gentleness, Goodness, Faith, Meekness, Temperance. We are daily concerned with the spiritual well-being of others. Thus God doing his work through us, he will never leave us; but will perform this work in us unto the day of Jesus Christ.

Senate Action To Clarify Farm Labor Registration Act

MEMPHIS - National Cotton Council President Herman A. Propst, a cotton producer from Anson, Texas, today applauded Senate action to clarify the Farm Labor Contractor Registration Act. The action came on a Council-supported amendment offered by Senator David Boren (D-Okla.) to the Child Nutrition Act and approved 57-37 by the Senate. It now goes to a House-Senate conference for further consideration.

"This legislation was badly needed," Propst said, "to insure that the present law is properly administered and enforced, and to eliminate needless regulations for farmers, other agricultural employers, and their employees. Senator Boren is to be com-

mended for his leadership on behalf of agriculture."

The 1963 law was enacted by Congress to protect migrant farm workers from abuse by unscrupulous crew leaders. Among its provisions are requirements that crew leaders register as farm labor contractors, be fingerprinted, disclose salaries, post signs indicating the wages paid all employees, give employees in writing the terms and conditions of employment, and pass a medical examination. Specifically exempt from these requirements are farmers and other agricultural employers, including their employees, who meet certain tests.

"Even though the law is clear in its application only to

crew leaders," Propst explained, "the Department of Labor has sought to expand its requirements to all of agriculture simply on the basis of its own narrow interpretations."

As an example, he pointed out that the Department of Labor defines the term "migrant worker" as anyone employed in agriculture. "Clearly, this is not the case," Propst said.

"Everyone knows that many - if not most - farm workers are permanent residents on or near the farms where they work."

He noted that the practical effect of this and other interpretations has been to subject virtually all farmers, other

agricultural employers, their foremen, and other employees to registration as farm labor contractors. In recent months a number of cotton farmers, ginners, and others have been cited by the department for non-compliance and threatened with possible civil and criminal penalties.

The council president said the department's actions in these instances "go far beyond any reasonable interpretation of the law." Last October, he noted, a letter signed by 52 U.S. Senators was delivered to Labor Secretary Ray Marshall calling attention to the problem and expressing concern that the department's actions were completely contrary to Congressional intent.

"Unfortunately," said Propst, "there was no change in the Department of Labor's policies. Now, as a result of the successful effort led by Senator Boren, we are hopeful that the department will respond in a positive way."

"The legislation adopted by the Senate is both reasonable and balanced. While it eliminates needless regulations for the nation's farmers and others, it strengthens the protective provisions of the basic Act by targeting the Department of Labor's enforcement actions on those crew leaders who continue to exploit migrant farm workers."

New Regulations To Affect Cattle Owners

All cattlemen in Knox County should be aware that July 1 was the effective date of new Texas Bovine Brucellosis Regulations. The Texas Animal Health Commission with John B. Armstrong as chairman and John W. Holcombe as executive director has spent many months in preparation of these regulations.

The regulations will effect Texas cattlemen in several ways. All breeding cattle over eighteen (18) months of age sold through livestock market auctions will be tested for brucellosis at government expense at the market. All cattle shipped direct to slaughter are required to be tested thirty (30) days or less before movement. All cattle will be tested at slaughter regardless of origin.

The Texas Animal Health Commission has divided Texas into two brucellosis control areas, West Texas, Class A Area and East Texas, Class B Area. These areas were designated because of a much higher infection rate in East Texas compared to West Texas. Cattle moving from East Texas are required to have a test thirty (30) days or less before movement to a class A county and forty-five (45) to one hundred twenty (120) days after arrival.

Any time cattle change ownership the buyer should ask the seller the brucellosis status of the herd and require a test thirty (30) days before movement. To reduce the

risk of spreading the disease, the buyer should have a post-purchase test forty-five (45) to one hundred twenty (120) days following purchase.

Vaccination with Strain 10 Brucella Abortus Vaccine is recommended to increase protection for calves that may be sold or exposed to brucellosis in the future. The vaccine is free through the local veterinarians. The vet has to administer the vaccine and there will be a charge for this service.

For further information readers may contact their D.V.M. or any inspector of the Texas Animal Health Commission. Telephone information may be obtained by calling the Paducah Regional Office of the T.A.H.C. - 806-402-3903.

GTE Offers Services For Deaf

SAN ANGELO - Operator services for General Telephone customers with hearing and speech impairments who use telecommunications devices for deaf customers, known as TDDs or TTYs, are now available.

The new services let customers using TDD/TTY equipment get help from special TDD operators to make credit card, collect, third number billing and person-to-person calls, as well as calls from a hotel or motel and coin phone.

In addition, the TDD operator can help TDD/TTY customers complete the call if they have a problem in dialing, receive credit for some problems with calls and obtain telephone numbers not found in the local telephone directory.

However, TDD/TTY customers are reminded that like regular voice-to-voice calls, most calls made with the help of an operator are more expensive than calls dialed direct by the customer. As a result, General Telephone urges TDD/TTY customers to save money by dialing direct when possible.

To call the TDD operator, customers with TDD/TTY equipment should dial 1 or 112, whichever is the local long-distance access code for their exchange, plus 800-855-1155. The TDD operator will answer and type a message in response.

Customers with TDD/TTY service wanting additional details on how to use this new operator service should contact their local telephone company business office and request a free TDD/TTY Operator Services informational booklet.

CORRECTION

ENERGY BRIEFS

Tips on saving fuel and money from experts at Mobil 1, a motor oil that saves gasoline.

TUNES AND AIRS

Keep your car's engine well tuned and maintain the air pressure in your tires at the levels recommended by the manufacturers.

At 30 mph, a well-tuned car can improve gasoline mileage by more than 10%, nearly 13% at 40 mph. Be sure spark plugs and ignition points are cleaned regularly, timing is checked, and the air and fuel filter elements are replaced at intervals recommended by the car's manufacturer.

Correct tire pressure and proper wheel alignment may save you 40 gallons of gasoline a year if you drive about 11,000 miles a year, because it lessens friction between tires and road. And you can improve gasoline mileage 1% for every two pounds of tire pressure needed to bring them up to the recommended standard.

Incidentally, radial tires can give you 3% to 5% more gasoline mileage in the city, up to 10% more on the highway.

PROGRESS IN WATER SUPPLY

From Roman times until the 1930's wooden pipes were efficiently used to carry water to cities and towns.

Cast-iron pipe was first employed in the United States in Philadelphia shortly after 1800. Cement pipe lined with sheet iron came into use in the late 1800's.

NOTICE

IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record. The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Annual 'Funday' Set For Charlie

Friends and supporters of Congressman Charles Stenholm are invited to the second annual Funday Festivities, Saturday, September 6, at the Ericksdahl Picnic Grounds near Stamford.

Stenholm and his wife Cindy, along with their children Chris, Cary, and Courtney Ann, will return to Texas for

the September 6 festivities sponsored by Friends of Charlie and the Stenholm '80 Committee.

Congressman Stenholm will address the gathering of friends and supporters of the thirty-three county 17th Congressional District. A down-home fried chicken picnic will begin serving at 5:00 p.m. and live entertain-

ment will also be provided.

Tickets for Funday are \$10.00 each and can be purchased by contacting the Stenholm '80 Committee office, P.O. Box 1032, Stamford, Texas 79553, or by calling 915-773-5521 for more information. In case of inclement weather, activities will be held in the Ericksdahl Lutheran Church.

Patterson Reunion Held Here

The Knox City Park was the gathering place for the descendants of the late J.W. and Elizabeth Dees Patterson. This marked the sixth family reunion for the Patterson family with the last three being in the Knox City park.

Visiting, eating, an auction of crafts, and swimming was enjoyed during the fun-filled day.

Lunch was catered by friends of the late Aimee Pratt. Since the annual gathering and the special lunch fell on the same day, family members shared that event and ordered lunches through the county event.

Money from their auction is used for the reunion expenses and adds a time of sharing as most items are made by family members.

Attending this year were Mr. and Mrs. Rex Patterson of Benjamin, Sharon Johnson, Suzanna and Stephanie of Alpine, Leona Patterson Darwin of Lubbock, Annette Patterson Hester of O'Brien, Tony Hester of Graham, Jean Kuehler and Alan of Knox City, Sue Walker and Justin of Seymour, Mr. and Mrs. O.L. Patterson Jr., Mr. and Mrs. Kynn Patterson and Jason, LaNay, Kim and Timmy Cash of Benjamin, Mr. and Mrs. Lynn Patterson, Danneva and Lynn Boy of Amarillo.

Also, Alton and Colleen Patterson of Wichita Falls, Loran and Violet Patterson of Vera, Dicky, Tina, Little Dicky and Lance of Plano, Mr. and Mrs. Bill Miller, Heidi and Gidget of Perryton, W.T. and JoEtt Cartwright and Gladys Cartwright of Benjamin, Mr. and Mrs. Robert Nix of Munday, Katy Nix and Buni Bryce of Lubbock, Mr. and Mrs. Tom Collins of Rotan, and Mr. and Mrs. Johnny Hertel of Oklahoma.

Gladys Cartwright, the granddaughter of the late J.W. and Elizabeth Dees Patterson, was awarded a plaque for being the oldest one present. Her parents along with her grandparents settled east of Benjamin in 1897. She is the daughter of the late Albert and Nelia Patterson Lawrence.

Livestock Meeting Set For Monday

The Knox County Junior Livestock Show Association will meet Monday, August 25, at 8:00 p.m. in the Knox City Vocational Ag Building.

Items of business will include discussing the upcoming 1981 show and revising and printing the rules of the show.

Jim Mazurkiewicz, County Extension Agent, encourages all interested persons to attend.

Social Security For Students? It's True

Social Security for students? It's true. Social Security isn't just for retired and disabled persons anymore.

In January 1965 a new type of Social Security benefit became available. This new type of benefit was for students between the ages of 18 and 22. Today there are approximately 800,000 students receiving monthly social security benefits.

Students are eligible for students' benefits if they are age 18 through 21; if they are unmarried; if they are in full-time attendance at an approved school; if they are the child of a person entitled to retirement or disability benefits or if they are the

child of a deceased worker who was either fully or currently insured at the time of death.

As a student beneficiary, it is their responsibility to notify the Social Security Administration if they get married; stop going to school; reduce their hours of attendance to less than full-time; change schools; have earnings above the annual earnings limit (\$3,720.00 this year); or their employer pays them to go to school.

Student beneficiaries may receive benefits during vacation periods if their vacation period is for not more than four months; were in full-time attendance before their vacation began; and they plan to return to full-time attendance or should decide to attend a school other than the school they previously reported they would be attending, they should notify their nearest social security office immediately.

If they qualify for social security students' benefits, they have the right to receive these benefits. But, as with any other right, there is a responsibility. Their responsibility is to report any change which affects their eligibility.

Jack Dozier Is Birthday Honoree

When S.S. (Jack) Dozier of Haskell became an octogenarian, the occasion was marked by an all-day gathering at their home on Lake Stamford.

On Saturday, August 16, all of their children were present to observe his eightieth birthday celebration. Most of his grandchildren and great-grandchildren were in attendance. A catered lunch was enjoyed by all and the afternoon was spent "roasting" the guest of honor and reminiscing the days of yore.

To show his enjoyment of the day and to demonstrate his agility at the ripe age of eighty, Mr. Dozier performed his well-known jig dance to the delight of all present including his wife, Evie; Gerri Whitmire of Albuquerque, New Mexico; Bud Dozier of Morgan and his family, Denise Dozier and Angela of Morgan, Stan and Linda Dozier of Meridian, and Kathy and Todd Heller of Waco; Murlene Johnston of Austin and her family, Laraine Wright of Austin, Gerald and Becky Johnston and Jeffrie of Burkburnett, Joey Johnston of Wichita Falls and Sherri Johnston of Austin; Ida Dean and Billy Gene Johnston of Knox City and their son, Nickey and Ginger Johnston, Abel and Seth of Knox City; Annett and Jackie Holmes of Odessa and their daughters, Michaela and James Lambert, Scott and Steven, and Lisa Holmes, all of Odessa; Melvin and Margin Fannin of Rule and their family, Jill and Phil Swinson of Hamlin and Gary Fannin of Rule. Also attending were Charlie Clarke of Knox City and Steve McKay of College Station.
