Hounds Vs Bearcats

Season Opener Set Here Friday Night

"How does it affect the team when several polls have picked the Greyhounds to win, not only district, but advance to the state playoff?" the News staff asked Head Coach Jimmy Rogers this week.

Coach Rogers replied, "Let me put it this way. First of all, it is an honor to be chosen; however, there is responsibility in this position, number one, you fight overconfidence, and second, you must be prepared to defend this position as everyone is

'going to come after you.' The Hounds, who are in District 4-A this year, has been chosen to the number one spot, followed by Aspermont, Jayton, Rule, Rochester, Throckmorton, Chillicothe, and Newcastle in this order.

There are four rating systems and all agree on one thing: the Greyhounds will win the District 4-A title. One poll has the Greyhounds winning the state championship, and another has them losing in the finals.

Coach Rogers has six starters back from last year's 8-2 season, plus four other lettermen, a transfer and a host of good prospects coming up from the junior varsity.

Mrs. Iola Hudson Has Recent Surgery

Mrs. Iola Hudson, who underwent knee surgery in Amarillo two weeks ago Saturday, is reported to be improving.

Mrs. Hudson recuperated at the home of her daughter and family, Dr. and Mrs. H.G. Norrid until Sunday when she went to another daughter June's home in Duncan, Oklahoma, for several days.

Correspondence may be addressed to her at 1608 Terrace Dr., Duncan, Oklahoma 73533.

Mrs. Tankersley Home After Surgery

Mrs. J.W. Tankersley, who underwent recent hip surgery in Hendrick Medical Center in Abilene, has returned to the Knox County Hospital.

Mrs. Tankersley had suffered a broken hip at her home several weeks ago.

All-district choices back Tim Roberson and second-teamers back Ricky Gonzales and tackle Andy Barnard head the list of returnees.

Defensive back Jay Rutherford, guard Kelley Boone, and end Chuck Hutchinson also started last year, while guard Arturo Rocha, center Daniel Alsides, and ends Barry Sutton and Adam White had enough experience to letter.

Guard Jackie Vaden is the transfer and he's battling for one of the starting roles, Rogers said.

Among the newcomers expected to bolster the hope of the Greyhounds are tackles Sergio Marin and Paul Taylor, center Richard Daniel, backs Glenn Hedgecoke, David Flores, Steve Lynn, Ricky Gutierrez, and James Stafford, quarterback Kevin Leach, flanker Rance Hacker, and tackle Daniel Godsey.

Coach Rogers said that Rutherford would probably quarterback the team.

The Hounds will be hosting the Hawley Bearcats Friday night, September 5, at 8:00 p.m. and it is hoped that a big number of fans will be on hand at Greyhound Stadium.

Hamlin Outscores Greyhounds, 2-0

By DAVID COUNTS

Scrimmages should indicate areas of the offense and defense that need improvement. If this is a hard rule, then the Greyhounds need lots of work.

The Hounds were outscored 2-0. The offense was scored upon once on an interception and the defense was scored on once.

The Hound defense twice stopped the Pied Pipers inside the 5-yard line. With the exception of one play, the Hamlin offense was neutralized.

In defense of the offense, I observed the Hamlin defensive line moving across the neutral zone before the ball was snapped. This does not allow the offensive line to block properly. In an actual game, the outcome would have been much different. In one 20 play series, Hamlin was flagged 13 times for observed infractions.

The JV team had a lot of bright spots in its series of 20 offensive and 20 defensive plays. Even though they JVs were outscored 1-0, they were able to look at almost every player. Excellent performances were turned in by some players that were not expected.

The second team varsity played a limited number of plays and the Hounds outscored Hamlin's second team, 1-0. The depth will be a big assist if the Hounds' season is as long as I believe it will be.

This Friday night at 8:00 o'clock, Knox City will play host to Hawley. This will be the first time Knox City and Hawley have met.

The Greyhounds, who have

been picked in several preseason polls as the team to beat in Class A this year, will be ready. Some injuries are still mending, but most everybody will be ready to play if needed.

Come back the Greyhounds. They have been working hard and now they need our support. With everyone working, no injuries, and some luck, we can have the first state championship for Knox City.

Annual Event

Sidewalk Sale Set Saturday Downtown

It's time once again for Knox City merchants to bring their merchandise out on the sidewalks for the annual Sidewalk Sale, sponsored by the Knox City Chamber of

Commerce.

The event will be an all day affair and is set for Saturday, September 6, downtown.

Previous sidewalk sales have been highly successful with shoppers as well as merchants looking forward to the event each year. The sale not only enables the merchants to mark down a slow selling item, but shoppers have fun picking out the "goodies" from a vast array of bargains.

Area residents as well as Knox City shoppers are invited to join in the fun, Mrs. Doris Crownover, Chamber secretary-manager said, so

everyone should mark the date on their calendars and remember to be in Knox City, downtown, Saturday, for loads of bargains and fun!

Methodist To Host Men's Breakfast

Men of the First United Methodist Church will be hosts for the monthly Men's Breakfast set for Saturday, September 6, at 7:00 a.m. in the church fellowship hall.

All men and boys of the community are invited to attend.

Local MD Total Is \$797.70

During local efforts of the Jerry Lewis Labor Day Muscular Dystrophy Telethon, a total of \$797.70 was collected during the 2 1/2 hour event. Members of the Knox City Lions Club had members answering telephones during the telethon at West Texas utilities.

According to Lion Dick Evatt, call-in pledges were slow with \$361.00 being accounted for. Door-to-door cash contributions totalled \$436.70. Several school students added tremendously to the total going door-to-door, Evatt said.

Good Turnout Here For PMC Field Day

Approximately 400 persons were on hand Wednesday of last week for the seventh biennial Field Day at the Plant Materials Center northwest of Knox City.

The Field Day, sponsored by the U.S. Department of Agriculture's Soil Conservation Service, included guided tours of the plant center's 92 acres of grass test plots and a speech by Bill Carr of Midland, manager of the University of Texas lands.

Carr began working with the University of Texas Lands in the late 1950s and became land agent in 1963. He is currently overseer of conservation and management of the ranges that fall within the University of Texas Lands.

A native of Big Lake, Carr graduated from Texas A&M

and got started as a rancher in Reagan County. He ranched there until 1956 when he began work for the University of Texas Lands.

Carr told guests at the PMC about the kind of conservation and range management programs that were taking place on the University of Texas Lands at the present time and what might be forthcoming in the future.

The University of Texas Lands will be working with the Plant Materials Center here testing new plants and trying to come up with new forages, cover, and forbes for livestock and wildlife, as well as for erosion control.

The center was established in January 1965, with a long-term lease from T.R. Campbell for 60 acres of irrigated land. An additional 10 acres

were obtained from Campbell in 1970, and then 22 more acres were added to the center in 1976.

The center's working relationship with state and federal agencies began in 1973 with a cooperative agreement between the SCS and the Texas Parks and Wildlife Department for the purpose of land and resource management.

The center also has cooperative agreements with Texas A&M University, Abilene State School, Texas Tech University, the Texas Department of Corrections and many others.

Work at the center is concerned generally with the northern parts of Texas and Oklahoma, and as of February 1980, there were 51 active projects going on at the center.

HERE AND THERE

In most families, September is relief month, because school is reopening. Mom gets relief from the kids. And the kids get relief from Mom.

Mr. and Mrs. Claudale Barnard and Mr. and Mrs. Charles Smith of Munday are vacationing in different parts of Colorado this week.

Mr. and Mrs. Walter Brown of Macon, Georgia, visited Mr. and Mrs. Vaughn Brooks, Mr. and Mrs. L.A. Covey and family, and Mr. and Mrs. Johnnie Ivie and girls last week. Mrs. Brown is the former Barbara Brooks.

Joey Johnston of Wichita Falls spent a few days with his grandmother, Mrs. Lorata Johnston, last week.

Rev. Bill Trice was honored with a surprise ice cream and cake supper after prayer meeting last Wednesday night. He celebrated his birthday and I think he's 39 and holding.

Jerrold Lee of New Home spent last week with the Ivan Rowan family. His parents, Jackie and Donna, came for him and spent the night Thursday night.

Ronnie Green of Dallas visited the Sam Johnstons and C.H. Underwoods last Monday night. Ronnie was in college with C.H. and Jim and Don Johnston at South Plains College in Levelland in the sixties.

Mr. and Mrs. Kenneth Draper and Brad of Lubbock visited Mr. and Mrs. Leslie Draper and Mark Saturday night.

Bernice Rowan had her son, Lowell and family of Denton, over the weekend. They visited the Trey Burson family in Haskell Saturday.

Mr. and Mrs. Donnie Roberts were in Dallas over the weekend and attended the Dallas Cowboys and Pit-

tsburg Steelers football game.

Mr. and Mrs. Orval Manning visited their son, Royce and family in Abilene, last week. The men played golf in San Saba on Wednesday.

Marvin Manning visited Mr. and Mrs. Bill Manning in Iowa Park over the weekend. Marvin will go to Dallas this week for eye surgery. Charlene Brothers will go and be with him.

Butch Banner and sons, Kevin and Kenneth of Hawley, visited Mr. and Mrs. C.B. Banner and Mr. and Mrs. A.L. Cameron Saturday. Larry and Shane Gibson

and a friend of Shane's, spent Sunday night with Mr. and Mrs. J.O. Brothers and Craig and hunted doves on Labor day.

Ruth Johnson is a patient in the Knox County Hospital and Willie Sparks and Dell Hicks are in Hendrick Medical Center in Abilene.

Mr. and Mrs. Tom Ervin and son Todd of Oklahoma City spent Saturday night with the Clyde Coveys.

Felton Herring of Fort Worth spent the weekend with Mr. and Mrs. Ranzy Herring.

Old age is when a fellow stops asking "What's new?" and begins saying "I remember when."

Stovall Rites Held Wednesday

Graveside services for former Knox City resident Floyd Marcellous Stovall were held Wednesday morning, September 3, at ten o'clock in the Knox City Cemetery with Smith Funeral Home in charge of arrangements.

Mr. Stovall, 64, died Monday, September 1, at 11:10 p.m. in the Veterans' Administration Hospital in Big Spring following a lengthy illness.

Born October 19, 1915, in Knox City, he was the son of the late Rev. Claud Stovall. He retired from the Texas Game and Fish Commission in 1965 as a Game Warden. Mr. Stovall had resided in Lubbock for 12 years prior to moving to Big Spring. He was a member of the First Baptist Church in Abernathy and was a veteran of World War II.

Survivors include three sons, Jim of Gladewater, Mark of Big Lake, and David of Lubbock; a brother, the Rev. Claud Stovall of Albuquerque, New Mexico; and five grandchildren.

Peggy Whitten Is Awarded Scholarship

Peggy Whitten registered Thursday of last week at Midwestern State University in Wichita Falls as a second year student in the Associate Degree Nursing Program. Mrs. Whitten was the recipient of a 1250 scholarship awarded from the E. Paul and Helen Buck Waggoner Scholarship Fund, given each semester to a nursing student meeting certain qualifications and criteria.

Institutions Receive Ad Valorem Tax Checks

AUSTIN -- State Comptroller Bob Bullock Friday sent checks totaling \$17.7 million to 17 Texas colleges and universities from what will probably be the last distribution of the state's 10 cent ad valorem tax.

The money comes from taxes collected under the state's 10 cent per \$100 levy on property taxes since September 1, 1979 and will go to the schools' building funds.

Under the state's new property tax code, ad valorem taxes are now assessed at .0001 percent of appraised value.

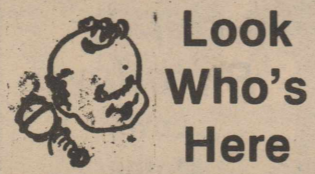

The \$17 million distribution is part of more than \$47.3 million in ad valorem taxes collected and distributed to Texas schools this year, Bullock said.

Income from ad valorem taxes billed to taxpayers this fall will be at the new rate and income is expected to be significantly less, he said. Schools receiving funds include:

Angelo State, \$778,577; East Texas State University, \$389,288; Sam Houston State University, \$1.6 million; Midwestern State University, \$270,732; Pan American University, \$1.7 million; Stephen F. Austin, \$1.6

million; Southwest Texas State University, \$2.4 million; and Lamar University, \$964,374.

Also, Sul Ross University, \$61,932; Texas A&I University, \$222,956; Texas Southern University, \$1.7 million; Texas Tech University, \$674,177; Texas Womens University, \$364,515; UT at Arlington, \$2.2 million; University of Houston, \$1.2 million; West Texas State University, \$217,647; and North Texas State University, \$1 million.

Mr. and Mrs. Tommy Collins are the proud parents of a baby boy born August 27 at 3:20 a.m. in Wichita General Hospital.

The baby, who has been named Aaron William, weighed seven pounds, four ounces, and measured 20½ inches in length.

Maternal grandparents are Mr. and Mrs. J.B. Reynolds of Knox City and Mr. and Mrs. Willie Collins, also of Knox City, are paternal grandparents.

Maternal great-grandparents are Mr. and Mrs. R.L. Guthrie of Palestine and Mrs. Ida Reynolds of Knox City.

Roy Reynolds of Knox City is paternal great-grandfather.

Young Farmers Organize In Munday

An organizational meeting of a Young Farmers Association for Knox County was held Thursday night of last week.

The meeting was called to order by Jack Campsey, who along with Greg Rawdon is vocational agriculture instructor at Munday High School.

These men will be advisors to the newly formed organization.

Officers of the new association are J.W. Michels, president; Gary Tidwell, vice president; Don Hawkins, secretary; Barry Ratliff, reporter; and John Reneau, treasurer.

The association will meet on the first Tuesday of each month at the ag shop in Munday High School.

Membership is not limited to just farmers or to any age group. The basic purpose of the Young Farmers Program in Texas is to provide educational experiences and opportunities for persons engaged in the production agriculture enterprises of farming, ranching and the many expanding agribusiness segments of the State's agriculture industry.

Interested persons are urged to attend and take part in the program of education, leadership, community service and recreation, officials said.

SCHOOL NEWS

The first bell of the new school year rang out last Friday week and a bunch of enthusiastic teachers and kiddoes began their new year. The first week was much as it usually is, organizing, electing officers, a couple of scrimmages and getting used to the "grind" again. But come this morning, (Monday), I think it was mostly work.

Class officers for the new year and their sponsors are: Seniors - Mark Oxford, president; John Mark Kinnibrugh, vice-president; Becky Welch, secretary; Eddie Romo, treasurer; and Vernon Smith, sponsor; Juniors - Sheila Jones, president; Eric Redder, vice-president; Laura Reed, secretary; Michelle Bufkin, treasurer; Belle Grill, sponsor; Sophomores - Alan Baty, president; Wendy Pollock, vice-president; Twylah Pierce, secretary; Toni Benson, treasurer; Deborah Windram, reporter; Tracy Baty, sponsor; Freshmen - Lori Griffith, president; Troy Pratt, vice-president; Beverly Tolson, secretary; and Buddy Hale, sponsor.

The FFA also elected officers. They are John Mark Kinnibrugh, president; Mark Oxford, vice-president; Shannon Ryder, secretary; Eddie Romo, treasurer; Jim Mancille, sentinel; Eric Red-

der, reporter; and Buddy Hale, advisor.

The 1981 Mustang annual staff is off and running. They spent a couple of days last week selling ads in the area towns. The staff includes Stacia Carver - Editor, Shannon Ryder, Eddie Romo, Michelle Bufkin, Sheila Jones, Kim Conner, Toni Benson and Kent Hertel. Susan Carver is sponsor.

OFF TO COLLEGE

The following Benjamin youth have enrolled in various colleges for fall semester.

Going to Vernon Regional Junior College are Sheila and Billy Carl Benson, Joey Pierce, Mary Barrientz, Jimmy Robinson, Lewis Lee Baty, and Lisa Carlisle.

Craig Hertel has enrolled in Midwestern State University and Debbie Lindsey and Jessie Estrada have enrolled at Western Texas College in Snyder.

If I missed anyone, let me know!

BENJAMIN FFA NEWS

"Join Agriculture's New Generation" is the FFA theme for this year.

This week will involve getting the FFA Farm ready to plant wheat on the three acres. This provides good learning experiences in breaking out new land for production. A fence around the farm will be the next big project for the students.

The hayride is on September 9 at 5:30 p.m. at the Benjamin City Lake.

Calf scrambler Ancel Redder will participate in the West Texas Fair and Rodeo this Saturday. The student who catches the calf is awarded money to buy livestock projects.

'Salt' Discussions Begin At Foursquare

The Interdominational Christian Women's group, which meets on Thursday mornings, is resuming its study on the book, "Lord, Change Me", beginning September 4.

Several women met the entire summer to share and pray for the community, churches, and individuals. They are now beginning with a new name, "SALT", taken from Jesus' words in Matthew 5:13, "Ye are the salt of the earth."

By sharing and learning together, they hope to minister to any and all women of the area through the Bible, study, fellowship and prayer. The women meet each Thursday morning from 9:30 to 11:00 in the Foursquare Church and a nursery will be provided.

The time was set to allow those women with preschoolers to drop them off for school and then join the meeting. Everyone is invited to attend.

Benjamin Mustangs To Meet Woodson

Coach Benny Grill's Benjamin Mustangs will travel to Woodson Friday night where they begin season play at 8:00 p.m.

The tough District 3-A Six-Man includes Benjamin, Goree, Vernon Northside, and Harrold.

Coach Grill said, "I think Goree will be playing football for a long time this year. They might win state."

But those close to the scene say not to rule out Grill's team. He has two all-district picks returning in back Mark Oxford and defensive end

Eric Redder. The Mustangs have returning all-purpose back Mark Oxford, who besides leading the team in rushing with more than 1,000 yards, also led Benjamin in passing. He will be a force to be reckoned with anytime someone tees it up against the Mustangs.

Center John Kinnibrugh, who has been moved to tight end, split end Stacy Groves, and back Jim Mancille also started.

Split end Mike Bufkin, who did not play last year and back Eddie Romo, up from the junior varsity, should play a lot, he said.

Sterling Lewis of Lewis Deluxe Paint & Body Shop, Knox City, receives his copy of the new Big Country Telephone Directory from Jim Hilger, area manager of the Big Country Directory, Abilene.

NEW TELEPHONE BOOKS ARE HERE!

The new Big Country Telephone Directory for Knox, Baylor, and Throckmorton counties has now been delivered. This directory includes Seymour, Knox City, Munday, Throckmorton, Benjamin, Elbert, Goree, Lake Kemp, Megargel, Truscott, and Woodson.

The new phone book is published annually by Associated Publishing Company in Abilene and is a handy reference of business buyers and sellers in this area. It is designed to be a complete source of information in both the white and yellow pages.

Geographically designed, one book covers an entire market area and is compact with easy reference. It is the most complete source of information on businesses and residences in this area. It is also available to guests at area motels. Particularly significant are the lower advertising rates, according to Jim Hilger, area manager.

As the Big Country Telephone Directory is put into daily use in the area, the Knox County Community will find it most useful and very convenient. If you have not received your free copy, pick one up at Lewis Deluxe Paint & Body Shop, 106 N. 2nd, or at the Chamber of Commerce.

CHIEF'S NOTES

By DAVE THOMPSON
KNOX CITY CHIEF OF POLICE

In the past few weeks, the police department has received a rash of complaints from various neighborhoods about problems with juveniles in those areas. Most of the complaints have come from the residential area in the southeast part of Knox City. Whenever we have complaints presented to us, we attempt to do the best job that we can in trying to eliminate the problems that are occurring. One problem that we face is the always present problem of persons not wanting to "get involved" and therefore, not reporting problems.

There are several families in town who are working with us and reporting problems that they are having with youngsters in their areas. We do appreciate this and will do all that we can to help out. There are many avenues open to us in dealing with these problems, both state and local agencies are more than willing to help the police department in matters relating to juveniles.

Sammy B. White, who heads the state office here in Knox County for dealing with child abuse, has offered his services to us and has proved to be very valuable with past matters that we consulted about with him. Several area ministers from our local churches are also willing to offer their services with counseling should the need arise.

Most of the problems that have been reported to us in the past deal with juveniles who appear to "run wild" in their neighborhoods and generally pester other residents. These problems can be dealt with if they are brought to our attention. Solutions can range from informal talks with the

juveniles involved and their parents, to more former juvenile court hearings. Formal proceedings are only used as a last resort, but they are sometimes necessary for the protection of all involved. We do not and will not attempt to tell parents how to raise their children, but we can present legal alternatives that will affect both parents and children should the need arise. No juvenile has the right to break any law any more than an adult does, but when it comes to a child, legalities dictate that they be handled differently than adults would be in the same

circumstances. If you are aware of problems with juveniles in your neighborhood, I urge you to bring them to our attention so that small problems can be corrected before the youths get older and into much more serious trouble. By working with youths at a young age, many future problems can be avoided by providing the right guidance or penalty needed to set the youths on the right track to becoming responsible adults in their future lives. This is not something that we or the other agencies can do alone, we need your help too.

JOIN AGRICULTURE'S NEW GENERATION is the FFA theme for a new year. Benjamin FFA member Randy Engbrock is shown here with Dallas Dykes-Eaton Construction as they clear off the FFA School Farm. (Benjamin FFA Photo)

Once Blind, He Now Works For The Blind

There will be an old yellow bus parked in downtown Knox City one day this week and chances are that music of the "good ole days" from two large speakers mounted on top of the vehicle will draw everyone's attention to its location, that is, if a tall, slender, elderly man wearing thick glasses with a warm smile and friendly handshake doesn't get their attention first.

Robert (Bob) Price, a native of Hollywood, California, will park his old bus in downtown Knox City, possibly on Wednesday afternoon or Thursday, and will be asking persons to chat with him for just a few minutes concerning the Lions Club Eye Donor program. He will be actively soliciting signatures of persons who would donate their eyes after death so others could see.

Price has a special interest in this program. He was totally blind for 20 years before receiving a corneal transplant some three years ago through the program. "I know what it is like to be able to see, to suddenly lose my sight, and then to see again. I have been doing this over two and one-half years. I personally have signed up 7,500 people," Price said proudly. "In all, I know of 9,000 who have offered to donate their eyes so that others might see."

He hails from Hollywood where in his younger days he was a sound man as they were called on the movie sets those days. "There's no need to identify which movie company for whom I was working at the time of the accident," Price said. "It has been such a long time ago, it would have little meaning now. All I remember was an explosion. One minute I could see, the next I couldn't."

Price had to learn to live with blindness. He progressed to the point that he obtained a seeing eye dog. It was then that he received a corneal transplant and could see once again. The trans-

KNOX CITY Lions Club president Barney B. Arnold, at right, is pictured with Bob Price, who travels all over the country soliciting donor signatures from persons who would donate their eyes after death in order that others may see. The bus is scheduled to be in Knox City one day this week.

plant came from an unidentified 18 year old girl who had signed a donor card such as the one Price will be explaining when he visits Knox City. The visit is being sponsored through the Knox City Lions Club.

Inside the old bus will be some of the equipment that radio stations used in years gone by. Carefully catalogued are many records

which he plays over the loud speaker system.

"It's some of that good ole-time music that people really like to hear," Price said. "Here is the original equipment that cut these records."

Price may be found anywhere. He travels to rodeos, fairs, grand openings, and other such events. He has appeared on the television show "Real People" and says

he does anything which will draw more attention to the Lions Eye Donor program.

While he is busy with the present, his fondest memories are of the past, when he was the sound man for such radio favorites as Fanny Brice and her rendition of Baby Snooks. One of his best friends is Red Skelton and he also worked with Fieber McGee and Molly.

"Remember the Lucky Strike Hour? That was one of my favorite shows to work," Price recalls. "I was there in the early days of Jack Benny, Bing Crosby, and though I wasn't around John Wayne much, 'The Duke' knew me well enough to speak."

Price always gets back to that one, most important message -- "Turn in those old eyeglasses you aren't using anymore to the Lions Club. But most important of all, fill out this donor card so another blind person can see again."

I know what it is like to be blind to be able to see again," Price said. "It's wonderful!"

Price has assumed the voluntary role of "good will ambassador" in this work for

the blind, asking for no donations at all. "I can never do enough to repay for the restoration of my eyesight," he explained. Lions Clubs where he visits do help with his actual expenses, he said.

Dear Billye Bess,

Enclosed is my check for the paper for another year. The paper means so much to me as I can hear about people that I know that maybe I wouldn't hear a word.

I am visiting in Irving this week with my daughter's family, the Browns (Dorothy). Also visiting is my daughter, Ruby Crebbe from Visalia, California. Ruby lost her husband in May. We will be going to Lockhart for a Paul reunion and I am hoping to meet all seven of my children there.

I am taking several of *The Knox County News* with me to the reunion.

Thanks for the news. Hope someday I may meet the KC bunch when they come to the Grapevine Opry.

Let us also lay aside every weight, and sin which clings so closely, and let us run with perseverance the race that is set before us, looking to Jesus the pioneer and perfecter of our faith... (Hebrews 12:1-2)

There is a great way to overcome tiredness and frustration—that is to lay aside the heavy weights that sap your strength; such weights as fear, hate, greed, irritation, and all types of sin. In fact the latter is the heaviest of all weights and is specifically mentioned in the scripture. Sin puts abnormal burden on the mind and it becomes very heavy. In time sin becomes an intolerably heavy weight, so it must be laid aside if we are to run the race of life and win. Go ahead with perseverance, keeping Jesus in mind. He will sustain you always. If you practice faith daily, you need not be the victim of abnormal tiredness. Through average rest and waiting upon God you can be renewed with vitality every day, and rejoice in His Holy Presence. For He said, "...My presence will go with you, and I will give you rest." (Ex. 33:14).

Royalty Owners Face Tax Burden

According to Dr. Tom Haywood, Executive Vice President of the North Texas Oil and Gas Association, a move to substantially increase state taxes on oil production is a strong possibility in the next session of the Texas State Legislature.

"It appears to me that the movement is resulting for two primary reasons," Haywood said. He explained that the reasons are a lack of understanding as to who would really pay the tax and a misunderstanding about the future of oil income in the state.

The Windfall Profits Tax is often misunderstood because of the complexity of its provisions. The bill does include a severance tax adjustment, up to 15 percent. But Haywood stresses that this is not a tax credit. He points out that if the state were to increase the tax from its present 4.6 percent to the maximum of 15 percent, then every Texas interest owner

would have to pay an additional tax burden of up to \$3.15 per barrel.

"Most Texans realize that producers need this money for drilling new wells", Haywood stated. "The only way to reduce dependence on OPEC oil is to use less and produce more; and additional taxes work counter to increased production goals," he said.

Haywood also spoke up for royalty owners saying they have already been hit hard by the federal tax and that so many of them just can not afford the burden of additional taxation.

The future of oil income in Texas is also being used as a reason for increasing taxes. Ed Vetter, Energy Advisor to Governor Clements, reportedly said in Houston last week that petroleum currently pays about 18 percent of the state tax bill, based on 1979 figures. Projections indicate that at the present tax rates, this figure will increase to over 20 percent to between \$4.5 and 5 billion in 1982-83.

Vetter said that if the cost of crude oil remains constant except for inflation increases while production declines, then the state will not have the funds which are needed for increased services. But, Haywood says that this line of reasoning ignores two critical points. First, any commodity which is becoming scarcer can be expected to increase in value at a rate greater than inflation, he says. Thus, the price of crude can be expected to increase in real dollars in the future.

Regarding future Texas production, all projections do point toward a decline in Texas crude oil output and it

is probably not possible to reverse this trend. But, Haywood says that Dr. Bill Fisher, Director of the Bureau of Economic Geology in Austin, says that the decline rate can be moderated somewhat by increased drilling and enhanced recovery of oil.

An aide to Governor Clements recently said that Clements is neutral on the question of increasing the severance tax on crude oil.

Haywood said that all members of the petroleum industry should do everything possible to educate the public and decision makers in Austin if the increased taxation is to be avoided.

To Kickoff Cattleman's Round-Up

WTRC Barbecue Set September 6

SAN ANGELO -- When cowboy movie star Rex Allen said "I do" to the idea of an annual West Texas telethon to help the handicapped, it was almost like a marriage made in heaven.

The veteran of the silver screen soon became the public spokesman for the West Texas Rehabilitation Center and its subsidiary, the annual Cattleman's Round-Up for Crippled Children.

Rex Allen is returning to the land of "his roots" on September 6 when the 21st annual Cattleman's Round-Up for Crippled Children Kick-off Barbecue debuts near San Angelo.

"My daddy grew up at Robert Lee and until he died he always talked about the good life around San Angelo," Allen commented. "I am looking forward to coming down on the Concho River."

WTRC executive director Shelley V. Smith went to San Antonio about 20 years ago

while Allen was performing at the fat stock show rodeo and they talked about the Rehab Center. From that meeting the telethon was born and the CRCC program enhanced.

Rex Allen is our national honorary chairman for the Cattleman's Round-Up," Smith said. "He talks the cowman's language."

CRCC directors, area and county chairmen, and livestock donors from across West Texas have been invited to the evening with Rex Allen at The Hollihan Acres, one mile east of Mertzon on Highway 67. The CRCC Kick-off event is hosted by Jerry Stokes, the Handy Packing Company, and Hollihan Friends.

"CLICK."

"CLICK." That's where energy conservation begins. Turning off unnecessary lights, running the clothes washer, dryer, and dishwasher only with full loads. Turn the TV off when you leave it. Set your thermostat at 78 degrees for cooling and at 68 degrees for heating. These are simple conservation measures that can add up to big savings with just a little effort.

For even greater energy savings be sure your home has adequate insulation in the walls and ceilings. Double paned windows or storm windows and doors also help to insulate.

Weatherstripping and caulking are important to help keep your heating or cooling inside where it belongs. An energy efficient heat pump can provide 200% efficiency for summer cooling and winter heating.

All of these conservation measures can save you energy. And saving energy means you're saving money, all year long. West Texas Utilities wants you to get the most for your energy dollars. If you want more information on energy conservation we'll have one of our energy consultants assist you free of charge. Just call WTU.

SENIOR CLASS NEWS

By Kay Howell
The seniors have been working for a week now trying to raise money for our trip. The selling of names for the back of the Greyhound roster came to a grand halt this morning with nearly everyone bringing in the required amount. Thanks for working, fellow Seniors.

The Greyhounds have the first game of the season Friday night at 8:00 against Hawley. The Senior leadership has proved true so far in football and hopefully it will continue.

BAND NEWS

By Mindy Hutchinson
This year, the band has gotten off to a very good start. We are playing very well considering we started out this year with twenty people. We now have worked our way up

to about forty students. Mr. Wupperman is doing a very fine job and through his help and our drum major, Missy Whitley, we will be off to a good beginning. We have worked on basic fundamentals in both marching and music. We began this week on putting a show together which will be displayed Friday night. The halftime shows will begin simple and will begin to be more complicated as we progress.

SOPHOMORE NEWS

By Angie Bateman
The pep club had its first meeting last Monday night. We started our new school year off by electing officers. Mindy Hutchinson, a junior, was elected president. Mary Albus, a senior, was elected vice-president. Patty Durham, a junior, was elected secretary-treasurer. Kim Whitley and Angie Bateman, both seniors, were elected as reporters.

Our cheerleaders have been working hard this summer getting ready to cheer on our mighty Greyhounds! The drill team has been working very hard on their cute dance routines. We all hope we can cheer and perform real good this year.

Other pep club members have been busy deciding on their uniforms. They have decided on red and blue

striped shirts. They plan on looking and sounding good. Get ready for a great football season with lots of spirit! See ya at the game Friday night.

FHA NEWS

By Mindy Hutchinson
On August 23, a shock came to quite a few young ladies. At 4:30 Friday morning, the officers of this year were up to a frisky morning. The freshmen were initiated in a "come as you are" party and everyone had a good time along with them.

The officers picked each girl up around five and it came as a big surprise. Everyone met at the MSystem at 5:30 and we had all the girls doing jumping jacks in the parking lot. We then proceeded to the Home Economics room in the high school where some very gracious mothers prepared one of the best breakfasts ever. We then played "Simon Says" and proceeded to take the girls home where we planned Chinese fire drills and little rendezvous into Allsup in little nightgowns. We did have a very nice

time. This year we have a good crowd in FHA and we hope to have a good year.

Boone Girls In Team Tournament

Kristi and Leah Boone participated in the Youth Team Tournament held in Dallas during the Texas Quarter Horse Association State Championship Finals.

The tournament featured teams from throughout the state of Texas. Each team entered two members in each of the six classes used in the tournament. Those classes were showmanship, western pleasure, western horsemanship, hunt seat, reining and barrels.

Kristi and Leah were members of the Panhandle Quarter Horse Exhibitors Tournament Team, which placed fifth in the tournament. Riding Feather Lite, Leah placed seventh in both reining and barrels, while Kristi placed sixth in barrels on John's Choir.

The girls are the daughters of Mr. and Mrs. Joe Boone of Knox City

Houndettes Open 1980 Volleyball Season

By Coach Steve McIlhane
Last week, the Houndettes traveled to Vernon Northside and won both varsity matches. In the first match the Houndettes won 15-1 and 15-13. The second match took three games as the team won 15-11, 12-15 and 15-1. The JV's did not do as well, losing 15-3 and 10-15.

The varsity played well most of the time doing a good job of setting and spiking. Mary Albus and Mindy Hutchinson did most spiking with Kay Howell and Chayo Garcia doing the setting. Our biggest weakness was receiving the serve and passing to the setter. We also had problems serving which is a must to be able to score.

This was the first high school game for several of our JV's and most were a little nervous which made them

slow in reacting to the ball. Our serves were not good which caused us to turn the ball over without a chance to score. They will get better with each game.

The Houndettes do not have a district opponent this year

SWANN ON SPORTS

By Lynn Swann
National Director
Hi-C. COOPERATION

No one seems to know who played the first baseball game, but as long ago as 1700, the Rev. Thomas Wilson of Maidstone, Kent, England, wrote disapprovingly that the game was being played on Sundays. English novelist Jane Austen also mentioned baseball in *Northanger Abbey* in 1798. By that time several primitive forms of the game were being played in the United States.

Do you know how baseball got its name? At one time bases were marked by stakes, but these frequently caused injuries. They were replaced first by stones, later by sand-filled sacks. Soon the sacks were identified as "bases," and the game of "baseball" was so named.
