

For Knox County Nutrition Program

Good Turnout For Center's Opening

Approximately 125 persons were on hand Monday for the grand opening ceremonies of the Knox County Nutrition Program's Senior Citizens Center at 606 East Main Street.

The project for aging services, sponsored by Knox County, is one of two pilot programs in the state. Knox County's began in 1979.

Mrs. Lillian Logan, coordinator for Knox County Aging Services, welcomed guests to the new center.

Church of Christ minister Bill Oden gave the invocation.

Special music was provided by Charlotte Patterson, who sang "Somewhere Over the Rainbow". She was accompanied at the piano by Mrs. Elizabeth Wilson.

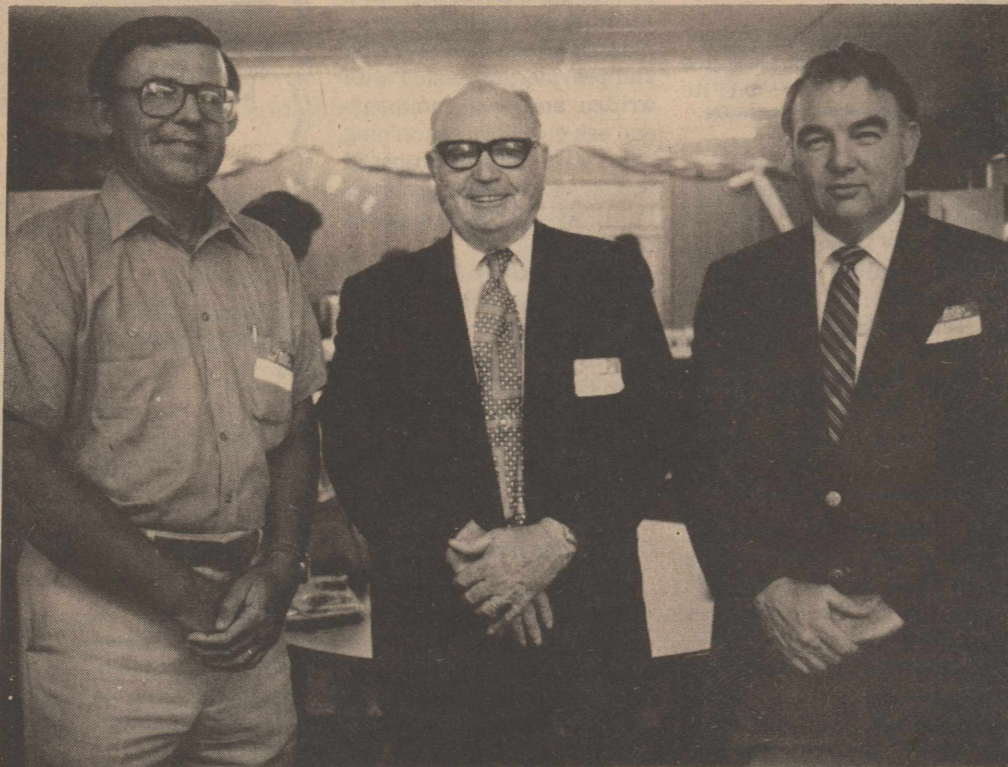

Other entertainment was by Stacy Angle who sang "One Day At a Time" and "Try A Little Kindness."

Bobbie T. Gallagher, executive director of the West Central Texas Council of Governments, told the guests that the strong local leadership was responsible for the Knox County program and that he and his staff were here "to celebrate with you, thank you, and congratulate you." He expressed appreciation to Bill Baker, superintendent of schools, and Henry J. Jones, school board president, for their school leadership. He introduced Mr. Baker who told guests that through his association with WCTCOG over the years that he had always found the staff to be equally fair in its distribution of projects and funds within its 19-county district.

Mr. Baker then introduced State Representative Bill Heatly of the 101st Legislative District which includes Knox County.

Mr. Heatly expressed his appreciation to Mr. Baker for his help with school financing, telling guests that "Bill Baker knows more about school financing than any other person I know and when I need help, I call on him." Heatly also expressed appreciation to County Judge Homer T. Melton and his court, including Commissioners Billy G. Johnston, Bobby Roberson, Lee Patterson and Philip Homer, for their presence, as well as County Treasurer J.T. Cypert, Tax Assessor-Collector John A. Smith, and County Attorney Joe Reeder.

Heatly, who has the reputation for taking care of the rural communities, explained that re-districting is due to come up before the legislature again and that he's hoping that he will continue to have the good, rural counties that he now has. He also said that he did not know for sure who was responsible for initiating the senior citizens program, but he'd like to say "Amen" to it. He said he felt that it was the finest program that has come along in a long time. "Many younger citizens do not realize that it is the senior citizens who have maintained a good solid footing for our country. And it is these same persons on whom we depend for good solid thinking," he continued. "We feel in the congress and in the legislature that it our duty to help these older citizens," he said.

ADDRESSING THE GUESTS Monday noon at the Senior Citizens Center was State Representative Bill Heatly, center, who was introduced by School Supt. Bill Baker, left. Bobbie T. Gallagher, at right, executive director of WCTCOG in Abilene, also addressed the group.

OFFICIALS FROM West Central Texas Council of Government joined Mrs. Lillian Logan, coordinator for Knox County Aging Services, pictured seated extreme left, for the grand opening of the Knox County Nutrition Program's Senior Citizens Center Monday. Others seated from left are Dot Vandervelce of Abilene and Ernestine Sisk of Austin. Standing from left to right are Susan Johnson, Walter Graham, and Bobbie T. Gallagher, all of Abilene.

City officials from Knox City and Munday were present as were persons from Goree, Benjamin, Truscott, Gilliland, Rhineland, Throckmorton, O'Brien, and Rochester.

Meals will be served at the Senior citizens Center in Knox City five days a week, and participants are encouraged to take advantage of the beautiful facility.

Hospital Auxiliary To Meet Monday At 8

The monthly meeting of the newly formed Hospital Auxiliary will be held Monday night at 8:00 o'clock in the dining room of the Knox County Hospital.

Several of the officers were planning to be in San Angelo Wednesday and Thursday of this week to attend the District VI-A meeting of the Texas Association of Hospital Auxiliary hosted by St. John's Hospital Auxiliary, and co-hosted by Angelo Community Hospital Auxiliary, Baptist Memorial Geriatrics Center Auxiliary, and Shannon West Texas Memorial Hospital Auxiliary.

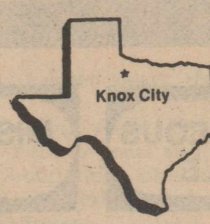

All women in the community and surrounding area are invited and encouraged to become a part of this vital link with the hospital, Peggy McGaughey, president said.

The event has been scheduled in conjunction with the Coming Home game to be held Saturday night when Knox City hosts Munday. A flag-raising will open the ceremonies and a pep rally will be held during the 4:00 p.m. program with the Pep Club, Band, Drill Team, Football Team and Student body on hand to 'get things off to a good start', according to officials.

David Counts, who has been chairman of the park project, will deed the property over to the city on behalf of the Chamber of Commerce.

The Horticulture Class and Jim Dillon, along with FFA classes and Leon Burkham have spent many hours on the park, which reflects the beauty with the blooming flowers and well-kept grass. The metal fence and wall on the north side of the park is the handiwork of Mr. Burkham and his students.

Everyone is invited to attend the dedication on ceremonies and see the efforts of many who wanted to complete the project Martha Jones had in mind before her untimely death. The park will be known as Pioneer Merchants Memorial Park.

Hounds Claw Bearcats, 53-12

By DAVID COUNTS

Whee! What a long game. Over three hours to complete the game. The outcome of the game did not take so long as the Knox City Greyhounds outscored the Hawley Bearcats 53 to 12.

The Hounds scored three touchdowns in the first quarter and three in the second to take a 41-0 lead into the locker room at halftime.

The Bearcats tried to make a game of it until Ricky Gutierrez ran around the right end for a 41 yard score. Rickey Gonzales then kicked the extra point to make it 7-0 Hounds with 4:33 left in the first quarter.

A 41 yard pass play from Jay Rutherford to Adam White to the Bearcat four yard line set up the second Hound score with Jay Rutherford carrying the ball over from the one for the touchdown. The extra point try failed and it was 13-0 with 1:05 left in the first quarter.

The Hound defense did an excellent job. Andy Barnard and Chuck Hutchinson kept pressure on the passer and turned in the wide plays where Arturo Rocha, Kelley Boone and Jay Rutherford mopped up the Bearcat ball carriers or caused the passes to be off target.

With the first quarter drawing to a close, Ricky Gutierrez returned a Bearcat punt 71 yards behind a wall of Hound blockers for a touchdown. Gonzales' boot was good. Score, 20-0.

With the close of the first quarter, the Hound first team offense had seen about all their play as a unit for the night.

Freshman Steve Rutherford, brother of senior quarterback Jay, burst on the scene with a 32 yard punt return. The second team offense led by Tyke Meinzer took over. Meinzer coolly passed 24 yards to Rance Hacker setting up a four yard touchdown run by Tim Roberson for the touchdown.

On the try for the extra point the ball got loose. Rickey Gonzales picked it up and ran into the end zone for two points. Score 28-0.

After the kickoff, Glen Hedgecock intercepted a Bearcat pass and ran it back 47 yards for a touchdown. Gonzales' boot was good. Score, 35-0 with 9:04 left in the first half.

The Hounds had scored 35 points in a seven minute span.

On the kickoff, the Hounds recovered a Bearcat fumble but were unable to do anything with the opportunity.

The first team offense came back onto the field shortly before halftime and the ball was first and ten on the Hound 26. Seven plays later Ricky Gutierrez ran over from the two yard line. Tyke Meinzer missed the extra point try. Score at halftime was Hounds 41, Bearcats 0.

To open the second half, the Hounds had a loud drive from their own 17 with Glen Hedgecock running it over from the five yard line. Extra point try failed. Score 47-0.

Ricky Gutierrez was removed from the game to rest after this drive. He finished the game with 156 yards rushing on seven carries and three touchdowns. Two of his long runs

had to be called back because of penalties.

Not much rest for the Bearcats. Behind excellent blocking of the Hound offensive line, Steve Rutherford ran 11 times for 69 yards. Steve Lynn carried five times for 25 yards before he broke his collarbone. The report after the game was that Steve had a clean break. With some luck, Steve could be back before the end of the season.

David Flores ended the Hound scoring late in the game when he ran 10 yards for a touchdown. The extra point try was no good.

The Hounds gave up two touchdowns on passes to make the score 53-12 as the game ended.

Heads up play on defense was led by Steve Rutherford, intercepting three passes; Glen Hedgecock, 1; Jay Rutherford, 1; and Tyke Meinzer, who recovered a fumble.

Most everyone that was not injured played and played well. It was a fun game for the Hounds, with the exception of Lynn, to open the 1980 season.

Now back to the real world. Next week, the Hounds must go to Seymour for an 8:00 o'clock game with the Panthers. The Hounds can win the game but they will have a more difficult time than they enjoyed this week.

News To Close During Noon

The News office is beginning a new policy, closing for lunch each day from 11:30 a.m. until 12:30 p.m. Those customers who use

the noon hour for purchases will have 30 minutes either way to find the office open if they take the usual 12:00 to 1:00 noon hour.

REMINDER

A story will appear in next week's News prior to the Coming Home game with Munday on Saturday night, September 20, at Greyhound Stadium.

However, in an effort to contact out-of-town students, teachers, and friends, this reminder appears this week in order that these folk may make plans to be here.

Knox City and Munday are no longer in the same district, but the rivalry still exists and this year, with former Knox City coach Jerry Lowrey as head coach at Munday, and Knox City graduate Rogers Lankford as another Munday coach, the game should be more than exciting to say the least!

Remember the date, Saturday, September 20, and plan to Come Home!

Estimated Tax Payment Due Soon

Individuals who do not have enough tax withheld, must make the third installment of estimated 1980 federal income tax no later than September 15, 1980, the Internal Revenue Service said.

Generally, taxpayers having estimated tax of \$100 or more and estimated gross income not subject to withholding exceeding \$500 must file Form 1040-ES, "Declaration of Estimated Tax for Individuals."

Taxpayers who filed estimated income tax last year will receive Form 1040-ES tax packages by mail. The package includes a set of instructions, an estimated tax worksheet, and declaration vouchers, the IRS said.

Those persons who do not receive Form 1040-ES tax packages, but are required to file a declaration of estimated tax, may obtain them from local IRS offices.

A handy IRS pamphlet, Publication 505, "Tax Withholding and Declaration of Estimated Tax" is available free from local IRS offices.

"As surely as a wind from the north brings cold, just as surely a backbiting tongue brings anger." (Proverbs 25:23)

Resentment is a widespread cause of failure and illness. If you live above resentment you will have joy, serenity and a wondrous state of well being. Also you will have fewer enemies. Emotional reactions govern relationships. Backbiting and anger drives black, cold rain clouds before you and a mean tongue stirs up storms. How different when one does not backbite, but rather, with self control, maintains composure. Then there are no storms, only peacefulness.

The Word of God gives us a great blueprint for skillful living. "Let all bitterness and wrath and anger and clamor and slander be put away from you, with all malice, and be kind to one another, tenderhearted and forgiving one another, as God in Christ forgave you." (Eph. 4:31:32)

Say this scripture to yourself often; it will help you to be a better christian, have better health and greater happiness.

Checking Account

**Olney Savings
Adds New Service**

OLNEY - Olney Savings association, a \$200plus million savings and loan association in northwest Texas, announced today the addition of a new service, The Olney Savings/Checking Account.

"The account works just like a bank checking account except that instead of waiting until the end of the month to get checks back, our customers will make a carbon copy of each check - every time they write one," Don McClatchy, president of Olney Savings, said.

"Our Checking Account is priced very competitively," he said, "if a \$300 minimum balance is maintained, there's no service charge. If a customer's balance happens to drop below the minimum, the account is charged \$3.00 monthly. And as an added incentive, anyone opening an account gets the first three months free."

Other bonuses on the ac-

count include free bank-by-mail envelopes, free bank wiring services, free micro-film Check Safekeeping, free direct deposit of government or payroll checks, free traveler's checks, free money orders, free notary service, free automatic transfer of your funds to and from other savings accounts and night depository.

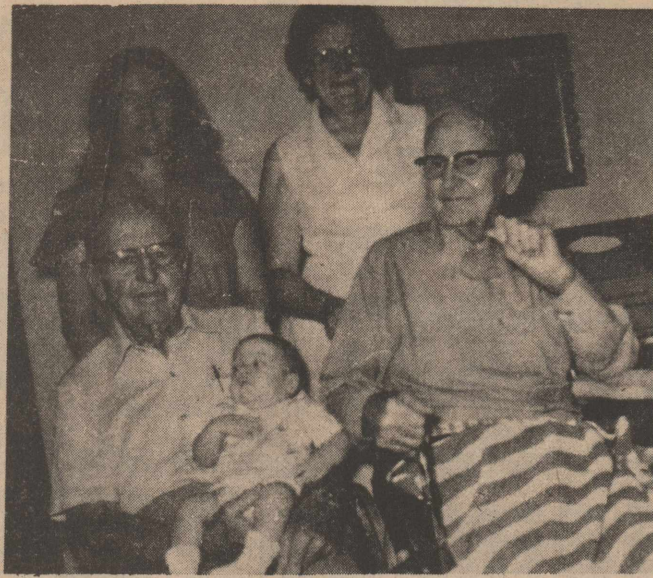

Students' and senior citizens' accounts are freewith no monthly service charge ever.

According to President McClatchy, the Association actually began offering the service as an interest bearing checking account on May 15, 1980. But a move by the Federal Home Loan Bank forced Olney Savings and several other Texas savings and loans to stop offering the so-called "NOW" account on June 16. Since that time, they have been offering a non-interest bearing checking account.

"Anyone who opens an account between now and December 31, will automatically begin earning interest on January 1, 1980," he commented.

McClatchy concluded, "The Checking Account is one more way we can serve our customers better. And we will continue to offer new services as soon as they become available."

Olney Savings has offices in Olney, Seymour, Jacksboro, Bridgeport, Nocona, Weatherford, Azle and soon Archer city and Graham. Also Ranger Savings in Ranger, Eastland Savings in Eastland, and Electra Savings in Electra. All divisions of Olney Savings.

SENIOR CLASS NEWS

By Kay Howell
This past week went by in a hurry! The football game was great, KC-53, Hawley-12. I think it was because of the spirited pep rally we had Friday afternoon. The senior athletes received their letter-jackets during the pep rally. Everybody is so proud of them.

The magazine sales are finally over. We would like to thank all the people who bought from the Seniors.

JUNIOR NEWS

By David Flores
This year officers for the Junior Class are Richard Daniels, president; Glenn Hedgecoke, vice president; Rance Hacker, secretary; Steve Lynn, treasurer and David Flores, reporter.

In English III class, the Junior class is working on

their Junior themes.

PEP CLUB NEWS

By Kim Whitley
This week, the pep club will start selling mums because the homecoming game is next week against Munday. Everyone is asked to support these girls because the funds of this sale are used to send the Cheerleaders to camp. We also ask all of the Knox City football fans to come and support our varsity football team so this will be a winning year for us.

FHA NEWS

By Mindy Hutchinson
The FHA is getting off to a good start. We were in charge of the concession stand last Friday night and it was a great success. Thanks to all who worked and to all those who supplied sandwiches, apples, brownies, etc.

BAND NEWS

By Mindy Hutchinson
The band played very well Friday night. We were up to a busy day Saturday. We loaded up on the bus at 7:00 o'clock and left town headed for Abilene. We marched in the West Texas Fair Parade and a few of us were fortunate enough to be on TV. We played very well and after marching approximately 16-20 blocks we were tired and ready to be on our way to the Fair. Roscoe won Class A division while Haskell took Class AA honors. We spent the day at the Fair and then arrived home about 6:30 Saturday evening.

HOUNDETTES

By Coach McIlhane
The Houndettes raised their season record to 4-0 by defeating Hamlin in two matches. The Houndettes won the first match 15-5 and 15-2. The girls played well throughout each match and they had little trouble handling the Hamlin team except in game two of the first match when our serves were not as good as they were in the other games.

As a team the girls did well on the spiking line getting over 84% of their spikes. Karae Beason led the group with 91% followed by Mary Albus at 88%, (more than five spikes). The team did well from the service line at 86% in getting the ball over the net. Mary Albus and Kay Howell led the team at 92% followed by Patty Durham at 89%. Kay Howell and Chayo Garcia were the setters with 21 and 20 respectively.

For this time of the year we seem to be playing good ball, but we still have a ways to go before we can be considered a top-rated team. We need to get our spiking percentage to 90% or better with less being returned. Our serves need to be around 95% and we need to cut down on our errors which number 41 for 4 games. Hopefully by bi-district we can attain these goals.

The JV's evened their record by 2-2 by defeating Hamlin 15-1 and 15-6 in the first match; then 15-9, 5-15, and 15-3 in the second match. Kristi Boone and Delores Stafford led the team in serves with 97% and 92% respec-

tively (more than 7). Delores and Angie Quintana led the team in spikes while Sharon Roberson and Chayo Garcia led in sets with seven each. The team played well at times and did a fine job on cutting down on errors. We still need to improve our passing and also improve on serves.

FRESHMAN NEWS

By Greg Skiles
Last Saturday, the band went to Abilene to march in the West Texas Fair Parade. We played "The Horse", then afterwards went to the Fair. The cheerleaders and drill team also went.

This year we have two Freshmen cheerleaders, they are Michelle Bateman and Sarah Jones. We also have three Freshmen on the drill team, they are Daveine Holcomb, Amber Berryman and Tanya Averitt, alternate.

He was employed by the fraternity last year following his graduation from the University of Texas at Austin.

GOLD

Of the many investment options available today, gold is one alternative hedge against inflation.

For those who have made the decision to purchase gold, gold coins offer one of the easiest, most portable and most flexible means of owning the precious metal at this time.

The Gold Coins of Mexico offer a broad range in size from the 50 peso Centenario, weighing more than one ounce of gold, down to the 2 peso piece which is often turned into beautiful jewelry.

Louisiana Woman Pleds Guilty

A 45 year old Monroe, Louisiana woman pled guilty on August 18, in the Alexandria Federal District Court to counts of concealing pertinent information from the Social Security Administration and misusing benefits intended for the use of her three children, according to James Harper, manager of the Vernon Social Security Office.

Verna W. Caskey failed to disclose that her children were not in her care in order to continue receiving a monthly social security check for herself as a widowed mother, from January 1968 through June 1977. During the same time period she received monthly benefit payments on behalf of her children which were used for purposes other than their support.

Harper said that the Social Security Administration has a special investigative unit responsible for uncovering fraudulent receipt and misuse of benefits.

INSTANT REFRESHMENT BLENDER DRINKS

Tropical Storm and Strawberry Yogurt Frost are blender-quick ideas which you'll want to serve often. Both are taste-tempting, healthful treats.

These blender drinks are delicious any time of the day. For example, they are nourishing ways of replacing the calories youngsters burn up with after-school activities.

Tropical Storm would also make a super breakfast for those people who "don't have time for breakfast." It's packed with protein from instant nonfat dry milk and an egg. More good nutrition and flavor come from unsweetened pineapple juice and a ripe banana. Blend the ingredients with ice cubes until frosty and frothy. A Tropical Storm blender drink with whole-grain toast breakfast meets 20% of the U.S. RDA of the eight major nutrients excluding niacin. Garnish the drink with a pineapple chunk and a sprig of mint, if desired.

Instant nonfat dry milk

and yogurt provide protein power for Strawberry Yogurt Frost. Frozen strawberries turn it into a really frosty blender drink. Strawberry Yogurt Frost is a delicious alternative to "empty calorie" snacks and desserts.

While both blender drinks are appealing and cooling during the warm months, they're also good ideas to serve throughout the year. All of the ingredients, including bananas and frozen strawberries, are almost always available.

TROPICAL STORM
(Makes 3 cups)

3/4 cup (6-ounce can) unsweetened pineapple juice, chilled
1 egg
1/3 cup Carnation Instant Nonfat Dry Milk
3 tablespoons sugar
1 teaspoon vanilla
1 large ripe banana
12 ice cubes
Place all ingredients in blender container. Cover and process on high until smooth. If desired, garnish with pineapple chunk and sprig of mint.

STRAWBERRY YOGURT FROST

(Makes 3 1/2 cups)

1 1/4 cups (10-ounce carton) frozen, sweetened, sliced strawberries
1/3 cup Carnation Instant Nonfat Dry Milk
1 cup plain yogurt
3/4 cup water
1 teaspoon vanilla
Cut frozen block of strawberries in half. Put strawberries, nonfat dry milk, yogurt, water, and vanilla in blender container. Cover and process on high until smooth.

BANANA YOGURT FROST: Substitute 2 large ripe bananas, chilled and peeled, for sweetened sliced strawberries. Add 2 tablespoons sugar. Proceed as above.

4-H Scholarships Promote Ag Careers

Eligible 4-H members in 22 states will be awarded \$500 agricultural scholarships this year, and some will earn a trip to the National 4-H Congress. April Werley and Jim Mazurkiewicz, county agents with the Texas Agricultural Extension Service, Texas A&M University System, say that a Texas winner will be chosen by the Texas Agricultural Extension Service, which supervises the state's 4-H program. The scholarships are sponsored by the National 4-H Council, a non-profit organization serving 4-H with private resources.

"This agricultural career scholarship program is designed to encourage interested 4-H members to pursue careers in agriculture," Miss Werley and Mazurkiewicz explained. "Agriculture today is a highly specialized and con-

stantly expanding area. More than 500 occupations ranging from farm and ranch management to research and product development to processing and marketing are open to qualified individuals."

California, Colorado, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Dakota, Tennessee, Virginia and Wisconsin will also award one scholarship each to a 4-H Club member.

Four of the scholarship recipients will be selected as national winners, and will attend the 59th National 4-H Congress, held November 30 through December 4 in Chicago. Miss Werley and Mazurkiewicz say the scholarships are available to currently enrolled 4-H members who have demonstrated interest in pursuing a career in agriculture.

Texas 4-H members wishing to apply for the scholarship should contact their local county Extension office for more details.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 4, 1980

PROPOSICION NO. 1 ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment that would authorize the Legislature to permit banks to establish and operate unmanned teller machines within the county or city where the banks are located and to share the use of teller machines on a basis consistent with anti-trust laws, if it finds such operation will serve the convenience of the public. The Legislature has already passed enabling legislation (H.B. 1510) for this proposed amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting the legislature to authorize banks to use unmanned teller machines within the county or the city of their domicile on a shared basis to serve the public convenience."

PROPOSICION NO. 2 ON THE BALLOT

House Joint Resolution 97 proposes a constitutional amendment that would grant the State and the accused the right to an interlocutory appeal from the following trial court rulings in criminal cases: pretrial rulings on the constitutionality of a statute; on a motion to quash, dismiss, or set aside an indictment; and on a motion to suppress evidence. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing appeal of certain pre-trial rulings of a trial court in a criminal case by either the state or the accused."

PROPOSICION NO. 3 ON THE BALLOT

House Joint Resolution 98 proposes a constitutional amendment that would require a single appraisal of all property subject to ad valorem taxation and would provide for a single board of equalization within each county. The con-

stitutional requirement that the county commissioners court sit as a board of equalization would be eliminated, and elected officials of the county or governing body of the taxing unit would be prohibited from serving as members of the board of equalization.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring a single appraisal and a single board of equalization within each county for ad valorem tax purposes."

PROPOSICION NO. 4 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would allow the Legislature to authorize the conduct of bingo games by certain specified groups for charitable purposes, subject to the limitations that operation of the games must be approved in local option elections and that all proceeds must be spent in Texas.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize bingo games on a local option election basis if the games are conducted by a church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs and if the proceeds are to be spent in Texas for charitable purposes of the organizations."

PROPOSICION NO. 5 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment that would allow the Legislature to exercise fiscal control over the expenditure of certain appropriated funds, subject to any conditions and limitations provided by law and subject to the ap-

proval of a budget execution committee that would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman and Vice-chairman of the Senate Finance Committee, and Chairman and Vice-chairman of the Committee on Appropriations of the House of Representatives.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

PROPOSICION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the Governor who appointed a previously confirmed official to remove that official from office subject to the advice and consent of the Senate; and if the Legislature is not in session, to call a special session of the Senate which may last no longer than 2 days for consideration of the removal.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the governor to remove appointed officers with the advice and consent of the senate."

PROPOSICION NO. 7 ON THE BALLOT

House Joint Resolution 121 proposes a constitutional amendment that would authorize counties with a population of 5000 or less to construct and maintain private roads if they impose a reasonable charge for the work. The Legislature by general law may limit this authority. Revenue received from private road work may be used only for the construction, including right-of-way acquisition, or maintenance of public roads.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing counties with a population of 5000 or less to perform private road work."

PROPOSICION NO. 8 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitutional

amendment that would change the jurisdiction and authority of the State's appellate courts. The amendment would change the name of the Courts of Civil Appeals to Courts of Appeal and provide that these courts have intermediate appellate jurisdiction over both criminal and civil cases. The amendment would change titles for the Associate Justices of the Supreme Court to Justices and would require members of the Supreme Court to be attorneys licensed in this state while holding office.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the name of the Courts of Civil Appeals and the names and qualifications of the justices of the Supreme Court and to prescribe the jurisdiction and authority of the appellate courts."

PROPOSICION NO. 9 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment which defines separate property owned by either spouse as all property, both real and personal, of a spouse owned or claimed before marriage, and that acquired afterward by gift, devise or descent. Persons about to marry and spouses, without the intent to defraud pre-existing creditors, may by written instrument from time to time partition between themselves all or part of their property. Spouses may exchange a community interest in property owned or to be acquired for a community interest in other community property. The amendment would allow spouses to agree in writing that income or property arising from any separate property is to be separate property rather than as community property as it would be in the absence of an agreement. The amendment proposes that a gift from one spouse to another is presumed to include all income or property deriving from such gift.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing spouses to agree that income or property arising from separate property is to be separate property."

4-H To Discuss Building Possibilities

Knox County is organizing to pool efforts in the construction of a livestock show pavillion in a permanent location. According to Knox County Extension Agent Jim Mazurkiewicz, much interest and enthusiasm has been aroused in this matter and he encourages attendance at the first meeting which will be Monday, September 15, at the Knox County Courthouse at 8:00 p.m. in Benjamin.

Mazurkiewicz commented that this would be a progressive step toward unifying the county in a joint effort. He further noted that this project has been a long time coming and that he feels the youth of Knox County "are worth it". The building would be used for county shows, educational programs, district activities,

Foundation offers these highway safety hints:

1. Be especially cautious at intersections. That's where motorcycle accidents involving another vehicle occur most often. Motorists, not cyclists, are at fault in these accidents almost 70 percent of the time.

2. Yield the right-of-way to motorcyclists. Turning left in front of a motorcyclist poses the most substantial risk.

3. Respect the vehicle space of a motorcycle and its position in traffic. Avoid crowding or passing a motorcycle in the same lane. When you do pass, allow as much space for a motorcycle as you would for another car.

rented for various activities such as club sales, and countless other activities.

Booster Club Has First Meeting

The Knox City-O'Brien Greyhound Booster Club held its first meeting of the year Tuesday, September 2, in the Ag building, at 8:00 p.m.

A report on the recent barbecue was heard by the group, as well as a financial report by secretary-treasurer Sharon Rutherford.

Possible projects for the group were discussed with the coaches.

Plans were made to have the annual advertising campaign with Barbara Barnard and Ann White named as co-chairpersons.

Following the business meeting, the group heard reports from the coaches on the football team and its progress and then viewed the film of the Knox City-Hamlin scrimmage.

Booster Club president Mary Ann Boone urged everyone who has not joined the Booster Club to do so, to come out and support the Hounds, and also to attend the Booster Club meetings to view films, and help plan projects.

Club members expressed their thanks to Patsy Anderson and Peggy Guinn for their help in advertising sales.

Allsup's Marathon Seeks Runners

The sixth annual Allsup's Marathon will be held in Clovis, New Mexico, on Saturday, October 4.

Those interested in participating are requested to register no later than September 26. Registration fees on or before that date will be \$5.00. Registrations after that date will cost \$7.00 and will be accepted through Friday, October 3, at the race headquarters in the Holiday Inn, 2700 E. Mabry Drive. All proceeds go to the Clovis Track Club.

The marathon, sanctioned and certified by the Amateur Athletic Union (AAU), will give runners a choice of the full 26.2 mile course, a 13.1 mile course or a 10 kilometer

course. The race will start at the Clovis High School track at 7:00 a.m. According to Lonnie Allsup, president of Allsup's Convenience Stores, Inc. and sponsor of the race, "The marathon will feature an Olympic finish this year. At 12 noon we will present trophies to the winners and we will again award T-shirts to all contestants who complete the race."

Competition reached new heights last year with 356 runners competing, some from as far away as New York and Florida. Individual records for the state of New Mexico were set in all three races with Benito Arellano winning the 26 mile event in 2:33.16; Joe Anaya the half marathon in 1:12.46 and Cliff McCurdy the 10 kilometer in 32.14. A field of over 400 runners is anticipated this year.

Marathon activities will begin October 3 with a spaghetti dinner. Walt Stack, an amazing 74 year old runner, will be the featured speaker. He will also participate in the race.

Persons who desire additional information about the Allsup's Marathon, or who wish to receive a registration form, may do so by writing Gary Britt, 3201 Wallace Street, Clovis, New Mexico 88101, or by calling (505) 762-1458.

WHAT IS AN ALLERGY?

Allergy is a sensitivity to a specific substance (known as an allergen) which in similar amounts is harmless to most people. Once a person becomes sensitive, there may be an unfavorable reaction on reexposure.

Any body organ may be involved in allergic reactions. The breathing system is often affected, resulting in swelling of the nasal membranes, called hay fever, and spasms in the bronchial tubes, called asthma. Various rashes including hives and eczema appear on the skin of some people.
