

MRS. C. W. STEPHENS  
BOX 236  
CITY

**NEW OWNERS** of Kuehler Lumber & Supply are Jean and Greg Kuehler, who assumed ownership the latter part of last week. Greg will continue his Kuehler Concrete Works and Kuehler Sand & Gravel in connection with his new lumber business. He will be assisted by his brother, Perry Kuehler, and Gaylon Albus of Rhineland.

## Kuehlers Purchase Knox Builders Supply

Greg Kuehler and his wife Jean, have purchased Knox Builders Supply from Tommy Richardson and assumed ownership Friday of last week. The new firm will be known as Kuehler Lumber and Supply.

Greg, a native of Munday, moved to Knox City in 1975 when he was associated with Smith Funeral Home. He went into business for himself in October 1979 when he began Kuehler Concrete Works. He will continue to

operate his concrete business in connection with Kuehler Lumber and Supply.

Jean, a native of O'Brien, is employed by Farmers Home Administration and plans to continue her work, there.

They are the parents of three children, Alan 8, Tonya 6, and Keith 3.

The Kuehlers are members of the Santa Rosa Catholic Church here.

Assisting them in the operation of the lumber yard

business will be Greg's brother, Perry Kuehler, and Gaylon Albus, who has five years' experience in the lumber business.

The Kuehlers plan to continue the present lines as well as add new ones they said, and invite all former customers as well as new ones to come by. The telephone number will remain the same as for Knox Builders Supply, 658-3416.

The new business will be open from 7:00 a.m. until 5:30 p.m. weekdays and from 7:00 until 12:00 noon on Saturdays. Another convenience to be offered by Kuehler Lumber and Supply is delivery service.

## Joe Boones Are This Week's Boosters

Greyhound Booster of the Week for the Knox City-Jayton game are Mary Ann and Joe Boone of Knox City.

The Boones are parents of five children. Lisa is a senior English education major at Midwestern State University in Wichita Falls and Brett is a junior pre-law student at Texas Tech University in Lubbock. Their son, Kelley, is a senior at Knox City High School where he plays guard and linebacker for the Greyhounds, wearing number 60. Daughter Kristi is a sophomore and serves as a twirler with the Greyhound Band, and youngest daughter Leah is a seventh grader at O'Brien Mid-School where she is a twirler for the Bulldog Band.

Joe was born and reared at Seymour. He played guard for the Seymour Panthers during his school days. A graduate of Texas Tech. Joe is employed by the Farmers

Home Administration as County Supervisor and also farms and ranches.

Mary Ann was born and reared at Honey Grove and graduated from Honey Grove High. She attended North Texas State University as a journalism major.

The Boones' hobby is helping their children with their horse showing and rodeoing. Joe also enjoyed bird hunting and roping.

The family belongs to the First United Methodist Church where Mary Ann is a member of the choir.

Richardson expressed his appreciation to customers for their patronage over the years and explained that health reasons made it necessary to sell the business. He plans to devote his time to extensive farming with his sons and also to assist his wife, Lois, with her two businesses in Haskell, Kid's Duds and Richardson's Hallmark and Gift Store. Richardson bought the lumber yard business from Jim Ross when it was known as Knox County Lumber Company and moved it to its present location at 119 West Main in the spring of 1974.

## Stenholm To Visit KC Wednesday

Congressman Charles W. Stenholm will be visiting friends in Knox City next Wednesday, October 15.

According to Bill Longley of Stenholm's Stamford office, the Congressman will address members of the Knox City Lions Club during the noon luncheon.

Afterwards, he will visit with students in Knox City High School as well as seeing folk in the downtown district of the city.

## Stenholm Receives Award

WASHINGTON, D.C. -- Congressman Charles W. Stenholm has been named to receive the National Associated Businessmen's (NAB) "Watchdog of the Treasury Award" for voting against unnecessary federal spending during the 96th Congress.

Stenholm scored 100 percent on NAB's "Economy Voting Record" (EVR), an index of congressional attitudes toward economy in government.

Thirty-five Senators and 179 Representatives (41 percent) qualified for the award, with only 62 Representatives scoring 100 percent.

Stenholm has also been awarded the National Federation of Independent Business' "Guardian of Small Businesses" award for his voting record on issues affecting the country's independent businessmen.

## Achievement Day Slated Saturday

Saturday, October 11, is the day Knox County Extension Homemakers members have been waiting for. That's the day the Extension Homemakers Achievement Day will take place beginning with registration at 9:00 a.m. at the Munday Community Center.

Entries will be exhibited and judged in several different divisions including needlework of all kinds, clothing, canned and baked goods, horticulture, fresh flowers, and crafts.

Judging will begin at 10:00 a.m. At this time, a representative from the EMT will bring the program.

After a covered dish luncheon at 12:00 noon, awards will be presented. Everyone is invited to attend the Awards Ceremony and see what Knox County Homemakers have been doing for the past year.

## Greyhounds Win 'Big', 49-0

By DAVID COUNTS

The Knox City Greyhounds completely dominated the Chillicothe Eagles from the opening kickoff Friday night in the home nest of the Eagles. The Hounds did not take control of the game until the last four minutes of the first quarter when they scored 20 points on their way to a 49-0 win.

The Greyhound defense was the key to the win. Only one first down was allowed the Eagles and it came late in the fourth quarter. The nine turnovers the defense came up with overcame the five misques the offense had.

Chuck Hutchinson made the first of his two fumble recoveries to set the Hounds offense up in business on the Eagle 10 yard line just after opening kickoff.

Not wanting to offend their host, the Hounds fumbled the ball right back to the Eagles on the first play. The defense held forcing a short kick. The Hounds moved to the Eagle 10 yard line on three plays and again fumbled the ball to the Eagles.

Jay Rutherford recovered an Eagle fumble that set up a Ricky Gonzales two yard run for a touchdown. Ricky kicked the extra point but the Hounds were guilty of holding and second try was no good. Score was 6-0.

With lightning speed, Paul Taylor recovered an Eagle fumble. Jay Rutherford ran 11 yards into the end zone for the second touchdown. Gonzales' kick was good. Score was 13-0.

On the second play after the kickoff, Arturo Rocha recovered an Eagle fumble to set up Tim Roberson's 12 yard run for the touchdown. Gonzales again kicked the ex-

tra point. Score was 20-0 as the first quarter ended.

Chuck Hutchinson recovered his second fumble on the Eagle 14 yard line. Coach Jimmy Rogers then started making substitutions to hold down the score if possible. On the second play, Tyke Meinzer had a pass intercepted to stop the Hounds.

In the second quarter, the Eagles had the wind at their backs. With this help, they kept the Hounds at bay until the last play of the first half. Daniel Alsides recovered an Eagle fumble.

On the last play of the half, Glen Hedgecock tipped an Eagle pass up into the air, then ran under it for the interception. He then returned it 32 yards for a touchdown. The extra point try was wide. Score at the half was 26-0.

The second half started with Rance Hacker returning the kickoff 45 yards to the Eagle 35. Tim Roberson covered the distance in two carries scoring with only 25 seconds gone in the quarter. Tyke Meinzer kicked the extra point. Score was 33-0.

The offensive line was the difference. Great blocking allowed Tim to run for the score.

Wholesale substitutions were made to get more experience for the younger players. Dwayne Watkins, the freshman quarterback,

entered the game after James Stafford recovered an Eagle fumble.

Steve Rutherford had a 74 yard touchdown erased by an infraction. Steve and James Stafford divided the ball carrying until Stafford scored the touchdown with 1:19 remaining in the third quarter. Meinzer's kick was good. Score was 40-0.

Rance Hacker intercepted a pass on the first play after the kickoff. The Hounds worked hard but were unable to score again until they had pushed the Eagles back to their 11 yard line. On the fourth down, the ball was centered over the head of the punter and out of the end zone for safety and two points. Score was 42-0.

The Eagles then had to kick the ball to the Hounds. An on-sides kick was attempted but failed. David Flores then scampered 32 yards for a touchdown. Meinzer's kick was good. Score was 49-0.

Andy Barnard, who did most of the kickoff duties for the Hounds, consistently kept the Eagles in the hole with deep high kicks.

This Friday night, the Hounds will host the Jayton Jaybirds at Greyhound Stadium. It will be a good game. Jayton has some good athletes and has had good success this year. Game time is 7:30 p.m.

## Dinner To Be Held Oct. 12 In Rhineland

The Rhineland Council of the Knights of Columbus will once again be sponsoring an old-fashioned sausage dinner on Sunday, October 12, from 11:00 until 1:30 p.m. at Rhineland.

Prices and details appear in an ad elsewhere in this week's News.

In addition to the meal, the members will be selling quantity orders of sausage.

The Ladies' Bazaar will also be another feature during the day.

As this has become a popular annual event, the Knights of Columbus is looking forward to seeing old friends as well as inviting new friends to attend.

Orders for sausage and advance meal tickets may be purchased from any member of the Knights of Columbus, a spokesman said.

## Mrs. Marshall Is New KC Resident

Mrs. DeAlva Marshall, daughter of Mrs. Lula Hammons, has returned to Knox City to make her home after retiring from the teaching profession, with the last 26 years in White River, Arizona.

Mrs. Marshall has purchased Sandy Stubbs' new home on South Fourth Street and has moved in.

She has two children, Mike, who is living in Santa Cruz, California, and Mary, a Texas Tech student in Lubbock.

## Central Kitchen To Be Closed Oct. 13

Senior Citizens who participate in the meal program daily at the Central Kitchen on the Munday Highway are reminded that there will be no meal served on Monday, October 13, which is Columbus Day.

Meals will assume on Tuesday, October 14, according to Lillian Logan, nutrition coordinator.

## Cindy McWhorter Named Chairman

AUSTIN--Governor Bill Clements has announced the appointment of Cindy McWhorter of Munday as the chairman of the Reagan-Bush Campaign in Knox County.

In announcing the appointment, Governor Clements said, "Cindy McWhorter is part of the top-notch statewide campaign team we are putting together as we organize all 254 counties in order to carry the State of Texas for Governor Reagan and our fellow Texan George Bush. Each county is vital to our success, and we are waging an aggressive campaign from one end of our state to the other."

## OMISSION

The News office was notified this week that two Bloodmobile donors names failed to be submitted.

Bill Oden received his two gallon certificate, and Charles Auburg presented himself as a donor.

**MOVING TO NEW GROUND** recently was the Santa Fe Depot which was given to the city by the Atcheson, Topeka, and the Santa Fe line after the local depot was closed. The city moved the building across State Highway 222 from its former location. The depot and railroad were built after the town of Knox City was laid off in 1904 and by 1906 trains were rolling. The Kansas City, Mexico and Orient was built by Arthur Stillwell and Company of New York and for sometime, Knox City was the end of the line. The K.C., M.&O. was sold to Santa Fe in 1927.

that Darrell Thomas, 4407 Delwood, Odessa, Texas 79762 subscribes to The Knox County News?

**THE KNOX COUNTY HOSPITAL** nursery is a busy place these days. Alde Wanda Brooks is pictured with the three occupants Wednesday of last week. Two of the baby boys belong to brothers Tony and Mike Adkins and the other baby, at right is the daughter of Mr. and Mrs. Andres Hernandez. Two more babies were born shortly after this picture was made.

### CARD OF THANKS

Please accept my heartfelt thanks and deep appreciation to my many friends who were concerned during my recent illness and hospital stay. I wish to thank our doctors and our fine hospital staff for the wonderful care shown.

Thank you for your prayers, calls, gifts, and cards.

I also must give special thanks to the personnel at Brazos Valley Care Home for their concern and kindnesses.

God has special blessings for such wonderful friends as each and everyone of you.  
Marge Rixford

## HERE AND THERE

Rev. Bill Trice and Mrs. Trice spent several days at their home in Lueders and visiting relatives in Dublin. Sandy Lambeth of Goree was lay speaker in the Baptist Church Sunday and Sunday night.

Kenneth Johnston of Canyon, Joey Johnston of Wichita Falls and Mr. and Mrs. Gerald Johnston and son of Burkburnett spent the weekend with Mrs. O.S. Johnston.

Mr. and Mrs. Carl Marshall of Hale Center visited Mr.

and Mrs. Butch Stephens and family over the weekend.

Mrs. Mildred Draper spent a few days last week in Lubbock with her son, Kenneth Draper and family, Juanita Heimerman, and Mr. and Mrs. Harold Lewis.

Mrs. Doris Jones and family of Wichita Falls were here over the weekend to be with her father, Lewis Kay, who was in the hospital at Knox City.

Mrs. Hazel Hayes underwent surgery at the Knox County Hospital last week and is doing as well as can be

expected.

Willie Sparks is in the Knox County Hospital after having surgery in Hendrick Medical Center a few weeks ago. He is doing as well as can be expected also.

Mr. and Mrs. A.A. Pierson visited her sister, Opal Harrison and daughter, Helen, Mr. and Mrs. Irvin Wampler in Lubbock, and Mr. and Mrs. Troy Wampler in Ralls over the weekend. Mrs. Pierson visited Mrs. Serena Johnston by telephone while in Lubbock.

Marvin Manning returned to his home here this week after spending several weeks in Springtown after having eye surgery in Fort Worth.

Mr. and Mrs. E.B. Fortenberry of Gainesville visited Mrs. O.S. Johnston Sunday afternoon.

## BABY SHOWER

Mrs. Wayne James was honored with a Stork Shower in the Fellowship Hall of the Baptist Church Sunday afternoon.

Hostesses were Hope Poe, Linda Large, Betty Albus, Hazel Hayes, Barbara Vaden, Helen Manning, Dorothy Garcia, Vivian Hendrix, Lorata Johnston, Charlene Brothers, Nola Covey, Cleo Rowan, Leota Covey, Dorothy Lain, Willie Mae Banner, Brenda Correll, Audie Johnston, Loretta Hewitt, and Sherlene Jackson. Refreshments of cake squares, mints, nuts, and punch were served during the calling hours. Hostess gift was a car seat.

"Don't mind criticism. If it is untrue, disregard it. If it is unfair, don't let it irritate you. If it is ignorant, smile. If it is justified, learn from it."

# Smith Rites Are Held Saturday

Graveside services for Mrs. Mayme Smith were held Saturday afternoon, October 4, at two o'clock with the Rev. James Patterson, pastor of the First United Methodist Church, officiating. Burial was in the Knox City Cemetery under the direction of Smith Funeral Home.

Mrs. Smith, 90, died Thursday, October 2, at 12:05 p.m. at her residence following a brief illness.

Born May 11, 1890, in McCracken, Kansas, she married Roy W. Smith on February 21, 1936, in Anderson, Indiana. She retired from the Indiana Bell Telephone Company as the night shift operator for ATT in 1959. The couple moved to Knox City in 1960 from Dallas. Mrs. Smith was a member of the Daylight Chapter of Indianapolis, Indiana, Order of the Eastern Star, the Social Order of Beseon, Telephone Pioneers of America, and the Christian Church in Sheldon, Indiana.

Survivors include her husband, Roy W. Smith of Knox City; and a sister, Fern Blanford of DeSoto, Missouri.

Pallbearers were Otto Lawson, Eddie Shaver, Barney Arnold, Alfonso Del Hierro, Buster Lowrey, and Don Railsback.

# Angle Sisters Are Named to 'Top Ten'

The Angle Sisters have been notified by the Fort Worth accounting firm of Weaver and Tidwell that they have been selected for the third consecutive year to the "Top Ten" for the Grapevine Opry's "Group of the Year".

The fifth annual Susie Awards dinner and show will be held Friday, October 10, at 8:00 p.m. at the Amfac Hotel located at the Dallas-Fort Worth Airport.

Appearing will be Opry co-hosts Chisai Childs and Dave Tanner, last year's Susie Award winners including Terry McMillan of Nashville, Tennessee, the Opry's 1979 "Entertainer of the Year".

Others slated to appear include Tommy Overstreet and the Nashville Express and Hee-Haw's Buck Trent.

# CHIEF'S NOTES

By DAVE THOMPSON  
KNOX CITY CHIEF OF POLICE

It has been brought to my attention here at the Police Department that there seems to be some confusion in regard to the policies regarding the operation of emergency vehicles here in Knox City. I would like to take a few minutes this week to clear the air on this issue and to pass on some information about the laws that define and regulate emergency vehicles.

The 1980 Handbook on Texas Motor Vehicle Laws defines an emergency vehicle as the following: "Authorized Emergency Vehicle means vehicles of the Fire Department (Fire Patrol) Police Vehicles, public and private ambulances for which permits have been issued by the State Board of Health, emergency vehicles of municipal departments or public service corporations as are designated or authorized by the governing body of an incorporated City, private vehicles operated by volunteer firemen or certified Emergency Medical Services volunteers, while answering a fire alarm or responding to a medical emergency."

Now, what this actually means is that a police vehicle, a fire vehicle, or an ambulance all fall into the category of being "emergency vehicles". Now these are vehicles that we are all familiar with from personal experience or from watching a lot of television shows. Reading further into the definition above, the law clearly states that private vehicles used by volunteer firemen or Certified Emergency Medical Services Volunteers while responding to a fire alarm or a medical emergency are Emergency Vehicles. Therefore, the same laws that apply to the yielding of the right of way to an emergency vehicle also

apply to these vehicles also. A lot of our citizens seem to be of the opinion that they are not required to yield the right of way to our volunteer firemen. This is a violation of the law and when violations of this type are observed by police officers, the proper legal action will be taken against the offenders.

When our volunteer fire department is called upon to respond to a fire location, the biggest factor that may save a life is arriving at the fire as quickly as possible. This is the reason that the law also classifies the private vehicles of these volunteers as emergency vehicles. Not all the firemen go to the Fire Station, certain members respond there to move the equipment promptly, others respond directly to the scene of the fire. The law goes further to state that the driver of an emergency vehicle may, while on their way to the emergency:

- \* (a) Disregard parking regulations
- \* (b.) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- \* (c.) Exceed the maximum speed limit so long as he does not endanger life or property.

An interesting note to the above provisions is this: "The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver of the emergency vehicle from the consequences of his reckless disregard for the safety of others."

In short, what I am trying to say is that when responding to a fire, these volunteer firemen may disregard normal traffic laws in order to arrive at their destination without undue delay. While operating in this emergency fashion, the drivers of these emergency vehicles must show caution and still operate their vehicles with the safety of others in mind.

Some of our volunteer firemen have gone to utilizing lights mounted on the tops of their vehicles, similar to those on our police vehicles.

## INFLATION-FIGHTING IDEAS ON DECORATING

A shabby-looking home or apartment need not be the natural consequence of inflation. You can make your abode's interior comfortable and handsome-looking with a few inflation-wise changes that are long on impact and short on ready cash, according to the home fashions experts at Sears.

Some of their advice: —You can defer such major purchases as upholstered sofas and chairs by buying furniture slipcovers. The newest slipcovers are made of stretch-knit fabrics for good fit and come in a variety of fashion-conscious patterns, prints and colors. The key to handsome-looking slipcovered furniture is to measure properly, say the Sears experts, and there are measuring guides in catalogs to help you. Properly fitted slipcovers can give furniture and the room part of a new lease on life, and cost very little. A standard size sofa can be slipcovered in a heavyweight, cotton-blend stretch-knit slipcover in coordinated florals, solids or stripes for as little as \$50.

—You might also consider furniture throw covers as a thrifty way to brighten furniture or protect it. Throws now come in designer patterns and can provide a real lift for tired sofas and chairs.

—Don't throw away a chair or bar stool with a ripped or worn vinyl or leather seat. Instead, buy replacement seats, chair backs or cushions, usually

available only in catalogs, for a like-new look. Hand-some leather-look vinyl replacement cushions for a standard dinette chair are under \$18. In some cases, the quality of the replacement will beat what came with the chair.

—When the loose cushions on your wood-frame furniture go, check out your catalog. Replacement cushions, for chairs, rockers or even a piano bench, come in a wide selection of sizes, colors, and fabrics.

—Do-it-yourself upholstery kits are easy to use these days. Complete instructions and special upholstery tool kits can help even the rank amateur turn a shabby piece of furniture into something that looks like new.

—If the covers still look good, you can replace worn sofa or chair inner-cushions or upholstered pillows with replacement polyurethane. It's now available in many sizes and shapes, including T- or ear-shaped cushions for sofas and armchairs. Sears 1980 Fall general catalog features polyurethane

"BLUE BROTHER"

RATED R

MRS. RICKY D. GREENE  
...the former Julie Johnston

### Couple Repeat Vows In Gainesville Church

Julie Johnston and Ricky D. Greene were married September 20 in vows read at Temple Baptist Church in Gainesville at seven o'clock in the evening. Mickey Johnston, uncle of the bride from Anaheim, California, performed the double ring ceremony.

The alter setting was of greenery trees and candles accented by two heart shaped candelabras.

Parents of the couple are Joye and W.D. (Dub) Johnston and Louise Greene and K.R. (Jack) Green, all of Gainesville.

Given in marriage by her father, the bride wore a formal gown of angel peau douge. The portrait neckline was enhanced with re-embroidered Chantilly lace. The gown had bishop sleeves and the bouffant skirt fell into a chapel train with lace at the hemline. Her garden hat was accented with circles of lace and English silk illusion. She carried a silk cascading bouquet of white stephanotis, roses, and gardenias accented with silk ivy leaves and white satin streamers tied in love knots.

Maid of honor was the bride's sister, J'lyne Johnston. Bridesmaids were Carol Morris, cousin of the bride, and Donna Schreoder. Their gowns were of floral design in the bride's chosen colors of beige, brown, and peach. Each carried a cascading bouquet of the same colors.

Karen Barnhill and Johnny Thompson were candlelighters.

The bridegroom's father, Jack Greene was best man. Groomsmen were Steve Bullard and Kevin Wilson, both cousins of the bridegroom.

Ushers were Charles and Mark Morris, Gerald Johnston and Dan Cogburn, all cousins of the bride.

Providing wedding music were Loy Ann Keobelen, pianist, and soloist Cary Bayer sang "One Hand, One Heart" and "You and I Pledge My Love".

A reception followed the ceremony at Dutchman. Assistants were Donna Mitchell, Terry Alexander and Becky Allred, all of Whitesboro. Presiding at the guest registry was Woody Thomas of Gainesville.

The bride is a graduate of Whitesboro High and attended Cooke County College. She is employed by Dutchman Restaurant.

Greene, a graduate of Gainesville High School, is a machinist at Ballew Machine Shop.

The couple will reside in Gainesville.

### Canned Pears Dress Up Economical Meals

Here's a tempting supper suggestion that's sure to be as popular with the family as it is with busy homemakers. A basic baked bean dinner has been converted to an adventure in eating with a few simple additions and canned Bartlett pears.

Baked beans are given extra zest with brown sugar, onion and a hint of orange.

#### PEAR BEAN POTS

- 1 can (16 oz.) Bartlett pear halves
- 1 can (28 oz.) baked beans
- 3 tablespoons packed brown sugar, divided
- 1 tablespoon minced onion
- 1 teaspoon finely shredded orange peel
- 1 1/2 teaspoons prepared mustard

Drain pears; reserve 1 tablespoon syrup. Combine baked beans, 1 tablespoon brown sugar, onion and orange peel. Place in 1-1/2 quart casserole or 4 individual baking dishes. Arrange pear halves over beans. Combine reserved pear syrup, 2 tablespoons brown sugar and mustard; drizzle over pears. Bake at 350° F. 20 to 25 minutes or until piping hot. Makes 4 servings.

### Local Women Attend State TFWC Meeting

Knox City women, Mrs. Lena McGee and Mrs. Winifred White, were in Austin September 30 through October 2 to attend the Texas Federation of Women's Clubs Board of Director's Meeting and Workshop held at Austin's Hilton Inn.

Accompanying the women were Mrs. Anita Herren of Haskell and Mrs. V. Marie Smith of Anson.

Theme of the workshop was "Takeoff...TFWC Flight 1980".

Mrs. McGee reported that the official opening of the meeting was held at the TFWC headquarters with Mrs. B.M. Sims presiding.

She also reported that two speakers during the workshop were Dr. Charles A. Le Maistre, president of the M.D. Anderson Hospital and Cancer Institute and

Texas Attorney General Mark White, whose topic was "Crime". Mrs. McGee commented that both of these speakers were extremely good.

Fifteen Mesquite club members attended the state fall meeting.

Hostesses for the workshop were members of the Key District with Mrs. Ellene Johnson as general chairman.

The invitation was given by Mrs. Morris Snyder of Moran, president-elect of the Mesquite District for the spring convention. The spring event will be held in Abilene at the Kiva Inn with members of the Mesquite and Heart of Texas Districts as hostesses on May 7, 1981.

Mrs. McGee is a member of the TFWC registration while Mrs. White is serving on the District yearbook committee.

FEATURED SOLOIST at the first Brownwood PTA meeting was Brad Zeigler, son of Mrs. Connie Verhalen of Brownwood. A student in Mrs. Bobby Fortune's first grade class at Brownwood School, Brad, along with other students, showed their parents what they had accomplished during the first month at the books. Brad is the grandson of Mr. and Mrs. Wayne McKinney of Knox City.

### Home Energy Tips

There's no place like home to save energy. But do you know where to look in your home to save it?

In just one hour, kitchen, bath and other ventilating fans can blow away a household of warmed or cooled air. To save energy, use these fans sparingly—turn them off as soon as they have done their job.

An open damper in a 48-in. sq. fireplace can let up to eight percent of your heat escape out the chimney. When your heating system is working, a considerable amount of heated air flows from the rest of the house into the fireplace and up the chimney. If you close all doors and warm air ducts entering the room with the fireplace, the amount of heated air wasted will be reduced.

Inadequate insulation is the single greatest cause of energy waste in most homes in the United States. Over one-fourth of the energy used each year to heat and cool residential and commercial buildings is wasted because of unwanted heat gains and losses through windows. That is about five percent of the total U.S. energy consumption and is equivalent to 1.7 million barrels of oil a day.

If you turn your thermostat down 10 degrees at night, you can achieve a 10-25 percent savings on your heating bills while you sleep. For every degree you

lower your thermostat in the winter and raise it in the summer you can save about two percent in heating and cooling costs.

If every household in the U.S. lowered its average heating temperature six degrees over a 24-hour period, we would save more than 570,000 barrels of oil each day. A Department of Energy study shows that a six-degree reduction by every household in 1975 would have saved enough fuel to provide heat for an additional 10 million homes during the winter.

You will also save money in the long run if you replace your old heating system with one which is more fuel-efficient. With the high price of oil these days, cost-conscious consumers are investing in new multi-fuel heating systems. One such system, the Hoval Variolyt boiler, is designed to burn any kind of liquid, gas or solid fuel. According to Repco Products Corporation, which markets the product, it is 88 percent fuel-efficient and cuts heating costs by using fuel sources other than oil.

## R SNIFFING SALT WATER MAY BE DANGEROUS

Sniffing salt water into and through the nose is an old fashioned home treatment which most medical authorities say can be harmful. The benefits, they state, are small or nonexistent. The pressure caused by sniffing tends to spread germs to new locations faster than it suppresses them.

Sinus trouble is primarily the obstructed flow in or out of the sinuses, which are like caves that connect into the nasal passages. A severe cold and its associated germs may swell the tissues so the entrances to the sinuses are clogged. But, a physician must look for other causes of chronic cases. He must correct the basic trouble. If medication is needed, we can fill any prescription.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

## Harden Reunion Held Saturday

A reunion of the family of Wayne Harden, resident of the Brazos Valley Care Home, was held Saturday, October 4, in the home of his daughter and her husband, Sequoyah and Bud Reynolds.

Those attending in addition to Mr. Harden and his wife, Ruth, were Agnes Bandy of Arlington, Louise Cook of Oklahoma City, his brothers and their wives, Mr. and Mrs. Bill Harden and Mr. and Mrs. Bob Harden, all of Odessa, his nieces, Joyce Sullivan of Arlington, JoAnn Wilson of Oklahoma City, and his grandson, Harvey Wayne Reynolds of Abilene.

Also attending was Doris Crownover of Knox City.

## Tackitt Returns To Marine School

Neal Tackitt, son of Mr. and Mrs. Merle Tackitt, left here Monday to return to the U.S. Marine Corps Base in El Toro, California, to attend school.

Tackitt, a graduate of Knox City High School, was one of 10 per cent in his graduating class from boot camp, where there were over 800 students, who received Meritorious Promotion to PFC.

## IN IOWA PARK

Mr. and Mrs. O.C. Poe visited several days last week in Iowa Park with Mr. and Mrs. Johnnie Peysen and Rhondi.

## INGENUITY IN HOME DESIGN

Dream Home Puts Sun, Computers To Work

What some hail as a "home of the future" features solar heating, a two-story greenhouse, and computers that can act as servant, nursemaid, secretary, guard, in-home entertainer, and accountant.

Called the Sun/Tronic House, this three-bedroom home has small, personal computers that can control the home's various solar heating systems, monitor doors and windows and oversee activity in the children's rooms, recall what was served at past dinner parties and who attended, provide intricate computer games for the family room, and project how much income tax the family will have to pay.

Twenty prominent American companies are outfitting this remarkable house near Stamford, Conn., with just about every convenience known to man. Sponsors in the electronic and electrical field are Apple Computer, C & D Batteries, Edison Electric, and Gaertner Research.

This 5,200-square foot home will get about 60% of its space heating and hot water needs from copper solar collectors and other solar energy systems, including a two-story greenhouse that generates solar-heated air which then moves to other rooms through hollow, concrete "air-floors."

Another innovative energy source: Photovoltaic cells that generate electricity directly from the sun—the same kind of solar cells that help keep our astronauts warm and comfortable in their space capsules.

The front of the house nestles into the earth to shield it from the north winds and to conserve energy, and features an extensive standing-seam copper roof and a semi-circular skylight over the library. Establishing a visual theme for the house on either side of the copper-clad entry doors are big, bold columns, which—when repeated inside—become both decorative and functional as an "energy column." The energy column collects solar-heated air during the day, and distributes it at night when needed.

The rear, "sunside" or recreational side of the house has extensive redwood decking overlooking a lake, maximum use of sliding glass doors and walls, a two-story greenhouse, plus the copper solar collectors

and photo-voltaic cells. Participating in the building products industry are American Standard, California Redwood, General Electric, Lead Industries, Libbey-Owens-Ford's insulated glass and solar collectors, Lord & Burnham greenhouses, Owens-Corning Fiberglas, Roll-A-Way Shutters, Solarex solar cells, St. Charles cabinetry, Stanley Works doors and closures, and Vermont Structural Slate.

### ATTEND WORKSHOP

Mrs. Jack Stubbs and daughters Rolanda Stubbs of Pampa and Shea Stubbs of Knox City attended the Annual Midwest Texas Florist Association's Fall, Christmas design and trade show at the Abilene Civic Center Sunday. Rolanda is employed by Roberta's of Pampa.

### ATTEND FUNERAL

Mrs. Bertha Trimmier and her son, Durwood Qualls of Knox City, and Lois Qualls of Corpus Christi attended the funeral services of Mrs. Trimmier's uncle, V.S. Castle in Littlefield Saturday.

Under the dramatically sloping copper roof of this elegant model solar home near Stamford, Conn., are highly advanced computers that can do everything for the family from controlling the home's various solar heating systems to recalling what was served at past dinner parties and who attended.

Interior design and furnishings are both contemporary and traditional, an eclectic mix that provides an interesting contrast to the highly technological features of the house. The elegance of copper, brass, and bronze is everywhere—from an antique king-size, four-poster brass bed to the highly modern 14-foot double-sided fireplace clad

in mirrored brass that serves both the living and dining rooms.

Floors are either textured Vermont slate over concrete (excellent for storing and radiating heat), or are covered in a new broadloom styled by Halston with the look of suede. Vignettes of the home's interiors, as furnished by W & J Sloane, will be shown in Sloane stores in various parts of the country. Other participating firms are Karastan carpets, and Hercules/Sherrill Upholstering.

This home of the future is a house that could make history.

For free literature on the Sun/Tronic House—and the innovative products featured there—write the developer and builder of the house, Copper Development Association Inc., Dept. M, 405 Lexington Ave., New York, N.Y. 10174.

### SERVICES OF THE CHURCH OF GOD IN CHRIST

The weekly services and prayer meetings were held at the Knox City Church.

On Friday night, Missionary Nettie M. Ward and a group from the Rule and Knox City Churches attended the Coleman district convocation in Abilene.

Missionary Herron, their district missionary, brought a wonderful message that night from Luke 18, "Tell the Judge".

Sunday school had a good attendance with Supt. Smith in charge.

In the morning service, Minister Tilly preached greatly from I Timothy 2: 4, 7.

The closing service of Elder and Mrs. Leon Ward's 17th Anniversary at the Aspermont Church was held Sunday evening.

Assistant Overseer Ward began to pastor the Aspermont Church when it only had one member, the Lord is blessing the Church over there and it is growing.

Elder and Sister Ward have laboured faithfully over there these seventeen years.

Overseer A.C. Bennett preached powerfully Sunday evening from I Timothy 5: 17, Proverbs 16: 32, and II Samuel 23: 3.

Effective Oct. 2-15  
**12.00%** RATE

**12.747%** YIELD

On the \$1,000 minimum, 2½ year C.D.

Effective Oct. 9-15  
**11.390%**

On the \$10,000 minimum, 6-month C.D.

This is an annual yield. The rate is subject to change at maturity. And federal regulations prohibit the compounding of interest during the term of the account.

Everything's going to be all right,  
with the Money Market C.D.'s.

## KC School News

### SENIOR CLASS NEWS

By Kay Howell

Mr. Dillon informed the class that the time is soon coming to sell fruit. Around the middle of this month, Seniors will be dropping by to ask for orders. Apples, oranges, and grapefruit will be available.

Class favorites were nominated and elected in our meeting last week. Several runoffs were held before Amber Ashcraft and Tim Roberson finally came out on top. Congratulations to those nominated and especially to Amber and Tim.

October 6 - 11 is the Senior week to decorate the hall and the gym. We hope to raise the spirits of the Hounds since this is a very important game. I'm sure the Seniors will do a great job since we are so creative.

### SOPHOMORE CLASS NEWS

By Kristi Boone

On Monday, the sophomores had a class meeting. In this meeting, we elected our class favorites and Miss Merry Christmas nominees. Adela Rocha and Craig Watson were elected as our class favorites. Our Miss Merry Christmas nominees are Sandy Sutton, Diane Helms, Toni Hewitt and Kristi Boone. These girls will participate in the Miss Merry Christmas Pageant in December. Also this week, we took pictures of various organizations. The sophomore members that were elected to the annual staff are Toni Hewitt and Tyke Meinzer. They are joining Karae Beason and Kristi Boone as the sophomore representatives on the Annual Staff which

took pictures on Tuesday.

### FRESHMAN CLASS NEWS

By Greg Skiles

Last Wednesday, the Freshmen class had a meeting at 8:00 to elect class favorites.

The nominees for girl class favorite were Michelle Bateman, Daveine Holcomb, Nancy Jones, and Nedria Oudems.

The nominees for boy class favorite were Fred Boyett, Wayne Hutchinson, Greg Skiles, and Chris Whitaker.

The class favorites for this year are Michelle Bateman and Greg Skiles.

### FHA NEWS

By Mindy Hutchinson

Last week, we had our annual Freshman initiation of FHA girls into our chapter. All officers wore their white dresses and the presentation of tiny rose buds to the freshman girls was made by this year's President and Vice-President Kay Howell and Stacy Eaton.

We elected FHA Beau for the 1980-81 school year and we did have a tie and these named will be announced in

coming weeks. We had refreshments prepared by the freshman girls and then we dismissed.

### FFA NEWS

By Jeff Reece

In FFA, we are beginning to think seriously about our projects for the year. These projects determine our grade in class. There are many different projects that the students may be eligible to do.

A lot of the students usually get into pork production. A few will raise steers, chickens, lambs and as many other things as can be thought of. These projects are all recorded carefully and accurately in our project-record books. Raising these animals or growing the plants are fun but it takes a lot of hard work and determination to be successful.

### BAND NEWS

By Mindy Hutchinson

The Band did well Friday night and our sound has vastly improved since that first day we all met before school started. Our Band is now preparing for UIL Mar-

ching Contest which will be held in Wichita Falls in mid-November. We will be gradually adding different segments to our show to make it a minimum of five minutes and a maximum of seven minutes of full marching.

### SUPER SEASON-SPANNER

#### RICE 'N' TOMATOES

- 1 cup uncooked rice
- 1/2 cup chopped onions
- 2 tablespoons butter or margarine
- 1 cup beef broth
- 1 can (14-1/2 to 16 ounces) tomatoes, cut up or 3 medium, fully ripe tomatoes, chopped
- 1 teaspoon salt
- 1/4 teaspoon seasoned pepper

Cook rice and onions in butter until rice is golden, about 20 minutes. Add broth, tomatoes, and seasonings. Heat to boiling, stir once, reduce heat, cover, and simmer about 18 minutes, or until rice is tender and liquid is absorbed. Fluff lightly with a fork. Makes 6 servings.

### LUNCHROOM MENUS

#### BREAKFAST MENUS:

October 13-17, 1980

Monday: Sliced Peaches, Cinnamon Toast, Chocolate Milk

Tuesday: Orange Halves, Muffins, Chocolate Milk

Wednesday: Apple Juice, Scrambled Eggs, Buttered Toast and Jelly, Chocolate Milk

Thursday: Grape Juice, Sausage, Hot Biscuits, Jelly, Chocolate Milk

Friday: Applesauce, Cinnamon Rolls, Chocolate Milk

LUNCH MENUS:

Monday: Pizza, Cole Slaw, Corn, Cookies, Milk

Tuesday: Pinto Beans with Ham, Fried Okra, Scalloped Potatoes, Jello, Hot Cornbread, Butter, Milk

Wednesday: Cheese Corn Dog, Ranch Style Beans, Fritos, Apricot Cobbler, Milk

Thursday: Barbecue on Bun, Green Beans, French Fries, Cake, Milk

Friday: Fried Chicken, Whipped Potatoes, Seasoned Carrots, Hot Rolls, Butter, Honey, Milk

### PUT UP FREEZER JELLY TODAY

Think about tomorrow today when you see fresh plums and Concord grapes in the market. They're a delicious combination in a freezer Grape-Plum Jelly you can serve on fresh bread and muffins when fresh fruit is just a memory. This no-cook jelly is easily prepared with the help of powdered fruit pectin, which assures a good "set." Use standard jelly jars with lids or reusable glass or plastic containers of not over a pint capacity. Freezer jelly can be stored in the freezer for up to six months or, if freshly made or thawed from the freezer, it can be kept in the refrigerator up to three weeks.

#### GRAPE-PLUM JELLY

- 3 cups prepared juice (about 1-1/2 lb. fully ripe Concord grapes and 1-1/2 lb. fully ripe plums)
- 6 cups (2 lb. 10 oz.) sugar
- 3/4 cup water
- 1 box Sure-Jell fruit pectin

First prepare the juice. Thoroughly crush, one layer at a time, about 1-1/2 pounds Concord grapes. (For ease in extracting juice from grapes, heat fruit slightly; then crush with potato masher or in food mill.) Place crushed fruit in jelly cloth or bag and let drip. When dripping has almost ceased, press gently. Measure 1-1/2 cups into large bowl or pan. Pit about 1-1/2 pounds plums; do not peel. Chop very fine; then place in jelly cloth or bag and let drip. When dripping has almost ceased, press gently. Measure 1-1/2 cups; add grape juice.

Then make the jelly. Thoroughly mix sugar into juices; let stand 10 minutes. Mix water and fruit pectin in small saucepan. Bring to a full boil and boil 1 minute, stirring constantly. Stir into the juices. Continue stirring 3 minutes. (A few sugar crystals will remain.) Pour quickly into scalded containers. Cover at once with tight lids. Let stand at room temperature 24 hours; then store in freezer. Small amounts may be covered and stored in refrigerator up to 3 weeks. Makes about 6 cups or about 7 (8 fl. oz.) containers.

## Treasurer Reports Record Earnings

State Treasurer, Warren G. Harding, announced today that the State of Texas is enjoying record interest earnings from the money management policies of his office and that these policies of maximizing the State's earning power on its cash funds have a direct bearing toward reducing the amount of revenue that would otherwise need to be derived from taxation.

Statistics of the office reflect that for the fiscal year ending August 31, 1980, interest earned on State

funds amounted to a historical high of \$225,229,611.39, which is an increase of \$47,310,115.75 or an increase of 26.6% over the previous year's earnings. Interest income earned by the State of Texas is among the highest of the larger states.

Prudent and timely money management and investment policies have enabled Harding to consistently improve upon the amount of State funds that are placed in interest earning accounts. For the month of August, 1980 an all-time high daily average of 98.1% of the State's operating funds were invested and earning interest for the people of this state. Frequent meetings of the Depository Board has enabled this office to stay abreast of the fluctuating money market. Due to the changing money market a called meeting of the State's Depository Board, of which Harding is chairman, raised the depository interest rate from 8% to 10% on September 16, 1980.

Harding stated that it is his primary objective to continue to serve the best interests of the people of Texas, by keeping their hard earned tax dollars working for them and "it is of historical note" that during his three year tenure in office in excess of \$530.7 million in depository interest has been earned.

## STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"God resisteth the proud, but giveth grace to the humble. Submit yourselves therefore to God. Resist the devil and he will flee from you. Draw nigh to God, and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded. Humble yourselves in the sight of the Lord, and he shall lift you up." (Jas. 4: 6-8, 10).

The proud and puffed up will have a hard time, for even God resists them. But he who humbly depends upon God will receive great strength.

Get close to God and he will be very near you. His Holy presence will follow you. Cleanse yourself of evil and get your thinking straight. Humbly admit your faults, ask God for strength and he will lift you up. Humbly follow Him and your life will be good, very good.

## IN BATON ROUGE

Mr. and Mrs. Joe M. Clonts enjoyed the weekend in Baton Rouge, Louisiana, with their daughter and her husband, Diane and Burton Balch.

Diane was a member of the cast of the "H.M.I. Pinafore", an operetta sponsored by the Gilbert and Sullivan Society of Baton Rouge. The Clontses attended the Saturday night performance.

Look Who's Here

Mr. and Mrs. Sammy Rios are the proud parents of a baby daughter born Saturday, September 27, at 11:41 p.m. in Wichita General Hospital.

The young miss who has been named Stephanie Beth, weighed in at seven pounds, eleven ounces and measured 19 inches in length.

Helping welcome the baby home was big brother, Bradley, who is two years old.

Maternal grandmother is Gloria Bateman of Burleson, and Mr. and Mrs. Ralph Rios of Knox City are paternal grandparents.

Maternal great-grandmother is Mrs. Hazel Bramlett of Fort Worth.

## "THE KIDS ARE COMING!"

### FROZEN BANANA POPS

Equipment:  
Plastic wrap  
Aluminum foil  
(Hint: Have a damp wash cloth handy for sticky hands.)

Ingredients:  
1 banana, peeled  
Smucker's Low Sugar Apricot, Grape, or Orange Marmalade Spread  
Wheat germ  
Shredded coconut  
Crushed cereal flakes

Place Low Sugar Spread on one piece of plastic wrap; wheat germ, coconut, or cereal on another. Roll banana first in Low Sugar Spread until well-coated on all sides. Then roll banana in wheat germ, coconut, or cereal. Wrap banana loosely in aluminum foil and freeze several hours or overnight. Thaw slightly before eating, about 5 minutes. Makes 1 serving.  
Note: Kids can do this recipe assembly-line style with one peeling bananas, one rolling in spread, and one rolling in wheat germ, coconut or cereal.

## Meet the man who wears this cap.

He just might be one of the most helpful people you've ever met. He's the area's new Lindsay dealer! An irrigation specialist. A man who can help you plan an irrigation system to meet the needs of your crop operation. With a Zimmatic® irrigation system you can be assured your crops will get the proper moisture they need. Years of research and testing have shown that farmers and ranchers all across the country have increased their yields and crop income through the use of automated irrigation systems. And Lindsay is a recognized leader in the industry. Offering a wide variety of systems to meet different field conditions, crop needs and soil compositions.

And Lindsay offers more! Your new Lindsay dealer is professionally trained to custom-design a Zimmatic irrigation system to match the specific needs of your farm. Lindsay's custom-design concept allows you to couple different pipe sizes, span lengths and Zimmatic components. It gives you the most efficient system for your farm—no more and no less. Your Lindsay dealer can show

you how the custom-design concept takes into account such variables as length of system, friction loss, gallons per minute, pump horsepower, hours of operation and soil conditions to give you the most energy efficient system possible.

Stop in and get acquainted with the area's new irrigation expert. He can further explain the benefits of the Lindsay irrigation systems—the Zimmatic Center Pivot, Zimmatic Lateral Move™, Zimmatic Corner Pivot™ and the Mobile Pivot.

When you've met the man who wears the Lindsay cap... you've met the man who knows irrigation.

Come see us soon...

## April's Advice

BY APRIL WERLEY  
Assistant Co. Extension Agent

### HOMEMADE YEAST BREADS - INGREDIENTS

From County Extension Agent April Werley  
Homemade yeast breads come alive before your eyes.

The action of the yeast and the rising of the dough make breads seem alive -- and indeed they are alive.

Thousands of minute organisms feed on the ingredients and produce fermentation to produce a light texture of the final products.

**FLOUR**  
All-purpose flour is used in most home bread making. It is a combination of hard and soft wheat containing sufficient gluten to produce a light framework.

Bread flour is also available for home use. It gives a larger loaf but requires more kneading than regular flour.

**LIQUIDS**  
Milk, tap water and potato water are the commonly used liquids in breads.

Milk adds to the nutritional value and may delay staling. Potato water may speed ac-

tion of the yeast but tends to darken breads.

**YEAST**  
Active dry yeast and compressed yeast are commonly used. Compressed yeast is perishable and must be kept in the refrigerator.

Sour dough starters are gaining in popularity and do require more experience to use than commercially obtained yeast.

Yeast develops best at 80-85 degrees F. The "sponge" method of mixing may recommend higher temperatures, but excessive temperatures will kill the yeast.

Too little heat slows the yeast action. Beginners may wish to use a kitchen thermometer until they can judge the correct temperature.

If a drop of liquid placed on the inside of the wrist feels neither warm or cool it is probably 80-85 degrees F.

**SUGAR**  
Sugar works with the yeast to form carbon dioxide gas causing the dough to rise and gives the crust a golden brown color.

If sugar is increased in a recipe, also increase the amount of yeast, because large amounts of sugar act as a preservative delaying action of the yeast.

**SALT**  
Salt flavors the bread and helps control the rate of rise. Too much salt delays action of the yeast.

Salt can be omitted in breads if salt is restricted in the diet.

**FAT**  
Fat is not essential in breads, but it does improve flavor, volume and contributes to a tender crust and an attractive sheen.

**OTHER INGREDIENTS**  
Other ingredients can be added to improve breads.

Eggs increase food value, flavor and richness of the bread. They help produce a fine, delicate texture and a golden brown crust.

For an open grain and thick crust, egg whites and water are used.

Fruits, nuts, spices and cheeses add flavor and variety.

### IN CISCO

Mr. and Mrs. Doug Meizer and Tyke spent Sunday in Cisco visiting their daughter and her family, Mr. and Mrs. Darrell Price and children.

visitors Jerene Cypert, Lorata Johnson, Eddie and Virgie Adkins, Estelle Hawkins, Blanche Elliott, Daisy D. Smith, Mrs. Wall, Dale Bloxham, James and Charlotte Patterson, Betty Taylor, Louise Finley, Betty Ballad and Clyde and Mabel Smith.

Betty Aldridge, Daisy D. Smith, Esther Saffel, Skipper and Judy Leaverton visited Chessie Jackson and Dicie Singleton.

Frieda and Dimpel, Willie and Adeline, Betty Aldridge, C.E. Stegemoeller and Pastor Steve visited Adelbert Suter and Leonard Jones.

Daisy D. Smith and Mrs. H.E. Wall visited Ben and Esther Bradford.

C.C. Strickland and Willie Aldridge enjoyed their company Betty Aldridge, Bessie Clower, Ozella Thomas, Amie Taylor. Mr. Strickland went for a visit at the home of his grandson, Bobby Strickland and his wife, Paula.

Marvin and Barbara Jones and Dorothy Anderson visited W.F. Waldrip and Ben Snelson.

Jim and Bell Benton visited Mamie Benton and Lenora Reyna.

Bro. and Sister Bailey, Betty Montgomery, and Lou Sikes visited Wayne and Ruth Harden.

Florence M. Rhodes and Mrs. Earl Wilson visited Carl Murrell.

Mae Flowers enjoyed her visitors Carl Chafin, Dewey and Marie Darr, Pearl Gage, Lorena Burnison, Dean Worley, Blanche Elliott, Bessie King, Opal Guffey,

and they will be well cared for.

Monday night's Bingo winners were Waynell Clark, Bo Strickland, Eda Faye Pounds, Dicie Singleton, and Zona Guffey. The blackout winner was Hazel Clark.

Tuesday's Bingo winners were Eda Faye Pounds, Ruby Clark, Willie Aldridge, Esther Bradford, and Mrs. Walker. The blackout winner was Zona Guffey.

Thursday's Bingo winners were Waynell Clark, Dicie Singleton, Ruth Harden, Vida Williamson, and Lillie Dennington. The blackout winner was Ruth Harden.

Jean Thomas and Clyde and Mabel Smith visited Lillie and Opal Dennington.

Bessie Clower, Betty Aldridge, Alma Culwell, Sammie Carpenter and John and Daisy D. Smith visited Mr. and Mrs. Hoge.

Rosa Wilson welcomed her company Betty Aldridge, John and Daisy D. Smith, Bobby and Sue Waggoner, Leonard C. Waggoner, Mrs. H.E. Wall, James and Charlotte Patterson, Judy Leaverton, Margaret Siecke, Mabel Pyeatt and Clyde and Mabel Smith.

Virgie Tankersley and Vida Williamson enjoyed their

## Mesquite Workshop Set Oct. 18

Mesquite District Texas Federation of Women's Clubs Fall Board Meeting and Workshop will be held in Albany, Saturday, October 18, at Nancy Smith Elementary School on Griffin Street.

Host clubs will be the two Albany TFWC clubs, the Bluebonnet Study Club and Albany Study Club.

Registration and coffee is scheduled from 9:00 to 10:00 a.m. with the executive board meeting in session from 9:00 to 9:45 a.m.

Mrs. L.H. McBride, Mesquite District president, will call the meeting to order at 10:00 a.m.

Theme for the workshop is "Friends Form the Rainbow."

Highlights from the TFWC Fall Board Meeting held in Austin September 30 through October 2 will be given by Mrs. J.C. Putnam of Albany, Mrs. Tom Windham of Clyde and Mrs. J.C. McGee of Knox City.

Plans for the year will be presented by the District TFWC department and division chairmen.

and Mrs. H.E. Wall.

Hazel and Waynell Clark welcomed their visitors, Mrs. Draper, Bernice Rowan, Ruby Clark and her mother, Mrs. Walker, Ramona Helms, Frances King, Sudia Cash, and Lillie Black.

H.E. Wall welcomed his company Ulric Lea, John Smith, Buddy Tankersley, Zena and George Wall, Daisy D. Smith, Earl Watson, Judy Leaverton, John Smith and Lou Sikes.

Esther Conn and James and Charlotte Patterson visited Eva Penman and Francis Milligan.

Jean Thomas and Dean Worley visited Ollie Berryhill.

Bessie King, Frances King, Amelee Wilson, Florence M. Rhodes, Jim Benton, Billy Benton, Jean and Claudale Barnard, and Beatrice Ellis visited Lollie and Blanche Thomas.

Vic and Jean Thomas and Carl Chafin visited Zona Guffey and Eda Faye Pounds.

Kelton Smith enjoyed his visitors, his mom and dad, Chester Jones, and Frances King.

Camey Glover visited Agnes Floyd and Nena Alvis. Ulric Lea, Monty Penman and C.N. Tackitt visited J.O. Warren.

Grace Cyr enjoyed a visit with her daughter, Ozella Thomas.

## EASY-TO-CARE-FOR PLANTS CAN IMPROVE A HOME

Every home can always take some improvements—but not every homeowner has the money to make them these days. Yet, there is a way to improve the appearance of your home or apartment that doesn't cost much... and adds color, grace and pleasure to any room. Plants.

Take advantage of them to cleverly hide a cracking wall, fill in a gloomy, empty corner or "curtain" a bare window. Whether they are tall, elegant palms, succulents or hearty trailing vines, plants blend well with any decor. And, by following just a few basic rules, you'll find that taking care of them is easy, fun—and most rewarding.

Feeding, for example, once considered a dreaded, complicated chore, is now really a simple matter. According to new research conducted by Dr. H. W. Scheld at the University of Houston, unflavored gelatine is an excellent source of organic nitrogen which is what plants need to make them greener, healthier and fuller. Yes... that familiar household product, unflavored gelatine, now has a new use... as a good source of nourishment for household plants.

Plants get their other essential nutrients from the commercially-prepared potting soils in which they come... or which you use when you repot them into larger containers. The nitrogen that they may be missing can now easily be supplied by dissolving one envelope of Knox Unflavored Gelatine in one cup of hot tap water, then adding three cups of cold water to make

Plants can enrich the appearance of any room. To keep them fuller and greener, feed them with an unflavored gelatine and water mixture about once a month as part of your normal watering/feeding pattern.

a quart of liquid. Prepare only as much of this mixture as you plan to use at one time. Feed this mixture to your plants once a month as part of your normal watering/feeding pattern. Knox is a pure, safe food—with no additives—and it's almost impossible to burn your plants as you might do with other plant foods. Be careful not to overwater your plants, of course. Knox is convenient to use, too, and if you don't already have a box of it in your kitchen, you can quickly pick one up at the supermarket on your next shopping trip.

To help your houseplants grow, remember that they need to be periodically repotted into larger pots. Regular monthly use of unflavored gelatine, combined with proper lighting and watering, will help assure that your modest investment in household plants more than pays off in making your home more attractive, inviting... and fun to be in.

## WHAT TO DO IF YOUR LIGHTS GO OUT

We'll do our best to keep it from happening, but let's face it. Even with the miracles of modern technology, it sometimes occurs in the best of systems.

So, if your power goes off, we hope you'll help us get it back on as quickly as possible.

### HERE'S WHAT YOU SHOULD DO:

1. Check your neighbors. Call them or go outside and see how widespread the outage is.
2. If your house is the only one affected, check your breaker box.
3. If the trouble is not on your side of the meter, call us -- your local WTU office -- and give us the following information:
  - Your name and address
  - Time of the outage
  - The area affected (as many addresses as possible)

We'll take it from there. Please don't prolong the call with questions that can't be answered. We'll be getting many other calls, depending on how widespread the outage is. And, if you're answered by a recorded message, it means that the dispatcher already has been swamped with calls and that we're working on the problem.

Remember, our goal, as always, is to provide reliable electric service at the lowest practical cost. And if an outage does occur, we aim to restore service without delay. We appreciate your help.

# ENTERTAINING IDEAS

## Houndettes, JVs Win Volleyball Games

By Coach Dale Wainscott  
The Houndettes had an easy time winning over the Aspermont Hornettes. The first match scores were 15-2, 15-1 while the second match scores were 15-1, 15-10. The junior varsity came out on top playing two games to complete their match which makes their win/loss record 4-3. These wins make the varsity record 11-0. Being undefeated at this point puts pressure on them and also gives the Houndettes something to work harder towards.

Aspermont had a hard time returning serves and spikes from the Houndettes. The Houndettes played as well as could be expected. The number of spikes and serves were less in number because of Aspermont having a hard time with them; therefore, points were scored. Mindy Hutchinson led in spikes with seven while Mary Albus was right behind with six. Kay Howel and Chayo Garcia led in sets, Kay with 11 and Chayo with eight. The leaders

in serving were Karae Beason with 21, Mary Albus with 18, Chayo with 15 and Kay with 12. A strong point here is having people perform in more than one situation and having them perform behind each other. Their weakness is covering the court properly at all times but they are concentrating on this.

The junior varsity also had two good games with the fewest errors yet. Aspermont's junior varsity also had a hard time returning serves and this contributes to less spikes and errors. In the

junior varsity match, Charlette Albus led in spikes, Sharon Robinson led in sets with Marilyn Benson and Angie Quintana leading in serves.

The first annual Houndette volleyball tournament will be October 25 with action starting at 9:00 a.m.

The Houndettes will play Hawley here Monday, October 13.

## Eye On Safety

Nearly one million Americans have lost some of their sight due to injuries. Fortunately, for the future at least, 90 percent of the damage could be avoided.

That's the view of the National Society to Prevent Blindness, the oldest voluntary health agency nationally engaged in preventing blindness.

In industry, in school labs and shops, at home or in sports activity, appropriate

protection can shield the eye from potential hazards.

For information on saving sight through safety, write your state Society to Prevent Blindness.

DELIGHT YOUR FRIENDS WITH A HEAVENLY TREAT

The White Goddess of Irish lore served beverages and desserts to the Gods from the Divine Well of Inspiration. These can easily be made for your own idols. The O'Darby Cream Nut Roll will make you feel like you're in heaven. The fine nut roll is filled with the distinctive flavor of O'Darby, blended into clouds of lightly whipped cream. The chocolate leaves are easy to prepare, but will surprise even the most experienced cooks. Let the elegance of O'Darby Fruited Nog lift your spirits even higher. Its rich flavor deserves to be shared by caring friends.

- O'DARBY CREAM NUT ROLL**
- 7 eggs, separated
  - 1 cup sugar
  - 1 teaspoon baking powder
  - Dash salt
  - 1 1/2 cups ground almonds or pecans
  - 2 cups heavy cream
  - 1/3 cup O'Darby Irish Cream Liqueur
  - 1/2 teaspoon vanilla extract
  - Chocolate leaves (recipe below)

to serve. Just before serving, decorate with chocolate leaves. Makes one cake.

**CHOCOLATE LEAVES**

Melt sweet chocolate over hot, not boiling water. Wash and dry small lemon leaves. Brush backs of leaves with melted chocolate. Allow to chill on baking sheet, chocolate side up. When ready to use, carefully peel leaf from chocolate. Place on cake.

**O'DARBY FRUITED NOG**

- 2 cups chilled, unsweetened pineapple juice
- 2/3 cup O'Darby Irish Cream Liqueur
- 1 tablespoon honey
- 2 eggs
- 1/2 cup light cream
- Sweetened whipped cream
- Pineapple slices

In blender container, combine juice, O'Darby liqueur, honey, eggs and cream. Whip until well blended. Pour into stemmed, chilled glasses. Garnish with whipped cream and pineapple slice. Makes 4 servings.

Grease bottom and sides of jelly roll pan (11 1/2 x 17 1/2 inches). Place sheet of waxed paper in pan overlapping several inches at each end. Press paper into sides of pan. Grease paper. Beat egg yolks lightly. Beat in sugar until mixture is thick and light. Beat in baking powder and salt. Stir in nuts. Beat egg whites until stiff but not dry. Fold in yolk mixture. Spread batter in prepared pan. Bake at 350° F. for 18 minutes or until cake springs back when lightly touched in center. Immediately invert pan onto clean kitchen towel sprinkled with confectioners' sugar. Remove waxed paper carefully. Roll up cake in towel. Cook on wire rack.

Combine heavy cream, liqueur, and vanilla. Whip to stiff peaks. Unroll cake; remove towel. Spread half whipped cream mixture in cake. Roll up on serving platter. Frost with remaining cream. Chill until ready

Take stock in America.

## Estimating SS Benefits Not Easy

By Social Security Administration Officials  
People in the Vernon area often cannot understand why we have so much trouble giving them an estimate of their future benefit rate. It used to be pretty simple. You just took your actual earnings for years after 1950, picked out the high ones, added them together, and figured your average earnings. Then, you could look at a chart—the rates were right in the law—and find your benefit rate.

Not so anymore.

Now, you still list your actual earnings for each year from 1951 on. But, a change made in the law in 1977 added a new step, one that makes things a lot different than they used to be. Now, earnings for each year after 1950 have to be adjusted for increases in wages since then. It's an easy job for the computer. But it's a lot of arithmetic.

For example, if you reach 62 this year, the method works this way. The base year to make adjustments from is 1978. Average wages in 1978 were about 3.5 times what they were in 1951. So, we multiply your actual 1951 earnings by 3.5. Suppose your actual wages for 1951 were \$3,000. Multiply \$3,000 by 3.5 and you get \$10,500. This is the earnings amount we will use in figuring your benefit.

We continue adjusting your actual wages the same way for each year through 1978. We use actual wages for

years after 1978. Now, we will pick the high years to be used—in this case 24—from the list of adjusted wages. Next, total the earnings, and divide by 24 to figure average adjusted earnings. Oh, I almost forgot—divide the yearly figure by 12 to get monthly adjusted earnings.

There is no longer a chart in the law. Therefore, we have to apply a formula to our adjusted average earnings figure. The formula for a person reaching 62 in 1980 is as follows: 90 percent of the first \$194 of adjusted monthly earnings, 32 percent of the adjusted earnings over \$194 and through \$1,171; and 15 percent of any adjusted earnings over \$1,171.

You would think that would be enough, but there are still more steps to follow.

Next, you increase the basic rate by cost of living increases beginning with the year you reach 62. For 1980, this means you multiply the basic rate by 1.143, the 1980 cost of living increase.

Now, if you plan to retire before you are 65 there is one more step. Your benefit has to be reduced because you are getting it before 65. At 62, your basic rate is reduced by 20 percent.

If you have a wife the same exact age as you, she can get a benefit equal to 37.5 percent of your basic rate at 62. If she waits until 65, she would get half of your basic rate.

Those factors I mentioned for adjusting earnings for past years will be different for someone reaching 62 in 1981, 82, 83, 84, and so on. The three-part formula will change each year, too. But, the same formula will apply to you, no matter when you choose to get benefits.

This procedure also applies to disability and survivor benefits. These are the reasons we have trouble giving you a quick benefit estimate.

For more information call our toll-free number 1-800-392-1603.

According To Area Entomologist

## Boll Weevil Damage Heavy In County

Inspection of thirteen cotton fields south of the Brazos River showed that boll weevil populations range from 0 to 7,200 per acre.

Heaviest infestations were found in irrigated fields that are still producing squares on which the weevils are feeding and reproducing. The weevil populations found in dryland fields ranged up to 2,600 boll weevils per acre.

These populations may seem high but in past years, in early October, there have been populations of 10,000 to 20,000 boll weevils per acre in

many of these same fields. The damage that these boll weevils are now causing is not important. Most of the bolls that will be harvested are larger than one inch in diameter and are safe from boll weevils. However, part of these weevils, the diapausing weevils, will feed on the squares and small bolls and build up the fat reserves needed to overwinter.

According to Emory Boring, Area Extension Entomologist, boll weevil infestations in Knox County are heavier than in any of the other twenty-one counties in

the Rolling Plains.

To keep boll weevils from being a problem next year producers will need to establish a uniform planting date of about May 20 or later. Fields that are known to be infested with boll weevils, early each year should be inspected starting in mid-June. Where overwintered boll weevils are found, insecticide applications should be made just prior to the 1/2 grown square stage of cotton. Boll weevils cannot deposit eggs in squares that will survive, until the squares are 1/2 grown.

## Louisiana Man Is Convicted Of Fraud

One person was convicted this week and another was sentenced on charges of violating the Social Security Act in Alexandria, Louisiana Federal District Court of Chief Judge Nauman S. Scott.

According to James Harper, manager of the Vernon Social Security Office, Edward Andrew Hudson Jr. of

Marksville, Louisiana, was found guilty of making false statements and concealing information about his full time employment as an ambulance attendant for the Avoyelles Parish Police Jury. Hudson was receiving Supplemental Security Income Payments as a needy, disabled person. As a result of concealing information about his work and earnings, Hudson received \$1,536.40 to which he was not entitled. Sentencing has been set for October 20, Harper said.

On September 25, Judge Scott placed Verna W. Caskey, a 45 year old Monrow resident, on supervised probation for five years and ordered her to refund \$5,000 in full by September 30. Caskey had pleaded guilty on August 18, to charges that she had failed to advise the Social Security Administration that her three children were not under her care so that she could continue to receive a monthly social security check for herself as a widowed mother from January 1968 through June 1977. During the same period she received benefits on behalf of her children which she used for purposes other than their support.

Harper said these convictions demonstrate the Social Security Administration's commitment to actively seek out and prosecute those who falsify records or conceal information in order to draw Social Security or Supplemental Security Income benefits.

## Leah Boone High Point At 4-H Show

Leah Boone, a seventh grade student at O'Brien Middle School, was high point horseman at the Wichita Falls Open 4-H Show in the thirteen and under age division. The show was held at the Red River Rodeo arena.

Showing her paint mare, An Apache Beauty, Leah won showmanship, western pleasure, western horsemanship and trail. Leah showed An Apache Beauty to second place in reining and fourth place in halter. With 32 points, Leah and her mare were high point for all age groups at the show.

Leah is the daughter of Mr. and Mrs. Joe Boone of Knox City.

Also participating in the show was Jennifer Cockerell, four year old daughter of Lisa Boone Cockerell of Wichita Falls, Jennifer, riding Chubby Red, placed sixth in the walk-trot class for children 10 and under. Jennifer is the granddaughter of Mr. and Mrs. Joe Boone.

## Notes From Hoopas

By J. Williams

The summer of 1980 has pretty well hushed up long, windy tales about droughts of the past. This one is a booger. Ask anybody.

You see some plowing, but it is a dry business, except where a few random thunder-showers have hit.

Now and then, great banks of thunderheads roll in. The wind shifts. Lightning and thunder flash and boom like two warlords trying to get their bluffs in, but the rain does not come. Not even a hurricane broke the melancholy pattern.

The plowed fields are filled with whirlwinds, slow-dancing, mirage-like, in the noonday heat.

One afternoon, a crew stopped its oilfield chores to stare at a monstrous, black whirlwind, miles away, moving south to north across the McFaddin.

"Man, that thing must be a couple of hundred feet high," said one hand.

"It's like a tornado," said another.

It moved steadily and gracefully for a few minutes, then hit pastureland and dissipated.

"Man, that was something."

Stock tanks are dry, crusted over, and cracked. Much of the cotton is short and spindly, or already brown in places.

Folks press on, though. It has been dry before. The orner weather, bearing down now with a vengeance, makes for a certain toughness among the inhabitants of these parts.

"Be glad when it gets cold," said some leathery old boy in the cafe. "I need something new to gripe about."

## 4-H's Interviewed For Club awards

Knox County 4-H members will be joining some 140,000 boys and girls in Texas and more than five million across the nation in celebrating National 4-H Club Week, October 5-11.

The theme of this year's observance will be "Expanding Horizons." The theme challenges 4-H youth to seek new knowledge and skills and to build on personal strength to become better citizens and leaders.

Knox County has twenty-one outstanding 4-Hers who have been chosen to be interviewed for the Gold Star and Silver Award. These top twenty-one 5-Hers were chosen on the basis of the top record books in the county. In September, they were interviewed by a panel of Extension Agents for the Senior Gold Star and Silver Award, and the Junior Gold Star. They are awaiting the final announcement of the winners on Tuesday, October 21, at the annual County 4-H Achievement Banquet.

## Donnie Byrd Doing Well After Surgery

O.B. McElroy, grandfather of 11-year-old Donnie Byrd, reported to the News office Tuesday of this week that Donnie is doing well following surgery last Tuesday in Children's Medical Center in Dallas.

O.B.'s wife, Ruth, who is with Donnie, said that he is up walking around and possibly will get to return home this weekend.

This is Donnie's second heart surgery. He underwent the first on in March 1970 when he was nine months old.

## KC Garden Club To Meet Tuesday at 2

The Knox City Garden Club will meet Tuesday, October 14, at 2:00 p.m. in the Community Center.

Members are reminded to bring a plant or bulb to exchange for roll call.

The program, "Houseplants, Potting and Care", will be presented by Mrs. Clara Smith Mrs. Arthur Crownover, and Mrs. Lula Hammons.

Mrs. H.E. Wall will bring a Golden Harmony arrangement.

Hostesses will be Mrs. G.E. Wilson and Mrs. James Paterson.

## SS Representative To Visit October 16

A representative of the Vernon Social Security Office will be in Knox City at the City Hall Thursday, October 16, from 1:00 until 2:30 p.m. Persons who wish to transact business are asked to note the time change as well as date change.

## PUBLIC NOTICE

In compliance with Sec. 43(a) of Art. 1446c, V.A.C.S., West Texas Utilities Company hereby publishes NOTICE that it has filed, on September 30, 1980, its statement of intent to make changes in its rates charged for electricity and services sold and rendered inside and outside municipal jurisdictions, such proposed changes to be effective November 4, 1980. Such Statement of Intent includes the proposed revisions of tariffs and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Company and the classes and numbers of utility customers affected. Gross revenues are expected to be increased 8.27 per cent by the new rates. Statements of intent were filed with the Public Utility Commission of Texas and with the following municipalities:

Abilene	Haskell	Quitaque
Albany	Hawley	Rankin
Alpine	Hedley	Rising Star
Anson	Impact	Roaring Springs
Aspermont	Iraan	Robert Lee
