Vote Tuesday, November 4

It's Your Privilege, Please Exercise It!

Tuesday, November 4, is a very important day in the lives of all Americans. It is the day when all of us have the privilege, as well as the responsibility, of casting our individual vote for the persons in whom we are placing our trust and confidence to guide our counties, our state, and our great nation for the next four years.

According to John A. Smith, Knox County Tax Assessor-Collector, Knox County has 2,962 registered voters, and officials are hopeful that all of these registered voters will make their preference known at the polls next Tuesday.

Knox County Clerk Gloria West advised the News office Tuesday before press time that 30 had cast absentee votes in person. Thirty-two absentee ballots had been mailed out, of which 11 have been returned to the clerk's office. Mail-outs have until election day to be received by the clerk.

A sample ballot will be noted elsewhere in this week's News. In fact, the ballots are so large this year, voters should have no trouble whatsoever in making their

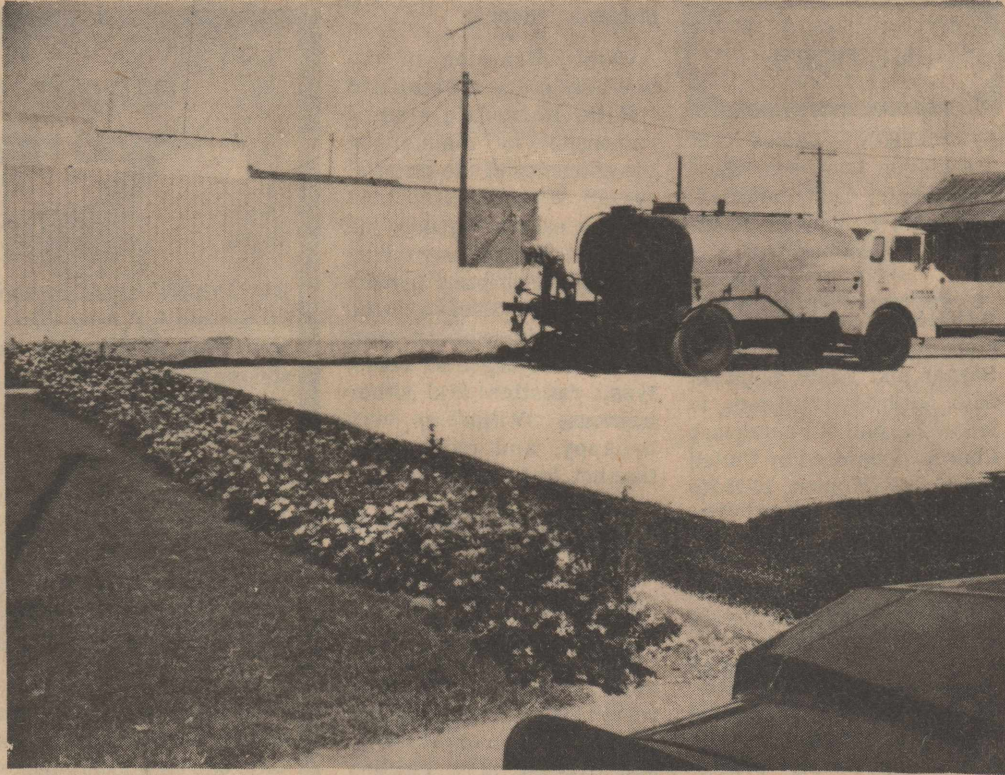

choices from left to right, in the columns of the Republican Party, the Democratic Party, the Libertarian Party, the Independents, or the write-ins.

In addition to the candidates, nine constitutional amendments are to be voted on.

Polls will be open from 7:00 a.m. until 7:00 p.m. with two polling places in Knox City. Voters in Box 7-S will vote at the Community Center at South Third and Avenue B, while voters in 7-N will cast their ballots at the City Hall.

Other polling places include Benjamin, Courthouse;

Truscott, Community Center; Gilliland, Community Center; Vera, Methodist Church; Goree, Community Center; East Munday, Community Center; North Munday, Munday High School; Sunset, Gillespie Church; and Absentee, Benjamin, County Clerk's Office.

KNOX CITY'S Downtown Parking Lot was completed last week with the hot-topping of the lot by Lipham Construction Company of Aspermont. The lot reflects the many hours of work by individuals and classes, and the beauty of the grass and flowers makes the site one of which residents can be proud.

Christmas Plans Are Underway

Plans are progressing for the Miss Merry Christmas program to be held this year on Thursday, December 11, at 7:30 p.m. in the school auditorium.

Barbara Barnard reported that the program, sponsored by the Knox City Chamber of Commerce, will be open to all girls pre-school through the twelfth grades.

Pre-school girls through the fourth grade will need to be entered by the parents, while those in fifth grade through twelfth grade will be nominated and chosen by their classmates.

Entry forms may be obtained from Doris Crownover in the Chamber office or from Dessie Egenbacher at the Lady Bug Shoppe.

Merchants will again have the opportunity of sponsoring one or more girls for the contest.

KC Wins On First Downs

Hounds Tie Up Hornets, 14-14

By JIM DILLON

If you were looking for an average Friday night football game with a sprinkling of excitement and one or two big plays, Aspermont was not the place to be when the Greyhounds took the field.

The Greyhounds are still undefeated in district play, but it took a strong defensive stand by key players to hold the Hornets from penetrating the 20 yard line late in the fourth quarter that would have given the win to Aspermont.

The Greyhounds came out

ready to play and after Aspermont lost the toss of the coin, KC elected to receive the kickoff. Nothing could go wrong and the Greyhounds scored the first two times they had possession of the ball. But the stunned Aspermont team came back in the last seconds of the second quarter and scored and the half ended with the score 14-8.

The Hornets came back to start the second half and drove the ball and scored with only 17 seconds left in that quarter. A motion penalty on the point after try moved the ball to the one and one-half yard line and the kick was off to the right thus tying the score, 14-14.

Early in the fourth quarter, Steve Long intercepted a halfback pass thrown by Rickey Gonzales and ran it to the KC 49. Marvin Louis, who had been stopped by the KC defense most of the night, ran the ball around right end for 22 yards and the pressure was on. It was second down from the 27 that Louis fumbled the pitch out then kicked it into the hands of Chuck Hutchinson at the 22. That ended that drive just two yards short of an Aspermont penetration.

Four plays later, a bad snap resulted in a short punt and the Hornets took over on the KC 31 with 6:33 left. Louis

ran five yards on the first carry. Jay Rutherford on the second down caught Aspermont's Willer by the ankle for a 10 yard loss. Then on third down, Willer dropped back to pass, then scrambled to the 25 before being tackled. That made it fourth and four. Aspermont called time out and decided to pitch to Louis who was stopped by three Greyhound defenders. This was the turning point of the game. The Greyhounds controlled the ball for the next four minutes and fourteen seconds, assuring themselves of a victory because of the district rule that breaks tie games.

The first touchdown came from a pass from Rutherford to Hutchinson with 5:40 left in the first quarter. Gonzales kicked the extra point. Four minutes later, the Greyhounds scored again. Gonzales scored from nine yards out and also kicked the extra point.

This game puts the Greyhounds one step closer to the district championship and a playoff berth. The stage is now set for the next three weeks when the Greyhounds meet Newcastle, Rochester and Rule.

The Greyhounds are your team, the people of Knox City and O'Brien, so let's continue to back them 100%.

Free Booklet is Available Locally

A new, free, eight-page illustrated booklet, entitled, "The Story of Willie Bacteria, or HOW TO TAKE CARE OF YOUR SEPTIC TANK OR CESSPOOL" is now available to owners of septic tanks and cesspools from Guinn's Sheet Metal & Plumbing in Knox City.

In a light vein, illustrated by cartoons, the booklet explains the workings of the septic tank and cesspool in simplified fashion. It describes the bacterial action of the disposal system and what is necessary for its proper functioning.

Chief attraction in the booklet is a humanized "Willie Bacteria", who is responsible for maintaining the efficiency of the disposal system. When the septic tank or cesspool user ignores the fact that "Willie" is working to keep the disposal system free from disease, and saturates him with an overdose of detergents, acids, lyes, caustics and other irritants, "Willie" is very unhappy, and more often than not, just stops working.

But, there is a bright side to the story too, for "Willie Bacteria" has found a way to educate the septic tank or cesspool user, so that "Willie" can do his job under modern, up-to-date working conditions, and prevent the fuss, mess, inconvenience, and expense of a clogged disposal system. The booklet was produced by The FX Lab Company, Inc., 1275 Bloomfield Ave., Industrial Park Bldg. No. 2-13, Fairfield, New Jersey 07006.

DPS Warns Persons Of Halloween Traffic

On Friday, October 31, children everywhere will be celebrating one of their favorite holidays, Halloween. This being so, scores of miniature "monsters" will scamper through the neighborhoods of Texas. For many of them, "trick or treat" may well turn into tragedy.

Major C. W. Bell, Regional Commander for the Texas Department of Public Safety, Lubbock, suggests that a few precautions on the part of the motorists and parents could prevent such disasters this Halloween.

If your children go trick or treating, one of the parents should go with them to insure their safety. If you buy or make your child a costume, it should be of white or light colored material so it can be easily seen at night by motorists. You should also have your child carry a flashlight to serve as a warning to motorists and as an added safety measure on poorly lighted streets. Children should be instructed to use sidewalks whenever possible and the motorists, on their part, should be

especially careful when driving the neighborhood streets as many of the youngsters will be crossing the streets haphazardly as they go from house to house.

Major Bell also stated that because Halloween falls on a Friday there will be added traffic as most area high schools will be having a football game. If the parents and motorists will join together and think of the children's safety, we can turn this potentially dangerous evening into a safe and enjoyable one.

Educators Elect Incoming Officers

Approximately twenty-five members of the Association of Texas Professional Educators attended a recent meeting in the high school library where officers were elected to serve for the coming year.

Elected were Steve McIlhenny, president; Frances King, vice-president; Faye Reed, secretary-treasurer; and Judy Burnett, reporter.

ISSUES OF THE EIGHTIES

Jimmy Carter

ABORTION: Believes personally that abortion is wrong, but is against a constitutional amendment which would overturn the Supreme Court decision permitting abortions.

ERA: Strongly supports ERA; determined to "do everything within my power" to ratify the amendment. Has used the White House to further the cause of ERA.

SCHOOL PRAYER: Opposes an amendment on school prayer; cites separation of Church and State; feels it would discriminate against atheists.

HOMOSEXUAL RIGHTS: Supports legislation which would remove homosexuality from a list of "sexual aberrations" for which aliens can be denied immigration. According to a White House staff member, gays "have in the White House a President who is meeting with you and respects you."

DRAFT: Has called for draft registration in response to the Soviet invasion of Afghanistan. Supports drafting of women. Carter believes in the Volunteer Army and sees need to upgrade pay-scale and benefits.

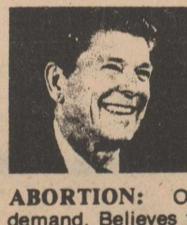

DEFENSE: Opposed B-1 bomber, deferred production of neutron bomb, delayed production of cruise missile, Trident submarine, SSN-688 attack submarine, and Trident missile system. Has now asked for authorization for "rapid deployment force," and a 5% increase in defense spending.

SALT II: Supports the SALT process; feels it is "in our nation's interest," but that because of Soviet presence in Afghanistan is "inappropriate at this time."

ECONOMIC POLICY: Plans to continue his policies of wage and price guidelines, regulatory reform, and restraints on government spending. He does not favor wage and price controls. Carter is now seriously considering a tax cut for 1981.

MIDDLE EAST: Brought about the historic signing of a peace treaty between Egypt and Israel in March 1979 following the Camp David Summit. Does not support West Bank settlements or Palestinian Autonomy.

ENERGY POLICY: "We will never be completely strong at home or secure abroad until we have solved our nation's excessive dependence on foreign oil." Proposes stand-by gas rationing plan, converting electric power plants from oil to coal, development of alternative forms of energy and synthetic fuel. Says we must cut our imports of foreign oil in half by 1990.

Ronald Reagan

ABORTION: Opposes abortion-on-demand. Believes that "interrupting a pregnancy is the taking of a human life and can only be justified in self-defense; that is, if the mother's own life is in danger." Suggests a constitutional amendment banning abortion.

ERA: Opposes ERA: "I do not believe that the ERA is the answer. The amendment would not itself redress inequalities in rights, and, by increasing the courts' legislative power, could do more harm than good."

SCHOOL PRAYER: Proposes an amendment to permit voluntary school prayer. "We are a nation under God." Says people are interpreting freedom of religion to mean freedom from religion.

HOMOSEXUAL RIGHTS: Does not advocate "gay lifestyles." Does not feel that any unique lifestyle should be given favored attention. "An employer should not be subject to special laws (such as 'gay ordinances') passed in some cities) which, in effect, would compel him to hire a person because of that person's sexual preference."

DRAFT: Opposes universal service and the drafting of women. Supports all-volunteer army. "Universal service rests on the assumption that people belong to the state, and are simply statistics to be manipulated by social engineers."

DEFENSE: "Thousands of years of human history have demonstrated that the most effective deterrent to armed conflict is military strength, not weakness." Supports development of B-1 bomber, neutron warhead, and MX missile.

SALT II: Sees it as fatally flawed...more of a strategic arms build-up than an arms limitation...should be shelved and the negotiations should go back to the table.

ECONOMIC POLICY: Tax cuts a priority. Plans to cut taxes by 30% over next 3 years. Hopes to provide substantially less government interference in people's lives. Plans to cut government costs, consolidating some departments and dismantling others, such as the Department of Energy and the Department of Education.

MIDDLE EAST: Strong supporter of Israel. "The crucial element determining the success or failure of American policy is the fate of Israel. Israel is America's natural ally."

ENERGY POLICY: Plans to dismantle the Department of Energy and its allocation rules. By D.O.E.'s own admission, "regulation has compounded any problem arising from imperfect market structures. Allocation formulas were mainly responsible for last summer's gasoline lines."

John Anderson

ABORTION: An opponent of the recently passed Hyde Amendment which gives Congress authority to refuse to fund abortions. "As a matter of conscience, I am saddened by the high incidence of unwanted pregnancies." The choice is a matter to be decided by a woman in conjunction with her God and her physician. Poor women should have government assistance to finance abortions.

ERA: Strong supporter. "The ERA is needed to enshrine in the Constitution the moral value judgment that sex discrimination is wrong." Voted against states' right to rescind, for the extension of the ratification deadline.

SCHOOL PRAYER: Anderson voted against school prayer in 1971, and according to his staff, would vote against a school prayer amendment again.

HOMOSEXUAL RIGHTS: Anderson is co-sponsor of H.R. 2074, a bill to amend the Civil Rights Act of 1964 to include homosexuals.

DRAFT: Opposes reinstatement of peacetime draft registration or compulsory service. "I am unalterably opposed to the draft during peacetime in the absence of compelling circumstances. Such circumstances do not exist."

DEFENSE: "Every four years (during presidential elections) there is heightened fear about the Soviets as an excuse to take our minds off domestic problems." Opposes deployment of MX missile. Opposes defense hikes beyond 3%.

SALT II: Strong supporter. Believes SALT process should be continued to include an even more restraining treaty.

ECONOMIC POLICY: Supports holding down government spending, boosting productivity, encouraging personal savings, lessening the burdens of regulation and taxation on business, increasing research and development, and providing meaningful job training and continuing education programs. "Productivity is a vital national issue and should be brought to the forefront of domestic policy. Otherwise, we shall have to accept the resulting economic stagnation."

MIDDLE EAST: Supports an intermediary role for the U.S. without becoming an advocate for either Israel or Egypt.

ENERGY POLICY: Believes that a solution to energy crisis is to increase price of gasoline by fifty cents per gallon. Revenue raised would be redistributed through tax system to the poor and other groups.

FFA NEWS
By Jeff Reece

This week, we finished handing in our sausage and turkey orders and all preliminary indications show the sale to have done very well.

During the week, Ray Farmer went to the District, Officers' banquet to try and become an officer at the district level. Although Ray was not successful in gaining a nomination I for one would like to say we, the fellow chapter members were proud of his hearty endeavor to try and achieve those prestigious offices. It shows the Knox City Chapter is active in all FFA affairs. Participation is

a key element in any organization, especially one as large as the national FFA.

Also the little ghosts and goblins will be out trick or treating for "treats". If you're out driving, keep an

eye peeled for them because being careful and watching for cars may not enter their little minds.

FALL GARDENING TIME AT HAND

Although there is still plenty of hot weather ahead, it's time to start getting things in shape for your fall vegetable garden.

Much of Texas is well suited for year-round gardening, and fall vegetables generally have better quality and flavor than those grown in the spring, says Sam Cotner, horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

Many popular warm-season vegetables such as tomatoes, peppers, eggplants, pole beans, potatoes, okra, cucumbers and squash can be planted during the coming weeks.

Also, the so-called "winter" vegetables such as broccoli, cabbage, cauliflower, greens, parsley and carrots can be planted now for early harvesting. Later plantings of these cold-hardy crops will supply fresh vegetables well into winter.

What are some of the important aspects of fall gardening?

First of all, get the land into

good shape, Cotner suggests. If you had a garden this spring and fertilizer was applied, little if any additional fertilizer will be needed before fall planting.

For new gardens, apply two to three pounds of complete fertilizer such as 10-20-10 per 100 square feet and work it into the soil, recommends the horticulturist. If plants make slow growth, apply a light amount of fertilizer between rows and water it into the soil.

Adequate water is vital for a successful fall garden, particularly for seed germination and early plant growth. Cotner suggests "pre irrigation" before planting followed by subsequent, light waterings three or four times a week to keep soil from drying and crusting. Water stress during early growth of plants can reduce later yields.

Transplanting is a good practice in the fall since this allows seed to be started in areas sheltered from high temperatures and drying winds. Check at garden centers for recommended varieties of vegetables and strong, vigorous, healthy plants. Or you may want to grow your own transplants, notes the horticulturist.

As with all gardens, keep a wary eye for such problems as weeds, insects and diseases.

A Call For Help From Democrats And Independents

The citizens of Knox County have always voted heavily Democratic on most issues that are settled at the ballot box. I fear that sometimes many of these votes are cast without a close analysis of the after affects of the matter involved. Tradition is the principal influencer of many votes. The 'Daddy would turn over in his grave' attitude prevails.

I plead with you for some unbiased thinking. Daddy was never confronted with so vital and important questions as you will help settle in the forthcoming election, and if he had have been, how would he have responded? Would he have supported a man and a platform that endorses and condones the following extreme measures?

#1. Abortion on demand. This is pure unadulterated murder. It is the denial of a baby's right to life.

#2. Forbidding a student the privilege to participate in private prayer at school for fear of discriminating against an atheist. This is discrimination in reverse. The very coins we carry in our pockets ring with mockery, for on them is inscribed the phrase "In God we trust".

#3. Homosexuals and those of any other sexual aberation or unique life style should be treated as a minority group. Should they be able to make demands on an employer that a proportionate number of their group be considered in any job application?

#4. We should not have the military might that insures peace. Should not America, the friendly giant, be armed well enough to protect her shores and foreign investments?

These are some of the implications of the present Democratic platform. I ask you now to think on the following broken promises and blundering decisions made in the White House in the past 3 1/2 years.

#1. When Jimmy Carter took office he said 4.8 percent inflation then was unacceptable. It has spiraled above seventeen percent.

#2. He said the 1976 unemployment rate was too high. It has risen to the highest level since the Great Depression.

#3. In 1976 Carter said he would balance the Federal budget by the year 1981. The estimated deficit for 1980 is over sixty billion dollars.

#4. According to Sen. Armstrong of Colorado, Jimmy Carter has imposed the largest peace time tax increase in U.S. history.

#5. In the Afghanistan affair he used the American grain farmer and the Olympic team as political pawns.

#6. President Carter has opened the flood gates of immigration and inundated our social and welfare system. He has disgraced the immigrant who has earned his right to American citizenship.

#7. He has so completely dismantled our military that we no longer command world wide respect.

#8. Jimmy Carter has consistently surrounded himself with inefficient and incompetent advisors, chiefly, fellow Georgians.

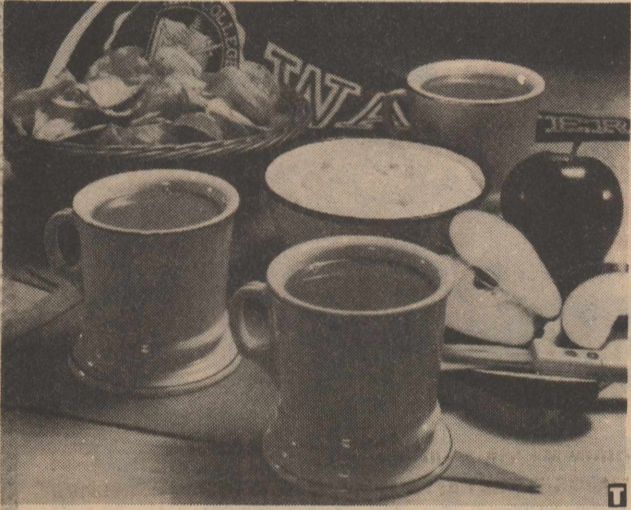

The above statements are a part of the record and the platform of James Earl Carter and he is asking you for the job for four more years. Would not Daddy have had second thoughts about supporting such a man and such a platform?

The main points and issues and how each of the three major presidential candidates stand on them is printed in this paper. I ask you to examine each of the three columns and apply the one that best fits your convictions to your ballot sheet on Nov. 4th.

Party allegiance should not decide such crucial matters when America's very life blood is ebbing, but rather moral, fiscal, and national preservation principle.

Garnished with a generous dollop of prepared whipped topping, it's a warm welcome on a brisk afternoon.

"I shall make electric light so cheap that only the rich will be able to burn candles"

That's what Thomas Edison promised over 100 years ago.

And he did it!

For the same amount of light produced by ten 100-watt bulbs during their average lifetime, you'd have to buy \$59,937.50 worth of 35¢ candles. (That's a conservative estimate supplied by a reputable bulb manufacturer.)

Yes, electric lighting has come a long way, since Edison invented the incandescent bulb. And through most of those years the price of electricity has gone down steadily. Even now, when inflation is forcing power companies to increase their rates, electricity is still America's best bargain.

News Notes from the Brazos Valley Care Home

By Laura Ivie

Sunday morning, October 26, Ozelle Stephens taught Romans 1. There were 15 attending Sunday School.

Jack Tankersley and his wife led the Sunday morning singing assisted by Peggy Guinn on the piano.

Sunday afternoon Rev. Sickles of the First Christian Church presented an excellent service. The 23rd Psalms was read and discussed to the 29 residents attending.

The Ronnie White Family sang two beautiful songs, "God Shall Wipe All Tears" and "You Are Able".

Tuesday, October 21, the Garden Club served cake and punch to our residents. We really appreciate this and would like to thank Sudia Cash and Iola Hudson for serving.

Last Tuesday night, the Care Home was treated to some good ole' country music. Mutt Logsdon, Herman Hearn, Johnny Brown, Ken Walsh, and W.H. Patterson entertained the residents with guitar picking, piano playing and country singing. Everyone had a good time.

We would like to thank the Senior Citizens Club for letting us watch the film on cancer. It was a very good film and something all women should be informed about. The

women and men working for the Senior Citizens are doing some marvelous things for the elderly in Knox City and I think it's wonderful.

If more people would become involved in helping the aged, they would make so many elderly people happy. Once again, I'm asking some of you to help us. Knox City is a great place with so many caring people. We help fire victims, we help fight world hunger, so what about our elderly? We can work together to help these people. It takes so little to bring lots of smiles and sunshine into their lives.

Hey folks, most of these people still vote. They're part of our community, but we don't seem to remember this. Let's not shove them aside. Let's remember they are a part of our town and they need us. Listen, someday we're gonna be where they are. Growing old is something we all have to do, but we can make it a wonderful time in our lives.

I'm just one person. I can't change the world but I can sure try to make it better for the elderly people. I won't give up until I make Knox City see how important this is. I'm going to be a pest about it. I love these people! I'm sure a lot of you wish I'd put a zipper on it. Sorry folks, I'm going to keep trying. Come on Knox, let's show these people we care. Let's show them we're proud of our elderly people.

Care homes everywhere have the same problem, no one gets involved. Once an elderly person goes into a care home, the outside world seems to forget you exist. Their minds are good but their bodies don't work quite as well as they used to. Hey, they're still people, but they're pushed aside like an old toy. We together can change it. We can make their old age an enjoyable experience.

I want to give a very special thanks to the people who have volunteered their time to us. You're doing a wonderful thing in giving your time and love to these people. Thank you all so very much.

April's Advice

BY APRIL WERLEY

By April Werley

Sharpen your clothing-buying skills.

There are many things that affect the price of clothing today. One of these is the economic conditions of today. The clothing industry is facing problems arising from the economic situation as are all other industries. These conditions affect the price you pay for clothing.

The cost of labor to produce clothing contributes greatly to the price we pay. American labor cost is rising and some clothing makers have switched to foreign sources of labor to try to

lower their costs. Some American companies are sending the raw materials to plants to set up in foreign countries where workers are paid lower wages than this country.

Manufacturers are also constantly looking for styles of garments in which detailing will lend itself to mass production to cut down on labor costs.

Another factor that affects the cost of clothing is changes in supply and demand. When natural fibers such as cotton, linen, silk and wool are in shorter supply than demand, the price goes up. Today we have a greater supply of synthetic fibers such as polyester than there is a demand for. This demand directly affects the cost of clothing as well as the kinds of clothing we will find in stores.

The high cost of energy that is needed to produce fibers, make fabrics, and construct garments has increased; therefore, increasing costs of the clothes we buy.

RATED PG

Deadline Is October 31 For Reports

October 31 is the date by which employers must report on Form 941 Social Security and withheld Federal income taxes for the 3rd quarter of 1980 and pay any taxes due, the Internal Revenue Service says. If the quarterly liability (reduced by any deposit during the quarter) is \$200 or more, the unpaid balance must be deposited. This deadline does not apply to those employers who make timely deposits of the full amount of tax due in Federal Reserve or approved commercial banks. They are allowed until November 10 to file Form 941, "Employer's Quarterly Federal Tax Return." If employers have not received Form 941 by mail, they can obtain one from local IRS offices. IRS Publication 15, "Circular E—Employer's Tax Guide," is also available at local offices.

HALLOWEEN HINT

It's hard to say who is more scared on a spooky Halloween night—kids fearful of ghosts and goblins or parents fearful of candy and cavities. On Halloween night mothers with toothbrushes are as menacing as witches on broomsticks, and rightly so.

According to the dentists who specialize in treating children, or pedodontists as they're called, parents can prevent most decay by allowing sweets under controlled conditions. The American Academy of Pedodontics counsels parents to serve sweets • after dinner • just before a child cleans his teeth. If a child eats sweets, having them in conjunction with a meal can limit the occurrence of cavities. Food has its greatest decaying effect while it is in the mouth and immediately following. By restricting snacks and candies to mealtimes or times when a child can brush afterward, the period of danger to young teeth is reduced.

Pediatric dentists also caution parents to be watchful of the "stickies", which is not a band of kiddie monsters but foods that hold sugar to the tooth's surface. These foods include candies, sodas, sweet sauces, cakes and cookies, pastas, and dried fruits like raisins. When children eat such items, they should brush their teeth immediately.

Further information about children's dental problems can be obtained by writing the American Academy of Pedodontics, 211 E. Chicago Ave., Suite 1235, Chicago, Illinois 60611, or by contacting your local pediatric dentist.

Vote to Keep Judge Will Garwood on the Texas Supreme Court

Judge Will Garwood has widespread support from Democrats, Republicans, Independents, three former governors, four former attorneys general, 11 former Supreme Court justices, 15 Texas Bar presidents. Texas lawyers endorsed Judge Garwood by 82%. He won local judicial preference polls by 86% in Dallas, 86% in Houston and 80% in Fort Worth. Judge Garwood is the choice of so many because he's fair-minded, non-partisan and better suited to the job through personal qualifications and superior training.

He has over twenty years experience in private civil law practice. He served with the Judge Advocate General's Corps, U. S. Army, and was first in his class every year at The University of Texas School of Law, receiving his LLB with honors.

"The appointment of Will Garwood to the Texas Supreme Court sounds like a chapter of Texas history repeating itself. The Garwoods have a long record in the judiciary. Will Garwood's grandfather, Hiram Garwood, was county judge of Bastrop County in 1888 and at one time president of the Texas Bar Association. W. St. John Garwood, son of the county judge and father of the new associate justice, was the first Houstonian to be named to the Texas Supreme Court in 80 years. . . This three-generation record of public service is in the finest Texas tradition"

—HOUSTON POST
 "Garwood's legal credentials are, to put it modestly, magnificent."

Letters To The Editor

Oct. 15, 1980
Lincoln, Missouri
Dear Billye Bess,

I want to renew my paper for another year. I don't want to miss a single issue, because I enjoy reading about my old friends and the things that are happening in good old Knox City. Truly, there are no better people anywhere. As I have always been interested in true events that took place during the Civil War, I read with much interest this article in our local paper and thought you might like to read it also. One looks at the old, lonesome river and tries to imagine what it must have been like in those days with steamboats and log houses. It winds through the town of Warsaw which is really my hometown. Keep the paper coming and have a good year ahead.

Mildred Bifle
(Editor's note: Thanks, Mildred. It is good to hear from you and we still miss you.)

Dear Editor:
If there is a charge for this Card of Thanks, please notify me. I was born and reared at Knox City, O'Brien, and Rochester. My mother is Bertha Trimmier of Knox City and I was visiting there when the emergency arose to put me in the hospital. Knox City is very fortunate to have that good organization in your community. Thanks a lot to everyone!

KC Garden Club Has Informative Meeting

Knox City Garden Club members enjoyed a very informative program when the club met October 14 at the Community Center.

After members participated in the Pledge of Allegiance, Charlotte Patterson sang, "Have You Ever Been To Texas In The Spring?", which is the official song for Texas Garden Clubs. She was accompanied by Elizabeth Wilson at the piano.

Mrs. H.E. Wall made a line mass arrangement of Golden Harmony in an appropriate container.

Ruby Robinson presided in the absence of Sudia Cash and Beth Melin.

For roll call, members exchanged plants and bulbs.

Mrs. Clara Smith, Mrs. Arthur Crownover, and Mrs. Lula Hammons gave an interesting program, "How To Pot and Care For Houseplants."

Ways to fertilize different plants, keep them free from insects and diseases, and methods to keep leaves fresh and glossy were discussed.

Members brought items for the White Elephant Sale to be held Monday, November 10, at Munday with the Munday Garden Club for the Area I and II convention.

Plans were discussed to have a monthly party for Brazos Valley Care Home residents as well as Christmas gifts for them.

Vote for Greater Banking Convenience

Passage of Proposition 1 on the November 4th ballot will open the door to even greater banking convenience. This simple change in the law will allow Texas banks to place unmanned teller machines at convenient locations for faster service, night or day. These teller machines are becoming a convenient option for handling routine banking business.

"Round-the-clock banking at unmanned tellers is convenient, safe and a positive step toward avoiding unnecessary credit card use. . . moreover, it is an energy saver — instead of traveling across town to a bank, an unmanned teller can be built in your neighborhood."

— San Angelo Standard-Times

Proposition 1 "will make life easier for bank customers. . . (it) will eliminate many, if not all, of the tortuous lines seen clogging drive-in bank lanes."

— Houston Chronicle

Proposition 1 "has gained widespread support as the amendment faces voters Nov. 4."

— Orange Leader

"Off-premises unmanned teller machines should be approved by Texas voters."

— San Antonio Light

(Editor's note: W.H. (Bill) Lankford brought the following article in which he had 'retrieved' from a recent Comanche paper. According to the newspaper, Bob Miller, publisher of the Hamilton Herald-News, came up with it and said it was making the rounds now. Miller explained that the author is said to be an elderly lady from Baird, Texas, named Mrs. Clifford Hord. The story goes something like this:)

"My friend is a rather old-fashioned lady always quite delicate and elegant, especially in her language. She and her husband were planning a week's vacation in Florida, so she wrote to a particular campground and asked for a reservation.

"She wanted to make sure the campground was fully equipped, but didn't quite know how to ask about the toilet facilities. She just couldn't bring herself to write the word 'toilet' in her letter. After much deliberation she finally came up with the old-fashioned term 'bathroom commode.' But

when she wrote that down, she still thought she was being too forward, so she started all over again, rewrote the entire letter and referred to the bathroom commode merely as the B.C. 'Does the campground have its own B.C.?' is what she actually wrote.

"Well, the campground owner wasn't old-fashioned at all and when he got the letter he just couldn't figure out what the woman was talking about. That B.C. business really stumped him.

"After worrying about it for awhile, he showed the letter to several campers, but they couldn't imagine what the lady meant either. So the campground owner, finally coming to the conclusion that the lady must be asking about the location of the local Baptist Church, sat down and wrote the following reply:

"Dear Madam: I regret very much the delay in answering your letter, but I now take pleasure in informing you that a B.C. is located nine miles north of the campground, and is capable of

seating 250 people at one time. I admit it is quite a distance away if you are in the habit of going regularly, but no doubt you will be pleased to know that a great number of people take their lunch along and make a day of it. They usually arrive early and stay late.

"The last time my wife and I went was six years ago, and it was so crowded we had to stand up the whole time we were there. It may interest you to know that right now there is a supper planned to raise money to buy more seats. They're going to hold it in the basement of the B.C.

"I would like to say it pains me very much not to be able to go regularly, but it surely is no lack of desire on my part. As we grow older, it seems to be more of an effort, particularly in cold weather.

"If you decide to come down to our campground, perhaps I could go with you the first time you go, sit with you, and introduce you to all the other folks. Remember this is a friendly community."

WCTCOG Considers Eight Agenda Items

The Executive Committee of the West Central Texas Council of Governments considered eight agenda items at its October 22 meeting.

The Committee approved the 1982-84 Regional Alcohol Abuse/Addiction ordinance with plan goals including the reduction of alcohol addiction/abuse by influencing regional drinking patterns over a six year period; reduction of alcohol-related economic and social costs to the region through a comprehensive, coordinated

planning and service network capability; assistance in provision of comprehensive regional treatment and rehabilitation services throughout the region with special emphasis on identified target groups.

Authorization to contract with Ray Associated, a public management company in Austin, for preparation updated job description and preparation of a written procedure for recruitment and selection of employees.

Approval to lease CETA Manpower Office space in Snyder and Haskell was given by the Committee. Local real estate transactions necessitated vacating current Snyder offices, while the availability of offices within the Haskell County Courthouse better suited to programs needs may now be obtained.

Appointment of Kent County Judge, Donnie Carriker, to the Regional Advisory Council on Aging was approved by the Committee. Judge Carriker has been recently appointed by Governor Clements to the State Advisory Council on Aging.

WCTCOG Legal Council, Charles Erwin, reported to the Executive Committee on his research of the Office of Management and Budget A-95 review and commented process.

As its final action, the Committee set November 22, as the date for its annual meeting.

"And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them and be their God. And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, neither crying, neither shall there be any more pain; for the former things are passed away. And he that sat upon the throne said, Behold, I make all things new." And he said unto me, Write: for these words are true and faithful."

(Rev. 21: 3-5.)

In this world there is so much trouble, so much pain, sorrow and death, those who believe in Him have a tremendous victory promised them. And this victory comes because we are His and He is ours.

So great is His love that He drives away human tears. No more shall there be death and crying. What a Promise. By His vast power death itself is overcome. Everything becomes gloriously new.

This is perhaps the great and ultimate truth, that in Christ and God everything, both in person and in the world, is changed; all becomes fresh and new and transformed.

Thus, the final glorious promise of God's goodness is the triumph of His love over pain and death.

Host Families Needed For Foreign Students

Rev. and Mrs. Don Jeffreys, pastor and wife of the First Baptist Church in Roby, have been authorized by the Youth Exchange Service (YES) Board of Directors to serve as representatives in this area to handle all related business of the YES organization, based on the incorporation records, bylaws, and philosophy of YES. This

exchange service, with international headquarters in San Clemente, California, has been designated by the United States Government to increase international understanding through the exchange student program.

The exchange service is currently in need of families all over America to provide a temporary home for students

wanting to come to the United States on short cultural VISA'S. Host families receive a high school exchange student for three to nine months starting in mid-December and they are to be enrolled in local high schools. Likes, Dislikes, hobbies, and per-

sonalities of the students will be fitted as nearly as possible to the same qualities of the host families. The students bring their own spending money and are fully covered by medical insurance. Jeffreys commented that they do not want them to be guests in homes but to be a part of the family and learn about middle income American family life.

If there are those who would consider becoming good-will ambassadors of the United States and missionaries of faith, they are asked to please call (915) 776-2159 for more details and benefits. There are students waiting for placement now and unless homes are secured by mid-July, students will be told they have to wait. For some of them, this will be their last opportunity to be an exchange student in the USA.

D - DAY FOR DEMOCRATS

NOV. 4

VOTERS OF THE 101st LEGISLATIVE DISTRICT:

YOU HAVE SEEN MANY TIMES THE FOLLOWING TEST SENTENCE FOR THE BEGINNING TYPIST: "NOW IS THE TIME FOR ALL GOOD MEN TO COME TO THE AID OF THEIR PARTY."

TUESDAY, NOVEMBER 4 IS IT FOR THIS YEAR, THOUGH IT SHOULD BE AMENDED BY SUBSTITUTING "DEMOCRATS" FOR "MEN" BECAUSE EVERYBODY 18 YEARS OF AGE AND OLDER, REGARDLESS OF SEX, IS ELIGIBLE TO VOTE.

I HAVE TWO SUGGESTIONS:

1. BE SURE TO VOTE. IN CASE YOU PLAN TO BE AWAY FROM HOME ON ELECTION DAY, GO TO YOUR COUNTY CLERK'S OFFICE AND CAST AN ABSENTEE BALLOT IN THE PERIOD PRIOR TO ELECTION DAY PRESCRIBED BY LAW.
2. VOTE A STRAIGHT DEMOCRATIC TICKET. THE CITIZENS OF TEXAS AND THE UNITED STATES HAVE PROSPERED MORE UNDER DEMOCRATIC ADMINISTRATIONS.

I APPRECIATE YOUR SUPPORT IN THE PAST AND SOLICIT YOUR VOTE IN THE GENERAL ELECTION. CALL ON ME WHEN I CAN BE OF SERVICE. I CAN BE REACHED AT MY OFFICE IN PADUCAH, EXCEPT DURING SESSIONS OF THE LEGISLATURE WHEN I CAN BE REACHED AT MY AUSTIN OFFICE.

HONEY PECAN BREAD

The accompanying recipe for Honey Pecan Bread looks and smells good, but more than that it tastes good and packs a nutritional wallop to boot. Ingredients like whole wheat flour, oatmeal, cottage cheese, eggs and pecans boost the nutrients in this loaf. Sweetened with honey it has an affinity for more honey when served with butter and honey for a late evening snack or when toasted for breakfast.

HONEY PECAN BREAD

Makes 2 loaves

- 3-1/2 cups unsifted white flour
- 2 cups unsifted whole wheat flour
- 2 teaspoons salt
- 2 packages Fleischmann's Active Dry Yeast
- 1 cup water
- 1/2 cup honey
- 1/4 cup (1/2 stick) Fleischmann's Margarine
- 1 cup cream style cottage cheese
- 2 eggs (at room temperature)
- 3/4 cup quick oats, uncooked
- 3/4 cup chopped Planters Pecans

Combine 3 cups white flour and whole wheat flour. In a large bowl thor-

oughly mix 1-1/2 cup flour mixture, salt and yeast. Combine water, honey, margarine, and cottage cheese in a saucepan. Heat over low heat until liquids are very warm (120° F., 130° F.). Margarine does not need to melt. Gradually add to dry ingredients and beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally. Add eggs and 1/2 cup flour mixture. Beat at high speed 2 minutes, scraping bowl occasionally. Stir in quick oats, remaining flour mixture, and enough additional white flour to make a soft dough. Turn out onto lightly floured board; knead until smooth and elastic, about 8 to 10 minutes. Place in a greased bowl, turning to grease top. Cover bowl, let rise in warm place free from draft, until doubled in bulk, about 1 hour. Punch dough down. Turn onto lightly floured board. Knead in pecans. Divide dough in half. Shape each into a loaf and place in two greased 8-1/2 x 4-1/2 x 2-1/2-inch loaf pans or into balls and place in two greased 8-inch layer cake pans. Lightly grease tops of loaves. Let rise until double in bulk, about 1 hour. Bake at 375° F. for 35 to 40 minutes, or until done. Remove from pans and cool on wire racks.

U.S. Air Force Seeking Enlistees

ARLINGTON - Air Force recruiters will seek some 5,000 men and women with prior military service to enlist during the next 12 months. This is double the number of former service people the Air Force recruited last year. According to Lt. Colonel Donato Lombardi, Squadron Commander in Arlington, former Air Force members must have been out of the service not more than five years. Those out less than three years may get back all their stripes. Former members of other branches must have served not more than five years and have been out of the service less than five years. Most enlistees are assigned duties in the same career area in which they previously trained; others may select training in a specialty for which they are qualified. Additionally, all prior service volunteers must meet normal Air Force enlistment standards.

Q: I know infants usually start with cereals as semi-solid foods, but I'm not sure when my baby is ready for strained fruits and vegetables. What are the signs I should look for?

A: The following guidelines will help you recognize when a baby is ready for "solids," or strained, baby food:

- if your baby has almost doubled in weight since birth, or weighs about 13 pounds; and
- if your breast-fed baby frequently demands feeding more often than every three hours;
- if your formula-fed baby demands more than a quart of formula daily;
- if your baby often seems dissatisfied and hungry.

These events usually occur between a baby's third and fourth months.

If you have any other questions, consult a health-care professional for advice.
