Harvest Is Gradually Beginning

Cotton harvest has finally begun in the immediate area with a total of 43 bales ginned to date at O'Brien Co-Op Gin. John L. Grindstaff Sr. brought in the first bale at O'Brien from the Ellis farm. The 540-bale was stripped off three-quarters of an acre and the burr cotton weighed 2,540 pounds.

Farmers Gin at Rochester has ginned 37 bales to date. Rob Kittley brought in the first two bales and got 1,050 pounds of lint from 5,040 pounds. The cotton was off the Taylor Sego place east of Rochester.

No report was available from Paymaster Gin at Rochester as the News office was unable to reach anyone in the office Tuesday before the deadline.

KC Gains Another Business

Another new Knox City business is opening today, Thursday, November 13.

The Sandersons will be baking and serving old fashioned yeast-rising doughnuts, hot biscuits, homemade lightbread, and other homebaked goods.

Lunches will be available daily with pit barbecue. Also hamburgers, hot dogs, chili, and other short orders will be served.

The new business will be open Mondays through Fridays from 6:00 a.m. until 2:00 p.m., on Saturdays from 6:00 a.m. until 8:00 p.m., and will be closed Sundays.

Auxiliary Meeting To Be Monday Night

Members of the Knox County Hospital Auxiliary are reminded that the monthly meeting will be next Monday night, November 17, at 7:00 o'clock.

The Auxiliary Thrift Shop is doing "very well" according to Mrs. Peggy McGaughey, president, and Mrs. Jerry Smith, president-elect.

Has Adequate Supply Left

Millers Creek Filled Again

Pete Beecher, general manager of the North Central Texas Municipal Water Authority, in an effort to squelch rumors that Millers Creek Reservoir is about to run out of water due to the long, dry, hot summer, advised the News last week that the lake had several year's supply left, even before the recent rains filled it up again.

Beecher said, "We did use a lot of water this year and of course, with the high temperatures over the long period of time we lost a lot by evaporation, but we were still far from running out of water."

Beecher also told the News office that from the recent controversy in Rule concerning the town's purchasing water from the NCTMWA, he feels sure that some Rule residents may feel that the Water Authority is trying to force "something down their throats" since Rule was a member town at one time and then voted out. He says that the Authority is not trying to "peddle" it to Rule or any other town. He further explained that if the reservoir were larger, he could have been selling water to a number of towns, but he does not want to oversell and take chances of running low for the member towns.

The Texas Department of Health Resources informed Rule, among other towns, that their water supply did not meet federal and state nitrate guidelines, and according to TDHR officials,

Advance To Regional Today

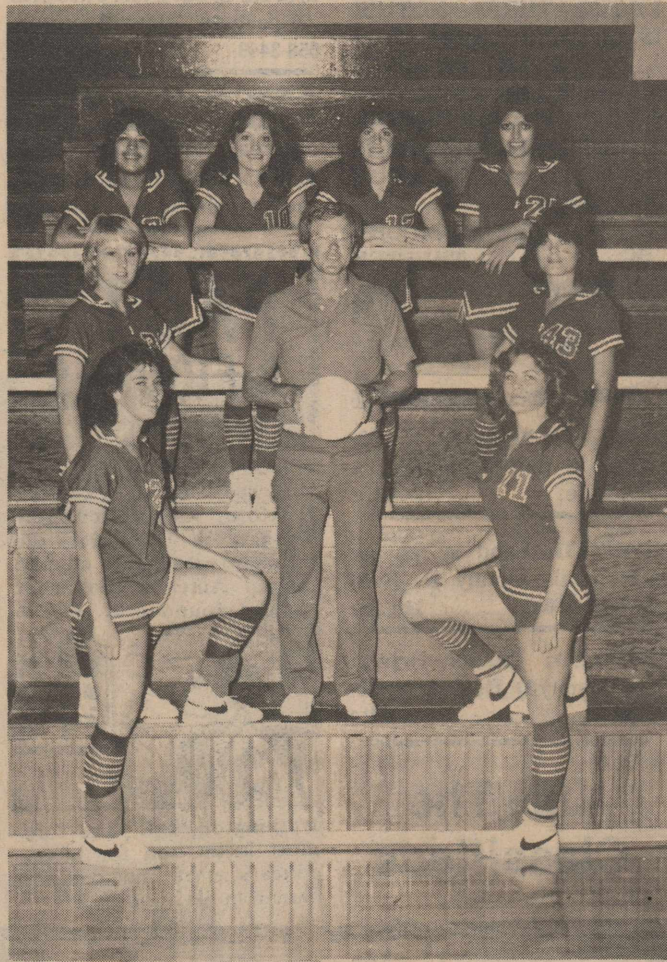

Houndettes Are District Champs

By Coach Steve McIlhany
The Houndettes are in Stephenville this Thursday, November 13, (today) playing in the regional volleyball tournament. This is the second time in five years that the Houndettes will be trying to advance to the state tournament in Austin. The Houndettes won the right to participate in the regional tournament by defeating Harrold Monday night in bi-district play.

Going into bi-district, the Houndettes and Harrold had played twice; splitting the two matches which had gone three games each with neither team able to show dominance over the other. The bi-district match started out the same way and when the clock expired, the two teams were tied 11-11 with Harrold serving. The Houndettes broke service and came back to score two before Harrold broke back. Harrold scored once more before the Houndettes won service and scored the next point to win the game.

In the second game, the Houndettes scored six points before Harrold could score one. Then the Houndettes scored two more times before Harrold scored their next two which proved to be their last. The Houndettes scored six more points before Harrold had a chance to serve again but to no avail. After that, the Houndettes scored the final winning point to take the bi-district match 14-12, 15-3.

The Houndettes' victory was a result of excellent team play and team spirit. The girls worked hard and really helped each other both on the court and from the bench. The support received from the fans attending the game helped the girls very much. No matter how the girls come out at regional they can be

Pratt Wins in Chess Tournament

Jim Pratt and his son 14-year-old Troy of Benjamin were participants in the Abilene Chess Club's Fall Festival tournament Saturday at Bank of Commerce.

Jim was reserve section winner, while Billy Dale of Junction won first. Fred Meyer of Dyess Air Force and J. Paul Madden of Hardin-Simmons University tied for second place in the 17-person field. Troy was the youngest participant in the tourney.

According to Pratt, it was a four-round Swiss, U.S. Chess Federation-sanctioned tourney.

The group was interviewed and filmed by both Channels 9 and 32 and appeared on TV Sunday night.

Big Game With Rule Here Friday

Hounds 'Dehorn' Steers, 47-14

By DAVID COUNTS

The Knox City Greyhounds soundly defeated the Rochester Steers Friday night, 47-14. The injury riddled Steers were no match.

The Steers got the first opportunity to score when they picked off a Hound pass on the Hound seven yard line. A fourth down pass fell in-

complete.

Ricky Gonzales started the Hound scoring with a 62 yard scamper around his left end behind excellent blocking from his teammates. Ricky then missed the extra point try.

Ricky Gutierrez set up the next Hound score by making an excellent catch of a Jay

Rutherford pass for a 34 yard gain. Glen Hedgecock then carried in for the score on an 11 yard run. Gonzales kicked the extra point and the score was 13-0 with 1:16 left in the first quarter.

MEMBERS OF the Knox City High School Marching Band are pictured above as they performed their halftime show. The band has come a long way in marching and playing and received a III at marching contest last Tuesday in Wichita Falls.

Band Earns III, Twirlers Superior

The Knox City Greyhound Marching Band received a Division III (average) rating during last Tuesday's University Interscholastic League Region II competition held at Memorial Stadium in Wichita Falls. Knox City majorettes Kay Howell, Kristi Boone, and Karae Beason each received Division I (superior) ratings on their solo routines as well as Division I rating on their ensemble competition. The girls are now eligible to enter the state UIL competition in Austin on June 1.

Peggi Lee Wupperman entered twirling competition and also received a I rating. A freshman ensemble com-

posed of Peggi Lee, Daveine Holcomb, Becky Smith, and Marilyn Benson received a II rating.

According to Dick Wupperman, band director, the judges main comment toward the band was that its marching quality was ahead of its playing.

Boyd Commended For Duty

North Port (Sarasota County), Fla.—Captain Gerald S. Arenberg, president of the American Police Hall of Fame awards committee, has announced that Reserve Officer Shelton Boyd of the Knox City Police Department has been nominated and awarded a citation for his performance of duties as a police officer assisting Knox City Chief of Police David Thompson with the apprehension and arrest of an armed, intoxicated subject; thereby, preventing a potentially dangerous confrontation Officer Boyd acted in assistance with the arrest while off duty, disregarding thoughts of his own personal safety in his actions. This type of dedication to duty reflect highly upon Officer Boyd and the Knox City Police Department.

In making the award in a letter addressed to the community, Captain Arenberg made this statement: "Too often we take for granted the vigil of our nation's law enforcement officers to protect life and property. Citizens observe officers in what is called routine calls or even minor traffic offenses. However, there is no routine duty that is not cloaked in danger, injury or sudden death! In making the award on behalf of the law enforcement community we recognize service and valor above and beyond the line of duty."

AWARDED A citation for his performance of duty as a reserve officer of the Knox City Police Department from the American Police Hall of Fame awards committee is Shelton Boyd, at left. Presenting the certificate is Mayor Charles S. Auburg.

The American Police Hall of Fame, located in Sarasota County, Florida, is a national memorial to officers killed in the line of duty, houses a museum of police artifacts and issues awards to honor law enforcement officers for valor and service. It is a non-profit, tax exempt organization supported by police officers nationwide.

BIRTHDAY HONOREE
Mrs. Claud Reed was honored on her 72nd birthday November 5 in the home of her daughter, Mrs. Linda Underwood in O'Brien. Assisting with hostess duties was another daughter, Claudia Tidwell of Munday. Cake and punch were served to approximately 47 people. Among these were some of Mrs. Reed's classmates of Munday. Grandchildren attending and helping with serving were Becki, Beth and Reed Underwood and James, Doug and David Tidwell of Munday. Several of her Sunday School class were among those attending.

"Funny how we insist the butchers scale be strictly honest, but have no objection if the bathroom scales fool around a bit."

The group celebrated Shane's belated birthday Sunday.

Charlie recently received a promotion and has been transferred to Enid where he is operations superintendent of Cities Service Rodman Plant.

Simmons Rites Held Saturday

Funeral services for former Knox City resident Melvin Herbert Simmons of Wichita Falls were held Saturday afternoon, November 8, at two o'clock in the First United Methodist Church in Knox City with the Rev. James Patterson, church pastor, officiating. Burial followed in the Knox City Cemetery with Smith Funeral Home in charge of arrangements.

Mr. Simmons, 86, died Friday, November 7, at 1:35 a.m. in Bethania Hospital in Wichita Falls following a brief illness.

Born January 27, 1894, in Batesville, Arkansas, Mr. Simmons came to Knox County in 1905. He married Claudia Edith Stovall on May 25, 1918, in Haskell. Mr. Simmons was a retired farmer and moved to Wichita Falls in 1971 from Knox City. He was a member of the Methodist Church.

Survivors include his wife, Claudia of the home, 4002 Featherston, Wichita Falls; two daughters, Mrs. Gladys Barley and Mrs. Edith Bryan, both of Wichita Falls; a sister, Thelma Pace of Bonnevill, Arkansas; and two grandchildren.

He was preceded in death by one son in 1937.

Pallbearers were J.O. Hamm, Joe Marion, J.T. Cypert, Tommy Richardson, John Smith, and Gene Brown. Honorary pallbearers were Harvey Freeman and Bud Thompson.

IN REEVES HOME

Mr. and Mrs. Chock Reeves had as their guests over the weekend their children and families including Charlie, Linda, Charlotte and Shane Reeves of Enid, Oklahoma, Bobby, Cathy, Kris and Courtney Reeves of Lubbock, and Kay and Casey Proffitt of Knox City.

The group celebrated Shane's belated birthday Sunday.

Charlie recently received a promotion and has been transferred to Enid where he is operations superintendent of Cities Service Rodman Plant.

CHIEF'S NOTES

By DAVE THOMPSON
KNOX CITY CHIEF OF POLICE

Since there has not been a Chief's Notes in The Knox County News for the past two weeks, let me take just a few minutes this week to bring you up to date on recent happenings within the ranks of our Police Department here in Knox City. Several interesting things have happened that can be considered as good news to me, and I hope to you also.

First off, Officer Richard Wynne joins us tonight as a full time Patrol Officer after graduating from the Basic Police Academy conducted in Abilene by the West Central Texas Council of Governments. The eight week course has not been an easy one for the officers attending. Rich was kept busy with studying at night while most of Knox City was sleeping soundly. Rich also worked during the weekends here at home while he attended school. Aside from all the basics involved in learning the profession of Law Enforcement, Officer Wynne had to suffer through driving to and from Abilene every day for eight weeks. That alone could tire a person out very fast. Rich and his wife June are newcomers to Knox City. I hope all will lend support and friendship to them as Rich starts out in his new career.

In a story elsewhere in the paper this week, Reserve Officer Shelton Boyd has been awarded the Outstanding Commendation Certificate by the American Police Hall of Fame in Miami, Florida. The award was made to Shelton after a report was made to the organization detailing his part in helping with an arrest of an intoxicated subject while on his own personal, off-duty time. The subject was armed with a knife and decided to fight. With the assistance of Reserve Officer Boyd, the arrest was made

without any escalation of the incident or injury to any of the parties involved. My thanks to you Shelton; it was a job well done.

As a last bit of news, the City Council has approved the letting of bids for a new Patrol vehicle. Our 1977 Ford will be replaced with a vehicle selected from the bids after the bidding procedure starts in January of this coming year. With the bids being let out in January and one finally accepted in February, we can very possibly be utilizing the new car sometime in April. Hopefully, if the Ford is still in reasonably good condition when the new car arrives, we will be able to retain it as a back-up vehicle so I don't have to resort to using my personal car for Police business in the event of a patrol car breakdown. This is just another fine example of how we are trying to serve Knox City with the help of our

City Council. Our council is in support of the police program and I thank them for that.

Local's Kin Is Buried In Eastland

Funeral Services for Eastland resident Bessie Lee Peoples, aunt of Mrs. Wretha Fitzgerald of Knox City, were held Sunday afternoon, November 2, at two-thirty o'clock in an Eastland funeral home. The Rev. Derrell Monday, pastor of the Bethel Baptist Church, officiated and burial was in Eastland Cemetery.

Mrs. Peoples, 89, died Saturday, November 1, at 3:00 a.m. at her residence following a lengthy illness.

Born Bessie Lee Hatten on August 15, 1891, in Williamson County, she married William B. Peoples in 1910 in Coleman County. The family moved to Eastland in 1920 where they lived for 25 years. They lived in Fort Stockton for 20 years and Mrs. Peoples returned to Eastland in 1968. She was a member of the Home Demonstration Club in Eastland and the Bethel Baptist Church.

Survivors include three sons, Otha of Mullins, Charles of Manford, Oklahoma, and Carl H of DeSoto; three daughters, Ila Fox of Tulsa, Oklahoma, Odessa Manning and Jessie Lee McClendon, both of Eastland; 15 grandchildren, 28 great-grandchildren, and four great-great-grandchildren. Grandsons served as pallbearers.

Revised Totals Show Both Gains, Losses

First Official results of the U.S. Census Bureau's 1980 population were released last week showing widely varying gains and losses among area counties and cities.

The figures are revised from unofficial, preliminary totals announced in July and are subject to further verification, according to Al Mirabal, data user service officer for the Dallas regional office of the bureau. Final census figures may differ and are expected in early 1981, he said.

The list includes area counties, followed by 1980 preliminary population, 1970 census figure and percentage difference in the two counts:

Knox-5,329; 5,972; 10.8 percent decline.
Haskell-7,741; 8,512; 9.1 percent decline.
Baylor-4,881; 5,221; 6.5 percent decline.
Jones-17,212; 16,106; 6.9 percent increase.
Throckmorton-2,054; 2,205; 6.8 percent decline.

Area towns are listed below with preliminary 1980 figures followed by 1970 population

and the percentage difference between the counts:

Knox City-1,540; 1,536 .3 percent increase.
Munday-1,751; 1,726; 1.4 percent increase.
Rule-1,021; 1,024; .3 percent decrease.
Haskell-3,809; 3,655; 4.2 percent increase.
Stamford-4,521; 4,558; .8 percent decline.
Throckmorton-1,181; 1,105; 6.9 percent increase.

Preliminary counts of housing units were announced also, and like the

preliminary population figures, the housing unit totals are subject to further verification and will not become final until early 1981.

Listed below are area counties, followed by area towns with the sequence the same as above:

Knox-2,432; 2,665; 8.7 percent decrease.
Baylor-3,117; 3,051; 2.2 percent increase.
Haskell-3,647; 3,707; 1.6 percent decrease.
Jones-7,443; 6,715; 10.8 percent increase.
Throckmorton-1,111; 1,051; 5.7 percent increase.
Totals for area towns include:
Knox City-654; 673; 2.9 percent decline.
Haskell-1,649; 1,483; 11.2 percent increase.
Rule-437; 465; 6 percent decrease.
Stamford-1,940; 2,049; 5.3 percent decrease.

MILLERS (From Page One)

Authority is not charging Rule anything now for they have not started using the water.

In other information of interest, Beecher said, "During the hottest part of the summer, we were pumping 24 hours a day and our members towns were using about 2.5 million gallons per day, but we had no trouble keeping up with the demand."

Beecher explained that if he had known what a long, controversial matter the Water Authority project was going to be when he started out on it 21 years ago, he did not believe he would have tackled it, but since area residents have now achieved the goal of an adequate, state-approved water supply, he is very proud of the part he has had in making it a reality.

It gave us such joy to see so many of our friends Sunday, November 2, at our second dinner and miss the one that wasn't there. We enjoyed service you so much. We will forever be indebted to you. May God bless each of you for your kindness to us. Again we must say thanks to you.

I were at this house, the one where I seen the car, you no, I told you about it this time music started to play me knowing it wasn't a radio in the house and the t.v. were off I thought oh well here come the angels after me.

St. Paul Baptist and the Church of the living God held their Sunday School with their Supts in charge. St. Paul joined The Church of the living God for morning service. Brother Roberson preach a very spiritfull sermon as he always does.

The Goodwill Club held their monthly meeting in the home of Mrs. Amie Joe Flye. All members present president calling the meeting to order at 8:00 p.m.

SERVICES OF THE CHURCH OF GOD IN CHRIST

The Rule church held services Monday through Saturday night of last week and on Sunday evening also. Missionary Ward told of how the Lord gloriously blesses the services.

We are also thankful to the Lord for his blessings here in the prayer meetings and each service.

Sunday school had a good attendance with Supt. Smith in charge.

In the morning service Pastor Bennett preached stirringly from Jeremiah 51:49, 50.

The Bible Band Joint meeting was held at the Munday Church the first Monday night in this month with the president, Sis Manuel in charge.

Deacon Kidd of the Goree Church brought the lesson for discussion from Romans 8:

Vacation Offers May Be Phony

Las Vegas vacation offers that promise much more than they deliver are now being sold by mail across the nation, Postal Inspector in Charge W.R. Newsome has warned.

Newsome said at least 12 separate companies now contacting prospective buyers by mail and telephone are under investigation by the Postal Inspection Service. Complaints have been received from Texas consumers in Fort Worth, Dallas and Houston.

In response to inquiries about vacation "certificates," the companies ask for a "service charge" of from \$25 to \$50, sometimes requesting personal credit

card numbers, supposedly to confirm identity but actually to bill prospective buyers through credit card companies. The firms claim the "certificates" are good for three days and two nights lodging for two in Las Vegas, and includes meals and a gambling package valued at \$250.

Typically, those who take the bait have to pay additional fees and reservation deposits, and the so-called "service charge" is not refunded as represented in an initial offer. Newsome said when certificate holders send hotel reservation requests they are met with "regret" letters advising that no rooms are available on the days requested, and when refunds are requested they get letters asking them to be patient.

Anyone victimized through the mails should report it to Postal Inspector D.C. Swindle, Consumer Protection Specialist for the Fort Worth Division of the Postal Inspection Service, P.O. Box 1230, Fort Worth, Texas 76101, or telephone (817) 334-2001.

Last week, we started driving in driver's education. With all our classroom hours behind us, we are in our last phase and have already taken our test for our beginner's permits.

In biology, we finished clear cast preserving our invertebrates. After completing this, we started dissecting earthworms. Although we learned many things about the anatomy of the earthworm, we also learned many things about the smell of formaldehyde.

The Band did a super good

job last week at ULL. We preceded to go to Sikes Center Mall where we ate lunch, shopped and had a real good time.

After we marched, we I's in both their solos and ensembles. Our Freshman ensemble received a II and Peggy Lee Wupperman also received a I on her solo. The band has come along way this year and were very proud of

Mr. Wupperman and the job he has done.

During the past week all of the various ag classes have been working at the ag farm. Everyone works and everyone benefits from our united efforts. Without a good, clean environment it would be foolish to even try to raise an animal. We must be careful at all times to make sure of the health of all animals because in the confined area a disease would spread like wildfire. Over the years, the success rate of the chapter has been excellent. I think only three or four animals have been lost.

Methodist Women To Hold Bazaar

The First United Methodist Women will hold their annual Bazaar, Saturday, November 15, in the Church Fellowship Hall.

Starting time for this event will be 10:00 a.m. and it will conclude at 5:00 p.m.

Activities scheduled during the day include a white elephant sale, a bake sale, and an arts and crafts sale.

The First United Methodist Youth will be serving lunch during the hours of 11:00 a.m. to 1:00 p.m.

Steer, Heifer Clinic Rescheduled

Due to conflicting schedules, the steer and heifer showmanship clinic has been changed to Monday, November 24, at 6:30 p.m. at the Knox County Rodeo Arena in Benjamin. The clinic will not be November 19 as planned earlier.

According to Jim Mazurkiewicz, County Extension Agent, all 4-H'ers who are inexperienced as well as those experienced with beef steers, heifers and dairy heifers are encouraged to attend.

If there are those who do not own a steer or heifer and are interested, they are also asked to attend. Several trophies will be presented and everyone will receive a ribbon.

Other Art Winners Are Announced

In last week's article concerning the winners of the Arts, Crafts, and Hobby Show held November 1, names of several winners in several categories failed to be submitted to the News office.

Stenholm Says Demos Must Awaken To Needs

WASHINGTON, D.C. -- Congressman Charles W. Stenholm, re-elected without opposition to the 17th Congressional seat, said Wednesday, November 5, at the national Democratic leadership "has to awaken to the need for redirecting our priorities to fit the needs of a changing country," in light of Tuesday's election results.

Stenholm, a Stamford Democrat who will be serving his second term in Congress, said the sweep of conservative victories across the country "underlines what I have been saying through my voting record for the past two years. The American people want to see this country

returned to a sound fiscally responsible economic policy, returned to a strong defensive posture, returned to the dreams and promises held out to them in our Constitution and returned to the Free Enterprise System.

Commenting on the Texas Congressional races, Stenholm said, "Of course in a couple of the races, we will have to wait until the dust settles, but at this point the delegation seems to be holding its own. At the same time, the closeness of many of those races cannot be ignored."

Stenholm, taking a "wait and see" but positive attitude about working with the Reagan Administration, said

on general issues such as defense and the economy, "We are not that far apart philosophically. Where we may differ is in how to best answer those needs, but the seriousness of the problems facing our country dictates the necessity for putting aside political differences and putting forth a united effort. Any partisan interests must be left behind with yesterday's newspapers."

Stenholm applauded the record voter turnout nationwide, saying "no one can cry about voter apathy. The system worked the way the system was designed to work. Now it's time for those of us elected to do our part."

HOUNDS (FROM PAGE ONE)

lead the Hound kickoff team with his crushing tackles. David overcomes his small size with speed and desire.

The offensive line gave Jay Rutherford time to pickout Adam White for a 33 yard pass and run play that set up the next Hound touchdown. Ricky Gutierrez carried the ball on a six yard run for the score. Gonzales missed the extra point try. Score was 19-0.

On the kickoff, the ball was rolling toward the sideline and Rochester players were waiting for it to go out of bounds. Rance Hacker covered the loose ball. The Greyhounds were back in business at the Steer 17 yard

line.

Jay Rutherford scored on a quarterback sneak from the two yard line. Gonzales kicked the extra point. Score was 26-0.

Glen Hedgecote set up the next score when he intercepted a Steer pass on the Steer 23 yard line.

Ricky Gonzales scored on a nine yard run. On the try for the extra point, a pass was completed from the holder Jay Rutherford to Rance Hacker for two points. Score was 34-0.

This touchdown ended the scoring in the first half and it also marked the exit of the Greyhounds' first units on offense and defense.

In the second half, a touchdown was set up by a fumble recovery on the Steer 27. The Hounds' Steve Rutherford ran for 14. Sammy Grindstaff made two hard yards for a first down. On fourth down and eight, Tyke Meinzer threw a strike to Mike Oliver for the touchdown. Ricky Gutierrez failed to kick the extra point. Score was 40-0.

A short kick that was deflected set up the Steers' first touchdown. Starting on the Hounds' 34, the Steers scored in six plays with the final 13 yards coming on a run from Morgan McNelly. A run try for two points failed. Score was 40-6.

After the Steer kickoff, the Hounds could not move the ball. Morgan McNelly returned the punt 52 yards for a touchdown. A pass from quarterback Matt Reed to Dennis Stegemoeller was good for two points. Score was 40-14.

After the Steer kickoff, the Hounds were unable to move the ball. Barry Sutton punted

the ball 51 yards to the Steer 34. On the Steer third down play, Rance Hacker intercepted a deflected pass.

The Hounds could not move again but a roughing the kicker call gave the Hounds all they needed. David Flores scored on a six yard run. Ricky Gutierrez kicked the extra point. Score was 47-14 and that is how it ended.

The defense had an outstanding game.

Friday night, we get to see just how good the defense really is. The high scoring Bobcats from Rule invade Grayhound Stadium for the district championship game. The Bobcats have not lost a game this year and match the Hounds in district play. The Bobcats beat Aspermont 35-24 last Friday night to set up the big game. You recall Knox City and Aspermont tied 14-14 two weeks ago.

A big crowd will be on hand to watch this exciting game. Come early and root the Greyhounds on toward a district championship.

Sterling Lewis of Lewis Deluxe Paint & Body Shop, Knox City, receives his copy of the new Big Country Telephone Directory from Jim Hilger, area manager of the Big Country Directory, Abilene.

NEW TELEPHONE BOOKS ARE HERE!

The new Big Country Telephone Directory for Knox, Baylor, and Throckmorton counties has now been delivered. This directory includes Seymour, Knox City, Munday, Throckmorton, Benjamin, Elbert, Goree, Lake Kemp, Megargel, Truscott, and Woodson.

The new phone book is published annually by Associated Publishing Company in Abilene and is a handy reference of business buyers and sellers in this area. It is designed to be a complete source of information in both the white and yellow pages.

Geographically designed, one book covers an entire market area and is compact with easy reference. It is the most complete source of information on businesses and residences in this area. It is also available to guests at area motels. Particularly significant are the lower advertising rates, according to Jim Hilger, area manager.

As the Big Country Telephone Directory is put into daily use in the area, the Knox County Community will find it most useful and very convenient. If you have not received your free copy, pick one up at Lewis Deluxe Paint & Body Shop, 106 N. 2nd, or at the Chamber of Commerce.

Henry Whites Are 'Boosters Of Week'

Boosters of the Week for the Knox City-Rule game are Ann and Henry White, who are the parents of Adam White #84 for the Greyhounds.

Adam, a senior, is the third generation of his family to participate in sports at Knox City High School. His father, Henry, was quarterback for the Knox City Greyhounds during his high school days. He was also active in all other sports for KCHS. Following his graduation from Texas Tech University, Henry served as assistant coach here in Knox City for two years.

Both Henry's parents, Myrtle Lowrey White, and the late Henry Lister White, were graduates of Knox City High School. Mr. White, who graduated in 1918, was an outstanding baseball and basketball player for the Hounds. The school did not play football at that time.

Henry, who is the owner of Lowrey's Department Store, also enjoys fishing, hunting, tennis and photography.

Ann, a graduate of Eastland High School, played basketball during her school days. She attended North Texas State University at Denton.

Ann, a housewife, enjoys reading extensively, playing cards and Scrabble.

The Whites' two older children, Wade and Jane Arledge, are also Knox City graduates.

Wade, who graduated from the University of Texas at the Permian Basin at Odessa, is employed by Jack Arledge Oldsmobile-Cadillac in Odessa.

Jane, who was very active in sports in school here, is a computer science major at Midwestern State University in Wichita Falls.

The Whites are members of the First United Methodist Church here.

"Becket" (or "The Honor of God") is a compelling drama which probes the changing relationship between two friends who become deadly enemies as they pursue their separate destinies. Becket is Thomas Becket, a carousing youth who became the Archbishop of Canterbury. His friend-turned-enemy is King Henry II, who eventually decrees his death.

Appearing in the cast are Doni Douglas of Colorado City, Rob Clark of Mineral Wells, Mark White of Midland, Jesse Estrada and Debbie Lindsey of Benjamin, and Tod Frita, Donna Browning, Laquita Reaves, Bill Martin, Laurie Allen and Fred McFarland, all of Snyder.

PCA President Is Conference Participant

A Stamford businessman will participate in a United States Department of Agriculture conference in Washington, D.C. next week. R.C. (Cliff) Cobb, president of Rolling Plains Production Credit Association, is one of thirteen participants representing the Farm Credit System at the USDA's Food and Agricultural Outlook Conference November 17-20. Following the conference, Farm Credit System representatives will interpret and summarize the various commodity situations, production cost inputs, livestock trends and other economic data to determine their influence on agricultural credit. The results will be incorporated in a publication titled "Agriculture and Credit Outlook '81".

Each of the twelve Farm Credit Districts in the nation nominated one person from one of its banks, Production Credit Associations or Federal Land Bank Associations to represent the

What Is A Generic Drug?

A "generic drug" is one that is chemically equivalent to the original brand name drug on which the patent protection has expired. Because the original manufacturer bore all the research cost, the generic copy is often less expensive and could save you money if you and your physician think it is right for you. Ask us if a generic equivalent is available for your medication. In Texas, your physician must approve generic equivalents.

Generic drugs are available from a number of manufacturers. Should you and your physician decide that a generic drug is right for you, you can be assured that we will only dispense quality lines of generics to fill your prescriptions. Our pledge to you is to dispense only products we would use ourselves or give to our own families.

We have been in business in Knox City over sixty years. People trust us with their medicinal needs (generic or otherwise) because they know we will constantly provide professional service combined with personal concern.

During inflationary times such as these we feel that this is one of the best ways we can help you save and at the same time give you the best possible medical care.

ENGAGEMENT ANNOUNCED -- Mr. and Mrs. Mac Weathersbee of Rotan announce the engagement and approaching marriage of their daughter, Dee Ann, to former Knox City resident Franky Don Mullins Jr., son of Mr. and Mrs. Franky Don Mullins of Rotan. Mullins is the grandson of Mr. and Mrs. H.A. Sherman Sr. of Haskell. Dee Ann graduated from Rotan High School and will graduate from Baylor University this fall. She is employed by Hobbs Independent School District. Mullins, also a graduate of Rotan High School, attended Tarleton State University. He is now engaged in farming in Rotan. A November wedding is planned.

King New Manager Of Dimmitt Branch

Knox City native Joe King of Dimmitt has been named the new branch manager of the Dimmitt office of Hi-Plains Savings and Loan Association.

King served as a principal at Lockney and Tulia before accepting the post as Nazareth superintendent in 1972. He served six years as superintendent of Nazareth public schools before retiring in 1978 after 32 years as a teacher, coach and school administrator. For the past two years, he has managed the Ruskin Racquet Club in Dimmitt.

King, the son of the late Ida and John King, attended McMurry College in Abilene. His college career was in-

terrupted by World War II in which he served in the U.S. Navy four years. He was with the Seventh Fleet in the South Pacific. After his discharge, King returned to McMurry and received a bachelor of science degree in education in 1949.

He taught and coached all sports at Petersburg and Anton, then coached football and baseball in the Lubbock Public Schools. Later, he was named assistant football coach and head track coach at Sul Ross State University. He received a master's degree in administration from Sul Ross, and later earned an administrator's certificate from Texas Tech University.

Mr. King also coached tennis at Nazareth, tutoring three state champions and four state runners-up and coached girls' basketball his first year at Nazareth.

His wife, Joyce, is a Plan A counselor in the Dimmitt Schools, a post she has held for seven years. The Kings have three children, Johnny, who coaches at Seagoville; Judy Hefley a teacher and tennis coach at Walsh, Colorado, and Kim Wilhelm of Amarillo, who teaches and coaches tennis at River Road High School.

Cotton Harvest 'Limited'

The 1980-81 cotton harvest continued on a very limited scale during the past week, according to B.B. Manly of the USDA Cotton Marketing Services office in Abilene. Early freezes have only partially killed some cotton, and some fields that have been completely killed still have too many green bolls to be harvested, so harvesting has not progressed as rapidly as expected. About 4639 samples were classed during the week ending November 6, which brought the seasonal total to 8760 samples classed.

Local cotton prices were steady to about two cents per pound higher for staple 31 or longer cotton. Staple 31 or longer cotton sold at prices ranging from 34½ to 36¼ cents per pound over CCC loan values. The shorter staple cotton sold at mostly 28 to 29 cents per pound over the loan. Trading continued slow to inactive, with light supplies of new crop cotton available. Demand was moderate to good for longer staple cotton. Mixed lots sold at mostly 71 to 79 cents per pound.

Cottonseed prices paid producers ranged from 110 to 120 dollars per ton where prices have been established.

The quality of cotton classed during the past week was comparable to that of the previous week. Grades were 75% light-spotted, and 5% white. Grade 42 was predominate at 40%. Grade 52 comprised 28%, and grade 43 accounted for 15% of the samples classed. Fiber length was 35% staple 30, 29% staple 31, and 20% staple 29. The average staple length was 30.36. Micronaire readings were 97% within the 35 to 49 range, with the average mike being 42. About 12% of the samples were reduced in grade because of bark or grass content.

The Munday Marketing Services office was scheduled to open Monday, November 10, with John Waters in charge. Telephone number is (817) 422-4252.

Is Your Paper Expiring Today?

There are only a few November subscribers who have failed to renew their subscriptions to the News.

Postal regulations require that subscriptions be paid in advance. Due to the ever increasing cost of mailing notices, only one notice is sent several weeks in advance in order that subscribers may have plenty of time to come by the News office or mail in their checks.

However, if you are one of those who has not renewed and would like to continue to receive the News, please mail your check, come by, or call today and let us know. As always, your cooperation is appreciated.

DECADES OF GAS SUPPLY FROM TWO OF NATURE'S BEST-PROTECTED SOURCES.

Did your mother ever hide some of her spare cash in a cookie jar, out of easy reach until she needed it?

Well, that's what Mother Nature did when she placed enormous deposits of natural gas in hard-to-reach places.

Places like the deep basins in Texas and Oklahoma, where the gas deposits were miles too deep for man to reach them.

Places like the tight basins in Texas, where formations were so tight-fisted the gas could barely flow to the wells.

Now, after spending years and millions of dollars, producers have the technology to

explore five-mile depths and speed up the flow of gas through dense rock. And high-production gas wells are being completed in the deep and tight basins.

Many industry experts believe that each of these sources can double the nation's current proven reserves. Exciting news, because Lone Star is well situated to buy your share of this new gas for the 1980's, the 1990's and beyond.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

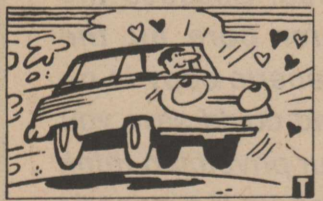

"Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him." (James 1:12).

Temptation is the urge to do or say something wrong, something contrary to the will of God and the laws of Christ. Temptation often comes in pleasant and seductive form and always the mind attempts to rationalize it, to make it seem all right.

If we endure and do not give in to evil we shall truly become master of life, ruler of ourselves. And Christ will help gain this victory. You must remember at all times that the old Devil is ready to change the truth, but he is a liar. If we give in to him, then we lose the victory that Christ would give us, and lose our own soul.

Triumphs of Engineering

The first thing that a 20th century seer might see in his crystal ball—is that it's made out of plastic!

Plastics have made a material difference in our lives!

The kinds of plastics—and our uses for them—have burgeoned. Thick Molding Compounds, for instance, reduce the weight of cars by replacing heavy metals with lighter—but equally strong—plastics. A plastic that is biodegradable after prolonged exposure to the sun is being used in six-pack carriers.

So varied and practical are the uses of the new plastics that the International Society of Plastics Engineers will present a conference, "Progress in Processing Plastics," in Cleveland, from November 18 to 20. One aim is to bring businesspeople up-to-date on the state of the art, showing how they can achieve efficiencies, savings—and profits with the new materials.

Plastics, it seems, are undeniably "plastic" in adapting to society's needs!
