MEMBERS PRESENT: Greg Clonts, Stanton Brown, Richie Smith, Vernal Zeissal, Bernard Brown, and Gaylon

MEMBER ABSENT: Terry Keener. OTHERS PRESENT:

Randy Abernathy, Newton Neufeld, D.O., Dan Powers, and W.F. Thompson, D.O. The Jauary Board of Directors meeting of Knox County

Hospital was called to order at 7:00 p.m. by Greg Clonts. Minutes of the December 1981 minutes were read by Randy Abernathy. Stanton Brown moved the minutes be accepted as read, Richie

Smith seconded the motion.

Old business discussed consisted of a report by Randy Abernathy of the recent Medicare Inspection. He noted there were no areas out of compliance in the hospital following the inspection. Because of being out of compliance in the September '81 audit, the inspectors will automatically reschedule another audit later this year.

Richie Smith and Dr. Thompson reported on used equipment recently purchased in Lubbock now being utilized in the hospital. Major items purchased consisted of three beds for the new ICU

Ward and a surgical table. A report of the recent financial audit was then given by Sheila O'hair an Larry Anderson representing the accounting firm of Mason, Nickels, and Warner of Lubbock, Texas. Their report covered the fiscal year from September 30, 1980, thru September 30, 1981.

Dan Powers reported on the financial status thru the end of the first quarter of the new fiscal year. Major areas of discussion included notes

payable, revenues and expenses on a departmental basis. He also presented a list of accounts payable for January for approval. Stanton Brown moved the accounts payable be approved and paid as stated. Richie Smith

seconded the motion.

Other new business discussed was the need and possibility of recruiting a Physical Therapy Department on a contrct basis. Dr. Thompson elaborated at great length at the number of patients in Knox County that could utilize physical medicine as inpatients and outpatients. Randy Abernathy noted the problem of creating space within the hospital for a Physical Therapy Department. The possibility of enclosing the existing courtyard was discussed. Mr. Powers informed the board information would be gathered as to initial costs, revenues, and personnel for a Physical Therapy Department and would be presented at a future board meeting.

The board approved the purchase of a bacteria-free carpet for use in the hospital's new Intensive Care Unit and in the Obstetrical Additional new business in-

troduced by the administration concerned mailing statements to patients from the business office. The board was informed the accounts receivables were

now ready to be mailed on a current basis. Statements will be sent to former patients in the first week of February. Randy Abernathy told the board members there may be a few discrepancies in the amounts due. He told the board the business office was willing to discuss anyone's previous bill. He expressed the hospital would be very cooperative in financial arrangement regarding the age of some accounts. He also stated due to the poor billing procedures in the past, the hospital apologizes for the delay of some statements to former patients.

With no further business to discuss, Stanton Brown moved the meeting adjourn; Vernal Ziessal seconded the motion. The motion passed and the meeting adjourned at 9:30 P.M. /s/ Randy Abernathy-Recor-

"...Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you." (Matt. 6:33.)

We find the great formula of life is in this scripture. It tells us how to obtain the great values which make one's life rich and full; such as quietness, peace, and right relationships with God and everyone else. When we seek first the Kingdom of God we find the great attributes of his holy self streams into our being; such as his strength, integrity, protection, goodness, faith, and love. Seek to be that way daily and good things will come your way. Seek God's righteousness: have it in your mind, for it means righteousness. It is not self centered or hateful, but full of Godly Love and understanding. It will keep you under the shadow of the Almighty, enjoying his great protection, tender care and loving kindness. All these that means things, everything that you need for a good life-shall be yours and be multiplied over and over again everyday. For He will never leave you or forsake you; that is his promise to

TODD LEWIS

July 6, 1964, at 10:50 p.m. brought my mom and dad a "big" shock! Expecting daughter #2 to go along with their three sons and daughter, a nine pound 131/2 ounce #4 son was born. They named me Todd Alan, and I am told they recovered nicely from their experience. I have a younger brother, making him son #5. My family has always meant very much to me. My sister is Patricia, and my three brothers are Danny, Troy, Shane, and a half brother, Clint. My oldest brother, Bobby Lynn, died seven years ago and left a very empty spot in my life. My three nephews, Brandon, Aaron, Justin, and two nieces, Amy and Traci, give me many happy times.

My goal at the present time is to be the fifth of my family to begin and end twelve years of school as a graduate of Knox City High School this

'Cliffhanger' Is New

st total freefall ride, the Texas Cliffhanger, will debut late this spring at Six Flags

The Arlington theme park's general manager, Ray Williams, said the towering, 2.1 million dollar ride will give thrillseekers "the same falling sensation they would feel if they stepped off the top of a nine-story building.

Williams said the ride has no precedent in the industry. "Even our loop coaster," he said, "had 'ancestors' that were built around the turn of the century, but there's nothing in amusement ride history which resembles the Texas Cliffhanger.

Williams, who recently rode the prototype model of the ride at the Intamin AG factory near Geneva, Switzerland, said, "The sensation is unlike anything developed up to now. There's no way to compare it to even the biggest of roller coasters, or any existing ride.

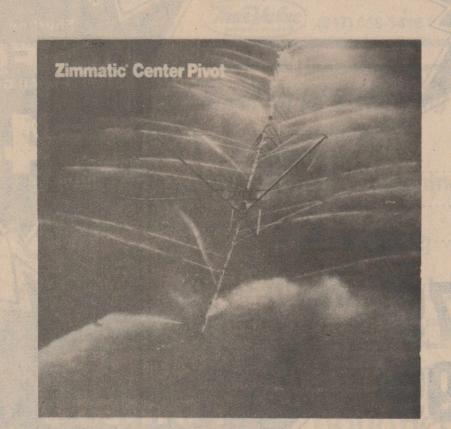

The "L-shaped" ride tower juts 128 feet into the air. Passengers board the Texas Cliffhanger on the underside of the tower. They will be seated four abreast in sleek, padded gondolas. The gondolas rise one at a time to the top of the tower, with the trip up taking only ten seconds.

At the top, the gondolas move into "drop position" and will be held at that point for ten seconds. Riders, protected by over-theshoulder "lap bars," have an unobstructed view of the area in front of them.

After the pause, the gondolas -- weighing 1,500 pounds without passengers -- drop at freefall speed, guided by

Letter To The Editor

January 19, 1982 derway. Stacy Angle Thompson

Editor The Knox Co. News

Dear Stacy: Thank you for the letter concerning The Christmas Card, with the \$10.00 check enclosed for my one year's subscription to The Knox County News.

I felt like it must be lost in the mail, and that is why my husband suggested I call you on the phone.

Thank you for keeping my paper coming on the way even though you didn't receive my check dated and mailed on Dec. 7, 1981. I'm enclosing another check, and hope and pray that it will reach you safely.

We had a lovely Holiday Season and hope for a Happy New Year for everyone. Thank You Again.

Sincerely, Laura Grzebieniowski

Dear Stacy.

Will you please run this article concerning the 20th reunion of the graduating class of 1962.

To the graduating class of 1962: Well gang, it has been almost 20 yrs. since we graduated and went our separate ways, and it's time to plan our 20th reunion. I had a letter from Mrs. Jewel Lea about getting some plans un-

The fire department made South Fourth, \$1,353.00; January 7, 1981 - 605 Avenue F, \$1,673.00; April 13, 1981 1109 South Second, \$233.00; June 21, 1981 - 605 Avenue F, \$3,158.00; and July 27, 1981 -102 Avenue A, \$589.00.

> Lightening damage cannot be helped but fires can usually be prevented so watch for fire hazards around our homes and businesses as it effects everyone's rates. Last Thursday at our

regular meeting, Chief Craig Williams assigned men to repair Chevrolet fire truck and the rest of firemen to flush plugs, which is a requirement of the state to make sure plugs will work.

We had several that leaked, would not open to full flow, etc. but this is reported to the City so repairs can be
