THE CITIZENS STATE BANK  
...at 110 North Second

## Bank Sets Festivities Saturday

Officers and directors of the Citizens State Bank are extending an invitation to everyone to attend Open House festivities Saturday afternoon, April 24, from two until four o'clock, in recognition of their new facilities.

Those attending can register for a \$1,000 Savings Bond to be given away in a drawing during Open House, and according to bank officials, the lucky winner does not have to be present to win.

Refreshments will be served and other gifts will be given away during the special occasion, where officers and directors will be on hand to show off the new bank expansion.

Construction began last fall and a 20-foot addition, from front to back, along the entire west wall of the former structure, has given the bank three more rooms including a large 20' x 26'6" community room and board room on the south, opening directly to the street. The room contains a spacious table and ten directors' chairs, along with additional seating, a coffee bar, and large coat closet. Just inside the entry is quarry tile with the remainder of the room in light green, plush carpet. North of the community room is a large work area with posting machines and drive-in window facilities. The back room is for storage and contains steel shelving while the corridor adjacent to the storage room houses employees' lockers. An outside door opens to the north from an enclosed hall to help keep out the north winds in cold weather.

Organized in 1920, the Citizens State Bank is capable of handling any type commercial banking from stocks and bonds to savings accounts and certificates of deposit. The bank is a member of the Federal Deposit Insurance Corporation and all accounts are insured up to \$100,000.00.

The bank's first home was in the building now occupied by the Knox City Mini Mall. Officials purchased the O'Brien Bank in 1922 and moved later to the building now occupied by Clonts Hardware.

In 1932, the Citizens State Bank merged with the First National Bank and moved to the building where the City Hall is now located. The Benjamin Bank was purchased in 1933, and in 1954, work began on the new, modern bank building in its present location.

Bank officers include Bruce B. Campbell Jr., president and chairman of the board; Evelyn Shelton and Greg Clonts, vice presidents; Bertha Driver, cashier; and Pansy Russell and Leona Burkham, assistant cashiers.

Directors include Campbell, Sam E. Clonts, Greg Clonts, Henry L. White, Henry J. Jones, and J.M. Averitt.

THE NEW COMMUNITY ROOM and Board Room of the Citizens State Bank is part of the new expansion which bank officers and directors will proudly "show off" during Open House festivities Saturday afternoon. Photographs by Wyman Meinzer of Benjamin complement the decor of the new room.

ENTERTAINMENT FOR THE Rolling Plains Production Credit Association's convention Friday in Childress and Saturday in Stamford will be The Otwell Twins from Tulia. David, left, and Roger are regular performers on the Lawrence Welk Show.

## Otwell Twins To Perform For PCA

The Otwell Twins, regular performers on the Lawrence Welk Show, will entertain at Rolling Plains Production Credit Association's Annual Stockholders' Meeting to be held Friday, April 23, at 10:00 a.m. in the City Auditorium in Childress, and Saturday, April 24, at 10:00 a.m. in the High School Auditorium in Stamford.

Lawrence Welk, upon hearing a tape of the singing Otwell Twins for the first time, was so impressed he wrote to their home town of Tulia, Texas, and invited them to appear on his show.

"And by the end of their first appearance," he says, "I knew I had found something special. They turned out to be two of the nicest, finest, most talented young men I have ever met, and if they keep on the way they're going, they can't help but go right to the top."

Roger and David appear to be doing just that. Besides their weekly appearances on the Lawrence Welk Show, they have performed at numerous events including Disney World in Florida, Disneyland in California, fairs, concerts, and the West Texas Rehabilitation Center

Telethon in Abilene. A recording, featuring some of their own compositions is now in the offing.

The Otwells have been singing together ever since they can remember. Many of their songs reflect their Texas roots, and their deep cultural and religious heritage. Both boys love the land. "Our daddy was a landowner at one time, but by the time we were born he was a ranch hand, and we were poor. Real poor. We both worked at any jobs we could find all the time we were growing up to help make ends meet."

## Auxiliary Makes Plans For WT Opry

In their regular monthly meeting Monday night, members of the Knox County Hospital Auxiliary finalized plans for their fund-raising project, the West Texas Opry from Lubbock which will appear in Knox City's new school auditorium on Friday night, May 7.

President Peggy McGaughey named members to serve on various committees the night of the Opry, and members were reminded that even though ticket sales were progressing well, each one would need to be responsible for selling at least three tickets a day in order to attain the total sellout members want. In addition to the Opry, during intermission, cakes will be auctioned off, and one handmade quilt has been donated for the auction.

Pansy Russell gave the treasurer's report of \$3,816.58, and Jerry Smith, Thrift Shop chairman, reported that she had a deposit to be made in the amount of \$140.77, making a total of \$3,957.35 to date.

Mrs. McGaughey told members she would like some leaflets printed listing the accomplishments of the auxiliary since its organization here in July, 1980. The Grapevine Opry, along with a cake auction in the Munday High School Auditorium in July 1980, gave the auxiliary its start with approximately \$2,000.00 in the coffer. Since that date, the auxiliary has been

## O'Brien Gin Sets Annual Meet April 24

O'Brien Co-Op Gin will hold its annual stockholders' meeting Saturday, April 24, in the O'Brien School Cafeteria.

According to gin manager Randall Ledbetter, the business meeting is scheduled to begin at 5:00 p.m. and will be followed by an evening meal.

Door prizes will be given and all families and patrons are invited to attend.

Three directors will be elected, he said.

## Secretaries Coffee Set For Thursday

In observance of National Secretaries Week, the Knox City Chamber of Commerce and the City of Knox City are hosting a coffee in honor of all secretaries, Thursday, morning, April 22, from ten until eleven o'clock at the Community Center.

All secretaries in the community are invited to attend.

HEADING UP THE local Muscular Dystrophy Association campaign will be Dick Evatt, right, local WTU manager and his wife, Annette. Pictured with Evatt is the state poster child, Darold G. Haddican Jr. of Pampa.

## Evatts To Head Local 1982 MDA Campaign

Dick Evatt, local manager for West Texas Utilities, has been named 1982 Community Chairperson for Knox City by the Muscular Dystrophy Association. Mr. Evatt and his wife, Annette, will serve as Mr. and Mrs. MDA in Knox City.

As Community Chairpersons, Dick or Annette will function as a liaison between MDA and Knox City to help accomplish MDA's local goals and objectives. They will work with various groups and organizations throughout the year sponsoring fund raising events to benefit the Muscular Dystrophy Association. Anyone interested in sponsoring an event for MDA is welcome to contact the Evatts at any time.

Dick or Annette can also supply pamphlets and brochures describing MDA's program of authorized ser-

vices. MDA provides a variety of services free of charge to people with neuromuscular disease. These services include clinics, camping programs, orthopedic appliances and counseling.

MDA has an extensive research program both professional and public educational. Research projects are funded almost entirely by private individual contributors.

For more information readers can contact Mr. or Mrs. Evatt at 658-3915 or 658-3241 for assistance in any MDA event planning for the community.

## Statement Released By Sammy Pierce

Sammy Pierce, candidate for the office of County Commissioner, Precinct 2, submitted the following statement to voters in his precinct concerning the upcoming election on Saturday, May 1.

"I want to tell the voters of Precinct 2 how much I've enjoyed meeting and visiting with you. I also want to assure you that if I am elected as your commissioner, I will hire drivers for my trucks and be available to run the office to the best of my ability. I feel that my experience in running my own business and being very familiar with operating heavy machinery will be an extra advantage in conducting the duties of the commissioners court.

"Thank you for your vote and your friendship."

## Officials Attend Seminar

Morris E. Nix, sheriff, and Mrs. Fred Carver, deputy-dispatcher for Knox County, were in Haskell Wednesday, April 14, to attend a professional rape crisis seminar held in the Haskell County Courthouse.

Information reported was that statistics indicate everyone is affected by the crime of rape. The victim suffers physically, psychologically and emotionally, but the rest of the society also suffers. Victims range in age from four months to 89 years and come from all ethnic backgrounds. According to national statistics, reported rapes have more than doubled, from 27,620 in 1967, to 63,020 in 1977. A Justice Department study in 1978 showed that only one in four reported rapes result in an arrest; only one in sixty results in a conviction. The FBI reports that convicted rapists have a recidivism (repeating the same crime upon release from prison) rate of seventy percent. Odds are better than one in fifteen that a woman will be raped in her lifetime. Rape is a violent crime, not a sexual advance.

A volunteer rape outreach center is beginning in this area. If anyone is interested in becoming a volunteer, they are asked to contact the Abilene Rape Crisis Center (915) 677-7895. The training program for volunteers will be in Haskell, May 8, from 9:00 a.m. until 5:00 p.m. For interested persons in Haskell, Knox, Stonewall or Throckmorton counties, they are asked to call this same number for information, Nix at 422-4240 or the sheriff's office at 454-2211.

## Tying The Knot?

Tying the knot - it's happening later in life these days.

As many young people postpone marriage and the rate of divorce increases, more and more marriages today involve individuals in their late 20's and early 30's, says Diane Welch, a family life education specialist.

# FIRE DEPT. NEWS

By Department Members

Some citizens look at the Fire Department with the obvious reason in mind. However, few realize the Department has other, than the obvious benefits. As a general rule, most people have fire insurance on some type of property. Did you know, the Fire Department has a direct effect on the cost of that fire insurance policy?

Your insurance is calculated using a complicated formula to arrive at a certain amount called the "Key Rate". This is the basic charge you pay for each \$1,000.00 of insurance in the policy. The calculations within this formula are based on the type and condition of such things as water works, water mains, water storage facilities, fire trucks, alarm systems, fire hydrants and others. According to these types and conditions, we are charged a certain amount of money for their acceptability or deficiency. After the areas of charges are leveled, we are given certain amounts of credit for having and doing certain things to compensate for the substandard areas. We receive credits for such things as night watching services, building codes, teaching fire prevention in the public schools and the type and condition of fire trucks. So it basically boils down to the charges, minus the credits, equals the "Key Rate". Knox City's rate is .44 as of February 1, 1982.

The key rate is over emphasized to a certain extent, and there is another credit factor that saves the citizenry money for fire insurance, it is called the "Fire Record". This factor is calculated by using the amount of premiums paid by you the public, versus what the insurance companies pay out in claims due to losses. The maximum percentage rate that is allowed for Fire Record is twenty five percent. Some cities that have a poor win/loss record do not get any credit and even pay more. It's pleasing to report to you that Knox City receives the maximum 25% credit.

In 1981, the citizens of Knox City, paid approximately \$31,000.00 in fire insurance premiums while the insurance companies paid out in claims approximately \$7,000.00 and the five year average is \$130,000 in premiums versus \$25,000.00 in claims.

There are two basic reasons why our win/loss record is good. One being the fact that the citizens are careful and observe some preventative measures. The other being that when called, the fire department has quick response and good

firefighting tactics to extinguish fires before a great deal of damage is done.

Let's go back to key rate for a minute. Using the school system as an example, we have learned that their insured property in Knox City alone, not including the O'Brien campus, has an insured value of two million dollars. With a key rate of forty four cents, per thousand dollar of insurance, their basic rate is \$8,800.00, and with the extra 25% for the good fire record, the basic rate is now lowered to six thousand six hundred dollars. Every time we lose or gain 1 cent in key rate credit, it figures out to cost or save the schoolsystem alone about two hundred dollars.

There are several areas that this department and the city are working on to lower the key rate even further and maintain the maximum fire record credit of 25% at the same time. Some changes in the system to lower the key rate are entirely too costly. But with time as the necessary things must be replaced, the obtaining of key rate credit will be kept in mind.

As was noted in the three previous articles, we are to a point in time, where we must seriously consider the purchase of a new fire truck. Here is how this currently affects the key rate and will change it.

We have two trucks that, in theory, count as fire trucks for city use. We are being charged 2 cents for one, because it will not meet the required testing for pumping water. If we had a new truck, this charge would not be allowed. But it is not entirely a burden. The classification of this truck was changed from pumper truck to booster truck and we receive 1% credit for it, which amount to about .0048 cents. At the same time the new truck will be a type of insurance against the fire record factor, in that we will have the equipment to

pump the required water at a large fire.

We don't want to get caught up in percentages, but this is the final analysis. We receive credits about to 9% off of the key rate and 25% for the fire record credit. With the new truck, we should gain an extra 3% and other areas that can be changed with little or no expense should net us an additional 4% over the current 34% credit for a hopeful saving of up to 41% below the standard rates.

You can see for yourself how much this can save the average citizen. It is interesting to note that some area towns have key rates of one dollar and receive no credit for fire record and are charged extra.

## News Notes from the Brazos Valley Care Home

BY RENA TANKERSLEY

Our volunteer program has been very good at the Brazos Valley Care Home. The people respond to every need. Everyone at the Home looks forward to your visits and help with the activity program.

Texas Nursing Home Week will be Sunday, May 9 through May 16. Visit a nursing home.

Wednesday night, services are continuing to be a spiritual blessing for all the residents. Rev. Paul Garza was our volunteer speaker. If you want to attend services on Wednesday night, the Brazos Valley volunteers meet at 6:00 p.m. We promise to get you out in plenty of time to go to your church services.

Sunday school for April 18 had 18 present. Ozelle Stephens taught the class and Peggy Guinn lead our music program. Thanks for giving that extra, early hour on Sunday.

Church services were conducted by the O'Brien Baptist Church. Forty-two residents, employees and visitors enjoyed Don Roberts leading the singing and the Rev. Emaual Brooks conducted the service. Jenifer Adams played the piano.

Bingo winners for last week were Mrs. Bradford, Mrs. Strickland, Mrs. Robinson, Hallie Barrington, Waynell Clark, Weeper Aldridge, Commie Montgomery and Bessie Russell. Blackout winners were Weeper Aldridge and Ruth Harden.

On Tuesday, April 13, the residents gathered in the lobby for music and exercise. Lois Smith played the piano and the rhythm band prac-

"The heart is deceitful above all things, and desperately wicked; who can know it?" (Jer. 17:9).

That is why Jesus said, "I am the way, the truth, and the life: no man cometh unto the Father, but by me." We must call upon Him often, seek Him diligently, know his Word, believe with all thine heart and obey his commands. God hath made provision for all our needs through Jesus Christ who suffered and died for our sins. God provides perfect true security. He knoweth how to deliver the godly out of temptation, and to reserve the unjust unto the day of judgment.

When you seek Him with all your heart and lean not on your own understanding he will keep you from falling, and present you faultless before the presence of his glory with exceeding joy. (Jude. 24).

- Cottle Fellow Agriculturalist:
- Fisher I know you have a deep interest in the future and profitability of agriculture in West Texas, and I, as a fourth generation farmer, share in your concern. Having been raised on the farm and having been a farmer and stockman all of my adult life, I am keenly aware of the multitude of problems that face agriculture, not the least of which are low prices, high costs, and high property taxes (which must be paid whether you're making a profit or not).
- Garza I became a candidate for the state legislature because I felt that someone who knows the problems of the rural areas, and who has a direct stake in the future of West Texas should be in Austin representing this very rural district. I feel strongly that our representative should not be someone from an urban setting who has no real interest in or first hand knowledge of our problems.
- Kent There are some important priorities concerning agriculture at the state level. One, to reverse the trend of placing more and more of the burden of financing education on the local property tax. Two, to fight the coming push by urban interests to repeal the sales tax exemption for agricultural inputs. Three, to explore new avenues at the state level of enhancing prices received for our products.
- Knox I genuinely believe that I am the only candidate in this race who has the qualifications, ability, and willingness to fight for agriculture in Texas. Please join me with your support, your influence, and your vote.

Letter To The Editor

April 17, 1982  
Mrs. Stacy Angle Thompson  
Editor  
The Knox County News  
P.O. Box 7  
Knox City, Texas 79529  
Dear Stacy:

I noticed with great interest that the voters in Benjamin and Justice Precinct 2 in Knox County have approved legal bingo for charitable purposes.

Even though the voters have expressed their will, I wish to draw your attention to some difficulties that exist in administering our Texas Bingo Enabling Act as it was passed during last year's special session.

First, the definition of "bingo" is vague and ambiguous. It is defined in our law as a game of chance, commonly known as bingo or lotto, in which prizes are awarded on the basis of designated numbers or symbols on a card conforming to numbers or symbols selected at random.

There are many different variations of the game commonly played under many different names depending on what part of the state you're in.

Enclosed are samples of "pull tabs" or "break-open" cards and tickets. They all have the word "bingo" on them. They are games of chance in which prizes are awarded to holders of the cards with the winning numbers or symbols. Are they "bingo"?

My investigators have determined that millions of these cards are now used in Texas each year. The manufacturers and distributors of these products have confirmed this. Does their widespread use make them commonly accepted as bingo or as part of a bingo night? Are the games played in South Texas with pictures rather than numbers considered "bingo"?

In 1976, the Presidential Commission on the Review of the National Policy Toward Gambling proposed a set of model bingo regulations which included a standard definition of bingo. Our

legislature did not adopt that definition. Does this suggest that our lawmakers meant to legalize all variations of the game?

Secondly, the maximum amount of prizes which can be given away under our law is limited to \$2,500 on any one bingo occasion. The law, however, does not define the term "bingo occasion." Although a group can't conduct games for more than four hours a day, can it have more than one occasion a day? Or, must it use its allotted four hours consecutively? How many occasions can it have in a four-hour period?

Other problems of interpretation exist in the Texas Bingo Enabling Act. It is not an easy law to administer. I will accept the responsibility given me, but the law needs to be refined and clarified before it can be fairly and properly enforced.

Texas is almost \$2 billion richer, thanks to Bob Bullock.

Since BOB BULLOCK became Comptroller, state tax collections have increased from \$3.4 billion in 1975 to \$8.1 billion in 1981. Inflation and growth accounted for just over two-thirds of that. But almost one-third of the increase was due solely to BOB BULLOCK's efficiency and thoroughness in collecting every tax dollar legally due the state.

That's amounted to \$1.9 billion since '75, thanks to BOB BULLOCK.

WHAT TO DO IF YOUR LIGHTS GO OUT

We'll do our best to keep it from happening, but let's face it. Even with the miracles of modern technology, it sometimes occurs in the best of systems.

So, if your power goes off, we hope you'll help us get it back on as quickly as possible.

HERE'S WHAT YOU SHOULD DO:

1. Check your neighbors. Call them or go outside and see how widespread the outage is.
2. If your house is the only one affected, check your breaker box.
3. If the trouble is not on your side of the meter, call us — your local WTU office — and give us the following information:
  - Your name and address
  - Time of the outage
  - The area affected (as many addresses as possible)

We'll take it from there. Please don't prolong the call with questions that can't be answered. We'll be getting many other calls, depending on how widespread the outage is. And, if you're answered by a recorded message, it means that the dispatcher already has been swamped with calls and that we're working on the problem.

### Fish Day Set In Seymour

The 56th annual World Famous Fish Day, sponsored by the Seymour Chamber of Commerce, has been scheduled for May 1, 2, 3, at Lake Kemp, Seymour Entrance. A fun filled weekend has been planned with activities for every member of the family. All events are opened to the public except the Miss Lake Kemp Contest. These two events are limited to residents of Baylor County.

Festivities will start Saturday, May 1, with a Chili Cook-Off, CASI rules. Cooking will start at 11:00 a.m. with judging at 4:00 p.m. Jerry Barton is chairman and can be reached at phone number 817-888-2424 for further details.

Other events will include a Frisbie contest, free Frisbies will be furnished, cow chip throwing contest, volleyball, horseshoe pitching and washer pitching tournaments, bass tournament, carp and kid fishing tournament, ski show, ski contest and boat races.

Sunday, May 2, at 6:00 p.m. there will be a picnic, followed by an Old Fashion Dress Parade, Gospel music and church services led by the First Baptist Church of Seymour will conclude Sunday's activities.

The Kid Fishing and a Crazy Hat Contest will kick-off Monday's events. The final event of the weekend will be the Little Miss Lake Kemp Contest at 1:15 p.m. and Miss Lake Kemp Contest at 2:30 p.m. Rich Segal of TV Channel 6, Wichita Falls, will be master of ceremonies for the Miss Lake Kemp Contest.

The public is invited to attend and participate in the scheduled events. For pre-registration or more information contact the Seymour Chamber of Commerce at phone number 817-888-2921.

## MINUTES OF THE CITY COUNCIL MEETING

April 6, 1982

The City Council met in a regular session with Mayor Charles Auburg, Councilmen: Carol Felts, Jim Potteiger, Larry Staggs, Craig Williams, and Greg Kuehler present.

Election votes were canvassed. Carl Shelton, Election Judge reported 306 ballots were cast with Larry Staggs receiving 189, Greg Kuehler 187, James L. Potteiger 155, Gene Sutton 145, Celso Gonzales 115, L.V. Worley 110, and David G. Thompson 8. Carol Felts made a motion to accept the election results, thereby declaring Larry Staggs, Greg Kuehler and James Potteiger elected. Craig Williams seconded the motion and all voted for it. The new councilmen were sworn into office.

The minutes were read and approved.

Larry Staggs nominated Carol Felts as Mayor Pro-Tem. Craig Williams seconded the motion. There were no further nomination and Carol Felts was elected unanimously.

Mayor Charles Auburg re-appointed Larry Staggs to serve on the Ambulance Board.

Larry Staggs made a motion to designate the Citizens State Bank as the City Depository. Carol Felts seconded the motion. All voted in favor of the motion.

Insurance for Ambulance Service volunteers was

discussed. Coverage is available through the City's policy.

Fire Department matters were discussed. In order to brief new council members, the Mayor read a letter of March 4, 1982 from the City Council to the Commissioners Court. Commissioner Billy Gene Johnston advised the Mayor that no action was taken on the matter. Craig Williams reported that he and other firemen met with the Fire Appliance Company salesman to discuss Fire Truck requirements. The approximate price for a truck would be \$68,500.00. Methods

of financing a truck were discussed briefly. The idea of appointing a Fire Department Advisory Council was also discussed. Craig Williams advised that the Fire Department plans an open house soon in their newly completed Fire Hall. The meeting was adjourned.

### County Wide Playday Set By 4-H'ers

A county-wide 4-H horse playday has been set for Sunday afternoon, May 2, at the Benjamin arena, according to Knox County Extension Agent Charles Siepel.

All Knox County youth from one to nineteen are invited to participate in this practice playday. There will be no competition in any events.

All classes, including three roping events, showmanship, western pleasure, western horsemanship, western riding, barrels, poles and stake racing, will be practiced with adult leaders available to help teach basics in all events to anyone interested in instruction.

Participating youth may practice any or all events in which they are interested.

For more information, contact Mary Ann Boone, Knox City or Knox County Extension Agent Siepel.

### Screening Clinic In Truscott Today

A screening clinic sponsored by the Texas Department of Health will be held at the Truscott Community Center in Truscott on April 22 from 9:00 a.m. until 12:00 noon.

Screening tests will be offered for blood pressure, diabetes, anemia, skin disorders, height and weight. If an abnormality is found, the person will be referred to the physician of his or her choice.

### Property Destroyed? Follow Instructions

If 1982 is an average year as far as tornados are concerned, the state of Texas will be pummeled by 136 of the 600 to 1,200 twisters that annually strike the United States.

The usually counterclockwise winds of a tornado vortex are estimated to be near 300 miles per hour. Damage to homes and businesses can be extensive. If that should happen to a person's home or business, these tips are offered by the State Farm Fire and Casualty Insurance Agency:

Cooperate fully with law enforcement and disaster service officials. Check your local news media for instructions and information on emergency services available.

Notify your insurance agent of your loss as soon as possible. He can advise you what to do next.

Stay with your property to guard against vandalism or looting until law enforcement agencies organize protection. To protect against additional damage, board up broken windows or holes in the walls or roof; cover or otherwise protect furnishings from further damage by rain or wind. If necessary, have utilities turned off to prevent damage from explosion or fire.

Don't be rushed into signing repair contracts. Fly-by-night repairmen often prey on tornado victims. Be sure you know with whom you are dealing. Your insurance agent or adjuster should be able to help; or ask your Better Business Bureau or friends or relatives to recommend someone.

Keep receipts for all repairs and additional living expenses. Most homeowners insurance contracts will reimburse these costs; casualty losses exceeding \$100 that aren't reimbursed are generally tax deductible.

## NEMATODES,

You may not know it, but nematodes can be a serious threat to your cotton crop. Help protect your yields from this pest by applying TEMIK aldicarb pesticide at planting. TEMIK provides both contact and systemic control of nematodes. And it doesn't stop there.

## INSECTS,

Inside the plant, TEMIK helps protect your crop from early season insects and mites. Its control last for up to ten weeks-saving you up to two early season sprays.

## COTTON,

All this protection means cotton gets off to a healthier, more vigorous start, often resulting in earlier maturity and higher yields. Ten years of field data show that cotton protected with TEMIK pays off in increased pounds of lint.

### Poison Control Seminar April 29

If a big red "X" were painted on every item in your house that's poison, manufacturers would sure sell a lot of red paint. The victims of accidental poisoning are usually children, but frequently older persons with poor eyesight have trouble reading labels. It's a good idea to separate medicines from other containers in your medicine cabinet. And have everything properly labeled. Protecting children requires stricter measures. At a very early age your child reaches the poison-prone age. He can't read. He's inquisitive. So put those medicines, detergents, bleaches, housekeeping aids, insecticides, solvents, and paint under lock and key. It may not be as convenient for you, but it's proof of your love for your little ones. An added note of warning—cosmetics and perfume may smell sweet, but they're not good for kids to swallow. Keep them out of reach!

To learn how to protect your home and farm from poisons the Family Living Committee of the Knox County Extension Service is holding a Poison Control Seminar, April 29 at 7:00 p.m. in the Knights of Columbus Hall in Rhineland.

This seminar is open to all men and women in Knox and surrounding counties.

For more information on this seminar contact the County Extension Office (454-2651).

### Softball Meeting Set For April 26

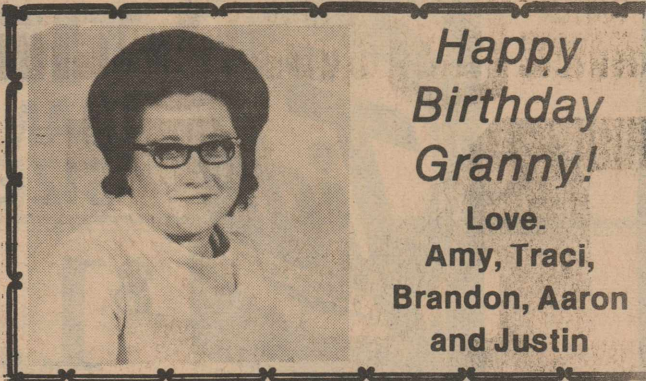

Another softball meeting will be held Monday, April 26, at 7:30 p.m. at the Community Center.

According to Billy Bob Reynolds, president of the softball organization, anyone who is interested in playing softball and obtaining a field are asked to please be present.
