

## Hart out of race

DENVER (AP) — Gary Hart ended his on-again, off-again bid for the 1988 Democratic presidential nomination today, saying, "I got a fair hearing and...I should not go forward."

It was the second withdrawal for the man who once was the prohibitive front-runner for his party's nomination, coming 10 months after he quit because of questions concerning his relationship with Miami model Donna Rice.

## Mailing today for prison dirt work

Invitations to bid on dirt work for construction of the Texas Department of Corrections 1,000-man prison unit here are scheduled to be mailed Friday.

An advertisement for bidders will be run in area newspapers, including the Snyder Daily News, in Sunday editions. This ad will be repeated in editions printed on March 15 and 17.

On Tuesday, bid documents will be released. All potential contractors will be asked to attend a pre-bid conference at Snyder's city hall March 29—the last Tuesday of the month.

The bid opening for the dirt work phase is scheduled on April 5 and the "notice of bid award" is planned April 11.

This will be followed by a pre-construction conference on April 15 and the actual ground breaking on April 18.

The prison facility, with an annual payroll of \$6.7 million, is to employ some 250 individuals. It will be built on a 579-acre site some 5 miles northeast of the city.

## Forest service joins fight...

# Range fire burning

ALBANY, Texas (AP) — Firefighters today were making progress against a raging brush fire 35 miles long and six miles wide, but officials said crews were preparing for a cold front to redirect the flames back toward Albany.

The fire by midmorning had scorched an estimated 135,000 acres, but there have been no serious injuries and most homes in the path of the roaring fire have been saved by the hundreds of firemen battling the blaze, Shackelford County officials said.

"It's been a miracle, so far,"

said Lawrence Winkler, information officer of the Shackelford County Emergency Management team.

Firefighters suffered only some minor burns although they kept in close contact with the fire during the night, Winkler said.

Texas National Guardsmen, ordered by Gov. Bill Clements to help local authorities battle the blaze, joined an estimated 15 West Texas fire departments using 50 pieces of equipment.

Nearly two dozen firefighters and four pieces of firefighting equipment from the Texas Forest Service were also dispatched to

Albany today, officials said.

TFS Director Bruce Miles said today that a request also may be made later for National Forest Service air tankers based in Arkansas to spray the area with fire-retardant chemicals.

By 9 a.m., winds that had gusted to 30 mph had died down, but National Weather Service forecasters said the calm precedes a shift in winds along the line of a cold front that was entering the area.

"That's probably why the winds have slackened off a little is because it's already there," said meteorologist David Martin,

## County reaffirms 5-point stipulation made for TDC site

County commissioners, meeting in a called session Friday morning, ratified the court's earlier commitment to the Texas Department of Corrections regarding work to be performed by the county in connection with the prison site.

The ratification essentially re-emphasized a court agreement

first passed Dec. 18. County Attorney Mike Line, prior to the county vote, said he recommended the ratification so that there could be no "misunderstanding" of the court's original intent.

After the meeting, he said he felt it simply clarified all points of the agreement.

County Judge Bobby Goodwin

said afterward the estimated expense to the county for the TDC-related work is still in the range of \$4,000.

This assumes the county will receive a state grant to pave the road running adjacent to the city landfill, one of the promises made to TDC. Regarding this ap- See COUNTY, page 9

SCHOOL WEEK ENDS — The Snyder Junior High School boys choir performed a patriotic program Friday morning at a brief school assembly at the SJHS outdoor patio. The program was the final scheduled event held in conjunction with the local observance of Texas Public Schools Week. (SDN Staff Photo)

## School adds 3rd candidate

A Snyder school board candidate filed Thursday afternoon for the single member district seat vacated by the business transfer of Ben Wilcox, who represented place 5.

Filing for the post is Lesa Oudt, 41, a member and early organizer here for the academic booster group, the Council for Educational Excellence.

The board seat she now seeks represents all of the Snyder school district located outside the city limits. Oudt lives in an area of neighboring Kent County which is included in Snyder ISD's boundaries.

She is a 1965 graduate of Snyder High School who returned here three years ago. She and her husband John have three children enrolled in the district, a first, fourth and sixth grader at North Elementary.

For the Snyder school ballot, the board approved new contracts for 35 school staffers who are either completing or still serving probationary periods with the district—a requirement for all new teachers—and accepted the

## In Brief

### Fire at plant

LUBBOCK, Texas (AP) — Natural gas lines feeding a city-owned power plant this morning burst into a 50-foot wall of flames while workers were rushing toward the site of a pressure buildup, officials said.

There were no injuries in the accident at Lubbock Power and Light Co.'s Holly Avenue Power Plant, but two small buildings and equipment were damaged, plant manager Ronnie Martin said.

Martin said a pressure buildup shortly after 3 a.m. caused gas to spew out of the lines and ignite. The plant's lines are designed to automatically release gas under excessive pressure, Martin said, but the flames were unexpected.

"They (workers) heard the safeties (valves) lift — when they lift you can hear a loud popping sound," Martin said.

### Prom night

The annual Snyder High School Junior-Senior Prom, using the theme "Around the World," is slated from 8 p.m. until midnight Saturday in the coliseum.

Parents and friends of students are invited to view prom decorations from the coliseum seating area during the evening. Junior class members and sponsors have been at work since January planning the prom decorations, which feature world landmarks, the largest being a model of the Eiffel tower.

## Weather

Snyder Temperatures: High Thursday, 85 degrees; low, 31 degrees; reading at 7 a.m. Friday, 42 degrees; no precipitation; total precipitation for 1988 to date, 1.20 inches.

Snyder Area Forecast: Tonight, fair and cooler with lows in upper 30s. Northwest wind 10 to 15 mph. Saturday, partly cloudy and cooler with highs in upper 50s. North wind 10 to 20 mph and gusty.

## Bus parking area okayed by board

A project to relieve parking congestion for the Snyder school district's fleet of buses was approved Thursday by school board members, meeting for the regular March session.

The board approved a \$1,000 expense to relocate two storage buildings from the north end of Travis Field to the south end.

This space will then be used for the bus parking. It was estimated the area will accommodate up to 19 vehicles.

In addition, the board authorized building a fence around the north-end to enclose the bus parking area. Sections of an existing chain-link fence are to be used. It was noted the sale of "junk" equipment stored at the area will help alleviate costs associated with the construction.

Thursday's meeting also saw trustees approve a new policy for the district outlining steps to be taken in the event of threatened or attempted suicides among students.

Dr. Tom Scannicchio, who supervised the drawing up of the policy, commented, "Thank goodness it's never happened, but we felt we needed the policy just in case."

Trustees handled a 16-item agenda Thursday during an hour-long session. Around 8 p.m., the board went into executive session to discuss a personnel matter, meeting with a parent with questions about a district staffer.

After approximately one hour in closed session, the board re-emerged and took no action related to the personnel matter.

Following this session, they did take action on a matter tabled earlier in the meeting. This involved awarding an oil

lease bid to Aminex Corp. of Dallas. The property entails a 25 percent interest owned by the district on a 50-acre tract in southwest Scurry County.

The bid from Aminex was for \$1,437 for a three-year lease. One other bid had been submitted, from Brad Posey of Houston, who had previously held a three-year

lease on the property. He bid \$500.

In personnel action Thursday, the board approved new contracts for 35 school staffers who are either completing or still serving probationary periods with the district—a requirement for all new teachers—and accepted the

## The SDN Column

By Roy McQueen

The feller on Deep Creek says, "For a taxpayer, it doesn't take long to realize why laws are called bills."

### Keeping tabs on our neighbors:

Spring break and time for a mini-vacation is just around the corner. James Roberts, in the Andrews County News, has a solution for those with the urge to get away but whose funds took an earlier flight.

"If you can't get away for a vacation, you can get the same feeling by staying home and tipping every third person you see."

When traveling, one can look for unusual signs. We often wonder why anybody would be attracted to a sign that proclaimed "home-style cooking."

George Dolan, in the Fort Worth Star-Telegram, knows a north Texas dairyman who had an innovative solution to traffic problems on a road that bisected his farm.

Every morning, the farmer drove his 100-cow herd across the farm-to-market road so the cows

could graze in a field on the other side. Each evening, he herded them back.

At the request of the farmer, the state placed a "Cattle Crossing" sign at an appropriate spot along the road. However, motorists paid little or no attention to it.

The farmer tried to think of a warning sign that drivers would not ignore. After considerable thought, he landed on a solution.

He found some plywood, painted a message on it and nailed it to the trunk of a large, imposing tree at the fence line. It was a simple sign, nothing fancy, but it worked.

Drivers began slowing to a crawl after spotting that sign which proclaimed, "Slow Down—Nudist Camp Crossing."

Speaking of vacation, Rotan editor Kim Pease had this to say about congressmen.

"New congressmen come home frequently to find out what their constituents think about what they have done. The older and wiser ones remain safely in Washington."

## Fire calls stretch into night

Snyder firemen were busy almost without interruption from 1 until 10:30 p.m. Thursday. The largest blaze had firemen working for four hours to extinguish a grass fire that charred an estimated two-square-mile area 10 miles north of Snyder off Highway 267.

The 2 p.m. call to property on the Brown Ranch required the use of three county roadgraders after the fire was ignited by a truck exhaust, a department spokesman said.

Firefighters were at the scene until 6 p.m.

The busy day started with a 12:58 p.m. call to 13 miles north of Snyder. See FIRES, page 9

# Texas GOP wants Tower to run in '90

AUSTIN (AP) — Former U.S. Sen. John Tower has been asked by leading Texas Republicans to run for the GOP gubernatorial nomination in 1990, officials say. "I have talked to the senator

about running," Ray Hutchison, former state Republican Party chairman, said Thursday. "Let me just say that he didn't show a disinterest in the idea. He didn't slam the door on me and he didn't

kick me out." Tower was away from his Dallas office Thursday and could not be reached for comment, the Dallas Times Herald reported today.

Gov. Bill Clements, whose term expires in January 1991, already has said he will not seek re-election.

Another former state GOP chairman, Peter O'Donnell, was leading the effort to persuade Tower to run, sources told the Dallas newspaper. O'Donnell, a Dallas philanthropist, also could not be reached Thursday.

Hutchison said others also had approached Tower about the 1990 governor's race.

Republican pollster Lance Tarrance of Houston, a longtime Tower friend, said the former senator would be a formidable opponent for other Republicans in the primary and for the Democratic nominee in the general election.

"Bringing in a John Tower, with his seniority in the party, would be an incredibly brilliant move," he said. "I have to think other Republicans would have to back out, because only so many people can drink from the same cup."

President Franklin Roosevelt signed into law the National Labor Relations Act in 1935.

"There are many Republicans in this state who are absolutely committed to the Republican Party fielding a very, very strong candidate for governor in 1990," Hutchison said. "I think there is an excellent opportunity for the party to retain control of the governor's seat if we have the right candidate."

Peter Gott, M.D.

## Parasites cause elephantiasis

DEAR DR. GOTT: A relative was recently diagnosed as having elephantiasis of the lower extremities. Is this inherited or contagious?

DEAR READER: Neither. Elephantiasis is the last stage of a disease called filariasis, in which wormy parasites enter the lymph circulation and cause blockage of the lymph channels, producing legs that are swollen with excess fluid. Although rare in the United States, filariasis is common in tropical countries, where the parasite is carried by many species of mosquito. The disease is not inherited or spread by human-to-human contact. Treatment consists of elevating the legs and wrapping them with elastic bandages, using a drug (diethylcarbamazine) and resorting to surgical removal of the worms in selected cases.

DEAR DR. GOTT: My daughter, 37, has been bleeding from the left kidney for four months. The urologist told her she had mesangial proliferation, which we can't find in a medical dictionary. He also told her that she would bleed for the rest of her life and that she should come back in a year. Is he correct? What is this disease?

DEAR READER: Mesangial proliferative glomerulonephritis is an unusual kidney ailment of unknown cause, marked by a breakdown in the kidney's filtration system. It causes loss of protein and blood in the urine, hypertension and eventual failure of the kidney to function. Spontaneous cures (without therapy) are frequent, there is no currently accepted treatment.

Because this is a rare medical disorder, your daughter should be under the care of a renologist, a non-surgical kidney specialist. To answer some of your questions, I'm sending you a free copy of my new Health Report on KIDNEYS. Other readers who want this information should send \$1 and their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to ask for the Health Report on KIDNEYS.

DEAR DR. GOTT: What is a trick knee? Since I slipped and fell a year ago, my leg gives out during exercise, my knee swells up and I can't walk. My family thinks I'm overreacting.

DEAR READER: "Trick knee" is a phrase used to connote a variety of joint disorders, all of which have a common characteristic: instability of the knee. Ligament damage and cartilage problems can cause pain, swelling and a "giving way" feeling.

You need to be examined by an orthopedic surgeon who will diagnose the reason for your knee problem and suggest treatment. Therapy runs the gamut from strengthening exercises to surgery designed to restabilize the knee.

I do not believe that you are overreacting to your symptoms. A specialist should be able to help you overcome this troublesome handicap.

## Fugitive shoots himself Thursday

HOUSTON (AP) — A man pursued by police in connection with a bank robbery calmly pulled over his van, stepped from the driver's seat and fatally shot himself, authorities said.

"The man opened his van door and stood on the running board," witness Cynthia Everett said Thursday. "I heard the pop of the gun and then saw smoke coming over his head."

The man died about 10 miles from the bank robbery scene, roughly 30 minutes after the holdup took place at the First Interstate Bank of Texas in Seabrook, police said. Inside the van, police found a briefcase filled with \$10,550 in cash.

## Sonic teams with March of Dimes

OKLAHOMA CITY, Okla.—Sonic Drive-In Restaurants, the largest drive-in chain in America with over 950 units in 21 states, will team with the March of Dimes in a national fundraising campaign to help prevent birth defects. The announcement was made at Sonic's national convention by Sonic Industries' executives and Helen Humphrey, March of Dimes ambassador.

A 15 cent contribution will be made to the March of Dimes for every Dr Pepper sold at par-

ticipating Sonics from April 10 through April 23.

Also, additional donations will be collected at the drive-in and included with the store's contribution. All funds will be distributed to the March of Dimes programs in the area where it was collected.

The campaign coincides with the March of Dimes' largest fundraiser, WalkAmerica, a project where participants raise funds by securing pledges for each kilometer completed. Sonic employees across the country will be encouraged to participate in WalkAmerica.

# Youth becomes youngest prison inmate

DEDHAM, Mass. (AP)—A 15-year-old boy convicted of killing a classmate with a baseball bat "to know what it was like" has been sentenced to life in prison, becoming the state's youngest prison inmate.

Rod Matthews could be paroled in 15 years under the mandatory sentence he received Thursday after being found guilty of second-degree murder in the Nov. 20, 1986, slaying of 14-year-old Shaun Ouillette.

Two former friends of Matthews testified he told them of planning the killing and took them to see Ouillette's body, which police did not find until nearly four weeks later in woods in Canton, a suburb 15 miles south of Boston.

Matthews showed no emotion when the verdict, reached after almost 10 hours of deliberations over two days by the Norfolk County Superior Court jury, was announced.

The decision satisfied neither the victim's mother, Jeanne Quinn, nor the defendants' parents.

Mrs. Quinn, carrying a portrait of her son and choking back tears, told reporters she had hoped Matthews would be convicted of first-degree murder,

which carries a mandatory life sentence without parole.

"He planned this," she said. "Fifteen years. No, I'm sorry, that's wrong. Shaun is not coming home in 15 years, is he? He's

not ever coming home."

"It's terrible," Matthews' mother, Janice, said on the courthouse steps hours after the verdict. "A child shouldn't be persecuted and forced to go through something like this."

"God only knows how much worse it's (prison) going to make his condition," she said.

Matthews takes Ritalin for hyperactivity, and defense attorney John Philip White argued for acquittal by reason of insanity.

White portrayed Matthews as a mentally unstable child whose pleas for help were ignored by teachers and friends and whose irrational behavior was possibly exacerbated by Ritalin.

White, expressing concern for Matthews' safety and the possibility the youth might attempt suicide, said he will try to have the boy moved from prison to a mental health center while considering whether to appeal.

An appeal must be made within 30 days, said Superior Court Judge Roger Donahue.

Matthews is the youngest of more than 6,500 Massachusetts prison inmates, said Correction Department spokeswoman Mary McGeown.

"It just doesn't make any sense because there's no treatment facility there," said Matthews' father, Kenneth.

Prosecutor Peter Casey, a Norfolk County assistant district attorney, called the decision an "appropriate, well-counseled verdict."

Matthews' trial was highlighted by graphic descriptions of the slaying and testimony by Matthews' former friends, Rob Peterson and Jonathan Cash, who said he told them of his desire to kill in the fall of 1986.

"He said he wanted to know what it was like to kill somebody," Peterson said. After rejecting two possible victims, Matthews chose

Ouillette, an overweight high school freshman relatively new to Canton, because he felt he would not be missed, the youngsters testified.

Ouillette was lured to the woods after school by the promise of fireworks before being hit at least three times in the head with the baseball bat.

Matthews took Peterson to see the body several hours after the slaying, and they hid a knife Matthews planned to use to cut off Ouillette's arms and legs, Peterson said.

Several days later, Peterson and Cash went with Matthews to see the body, then went to a pizzeria.

Police found the body Dec. 15, 1986, after receiving an anonymous letter from Cash.

Matthews told a psychiatric counselor after the slaying that he first decided to kill someone after viewing the videotape "Faces of Death," which shows animal and human deaths.

The forward progress of the ball rule in college football was not instituted until 1916.

For one season, 1924, kickoffs in college football were made from the 50-yard line.

It only lasted one season but in 1950 there were no fair catches permitted in college football.

Rubber-covered footballs were not introduced to the college game until the 1956 season.

## Students needed for real estate class at college

Additional students are needed to form the real estate contracts class scheduled to begin March 18 at Western Texas College.

The course deals with standard real estate contracts and the basic principles involved in promulgating contracts.

Classes will meet Friday night, all day Saturday and on Sunday afternoon for two weekends for a total of 45 hours of instruction. Fees are \$56.25 per person and students must furnish a book.

To enroll call 573-8511, ext. 240. Because all offices at the college will be closed the week of March 14-18 for spring break, persons who want to pre-register should call the instructor, Pat Cornett, at Cornett's Realty. She will accept students until March 17. A minimum of 10 students will be needed to form the class and six persons have already pre-registered.

## WTC team takes 2nd

The Western Texas College meats judging team took second place in lamb judging at the Houston Stock Show last weekend.

"We missed the national championship by just one point," Jim Judah, team coach, said. Tiffany O'Brien, freshman from Morton, was second high individual in lamb judging. Another team member, Kyle Cain, sophomore from Frankston, was 10th high in lambs and high point individual on the team overall.

In beef grading, Jeff Roemisch of Hermleigh and Shane Gann of Snyder tied for third and Shondra Robinson of Snyder was fifth.

This was the final competition of the season for WTC. The students will be hosting area high school students in the fifth annual Livestock and Land Judging Contest on March 22.

## Reyna re-enlists for three years

Spec. 4 Kim L. Reyna, daughter of Jerry R. and Sandra Lewis of Arcadia, Fla. has re-enlisted in the U. S. Army at Fort George G. Meade, Md. for three years.

She is a military police specialist with the 519th Military Police Battalion.

Her husband, Christopher, is the son of Edward and Frances Reyna of Ira.

## A choice of finesses

By James Jacoby

South had only 14 high-card points, but he also had an eight-card suit and attractive shape, so he jumped to three diamonds after North was able to respond with one spade. North then bid his other suit — clubs — and continued with an obvious cue-bid of four hearts. When South showed the ace of spades, North simply bid six diamonds, feeling that his three aces cried out for this adventuresome approach. In fact, the slam was a good one, but declarer had to be careful to give himself all of his options in the play.

It's commonly said, tongue-in-cheek, that one peek is worth two finesses. In this instance, if declarer could peek, he would know whether to finesse against the heart king or the spade king to make his slam. Since he can't peek, he needs to arrange things so that one badly placed major-suit king will not thwart him. After the diamond lead, South must resist the temptation to ruff a club back to his hand to draw trumps. If he yields to temptation, he will be in dummy only once more to guess whether to take the spade finesse or lead up to the queen of hearts. Instead, at the second trick, he should simply lead a low heart back toward his queen. If that loses to West's king, he will later shed a heart on the club ace and fall back on the spade finesse. If declarer carelessly tries the spade finesse first and it loses, then it will no longer help him if the king of hearts is favorably located in the East hand.

James Jacoby's books "Jacoby on Bridge" and "Jacoby on Card Games" (written with his father, the late Oswald Jacoby) are now available at bookstores. Both are published by Pharos Books.

## Advisory council invited to 'fry'

Members of the Senior Citizens Center Advisory Council received a special invitation to the Golden K Kiwanis Club's Sunday fish fry at their meeting Wednesday.

The fish fry will be held in the center, with serving from 11:30 a.m. to 1 p.m. Tickets are \$5 each and proceeds go for club projects. The Golden K Club, made up of persons 60 and over, holds its weekly meetings in the center.

Several memorial gifts have recently been made to the center, Jerry Baird, center director, told the Advisory Council. These have been added to the center's existing Memorial Fund. Memorial gifts are always welcome and can be sent to the center at 2603 Avenue M.

The council voted to give \$250 to be used to offset the expenses incurred by Delbert Downing, area representative to the Silver Haired Legislature. Downing will be seeking his second term in the non-partisan SHL in voting in May.

Council members were reminded of several agencies events being planned in the center in coming weeks. These include the recognition banquet for volunteers in April and the May Day fundraiser on May 14.

The fifth president of the United States — James Monroe — died on July 4, 1831.

## Astro-Graph

By Bernice Bede Osol

Several major changes are in the offing for you in the year ahead. They will be brought about by your own volition. Things you previously thought about doing will now be put into motion.

**PISCES (Feb. 20-March 20)** You're more popular with your peers at this time than you may realize. You can measure this for yourself by observing the stir you create wherever you go. Major changes are ahead for Pisces in the coming year. Send for your Astro-Graph predictions today. Mail \$1 to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

**ARIES (March 21-April 19)** Imagination, determination and resourcefulness will be pronounced elements of your personality today. This is the winning combination that will enable you to succeed.

**TAURUS (April 20-May 20)** Knowledge to which you'll be exposed today will make a deep impression on you, and you'll be able to retain that which you learn. It will be put to good use.

**GEMINI (May 21-June 20)** Changes that you don't anticipate could be in the offing for you today, but don't be fretful. The tides are moving in ways that will be constructive.

**CANCER (June 21-July 22)** Beneficial adjustments can be made at this time in a relationship that is very important to you. This is a good day to start implementing them.

**LEO (July 23-Aug. 22)** You are still in a very favorable achievement cycle, so focus your efforts on your most important goals. You're capable of juggling several balls at the same time.

**VIRGO (Aug. 23-Sept. 22)** Explore in greater detail a new venture that has recently captured your attention. You're on the right track, and with a little more thought, you'll be able to proceed.

**LIBRA (Sept. 23-Oct. 23)** Don't be overly concerned about the outcome of events today. If you envision positive results, that which you imagine can be fulfilled.

**SCORPIO (Oct. 24-Nov. 22)** If conditions permit, a short trip for pleasurable purposes could turn out to be a lot of fun for you today. You'll be happiest moving around, not standing still.

**SAGITTARIUS (Nov. 23-Dec. 21)** Your ambition and imagination, properly focused, will make a dynamic combination today. Aim them at things you want and you'll see for yourself.

**CAPRICORN (Dec. 22-Jan. 19)** There is nothing wrong with being assertive and trying to satisfy your self interest today, provided you don't behave in ways that are detrimental to companions.

**AQUARIUS (Jan. 20-Feb. 19)** This could be an extremely productive day for you if you are left to your own devices. Distance yourself from outside influences or distractions.

## Records in jeopardy as annual Reef meet gets the gun Saturday

Some record-breaking performances could highlight Saturday's running of the annual Canyon Reef Relays here.

The 100 meter record stands in jeopardy as Lamesa standout Gerry Woodberry joins a host of capable sprinters in assaulting the mark. In the women's divisions, Sweetwater's Tara Lemons will go for the discus record.

The annual relays begin at 9 a.m. Saturday morning in four divisions here at Tiger Stadium. Finals are set for a 2 p.m. gun.

There will be no admission charge for the relays. Concessions will be provided by the Snyder Band Boosters.

Woodberry was runnerup in the Class 4A state 100 meter dash last season and the Lamesa senior is back to try and take a first place medal this season. He'll come in to Tiger Stadium boasting a 10.4 already this season. The Canyon Reef record is a 10.26, established in 1986.

Pushing the fleet runner will be at least three Abilene High School sprinters who have run a 10.7, including Doug Sims, and Cooper's Martin Scruggs, who

has been clocked at 10.77. San Angelo Lake View's Kyle Mullins has run a 10.9.

The boy's 300 intermediate hurdle record of 38.48 doesn't seem endangered, but the race could be another of the meet's highlights. Snyder's Craig Watkins has run a 40.1 while Jon Davis of Abilene High has turned in a 40.2.

Class 4 and 5A boys will compete against each other in Division IV of the four-division meet. Division III is junior varsity teams from 4 and 5A.

In addition to Snyder, Abilene High, Abilene Cooper and Lamesa, teams entered in the boy's divisions include Sweetwater, San Angelo Lake View and Pecos.

Division I, Class 4A girls, will feature Lemons, who threw the discus a whopping 146-foot, 8 1/2-inches last weekend in San Angelo. The record is a 147-10, set by another Lady Mustang, Tonya West, in 1981. Lemons was a lone entry for the Mustangs at the Concho Belle Relays. The entire Sweetwater team will be making its first appearance here Saturday.

Other Division I teams include Levelland, Frenship, Borger, Lake View and Big Spring. Lake View won the Concho Belle Relays last weekend in San Angelo.

Division IV schools will be Amarillo High, Amarillo Palo Duro, San Angelo Central, Abilene Cooper, Lubbock High, Monterey and Abilene High. Also entered is Coahoma, a late entry.

Snyder boys are led by Watkins in the hurdles and by pole vaulters Charles Guynes and Marcus Green. The team, largely young and inexperienced, is showing improvement each time out.

Perhaps no team in the area has shown as much meet-to-meet productivity as Coach Patty Grimmett's Lady Tigers, however. For instance, distance runner Anne Osborn trimmed 30 seconds off of her 3200 meter time and 10 off of her 1600 clocking in Snyder's two meets. And, Melissa Williams high jumped 5-0 last week after starting out at 4-10 two weeks ago.

The Lady Tigers boast strength in its relays - particularly in the 800 and 1600 events. Snyder's 800 relay team won the Frenship ABC Wildcat Relays and the Concho Belle Relays, and its 1600 team was in the top three in both meets.

Levelland won the Frenship meet and Lake View won the Concho Belle. They are strong,

Borger is strong and Big Spring is strong so it's going to be tough," said Coach Grimmett. "Of course, Sweetwater is always good, too."

Saturday morning at Andrews Country Club in their first district endeavor.

First, however, the Tigers hope a switch in sites and calmer winds will help give them momentum going into the tourney. Here Thursday at Bentwood Country Club, Snyder shot a 351, led by Marc McQueen's 84. The effort put the Tigers fourth among 11 teams at Bentwood, but 16th overall at the tournament's halfway point. Twenty-three teams are entered.

Bentwood played havoc with teams who drew that location for the first day. Palo Duro had the best team score - a 339 - and it was 30 strokes off the pace set by San Angelo Central at San Angelo Country Club. In fact, all of the day's top scores came at San Angelo Country Club. Abilene High shot a 314 for second place, Abilene Cooper a 317 for third and Midland Lee a 318 for fourth. Andrews, which will host Saturday's District 2-4A meet, shot a 323.

Teams were to alternate sites today, with Snyder moving to San Angelo Country Club.

In addition to McQueen's 84, Wade Hatter shot 86 for the Tigers, Mike Trull 89, Ken Meckley 92 and Ron Baker 98. Plainview's Mayberry was the only player to shoot under 80 at Bentwood. He carded a 79.

The medalist race is being led by Ben Bangert of Permian with a 73. J.C. Hernandez of Central is a stroke off the pace with a 74.

## Longhorns, Tech meet in women's SWC final

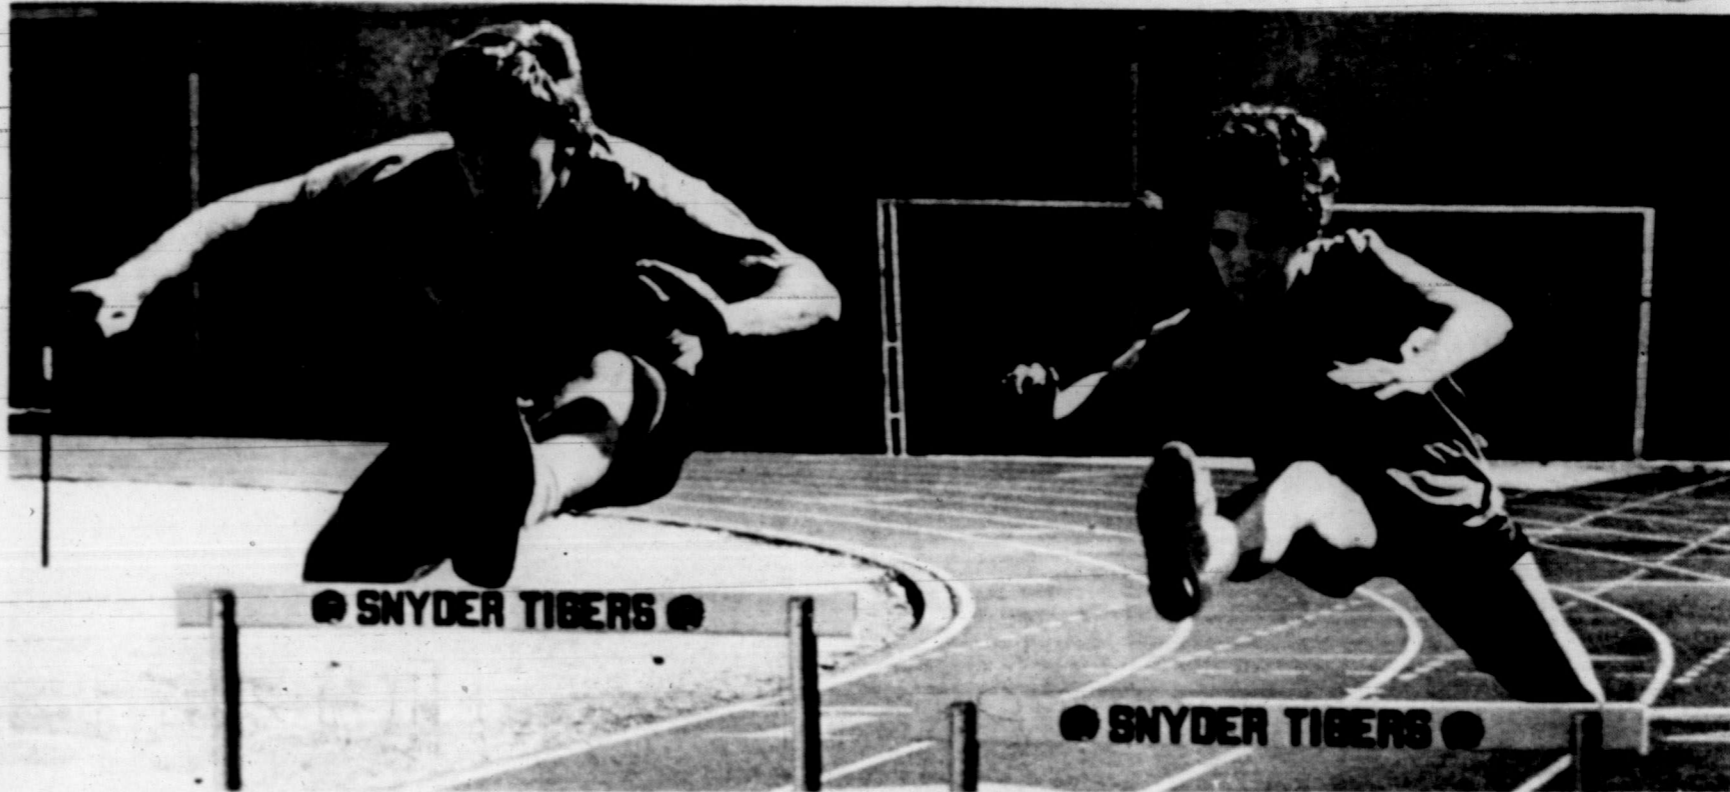

DALLAS (AP) - After failing to make a field goal all night, Texas Tech's Stacey Seibert made the one that counted and even got fouled in the bargain.

The sophomore center converted the three-point play as the Red Raiders edged Houston 60-59 Thursday to gain a spot in Saturday's Southwest Conference Tournament final.

The No. 3 seeded Raiders face top seed Texas, which defeated Texas A&M 72-56 in Thursday's other semifinal game.

Tech, which improved to 10-7 in the SWC and 17-12 overall, pulled down 45 rebounds to Houston's 31. The Cougars ended the season at 13-4 and 23-6.

The Raiders' meeting with the fourth-ranked Lady Longhorns, 17-0 and 29-2, will be the fourth between the teams in the past five tournament championship games.

GETTING READY - Snyder athletes Craig Watkins and Nichole Overman provide a 1-2 punch in the hurdles for the Tigers, who will host the annual Canyon Reef Relays here Saturday. Tracksters have been preparing for the event all week. It begins at 9 a.m. at Tiger Stadium and is free to spectators. (SDN Staff Photo)

## Top seed hasn't found luck in SWC tournament history

DALLAS (AP) - Being seeded number one in the Southwest Conference Post-Season Basketball Classic can be the kiss of death.

Only six top seeds have captured the trophy in 12 previous tournaments, the most recent being Texas Tech in 1985.

Southern Methodist comes into today's quarterfinals of the tournament seeded No. 1 for the first time. The Mustangs have never made it to the championship game, losing in the semifinals twice.

"This tournament, historically, has been tough on favorites and top seeds," said SMU Coach Dave Bliss. "Look what happened last year. The number eight seed (Texas A&M) upset the number one seed (Texas Christian) in the first round. Coaches are scared to death of games against underdog teams."

The Baylor Bears, who won their last eight games and posted their best season in 40 years, were the second-seeded team and drawing a lot of pre-tournament raves.

Baylor (21-9) was to meet seventh-seeded Texas Tech (9-18) at 2 p.m. after third-seeded Arkansas (20-7) and sixth-seeded Texas A&M (16-14) opened the

tournament at noon.

Top seeded SMU (24-6) and eighth-seeded Texas Christian (9-18) play at 7 p.m., while fourth-seeded Texas (16-12) and fifth-seeded Houston (16-11) meet at 9 p.m.

The semifinal games will be played at 6 p.m. and 8 p.m. on Saturday while the finals are set for 3 p.m. on Sunday.

"Baylor is the team to beat," said Texas Tech Coach Gerald Myers. "They're playing better than anybody in the league. In their last three games they've just blown everybody out."

Baylor defeated Tech by 18 and 42 points in their two games during the regular season.

"We're probably playing the toughest team we could draw in Baylor as far as matching up," Myers said.

Three year olds in photo two are Alex Bext, Aaryn Jordan, Erik Sartin, Brandon Gentry, Kendall Brewster, Bailey Stoker and Lacy Jack. (FUMC Photos)

**Gramm: Texas has good shot at atom smasher**

DENTON, Texas (AP) — Texas stands a good chance of landing the proposed federal "super collider" project, U.S. Sen. Phil Gramm says.

"We still have a dog in the hunt," Gramm, R-Texas, said Thursday of the seven-state competition among finalists hoping to attract the \$4.4 billion research project.

Texas is making progress in garnering its fair share of research and economic development money, Gramm said. As examples he cited the relocation of J.C. Penney Co. from New York to Plano, the choice of Austin for the Sematech semiconductor research consortium, and the at-

traction of two new naval bases to the state.

"We're making great strides. But this (the super collider) is an opportunity for us to make a quantum leap," Gramm said.

Other sites still in the running for the project include Illinois, North Carolina, Tennessee, Arizona, Michigan and Colorado.

Texas has proposed an Ellis County site south of Dallas, near Waxahachie.

Gramm made the remarks at North Texas State University Thursday where he toured the school's new \$1.5 million particle accelerator lab. The former Texas A&M professor also used the visit to tout increased cooperative efforts between business and higher education as a means to bolster the economy.

Texas Instruments contributed about \$500,000 to the NTSU particle accelerator and is sharing the facility in tests measuring the purity of semiconductors. TI had tested materials at the University of Arizona before NTSU's accelerator became operational in January.

Such cooperation "creates more industry, better jobs, higher living standards and a more competitive American economy," Gramm said, adding that there are 800 electronics semiconductor firms within 50 miles of Denton that could benefit from NTSU's accelerator.

NTSU physicists say the accelerator is used in materials characterization, a process for discerning the purity of a substance at the atomic level. It is especially useful in the production of semiconductors, testing atomic structure at a rate of parts per trillion.

External research funding to NTSU rose to \$10 million in 1987, from \$4.9 in 1985, university officials said.

**FOR SALE:** 471 Acres, 3 miles NE of City Limits. 1/2 Pasture Land, 1/2 Cultivation, 3 Irrigation Wells, Barns & Pens, Large Hay Barn. 573-2519 or 573-6063 after 6:00.

# Avalanche hits royal ski party

KLOSTERS, Switzerland (AP) — Prince Charles was reported found trembling and weeping after an avalanche swept two close friends in his skiing party down a steep, unmarked Alpine slope, killing one and breaking

the other's legs. Charles, the Prince of Wales and heir to the British throne, escaped unhurt.

The loose snow cascaded down as Charles, 39, and five companions were skiing Thursday at about 5,800 feet in an area of the Swiss Alps that authorities earlier in the day warned was prone to avalanches. The area was off the main skiing trails.

## School approves staffer contracts

Continued From Page 1

resignation of three school staffers. Resignations were accepted from Nancy Jones, a science teacher-coach at the junior high currently on a leave of absence; Marc Wauson, high school business teacher; and Vanice Lovett, an MR teacher at West Elementary currently on a leave of absence.

It was recommended and approved that 17 teachers go from the probationary status with the district to a one-year term contract. Thirteen of these had completed their two-year probationary stage and four others, first-year teachers with the district, were moved to term contracts under a new state law.

This law states that newly employed teachers who have worked five of the past eight years as teachers elsewhere cannot be signed for probationary contracts more than one year.

These staffers now granted regular one-year term contracts—a status which includes the opportunity for career ladder consideration—include Brenda Cox, Pamela Gorman, Richard Gorman and Judy Moss.

The 13 teachers with renewed contracts who have now completed the second year of a two-year probationary period were Carla Allen, Geneva Alvis, Lloyd Bohannon, Jerry Brem, Keitha Brown, Marie Gloyd, Milton Ham, Penny Hughes, Troy Lilly, Cathi McFaul, Debra McNair, Michael Montgomery and Betty Thompson.

Teachers completing the first-year of this two-year period, who were granted new probationary contracts, were Ronnie Baker, Pamela Breuer, Jana Buchanan, Torey Richer, Elvira Gonzales, Steven Hanson, Kimberly Harlin, Sherry Kidd, Kimberly Krueger, Steven Krueger, Patti Mussleman, Bob O'Day, Kenneth Pruitt, Vicki Rinehart, Melanie Smith, Rebekah Thornton, Jason Williams and David Cosby, who is employed locally through a federal grant.

Trustees attending Thursday included Mike Jordan, who presided, Ygnacio Benitez, Charlene Light, Luann Burleson and Billy Bob McMullan. Ken Branam was absent.

In other action items, the board:

—Authorized seeking bids for roof repairs at the junior high girl's gymnasium, an area involving some 22 square yards.

—Accepted a bid of \$11,902 from Williams Construction of Snyder to repair leaks noted in outside walls at the Snyder High School field house and two adjacent gymnasiums.

—Approved classroom instruction books recommended by the 1988 school textbook committee.

—Approved the "absentee ballot board," a group which will also double as clerks for the upcoming May 7 school board election. Those named include June McGlaun, LaNell Rabin, Evelyn Mebane, Phyllis McGinnis, Anita Felan and Jeanie Liner.

—Directed administrators to contact officials with both the Ira and Hermleigh school districts to determine if they would like to share in the expense and the use of a series of videotapes which may be used for school board training requirements. The tapes cost \$150 each or up to \$945 for a series offering 20 hours of training.

## Filing updated into Friday noon

Continued From Page 1

again. Snyder city council, with single member district incumbent Ralph Williamson, place 2, announced for re-election. In place 4, Jack Greene Jr. has announced for the seat now held by Joe Fowler, who has said he will not run again. Other expiring terms, with no candidates officially announced, include Fred Castillo's place 1 and Mike Post's place 3.

Charles' wife, Diana, and sister-in-law, the Duchess of York, were safe in a chalet when the avalanche struck.

## Fires reported into night here

Continued From Page 1

the city off U.S. 84 to assist the Fluvanna fire department on property owned by Weldon Lloyd, where 83 large hay rolls were consumed.

The Snyder firemen left the scene at 2 p.m. and the Fluvanna firefighters were there until 7 p.m.

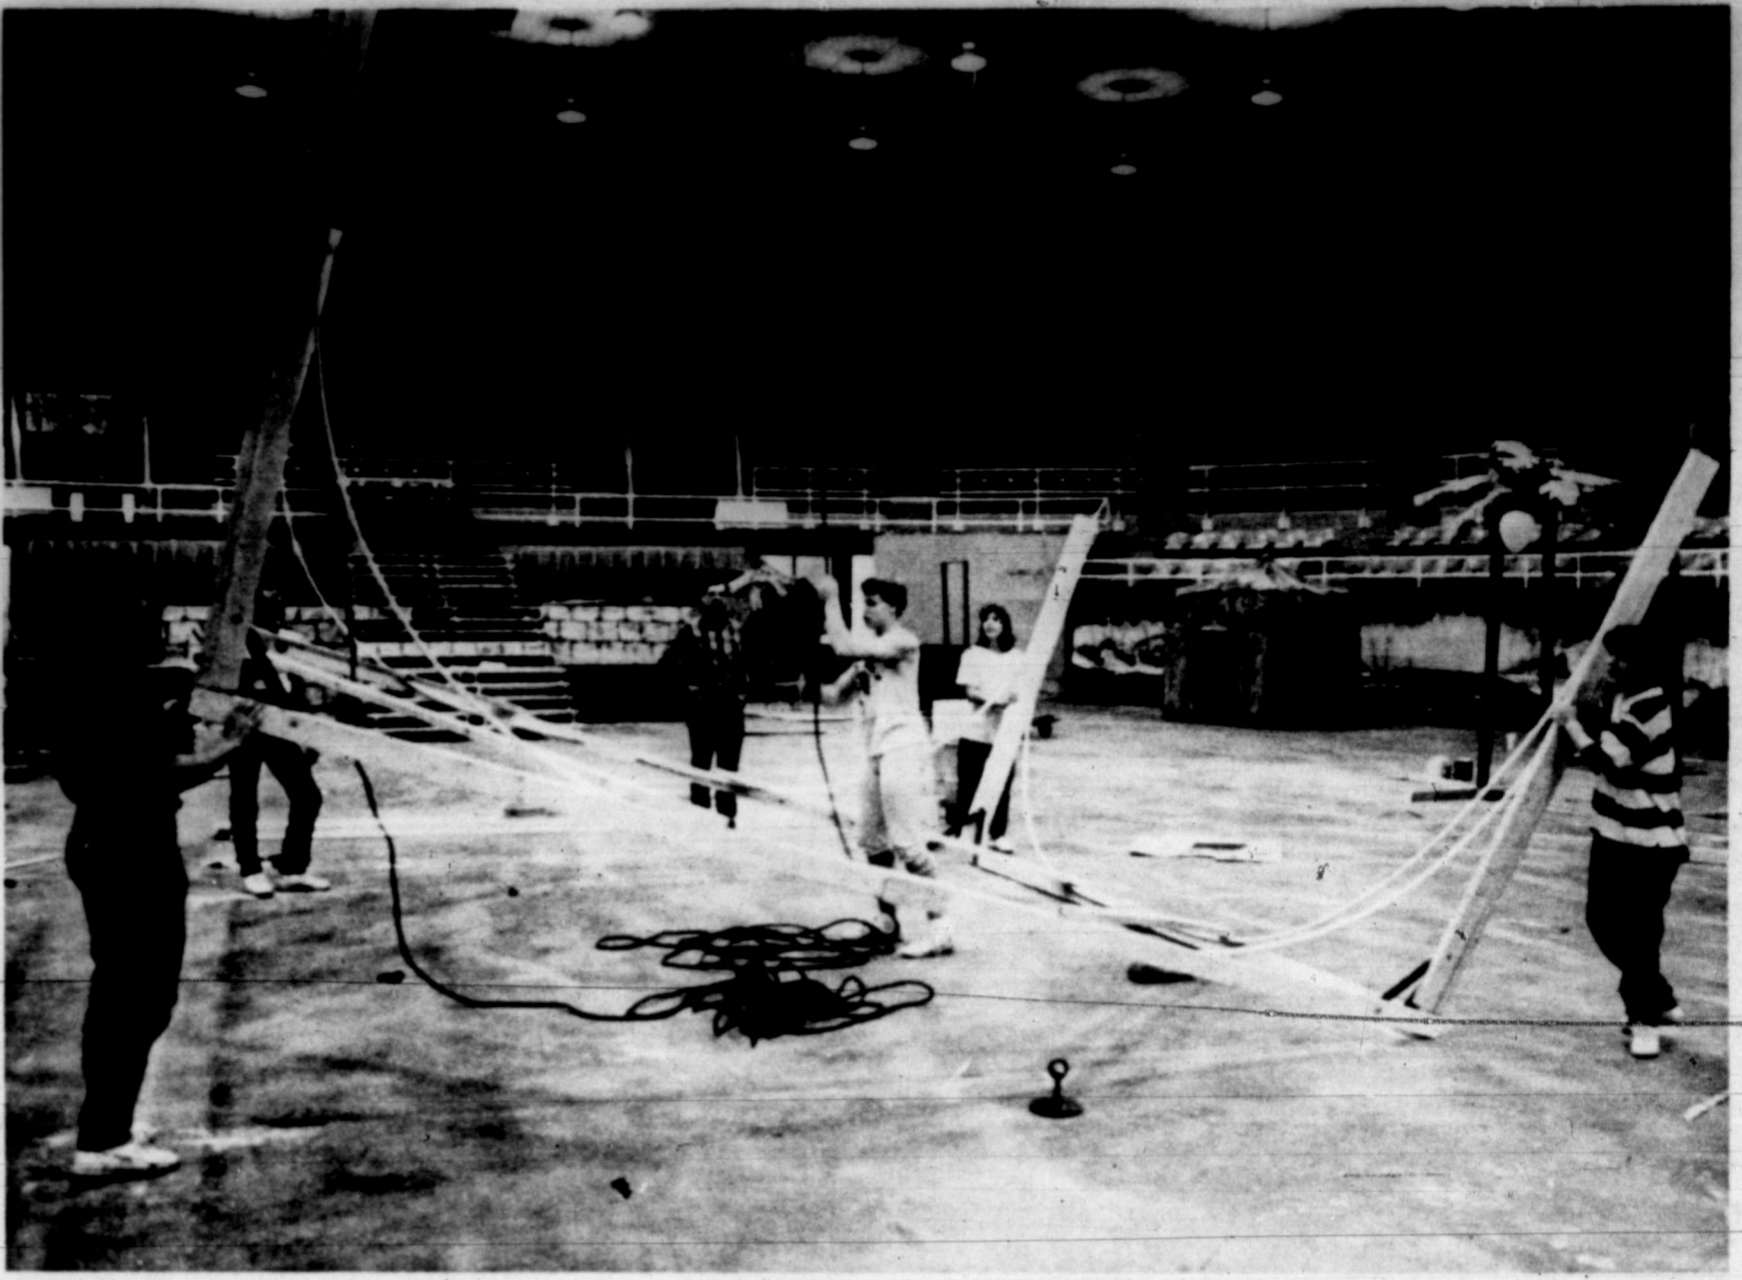

The blaze resulted from a controlled "burn" that went out of control, the spokesman said.

An 8:25 p.m. call to the Shannon Ranch 13 miles north of town off County Road 2125 took until 10:30 p.m. to dispense with primarily because the terrain was brushy and the firetrucks had difficulty reaching the fire site.

A Pet. 2 loader was used to bring it under control.

# Late-winter storm closes highways

A powerful late-winter storm lashed the High Plains with a blizzard and up to 14 inches of snow today, closing hundreds of miles of highway in Nebraska and Wyoming, and stranding hundreds of travelers.

In southwestern Nebraska, the snow pileup cut off the town of Kimball, whose residents opened their doors to about 600 stranded motorists.

The storm occurred 100 years to the day that the four-day Great Blizzard of 1888 began March 11 in the eastern United States. That storm claimed 400 lives.

The storm, stalled near the Nebraska-Wyoming line before moving east, pumped heavy snow and winds gusting up to 40 mph from the western Dakotas across western Nebraska and much of Wyoming and Colorado.

"It's going to continue to pack quite a punch as it spreads across Nebraska and South Dakota particularly," said meteorologist Pete Reynolds of the National Weather Service's Severe Storm Forecast Center in Kansas City, Mo.

Blizzard warnings were posted over eastern Wyoming, northeast Colorado, northwest Nebraska and western South Dakota, and winter storm warnings were

posted through tonight for east-central South Dakota and southwest Minnesota.

Authorities closed 112 miles of Interstate 80 in western Nebraska and eastern Wyoming early today due to snowpacked roads and blowing snow, forcing hundreds of stranded motorists to find shelter. Almost 100 miles of other Nebraska roads also were closed.

"I think I could have stayed home because I'm not going to have any business," said Kelly Cheshire, 22, a cashier at a major truck stop west of Cheyenne, Wyo. "It's bad."

Up to 14 inches of snow and buffeting winds kept almost 140 miles of Interstate 25 closed in Wyoming. An average of 6-12 inches of snow accumulated in the eastern third of the state.

Wyoming Highway Patrol officers spent most of Thursday searching for motorists on snow-closed roads, a patrol dispatcher said.

No major traffic accidents were reported in Wyoming or Nebraska, though the storm triggered scores of minor ones, authorities said.

"We've mostly had people sliding off the road. We're not even pulling them out. We're just

getting people out of the vehicles," said Nebraska State Patrol dispatcher Alex Haberkorn in Scottsbluff.

All roads into Kimball were closed Thursday night, stranding at least 600 motorists in the town of 3,800, said Region 21 Civil Defense Director Dan Jensen.

He said residents were opening their homes to the stranded and overnight accommodations were found for hundreds by mid-evening, but the Kimball County Courthouse remained packed with people at 8:30 p.m.

"I've never seen so many gosh-dang people," Jensen said. "I really appreciate the citizens of the city of Kimball for opening their homes to strangers."

In Colorado, several hundred students in the Weld County School District RE3J made themselves comfortable for the night in school buildings when district buses couldn't get them home Thursday.

"We just have some awfully bad weather, just a whiteout (and) some of our roads now are plugging with drifts," said

## Two collisions need wreckers

Wreckers towed vehicles from the scenes of two traffic accidents Thursday, but no one was seriously injured in either mishap.

A 1974 Chevrolet pickup truck driven by Jimmy Lloyd Clark of 202 36th Place was towed after colliding with a cement curb at 12:01 p.m. in the 2400 Block of S. Towle Park Rd.

A 1978 Chevrolet four-door driven by Rebecca Johnston Winkler of 2708 37th St. was in collision with a 1987 Honda two-door driven by Kimberly Dawn Koenig of 4012 Austin Ave. at 5:07 p.m. in the 3700 Block of Austin, after which the Honda was towed from the scene.

A 1988 Buick driven by Carolyn Martin of 3604 Jacksboro Ave. was in collision with a 1978 Ford driven by Roy McCloskey of 2208 40th St. at 10:10 a.m. at 37th St. and El Paso Ave.

## Suspect briefly flees officers

A 50-year-old Snyder man was arrested for disorderly conduct and evading arrest after a disturbance at a local truck stop restaurant.

Three officers responded to the 2:22 p.m. call, took the man outside and then chased him in a car for about a block when he broke free and fled west across the road, they said.

An 18-year-old male was arrested for DWI at 7:49 p.m. in the 2400 Block of Ave. B, and another 18-year-old was taken into custody for public intoxication at 9:03 p.m. in the 600 Block of 29th St.

A 23-year-old man was arrested for public intoxication at 2:52 a.m. Friday at the police station.

superintendent Bob Gudka, who had 250 to 300 of the district's 1,200 students kept overnight in several schools.

Roads across northern and eastern Colorado remained closed early today. The storm struck suddenly Thursday, dropping 6 inches of snow in Fort Collins in just two hours. About 16 inches of snow fell in Estes Park, Colo.

# Resignation win for students

## Dear Abby

### Dollars and Sense Don't Mix For Bill-Collecting Computers

By Abigail Van Buren

© 1988 by Universal Press Syndicate

DEAR ABBY: The letter from the man who was dunned for months by the General Telephone Co. of Holiday, Fla., for a 1-cent bill reminded me of my own experience.

My dear departed wife left me one share of some vague stock that earns 8 cents a quarter — that's 32 cents per year! I have pleaded with the bank that sends me these "8-cent checks" to forget the whole thing, as my CPA, in preparing my tax returns, charges me the same amount to report that one share as all the other earnings — \$10 for each listing.

I have subscribed to a soft-water service for 30 years, never missing a payment — and always punctual. Recently, I received a threatening, dunning computer printout in red to show that I was "seriously in arrears in my payments," and if I didn't send my 6 cents immediately, service would be discontinued and legal action taken.

Dutifully I endorsed one of my quarterly 8-cent checks and sent it to the company requesting that a check for 2 cents be returned to me.

In due course, the check for 2 cents arrived. Any company that uses computers and doesn't have a built-in sense of humor is in trouble. I canceled that purified water service, am now drinking water from my tap, and I never felt better in my life.

JACK DEDERICK, COSTA MESA, CALIF.

DEAR ABBY: I am going to be married next summer. My fiancé and I have lived away from our respective homes for several years and have almost everything we need to set up housekeeping. We are now trying to come up with some way to inform our friends that we have already selected a color TV, microwave oven and VCR at a certain store, so if they want to give us a gift, they should go to that store and put their money toward one of those gifts.

I hope I don't sound terrible saying this, but we really don't want anyone to spend their money on some junky little gift that we can't use. We would rather have them put their money toward something important.

How should I word a message of this kind to send along in our wedding invitations?

PLANNING AHEAD

DEAR PLANNING: To enclose with your wedding invitations a suggestion concerning a gift would be very poor taste. The only acceptable way to convey your suggestions would be for a close friend to inform other friends. But don't be disappointed if some people prefer to make their own selections.

CONFIDENTIAL TO: Ellen, age 44, faithfully married to "John" in Fort Wayne. Please write article and include your name and address. I want to answer your question.

DEAR ABBY: Concerning the telephone bill of 1 cent, I'd like to bring you up to date. It would seem ridiculous, as you say, if the bill had been sent by a human being. Today these matters are handled by computers. Computers have many fine qualities, but common sense is not one of them.

A friend of ours, on returning from vacation, received a bill for \$0.00. When he ignored it, he received a letter threatening to cut off his utilities if the bill was not paid immediately. He sent a check for \$0.00. The computer was satisfied.

BERTHA PIERCEY, COOLIDGE, ARIZ.

Don't put off writing thank-you notes, letters of sympathy, etc. because you don't know what to say. Get Abby's booklet, "How to Write Letters for All Occasions." Send a check or money order for \$2.89 (\$3.39 in Canada) to: Dear Abby, Letters Booklet, P.O. Box 447, Mount Morris, Ill. 61054 (postage and handling are included).

"Young man, I KNOW what causes riots. TV JOURNALISM CAUSES RIOTS."

### Board members postpone action

ABILENE, Texas (AP) — Texas Board of Human Services members say they will not vote on proposed regulations concerning a new law allowing the recovery of nursing-home costs from the estates of Medicaid recipients.

The three-member board Thursday unanimously postponed a vote on proposed regulations after several witnesses, including some legislators, complained about the program, which was to begin April 1. "We need time for the Legislature, consumer groups

and senior-citizen organizations to look objectively at this program to see what it does and, more important, what it does not do," Sen. Chet Edwards, D-Duncanville, chairman of the committee that drafted the legislation containing the provision, said.

The Medicaid cost-recovery law was approved in 1987 as part of legislation extending the life of the welfare agency 10 years. Edwards said he and others need to take another look at the cost-recovery program to determine whether its passage was a mistake.

WASHINGTON (AP) — Elisabeth Ann Zinser resigned today as president of Gallaudet University in a victory for students demanding a hearing-impaired president for the nation's only liberal arts college for the deaf.

The university, which was shut down by protests over Zinser's appointment five days ago, never has had a deaf president in its 124-year history.

"My decision to resign was reached with great difficulty as I came to understand how deeply some see the social stature of deaf persons reflected in the presidency of this university," Zinser, who has normal hearing and doesn't know sign language, said in a statement early today.

Jerry Covell, a leader of the protests, hailed the resignation, but said students still were seeking the removal of Gallaudet Board Chairman Jane Bassett Spilman, who had resisted the push to oust Zinser.

"We are glad that she resigned but we are still waiting for Spilman," Covell said.

Zinser, vice chancellor for academic affairs at the University of North Carolina at

Greensboro, had stayed away from Gallaudet's campus this week in the hope that the furor would die down, but had insisted she was in charge.

Spilman called the resignation a tragic loss to the university. "We selected Dr. Zinser as president in recognition of her superior academic, administrative and research skills," she said.

Rep. Steve Gunderson, R-Wis. and one of the university's trustees, said a hearing-impaired person should be at the helm at Gallaudet. Zinser was the only one of the three finalists for the job who was not deaf.

A large majority of the institution's 2,300 students joined in the protests, which began Sunday with a march on Capitol Hill. Students on Thursday threatened to seize the president's campus house and office if Zinser made her way past students blocking entrances to the school, and

school officials chained shut the doors to the administration building.

Students from the National Technical Institute for the Deaf in Rochester, N.Y., had planned to travel to Washington by bus today to show their solidarity with the protesters.

Presidential candidates Jesse Jackson and Paul Simon offered words of encouragement to the students, saying their protest reflected the desire of handicapped Americans everywhere to take control of their own destiny.

The National Association of the Deaf, a 20,000-member deaf

rights group based in Silver Spring, Md., said it had been receiving calls, letters and pledges of support for the Gallaudet students from around the country and as far away as Great Britain.

A university official who was one of the other two finalists for the president's job, I. King Jordan, on Thursday had withdrawn his support for Zinser.

The resignation followed a warning by Rep. David Bonior, D-Mich., another university trustee, that federal aid for the school could be jeopardized if she refused to leave the post.
