Write-In Candidates Announce For City Offices As Ballot Approaches

SO THE PEOPLE MAY KNOW

The approaching city election has made us dwell at length upon some of the famous words of Abraham Lincoln. Mr. Lincoln was shot to death just 90 years ago next month because he stood unflinching for his convictions.

"A house divided against itself cannot stand."

Mr. Lincoln's words are indeed true whether they be applied to a home, a business, a town or a nation.

It behooves each of us to go and cast his ballot and then abide with the people's choice.

Let the people rule.

"With malice toward none"

Yes, if Olton is to grow and prosper we must live together without malice toward our neighbor. We must work together for a better community.

"That these dead died not in vain"

Yes, every American who has ever died defending our Democracy laid down his life so you can vote in free elections. When we do not exercise our right of ballot we are not being true to those who died for that right.

NO MATTER HOW YOU VOTE, BE SURE TO VOTE TUESDAY.

Bids were opened Tuesday. Some 25 local people as well as several bidders were on hand.

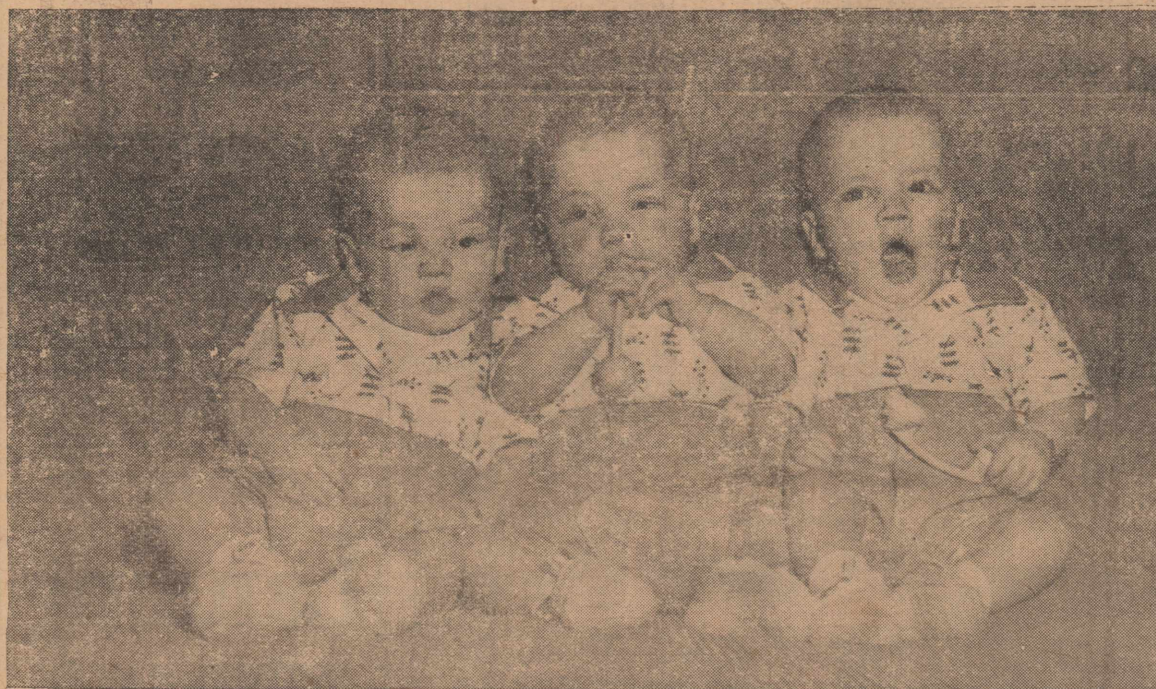

Mr. Hollingsworth said a low bid of \$5,598.50 was submitted by the M. B. McKee Company of Lubbock on the well and pump facility. Second was Peerless Pump Co., of Plainview with a bid of \$5,889.50; and third was Clowe & Cowan with a bid of \$5,912.80.

Mayor Hollingsworth said bond issue money for the improvements already is in the bank. He pointed out that \$64,000 of the money recently voted went to pay off outstanding bonded indebtedness, leaving a net of \$111,000 in the bank.

He said \$15,000 of this is for street improvement with \$96,000 for sewer and water improvements.

The Sitton triplets, sons of Mr. and Mrs. Frank Sitton of Hart are the only known blind triplets in the world, according to information reaching The Enterprise. They are Don, Lon and Jon. Several groups across the area are working to establish a trust fund for the babies. A group at Hart already has raised almost \$1,500. A mattress company has offered to build three beds for the babies. (Castro County News Staff Photo.)

Construction Work Moving Steadily On New Shamrock Installation Here

Work was moving ahead at a steady clip this week on the new Campbell's Shamrock Oil Co. building, situated just off Highway 70 across from the Hart intersection.

Marshall and John Campbell, brother owner-operators of the firm, said Tuesday that they expect to move into the new warehouse sometime the latter part of this week.

The wholesale firm will handle 550-gallon and 280-gallon storage tanks, Amalie and DX oils, Shamrock greases and Wanda turbine oil and greases, gear-head oil, wheel-bearing and water pump greases, barrel pumps and pressure grease guns, and Shamrock gasolines, oils and diesel fuels.

The combination warehouse-office is 24 by 36 feet and fronts east. Immediately upon completion of the warehouse, Marshall Campbell explained Tuesday, construction of a new Shamrock service station will begin.

The station will occupy the corner immediately north of the warehouse, and will front both north and east. It will be a completely modern station with three islands and seven gasoline pumps.

Construction of the service station is expected to take about three weeks to a month, and Marshall Campbell said Tuesday that he anticipates the station will be opened for business about the end of April.

Mr. Owens states that Mr. Limbocker sustained serious chest, hands, arms and face burns, and that about 40 per cent of his body was burned. Mr. Owens rushed the injured man to Olton Memorial Hospital.

TO ENCLOSE BASEBALL FIELD HERE

Baseball enthusiasts Wednesday had collected approximately \$2,000 for construction of an enclosure for the school baseball field.

Collecting the money through sale of signs on the fence were H. B. Carson, Louie Cross, T. J. Robinson and J. L. Snider.

Mr. Carson said about \$3,000 is needed for the project. A meeting of the baseball group was scheduled for this Thursday night.

The fence is principally to protect the field and spectators from dust. Promoters also feel that it will enhance the turf of the field.

The field will be about 1200 to 1500 feet in circumference. It will be 325 feet from home plate to the centerfield wall.

LOPSIDED AFFAIR

The Mustang baseball team took an old-fashioned country licking at the hands of the Lubbock Westerners in a game played Wednesday at Hubber Park. Final tally in the seven-inning contest was 16-1. Shortstop James Ray Hyatt was the only Mustang to hit safely against Charley Lawrence, Westerner hurler. Hyatt got a pair of base knocks, Seven Mustang errors contributed to the defeat.

REDDY'S Farm Report

FROM THE AGRICULTURAL DEVELOPMENT DEPARTMENT
SOUTHWESTERN PUBLIC SERVICE COMPANY

Experience shows that 30% of all pigs farrowed on Texas farms are lost before weaning. Chilling and mashing by the sow are the number 1 and 2 enemies of hog profits. But both can be reduced, if not completely eliminated, by the use of a simply constructed electrically heated pig brooder.

Inexpensive to buy and operate, electric heat lamps are proving successful in eliminating losses due to chilling and crushing. The simple, inexpensive, electrically heated pig brooder described in this article will provide the needed warmth to prevent the losses that ordinarily occur during the first few weeks of the baby pig's life.

Here's how to build your pig brooder: Construct a stout board partition about 5 feet wide and 3 feet high to fit across one of the inside corners of the farrowing pen. This partition will be of metal pipe or heavy metal screening that is strong enough to keep the sow from tearing it apart. The partition or gate must be fastened securely to the walls of the pen. It is recommended that it hang about 12 inches from the floor. This gives the little pigs room to get under and keeps the sow out. Be sure that the heat lamp is fastened securely. Many hog raisers place the heat lamp in an old bucket for protection and support the unit with a chain as illustrated.

Now hang the heat lamp unit back of the partition, 30 inches above the straw litter. Use a chain or piece of baling wire — not the cord connection — to bear the weight. Plug in — and your brooder is "in business".

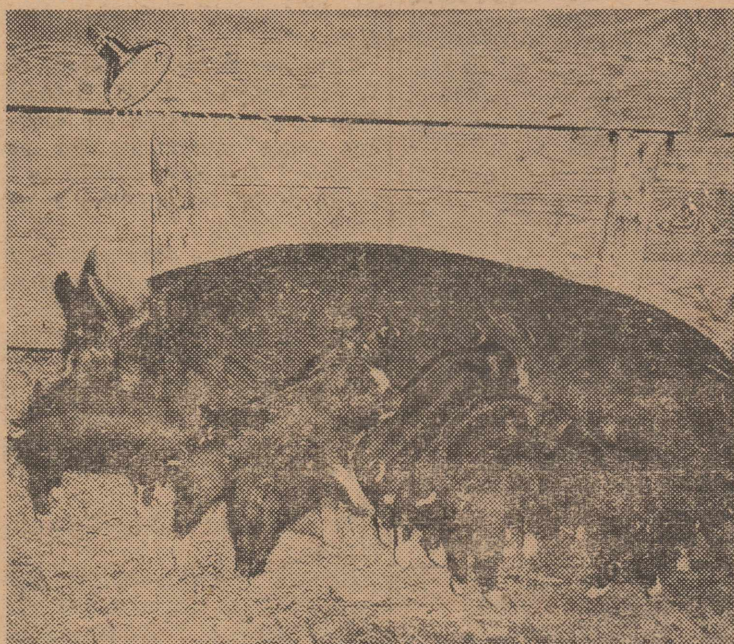

Here's how to use your pig brooder: (1) Place the sow in the pen a day or so before farrowing. (2) Turn the lamp on several hours before the pigs arrive and adjust the heat. Test the infra-red brooder by placing your hand on the floor under the lamp. If your hand becomes uncomfortably hot in a short time, raise the lamp. The pigs will gain strength in a short time and from then on will move toward or away from the heat. (3) For early spring litters the heat ordinarily should be used for ten days and if the weather is very cold, two weeks. (4) Place the pigs under the brooder immediately after birth, but allow them to come out voluntarily for nursing.

An electric heat lamp pig brooder operates for only 75c to \$1.05 for power, depending on the severity of the weather, per litter of pigs. Who would not spend 75c to make a possible \$10.00 profit?

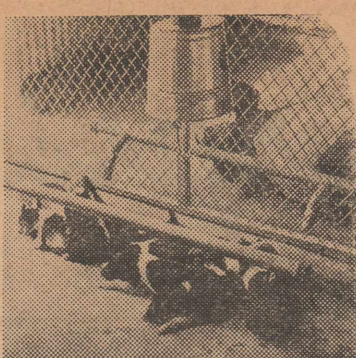

The reflector type 250 watt infra-red lamp is most commonly used. If even one pig is saved per year, you will pay for your heat lamp several times. But what is more important, the life giving heat that these lamps give will get your entire litter off to a faster, healthier, more profitable start.

The little pigs soon learn to lay down in the spot where the heat is just right. The heat lamps keep the floor dry and the pigs warm. Mike and Mack Shurbet raised these fine Chester Whites under the heat lamps. Mack showed the Grand Champion barrow at the 1954 National Western Livestock Show at Denver.

Heat lamps with their life giving heat are the guardians of the little pigs that make good. These Berkshires belong to Tommy Hewlett, west of Amarillo. Tommy's Berkshires were in the 1954 Stock Shows and they will again be winning blue ribbons this year.

A 250 watt infra-red heat lamp is mounted inside this bucket. A discarded bucket will give the needed protection for your heat lamp and you can build this simple fixture in your spare time. Instructions are available in your County Agricultural Agent's office.

The lamp should be turned on several hours before the pigs arrive so that the heat can be adjusted.

OHS Thinclads To Participate In Big Hale Center Meet On Saturday

Olton High School's track team will be in Hale Center this Saturday for an invitational meet which is expected to attract entries from more than 20 Panhandle and South Plains high schools, according to a Wednesday announcement by Jeff Smart, Mustang track coach.

Mustangs who'll compete in the Hale Center meet include the following:

James Ray Hyatt, Tom Sluder and Deryl Machen, 120 yard high hurdles; Jerry Dennis, Danny Smith and Wally Stewart, 100 yard dash; Jarrell Edwards and Tom Sluder, 440 yard dash; Deryl Machen, Danny Smith and Wally Stewart, 180 yard low hurdles.

Wally Stewart, Danny Smith, Jackie Gray and Jerry Dennis, 440 yard relay; Jack Henderson, 880 yard run; Teddy Estes, Deryl Machen, John Jefferies and Jarrell Edwards, mile relay; Jerry Dennis, Bobby Johnson and Darryl Dennis, 220 yard dash.

Kirk McAdams, mile run; James Ray Hyatt, pole vault; Max Kennedy, Tom Sluder and Wally Stewart, high jump; Jerry Dennis, Bobby Johnson and Jack Henderson, broad jump; Donald Powell and Clyde Rhodes, shot put and discus throw.

McAdams, a sophomore, recently won the mile event in invitational meets at Floydada and at Hereford, and is accorded a good chance to get points at the big Hale Center meet, provided a foot injury which has plagued him recently does not recur.

Mustang thinclads were scheduled to participate in a six-team invitational meet at Lubbock last Friday afternoon, but the meet was postponed because of bad weather.

Mustang trackmen still have about two and a half weeks of practice before the all-important district meet, scheduled at Floydada on Saturday, April 16.

Tractor Mishap Tuesday Injures Farm Worker

Martine DeLeon, who sustained two broken ribs and a broken pelvis in a tractor mishap late Tuesday afternoon, was resting comfortably in Lubbock Methodist Hospital Wednesday morning.

Martine, who lives on the Ford Lain place, was working on the Milford Lambright farm about 4:00 p. m. when the tractor clutch stopped working. He stopped to look it over, and as he adjusted the clutch, the tractor started and the rear wheel ran over him.

Mr. Lambright discovered the accident approximately a half hour after it occurred. The injured man was brought to Olton Memorial Hospital for emergency treatment, and taken to Lubbock in an Olton ambulance.

He also sustained multiple bruises.

Rev. Glen Godsey, friend of Martine, states that he will be confined for some time. He is the father of eight children.

Mustang Nine Dumps Tulia Club In High-Scoring Contest Here

Olton High School's baseball team jumped away to an early lead and went on to beat Tulia, 17-15, in a seven-inning contest here Tuesday afternoon.

Don Macon opened on the mound for the Mustangs, was relieved by Bobby Johnson in the second inning, and James Ray Hyatt, a freshman, came on to pitch the final inning.

Hyatt held the Hornets scoreless in the seventh, striking out one and forcing another on an infield groundout. Only one Hornet reached base against the freshman chunker.

The Mustangs held a commanding 13-5 margin after three innings, but the Hornets scored seven times in the fourth canto, chiefly as a result of four mis-cues by Mustang outfielders Bobby Straw, Jackie Gray and Guy Granbery.

Granbery clouted a pair of home runs, and Jimmie Priest and Cecil Maddox each hit for circuit once. Tulia had only one home run off Mustang hurling.

Upcoming tilts for the Mustang include the following: at Plainview on Friday, April 1; Bula here on Monday, April 4 (3 p.m.); Springlake here on Tuesday, April 5 (3 p.m.).

District play begins on Tuesday, April 19, with an away-from-home contest against Abernathy.

The Truth IS IT SCRIPTURAL?

SHALL YOU SET PAGE

A thing is not scriptural unless it is taught in the scripture. If it is not taught or authorized in God's word it has no authority from God. It could only be a commandment of men and such is forbidden in spiritual things, Col. 2:20-22. The above question will be for discussion in coming weeks.

Is Voting On Candidates Before Baptism Scriptural?

Though people wonder about this many times, they do not take the time to search God's word to find out. Should a person make this special study they will learn there is no such taught in God's word. In Bible conversions, God who searches the heart, knows whether or not the sinner has truly repented and is fit to be called a child of God. God adds the ones who should be saved to his church, Acts. 2:47, and the sinner is made free from sin when he obeys from the heart the form of doctrine or plan of salvation. Rom. 6:17-18. God, not man, knows whether or not his obedience is sincere and from the heart. No human being can so judge. VOTING IS NO PART OF GOD'S PLAN OF SALVATION OR OF ENTERING THE FELLOWSHIP OF HIS CHURCH.

Once upon a time
there was a man who invented
the best mousetrap in the world.

But contrary to what he had heard
the world didn't beat a path
to his door.

In fact, no one came to his door
because no one knew about
his remarkable mousetrap.

So the poor man departed us
leaving neither fame nor funds
but a world yet plagued by mice.

The trouble was
the fellow didn't believe
in ADVERTISING . . .

But what about people
who do believe
in advertising?

Well, there's Sears' retail stores
which invest \$25,000,000 annually
in newspaper advertising.

And Marsh's of Boston
Buying over 13,000,000 lines
of newspaper advertising in one year.

And Macy's of New York
buying 6,000,000 lines
of newspaper advertising each year.

Nearly everyone would agree
that Sears and Macy's
are doing all right
with their mousetraps.

"Buy Jupiter" Entertains Good Crowds With \$255 Gross March 17-18

A novice cast of juniors turned in an outstanding performance when they presented the three-act comedy, Buy Jupiter, here

March 17 and 18.

The play grossed \$255 for the junior class, which profits will apply on the Junior Senior banquet April 22. Jupiter, the blown-up "talking" rabbit, was auctioned for \$8.75 at the cast party after Friday night's performance.

Bill Boverie, juggling his character to play a young man in love, a fresh old man, a hag and Santa Claus, did a convincing job. Juamice Hendrix was vivacious and winsome as a high-spirited "little sister" with ideas of her own.

Betty Lou Sides, Clyde Rhodes, and Edward Feathergill made handsome appearances as more dignified personnel of the Joyce Department Store in New York City. Shirley Banister, as a near-sighted shopper, stole the laughs with each entrance, and Wally Stewart's sundry sports costumes brought enough laughs to make up for his lost lines.

Stage settings, sound effects, costuming, and make-up contributed their share to the good response given the play. Other players were Sandra Hamby, Mary Ellen Ellis, Nelda King, Randy Moore, Donna Burrow, John Jefferies, Jackie Gray and Deloyce Breland.

Stage props and other necessities were furnished by Kelley's Men's Shop, Hi-Way Hardware, Otis Hair, White Auto Store, Smith and Struve, The Olton Enterprise, Mac Keating, OHS Athletic Dept., OHS Ag. Dept., OHS Home Ec Dept., and Boulder's.

Mrs. Harry Ford, assisted by Mr. Ford and Adolph Gottschalk, directed the production. Members

of the junior class assisted with props, publicity, lights and ushering.

AROUND OUR FARMES

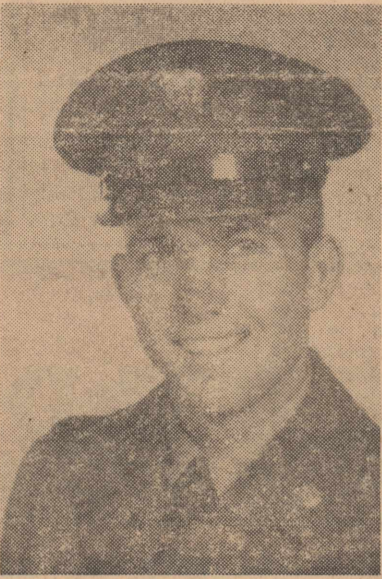

By VERNON NIXON

There seems to be much uncertainty concerning the present Inspection Law and requirements for the 1955 Stickers. We have contacted Mr. Wilhite, State Inspector of Lubbock and he has passed on this information. Deadline for getting the 1955 Stickers on your windshields will be April 15. The new inspection sticker is again a map of Texas but colored GREEN. Requirements are similar to last year in that correctly adjusted headlights, rear red light (tail-light), white light shining on license plate, audible horn, good brakes and workable windshield wiper are required. Stop lights are required to be in working order if they were on car when manufactured. Requirements for pickups are similar but must have two reflectors on rear of vehicle. Stickers will be available after deadline date but driving a vehicle without an Inspection Sticker will be subject to arrest and fine just as driving without license or without registering for license plates. An arrest was made this past week in which a lady was fined \$14.00 for driving a vehicle without any sticker. Stickers are not required for you to get your license plates. Local Inspection Stations include Olton Motor Co., Hines Motor Co. and Bodkin & Nixon Garage.

Mild, pleasant weather following the two cold snaps has permitted most all farmers to again get started watering and general field work. Practically all wells are now running. The cold spell which reached to the Valley area freezing practically all the states fruit crop, did very little damage here other than to the shrubbery and the few fruit trees in the yards. There was little else to damage. The wheat acreage showed no damage and the spuds had not come up. Here is still hoping that this was the last severe spell of the spring.

ATTEND CHURCH SUNDAY

TO ENGLAND

Pvt. Carol J. May, son of Mr. and Mrs. Jack May of Hart Camp, has departed for his Air Force Station in England.

He recently completed the electrical engineering course at Fort Belvoir, Va., at the top of his class. He is a 1953 graduate of Olton High School.

Lamb Is Texas' Third Highest Cotton Grower

Lamb County was the third highest cotton producing county in Texas for 1954, according to official figures announced this week.

Lamb County produced 178,625 bales, ranking behind only Lubbock County (222,379 bales) and Hale County (204,348 bales). Cameron County was in fourth place with 157,992 bales.

The figures are taken from the Census Bureau ginning report.

The figures show that Lamb County produced 187,713 bales in 1953 and 178,625 bales in 1954.

Church Youth Publish Paper

"The Baptist Breeze" is the name of a new publication in Olton.

The mimeographed newsheet will be published every two weeks by the young people of the First Baptist Church. Dorothy Gray has been named editor, with Harold D. Carson as assistant editor. The first issue appeared last week.

The paper will include news of the group's activities, their personals, and jokes. Ann Ford, Sandra Hamby, Glenda Golden and Linda Franks are reporters.

The young people, led by Harold D. Carson, presented the Wednesday prayer service at the church last week. "Conquerors For Christ" was the subject of a speech by Dorothy Gray. A quartet composed of Johnny Mac Estes, Jimmie Priest, Harold D., and Vern Steffy sang two numbers. Sue Macon was song leader.

TO LITTLEFIELD

Charlie Scruggs, adjuster for the Farm Bureau Insurance Companies, now has offices in the FB office in Littlefield.

Seniors Have Chance For Scholarships

Scholarships from colleges and universities all over the state are being offered to high ranking graduating students of Olton High School.

About 25 state-supported colleges offer scholarships to the valedictorian and salutatorian of the class. Denominational schools present opportunities to the highest-ranking boy and highest-ranking girl graduates.

Wayland College offers a scholarship to the highest ranking Baptist student. Federal Institute and Business School at Tyler will assist the valedictorian, or the highest ranking student interested in attending business college.

Draughn's in Lubbock has an

offer for the valedictorian or the highest ranking graduate in the commercial department.

West Texas State College, Canyon, offers various scholarships. This list, according to J. A.

Williams, high school principal, is by no means complete. His office receives these offers in

abundance, and he expects to hear from other universities in the next few weeks.

WORLD'S GREATEST WIFE SAVER
 AN ELECTRIC CLOTHES DRYER

"MY ELECTRIC CLOTHES DRYER IRONED OUT MY IRONING PROBLEMS!"

says Mrs. C. T. Shropshire,
 4503 West Third, Amarillo, Texas

"The dryer changed my method of buying clothes for my five children. Now, I just buy the kind of materials which need no ironing."
 "I remove the clothes from the dryer before they are completely dried out, and hang them on a hanger. They need no ironing, as all the wrinkles fall right out."
 Any time you can save ironing time is a good time, especially when you have five children, and want to spend as much time with them as you can. Try the convenience of electric clothes drying and reap the dividend Mrs. Shropshire enjoys — more time with her family.

The world's greatest wife saver — that's an electric clothes dryer. Stops lifting and lugging, cuts ironing time in half. See a demonstration at your Reddy Kilowatt Dealer.

Teen Age Column

By Wylene Freeman

Hello Gang,
Well, Spring is here, but you couldn't tell it by the weather, could you?

The baseball boys played Tulia last week and won 6-2. They are going to play Tulia again this Tuesday, here. We wish them all the luck in the world in baseball season.

Joyce Keasler, Barbara Jones and Linda Fent won a trip to Galveston to the State F.H.A. meeting. They are leaving April 20th and they are going on a special car on the train. They will leave from Lubbock. We know they will have a nice time and enjoy their trip.

The F.H.A. Banquet is this Friday night. The theme is April Fools. The program will consist of local talent. The Future Home-maker of the year award will be presented. Catherine Dodd is to be the toastmistress. This year we are inviting our fathers as well as our mothers.

Pat, who was that boy that you were with Thursday night? He couldn't have been from Littlefield, could he?

I believe that Palo Duro Canyon was pretty well inhabited Saturday, wasn't it? How come you

are all skinned, Billy?

Jackie Gray, Eddy Lou Sides, Sandra Hamby, and Lewis Hyman went to Denton over the week-end to attend a Student Council meeting. Coach Turner took them down there. They said that they learned a lot so maybe Olton High will have an extra good Student Council next year.

Max Kennedy and Bonnie Kersh, Mr. and Miss O.H.S., went to Canyon over the week-end to the Personality Pageant that they have every year. They really enjoyed it and we think that they were good representatives of Olton. They won third place of all the schools that were there and we are real proud of them.

The girls' volleyball team is entering a tournament at Floydada this Thursday. We wish them a lot of luck and hope they come back with the first place trophy.

K. & S. TELEVISION SERVICE

To The People Of Olton

Our present City Commission is seeking re-election to their respective offices, and as Friends of each of them, we should like to state a few facts prior to the Election next Tuesday, April 5, at City Hall.

There are a few people who are promoting a write-in campaign against all members of the present City Commission.

If those who would accept an office on a write-in vote, aspires to such an office, why would't he file his name on the Official ballot for such office, and tell the People his views on various City affairs, how he proposed to improve on our present City Officials, how he would improve our town and how he would bring about such improvements.

Anyone can criticize others, but when we begin to seek ways to improve on those whom so many of us are prone to criticize then that is an entirely different picture. Let those who seek to govern you be not ashamed to stand up and tell the world their plans, and come out in the open to do so.

Our present City Officials announced about a month ago, through this paper, their intention of seeking re-election and legally filed their necessary papers. That seems to us to be the proper way to carry on an election.

The present Commission is seeking re-election on what it has done toward the betterment of Olton as a whole.

If the promoters of such a write-in campaign had something to offer in behalf of their cause, then why did they not come out in the open to you and tell you of the virtues of their cause?

Just ask yourself this honest question --- Have the prime promoters of this movement ever done one thing toward helping improve our town? Have they been half as liberal with constructive efforts as they have with DESTRUCTIVE ideas? Think that over.

Have they interested themselves with worthwhile movements in Olton that would improve our town? Do they donate their efforts to helping good causes? Or are they as a whole just a bunch of 'AGINNERS?

Since 1949 the following improvements have been made in Olton.

- New City Hall and jail built.
- Corporation Court established and put into effect for minor cases.
- Modern street lighting system installed.
- Police vehicle purchased and Officer in charge.
- Dump ground cleaned up twice and maintained.
- 5 miles of hard surfaced streets laid.
- Modern new fire station built and equipped.
- 500 Gallon per minute G. M. C. fire truck put into use.
- Over two miles of 8 inch water mains installed.
- Over eight miles of 6 inch water mains installed.
- New municipal head pump of 1000 gallon per minute installed.
- Plus new street grader, two pickups, a new dump truck, one large flat bed truck, insect sprayer, asphalt repair machine, ditch digger, and various smaller machines.
- Over \$2500.00 invested in various equipment in the City Hall.
- Also a tax suit was instigated and large numbers of building sites were opened up to the public, both business and residential.
- ALL THE ABOVE HAS BEEN DONE SINCE 1949.
- In 1949 you, the taxpayers of Olton had been paying CITY TAXES for 19, yes 19 years. All there was to show for those 19 years of YOUR CITY TAX MONEY WERE THE FOLLOWING ITEMS:
- One 1941 Chevrolet fire truck and a 40 gallon pumper.
- One 1946 Huber gravel spreader with 6 foot blade.
- Do you think that is enough for 19 years of your tax money?

If the people of Olton want to remain passive and allow that kind of management to return to us, then we shall all have to pay the price such a town commands.

The present Commission has defended us against THE GENERAL TELEPHONE CO. for nearly a year, thereby saving us some \$18000.00 (yes eighteen thousand dollars), and there are those among us who never have attempted to help them in this cause, yet they cry wolf at the sight of anything.

Remember this - Our present Commission has just completed a large bond issue sale and are taking bids on various items.

These men worked long and diligently over these plans etc. to make this entire program possible. YOU people voted over two in one in favor of this bond issue. Are you going to remain at home on election day and let those same people who tried so desperately to defeat you then, defeat you now? Surely you do not want those who so recently tried to stop the progress shown by our present City Commission, tell you now, that they will do as they please about placing sewer and water as they see fit. Do you desire to abandon ship, rather than fight for yourself and family?

We need all the people to come out and once again Vote. Our present Commission is well versed in the entire work program coming up, and surely no one could claim that for the proposed write-in ticket. The present Commission can give us full value for our money because they understand the whole improvement program. Surely we all want full value for our dollars.

This Commission announced OFFICIALLY and is asking re-election solely on its record for getting things done.

THEIR RECORD CAN BE SUMMED UP IN ONE LARGE WORD --- PROGRESS.

Lets keep Olton growing and PROGRESSIVE. No more 19 years drouth.

None of the promoters of the write-in campaign worked one minute on our improvement program nor did they help Vote it in. Yet they come in at this late hour to try and supervise the whole set-up.

LET US ALL COME OUT AND VOTE FOR OUR PRESENT COMMISSION
HOLLINGSWORTH :- FRANKS :- SMITH
REMEMBER YOUR VOTE MAY BE THE DECIDING "VOTE"
