Strong, vigorous, early maturing pullets are the kind that have the stamina and health needed for heavy, continuous laying. They are the kind of pullets that lay more eggs in their first year and when eggs are highest in price. But you cannot grow such pullets by feeding them a good Chick Starter for six weeks and then providing only forage and grain.

Growing pullets require a balanced, carefully blended ration just as baby chicks do... but the protein level can be lower. For greatest feeding economy feed your chicks AYERS SUPREME Grow Mash from the start of the seventh week until ready for laying house.

AYERS SUPREME Grow Mash supplies all the proteins, vitamins, and minerals needed by fast growing birds... and it is extra fortified with Vitamin B12 and Antibiotic Feed Supplement for faster, healthier growth.

BUSBY MOTOR COMPANY HIGHWAY 70 SPRINGLAKE, TEXAS

AROUND OUR FARMS

By VERNON NIXON

The varied Winter-Spring weather continues to harrass the farmer on the Panhandle Plains as he tries to finish up pre-planting operations. Even tho' conditions to be hazardous as far as irrigation operations are concerned most all wells are continuing pumping. The weather for the past week with its strong winds and blowing dirt has made it almost impossible to keep good ditches for watering. Blowing trash and debris accumulating on the water has kept most of the farmers busy keeping tubes unstopped. Expressed opinions have been that this has been one of the most difficult seasons to get satisfactory watering done. However, many have finished watering the cotton land and will wait until later before starting on the feed lands.

Land improvement, thru better land conservation and improved irrigation facilities, seems to be the greatest concern in the farmers mind this year. Heretofore a greater production has been the dominating factor to most men; however, thru means of land protection by fertilizing and plant rotation, a salvage of the weaker acres seems to be foremost this season. Also with laying of underground irrigation systems a greater portion of our water supply will be more profitably used. After all, our water and our land is more than just a place to work. It is our very life blood as far as we and the generations to follow are concerned.

Along with the development of the poor land and the installation of better irrigation systems, a drive is being made to find other cash crops to fill in the acreage cut in cotton and the price cut in small grains. Meetings over the panhandle are being held to promote the planting of Sesame. This is the plant that produces the bird seed placed on bread loaves; however, it is more commonly produced for its oil contents which

competes with cottonseed and other plant material for vegetable oils.

SHORT GRASS

By G. P. T.

From the salami and gefilte-fish restaurants of Brooklyn to the intellectual barbecue sets of Dallas, folks forgot this week about inflation and atomic warfare and turned their attention to major league baseball.

It's a mighty striking sort of affliction which strikes nationwide this time of year, and this columnist admits to being among those afflicted.

The majors' 16 clubs opened their gruelling 154-game schedule Tuesday, and the season promises to be one of the best in recent history.

All pre-season indications have been that the American League race will be pretty much a two-club affair between the New York Yankees and the Cleveland Indians.

And though it's hard to like the Yankees—who have so dominated major league play during the past dozen years that most folks are agin' them simply because they win so often—it's hard not to pick them to win the junior circuit flag again this year. Casey Stengel's Bombers failed to take the flag last year, you'll remember, for the first time in six years.

They'll probably end up on top of the heap again in 1955. The Yankee front office picked up some mighty valuable material in off-season trading.

The Bronx Bombers now own Bob Turley, as the result of a big trade with Baltimore. Turley is a 24-year-old righthander widely acclaimed as "faster than Feller was in his prime." The youthful fastball artist won 14 games last year for sixth-place Baltimore. In doing so, he pulled off the remarkable feat of chalking up 185 strikeouts, 30 more than any other pitcher in the league. With Yankees instead of Baltimore Orioles for teammates, Turley might easily win 20 this year.

The Yankees also got Don Larsen in the Baltimore trade. Baseball experts who know Larsen well say he is one of the best pitchers in the majors, and also one of the laziest. If Casey Stengel can get good hill production from both Larsen and Turley, there'll be no catching the Yankees this year, because they have a few other pretty fair chunkers on the roster: Bob Grim (1954 Rookie of the Year with 20 victories,) Whitey Ford, Ed Lopat, and Tom Morgan, to mention a few.

And watch out for a new Yankee first baseman named Bill Skowron. Skowron, 24 years old, played only part time for the Yanks last year because Stengel sent him to the plate only against lefthanded hurlers, and Skowron compiled a .340 average. Only two other American League players—Ted Williams of Boston and Bobby Avila of Cleveland—had better averages. Now Stengel says that Skowron has learned to hold his own against righthanders, and it appears that the boy has won himself a first base job, where the Yankees have been without a permanent fixture for many years.

Cleveland's Indians, last year's pennant winner and world series flop, will be tough again this year. They'll go to bat with pretty much the same club as last year, with two notable exceptions: home run hitter Ralph Kiner, acquired during the winter from the Chicago Cubs, and Herb Score, a highly-touted young lefthander up from Indianapolis, where he won 22 and fanned a staggering 330 would-be hitters. Score performed capably in the Grapefruit League this spring, and Manager Al Lopez probably is mighty glad to have the 21-year-old in the fold because he's a lefty. Lopez' other frontline hurlers—Mike Garcia, Bob Lemon, Early Wynn and Art Houtteman—are righthanders.

After you get past the Yanks and the Indians, it's liable to be pretty much of an also-ran affair this year. I think, however, you can look for the Detroit Tiger youth program to pay

off better than the seventh place finish that the experts are predicting for them.

I would pick them something like this:

1. New York
2. Cleveland
3. Chicago
4. Detroit
5. Boston
6. Washington
7. Baltimore
8. Kansas City

The National League is considerably more scrambled. More clubs have a chance. The winner will likely come from among the favored threesome—Brooklyn, New York, or Milwaukee—but the other five clubs have enough strength to make it interesting all the way.

The Giants got surprisingly good pitching last year, but in this writer's opinion, they won the pennant chiefly because Leo Durocher has assembled one of the greatest home-run-hitting clubs in history. A total of 125 home runs is considered excellent for a club over the 154-game schedule, and the big Giant bats punched out 186 last year. Strategy and stout pitching helped them to the pennant, but for the most part Willie Mays and Co. pocketed the flag on home run strength.

And look for a new name—Bob Lennon—in the Giant box scores this year. Lennon, 26, hit 64 home runs at Nashville last year. All he must do not to get an outfield job at the Polo Grounds is to convince Durocher that he is better qualified than at least two of the following: Willie Mays, Don Mueller, Monte Irvin and Dusty Rhodes. Some job.

The best thing Giant opponents can do this year is to move their fences back about another 400 feet from home plate.

They could finish like this in the senior loop:

1. New York
2. Brooklyn
3. Milwaukee
4. St. Louis
5. Cincinnati
6. Philadelphia
7. Chicago
8. Pittsburgh

But don't put up your home-stand against the Dodgers. There are some pretty cagy gentlemen on that club, too. To mention a couple: Duke Snider and Gil Hodges, who teamed for 82 home runs and an almost unbellev-

able 260 RBI's last year. Baseballwise, however, some of the Bums are getting old. Jackie Robinson is 36. Pee Wee Reese is 35. And the Dodgers haven't come up with any startling newcomers. They're likely to be served another big slice of humble pie by the Giants.

New Business Firm Opens

The opening of a new Olton business firm—Plains Agricultural Service—was announced this week.

The new firm, owned by J. W. Brown, Merrill Brigance and J. C. Lane, Jr., has announced plans to handle a full line of Red Chain feed, fertilizer, seeds, insecticides and livestock remedies. Many of these items already are in stock.

Manager of the firm in Edwin Kenedy, formerly of Amarillo. Kenedy is experienced in livestock feeding and is thoroughly familiar with the problems which face farmers and stockmen of this area, Plains Agricultural Service owners have emphasized.

The firm will specialize in custom grinding and mixing of livestock and poultry feeds to customer specifications.

Well, spring is here again and the accompanying spring fever. We're planning to get a treatment for our fever at Lake Kemp in about two weeks. The boys who have been down there lately say the big ones have been biting.

An ex-sailor friend of ours made the remark the other day that "A tight ship is a happy ship." Well, we just had to opine that the merchantman we crossed the Atlantic on back in '43 should have been hilarious. We were carrying a load of liquor and every man jack of the crew was tight.

PS: Then we found out that our sailor friend was referring to discipline.

We are going to the Panhandle Press convention at Amarillo this week end. We hope to meet a lot of newspaper friends such as the Rambos from Hale Center, The Nelsons from Dimmitt and others.

We had a telephone chat with

Wilbur Martin, Associated Press state editor, this morning. It was nice to talk to him again. The last time we talked with Wilbur was when he was showing a group through the AP facilities in Dallas back in 1952.

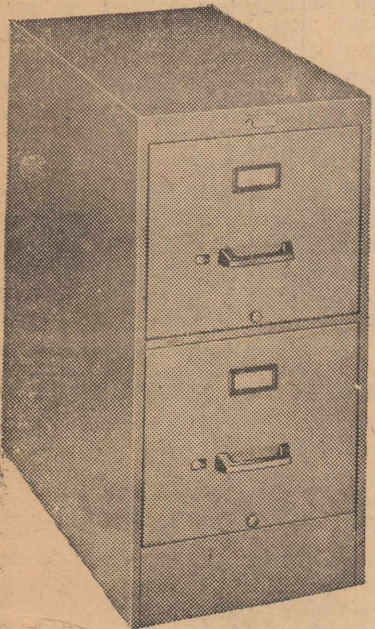

And by the way ... The Associated Press is your representative at all the momentous events that shape world history. As a newspaperman we believe that the AP slug at the beginning of a story stands for truth.

Olton Farm Supply

"An Irrigation Boot For Every Foot"

We do not lay claim to having the sharpest office supply building in West Texas. We're plumb aware of the fact that our stock is a long way from being complete.

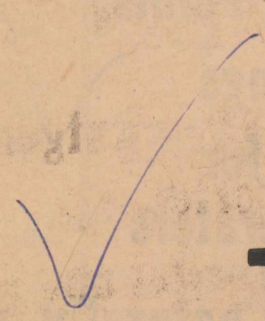

But we're adding to it right along. We're making plans for more room so we can stock the bigger items you need . . . things like typewriters and adding machines and chairs and desks.

One thing we do lay claim to, though . . . and that's being a hometown supplier interested in the future of Olton, its people, and their welfare.

That's the big reason why we feel that you folks stick with us in our attempt to establish an office supply business that can serve your needs efficiently and economically.

And if we can realize a profit, part of it will go back into better Olton streets and better Olton schools.

We're still in the "jot-em-down" stage of our office supply venture. But we're going to grow out of it. And we'll need your help to do it.

"I just don't know how I ever got along without my **ELECTRIC CLOTHES DRYER!**"

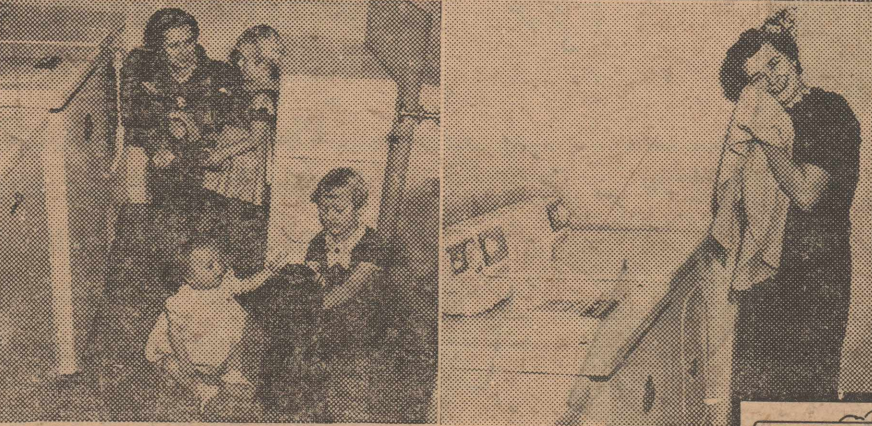

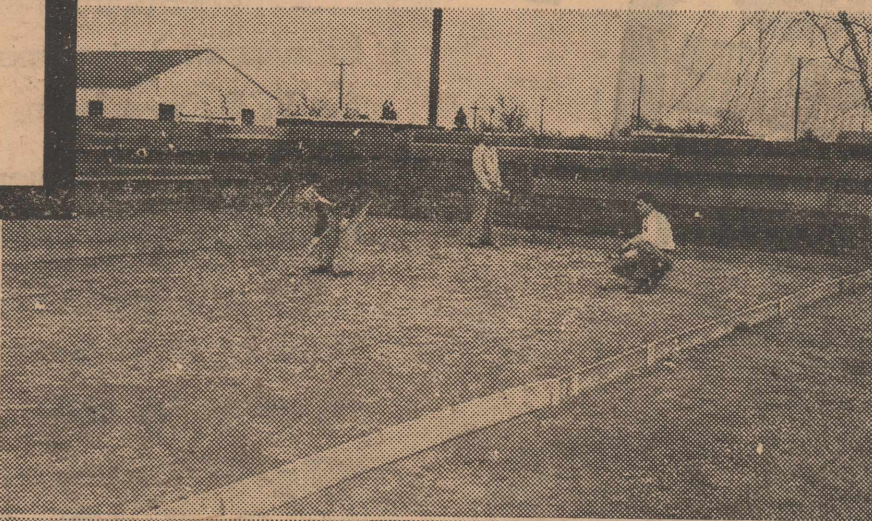

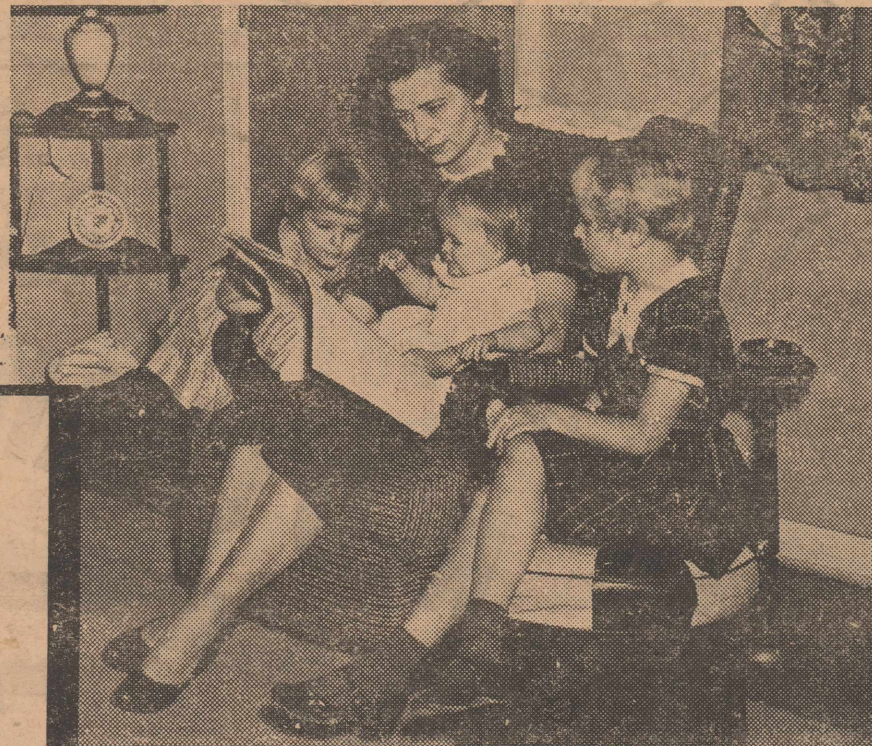

... says Mrs. Orval Wallace
1206 13th STREET
ABERNATHY, TEXAS

"The feature that I like best about the clothes dryer is that it eliminates tiresome trips to the clothesline forever. Why we have a croquet court in our backyard now in the place where the clothesline used to be."

Mrs. Wallace has a completely all-electric laundry, with washer, dryer, ironer and electric water heater.

"The 'problems' of washday are ended with an all-electric laundry. I used to run short of diapers for the baby when the weather was too bad for line drying. Now, I can wash and dry clothes for the children in less than an hour. Also, many of the garments need little or no ironing when they come out of the dryer."

Make your washing, drying, ironing — water heating, too — modern, make them electric.

"I like our electric water heater," Mrs. Wallace says, "because there is always plenty of hot water. It's wonderful, too, to know that electric water heaters are completely safe. There's no chance of a low burning pilot light going out, and my table top model gives me an extra work space for folding and stacking my clothes as I take them out of the dryer."

Teen Age Column

By Wylene Freeman

Hello Gang,

Well, let's peep out from under all the new Easter bonnets and see what has happened this last week. Seriously, though, everyone did look real nice in their new Easter clothes.

Duck, why did you get up at 5:00 Sunday morning? Kinda early, wasn't it?

The young people of the Church of Christ had a picnic at Plainview Sunday. Everyone had a real nice time.

Has everyone seen Ruth Stansell's new engagement ring? It is really pretty. John Carson is the lucky boy. We wish them lots of good luck in the future.

Betty Jane Bryant told me to put her name in my column because it never had been in here.

I am sorry we have slighted you, Betty Jane!

Nearly all the college kids were home for the Easter holidays. It was sure good to see all them and we wish that they could come home more often.

Everyone had a real nice time at the Band Banquet last Thursday night. Jimmie Priest was presented a medal for the most outstanding Senior Band Member. Congratulations Jimmie! Kathryn Crawford was the Mistress of Ceremonies and George Graham, from Hereford, was the speaker.

Congratulations also to the new Student Council officers. They are President, Jackie Gray; Vice President, Teddy Jack Estes; Secretary, Sandra Hamby; and Treasurer, Lewis Hyman. I think that O. H. S. will have a good Student Council next year.

The Band will go to contest at Plainview the 30th of this month. I think that everyone has gotten their solos and en-

sembles pretty well under way. I have never seen so many balloons flying around. The twirler try-outs for next year will be held after contest.

Quite a few people went fishing over the week-end. The Burrows went to Possum Kingdom. Did you catch a lot of fish, Donna?

Jackie, why don't you and Bobby learn to play forty-two.

Pat was seen with Bobby Bryant at the Band Banquet Thursday night. Kay was with Paul Renfro. Did you have fun, girls?

Yvonne Peterson went to Tyler over the week-end. She was visiting relatives. She said that she enjoyed herself.

Catherine and Joyce went visiting in Oklahoma over the week-end. They said that they had a nice time.

Runt and Iva went to Lawton to the Easter Pageant. They said it was real pretty and there

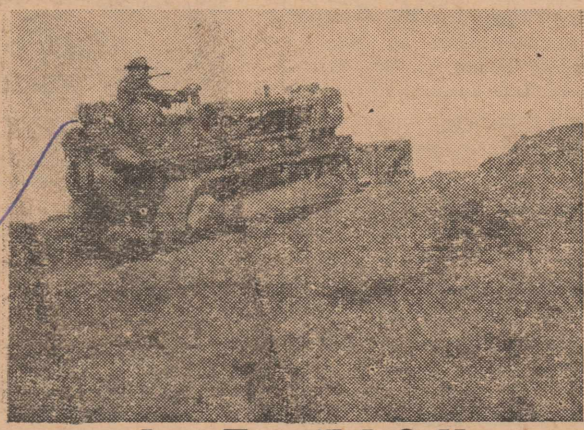

were more people there than they have ever seen.

See you next week!

PLAINS Agricultural Service
RED CHAIN ONE STOP FEED STORE

ANNOUNCING . . .

. . . the opening of a new business -- Plains Agricultural Service -- to serve the farmers and stockmen of the Olton community. We are located just southeast of the FFA show barn.

Plans are at present to handle a full line of Red Chain feeds, fertilizer, seeds, insecticides and livestock remedies.

We will specialize in custom grinding and mixing of livestock and poultry feeds to the customer's own specifications, or will mix feeds for you according to the latest experimental station information.

Red Chain products, made by Universal Mills at Fort Worth, are widely recognized as finest quality. We are proud to sell them. We believe you will be fully satisfied with the results they give.

Plains Agricultural Service is owned by J. W. Brown, Merrill Brigance and J. C. Lane, Jr., and is managed by Edwin Kenedy. Mr. Kenedy, who has come to Olton from Amarillo, is thoroughly experienced in livestock feeding and thoroughly understands the problems confronting farmers and stockmen of this area. He will do his best to serve all of you in a friendly, efficient manner.

We cordially invite your patronage of our new firm.

Mrs. Shirley Garrison and Mrs. Aubrey Smith were honored Thursday at the meeting of the Womens Society of Christian Service with a pink and blue shower.

Bake Sale Is Saturday In Hart

The Hart Assembly of God Church is sponsoring a bake sale Saturday at the meeting of the Womens Society of Christian Service.

Rev. Larry Godfrey, pastor, announces new hours for services: Sunday morning, 10:00; Sunday evening, 7:30; Thursday evening, 8:00.

\$25 Taken From Station

Southside Service Station was entered this week and approximately \$25.00 taken from the cigarette machine, according to V. L. "Smitty" Smith, one of the investigating officers.

Also investigating the break-in was Marshal Lee Meadows. Smith said the loot was all in quarters.

Entry was gained through a rear window, the officer said.

NEVADA VACATIONERS

Mr. and Mrs. Len Irvin visited in Henderson, Nev., with Mr. and Mrs. Nolan Deats. On their way back to Olton, they came by Calif.

Jimmye Lou Hudson Gift-Campaign Begins

Members of the Olton community, headed by Mrs. D. C. Eby, are starting a community gift-campaign for 14-year-old Jimmye Lou Hudson, polio victim.

The object of the campaign is to provide a gift each day for Jimmye Lou, who is confined to the Plainview Clinic.

Everyone is asked to contribute some small gift—which doesn't have to be gift-wrapped. The main thing to remember is to put your name on the gift you contribute. They may be left at any Olton store or the school lunchroom.

All gifts will be picked up and taken to Plainview Tuesday.

Jimmye Lou is the eighth-grade daughter of Mr. and Mrs. V. J. Hudson.

VISIT ROBY

Mrs. Vaneta Stovall and family, Norma Jean, La Juanna and Bobby, visited at Roby over the week end. Mrs. Stovall and Bobby went on to Raton to visit Rev. and Mrs. Dan Jones.

Rev. Jones, former Nazarene pastor here, is moving to Ropesville, they report.

Paint and Body Business Opens

Jimmy Jenkins, formerly of Muleshoe, opened a new business firm here this week.

It is the Olton Paint and Body Shop, situated in a warehouse behind Olton Motor Co.

Jenkins, who has more than 11 years of experience in the paint and body work business, says his firm is equipped to do all types of body work, install glass, and rebuild wrecks.

MISSIONARY SPEAKS

Rev. Edward Clyne, missionary to Columbia, South America for the Cumberland Presbyterian Church, spoke to fourth-grade students last Thursday. Rev. Clyne conducted revival services at the Presbyterian church here last week.
