Sweeping Improvements Seen For Olton Post Office In '55

New clerical help, seven day mail service and additional post office boxes appear in the offing for the Olton post office during 1955.

This information came this week from I. B. "Doc" Holt, postmaster.

The Post Office Department has notified the postmaster that four new sections of post office boxes will be shipped in the near future.

Three of the new sections will replace boxes of three old sections now in use. The fourth section will add 100 boxes to the available list at the post office bringing the total number of boxes to 556.

"We urgently need the addition," declared Mr. Holt.

Mr. Holt said the Post Office Department is investigating the possibility of beginning a 7 day a week service here. Mr. Holt said this would speed up by 24 hours the receipt and dispatch of Olton mail over the week end.

Mr. Holt said he has been notified that additional clerical help will be supplied during this year.

"The Post Office Department has made many beneficial changes, which possibly may not be so apparent to the public as yet but certainly will be obvious soon," Mr. Holt declared.

"These include changes in the issuance of money orders, in the insuring of parcels, and in all phases of reports," the postmaster continued. "Of great benefit is the establishment of regional accounting offices and district offices of regional operations. This places the operations at home with people who know our area and its needs. Our district office is in Amarillo and the district manager is the former Pampa, Texas postmaster. His office now handles much of business and reports of post offices in this area that formerly had to go to Washington. This is a great improvement and will be reflected in better postal service."

Mr. Holt said postal receipts for 1954 were almost 10 percent greater than in 1953. He said 1953 receipts came to \$18,252.25 while receipts in 1954 came to \$20,014.27.

The 1954 receipts were more than twice those of 1949 when receipts came to \$9,681.15 and almost twice that of 1950 when they were \$10,235.22.

Tentative plans call for the annual Chamber of Commerce banquet to be held the night of Feb. 22.

Lions Club Donates To Polio Fund

Immediate plans of the choir are for a Sunrise Easter Service, followed by a breakfast. Tickets for this affair will be sold in advance by members of the musical group.

Young people interested in joining the organization may contact Mr. Rogers or any of the other officers or members for time and place of the next meeting.

In spite of snow and cold, large crowds turned out Monday to be the guests of Ed Thompson and Thompson Brothers Implement Company for the annual John Deere Day affair.

The folks were treated to movies and a barbecue luncheon. The movies were shown at Roxy Theater.

Among the special guests were vocational agriculture students from Hart and Olton.

Company representatives attending were Roy W. Dwyer of Plainview and Marshall Miller of Amarillo. Joe Thompson of Abertnathy also was present.

"The agriculture students from Hart and Olton were among the best behaved boys I have ever encountered," declared Mr. Dwyer.

Olton Boys Will Enter Houston Show

Approximately 25 members of the Olton Future Farmers Chapter will attend the Houston Fat Stock Show late this month and early next month.

Vocational Agriculture Teachers J. W. Brown and J. C. Lane said the Olton group will leave for the show Jan. 29 and return Feb. 6.

They said about 40 head of stock will be shown including fat stock and breeding stock in sheep, cattle and swine.

J. S. Keating, Blackwell, father of W. M. Keating of Olton, died last Friday of a heart attack at Bronte.

Mr. Keating suffered the heart attack while driving an automobile. He was driving at a low rate of speed and the auto went off the road and struck a post. Only slight damage was done to the vehicle.

Mr. Keating was 80 years old. His mother died last summer at the age of 100.

City Dads Move To Annex New Area As Injunction Threatens

Olton voters Tuesday approved a \$175,000 city water, sewer and street system improvement bond issue by a smashing majority of more than two to one.

The overwhelming vote cleared the way for a new housing project on the western outskirts of the city.

COMMUNITY CHURCHES ARE GROWING

Attitude of Olton folks toward the community's churches has been good and appears to be steadily improving.

This assertion came Tuesday from Rev. R. H. Campbell, pastor of Olton Methodist Church. Rev. Campbell spoke before a regular meeting of the Olton Lions Club.

The preacher did not confine his observations to his own church but declared that there has been a steady growth in most of the churches in the community.

He said the churches appear to be having better attendance, better financial support, more support for improvement of the churches' building facilities and more enthusiasm for evangelistic work.

"Yes," declared the Methodist minister, "I'd say the attitude of our community is a wholesome attitude."

Most Popular Students Named

In a runoff election held Tuesday at Olton High School, Jack Henderson was named the most popular OHS boy, Nora Lee Wozencraft was chosen most popular OHS girl, and Jerry Dennis won the dubious honor of being named the "beast" of a beauty-and-beast combination, Yvonne Peterson previously having been chosen the beauty.

At a Tuesday night meeting, OHS faculty members named Bobby Straw and Linda Franks as best all-around OHS students. Their selection was based on activities, scholarship, leadership and citizenship.

In an earlier student body election, Guy Granbery and Wynlene Freeman were named the students most likely to succeed, and Max Kennedy and Bonnie Kersch were chosen Mr. and Miss OHS.

All will be featured in The Mustang, OHS yearbook.

Hardly had the votes been counted before the city took the first steps to annex the 40-acre tract upon which the housing project is to be located. This action came after rumors of an impending injunction suit which might tie up the \$175,000 bond issue.

The bond ballot was split into six propositions. All six carried by more than two to one. Election Judge Howard Hall said 242 ballots were cast in the election.

Proposition No. 1 carried by a vote of 163 for and 75 against;

proposition No. 2, by a vote of 158 for and 73 against; No. 3 by a vote of 158 for and 76 against; No. 4 by a vote of 158 for and 74 against; No. 5 by a vote of 158 for and 74 against; and No. 6 by a vote of 163 for and 68 against.

Voting was spirited from the start Tuesday. Almost 100 ballots had been cast before noon. Election officials, other than Mr. Hall, were Mrs. H. L. Dennis, Vernon Nixon and Mrs. Faye Stone.

Shortly after announcement of the outcome of the election, rumors reached city hall that an injunction would be requested to prevent the city commission from spending any of the bond money in extending water and sewer facilities to the proposed new addition on grounds that a part of the new addition lies outside the present city limits.

The commission took immediate steps to annex the plot upon which the project is to be located.

Ben F. Smith, owner of the tract, drove from Plainview to request that the area be annexed to the city. City officials explained that since the area is uninhabited at present, a petition from Mr. Smith is all that is necessary to enable the commission to act.

The city commission accepted the proposal in the presence of some dozen witnesses. They include Mr. and Mrs. Ben F. Smith, Jim Speer, Ralph Douglas, Vaneta Stovall, L. C. Schreier, J. C. Hines, H. L. Dennis, Ed Truelock, Mrs. Lois Hollingsworth, Troy Martin and Bob Davis, who represents a bond company.

Motion to accept the annexation petition from Ben F. Smith was made by Commissioner Eldon Franks, seconded by Commissioner W. B. Smith, Jr., and made unanimous by Mayor Lefty Hollingsworth.

City officials said the annexation proceedings will become effective next Monday night after a five-day wait as required by law.

The bond issue also requires a 30-day waiting period and approval by the attorney general's office.

Authorities said the annexation proceedings began Tuesday night were the first in the history of Olton. Some 300 feet around the town section was taken in when the town was incorporated back in 1930.

Said Ben F. Smith when told of the bond issue victory: "I feel that the people have made a fine response. Now we're going to try to live up to our part of it."

The bond issue is split into \$125,000 in revenue bonds and \$50,000 in tax bonds.

City Engineer Ralph Douglas said only about \$25,000 will be needed to extend water and sewer facilities to the new addition. About \$64,000 will be used to retire bonds already outstanding and the remainder will be spent in the present town-site.

Mr. Douglas said about \$15,000 more will be spent on street improvement. The remainder is earmarked for the water and sewer systems, he declared.

THE GOSPEL OF CHRIST

The gospel is the good news set forth in the New Testament regarding the death, burial and resurrection of Christ. It further tells the necessary conditions man must obey to be saved and how he must live to go to heaven. It contains facts to be believed: the death, burial and resurrection of Christ, 1 Cor. 15:1-4. It has commands to be obeyed: Faith, Repentance, confession of the name of Christ, and Baptism for the remission of sins, Mk. 16:15-16, Acts 2:38; 3:19; Rom. 10:9-10, Acts 8:37, Acts 22:16. It has promises to be enjoyed: Remission of sins, the gift of the Holy Spirit and the hope of eternal life, Acts 2:38, Acts 5:32, Col. 1:5; Tit. 1:2. Before one can enjoy the promises he must believe the facts and obey the commands, Heb. 11:6; 11 Thes. 1:7-8; Rev. 22:14; Mt. 1:21. When one obeys the terms of pardon set forth in the gospel the Lord adds him to his church, Acts 2:47.

Around Our FARMS

By Vernon Nixon

January and 1955 have come in with more promising weather than we have experienced in quite some time. When the moisture from our recent rain and snow soaks down good, it should be sufficient for mold-boarding.

Watering, disregarding the expense, is very disagreeable and now would be very slow in drying sufficiently to get back into the field. Another thought on this is that some prefer chisling, watering, listing and then rewatering before planting. This is very good until you begin counting the times gone over and the expense involved. At present, the majority are undecided just what can be done. The ones who are now doing field work are either moldboard or Disc Breaking, but upon observation of these fields with the dry clods heaped upon top we wonder if much more work won't be required to get this land back in tillable condition. Your guess is good as ours. We now are only making local observations.

There is much speculation as to the outcome of the small grain future. At present the parity percent has been lowered to make it questionable if watering and growing expenses won't overrun the selling price. We are hoping the new Congress will bring pressure to review the farming situation and work out a better situation. But locally we feel that there can be measures taken to take up this slack in the use of small grains. For example: Commercial feeding of beef cattle even on a small farm scale can be profitable. Our Vocational Ag. Advisors, Mr. Lane and Mr. Brown along with the full support of the FFA Board of Directors have this year opened a new Class in our Olton Stock Show for Commercial Fed Calves. We have several boys with entries on feed now. This class is composed of pens of 5 steers taken off the range and fed primarily

for commercial use. These steers are not milk fed and groomed as show calves but are fed out as a pen of five on feeds available on any farm. Your inquiry to these boys as to their outcome on these calves will give a study of the possibilities which lie ahead of each farmer. It gives a ready market for your grains and strengthens the resources of our community.

The Basketball girls entered a tournament at Floydada last week. They won over Paducah 8 points and lost by 3 points to Crosbyton. The boys played Hale Center Friday night. Hale Center won but it was a real good game.

Pat, did you have fun Thursday and Friday nights? What was Charlie's pet name for you?

LaNelda, what did Archie have to tell you that was so important that he had to skip class Thursday? You sure have been writing a lot of letters lately. Some reason, I guess.

The Basketball girls and boys are to be in a tournament this week end at Tullia. We wish them a lot of luck and hope they win.

Beverly, I hear you ordered you a new car the other day. I hear it is really going to be pretty.

Donna and Pat, did you gals enjoy the game Saturday night between Plainview and Vernon? I hear that it was a close game.

I sure will be glad when this week and mid-term tests are over, won't you guys?

Johnny Mack, who kinda got surprised last Tuesday night, didn't you? Happy Birthday!

Mr. and Mrs. Smart have a pretty little baby girl. Her name is Jennifer Lynn. Coach has been passing out cigars.

Linda Franks got her foot hurt last Friday night playing ball. We hope it gets well real soon.

Mother Of Two Olton Men Dies In Colorado
