Blood Drive on Campus Tuesday

All donors will receive a T-shirt!

Give the Gift of Life!

by Michelle Kuhl

On Tuesday October 14 United Blood Services will be on the Western Texas College Campus in the Student Center from 9 a.m. to 4 p.m. taking blood donations. The Blood Drive comes to WTC twice a year, once in the Fall and once again in the Spring. The Spring date will be February 11, 2003.

Rhonda Teal of United Blood Services said, "We always need blood. Five percent of the population give blood and ninety percent of the population end up needing blood at some point in their life. Lubbock Hospitals alone use an average of 150 pints a day. We can sometimes get it from outside sources but not always so it is important to keep a good supply."

United Blood services do up to three blood drives per day all over the area. The average amount of blood taken at the WTC campus is 27 pints.

The blood donation process is easy, and takes less than an hour. Most donors find it a painless and heart warming experience.

The actual donation takes only 10 minutes. You'll relax in a comfortable chair while a technician collects approximately one pint of your blood. After donating, you'll be invited to rest and enjoy a light refreshment. You may then resume your usual routine.

You must be 17 years of age or older and at least 110 pounds to be a donor. There must be at least eight weeks between whole blood donations and at least three days between platelet, apheresis donations and you must not be currently taking antibiotics or insulin. You may not donate if you have ever used a needle to take drugs, if you had hepatitis after the age of 11 or if you have AIDS or a positive test for HIV.

All donors must show identification containing their legal name and one of the following: Date of birth, Social Security number, United Blood Services assigned donor number, or Photo I.D.

A free T-Shirt will be given to each donor. For an appointment contact Patty Kuhl at 573-8511 Ext. 276
