2016 Lincoln Douglass Committee Awards Two \$500.00 Scholarships Recently

It's great when young people receive scholarships from local organizations who are concerned about their future in life. This was the case recently when two scholarships were awarded to two outstanding students.

Keissa McConic (middle) and Olivia Sanders (picture not shown) were awarded \$500.00 each by the R.B. Thompson 2016 Lincoln Douglass Scholarship Committee. Mrs. Nettie Edwards (left) is the Scholarship Committee Chairman and Ms. Rose Wilson (right) is the Fundraising Chairwoman.

Mrs. Emma Jackson is the president of the organization. Her mother, Ms. RB Thompson, was the original founder.

Keissa will attend Texas Tech University and Olivia will attend Prairie View A&M University in the fall. The proud parents are Aaron & Kim McConic and Mark and Pam Sanders.

Both students need our prayers and support as they begin a new posture in their lives. A special salute to the members of the R. B. Thompson 2016 Douglass Scholarship Committee for a job well done!

Olympic Gold Medalist Simone Biles Welcomed Home To Texas

HOUSTON (AP) — Fans waved American flags and cheered as Olympic gold medalist Simone Biles arrived home in Texas following the games in Rio de Janeiro.

The 19-year-old gymnast from Spring, Texas thanked the crowd Wednesday, August 24, 2016, as part of the celebration at George

Bush Intercontinental Airport in Houston.

Mayor Sylvester Turner was among the dignitaries on hand and proclaimed Wednesday as "Simone Biles Day" in Houston. Turner presented Biles with a copy of the official proclamation, amid a backdrop of red, white and blue balloons arranged like a U.S. flag.

Biles — who won four gold medals in Rio — thanked the well-wishers and said she was "thrilled" at the reception.

A parade for Biles was planned later Wednesday, August 25, 2016, in Spring, Texas where her family operates a gymnastics center.

The Worst Purchases Made By Athletes

Latrell Sprewell

We can all agree that athletes make a lot of money. There is nothing wrong with that.

Where the problem lies is that according to Wyattresearch.com, 78% of NFL players and 60% of NBA players file for bankruptcy within the first five years of retirement.

Latrell Sprewell is probably best known for choking his coach during practice just because the coach told him that he had to make sharper passes. This already shows you the decision-making skills he possesses.

In 2004, he was offered a

Pastor Bill Stubblefield

"Church And Community Can Partner Together," Says Pastor Bill Stubblefield

Pastor Bill Stubblefield, who was elected as a Lubbock Independent School District Trustee from District 2, is very excited about this opportunity. He was elected to this four year position on May 7, 2016.

A graduate of Estacado High School and Wayland Baptist University, Bill Stubblefield is co-founder and lead pastor of The Difference Maker's Fellowship. Not only is Pastor Stubblefield a dynamic public speaker, he is an actively involved community leader. Currently, he is the Lead Community Accountability Partner for the East Lubbock Promise Neighborhood program of Texas Tech University, where, behind the scenes, he is engaged in the work of academic and economic equity for the families of the East Lubbock community.

Pastor Stubblefield recognizes that the Church and the community can, and should, partner together on the local,

state, and national levels, to effectively make a difference in the lives of the people they mutually serve. To that extent, Pastor Stubblefield is a member of the Estacado Alumni Association, the East Lubbock Community Alliance, the West Texas Chapter of the 100 Black Men of America, and their national organizations, the Black and Hispanic Male Achievement Affinity Group and the Leadership Sustainability Institute for Boys and Men of Color. The work of the two latter groups focuses on bridging the achievement gap for African-American and Hispanic men and boys. Pastor Stubblefield was involved in the designation of Estacado as Lubbock's only Early College High School. Pastor Stubblefield likes unwinding on the golf course, taking in a movie, or relaxing with a good book. What he enjoys most of all is spending time with his beautiful wife Bridgette!

8-Year Old Starts His Own Bakery -- Says He Wants To Buy His Mom a House

Jalen Bailey, an 8-year-old boy from Fresno, California is running his very own home-based bakery called Jalen's Bakery where he sells everything from cookies to bread to pastries. He says his plan is to buy a house for himself and his mom, Sharhonda Mahan.

Bailey and his mom live alone in a small rental house, and he feels that as the little man of the house, he has to step up and provide a better place for them to live.

"I just love to bake"

As a natural entrepreneur and although still very young, he actually got started with baking while in pre-school when he used to help his mom bake goods to give away to others for Christmas.

Their story, which has gone viral on social media, was recently featured in People magazine, and Baily told them: "I just love to bake. It's fun! I want to buy a house with a pool and a big back yard and a kitchen, so me and my momma can bake and make memories."

How he got started

His mom comments, "I used to bake sweet potato pies to get extra money for the holidays,

and he was always in the kitchen, asking if he could help." But she says her son quickly progressed to other ideas. "It got to where he could make his first peanut butter cookies all by himself," she says. "He said, 'Mom, I got this. I don't need any help.'"

Making the first steps

When she realized just how serious he was, she sent him to a business workshop for kid entrepreneurs where he learned everything he needed to know about sales, marketing, and how to reach a target audience. Soon

after, he obtain a business license from the city and legally formed his very own company.

Now, Bailey and his mom are taking and delivering orders everyday from local customers, but their goal is to soon be able to ship orders nationally and even internationally.

It is now legal to be a registered gun owner in Texas and several other states and have a permit to openly carry guns on your person. It is also legal and permissible to carry firearms on college campuses. Approximately seventeen (17) states now have open carry laws which permit the legal carrying of firearms. There is a law, the Gun Free-School Zone Act which was passed by Congress and repealed in 1990, but re-enacted in 1996 which is still affective though Ron Paul has attempted to have it repealed again, without success so far.

The problem with this law the way I see it, it only covers schools K-12, public and private. It does not cover colleges and institutions of higher learning. It should as there have been massacres in K-12 schools as well as on college campuses.

Some college professors have entered a civil suit to have firearms barred from college campuses and have put themselves in harm's way should they attempt to keep firearms out of their classrooms. The Lord has worked in mysterious ways for me as I never had dreams of being a college professor and had I been faced with today's classroom population, I would have had a very early retirement with open carry of firearms. I feel that with the history of school massacres on all levels that this permissiveness is very likely to reduce the number of college professors in a number of colleges in states where open carry is legal. Only eight (8) states do not permit firearms to be carried and Washington D. C. is among that group of entities (Wikipedia, August 10, 2016). Most states have open permissive carry without obtaining a license and that means that it is restricted to on foot and in a ve-

hicle. This country has become more hostile as the days roll around and open carry, permissive carry, concealed or otherwise is not healthy or wise. A group of people at a college in Texas have done a study of inmates and discovered that twenty-five percent of them have some serious mental disorder and I suspect that fifty percent of people who choose to carry a firearm in any situation, have a serious mental disorder. There is too much hostility which is leading to violent behavior all over the country which affects a large number of people and one thing not needed is more visible firearms. I encourage all peaceable voting and concerned citizens to make your state and federal representatives know that you do not favor the laws to permit legal open carry of weapons such as firearms on one's body. We have reverted to the days of the 'wild, wild, West' in the twenty-first century. I just wonder what the scenario would be like if every college professor came into class and opened his textbook and laid his six-shooter on the desk before he started his class? Recollections of a massacre on a Texas college campus were remembered a week ago. Do we need a repeat of this kind of history? Let us get 'in cinque' and come to our senses and get these laws repealed.

I have but one candle of life to burn, and I would rather burn it out in a land filled with darkness than in a land flooded with light.

Beyond the Rhetoric By Harry C. Alford

"18 Years, 18 Years" or so the Song Says – Part 2

My first night was spent in the Houston city jail. It is basically a check in point. They process your DNA, finger prints, photos, etc. The guards are friendly except for the guy in the property section. He says, "These items on the counter is your property. Sign here!" I noticed a pack of cigarettes and stated that they don't belong to me. "Just sign the paper!" he stated. I replied that I cannot sign for something that is not mine. He then put my property in a bag and walked away.

Another guard tells me to go down the hall and find a cell to sleep in. All the cells were occupied except one. I stepped in and laid down. I found it odd that I walked right in and found a completely empty cell. Later, a guard came over and informed me that I was occupying the HIV cell. I immediately got up and found another cell with two others in it. They told me that we would be there until tomorrow. At around 1:00PM they came and took us to the Harris County Jail. Unlike the city jail, these guards were downright mean. It wasn't long before our lawyer started the process. She came to jail to meet me and give me process steps. We took a long walk into a court room. There I met the judge – a very nice guy. My lawyer told the judge that the \$16,000 had already been wired to Detroit but the office there would not reopen again until Monday. The judge concluded by saying "Let's have Mr. Alford return Monday morning and see if we can release him".

From there my lawyer returned me back to the processing station. This is where you exchange your civilian clothes for the jail issued orange jumpsuit. It wouldn't take long to figure

LET'S GET OFF OUR HANDS, AND DO SOMETHING!!! THIS N THAT has been attending the DISTRICT 2 MEETINGS which have been sponsored by the newly elected CITY COUNCILWOMAN SHELIA PATTERSON-HARRIS..... She has had FOUR MEETINGS with next being held on MONDAY EVENING SEPTEMBER 12, 2016 at the FIRST PROGRESSIVE BAPTIST CHURCH 4201 63rd Street beginning at 6:00 pm in Yellowhouse Canyon...

The Councilwoman is asking those in attendance of the meetings to understand what they can do for their NEIGHBORHOOD BY THE UTILIZATION OF EMPOWERMENT..... She will tell you that she is a POLICY MAKER and as citizens of District 2 they can use the POWER THEY HAVE to overcomePROBLEMS WHICH MAY BE IN THEIR AREA.....She tells those in ATTENDANCE OF THE MEETINGS they shouldn't let PEOPLE MOVE INTO THEIR DISTRICT AND DESTROY

IT!! She passes out information CITIZENS can use to CONTACT VARIOUS DEPARTMENTS IN THE CITY OF LUBBOCK.She gives an example of what to do to utilize this information..... For example A STREET LIGHT is out in your neighborhood. Then you have the LUBBOCK POWER & LIGHT COMPANY just call them and tell them the LIGHT IS OUT!! If they don't respond then CALL HER!! THIS N THAT appreciates EMPOWERMENT! IT WORKS!!!!

out that it was going to be a while before I would ever see sunshine again. The very large building was all enclosed – not even a window. However, it was very clean and my new friends were conscious of keeping the place that way. Each cell had a toilet but no one would use it. You went out in the open area and did your business there in front of everyone. There was something about my appearance that told my fellow inmates that I didn't belong here. Every one of them was so nice. It didn't take long to figure out the warm reception. They figured out that I had access to money and when I get out I just might send some of my money to my new incarcerated friends.

Everyone in my section was not violent. The roughnecks that we were teamed with during processing went to certain centers. Every one of the approximately 50 guys in my center was peaceful and over forty in age. I

don't recall seeing any whites in my center. A couple of Asians and maybe five Hispanics. 95% of them were there for one of two reasons. Drug offense or verbal abuse of a girlfriend. It is amazing how an irate women can place a call to 911 and her boyfriend gets locked up. Repeat offenders get 2 – 5 years. Just like that.

The highlight of my brief stay was dominoes. They were shocked that "Old School" (my jail house nickname) knew how to play some serious "bones". I didn't lose one game. Many of my new neighbors would tell their life story to me. I showed empathy and that was therapeutic to them. It was just a shame the way the guards would yell at each and every one of them. They would play mind games with them. One night (I guess it was night) they have half of our cell go down a hall and take off all of our clothes. Then they lined us up against a wall and

had us just stand there. They would start laughing as they took out some guys from the gay center (aka Punk Tank) and have them stare at us. Another time they put us in a waiting room and had a couple dozen female offenders walk in front of us. Yea, real funny.

The fact is jails in this nation care nothing about rehabilitation. They figure repeat offenders mean job security for them. I knew this when I interned at a girls reform school in Wisconsin as part of my degree requirement. Our nation should do better. We are the richest nation on earth but yet incarcerate more people than anyone else.

Finally, Monday came around and my lawyer came and told me that the Judge is ordering my release. I will be officially released the next morning before him. Happy time – right? Well, Harris County Jail plays a game on the federal government.

The celebration will begin on Thursday, Sept 15 with the Grito de Dolores ceremony. This ceremony is the reenactment of Father Hidalgo's declaration of Independence from Spain. The organization will also have a display of art pieces from local Hispanic artists that will be available for the attendees to view inside the Landwer-Mani-

capelli House. The following day, Friday, Sept 16 will consist of the Reina Hispana Pageant at Cavazos Middle School. Young Hispanic ladies compete for a scholarship to further their education. A Parade will begin the activities for Saturday, Sept 17 starting at 10:00 am on Broadway Avenue.

All organizations and non organizations or any type of clubs or groups are encourage to participate in the parade. Also, businesses, political groups, politicians are also welcome. The main celebration will begin at noon, Saturday, Sept 17 at Buddy Holly Park. All of the events will be free with the exception of the Pageant which will only be a nominal fee of \$5 per person. The organization feels that providing the free outdoor event will attract more families to enjoy the richness of the Mexican-Mestizo culture without reservation of cost.

The main celebration will consist of local bands including traditional Mariachi groups and Folklorico dancers. The organization is striving to bring back the traditional celebrations from its conception. Fiestas Patrias strives to maintain cultural purity in music, dance, and art as well as presenting current popular Hispanic music. Our goal is to educate young people about their heritage as Hispanics, to

entertain adults with Tejano, Norteno, and Salsa style music, and to instill a pride about their heritage that has not always existed because of a lack of knowledge. Many people are not aware of the rich Hispanic traditions in music, dance, and art that have existed in West Texas since the early 1900s. The cele-

bration will also consist of food vendors and a kids area. In the kids area, there will be a train, a jumper, crafts area and face painting.

Your support will be greatly appreciated.

New Light Baptist Church News

3013 Idalou Road Rev. Kenneth O. Jackson, Pastor

On Sunday morning, August 21, 2016, church services were outstanding at the New Light Baptist Church, 3013 Idalou Road, where the proud pastor is Rev. Kenneth Jackson.

Church School begun at 10:00 a. m. with Rev. Jackson teaching the morning lesson entitled, "Grafted In" with its scripture coming from Romans 11:11-24.

It was a very well taught lesson.

The morning worship services started at 11:00 a. m. with the devoted Praise Team leading the way.

There was the altar call prayer which was led by Rev. Jackson, with the congregation singing "I Need Thee." Afterwards, Sister Linda Green read all the morning announcements, and told of all the upcoming events which will be taking place.

The theme song of the Church, "Amazing Grace," was sung by the Congregation. Rev. Jackson preached the sermon. His subject was "It's Your Choice." His scripture was Galatians 6:7-10.; 5:22-23.

Here are some points from Rev. Jackson's sermon.

"Only what you do for God will last. Whatever you do, it's your choice."

"You can fool yourself and others. You can hide in your

closet and home, but you can't fool God."

"Be not deceived as God's not mocked. What so ever a man does that shall he also reap."

"God never sleeps nor slumber, nor takes a nap. He sees us all the time. God's words also says that no weapon formed against us."

"Prayer changes things. It's your choice on what you do on a daily basis. Situations change when God steps in."

"It's your choice on what you do, how you live. No matter what you do in life. I'm so glad Jesus didn't get tired and decided not to give up."

"Are you living in the flesh and not in the spirit. Once you

start living and trusting in God, things will turn our goal."

"God provides all of our needs. It's your choice of what you do and make out of life. An attitude is like a flat tire. Nothing will happen until you change ones trust in the Lord and your life. You belong to God on a daily basis."

If you are looking for a Church Home, you are invited to come and visit the New Light Baptist Church, 3013 Idalou Road, where our Proud Pastor, Rev. Kenneth O. Jackson will be glad to meet and greet you. Bring your family with you.

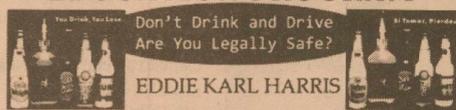

Shall we look forward to seeing you on Sunday morning?

They get paid by a funny clock. I was "released" from my cell but not from the jailhouse. I and others being released exchanged our jumpsuits for our civilian clothes that we came in with. Then we went to the checkout room. We were there from 5:00PM - 11:55PM. After cursing at us nonstop we got our property back and a fifty dollar check from them. They let us out just before midnight but the records would show it was after midnight. That way they can bill the federal government another day for "baby sitting and feeding us".

We walked out into Houston. I had a court date the following morning. Here I was with a total of \$100 in my pockets. I hailed a cab and asked to be taken to the cheapest hotel and near the courthouse. After finishing with the judge I took a cab to the airport. There my wife sent me a first class ticket to return to her warm arms. Quite an experience!

The Southwest Digest Proudly Introduces: Mr. Derrick McCruse, Executive Director of 5LinX

McCruse Bio: God day! My name is Mr. Derrick C.E. McCruse, Sr. and I am a servant to the Lord Jesus Christ, a Loving Husband, and a dedicated Father to six children. A Houston Native by way of Boston Massachusetts for the last 8 years before the Lord allowed my family and I to reside back in Texas in one of the Friendliest cities, Lubbock.

I am a Wireless Engineer for a Telecom Company that allowed me to transfer to Lubbock back in 2014. I met my Lovely wife, TaShelia McCruse while in college at Alabama State University studying for a degree in Computer Graphic Design. We both have a desire to serve God and His people while raising a family that mirrors Gods image.

I am happy to say that my few recent years in Lubbock has been a spiritual refreshing by becoming a member of a Local Church, Kingdom Life Fellowship, where Pastors

Johnny & Karen Davis reside as Leaders of the Ministry. The city of Lubbock has also been refreshing with friendly-helpful people, non bumper to bumper traffic, great weather and easy-go living & lifestyle.

I truly believe in the 3 F's of Life: FAITH, FAMILY & FINANCE. We should commit to our FAITH in Jesus Christ, LOVE our FAMILY and find multiple ways to generate FINANCES for our homes. The 5LINX Business is a leader in Direct Selling that has made more millionaires than any other industry alone.

The Business has given me the opportunity not to only bring extra income to the home but it also gives the value that a JOB (just on bills) didn't provide. I am able to help others while helping myself, the truth in being a servant: "Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your

bosom. For with the same measure that ye mete withal it shall be measured to you again" Luke 6:38 KJV.

Our homes and communities today ought to be built on a strong foundation. When we look at our ourselves and surroundings we should find opportunities to effectively create simple ways to increase hope, inspiration and economical standards. Its our job, our commitment, our chance to advance God's plans here on earth

If you were to look a second back into history its his-tory or her-story that made the difference not their-story but your story that can change the future NOW!

I request and ask that whatever you do, do it unto the LORD. I am giving this life that I live the best that I have and everyone within my arms length or even internet wide, I aim to support. Contact me, pray for me and lets build from within and then everyone wins.

The Opportunity of a Lifetime Comes to Lubbock

Derrick McCruse, Executive Director
5LinX Representative

You who are reading this probably are just like me, you have been investing in the dreams of others for too long or maybe you would like a little more time enjoying the things you desire while not having to be on your workplace time.

Whether working for little to just making it in life by having a JOB (just on bills) or working a JOB that just doesn't make enough to survive.

Or maybe you're close to or in retirement and having residual income makes sense. I believe NOW is the time NOT tomorrow not MAYBE but NOW is the time to invest more in you and your abilities to help others by being a CEO of your own business.

If it sounds like something that would add to your quality of life, that can aid you financially and be able to share with others and you would like to know more, Be Intentional and allow

me to present to you the 5LINX Business Opportunity.

You pay Bills every month but do those Bills pay you back? 5LINX offers the opportunity to get paid on your own Home-Business Bills as well as your families & friends.

By offering cost saving services, you'll be adding value and increasing your financial status month by month & even build a team that will grow and grow. Have Faith in your Commitments & Commit to your Faith.

3-year, \$21 million contract extension from the Minnesota Timberwolves. Sprewell said that he was offended by the low-ball offer and famously said, "I have a family to feed." They countered their offer with another offer, \$0.

Latrell later decided to purchase a \$1.5 million yacht. Of that \$1.5 million, he was only able to pay for \$200,000 of it until he started defaulting on the payments. There was also an instance when Sprewell was driving said yacht and accidentally landed it on the shores of Atwater Beach, Wisconsin. He refused to pay for the yacht to be towed back to the water and was later rescued by local fishermen. The yacht was repossessed and that same year his home was foreclosed.
