

Garden Club To Have Spring Flower Show

Mrs. A.D. Melton, president of the Olton Garden Club, announces that the organization will have a Spring Flower Show in the Olton American Legion Hall, Friday, May 12, from 2:30 to 5:00 p.m. The public is invited to attend the show. Theme of the show is Love In Bloom.

The following committees are responsible for the activities of the show: Flower show and schedule committee chairman, Mrs. H.B. Carson; co-chairman, Mrs. Doyle Pinson and Mrs. C.E. Bley; Entries and classification committee, Mrs. Jack Allcorn, chairman; co-chairmen, Mrs. Roy Hooper, Mrs. George Bohner, and Mrs. Jethro Pinkerton; staging committee, Mrs. Jack Allcorn, chairman; co-chairmen, Mrs. Fred Bass, Mrs. Jake Mitchell, and Mrs. Bill Weaver; placement committee, Mrs. Pearl Schreier, chairman; co-chairmen, Mrs. Lindsay Dennis, Mrs. George Brown, and Mrs. Athol Light; hospitality committee, Mrs. H.G. Walker and Mrs. A.D. Melton; and clerks, Mrs. Jack Allcorn, Mrs. Clary Phillips and Mrs. John Lambright.

Church Class Has Luncheon

The Rebecca Sunday School Class met for a luncheon and business meeting in the home of the teacher, Mrs. Roy Hooper, recently.

Mrs. W.E. DeBerry sang a solo, "O Mother Knows." Mrs. Vernon Britton gave a devotional on "What Kind Of Mother Does Your Child Have?" Mrs. Roy Hooper gave a talk in the form of a recipe "Heavenly Manna."

Those present were Mmes. Vernon Britton, W.E. Andrew, Kenneth Campbell, W.A. DeBerry, Glenn Gipson, Walter Lewis, A.G. Huguley, Archie Sorley and Roy Hooper.

SHOWER SCHEDULED

The public is invited to a pink and blue come-and-go shower for Mrs. Wayne Meadows at the home of Mrs. Bennie Moore, 1019 9th Street, Olton. Calling hours are 2:30 to 5:00 p.m.

Capital punishment is when the government taxes you to get capital in order to go into business in competition with you, and then taxes the profits on your business in order to pay its losses.

Sugar Beets Offer Opportunity In Area, But New Law Needed

Sugar beet production in Texas, although presently limited in extent, appears to offer promising possibilities to state farmers. The recent decision by the United States government to remove sugar beet acreage limitations to help replace supplies from Cuba is a significant development, at least as far as Texas farmers are concerned. For those Texans who have organized associations to battle for permanent federal legislation to authorize larger acreage allotments, the announcement was welcome news. There is continued hesitation, however, on the part of many, because there was no real indication of how long the government would permit unrestricted planting. Sugar beet processors, particularly, are wary about expanding plant facilities until more permanent legislation is passed by Congress.

In the past, acreage allotments for sugar beets in Texas have been confined to several irrigated sections in Deaf Smith, Castro, Hale, Lubbock, and Parmer counties. The combined acreage allotment of all five counties which could be planted in sugar beets was less than 2,000 acres. The Texas Agricultural Stabilization and Conservation Committee has, in the past, maintained strict control over county allotments which may be planted. Panhandle farmers who raise beets sell their crops to the American Crystal Sugar Company at Rocky Ford, Colorado. Since from 25,000 acres to 40,000 acres of beets are usually required to support a sugar refinery, it is apparent that Texas growers supply only a fraction of the required acreage to support the Rocky Ford plant. At the same time, however, Texas has a great potential for planting additional acreages, and for this reason farmers in the Trans-Pecos and Panhandle areas are backing permanent legislation which would allow American growers to share the normal increase needed to supply new demand.

Moisture is a critical factor in beet production and is especially needed when the seed is germinating and the beets are forming. In later stages of growth, however, too much moisture may tend to produce a larger size beet with a small sugar content. Advantages of growing sugar beets under the dry Texas climate conditions with supplemental irrigation are obvious.

Production of sugar beets begins with the planting of the seeds early in season. Planting dates vary and run anywhere from December (in California) to April and May (in Texas). Proper timing is very important in order to insure a maximum growing season. Late planting of sugar beets typically results in reduced tonnage yields per acre and means a smaller amount of income to farmers.

After planting, the next stage in the operation is cultivating and thinning the newly sprouted plants. Cultivation of beet plants the first time is usually for weed control purposes and is performed before the thinning operation takes place. Plants may be cultivated one time or several times, depending on the particular location and situation.

The plants are thinned so that they stand about a foot apart, thus making it possible for each one to obtain sufficient food and moisture. In Texas, as well as in most of the other sugar-growing areas, this thinning operation is performed by mechanical means and results in a considerable cost saving over the old method of hand thinning. Following the thinning operation, the land is cultivated several times in order to break up weed formation and also to improve irrigation furrows where irrigation is used.

Irrigation is an essential requirement in beet production. But it is a critical operation as great care must be taken to see that the growing plants receive the right amount of moisture. It has been discovered that light and frequent irrigations are more effective; plants need to be supplied with continuous moisture as photosynthesis is

taking place. It has also been found that the moisture is best utilized when it is uniformly distributed around the plants.

As the sugar beet plants begin to approach maturity, field sampling is undertaken in order to estimate the yield. This is an essential task because estimates of yield are required in order to provide the necessary information for scheduling of plant operations. Random samples of beets are taken from several fields and are weighed, counted, and analyzed for their sugar content. Information obtained from this procedure is then used to adjust harvesting and factory operations.

Time lapse from planting to date of maturity varies in different parts of the country. The length of the growing season may be as short as 125 days in some areas and may be as long as nine months in others. In any event, the harvest is usually as late as possible in order to obtain maximum sugar yields. Sugar is stored in the beet root in the latter part of the season. Increased storage of sugar is caused by cutting off irrigation water and by colder weather.

There has been a great deal of progress in the mechanization of sugar beet production so that today almost the entire crop from start to finish is handled by machine. The beets are planted, thinned, and harvested by machine. To date the only phase of sugar beet production which must be done by hand is the weeding operation and experiments are now under way with machinery to determine if this phase can also be handled more efficiently. Mechanization results in considerable cost savings if acreage is sufficient to make mechanical handling possible. Beside the cost savings, however, machine handling has resulted in a considerable cutback in labor requirements. This has added important implications because there was frequently a labor shortage in the beet fields due to migrant agricultural workers moving south to warmer regions as the weather turned colder at harvesting time. Frequently the harvesting operation is hampered by bad weather, and since timing is a critical factor at that moment, it is important that the crop be removed from the field as quickly as possible. Should the ground freeze before the harvest is completed, part of the sugar beet crop may be lost. Mechanical loading is also an essential feature of the harvesting operation as it facilitates the rapid movement of the topped beets from the field to the receiving stations.

Increased production of sugar beets by Texas farmers appears to offer promising possibilities. A number of features concerning sugar beet characteristics are especially important to Texans. For instance, sugar beets are virtually immune to hail damage a few weeks after growth above the ground has begun. In the Trans-Pecos and Panhandle areas, where spring hail storms may inflict severe crop damage, this resistance to hail is especially important.

Sugar beets grow well in alkaline soil. For this reason they are especially adaptable to the Trans-Pecos area of Texas. To further enhance matters, alkalinity adds to the sugar content of the beets, thus making them more attractive to the refiner.

Sugar beet plants are unaffected by cold weather, except for a short period (usually less than 48 hours) while they are sprouting. Since the section of Texas where sugar beets are grown is subject to late spring frosts, this characteristic has special favorable appeal to Texas farmers.

Texas land in the Trans-Pecos and Panhandle areas is also well adapted to sugar beet production where mechanical production and harvesting techniques can be used—especially in the level areas where large plots might be planted. As was noted previously, mechanization results in considerable cost savings and would make Texas beet farmers even more competitive with other growers.

While complete data are not yet available on 1960 sugar beet production in Texas, the acreage for the year was restricted just as in previous times. Land planted in beets in 1960 amounted to about 1,900 acres, an amount comparable to other years.

Plant-and-Compare GOLDEN ACRES

TE 77

READ DETAILS HERE AND SIGN UP NOW AT YOUR GOLDEN ACRES DEALER

Golden Acres TE 77 is the latest development in hybrid grain sorghum for planting on irrigated land. It promises remarkable yields where adequate irrigation water and fertilizer are available.

The producers of TE 77 and dealers who sell it are backing their confidence in it with this special plant-and-compare offer:

If you have adequate irrigation water, plant TE 77.

It must compare with or out-yield any other variety of hybrid milo you plant or ONE-HALF of the purchase price of the TE 77 seed will be refunded IN CASH. No questions asked.

Sign up now at your Golden Acres dealer.

Spanish Homemaker's Club Sponsors Style Show Here

The Spanish Homemaker's Club sponsored a style show Tuesday afternoon at 2:30 at the Latin American Recreation Center.

Models wore dresses which they had made since the club was organized here in March. Modeling were Yolanda Basquez, Ruby Lamb, Josephine Gonzales and daughter, Carmen, Molly Fonseca, Mary Jo Fuertes, Josie Saldivar, Mary Almanza, Isabel Garza, Lida Lamb, Aznette Lamb, Aida Saldivar, Lucy Alcorta and Inez Rodriguez.

A Spanish dance was presented by Josie Saldivar, Lucy Alcorta, Olivia Rodriguez and Mary Lou Saldivar.

Approximately 30 guests attended the show.

Vaughn's Machine Has New Employee

An experienced machinist, Bill Womack, has been added at Vaughn's Grinding and Machine, owner Clyde Vaughn announced this week.

Womack, from Plainview, assumed duties Monday. He plans to move his family here after school is out. He and his wife, Margie, have three boys, Ricky, 8, Joe, 4, and Jay, 2. They are members of the Baptist Church.

Study Club Has Installation

The Olton Study Club met Monday night in the Glen Singletery home. This was the last meeting of the group until September. The meeting was an installation dinner.

Officers were installed by Mrs. H.B. Carson. The installation was portrayed by the club members as an orchestra with a musical instrument representing each office. Each new officer was presented a musical instrument representing their office.

Officers are: president, Mrs. Jim Williams; vice-president, Mrs. G.T. Sides; recording secretary, Mrs. Glen Singletery; corresponding secretary, Mrs. D.M. Granbery; treasurer, Mrs. Marshall Stone; parliamentarian, Mrs. Raiford Daniel; reporter, Mrs. H.B. Carson; federation counselor, Mrs. Jack Straw; and critic, Mrs. Bill Yates.

The meal was a ham and salad dinner. Angel food cake and ice cream were served for dessert.

Members present were Mmes. Roy Aikman, Brent Burrow, Paul Burrus, H.B. Carson, Raiford Daniels, Jim Fuller, D.M. Granbery, L.B. Holt, Carl Hooper, Bailey Hair, G.T. Sides, C.S. Silcott, Glen Singletery, Ray Slatten, Marshall Stone, Jack Straw, Jim Williams, and Bill Yates.

Bykotas Have Installation Of Officers

The Bykota Study Club met for an installation dinner Tuesday, May 9, at McGrath's Restaurant in Plainview at 7:30 p.m. Mrs. Billy Smith was installing officer.

Those installed were: President, Mrs. Bobby Copeland; vice-president, Mrs. R.V. Allcorn; secretary, Mrs. Joe Hall; corresponding secretary, Mrs. Andy Stroebel; treasurer, Mrs. Wally Stewart; reporter, Mrs. James Martin; historian, Mrs. Billy Smith; federation counselor, Mrs. Bill Lunsford; parliamentarian, Mrs. Deryl Machen; critic, Mrs. Max Malone.

Mrs. Jerry Dennis gave the year end treasurer's report. Others present were Mrs. Billy Guy Thomas and Mrs. J.P. Nafzger.

Bible Class Meets Wednesday

The Young Ladies Bible Class of the Church of Christ met Wednesday at 10 a.m. for a program on "The Canaanitish Woman."

Mrs. I.B. Holt was the teacher. One guest was Mrs. Lonnie Stephens.

Members present were Mmes. Jack Phares, Willie Green, Jay Rainey, Harold Cartwright, Bud Huckabee, Glen Exter, Deryl Machen, G.B. Stanley, Barney Clark, George Kidd, Jack Thomas, D.M. Granbery, Howard Phares, Robert Williams and Miss Helen Locke.

MARTHA ANNE SINGLETERRY

Martha Anne Singletery Wedding Plans Revealed

Mr. and Mrs. Glen Singletery, Olton, announce the engagement of their daughter, Martha Anne, to Wilburn Douglas Johnston, Portales, N.M., son of Mr. and Mrs. Loren Johnston also of Portales.

The wedding date is set for Saturday, July 1, at 7 p.m. in the First Methodist Church of Olton.

Miss Singletery is attending E.N.M.U. where she is a sociology major. Her future husband will graduate in June. He is a business education major.

Mrs. Boone Is Honored At Post-Nuptial Shower

A post nuptial shower honored Mrs. Keith Boone, the former Miss Juanelle Andrew, Thursday afternoon in the home of Mrs. Lee Poteet.

Thirty-five guests and a numerous amount of gifts were registered.

Miss Renee Givens, Miss Joann Lawson, and Mrs. Melvin Hall, Plainview, presided at the serving table, serving white punch and white cake squares to the guests. Milk glass appointments were used.

The serving table was covered with a white cut-work cloth over light blue. The centerpiece was composed of two large wedding bands, covered with blue satin, on a white carnation. Blue candles flanked the arrangement on each side. White ribbons inscribed in blue glitter with "Keith and Juanelle", added to the decorations on the table.

Mrs. Boone was presented with a white carnation corsage. Hostess gifts were a five piece set of stainless steel cook ware, portable mixer, Martha Washington bedspread, electric skillet, and a white linen table cloth.

The special guests were Mrs. Bud Andrew, the honoree's mother and Mrs. W.R. Boone, Springlake, mother-in-law of the honoree. Both were presented with white carnation corsages.

Hostesses were Mmes. Lee

FIRST IN SPACE?

**Some in U.S.
Are Skeptical
Of Russ Feat**

REPRINTED FROM THE HOUSTON POST

Did the Russians actually put the first man into space? The top officials, scientists and military men in the United States government are convinced that they did. But some Americans still doubt it. Because of the secrecy in which the Soviet space program is carried out, the skeptics say we are taking too much for granted. THE AMAZINGLY contradictory Russian press accounts of the launching of the first cosmonaut did little to lessen disbelief. In fact, after reading the first Soviet news stories, one member of Congress, Rep Roman C. Pucinski, D-Ill, said he was convinced the Russian orbit flight was a hoax and demanded that this country refuse to ac-

No Advance Notice of First Flight

Not so, the first manned space flight in Russia on April 12. There was no advance notice of the event. The site of the launching was kept secret. So far as is known there were no outside observers on hand either when the missile took off or when the space cabin returned to Soviet soil. IN ADDITION, the Alice-in-Wonderland flavor of the coverage of the event by Russian press and radio newsmen added to the confusion. Here are some of the things that were printed and said in Russia: 1) The first Soviet government announcement said the space-

Scientist Reports Sight by 'Radio'

2) Russian news accounts had Gagarin looking out of his space-ship and seeing the earth, sun, stars and sky in beautiful color. But one of Russia's chief space scientists, A. A. Blagonravov, meeting in Florence, Italy, said there were no windows in the spaceship. Asked how Gagarin could see, he replied, "By radio." 3) A TASS ACCOUNT of the orbital flight said Gagarin took off at 9:07 AM Moscow time, went eastward over Siberia and southeast across the Pacific Ocean, reaching the tip of South America at 9:22 AM or 15 minutes later. This was the longest leg of his round-the-world journey, yet Tass said his satellite went northeastward up the South Atlantic, reaching Africa at 10:15 AM or 53 minutes later. This could have indicated that the retro-rockets to brake the space cabin and start its return to earth were turned on at the tip of South America, slowing the cosmonaut down. But the reporter for Izvestia said he heard Gagarin saying by radio, while he was over Africa that his speed was still eight kilometers a second (more than 17,000 miles an hour), or the same as the speed after launching. 4) Other accounts had Gagarin reaching the night side of the earth immediately after takeoff. Even with a couple of hours for different time belts for the take-off site, Gagarin's flight should have begun in the forenoon and he should have been in daylight at least for 10 or 15 minutes. There would be even more doubt about the space flight, except for President Kennedy's prompt congratulatory message to the Russians and statements making it clear this government was convinced the Soviet Union was telling the truth. AT THE MEETING of the American Society of Newspaper Editors in Washington, there was a question and answer period after a speech by Dr Frank Press, a science adviser to President Kennedy. J. Q. Mahaffey, editor of the Texarkana News and Gazette, reported some people in Texas did not believe the Russians had actually put the first man into space. Dr Press replied that he could not explain the contradictory reports that had appeared in Russian newspapers. Then he added: "There is no doubt in the mind of any person who is knowledgeable in this field that the Russians did what they said they did. I cannot put that positively enough." But how could United States officials be so certain? One clue came from President Kennedy's speech later to the American Newspaper Publishers Association. In pleading for voluntary censorship by the press of certain news important to national defense, the President said: "In at least one case, the publication of details concerning a

man had landed in his ship in a "preset area." But Tass, the official government news agency, quoted a Russian tractor driver and several fellow workers as saying they watched while Gagarin parachuted down on a collective farm. This account said the cosmonaut had to wait awhile until an automobile with officials came by to pick him up. A newsman for Izvestia, the official Soviet government newspaper, said he was with the official party to greet Gagarin. He, too, had people seeing Gagarin come down from the sky. But he said a helicopter soon arrived to take the cosmonaut to a "populated locality."

secret mechanism — whereby satellites are followed — required its alteration at the expense of considerable time and money. It is known that the United States Department of Defense has a world-wide network of powerful radar installations to check on Russian missile tests or earth satellite launchings. THE SECRET Russian launching base is supposed to be just north of the Aral Sea, about 800 miles from Turkey's mountains, and even closer to Iran, which is directly south. There is a radar station in Turkey to track the Russian missiles when they first rise above the atmosphere. There are reportedly similar installations in Iran and Pakistan to follow the missiles and satellites as they fly eastward over Siberia. We have another such station in the Aleutian Islands near Alaska, one in the Hawaiian Islands and one in Australia. These are in positions to determine if it is a satellite that has been launched or a test missile. It was this network which enabled the White House to announce that the United States knew in advance when the Gagarin spacecraft was launched April 12. The Goddard Space Flight Center of the National Aeronautics and Space Administration reported we kept track of the last stage rocket, after the cosmonaut's space cabin separated and started its return to earth. This rocket continued to orbit the earth for four days and then fell into the atmosphere and burned, NASA said. But even if we did hear his voice from the space cabin, that is still no proof that Gagarin was actually in it. It will be recalled that in December, 1958, the United States orbited a satellite from which President Eisenhower's voice broadcast a Christmas message. But Mr Eisenhower was certainly not up in that satellite. Could it have been spies in the Soviet Union who verified that the Russian cosmonaut actually had orbited the earth? The White House has said President Kennedy's congratulatory message to the Russians was held up until we were actually certain that Gagarin had become the first man in space. But since this message was sent within 24 hours of the exploit, we would have to have a very efficient spy network indeed to get such a prompt re-

port. A more likely explanation is that our intelligence sources knew in advance that Gagarin would be launched into space and had so reported. Then when our radar tracking network reported the launching, and the return of the space cabin through the atmosphere, this was taken as sufficient verification. IF GAGARIN actually did become the first man in space, why all the contradictory reports in the press of the Communist world? The answer is had newspaper reporting. Scientists from the United States, who have visited Russia in recent years, report that the one area where there is apparently some freedom of the press in Russia is in science writing. Since political and other news is rigidly controlled, Russian newspapers go all out on science writing. The cosmonaut's flight was not the first instance in which erroneous science writing has appeared in the Russian press. Last February, when the Russian Venus probe was launched, it was officially announced that the space craft would pass close to Venus in the second half of May. Several days later, a Tass news story appeared in the Russian press quoting Ari Sternfeld, described as a Russian scientist, who said that the time table of the arrival of the Venus probe in the vicinity of that planet had been changed. The space craft was traveling at a slower pace than expected, this account said, and thus Venus would catch up with it and pass closest to it in mid-April instead of the second half of May. There was never any Russian denial of this account, but the official government announcements continued — and still do — to report that the Venus spaceship would come closest to the planet in the latter part of May. The date is now said to be May 19. LATER STORIES from Russia identified Sternfeld as a scientist, reporter rather than a scientist. It should also be remembered that when Gagarin had his first interview with Free World newsmen, there was nothing contradictory in his statements. He did, however, carefully avoid answering questions that would have disclosed any secret information about his space ship.

He said. Here's what he said when asked if he had returned to earth in the space cabin or by parachute: "Many techniques for landing have been developed in our country. One is the parachute technique. On this flight we employed the following: The pilot was in the cabin, the landing proceeded successfully and demonstrated the success of all systems developed for this flight." The Soviet space scientist Blagonravov also soon cleared up the confusion he had caused. He said that Russia had several types of space vehicles which could be returned from orbit. Gagarin was in a different type from the one Blagonravov had expected. The type used by the cosmonaut had optical portholes,

he said. Another bit of confusion about the flight came from the report, a day before the cosmonaut took off, by the London Daily Worker that Russia had put a man into space four days earlier. "This report said the man returned alive but was injured and was under treatment. UNITED STATES space officials reported the story was untrue, as no Russian satellite had been launched for three weeks before the Gagarin space flight. Those who doubt the authenticity of the Soviet claim should remember that this country badly underestimated Russian space science ability before the launching of Sputnik I on Oct 4, 1957. We do not want to be caught by sunrise again.

Visiting OHS Grads Listed

Olton residents saw the visits of many OHS graduates this past weekend. Among those home were:

From Texas Tech- Kenneth Prestridge, son of Mr. and Mrs. Barton Prestridge; Jerry Edmondson, son of Mr. and Mrs. M.L. Edmondson; Paul Ray Montgomery, son of Mr. and Mrs. Ray Montgomery; and Travis Walden, son of Mr. and Mrs. E.W. Walden.

From West Texas State - Terry Gail Hooper, daughter of Mr. and Mrs. Elbert Hooper; Hayden Hanks, son of Mr. and Mrs. W.T. Hanks; John Lynn Burrow, son of Mr. and Mrs. Brent Burrow; James Carson, son of Mr. and Mrs. Raymon Carson; and Gary Lawson, son of Mr. and Mrs. Drexel Lawson.

From South Plains College - Freddie Gordon, son of Mr. and Mrs. Fred Gordon; Jimmie Moss, son of Mr. and Mrs. K.L. Moss; Jerry Mathis, son of Mr. and Mrs. Henry Mathis; Roy Neal Jones, son of Mrs. Pauline Jones; and John Wayne Hair, son of Mr. and Mrs. Wayne Hair.

PTA Meets For Installation Of New Officers

Olton P-TA met Thursday for installation of officers under the direction of Mrs. Melvin Hines.

Mrs. Marvin Armstrong of Lubbock, president of the 14th District P-TA installed the following officers:

President, Mrs. Garland Long; 1st vice-president, Mrs. Parley Myers; 3rd vice-president, A.C. Truelock; 4th vice-president, Buddy Hedges; secretary, Mrs. George Caddell; treasurer, Mrs. Ed Thompson; reporter, E.J. McKnight; parliamentarian, Mrs. Jim Williams; historian, Mrs. Howard Buchenau and song leader, Harold Carson.

"Highlights of the Year" were given by Mrs. Jim Robinson, Joanna Lewis and Mike Riley presented piano solos.

The Olton Chapter received a blue ribbon for the year-book they submitted for judging at Lubbock. Mrs. S.K. Flatt is chairman of that committee. The Legislation and Publication committee under the leadership of Mrs. E.G. Clark received a plaque, and the historian committee received recognition under the direction of Mrs. Archie May.

The club recognized Mrs. Melvin Hines and Mrs. Lem Roberson as president and secretary, respectively, of the Lamb-Bailey Bi-County Council of P-TA.

Fred Gordon, principal of the H.P. Webb Elementary School, was presented \$200 for books for the elementary school.

Refreshments of cookies and punch were served by Mrs. Lacy Armstrong, chairman of the hospitality committee.

Methodist Men Sponsor Social

Methodist men entertained their wives and families at Family Night at the church Wednesday night with an ice cream and cake social.

Guest speaker was Ralph Wheeler of Edmondson. He illustrated his talk of "Africa" with a film taken while he traveled there. The talk covered the happenings politically during the early uprisings there and the peoples' way of life, dress and habits. It contained the animals of the jungles and the improvements made in the cities of the continent.

President of the Methodist Men is Dan Gregory.

GO TO SILVERTON

Ronda Robertson and Winfred Hair of Olton accompanied a group of business students of Lippert's Business College to Burlinson Lake near Silverton, Sunday.

From Draughon's Business College - Kent Wozencraft, son of Mrs. Orfan Hackler. From Lippert's Business - Winfred Hair, son of Mr. and Mrs. Bailey Hair.

HART CAMP

Mr. and Mrs. Blanton Martin and Suzanne visited Sunday afternoon with relatives at Slaton.

Priscilla Ragle, granddaughter of Mrs. R.S. Moore, is valedictorian of the Plainview seniors this year. She is the daughter of Mr. and Mrs. Ernest Ragle of Plainview.

Visitors in the Glenn Leggett home Sunday were Mr. and Mrs. Oscar Reese and Mr. and Mrs. J.R. Ellsworth of Lubbock.

The men of the Brotherhood of the Baptist Church met Monday night. Local members and three of the Royal Ambassadors made up the program. Boys taking part and passing requirements for Page were Gary Parkey, Stephen Burleson and Robert Sageser. Men present were Bro. Jack Moore, Dewey Parkey, D.R. Leonard, Fae Moore, Blanton Martin, H.V. Lynch, Ivy Thompson, L.W. Sullivan and Bill Johnson.

Bro. and Mrs. Jack Moore visited last week in Wolf City in the home of his sister who has been ill.

Mr. and Mrs. Ray Johnson, Mr. and Mrs. Elma Burleson, Mr. and Mrs. J.W. Johnson, and Mr. and Mrs. Dan Puckett left Monday on a squirrel hunting trip.

Mr. and Mrs. H.V. Lynch visited last week with Mr. and Mrs. Oliver Bier of Plainview.

Mrs. Junior Muller, Patti and Mark spent the weekend with the Clarence Monroes near Friona.

Mr. and Mrs. O.J. Neeley attended the funeral Monday of Mrs. Ollie Rice of Lubbock, formerly of County Line. Services were held at County Line.

Mr. and Mrs. Blanton Martin returned Mr. A.F. Davis to his home at Southland Wednesday. They visited also at New Home.

Weekend visitors in the L.W. Sullivan home were Mr. and Mrs. R.O. Lester and children of Shamrock and Mr. and Mrs. Acie Austin and son of Amarillo.

Gayle McAnally Named Editor Of Student Paper

Gayle McAnally, daughter of Rev. and Mrs. R.M. McAnally, of Lockney, and a freshman history major at McMurry was appointed as editor of the War Whoop, student newspaper at McMurry for the coming school year.

Miss McAnally attended high school and graduated in Olton, where her father was pastor of the Methodist Church. While at Olton, she worked in the Olton Enterprise for three years, starting as a teen-age reporter and concluding as a society editor.

While attending West Texas State College in Canyon, Miss McAnally, worked as a staff reporter on the Canyon News.

WINS BLANKET

The electric blanket which was raffled by St. Peter's Altar Society on Sunday, May 7, was won by Mr. Benigno Salas of Earth.

FEMININE REASONING

Many a wife has helped her husband to the top of the ladder - then decided the picture would look better on the other wall.

Trophy Presented; Honors Announced At OHS Meet

Most Beautiful girl and Most Handsome boy of Olton High School were announced in an assembly Monday. At the same time the band trophy, which was won Saturday, April 29, was presented to the principal.

Linda Gail Thompson, daughter of Mr. and Mrs. Ed Thompson, and Fred Riney, son of Mr. and Mrs. J.B. Riney, were announced as Most Beautiful and Most Handsome of Olton High School by the editor of the Mustang Annual, Barbara Williams. The two were selected by Mr. and Mrs. Pat Boone from the five girl and five boy contestants. Runner-ups for Most Beautiful were Lonna May, Barbara Kirkpatrick, Jeanavon Harper and Sylvia (Nicholas) Buchenau. Ronald Fancher, Lester Hines, Ronnie Kidd and Randece Buchenau were runner-up for the Most Handsome title.

What some women want most from their husbands is the putting of little feats about the house.

The band trophy, won April 29, was presented to the high school principal, Joe Turner by the band president, Harvie Jordan, and Becky Hall and Ronald Fancher, Mustang Band Drum Majors. The trophy was for a Division I rating in the marching, concert and sight-reading contests held in Brownfield over the year.

UP FOR GRABS

My wife depends greatly on Magnolia, an old family retainer, to help her with the household chores. When she failed to show up for several days, we went to investigate. "My sister's in the hospital," Magnolia explained. "They operated on her and she's mighty sick."

We expressed our sympathy, and in the course of conversation my wife asked what the trouble was. "I don't know, ma'am," Magnolia replied.

Smiths Purchase Bainer Elevator

L.D. Smith and Leo Smith of Olton have purchased an elevator at Bainer Switch east of Littlefield, it was announced this week.

The Smiths bought the firm from Uhlmann Elevators of Texas and Louis E. Boothe. The transaction was closed last week.

Letter to a Boston paper: "Dear Sir: When I subscribed a year ago you stated that if I was not satisfied at the end of the year I could have my money back. Well, I would like to have it back. "On second thought, to save you trouble, you may apply it to my next year's subscription."

And then there was the widow who wrote a testimonial letter to an insurance company, saying: "My husband took out insurance with your company and only a month later he drowned. Insurance is certainly a good investment."

Pony League Games Set

Bub Holt, coach, has announced the schedule for pony league play this year with the first game coming on May 30 when Olton will play Earth at Earth. Sudan will play Hart on that date at Sudan.

The schedule reads as follows: June 2-Olton vs Sudan at Olton; Hart vs Earth at Hart. June 6-Olton vs Hart at Olton; Sudan vs Earth at Sudan. June 10-Hart vs Sudan at Hart; Olton vs Earth at Olton.

June 13-Sudan vs Olton at Sudan; Earth vs Hart at Earth. June 15-Earth vs Sudan at Earth.

June 17-Hart vs Olton at Hart.

June 19-Sudan vs Hart at Sudan.

June 20-Earth vs Olton at Earth.

June 23-Olton vs Sudan at Olton.

June 24-Hart vs Earth at Hart.

June 26-Sudan vs Earth at Sudan.

June 27-Olton vs Earth at Olton.

June 30-Olton vs Earth at Olton.

July 1-Hart vs Sudan at Hart.

July 4-Sudan vs Olton at Sudan; Earth vs Hart at Earth.

July 6-Earth vs Sudan at Earth.

July 8-Hart vs Olton at Hart. All games will begin at 8 p.m.

HART TO HART

Gary Brent Clever of Amarillo, grandson of Mr. and Mrs. Lloyd Farris, spent last week with his grandparents while his mother, Mrs. Peggie Clever was in Dallas for her state examination in nursing.

Visiting in the home of Mrs. Nora Ray Sunday was Mrs. Cora Hacker, Mr. and Mrs. Frances Batsell, and Mrs. Follis, all of Lubbock; Mrs. Carra Morgan of Earth; Mr. and Mrs. James Webb, Mr. and Mrs. Poncho Lacy and girls, and Mrs. Clyde Wimberly, all of Amarillo; Mr. Earl Hacker and Twila Hicks, Mr. and Mrs. T.C. Ray, Mrs. Lora Van Vliet and Patricia, all of Hart.

Mr. and Mrs. E.E. Martin have returned home from Florida where they have spent two months with their daughter, Mr. and Mrs. Charles Wells.

The Farmers Grain Elevator is receiving a coat of white paint.

Mr. T.G. Mousner and family were in Wichita Falls this weekend visiting his son and family, C.W.O. Billy Mousner at Shepard Air Force Base.

Mr. and Mrs. Roy Taack spent the weekend at Vernon with their daughter and husband, Mr. and Mrs. Melvin Malone. They also had a picnic Sunday at Lake Altus, Okla. and visited with Mr. Taack's cousin, Mrs. W.B. Stamford, at Altus. Mrs. Dean Taack and Kathrene of Dimmitt went with the Taack's.

Willis A. Hawkins Sr. and wife are at Cotton Wood and Brownwood Lake fishing for a few days.

Mrs. Joe Newman was in the hospital a few days last week. She is doing fine.

Halfway Man Loses Leg

R. H. Allen, 41, farmer three miles west of Halfway lost his left leg below the knee in a tractor or power take-off early Tuesday night.

Allen is receiving treatment at the Plainview Hospital and Clinic where he underwent surgery for removal of a portion of his leg at the knee. Members of the family said this morning "He's going to make it fine."

Allen was using dirt moving equipment to level around an irrigation well. The scraper and elevator were powered by a tractor from the power take-off which revolves with terrific speed.

Somehow Allen got the toe of his boot in a universal joint of the power take-off. The rapidly turning iron shaft literally tore the limb in two.

Mrs. Allen who had gone to the well in a pickup to see her husband was driving away when she heard her husband scream. She ran to his assistance.

With his wife's aid Allen hobbled to the pickup. Mrs. Allen drove to Halfway. The pickup motor was not performing satisfactorily and the Rev. Luther Baker, Halfway Methodist Church pastor, took Allen and Mrs. Allen to the hospital in his automobile. Allen declined to have a tourniquet placed on his leg and on the way to the hospital gripped the stub with his hands to control bleeding. Allen's severed leg, the foot still in the boot was taken to the hospital with him.

The force of the power take-off threw Allen clear of the machinery which may have saved his life. There wasn't another scratch on him, a relative said.

Allen has resided all his life on the farm he now operates.

Study Club Hosts Golden Agers

The New Century Study Club was hostess of the Golden Age Social Thursday, May 4, in the Legion Hut.

The sponsors requested that the Golden Agers bring antiques of some kind. During the program a sport was given by each member on the article he brought.

In addition to the explanations of the antiques, Mrs. Ed Thompson read a poem, Mrs. Frank Struve gave the history of Olton, and Mrs. Glen Exter gave the history of Lamb County.

Convalescent cards were signed by the members and sent to sick friends. Happy

Officers Named By Olton WSG

Officers of the Wesleyan Service Guild were elected for the new year during a regular meeting Tuesday, May 9, in the home of Mrs. Marshall Stone.

New officers include: president, Mrs. Glen Singleterry; vice president, Mrs. Roye Akman; secretary, Mrs. B.C. Daugherty; treasurer, Mrs. Billy McAlister and reporter, Mrs. Raiford Daniel.

The meeting opened with a prayer by Mrs. Jim Williams, followed by a devotional on "Prayer" by Mrs. Raiford Daniel. Mrs. Billy McAlister talked on "Woman's Changing Roles." Guest speaker, Mrs. R.J. Pinkerton, talked on "The Lord's Prayer."

Cake and punch were served to the following members present: Mmes. Gene Trotter, W.F. Gaede, Roye Akman, Raiford Daniel, B.C. Daugherty, Jim Williams, K. Salman, Glen Singleterry, Conner Parsons, Gerald Bizzell, Bailey Hair, Billy McAlister and the hostess, Mrs. Stone.

Installation of officers will be the program topic of the next meeting, Tuesday, May 16, at the Methodist Church. It will be a joint meeting with the Woman's Society of Christian Service.

Birthday was sung to Mrs. Frank Struve.

Punch and cookies were served to Mr. and Mrs. T.T. Souter, Mrs. C.M. Owen, Mrs. Dora Walthall, Mrs. J.E. Jones, Mr. and Mrs. F.M. Holland, C.T. Mason, Mrs. Nellie Turner, Mrs. Eula Wilks, Mr. and Mrs. J.A. Wheeler, Mr. and Mrs. F.L. Knox, Mrs. M.A. McCraw,

Mrs. Bessie Cowart, Mr. and Mrs. G.T. Gallaway, Mrs. Ann Pavelka, Mrs. Mary Hogue and to the sponsors, Mrs. Frank Struve, Mrs. Ed Thompson, Mrs. Glen Exter, Mrs. Elmo Bryant, Mrs. Don Spain, and the regular sponsors, Mrs. Tom Smith and Mrs. Joe Chester. The next meeting of the Golden Agers will be May 26.

CARD OF THANKS

We would like to extend our deepest appreciation to everyone who has tried to make our burden lighter. We thank you for the many gifts of food and for the beautiful cards. We thank you from the bottom of our hearts. The Hackler Family

Farmers..Here's How To Cut HAND HOEING COSTS!

The John Deere Cultivator Rotary Hoe Attachment

FEATURES

- *Saves time
- *Saves fuel
- *Saves hand hoeing
- *Works Clean
- *Breaks Crust
- *Replaceable Steel tires
- *Non-curling Cold forged points
- *White-Iron Bearings
- *Adjustable Down-Pressure
- *Removable Center Wheels

On first and second applications, the John Deere Cultivator Rotary Hoe Attachment saves at least half a farmer's valuable time during the busy spring season, and saves up to 40 per cent on fuel as well. It does this by cultivating safely at 4 1/2 miles an hour or faster, instead of the usual 1 1/2 or 2 miles per hour.

The Rotary Hoe Attachment permits earlier cultivating and does a cleaner, more thorough job. It breaks crust and flips out the shallow-rooted weed sprouts right in the row, without damage to the deeper-rooted crop.

Cotton, corn and bean growers using this attachment find they no longer need to spend more time cultivating than on any other field operation. Cotton growers find also that it eliminates much of the expensive hand-hoeing operation.

After the crop is up 6 or 8 inches, the two inside hoe wheels can be removed. The outside wheels then act as shields to protect the crop during high-speed cultivation.

THIS IS A REASON WHY....

More farmers, like Witt Lacewell of Olton, plant DEKALB than any other brand.

Perhaps it's DeKalb's large open head, or it's excellent stand ability, or extra yield farmers get with DeKalb.

Witt Lacewell was mighty proud of this field of DeKalb F-63, he planted May 5 last year. Witt pre-fertilized with 60 lbs. of NH4 per acre, later side-dressed with another 60 pounds of NH4. After 3 waterings, he harvested the first week of October, and cut 6000 POUNDS OF DEKALB grain per acre.

THERE ARE MANY REASONS WHY DEKALB IS PLANTED BY MORE FARMERS THAN ANY OTHER BRAND

**Don't Borrow...
...Buy Your Own**

"A man too stingy to subscribe to the hometown paper, sent his little boy to borrow a copy from his neighbor. In haste, the boy ran over a stand of bees and in 10 minutes, he looked like a wart summer squash. His father ran to his assistance and, failing to notice the barbed wire fence, tore and ruined a \$9 pair of pants."

"The old cow took advantage of the gap in the fence, got into the field and killed herself eating green corn. Hearing the commotion, his wife ran out, upset a four-gallon churn of cream into a basket of little chickens, drowning the entire batch."

"The baby, being left alone, crawled through the cream into the parlor, ruining a brand new \$50 carpet. During the excitement the oldest daughter eloped with the hired man, the dog broke up 11 setting hens and the calves got out and chewed the tails off four shirts on the clothes line."

MORAL: "Don't borrow your neighbor's paper, it's too risky."

Seniors Return From Annual Trip

Forty-one seniors of Olton High School returned Sunday from the annual senior trip which was made this year to the Mayan Dude Ranch at Bandera.

Monday through Friday of last week were spent at the ranch riding horseback, swimming, hayriding and eating barbecue at the largest dude ranch in the area.

The "food there was the best in Texas" chimed Barbara Hamm and Barbara Williams. Mrs. Joe Harper, sponsor of the class, received a letter from the owner of the ranch, Don Hicks, complimenting the class on their behavior and inviting them back soon. He said the class was the "best behaved, friendliest, and most co-operative group they had ever had at the ranch."

The group also visited the capitol in Austin and the Alamo, zoo, and sunken gardens in San Antonio.

Sponsors making the trip were Mr. and Mrs. Joe Harper and Richard Bentz.

35 Entries Now In Lions Club Bowling Contest

Approximately 35 bowlers entered the Olton Lions Club's annual benefit bowling tournament here last weekend.

The tournament will continue May 13-14 and May 20-21 at the Olton Bowling Center, Inc.

Entries close midnight May 21.

Entry fee is \$5 and bowlers must bowl three games on one pair of lanes and may enter as many times as they like.

A 75% handicap from 200 will be used with the highest average as of May 1 with a minimum of 12 games. If a bowler has no average, he may bowl scratch.

There will be both men and women divisions. The prize ratio is one for ten entries.

ATTEND MEETING

Mrs. Bill Collins, Mrs. W.F. Gaede, Mrs. David Farr, Mrs. Henry Miller and Mrs. Jim Gregory attended the District meeting of the Woman's Society of Christian Service last Thursday at Hale Center.

"I heard something this morning that opened my eyes," "So did I--an alarm clock."

SPRING IS SPRUNG. . . Mrs. Dorman Thomas stepped outside Tuesday to enjoy the sunshine and gather some roses from the climbing bush at her home. The branches are clustered with thousands of small, red blooms.

'Ding-Dong Daddies' Keep Projects Going At Dumas

With a tendency in some quarters to holler "uncle" when business gets rough (Uncle Sam, that is), the citizens of Dumas, Texas, rightly deserve the recognition they're getting in the current issue of Farm Quarterly, national farm magazine, published in Cincinnati.

Back in the roaring 20's somebody wrote a song, "I'm a Ding-Dong Daddy from Dumas, you ought'a see me do my stuff!" Today, Dumas county seat of Moore county in the Panhandle, is prosperous because the Ding-Dong Daddies

Recipe Of The Week

Our recipe for the week is a cake donated by Mrs. Dick Whiteley. Her husband and daughter seem to think it's the greatest.

- 1/2 cup oleo
- 1/2 cup crisco
- 1 3/4 cup sugar
- cream this well
- add:
- 5 eggs (beat in 1 at a time)
- sift in:
- 3 cups flour
- 1 teaspoon baking powder
- 1/2 teaspoon salt
- add ingredients alternately to egg mixture with:
- 1 cup sweet milk. Beat after each addition
- add:
- 1/2 teaspoon lemon rind
- 1/2 teaspoon lemon extract

Place wax paper in bottom of tube pan and grease sides and tube. Bake in 350 degree oven for 1 hour and 20 minutes. Test at 1 hour.

are farmers or ranchers and a veterinarian. An experienced feeder from Nebraska was hired to run the feedlot. All this took place within a few weeks after the Dumas Daddies first toured feedlots to learn how they could create a market at home for their milo and silage, and keep stockers right in the county while they are growing into beef.

The Ding-Dong Daddies cut their eyeteeth on organizing community projects in 1947 when they set up the Dumas Co-op grain elevator. Starting with a tiny ironclad building of 27,000-bushel capacity, the Co-op now has facilities for storing 1,750,000 bushels of locally produced grain.

During the 1940's, natural gas and oil deposits brought big industry to Moore county, with more travelers and prospective residents than Dumas had ever seen. Hotel space was totally inadequate. A drive was organized to raise funds and in 1952, Dumas celebrated the opening of a modern, 4-story, locally-owned hotel.

New families coming in brought a demand for homes, but funds for building were pretty slim in the county so the Daddies organized the North Plains Savings and Loan Association. It now has \$1.7 million in total assets, \$1.3 million of which are in first mortgage loans. Most of these loans are on residences, some are for business and farm improvements.

Dumas boasts an up-to-the-minute hospital financed through county bond issues; a neat, well-kept airport; and a new library is under construction as the result of a \$100,000 gift from one of the county's ranchers.

In such ways, the Ding-Dong Daddies of Dumas are making their community economically sound.

CARD OF THANKS To The People Of Olton:

We wish to express our deepest appreciation to all the citizens in Olton for their support of the Girl Scout Council. Olton continues not only with the wholehearted financial support for the Girl Scout Program, but, as always, with the

active participation of its citizens. The Council will continue with every effort to provide the best possible for the girls' program. Again may we say thanks to all those who made the Fund Drive a success. Irene Beck, executive director, Caprock Girl Scout Council.

CARD OF THANKS

We wish to express our deepest appreciation to our many friends and neighbors for the kind expressions of sympathy, the food and flowers. We will always remember your thoughtfulness. The Family of Mrs. Wm. Huckabee

DOWPON... Kills Johnson Grass

Problem grasses choke out crops, reduce yields, make extra cultivating work! Clean up your fields with Dowpon*. It's more economical . . . more effective . . . kills grasses, roots and all . . . reduces regrowth problems. Will not injure grazing livestock if accidentally eaten. Apply in spring or fall before planting, or as a selective spray, or as spot treatment on certain crops.

Cotton Fertilizer Test Results Are Announced

The 1960 cotton fertilizer tests at the High Plains Research Foundation disclosed the importance of proper amounts and placement of phosphate fertilizer," Delbert Langford, associate agronomist, remarked as he released reports this week.
"Placing phosphate in bands of 3 inches to 10 inches from the seed and 2 to 3 inches deeper than the seed, produced the best results in the fertilizer placement tests with yields of 1011 to 1016 pounds of lint per acre compared with 928 pounds with no fertilizer." Several methods of placement were compared in the test. "Eighty to one-hundred twenty pounds of phosphate combined with 40, 80 and 120 pounds of nitrogen produced significant increases over no fertilizer. The low rate of application of 40 pounds of phosphate per acre did not prove profitable with any rate of nitrogen. Phosphate applied without nitrogen was not profitable. This has been true in four years of experimentation at Halfway." Cotton that was planted in May had to be replanted on June 16, 1960 due to wet weather blight and seedling disease. The highest yield under these circumstances was obtained from an application of 40 pounds of nitrogen and 120 pounds of phosphate. In a longer season, as in 1958, the highest yield increase was received from an application of 120 pounds of nitrogen with 80 pounds of phosphate.

Professor: "A wise man doubts everything. Only a fool is positive."
Student: "Are you sure of that, sir?"
Professor: "Positive."

PANHANDLE MUTUAL HAIL ASSOCIATION
We do not have a "man in space" — but we do feel that we have Crop Hail Coverage that will meet, beat and compete with all other companies. Be sure and see your PANHANDLE MUTUAL HAIL ASSOCIATION Agent or talk to your PANHANDLE MUTUAL neighbors so that you can compare coverages and prices. Remember that your PANHANDLE MUTUAL HAIL ASSOCIATION has two cotton policies in order to give better coverage to early cotton or late cotton, whatever your case might be. The managers of your PANHANDLE MUTUAL HAIL ASSOCIATION all farm cotton, wheat, and maize and have for many years. Consequently, they try to offer policies that will fit the West Texas farming conditions and weather difficulties.
Please notice that the cotton and wheat applications go into effect only 48 hours after written, and, in case the cotton applications are written before stand date, the cotton application goes into effect 24 hours after stand of cotton. It seems to us, as farmers ourselves, that this is more practical than the standard 96 or 120 hours.
Please notice that your PANHANDLE MUTUAL HAIL ASSOCIATION is the only company that offers a wheat policy in Texas with the exclusive "Extra Harvest Expense Award Clause". We know from actual experience that it costs more to harvest a wheat crop after it has suffered over 70% hail loss.
With 5 or 6 different policies out this year, you need to make sure you are getting the best coverage for the money spent.

Hearings On Sugar Bill Scheduled For May 18

Rep. Harold D. Cooley, chairman of the House Agriculture Committee this week announced that hearings on a new long-range sugar bill will begin Thursday, May 18, and that the first two days, Thursday and Friday, May 18 and 19, will be set aside for spokesmen representing new growers and new areas in the continental United States.

After opening the sugar hearings, Chairman Cooley said the committee will return to consideration of the Administration's farm bill which is the subject of hearings now being held before the committee.

Hearings on the farm bill are being recessed for the week beginning Monday, May 15, so that the Gathings Subcommittee on Equipment, Supplies, and Manpower may conclude its study of high farm machinery costs and for the start of the sugar hearings. The Gathings Subcommittee will hold its hearings on Monday, Tuesday and Wednesday, May 15 - 17.

Sgt. Martinez Returns From Duty In Japan

Staff Sgt. Jose K. Martinez, husband of the former Miss Irene Uranga of Olton, has been transferred from Tachikawa Air Base, Japan, to Reese Air Base, Texas.

Sergeant Martinez, a 1946 graduate of Brackettville High School, has spent nine years in the Air Force, four of which were on overseas assignments in Alaska and Japan.

His parents are Mr. and Mrs. Simon Martinez of Hart, Texas.

VISIT IN KEMP HOME

Spending the afternoon in the Bill Kemp home Sunday were Major and Mrs. G.D. Kemp, and Mrs. Alice Acres, all of Lubbock.

the pending business before the Committee and that the scheduling of further days for consideration of sugar will depend upon the progress made in hearings on the farm measure.

He said that the resumption of sugar hearings would be announced as far in advance as possible of the hearing date.

Dimmitt Party Honors Mother Of Local Woman

Mrs. Winston Bley attended a retirement party honoring her mother, Mrs. Grace Loyd, given by the teachers of the Dimmitt Schools Wednesday afternoon.

Mrs. Loyd is retiring from active teaching after almost 30 years as a teacher. She holds a bachelor of arts degree, with high honors, and a masters degree from Texas Technological College. She formerly lived in Olton, serving as sherriff of Lamb County in 1937 and 1938.

Mrs. Loyd plans to continue living in Dimmitt, where she will be a substitute teacher next year.

VISIT IN TULIA

Mrs. Bob Coen, Mrs. David Howton and Mrs. Ineta Dennis visited in the home of Mr. and Mrs. Ray Tomlinson and family in Tulia last Wednesday. Mrs. Tomlinson is the former Miss Joan Dudley of Olton.

VISIT IN NEW MEXICO

Mrs. Laymon Elkins and Mrs. Lavelle Elkins of Olton, Mrs. J.W. St. Clair of Muleshoe, and Mrs. M.K. Fisher of Hale Center visited their brother, Carl L. Dyer, and family in Albuquerque, N.M., the past week.

HOMECOMING SET

Church of God's Homecoming will be held Sunday, May 14, at the church. The activities will include an all day service and dinner on the grounds.

School Menu

May 15-19, 1961 (Subject to Change)

MONDAY - Fried ham and gravy, sliced pineapple, corn, hot rolls and butter, grape jelly, and milk.

TUESDAY - Dixie Dog and mustard, brown beans, spinach, cherry pie, corn bread and butter and milk.

WEDNESDAY - Barbequed chicken, asparagus tips, potato salad, plums and cookies, rolls and butter and milk.

THURSDAY - Italian spaghetti, deviled egg, tossed green salad, pickledbeets, lemon pudding, french bread, chocolate or white milk.

FRIDAY - Turkey pot pie, new potatoes, apricots, gingerbread, rolls and butter and milk.

May 19 Awards Assembly Set

An awards assembly will be held at Olton High School May 19 at 10 a.m.

Certificates in all departments will be awarded at this time as well as the valedictorian and salutatorian awards.

All parents are urged to attend.

Study Club Has Meeting May 3

New Century Study Club members attended the last meeting of the year at the home of Mrs. Delmer Givens, Wednesday, May 3.

Roll call was answered with an interesting fact about Hawaii or Alaska. The talk "Hawaii" was given by Mrs. Wilton Bodkin and "Alaska", by Mrs. Elmo Bryant.

Present were Mmes. Wilton Bodkin, Elmo Bryant, Alva J. Spain, J.C. Brown, Frank Struve, Ed Thompson, Fred Thompson, Elmer Moore and Mrs. Gilbert Roberson, hostess and co-hostess.

An installation dinner will be given at the Hilton Hotel Club Room Monday, May 15.

Mrs. Lawrence Has Surgery

Mrs. Ira Foster left last Friday morning to spend two or three weeks with her sister, Mrs. John Lawrence, who underwent major surgery recently.

Anyone wishing to write Mrs. Lawrence should mail to this address: Mrs. John Lawrence, 300 North Arizona Ave., Willcox, Arizona.

Mrs. Lawrence is also the sister of Ray Culwell of Olton.

Safety Program Set For Friday

A safety program sponsored by the Farm Bureau will be conducted at Olton High School Friday at 9 a.m.

A film will be shown and a demonstration of actual driving will be given by the Highway Patrol.

MYF Officers Are Elected

Officers of the Olton Methodist MYF were elected Sunday night at the church.

President of the MYF is Nancy Bryant. Rea Horn is vice-president and Tanya Bryant, secretary-treasurer. Publicity chairman for the group are Ronda Robertson and Lana Hair. Other officers include: Christian Outreach, Alice Bryant; Christian Faith, Gary Bizzell; Christian Citizenship, Bobbye Tollett; Christian Fellowship, Sandra Thomas; and Christian Witness, Robert Struve. These officers will be installed Sunday night by the Rev. W.F. Geede. They will work with the summer Youth Director, Lynn Jones of Plainview, to plan Youth Activities Week and recreation during the summer months.

ASCENSION THURSDAY

Olton Catholics will have Ascension Thursday today at 6 p.m. in Saint Peter the Apostle Chapel. This is one of six days besides Sunday that Catholics attend Mass. The public is invited.

Save On Dry Fertilizer CAPROCK Premium Grades With X-Tra Trace Minerals For Cucumbers!

1. Caprock X-TRA grades have an additional combination of secondary elements added. This product is known as Sul-Po-Mag.
2. Sul-Po-Mag is a balanced combination of water-soluble magnesium and premium Sulphate-of-Potash, and contains 18% magnesium and 22% Sulphate of Potash.
3. Unfortunately potassium deficiencies are hard to detect in crops until it is too late. In cucumber plants, potassium-deficiency symptoms are the characteristic bronzing and dying of the leaf margin. The bronzing gradually spreads into the leaf area between the veins. Fruit with an enlarged tip end is characteristic.
4. Caprock X-TRA premium grade fertilizer contains an ample quantity of Sul-Po-Mag to prevent these deficiencies and poor yields from occurring. If you believe deficiencies exist in your soil, ask for Caprock X-TRA premium grade fertilizer.

PACKED AND READY to leave for her trip to Lebanon May 21 is Mrs. K. Salmon. For this first trip home in ten years, Mrs. Salmon will fly by jet from Lubbock to Dallas, then from Dallas to New York. The third flight from New York will make stops at Paris and Rome.

First Methodist Children Present Church Program

"The Earth is the Lord's" was the theme for the services of the Olton Methodist Church Sunday night as the children of the church presented the program.

Mrs. Rex Chitwood, Superintendent of the Children's Department, introduced the program. Organist was Mrs. D.L. Givens and pianist, Mrs. Bill Yates.

The Kindergarten, under the direction of Mrs. Calvin Horn, presented a program of physical blessings with group songs and readings, then presented their mothers with potted plants.

Mrs. Dick Cade directed the Primary as they sang and gave poems on the blessings for the body such as food and clothing.

The Junior Division, directed

VISIT BROWNS

M/Sgt. and Mrs. Dailey D. Brown and two boys of Fort Ord, Calif. visited in the home of his parents, Mr. and Mrs. D.D. Brown, last week. They were enroute to their newhome at Fort Knox, Ky.

IN HOSPITAL

Bob Worley and Bennett Worley are in Medical Center Hospital, Plainview.

"It's not only the cost and the upkeep of a car that worries you, but also the possible turnover."

by Mrs. Gene Trotter, gave the playlet, "Rod's Family Talks it Over", with Gayle Truelock, Steve Spain, Lannie McClain and Debbie Walden, narrated by Cindy Cade. The group then sang "My God, I Thank Thee", and "Bless Thou the Gifts," directed by Mrs. W.F. Gaede.

The program was closed with congregational singing.

Junior High Graduates Are Honored With Banquet

Eighth Grade Graduates of Olton Junior High were honored Friday, May 5, with a banquet at the Methodist Church given by the women of the church.

The theme, "Stairway to the Stars", was carried out in the decorations and favors and the speech given by the Rev. Allen Adams, pastor of the Methodist Church, Shallowater.

Mike Hipp was Master of Ceremonies. The invocation was given by the Rev. Wilber Gaede and the welcome by Mrs. Owen Norfleet, president of the Woman's Society of Christian Service. Cherry Langford gave the response. A girls' chorus composed of Jan Geoge, Deanna McKnight, Barbara Johnson, Deanna Thompson, Pam Hair, Judy Dennis, Cherry Langford, Lana George, Deena

DeBerry, Lorita Blades, Mary Roberts, Terri Miller, Rosalee Miller and Paula Jones, sang accompanied by Harold Carson. A "Welcome to High School" was given by Joe Turner, the Class Prophecy, by Suzanne Martin and the benediction, by E.J. McKnight.

Special guests were the faculty of Olton Junior High and their wives or husbands, Mr. and Mrs. Joe Turner, principal of Olton High School; Mr. and Mrs. E.J. McKnight, principal of Olton Junior High; The Rev. and Mrs. W.F. Gaede and the Rev. and Mrs. Allen Adams. Class officers include, Mike Hipp, president; Cherry Langford, vice-president; Coye McGill, secretary; and reporters, Deanna McKnight and Terri Miller.

Sponsors of the class are Willis Hedges, A.C. Whittle and Pat Blessing.

VISIT COENS

Mr. and Mrs. Ray Tomlinson and girls of Tullia, Mr. and Mrs. David Howton, and Mrs. Ineta Dennis joined the Bob Coen family for dinner in the Coen Home.

Graduation Dates Set For Senior

And Junior High Graduation exercises for Olton Senior High will be Friday, May 26, at 7:30 p.m. Baccalaureate will be May 21 at 7:30 p.m.

Graduation for the Junior high will be May 26 at 9:30 a.m. The sixth grade had its annual end-of-school party Tuesday at the Plainview skating rink and the eighth grade will have a weiner roast for their party tomorrow.

"These days you'd better think twice before promising a girl the moon."
