NUMBER 28

Tomorrow night (Friday) is the night our Attorney General makes a public appearance in Knox City. Occasion will be the local Lions Club Ladies Night and Banquet.

We might add that if you are a Lion or not makes no difference—whether lion or lamb one and all are welcome.

Carr received a very strong vote in the last election from people of this area, and Knox City especially voted almost three to one for him.

Carr has started out working diligently and has set a number of records for his office.

In his Bond Division his office has set an all-time record for bonds examined and approved during the first four months of his administration.

He has approved 274 bonds—\$189,000,000 worth.

Since January 1, Carr's office has handled a total of 1,311 cases—986 won, 61 lost and 264 disposed of in other ways.

C. J. Reese told us the Knox City Country Club clubhouse was just about ready and that a new roof had been installed plus innumerable other things to not only make the place more attractive but more liveable.

Things are going great, but the fly in the ointment is that we need furniture!

If any of you ladies need a place to store that extra divan, chair or anything of that nature the Country Club set would let you leave it at the clubhouse. Naturally it would receive a little use, but heck, you wouldn't have to pay rent and it would be well appreciated!

Knox City's Convalescent home will hold open house Sunday. Details were not complete at this writing.

Monday we took a picture of the new building and noted that work is still under way, although there are already some patients being admitted.

A number of local people plan to admitting relatives here from other areas in the near future.

Care homes of today are a far cry from the old folks homes of years gone by—and if you are like me, you will have a surprise in store for your first visit through today's modern, well-equipped home. Knox City's is just as swanky as any motel a person can find and no expense for the patients convenience or welfare has been overlooked.

Was visiting with Brother Jarrell Sharp the other day and it reminded us that he has been appointed, hired, or confined, whatever Methodists do when they fall heir to a town—for another year in Knox City.

Rev. Sharp has made an enviable record during his tenure here not only with Methodists we are friendly with but the town in general.

Rev. Sharp has, in three years, been in on the ground floor of a large Fellowship Hall, and has seen every cent of its indebtedness paid off. The congregation is now planning a new sanctuary to replace the old one.

Don't be surprised if they are meeting in a brand new up-to-date edifice by this time next year!

FORMAL OPENING of the Brazos Valley Care Home is scheduled for Sunday from 2 to 4 p.m. it was announced Wednesday. Everyone is cordially invited to attend open house.

Brazos Valley Care Home To Have Open House Sunday From 2 To 4 P.M.

The Brazos Valley Care Home will have its formal opening Sunday, June 9 from 2 to 4 p.m.

The home is a new concept in the care of the aged and has incorporated the most modern equipment and features in its construction.

The building is fireproof and is heated and air conditioned with individual controls in each of the 17 bedrooms. An inter-communication system connects the central nurses' station with all the rooms. The building is constructed of pink brick.

Modernistic furnishings in the spacious lobby give a home-like atmosphere and a television set has been installed for entertainment of the patients.

Dining room area joins the lobby and food will be prepared in the modern designed all electric kitchen.

The bedrooms are furnished in attractive colors with comfortable beds, and built in chests. Some of the rooms have semi-private baths. In the central bathrooms the tub is located so that nurses can walk along each side to give assistance and a shower room is equipped where patients can be wheeled in and bathed. Safety hand rails in all the bathrooms and along the corridors have been installed.

Mrs. Elbert King is the administrator and trained personnel will be on duty 24 hours a day.

Farm Worker

Killed In Accident

Pedro Reyna, 61-year-old farm worker, was killed instantly between 3 and 4 a.m. Sunday when he was crushed between a tractor and stalk cutter while assisting his son.

The son's automobile had become stuck in the mud and Reyna was summoned to help. He apparently attached the tractor to the disabled car by chain. When the tractor started it reared up, trapping Reyna between the two implements.

Investigating the accident were Sheriff H. C. Stone and Max Stout, Texas Highway Patrolman from Seymour.

Reyna was a native of Mission. He had lived in the Knox City area since 1947. He was employed by Wayne Hutchinson.

Funeral services were held at 10 a.m. Monday from the Catholic Church in Haskell. Burial was in the O'Brien Cemetery.

Survivors include the widow; three daughters, Mrs. Leonard Carzo of Plains, Mrs. Thomas Carrato of Plainview, and Aleta of the home; and five sons, Jesse, Lonnie and Felix, all of Knox City; George of O'Brien, and Jason of Haskell.

general will be in next week's Herald. As can be seen, the new and modern care homes of today are a far cry from the "rest" home of yesterday. Knox City's care home has met all required building standards and exceeded the state requirement on a few of their own. As one of the directors said: "We have tried to build this home so everyone will be proud of it and a place we wouldn't mind going to ourselves in a few more years."

Plans Are Nearing Completion On Knox County Vegetable Festival In Munday

Plans are progressing on schedule for the Knox County Vegetable Festival to be held in Munday on Saturday, June 22, at the Munday Elementary School building.

All entries to be judged must be checked in from 7 a.m. to 9:30 a.m. Saturday morning. Entries may be any fruit, flower or vegetable grown in Knox County. There will also be a division of baked or canned foods. Arts and hobbies will also be on display as well as unusual or antique items of interest. Everyone is urged to participate in this event by entering one or more entries in each division.

Commercial displays will be exhibited by many local and area firms. Educational exhibits will include wildlife and snake exhibits by Mr. Cecil Fox, State Game Warden of Spur. Field tours will be arranged for interested persons wishing to see the many vegetables growing in the area, as well as those being harvested.

Judging of all entries will begin promptly at 10 a.m. The entries will be viewed after 1 p.m. when the ribbon awards have been made.

All residents of Munday, particularly businessmen and women are required to wear a straw hat with the Festival date on it to promote interest in the

Contract Let For 13.52 Miles Of Knox County Road

A contract for 13.52 miles of construction on State Highway 283 in Knox County has been awarded to a Olney firm, it was announced in Austin last week by the State Highway Commission.

A. A. Contractors, Inc., submitted the low bid of \$104,034 on the project. Grading structures, widening and seal coat from Haskell County line south of Knox City north to Benjamin is expected to take 200 working days, according to Palmer Massey, District Highway Engineer at Childress.

H. T. Cunningham, resident engineer at Munday will be in active charge of the project while it is under construction.

Coats To Receive Degree From Yale

George Wesley Coats Jr., will receive his Master of Arts degree from Yale University Monday, June 10.

George, who is 26 years of age, is the son of Mr. and Mrs. G. W. (Jack) Coats of Knox City.

He graduated from Knox City High School in 1954, and was salutatorian of his class. He received his B. A. degree from McMurry and his B. D. degree from Perkins Theological School of S. M. U. before attending Yale.

George and his wife plan to arrive in Knox City to visit his parents and other relatives this week end.

Carr To Speak Here Friday Night

Attorney General Waggoner Carr will speak at the Knox City School auditorium Friday night.

He will be the featured speaker for the Lions Club Annual Ladies Night Banquet and installation of officers.

Tickets have been on sale the past three weeks and the Herald requested that local citizens secure tickets in the May 2 edition.

Everyone in the area has a special invitation from the club to attend the banquet.

Although on a tight schedule, Carr expressed a desire to meet as many people of the area as time would allow.

State Rep. Bill Heatly of Cottle County will introduce Carr Friday night and Rep. Roy Arledge of this district is also expected to attend, as well as other dignitaries.

Commencement Exercises Held Here May 27

Graduation exercises were held at 8 p.m. Monday, May 27 for the class of '63 at the school auditorium.

Eddie Williams gave the invocation, Karen Graham made the salutatorian's address, Samantha Graham made the valedictorian's address, and Ronnie Verhalen introduced the speaker, Dr. C. L. Kay, vice president of Lubbock Christian College.

Superintendent of Schools E. A. Youngblood presented awards for best all-around girl to Samantha Graham best all around boy, Eddie Williams with Karen Graham and Lanny Logan as the runner-ups.

Samantha received the Valedictory scholarship to a state-supported school and her cousin, Karen Graham, received the Salutatorian scholarship to a church supported school.

Receiving plaques for highest scholastics for the current year were Robbie Glenn with a 94.4 average and Karen Graham with a 96.6 average.

Lanny Logan was recipient of the Study Club award of a \$100 scholarship after the successful completion of his first college semester.

Most beautiful award was presented to Samantha Graham, with Kay Waldrip as runnerup, most handsome boy was Johnny Montandon with Kenn Cornett as runnerup. John Chownover presented the diplomas, Stanley Compton gave the benediction.

Cotton Belt Senior League To Play Here Friday

There will be two Cotton Belt Senior League ball games played in Knox City this week, it was announced Tuesday.

On Friday night Knox City will play Haskell and on Saturday night Knox City will play Stamford. Game time will be at 8 p.m.

The team is coached by Willard Skiles and is sponsored by Wood Chemical Co.

On Saturday June 1, Knox City defeated Stamford 6-0 and on Monday night Knox City defeated Hamlin 21-9.

Team members are as follows: Johnny Montandon, Mark Anderson, Ray Penman, Brack Shaver, Robbie Glenn, Gary Edwards, Larry Skiles, Tom Whitford, Don Reeves, Simon Rocha, Charlie Bateman, Freddie Smith, Philip Williams, Eddie Williams, Bobby Burnett and Douglas Logsdon.

CITY COUNCIL MEETS; DELINQUENT TAXES, AIRPORT RENTALS VIEWED

Knox City's City Council met in regular session Monday night at the city hall.

Attending the meeting were: Mayor Buddy Angle and Aldermen Kenneth Crownover, Monty Penman, A. T. Holcomb and Vaughn Gruben. Otis Cash was absent.

Joe Russell, representing General Telephone Co., met with the council to explain a new service the company is contemplating—E. A. S.—Extended Area Service.

Russell told the council this new service will allow calls from Knox City to Munday by dialing a prefix number and adding the regular number. He said the service would also be available for Rochester.

Cost of the added convenience would be \$1.50 per month for businesses and \$1.00 for residences for one town and \$3 and \$2 respectively, for a no toll charge to Rochester and Munday.

On a three town hookup all places represented would have to share equally in the expense, Russell said.

Council made no definite decision on the matter but said they would like to hear what the people would like for them

Rev. Sharp Has Been Re-Assigned Another Year

Sunday, June 2, marked the beginning of the fourth year for the Rev. Jarrell Sharp as pastor of the Knox City Methodist Church.

Twice during the past three years, the church has received the Town and County awards, which are given at the annual conference in recognition of the churches participation in the fields of education, evangelism, mission, stewardship and church improvement during the past year.

The Methodist Church has paid the debt on the Educational Building and is now taking pledges to build a new sanctuary.

Rev. Sharp will also be pastor of the O'Brien Methodist Church.

to do. Gruben made a motion to conduct Attorney Dennis Ratliff in collecting delinquent taxes for the city. Penman seconded the motion and all voted in favor.

Mayor Angle presented the months bills for the council's inspection.

Holcomb made a motion seconded by Penman for the city to pay \$1,477.96 bills for the month—All voted in favor of the motion.

The council spent considerable time discussing drainage problems encountered recently, and plans were made to rectify the problem.

Chief of Police J. J. Hester asked the council to change radio aerials from city hall to the T.V. tower as he was not able to call out or receive messages from some of the area towns.

Cost of this change and another receiver would cost approximately \$300 and the council didn't make any final decisions at the time.

Motion was made by Crownover and seconded by Penman to let Mr. C. C. Hoge use the sewer pump and for him to repair same at his own expense. All voted in favor of the motion.

City Judge W. E. Lovelace resigned his post and the city discussed ways and means of replacing him.

The council could not agree on a replacement and the matter was tabled for the time being.

Mayor Angle reviewed finances with the council and said there was \$1200 in the general fund, but there would be between \$1300 and \$1400 in salaries, plus the months regular bills. "We won't take in but about \$3000 in water," he predicted.

Next for consideration was the desire of Zane Branham of Branham Chevrolet Co., to have his new business added to the city.

In previous appraisals the council estimated the cost to the city to be around \$6,000.

"We owe the bank over \$30,000 and we don't have any money," Angle said.

All agreed that they would be forced to borrow at least \$5,000 in order to incorporate the new building in the city.

In order to come to a definite decision the council requested that bids be let on the exact number of feet of pipe to be laid and after they see how much it will cost they can better appraise the situation.

Gruben made a motion, seconded by Holcomb that all aircraft lease space being used by commercial and private personnel dues be paid, past and present, and if they refuse to pay, be fined for trespassing and be barred from the airport.

All voted in favor of the motion.

The council pointed out that lease space was \$150 a year for commercial use and \$50 for private use, and that since the airport was constructed, the city had received only \$75 for lease from one commercial concern.

Gruben made a motion, seconded by Holcomb to familiarize the Chief of Police Hester with the supervision of the airport and to also see that the city receives its one cent per gallon on all gasoline used at the airport as agreed on the franchise. All voted for the motion.

Mayor Angle said the Homecoming committee had asked the city for use of the city park on June 14, 15, and 16 in connection with the homecoming activities.

Lights would be installed and other changes would be made for the occasion. Council gave unanimous consent.

Crownover made a motion, seconded by Gruben that the Brazos Valley Care Home be included in the city limits. That the owners had asked the city to be included and that the city accept.

All voted in favor of the motion.

CLAUDIA REED AND JOE TIDWELL EXCHANGE VOWS AT FIRST BAPTIST CHURCH MONDAY AFTERNOON

Claudia Jean Reed and Joe Douglas Tidwell were married in a double ring ceremony at the First Baptist Church in Knox City Monday, June 3, at 2 p.m. Rev. Tony Longval, pastor, performed the ceremony.

Claudia is the daughter of Mr. and Mrs. Claud E. Reed and Joe is the son of Mr. and Mrs. J. M. Tidwell of Knox City.

The bride wore a short bouffant gown fashioned of chantilly lace and tulle, designed with a fitted bodice, long tapered sleeves and a lace scalloped sabinra neckline re-embroidered with seed pearls and iridescent sequins. The full skirt of tulle with lace panels had a shadow ruffle of tulle underneath. Her white fingertip veil of tulle, banded in lace, cascaded from a tiara accented with seed pearls

and iridescents. She carried a white orchid feathered with white carnations with lace, ribbon and love knots on a white Bible.

Linda Reed, sister of the bride was maid of honor, and wore a pink organza skirt with a lace bodice and carried a bouquet of white carnations with ribbon streamers.

Ken Roberts of Benjamin was best man, and Gary Condron of Throckmorton was usher.

A reception was held in the home of the bride's parents following the ceremony.

Linda Reed poured punch and Mrs. C. B. Condron, aunt of the bride, served cake. The table was decorated with a hand made cut work tablecloth, with white arrangements.

After a wedding trip to Arkansas, the couple will return to Knox City where the groom is employed by Wood Chemical Co. for the summer.

The bride is a 1963 graduate of Knox City High School, where she was a member of F. H. A., National Beta Club, E. F. A., Red Cross Volunteers, Paper staff, and F. F. A. Sweetheart.

The groom is a graduate of Knox City High School where he was president of National Beta Club, class officer, F. F. A. member and officer, captain of the football team, all area football player for three years, highest ranking boy in high school for three years, and recipient of the Western Seed and Compress Scholarship.

The couple plan to attend Texas Tech in Lubbock in the fall, where Joe is an agronomy major.

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

Zeke Grubb's preacher come by the country store Saturday night, announced he had been away a couple days on business for the Lord. He was called back he reported, to one of his old churches to preach the funeral for a member of the congregation that was known in them parts as about half sinner and half saved. The good Parson said he doubted a feller could be half-and-half in this matter but he wasn't there long enough to argue agin public opinion.

Anyhow, he told the fellers, they had a mighty good crowd at the Church. Folks in that section, he reported, come to funerals like they do weddings and homecomings. It gives 'em a chance to gossip about their neighbors and talk about the crops.

He allowed as how his departed friend would've been mighty pleased to see all the fuss they made over him. They buried him in a cemetery 3 mile from the church and while they was going from the church to the grave, said the Parson, all cars stopped along the road. Furthermore, he told the fellers, they let the departed ride through red lights and put his name in the local paper.

It was a great pity, allowed the Parson, that folks waits till a man is dead afore he can git

a kind word or deed. They'll catch him walking down the road while he's living and try to run over him, then pull off the road and stop when he's coming along dead. It would be mighty nice, he claimed, if a pore feller could git a preview of his funeral while he was still here to appreciate it.

On the home front, he announced, a few members of his congregation was having their troubles. Fer instant, he said Rufe Zinder come to him fer advice, said his old lady was gitting so crabby he was looking fer her to bite his head off.

He said he told Rufe that was the reason they wrote "fer worse in the wedding rites, cause they knowed things would git worse from time to time. He told the fellers confidential that he didn't take no sides with Rufe in the matter, that the last time he got mixed up in a family fight he got the "worse" part.

And Hezekiah Adams come to him fer advice about his daughter, reported she was 17 and wanted to git married. The good Parson said he dodged that one, too. In fact, he told the fellers, the only real safe advice he ever heard a preacher give on personal matters come from a new pastor to his flock the first Sunday:

"Brethern and sisters, they is certain peole you need to git acquainted with in carrying on

New Development Offered Farmers

An important new development will be offered this year to all cotton farmers by the U.S. Department of Agriculture, according to B. B. Manly, Jr., chairman of the local Cotton Classing Office.

This will be in the form of a "mike" service to give farmers another test of the quality of their cotton.

"The Cotton Trade has made the micronaire such an integral part of their business that they also buy according to the 'mike,'—USDA's Agricultural Marketing Service is furnishing this service to provide the farmer with an additional aid in marketing his cotton," says Manly.

Applications have been mailed to all gins in the Abilene and Munday areas so gingers can apply for the service. "Deadline for applying is July 1, so the office will know how many samples to prepare for," says Manly.

Gingers must apply for the service and pay the 8 cents per bale fee charged for the service. All cotton is eligible for the "mike" service, but it must be on an all-or-none basis from any one gin as the local office cannot separate those who do not desire it.

Last year, 52 gins in this area

the Lord's work. You ought to git acquainted with the High Sheriff and a few grocery stores that operates on the timepayment plan, and fer goodness sake, git acquainted with the bank!"

Yours truly,
Uncle Ben

CARD OF THANKS

We wish to thank each and everyone who so willingly helped to lighten our sorrow by every kind deed and words of encouragement during the illness and death of our mother.

Words cannot adequately express our appreciation for the prayers, food, the beautiful floral offering, the service and other expressions of your love. We especially thank Dr. Markward and the nurses for such wonderful care during her illness. May God's richest blessings rest upon each of you is our sincere prayer.

DAY-WILLIAMS WEDDING VOWS READ IN KNOX CITY SATURDAY

Sharlyn Wynette Day became the bride of Donald Arthur Williams in double ring rites read at 7:00 o'clock Saturday evening in the Knox City Church of Christ.

Best man was Kenneth Williams, brother of the bridegroom, of Abilene.

Bridal attendants wore dresses of orchid cotton satin styled with fitted bodices and tapered skirts. A fitted bodice of orchid chiffon was styled over the dresses with a cape of chiffon flowing gently to the hem line of the dresses. Each wore a pillbox hat covered with orchid cotton satin and orchid chiffon.

Their flowers were long stemmed white roses accented with English ivy and orchid ribbon.

The bride was presented for marriage by her father. Her gown, featured a square neckline outlined by seed pearls and was a fitted bodice of lace.

The voluminous skirt of silk organza over taffeta featured a lace panel extending from the waist to scalloped hemline.

A cluster of white satin roses accented the lace panel in back and fell into a chapel train. Medallions of lace and pearl were

sin of the bridegroom, Iowa; and Billy Mack Key, Abilene.

A reception was given in the Womans Club.

Serving were Mrs. Jack Stubbs of Knox City and Margie Dodson of Midland. Others in the household were Mmes. Roy Day, John Egenbacher, and John Grindstaff, Jr.

After a wedding trip to Galveston, the couple will live at 616 Grand, Abilene.

The bride is a graduate of O'Brien High School and received her Bachelor of Science Degree from Abilene Christian College where she was a member of Ko Jo Kai Social club. She is presently employed by Midland Public Schools.

The bridegroom is a graduate of Abilene High School and is a student at McMurry College. He is employed by Crume Standard Station, Abilene.

Streams In Desert Places

Ozelle Stephens

By the Holy Spirit grace and knowledge is brought into the believers life and service. The believer is complete with the Godhead incarnate in Christ. Faith makes your hearts comforted, being knit together in love and unto all riches of the full assurance of understanding, to the acknowledgement of the mystery of God; and the Father and of Christ; in whom are hid all the treasures of wisdom and knowledge.

Wise men lay up knowledge. Daniel asked for knowledge and became the wisest man of all the earth. David, meditating on the understanding of God said, "Such knowledge is too wonderful for me; it is high, and I cannot attain it."

Peter admonishes to grow in

grace and the knowledge of our Lord and Saviour Jesus Christ."

Paul said, "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the Word of truth. It takes constant study with an open heart and mind to attain high and depth in knowledge."

applied underneath the organza.

The brides fingertop veil of double tulle fell from a crown of pearls and she carried a gardenia surrounded by feathered carnations and stephanotis atop a white Bible. She carried out the bridal tradition by carrying lace handkerchiefs belonging to her maternal great-grandmother and grandmother, and the bridegroom's grandmother.

A reception was given in the Womans Club.

Serving were Mrs. Jack Stubbs of Knox City and Margie Dodson of Midland. Others in the household were Mmes. Roy Day, John Egenbacher, and John Grindstaff, Jr.

After a wedding trip to Galveston, the couple will live at 616 Grand, Abilene.

For travel, the bride chose a two-piece white suit of silk shantung, a white pillbox hat, and fabric shoes of multi-blended colors.

The bride is a graduate of O'Brien High School and received her Bachelor of Science Degree from Abilene Christian College where she was a member of Ko Jo Kai Social club. She is presently employed by Midland Public Schools.

JOE W. DOBY
COUNTY AGRICULTURAL AGENT

The boll weevil survey team composed of entomologists from Extension Service and USDA failed to find any in Knox County on the cotton. They are slow in moving out of hibernation.

Weevils were found in Stone-wall, Jones, Haskell and Fisher counties. They will be moving into fields in the next few days so producers should be prepared to spray for these before they have a chance to lay eggs in the new squares.

Some weevils were found feeding on weeds around Knox City this past week but they are not boll weevils. There are dozens of different species of weevils and the only sure way to identify the boll weevil is to look at the upper part of his two fore-legs. These are very big and thick and have a spur on the inside of this section of the leg. In other words, the boll weevil looks like he is really "muscled" up. When you spray for weevils, the thrips and fleahoppers will also be controlled.

All irrigation waters contain salts and even water with low levels of certain salts can be harmful.

Each time water is applied to a crop, salt is applied and if it is allowed to accumulate, production will be affected. Not only is the total salt content of the water important but the types of salts present can also lower the quality of irrigation water.

For example, calcium and magnesium salts are not as harmful as sodium salts. Even if the content of sodium salts in water is small, it can be very harmful.

Therefore irrigation water should be tested for total salts as well as for chemical composition. Such knowledge can aid the farmer in using irrigation

water to its best advantage by determining what water management practices may be needed. Tests are available through Texas A&M College to determine water quality. They may be submitted with D-617 which can be obtained from my office. These forms contain instructions for taking and mailing the sample.

A Junior Quarter Horse Clinic will be held Wednesday, June

12 at the Phillips Quarterhorse Ranch near Frisco, Texas. Topics to be discussed are rations, determining age, safety, cutting, judging, care of equipment, photography and showing. The men who will present the program include George Tyler, Gainesville; B. F. Yeates, Guthrie; James Cathy, Fort Worth, quarterhorse photographer; Crawford Anderson, Dallas; Windy Ry- Wilkerson, Amarillo; Dr. W. L.

on, Fort Worth. This should be a worthwhile trip for any 4-H members interested in horses. The Phillips Quarterhorse Ranch is one of the best equipped horse establishments in the nation. I am planning to go and will be glad to take all the 4-H members I can.

The county 4-H Horse group will have a workout Sunday June 9 at Benjamin. If you are of 4-

H age, have a horse and would like to join, come on out. We will set the date for the show and decide upon the events that will be used.

A soil test can save you money because it tells you: (1) How much and what plant nutrients you have in your soil; (2) what kind of fertilizer you need; (3) how much you need, and (4) where you need it.

Austin — Rumors concerning a special session continue to bounce around the Capitol.

Most persistent rumor is that Gov. John B. Connally will "line item" veto the appropriations bill which he contends "short-changes" higher education . . . then call a special session in the fall.

In a "line-item" veto he would strike out items he considers unnecessary. Then try to convince legislators that the money should go to higher education instead.

Some lawmakers think they will be called back in September. Others pick October. Those who predict a fall session believe they again will have to tackle the subject of congressional redistricting. They didn't agree to a solution in the regular session.

SPEAKER SATISFIED — House Speaker Byron Tunnell of Tyler thinks a summer session is possible.

Tunnell said he is making no vacation plans until he is certain he won't be called on to preside over the House in late June or July.

But the Speaker stated he was

well satisfied with the budget passed by the Legislature. He said, "They apparently did what they thought was right, and I for one will stand behind them."

"The 58th Legislature met its challenge and did its work," Tunnell said proudly.

There were many times during the 58th session when the Speaker and the House seemed at odds. But when the session ended most House agreed that Tunnell has been a good referee.

"I have never asked anything but the right to take my position and give another man the same right," Tunnell stated when the bustle of the 58th dissolved into post-session silence.

"That is what I really like about the House: There is such a mixture of philosophies, ranging from liberals like Bob Eckhardt to mine. Somewhere in between may be where the answer lies."

INSTANT RAILROAD COMMISSIONER — Many nice things have been said about Jim C. Langdon since Gov. Connally appointed him to the Railroad Commission to replace Bill Murray.

One thing for sure, he adapts to changes easily.

In two short hours, Langdon resigned as chief justice of the El Paso Court of Civil Appeals; withdrew from the race for the State Supreme Court place which Judge Frank Culver of Fort Worth is expected to leave; was sworn in as Railroad Commissioner; announced as a candidate for re-election in 1964; and went right to work.

Then he and Commissioner Ben Ramsey made the announce-

Come hill or high water Vacations go smoother in a Chevrolet Corvair

Bring on those mountains! They're not so high and mighty when you've got Corvair's gummy six and rear-engine traction working on them.

You scurry up the meanest grades. You move with sure-footed agility on wet pavement, muddy lanes, gravel and other would-be miseries.

And with most of Corvair's weight on the rear wheels, you have easy steering, too. Fact is, the handling's so light and responsive we don't even offer power steering for the car.

And there's more to feel good about. No problems with your radiator boiling

over or going dry, because there's no radiator. Corvair's engine is air cooled. No concern about brake adjustments, either, because the brakes adjust themselves. Nothing much to think about at all except the good time you're having.

Like to do that in a sporty bucket-seated Monza Club Coupe or Convertible? Like to spring into summer with a 4-speed stick shift* and Spyder package* with its 150-hp Turbocharged engine? Your dealer's got just the Corvair and the Trade 'N' Travel deal on it to put you in a holiday mood.

ment the oil and gas industry was waiting for—a 28 per cent allowable for June.

GOVERNORS CHOICE—Langdon's appointment was the third he has received during three administrations.

Gov. Allan Shivers appointed his 112th District Judge in 1954. He was elected to that bench twice. Then Gov. Price Daniel appointed him Chief Justice of the El Paso Court in 1959. This post he resigned to accept Gov. Connally's appointment.

BILLS VERSUS LAWS — A quick tabulation of the results of five months of labor by the 181 members of the 58th Legislature reveals that only about 31 per cent of the bills passed both House and Senate, to become laws.

A total of 1,723 bills were introduced. Of these, 543 were passed to law. Most of the weeding out was done by committees. They reported as favorable only 786 bills as compared with 906 in 1961.

BACKS COMMISSION — State Supreme Court upheld the Railroad Commission's right to authorize an operator in a particular oil field to conduct a survey of another's well to determine if it were illegally slanted.

Case at bar was L & G Oil Co. (headed by H. G. Lewis Jr., of Kilgore) versus the Railroad Commission et al.

L & G charged that a Railroad Commission order permitting Tidewater Oil Co. to authorize Sperry-Sun Surveying Company to run a slant-hole survey on an L & G well in the East Texas field was illegal.

The 126th District Court in Austin had supported the Railroad Commission's order.

But while the Supreme Court affirmed the right to give the order, it said it was improperly worded and sent the case back to the trial court.

Two members of the high court, however, Associate Justices Meade F. Griffin and Joe Greenhill — disagreed with their colleagues.

"To allow a citizen or corporation — a potential foe in litigation — to go upon and take notice of another's property without even so much as an opportunity to be heard, is a clear violation of the due process clause of the Texas and Federal constitutions" they stated.

DATE MIX UP—

On or about August 1, Secretary of State Crawford Martin has to start publishing amendments to the constitution that will be up for a vote in a special election on Saturday, Nov. 9.

Martin checked out the first three amendments scheduled for the ballot: One to decide whether to abolish the poll tax; one asking whether to extend the Veterans' Land Program and increase bonds; and one asking voters whether the state should increase from \$54,000,000 to \$60,000,000 state funds that can be spent each year on federal-state assistance for old folks, children, the blind and disabled.

Then he came to a fourth—a proposed amendment to authorize a retirement and benefit program for Jefferson County drainage district employees. One clause referred to a Nov. 9, 1963 election. Another set the election for Nov. 1964.

Martin couldn't decide which was right so he referred the matter to Atty. Gen. Waggoner Carr.

UNEMPLOYMENT DOWN — Economic pictures drawn by state agencies this week began to look like "Texas Brags."

Texas Employment Commission also had a glowing report. It announced that the number of job-seekers dropped from 191,000 in March to 171,500 in April.
