

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

Texas Democrats and Republicans are gearing for their big clash in the November general election.

Democratic leaders are in Atlantic City, N. J., at their party's national convention.

Gov. John Connally indicated both national and state campaign organizations will be put together in Texas soon after the convention.

Meanwhile, Republicans report they already have built an organization far stronger than any they have fielded to date. They plan to do vigorous battle in local races, as well as national and state campaigns.

GOP assembled its candidates and campaign leaders here last weekend for a special training school in practical political organization, vote-getting tactics and fund-raising activities.

**OIL RISE** — Texas Railroad Commission ordered a substantial increase in oil production for September.

Wells which are under production will be allowed to produce 28 per cent of their capacity during September, compared with 26.5 per cent this month.

New production quota amounts to 2,831,583 barrels daily, compared to 2,794,312 for August.

Commission also took under advisement conflicting testimony on effect of its proposed \$5,000 bond requirement for drilling or reworking wells in the interest of pollution control. Fifteen days were allowed interested parties for filing for additional briefs.

**APPOINTMENTS ANNOUNCED** — Governor Connally announced nine appointments to Trinity River Authority Board of Directors, three to San Jacinto Battleground Commission, and two to the State Board of Barber Examiners.

**WATER CONSERVATION DROPS** — Water conservation storage in major Texas reservoirs dropped at the end of last month to the lowest point since March, 1957. The 6,400,000-acre feet stored was a decrease of 700,000-acre feet from the previous month.

Texas Water Commission said dryland crops and pastures are suffering heavily, and municipal water supply of many small towns has "reached the critical stage."

**DOVE SEASONS TO OPEN** — Parks and wildlife department announces that white wing doves can be hunted on two weekends—Sept. 5-6 and Sept. 12-13. Regular mourning dove season opens in the north zone of Texas on Sept. 1, and will run

through October 30. The south zone season is September 26-November 20.

A new guide to hunting regulations, "Hunting in Texas 1964-1965," now is being distributed through Park and Wildlife field offices and licensed deputies.

**PRISON LAND** — Land Commissioner Jerry Sadler's staff has completed surveys and subdivisions of 6,500 acres of prison farm land in Harris, Fort Bend and Walker counties.

State Board of Corrections will offer the 43 tracts of land for sale on Dec. 9-11. Land is surplus to needs of the prison system, so effort is being made to get it in private hands and on the tax rolls.

Details may be obtained from the State Department of Corrections at Sugar Land or Huntsville.

**ENOUGH BANKS?** — State Banking Commissioner J. M. Falkner thinks it is time for caution in chartering new banks.

Falkner serves as chairman of the State Banking Board which grants or turns down applications for charters for state banks. State Treasurer Jesse James and Robert Strauss, Dallas attorney, are the other two members of the board.

About 10 One-way state and national banks have been chartered

in Texas in the last three years.

Sign of the slowdown is the fact that so far this year, Board has turned down nine and has granted eight applications. In 1962 it granted 18 and turned down four.

**BACK TO SCHOOL** — Part-time jobs are being sought and found by the Texas Employment Commission for high school students who need work to be able to stay in school.

In a drive to try to keep 60,000 high school students from dropping out of school this fall, the Employment Commission called on employers and parents to find jobs, when the need for family income threatens to cause a drop-out.

**INTEREST** — Allstate Insurance Company has challenged the action of the State Board of Insurance in setting six per cent as the minimum interest rate which may be charged on notes by which payment of insurance premiums are deferred.

Board of Insurance has scheduled a public hearing for September 1, on Allstate's contention that such a minimum on interest should not be ordered by the Board.

Board originally applied the interest regulation to fire insurance only, but it now has extended it to all other lines of insurance.

**HISTORICAL MARKERS** — Within the next 90 days, 531 official historical markers will be put up on Texas highways to show Texans and visitors the landmarks honoring the Texas statesmen, trails, battles, industrial sites, shipping points, towns and counties.

Markers are being put up in cooperative effort by the State Historical Survey Committee, State Building Commission and State Highway Department.

Made of cast aluminum with steel effect, the markers will bear the official Texas Historical Medallion at the top.

**BLOOD TESTS** — Atty. Gen. Waggoner Carr ruled that it is legal for the Texas Animal Health Commission to use state funds to give its employees blood tests to see if they are susceptible to poisons being used in the screwworm eradication program.

Ruling was based on the finding that discovery of the condition in advance would prevent sickness and absenteeism by the agency's employees.

**LIQUOR TAX** — Texas Liquor Control Board, which enforces liquor laws and collects taxes on liquor, wine and beer, has taken in \$332,483,997 more in the last 11 years than it has spent.

Its expenses during the 11 years were \$18,202,589.

Tax revenue is allocated by legislative act to old-age assistance, public schools, aid to

needy blind and dependent children, farm to market roads, teacher retirement, state hospitals and state employees retirement.

**MANY CARS** — If you find it harder to find a parking space, here's why!

State Highway Department reports that it has licensed 3,632,373 motor vehicles this year — ranging from the 747,734 in Harris county to 164 in Loving County. This is a gain of five per cent above last year.

**HIGHWAYS** — Virgil Patterson, Amarillo banker and president of the Texas Good Roads Association, will head the annual observance of Highway Week, Oct. 4-10.

"Mobility: Your Fifth Freedom" is the theme of this year's observance, held annually to call attention to the state highway system and its needs for improvement and continued attention.

Observance will include award of \$100 savings bonds to Texas newspaper editors who write the best editorials on any phase of the highway program.

## LOWREY'S MENS STORE

*Slim, trim and long of limb!*

**WHITE LEVI'S**

**CALIFORNIAN MODEL**

These are the pants young America wants most, because they fit slimmer, feel trimmer, look neater. Wear WHITE LEVI'S for school, for sports, for just plain loafing. You're always in style in WHITE LEVI'S!

**Just Arrived**

**... New HESSTON COTTON STRIPPERS,**  
Trailer Models and Basket Models.

Bring your tractor in now and have a new Heston Cotton Stripper mounted. Pay nothing until you're ready to harvest. When your machine is delivered to you, you may use either our **lease plan** or **finance plan** and take up to four crops to pay.

A new cotton stripper will automatically allow you to take advantage of the machinery investment deduction from your income tax. This will save you from \$150 to \$300 on your income tax.

Repair parts for all Heston Strippers are available to Heston users at the Haskell Farm Store in Haskell and Jones County Implement Company in Stamford. Both stores, under the same management, are authorized Heston dealers for Knox, Haskell, Jones, Fisher and Shackelford Counties.

Herman Cox, at Jones County Implement Company, and Leon Stegemoeller at The Haskell Farm Store, will both be glad to show you the strippers and offer you a trade or purchase price that you can depend on. They deal fair and square.

Although there has been some confusion as to who is the authorized dealer for Knox County, this in no way affects your warranty. The warranty clearly states "through the dealer and distributor from whom the purchase was made, transportation charges prepaid."

We urge you, if you have any questions concerning Heston Strippers or any of the other agricultural lines we handle—Minneapolis-Moline, Case, Gehl, New Holland, Farmhand, Vassar, Cline, and others—please call us at any time. We are strictly farm and ranch implement dealers and your problems are our primary concern.

### O'Brien News

MRS. SAM JOHNSTON

Friends here have been notified of the death of Birdie Hodges Ferguson on July 27 at her home in Delta, Colo., after suffering a heart attack.

She grew up at Benjamin and later moved to O'Brien where she made her home with the late Mrs. E. J. Barnard. She was employed in Borger before going to Colorado to make her home.

Mrs. Gerald Barnard and Jerry Frank of San Angelo spent a few days with Mrs. Frank Barnard last week and she returned home with them for a few days. Her son Gerald brought her home Saturday.

Mr. and Mrs. Danny Walsworth and son of Wichita Falls visited his parents and other relatives here Sunday.

Mr. and Mrs. Jerry Force and sons of Abilene spent Sunday with his parents Mr. and Mrs. Leonard Force and Hershell.

Mr. and Mrs. O. S. Johnston spent the week end with relatives in Littlefield and Clovis, N. M.

Mr. and Mrs. Ayres Cox and Bobby spent Sunday visiting Mrs. Bill Johnston over the week end were Mrs. Sonnie Hughes and boys of Lubbock. On Sunday, Stan was riding a horse when the saddle slid off and he received a compound fracture in his right arm. He was rushed to General Hospital in Wichita Falls where he will spend some time before being transferred to Lubbock. He will have to lie flat for three weeks.

Mrs. Paul Malden and daughter and Mrs. Mary Sue Hamby of Dennison returned their father C. M. Walsworth to his home here over the week end. He had spent two weeks with his daughter.

Mrs. R. M. Johnston returned her granddaughters Jenny and Julie Fall to their home in San Angelo this week.

Mr. and Mrs. Alton Hester and girls of Lubbock are visiting relatives here.

Mrs. Frankie Baker accompanied the cheer leaders of the

### Ima Jean Manning Allen Larry Gibson Exchange Vows

Ima Jean Manning and Allen Larry Gibson exchanged wedding vows in a double ring ceremony at the First Baptist Church August 21.

Rev. Larry Young of Springtown, officiated.

Ima Jean is the daughter of Mr. and Mrs. S. M. Manning and the groom is the son of Mr. and Mrs. Wilson Gibson.

The bride, given in marriage by her father, wore a beau de soie gown with figurine bodice. The back bustle extended to a chapel length train and her fingertip veil fell from a pearlized queen's crown. Her bouquet was of carnations and orchids.

Brides attendants wore dresses of red beau de soie with fitted bodice and bell skirts and the matron of honor's headdress bridesmaid was Teresa Lancas-the bridesmaid's wore a bow with a brief illusion veil. They carried single long stemmed carnations.

Mrs. Charlene Brothers, sister of the bride, was matron of honor, and bridesmaids were Gail Day and Sandra Ellis. Junior bridesmaid was Teresa Lancas.

O'Brien High School to SMU this week. Cheerleaders are — Roxye Day, Susan Vannoy, Carolyn Capers and Shirley Johnston.

Mrs. Dave Cummings is spending this week in Memphis with her son Bill and family.

Mr. and Mrs. Dan Talbot and Cathy and Mrs. Maggie Talbot spent Sunday in Sweetwater with relatives.

Mr. and Mrs. Dempsey Emerson spent a few days last week in Pecos with the Ross Olivers and visited his brother Willard and family in O'Donnell.

Mr. and Mrs. Floyd Middlebrook and Betty were in Fort Worth last week to attend the funeral of Mr. Middlebrook's sister.

Rev. Cecil Foster is in Trent this week conducting a revival in the First Baptist Church there.

Mrs. Jean Johnston and Ronnie Hughes visited Stan Hughes in the Wichita Falls hospital Monday.

ter niece of the bride.

Best man was Charles Gibson, brother of the groom, of Lubbock, and ushers were James Manning, brother of the bride, and Bobby Cox. Groomsman were Royce Manning of Abilene and Jerry Rowan. Ring bearer was Wendell Lancaster. Candlelighter was Jerry Brothers, and Lowell Rowan was organist. Soloist was Joyce Bur-lison of Springtown.

A reception was held in the Fellowship Hall.

The bride is a 1963 graduate of O'Brien High School, Draughon's Business College in Abilene and attended McMurry College.

The groom is a graduate of O'Brien High School, attended Texas Tech and graduated from Abilene Commercial College.

Following a wedding trip to New Orleans the couple will reside in Abilene, where he is employed by Arrow Ford, and Mrs. Gibson is employed by R. D. Batye Claim Service.

### Star-spangled way to help your baby's future

Suppose somebody had started off your future with a U. S. Savings Bond. And kept adding more Bonds as your birthdays added up.

You would have had a nice send-off when you set out to conquer the world!

It's still a great idea. And if you have any new boys or girls in the family you can put it into action now.

The cost is small. Only \$37.50 for each \$50 Bond—or less than 11¢ a day to buy one every birthday.

U. S. Savings Bonds will save more than money for your baby's future, too. They'll help Uncle Sam safeguard his future freedom.

Ask about buying Bonds where you work or bank. You don't have to wait for a birthday, either.

**Quick facts about Series E Savings Bonds**

- You get back \$4 for every \$3 at maturity (7 1/4 years)
- You pay no state or local income tax and can defer the federal tax until the Bonds are cashed
- Your Bonds are replaced free if lost, destroyed or stolen
- You can get your money when you need it

Buy E Bonds for growth—H Bonds for current income

Keep freedom in your future with

**JOE W. DOBY**  
COUNTY AGRICULTURAL AGENT

Dennis Kinnibrugh, Vera and Belle Hudson, Benjamin, participated in the state 4-H Horse show at College Station last week. There were 336 horses entered from 58 counties. The competition, of course, was extremely rough. Dennis placed third in the keyhole race for the only points scored by Knox County. His time was 4.95 seconds. First place time in this event was 4.90 and second was 4.92.

The barrel race took over 4 hours to run off. To give you some idea of the competition, there was only a little over one second time between first and tenth place in the event.

This show is attracting so will probably be held next year. ing is cordially invited to join These winners will then be the only ones to compete in the state show.

The Benjamin Riding Club was organized this week in a meeting in the courthouse. Officers elected were Bud Conner, president; Butch McCanlies, vice president; Bobby Roberson, secretary-treasurer. Directors elected were Pate eMinzer, Donnie Ryder, O. D. Propps, and Johnny Hudson.

Membership dues were set at \$3 per year. The officers and directors want it clearly understood that this is an organization for young and old alike. Ac-

tivities are being planned for all ages. Everyone interested in riding is cordially invited to join and share in the fun.

Texas A&M is again sponsoring the Livestock and Meat Marketing Institute. It will be held at the Ramada Inn in College Station, Sept. 24 and 25. Recent developments in specification, buying, imports and exports outlooks for profits, and buying and selling problems of feeders will be discussed.

The program is designed primarily around panel discussions so that everyone, including the audience, can "get into the act." A few short talks are also scheduled on some important and timely topics. Participants will represent all segments of the industry and will come from many parts of the United States.

This looks like an excellent program with representatives for all segments of the cattle industry. There will be outstanding men on the program from Chicago, California, Washington D. C., Denver as well as our own state.

Mr. Gordon Pwell, Extension Fruit and Marketing Specialist will be in Munday, Thursday, August 27, for a meeting of all interested vegetable producers. The meeting will be held in the PCA building at 8 p.m. Mr. Powell's discussion will cover marketing organizations, advantages and disadvantages and how they operate. It will be an informal discussion. It is designed to give the growers of this area information they need to know in order to decide whether to form such an organization.

Now is the time to send in those soil samples for small grains this fall. We have that good rain on back order so

## 100 Million Dollars To Be Spent On Hair Coloring

The last few years have seen a flood of new hair-coloring products, and hand-in-hand came a change in public attitude toward their use, says Today's Health, the magazine of the American Medical Association.

Today, hair color is not just acceptable—it is high fashion, says the magazine article, prepared by a noted dermatologist and a cosmetic chemist, in consultation with the Committee on Cutaneous Health and Cosmetics of the AMA.

This year Americans are expected to spend one hundred million dollars on hair-coloring products. While women are the principal users, many men also use hair color.

Hair color can be modified in one of two ways. The natural pigment of the hair can be bleached, and thereby lightened, or artificial coloring can be applied. Often both operations are carried out to produce the desired effect.

The importance of reading and observing the directions for using all hair-coloring products cannot be overemphasized. This is especially true of the permanent colors. They are most difficult to remove. Modern hair-coloring products will give excellent results for most users, but only if the instructions are carefully followed.

One of the major causes of dissatisfaction by home users is the mistaken belief that a single application of hair color will produce any desired shade. This is not so. It is quite simple to cover gray hair or to color light hair a darker shade, but it is not yet possible for a single application of any hair coloring to change black or dark brown hair to a pale blond.

Peroxygen compounds, especially hydrogen peroxide, are widely used in bleaching hair. Six per cent hydrogen peroxide solution is the standard strength and is safe, if proper precautions are observed. Stronger concentrations can produce burns and blistering of the scalp. Excessive bleaching can leave the hair harsh, strawlike and brittle.

Largest and most important group of hair dyes are those based on synthetic organic chemicals. These are in three categories—oxidation dyes, semi-permanent dyes and temporary rinses. Oxidation dyes are the most widely used.

Most professional hair color-

ing or tinting is now done with dyes, there also are semi-permanent dyes, which usually will wash out with one shampoo; acid use. They are the only products that color the hair quickly and yet produce all varieties of natural hair shades which are lasting.

The biggest question about oxidation dyes is their hazard. It has been estimated that about one person in 50,000 will have an unpleasant reaction, such as a skin rash, swelling about the face and neck, plus itching and discomfort. The victim, while uncomfortable, should be aware that this is not a serious illness and that she will recover.

Included with each package, according to federal regulations, are instructions for performing a patch test before using oxidation dyes, to determine whether there is an allergy. The test should be repeated before each application of the dye. And the dyes should not be used on eyebrows or eyelashes, because of possible danger to the eye.

In addition to the oxidation

## Look for Orbie Cannedy at Guar harvest time

### He's top man at Stein, Hall's new Chillicothe plant

Stein, Hall, one of the world's leading processors of Guar for industrial applications, has added a new mill right here in the Southwest. Orbie Cannedy is heading it up as plant manager and Southwestern field representative. To those who already grow Guar beans, he'll represent an important new market. To others who are looking for a good way to

combine a soil-building crop with a cash profit, he'll be a ready source of information and help.

You'll be seeing him in your own area shortly, but if you'd like to reach him sooner, write: Stein, Hall, P.O. Box 506, Chillicothe, Texas. Or telephone Chillicothe, UL 2-5101.
