

# THE KNOX COUNTY HERALD

VOLUME 58

KNOX CITY, KNOX COUNTY, THURSDAY, SEPTEMBER 3, 1964

TEN CENTS PER COPY

NUMBER 41

"Ask not what the town can do for you but what YOU can do for your town," was the theme for a group of businessmen who met with the Chamber of Commerce, last week.

Members were written a letter over the week end concerning Chamber business, and we are trying desperately to help the Chamber in its endeavor to entice industry to this area. The letter will be a monthly affair and Bob Harrison and I will appreciate any suggestions you may have that could better the town.

Additional membership is also solicited as well as the ideas, and anyone interested in the growth and prosperity of Knox City can receive a copy of the newsletter by calling Manager Tom Van Winkle, Bob or the Herald at your convenience.

The Chamber has pointed out that Chamber business is a community project, so don't hesitate to add your two cents worth at any time.

The City interviewed applicants Friday for the office of Chief of Police and as you read this, one of the applicants will already be sworn in.

The council didn't hire him at the last meeting because two of the members were absent.

**FLOOD!** Haven't had a chance to ask Horace how much rain we had Saturday, but the Herald had three inches of water standing in the floor at one time and three of us were quite busy for an hour hauling, shoveling and bailing water out the doors.

If the Herald suddenly goes from a two story building to a one-story affair, you'll know the mortgage and the rain have done their share for us, too.

Accompanied Charles Lankford and his nephew Bill Cornett to Dallas last weekend to view the new '65 Fords. Have felt considerably better ever since I got home. For one thing we always like to get away for a few hours, second, the movie the Ford Company shows for their dealers predicts good times or rather better times for the next ten years . . . All in all a very optimistic approach.

Thursday we accompanied a group of area men on a tour of three farms who have received help through the Farmers Home Administration. This is quite a thing and as can be explained and shown it has helped many a man turn "worthless" land into an oasis. A story will be found elsewhere on the tour Thursday.

All my life I've heard tales about hard-hearted bankers, and since bankers are talked about almost as bad as newspapermen it doesn't hardly seem fair to tell the truth about one . . . Since he is retired, we will say our piece.

In the past six years we've been a lot of places with Bruce Campbell Sr., and he has been one of the best sports we've ever been out with!

We look forward each year to attending the Santa Rosa Round-up Board of Directors meeting with Bruce and Lee Smith, another old buddy of ours.

We are already worrying about the day when we get too old to journey to Vernon.

**HARD BLOW** — Along with earth quenching rain came cotton ripping hail and farmers in the irrigated belt east and south of O'Brien and Rochester were heavily damaged last week. The area reported a complete loss (Jack Gauntt's farm) to a partial loss (Jack Tankersley). Farmer Sammy White estimated damage at \$200,000.

Some of the best cotton Donald Johnson is raising was hard hit and estimates are that he will lose 100 bales . . .

## HERE FROM MUNDAY

Mr. and Mrs. Joe B. Roberts of Munday were Sunday visitors of Mr. and Mrs. J. C. McGee. The Rev. Ray Ellis, Bible teacher at Hardin Simmons University will serve as interim pastor of the Knox City Baptist Church.

OUTSTANDING FARM and one the Farmers Home Administration is proud of is the farm of Jess Gilpin. Land that was almost worthless a few years ago has been turned into lush fields and pastures. In the background are a few of the cattle Mr. Gilpin runs on coastal bermuda and is one of the ways he has made the land more productive.

## Bill Sayles, WTU Representative Is Principal Speaker At Lions Club

Bill Sayles, manager of area development for West Texas Utilities Co., Abilene, was principal speaker at the Knox City Lions Club Wednesday noon.

Mr. Sayles was introduced by C. E. Williams, Chamber of Commerce president.

Sayles explained his profession to the club and began his talk by saying that most towns were interested primarily in economic development. "You are naturally interested in a better place in which to live, work and play, and to provide jobs for your children after graduation," Sayles said.

Sayles said economic growth of a community was dependent upon five matters:

1. Agriculture.
2. Minerals.
3. Value added as in manufacturing.
4. Tourist development.
5. Government installations such as Dyess AFB in Abilene which constitutes one-third of its economy.

Sayles listed Knox County's basic economy was agriculture, which contributed 8½ million dollars in 1958, the last year of record, and natural resources, which added 8 million dollars in 1961, to area economy.

County wide value added by manufacturing was \$49,000 . . . and tourist development was not too great here, he said.

In 1954 citizens spent \$10 million in Knox County Sayles said and in 1960 there was \$14 million spent.

Income showed in 1954 that 60 per cent of the residents earned \$4,000 a year and under; 25 per cent earned between \$4 to \$7,000 a year and 15 per cent earned over \$7,000.

In 1960 50 per cent earned \$4,000 and under; 27 percent had an income of \$4 to \$7,000 and 22 per cent made over \$7,000 a year.

Sayles pointed out that every town in the United States wants industry and that to get it was a broad subject and there were many ways to entice industry into a town.

Sayles suggested that a study be made of the economy of the community and analyze it; Also an audit be made and a study of raw materials be made; and a study of strong points and weaknesses of the community be made and analyzed, as well as labor potential.

"It takes a lot of organizing, time and money, to get it under way," Sayles commented.

He recommended a financing program with sites for building as well as what financial assistance could be had for new industry, if the need arose.

What industry looks for in a town was explained by the following heads of concerns:

Campbell Soup: "We are interested in what we are becoming a part of," Sayles said, and mentioned that Paris had a sales team of men who had talked to Campbell representatives and gave them a first class job of "selling."

2. Gates Rubber: "The person-

nel of individual communities and their knowledge of their town."

3. Kelly: "A stable community with good city management."

4. A need for knowledgeable and capable leaders coupled with knowledge of basic requirements of industry.

"You have to outwork, out-organize and out-sell competition," Sayles said.

He concluded by saying it all added up to P U S H — Purpose . . . leadership and organization.

U for Understanding . . . what you want to do and doing it.

S for Sincerity in what you are trying to do and its purpose.

H for Hustle . . . Need to put a lot of that in your efforts.

Sayles thanked the club for his opportunity to speak and recommended other men with various other companies who could help the Chamber of Commerce in its bid for industry.

## Faculty Complete Supt. Announces

School Faculty is complete, Superintendent of Schools E. A. Youngblood said, and below are the teachers, and grades.

Erwin A. Youngblood, Superintendent.

Mrs. Mary Beth Smith, Secretary.

Mrs. E. F. Branton, Principal and 8th Grade.

Mrs. Mary Jo Lankford, Junior High.

Mrs. Lora Beth Ross, Junior High.

Mrs. Virginia Casey, 6th Grade

Mrs. Mary Frances Shannon, 5th Grade

Miss Martha Anna Neuman, 4th Grade

Miss Ethel Ames, 4th Grade

Mrs. Jean Halbert, 3rd Grade

Mrs. Esther McDaniel, 3rd Grade

Mrs. Esther Weaver, 2nd Grade

Mrs. Hazel Long, 2nd Grade

Mrs. Louise Kemletz, 1st Grade

Mrs. Frances King, 1st Grade.

H. D. Bankston, Principal and Math

Mrs. Sudia Cash, English and Librarian

Mrs. Winnell Bankeston, Commercial

B. R. Winchester, Science

Ted Darland, Coach and Math

Jim Bateman, Coach and History

O'Neil Weaver, Coach and History

Norman Arnett, Band Director

Mrs. Vera Newton, Home Economics

Leon Burkham, Agriculture.

## VISITS PARENTS

Mr. and Mrs. Lyndol Cypert visited her parents, Mr. and Mrs. Rudolph Moore in Petersburg, Sunday. They took Mitsie and Jeffrey Moore home, they had been visiting here.

## Bill Stone Hired As Police Chief At Tuesday Meet

Knox City's City Council met in regular session Tuesday night at the city hall with all members being present.

Members are Mayor Buddy Angle and Aldermen Jesse James, Kenneth Lawson, Paul Clayton, Otis Cash and Mrs. O. L. Jamison.

Minutes of the last meeting were read by City Secretary John Robinson and stood as read.

The council interviewed applicants for the chief of police job last Friday and considerable time was consumed reviewing applicants qualifications before voting.

The field was finally narrowed down to two men who the council believed to be the most qualified and a secret ballot was called.

Bill Stone, of Spur received four votes and Bob Carr of Quana received one.

The new chief of police will be here by the end of next week providing Spur can find a suitable replacement.

Mayor Angle said the city truck finally "fell down" and the city would have to find a replacement.

He also mentioned that the city had a deficit of \$6,984.00, and the city would have to have more money.

Various means of raising additional money was reviewed by council members and it was also pointed out that Knox City had the lowest water rate of any town in the entire area.

Council noted expenses had been cut to the limit and that water mains, law suits, and regular operating expenses had taken their toll of money.

The council finally agreed the best solution would be to increase meter rates two dollars per month, with the first 50 cents going to the fire department and the city receiving \$1.50.

Councilmen believed this was the only solution, and said it would be more in line with other area towns on a cost per month basis.

Motion was made by Paul Clayton and seconded by Jesse James for the city to purchase a new 1964 model short wheel-base truck.

All voted in favor of the motion.

Kenneth Lawson made a motion seconded by Otis Cash to pay the month's bills.

All voted in favor of the motion.

Announcement was made that Knox City would host the District Water and Sewer Meeting Wednesday, Sept. 16.

This is a monthly affair, and each town in the district will play host at designated intervals.

Motion was made by Otis Cash and seconded by Jesse James to adjourn.

All voted in favor of the motion.

## Piano Will Be Appreciated By Elderly Citizens

If any reader has a small spinet or upright piano in good condition, and no longer derives enjoyment from its presence, a good home awaits it, and the donator can make a lot of elderly people happy.

Elderly folk in the Brazos Valley Care Home would be eternally grateful and it could be used effectively to accompany their Sunday afternoon singing and worship hour, Reverend Jarrell Sharp, Methodist minister, told the Herald Tuesday.

Rev. Sharp said the Sunday socials were looked forward to by the people at the Care Home and that if they had a piano all the time, numerous citizens of Knox City had promised to "come to the home during the week and play for them."

## O'Brien Homecoming Planned For Oct. 3-4

The O'Brien Homecoming will be held on October 3 and 4 this year. A full day is planned for Sunday with community service at 11 a.m. in the school gym, and lunch will be served at 12 by Underwood's at \$1.50 per plate.

Afternoon program will begin at 2 p.m.

Homecoming King and Queen will be crowned Sunday afternoon. They will be the oldest graduates present.

A football game will be played with Ira at 7:30 p.m. on the home field, Saturday night.

Class parties will follow the game. Registration will begin Saturday afternoon at 3 in the school auditorium.

No written invitations will be sent to graduates from Knox City, Rochester or O'Brien, it was announced.

## Boy Scout Rally Planned Sept. 12 At Seymour

Are you a boy almost 11 years of age, 11, 12, 13, or 14 years? Do you like fun, adventure, enjoyment, and the out of doors? Do you get enjoyment from working with other boys in various skills?

If you have answered "yes" to any of these questions, you have indicated that you are interested in learning more about Boy Scouting.

Find out who the Scout leaders are in your town, and they will introduce you to Boy Scouting.

You are also invited to attend a Scouting Rally in Seymour, the afternoon of Sept. 12. During the afternoon, you will have an opportunity to see various skills of Scouting displayed.

You will also be able to compete with other Scouts in the four county area of the Brazos Valley District in Patrol and Troop activities.

Make plans now to attend.

## SPEAKS AT CARE HOME

The Rev. Jarrell Sharp, pastor of the Methodist Church was the speaker for the church services at the Brazos Valley Care Home last Sunday.

The church recently presented new song books to the home.

## Farmers Home Administration Group Visits Three Local Farms On Tour

Delbert A. Donelson, assistant County Supervisor of the Farmers Home Administration, Seymour, conducted a tour of three farms in the Knox City area Thursday to acquaint a group of farmers and interested persons with the work of the FHA.

The group met at the Citizens State Bank and left there at 10 a.m. for the tour.

Mr. Wilbur A. Satterwhite, is county supervisor and Mr. Oris R. Bruner is the area supervisor. Neither could attend the tour due to a death in Mr. Bruner's family.

First farm on the tour was the farm of Mr. and Mrs. Jess Gilpin. In 1959 Mr. Gilpin purchased 90 acres of sandy land which was in very poor farming condition with no improvements. He drilled a well and developed an irrigation system in 1960. Cotton was raised in 1960, '61, and '62.

His present program consists of 3 acres of Midland bermuda, 12 acres of Coastal Bermuda, 30 acres of wheat, and 30 acres of hybrid sudan. His bermuda was established in 1963.

It has supported between 50 and 65 head of cattle since May. The bermuda was fertilized with 100 lbs. of 33 per cent nitrogen in April, 100 lbs. in June and 200 lbs., of 45 per cent nitrogen in July. The hay has been well watered. In June the hay tested 8.6 to 10.5 percent protein content.

Mr. Gilpin's 30 acres of wheat produced 36.5 bushels per acre. The wheat land was planted in hybrid sudan which cut 1700 bales of hay. He is now watering for another cutting.

He also established one acre of Love Grass in 1963. In April of this year it cut 68 bales. It was grazed until the middle of June and it cut 97 bales Aug. 5.

FHA helped Mr. Gilpin establish his irrigation system and made him a rural housing loan for his new home.

Next on the agenda was the farm of Mr. and Mrs. Brooks P. Denton. He obtained his first loan from FHA in 1956 to develop an irrigation system. He

was granted a loan to diversify his farming operation. He added potatoes, ensilage, and cattle to his cotton and grain program.

These loans were repaid and he obtained a real estate loan in 1961 to buy his 161 acres and build a house.

This year he is farming 161 acres of irrigated land which he owns and is renting 250 additional acres. He has a well-balanced cotton, grain and cattle operation FHA said.

Mr. Denton has been outstanding in the application of good farm management practices.

This year he planted 10 lbs. per acre of Star 465, cotton seed on April 15. He had his soil tested and fertilized according to this test. He applied 200 lbs. per acre of 16-20-0 prior to planting.

Since planting, he has watered three times. Mr. Denton has done an effective job of controlling the cotton insects. He has poisoned eight times with 4-2-1 mixture of Toxephene, DDT and Methyl Parathion. FHA estimates that the yield will be over 500 pound net per acre. He plans to machine harvest his cotton.

Mr. Denton has 27 acres of Sudex and 40 acres of silage which he has cut and baled. He also has silage left over from last year. He plans to purchase 30 head of calves to utilize this feed.

It was pointed out that these farms, without the financial aid of the FHA were "not very good." FHA and the men who are farming them, had a vision of lush fields by additional capital and hard work and planning — This is where FHA comes in — where private enterprise fears to tread.

To secure a loan FHA personnel have to believe in the farmer, his farm and ability, before a loan is made.

Next farm and the last on the route was the farm of Mr. and Mrs. Bill Lankford. They purchased their farm in 1940, and since that time have paid for it. Mr. Lankford secured additional funds through FHA to re-organize and diversify his live-stock, cotton, grain sorghum and potatoes. He has been successful in carrying out the organized plan of operations of the FHA, SCS and County Agent.

He is an excellent farm manager according to all sources. He owns 160 acres and rents 438 acres. His present operations consist of 278 acres of cotton, 141 acres of maize, 10 acres of coastal bermuda, 16 head of cattle, 50 acres of guar, 45 acres of sudan and 50 acres of potato. See FHA Tour, Back Page

## QUARTERBACK CLUB ELECTS OFFICERS

The Knox City Quarterback Club met last Thursday, August 27, at the Field house and elected officers for the year as follows; President, Zane Brantham, Vice president, Doyle Graham and secretary, Lyndol Cypert.

There are 60 members of the Club.

TIME OUT FOR PROOF! — Shown above are some of the men who made the tour of area farms accompanying FHA personnel last Thursday. The above scene was filmed at the Bill Lankford farm. Mr. Lankford has one of the most diversified operations in the country, and has made quite a reputation for himself and farm by raising potatoes. The group, however is enjoying delicious watermelons grown on the Brooks Denton farm.

## Youngsters At Methodist Church Receive Pins

Rev. Jarrell Sharp, pastor of the First Methodist Church, said attendance pins were presented Sunday for perfect attendance.

One year perfect attendance: Anne Hoge, LuAnn McGaughey, David McGaughey, Ray Thompson, Sara McGaughey, and Mark McGaughey.

Two year perfect attendance: Jill Thompson, Jarre Sharp, Cheri Sharp, and Mark Clonts.

Three year perfect attendance: Diane Clonts.

There were many boys and girls, however, who missed only one to three Sundays in the year.

"Our special thanks to all of the children, youth, and adult teachers who are doing such a fine job each Sunday," Rev. Sharp said, "When it comes to promoting world peace, too many of us are sitting on our hands when we should be standing on our principals," he concluded.

Teachers for the 1964-65 Sunday School year in the children's and youth department, are: Nursery II (under two years of age), Ruby Robinson, Jessie Teague.

Nursery I (under two years of age) Lydia Acosta, and Barbara Howell.

Kindergarten (four and five year olds) Lena Dodi, Faye Graham and Polly Hoge.

Elementary I-II (first and second grades) Doris Crownover, and Peggy McGaughey.

Elementary III-IV (third and fourth grade), Mary Keithley, Bertha Sharp.

Elementary V-VI (fifth and sixth grades), Laura Clonts and Margie Clonts.

Junior High (7th, 8th and 9th grades), Nancy Bouldin.

Senior High (10th, 11th and 12th grades), Louise Graham.

Church School Superintendent: Joe M. Clonts.

Children's Division Superintendent: Mrs. Oleta Fitzgerald.

Bibles were presented by the Church to Dea Bouldin, Greg Clonts, Diane Clonts, Ginger Crownover, Lanny Cypert, Leslie Fitzgerald, David McGaughey, Randy Pack, and Belva Penman, members of the third and fourth grade Sunday School class.

### ENROLLS AT TECH

Mark Anderson, who has been employed in Carrollton this summer, will return to Knox City Friday. Mark has enrolled at Texas Tech for the fall semester.

## Hospital Notes

Patients in the Knox County Hospital August 31, 1964:

A. M. Howell, Knox City, Maggie Cagle, Knox City, James Dutton, Knox City, Louise Merchant, Knox City, Bill Waggoner, Knox City, Mrs. Riley Bell, Munday, Mrs. H. R. Shelly, Tuscola, Maude Isbell, Munday, A. J. Carver, Benjamin, Linda Grinstead, O'Brien, Rose Biggs, Knox City, Allie Freeman, Munday, Charles Rogers, Knox City, Joe Martinez, Knox City, Effie Lambeth, Goree, Mrs. Lewis Floyd, Knox City, Zena Waldron, Benjamin, Joseph Wilde, Munday, Jimmy Leach, Knox City, Mrs. Clarence Booe, Munday, Janie Castillo, Weinert, Murray baby, Munday, Mrs. John May, Knox City, Hob Smith, Knox City, Joe Averitt, Knox City, Mrs. G. R. Eiland, Munday, Mrs. E. S. Allen, Vera.

Patients dismissed since August 24, 1964:

Mark Reed, Munday, Lily Gonzales, Munday, Mrs. B. E. Smith, Munday, Mrs. P. C. Lowry, Knox City, M. W. Parks, Munday, Mrs. L. Parker, Benjamin, Mrs. Roy Tomlinson, Benjamin.

David Christ, Knox City, C. B. Ray, Abilene, Henry Cowser, Knox City, Mrs. M. W. Parks, Munday, O. L. Grice, Abilene, Bill Stewart, Munday, Lidia Aquire, Munday, J. B. Hendrix, Knox City, Karen Crawford, Munday, Bud Thompson, Knox City, Mrs. W. J. Townsend, Vera, Leone Thomason, Knox City, Mrs. Donnie Ryder, Truscott, Mrs. W. E. Bryal, Munday, Mateo Rangel, Knox City, Mrs. Lee Patterson, Goree, Mrs. Leslie Phillips, Munday, A. H. Howell, Knox City, Mrs. Troy Casey and baby, Rule.

### VISITS HERE

Guests in the A. W. McBeath home over the week end were Mrs. Fannie Hester of Humble, Texas and her son, Leonard Clark, of Tampa, Fla. Mrs. Hester is a niece of Mr. McBeath and is librarian in the Humble schools. She has spent the summer in Yellowstone National Park.

Other guests in the McBeath and Lloyd Waldrip homes were Dr. Dollie McBeath of Omaha, Nebr., and Trendy Sharp of Denton.

**IN MERKEL**  
Mr. and Mrs. Willie Hester, Ray and Nan spent last week end in Merkel visiting his parents, Mr. and Mrs. J. V. Hester.

**LEAVES FOR LUBBOCK**  
Eddie Williams left for Lubbock Friday to start work out twice a day with the Texas Tech Red Raiders. Workouts started Tuesday at Tech, along with other Southwestern Conference Schools.

## FHA Tour--

(Continued From Front Page)

He is doing a good job with his entire farm operation and he has been especially successful with his potato production.

To prepare the land for potato planting it was broken 8-10 inches. It was then listed and re-listed to insure a melow bed. The potatoes were planted Feb. 14, 1964, and fertilized with 700 pounds per acre of 80 percent nitrogen. The next farming operation was to ureapre the hill and water furrow. As soon as the potatoes reached the four leaf stage, he watered every other row every three to five days.

They were watered until two weeks before harvest. The potatoes were harvested June 1. He averaged 167 sacks of No. 1 potatoes and 23 sacks of No. 2 potatoes per acre.

Total income per acre was \$675.23; total expense per acre was \$211.68 making a net income of \$463.55 per acre!

The potato company received two-fifths of the net income. Mr. Lankford received three-fifths of the net income which amounted to \$226.05 per acre after all expenses were paid!

The following men make up the County Committee for each of the counties in this district: Baylor—Chetser A. Blankenship, William J. Karr, and William A. Thornhill; Knox—Lloyd Waldrip, August Schumacher, and J. T. Cypert; Throckmorton—Jake L. Carpenter, Otis E. Dunlap and David W. Howsley. Mr. Otis Bruner is the area supervisor for these counties and eight other counties.

Credit to provide resources for the borrower is an important FHA service, but this alone will not make a successful farmer. The supervised farm management program helps the farm family in making the best use of their land and other resources in order to receive maximum profit.

The farms of Lankford, Denton and Gilpin are examples of what can and has been done through the help of FHA, and work and foresight of these farmers.

## O'Brien News

MRS. S.A.M. JOHNSTON

Mr. and Mrs. C. B. Banner and Anne spent a few days last week in Canyon and sightseeing the Paloduro Canyon and other points of interest.

Dave Cummings spent the week end in Memphis with the Bill Cummings and Jane returned home with him.

Mr. and Mrs. O. S. Johnston left Tuesday to spend a few days in Red River, N. M.

Mr. and Mrs. Lynward Wilcox and boys spent the week end in Monahans with Mr. Wilcox's parents.

Mr. and Mrs. E. B. Henry and Betty spent Sunday in Wichita Falls visiting relatives.

Mr. and Mrs. Adeler Herring are the parents of a 7 lb., 13 oz. boy born at the Haskell Hospital, Thursday, Aug. 27. The youngster has been named James Allan. The Herrings have one other child a son, 4 years old, whose name is Ken.

Mr. and Mrs. Sam Johnston were in Abilene Monday afternoon. While there they visited their son John Tom and his wife Nancy.

Mr. and Mrs. Milton Rowan were in Dallas over the week end to move a nephew, Joe Hackney and wife where he will be employed.

Word was received here this week of the death of Mrs. Watkins, the mother of Mrs. Lois Malone and the mother-in-law of a former pastor of the O'Brien Baptist Church, Rev. W. D. Malone.

## Historical Survey Committee Meets

At a meeting of the Knox County Historical Survey Committee in Benjamin Tuesday, members from every community in the county were present.

The group voted to accept the RAMPS program sent out by the State Historical Foundation. This is a five year program which seeks to help in the Recordation, Appreciation, Marking, Preservation and Surveys of the Foundation.

During this period the committee hopes to mark some of the early day landmarks with appropriate markers. A landmark committee was named with Mrs. R. M. Almanrode of Munday as chairman.

Mrs. J. R. Brown of Truscott is chairman of the Museum committee and Mrs. B. B. Campbell, Sr., is chairman of the Knox County History committee.

We have been asked to place a picture of the person for which the County has been named, in the court house. Mrs. J. D. Jecoat of Vera is chairman for this project.

Attending the meeting were Mmes. Almanrode, Effie Alexander, Marvin Reeves from Munday; Mrs. V. M. Meaders, Rhineland, Mrs. W. M. Taylor, Goree, Mrs. O. R. Miller, Gilliland, Mrs. J. R. Brown, Mrs. H. A. Smith, Truscott, Mrs. Olen Coffman, Mrs. J. D. Jecoat, Vera; Mrs. Allie Moorhouse, Mrs. Earl Sams, Benjamin; Mmes. E. R. Carpenter, B. B. Campbell, C. C. Hoge and Robert Vaughn, Knox City.

lone. She was living with her daughter in Grandview, Wash., where he is doing mission work. She was to be buried in McKinney, Texas, her former home.

Mr. and Mrs. R. M. Johnston was in Abilene Monday and visited Mrs. S. H. Southall.

R. I. Walsworth returned Tuesday from Olton where he had been visiting his daughter, Mrs. L. L. LaDuke and family.

### ANNOUNCE BIRTH

Mr. and Mrs. Jack Idol, Jr., of Abilene announce the birth of a son, Charles David, born Saturday, August 29, at an Abilene hospital. He weighed 5 pounds and 7 ounces at birth.

Grandparents are Mr. and Mrs. Jack Idol of Benjamin, and Mr. and Mrs. Vondran Marshall of Hobbs, N. M.

### VISITING PARENTS

Mr. and Mrs. Bill Wooly is visiting his parents, Mr. and Mrs. Luther Wooly.

### HOME FROM VALLEY

Mr. and Mrs. Hass Huntsman returned home Saturday from Rio Hondo, Tex., in the Rio Grande Valley where they have been operating the East Rio Hondo Gin the past season.

### HERE FROM IOWA

Karl and Mary Nell Kainer are visiting their parents, Mr. and Mrs. O. B. McElroy of Knox City and Mr. and Mrs. Eddie Kainer of Sagerton.

They are living in Waterloo, Iowa where Karl is an engineer for John Deere Implement Co. Mary Nell has been employed in a bank but has resigned to enter The State College of Iowa at Cedar Falls, Iowa.

### IN GALVESTON

Mrs. Bill Anderson spent several days with her mother, Mrs. George Martin who had surgery at John Sealy Hospital there. Mrs. Martin is doing well and has returned to her home in Midland.

### CARD OF THANKS

Words are inadequate to express my thanks and gratitude to my many friends who brought food, beautiful flowers, and cards during my greatest trial. "When the days of life are ended, and the pathway no more they tread, may their name in gold be written, in the autograph of God," is my prayer. Mrs. W. N. Smith

### MRS. HUBERT BRATCHER SPEAKS AT CIRCLE MEET

Mrs. Hubert Bratcher of Stamford was speaker for the All Circle meeting of the Women's Society of Christian Service and The Wesleyan Service Guild which met in the fellowship hall of the church Monday at 7:30 p.m.

She and her husband who is the Stamford District Supt., of the Methodist Church visited Africa two years ago and saw most of the Methodist work in Southern Rhodesia. She showed slides and explained the situation there.

Hoge's Pharmacy

Initial post-convention and strategy mapped by President Johnson for the November general election campaign will bear a "made in Texas" label. "Made in Austin, Texas" would be more specific, for much of it will originate here.

The President, his nomination as the Democratic party's standard bearer secured, hurried home to his ranch to rest up and do some thinking.

His visit attracted greater interest than any of his first as president, during the Christmas-New Year season.

With Vice President Nominee Hubert Humphrey as his guest at the ranch, private talks inevitably turned to the battles ahead.

Gillespie County Democrats welcomed the President back to his home county with a Hill Country-style birthday celebration and barbecue two days after his 56th birthday.

**OPERATION MOTORCIDE** — Col Homer Garrison, Jr., head of the State Department of Public Safety, announced that "Operation Motorcide," the grim tabulation of Labor Day weekend traffic deaths as they occur, will go into effect Saturday Sept. 5 at 12:01 a.m.

Garrison said his department estimates 36 persons will be killed on streets and highways during the 72 hours from the beginning of "Operation Motorcide" to 11:59 p.m. Monday.

But he said the prediction won't come true if ALL drivers

make certain both themselves and their vehicles are in excellent condition, and if they use "caution, courtesy and good sense" at all times while at the wheel.

**EDUCATION REPORT BEATS DEADLINE** — Gov. John Connally's Committee on Education Beyond the High School has completed its report and recommendations for excellence in Texas colleges and universities. The 64-page report, recommending doubling of higher education expenditures within the decade and placing of all institutions under a strong coordinating board, has been delivered to the governor.

**REDISTRICTING HEARINGS TO WIND UP** — Congressional redistricting hearings conducted by a Texas Legislative Council committee will wind up here next month.

Meetings already have been held in Fort Worth, Dallas, Houston, San Antonio, Lubbock and Tyler.

Committee Chairman Sen. George Moffett of Chillicothe, said the group has "many suggestions" for redistricting.

Its big job now is to mold them together and come up with a reasonable plan or set of plans for legislative consideration, thus carving the state into 23 congressional districts as nearly as possible equal in population.

**CONSTRUCTION PEAK HIT** — Texas construction reached a 35-month peak during July. It was the greatest building month of the year and second highest month in nearly 18 years of records compiled by the University of Texas Bureau of Business Research.

A whopping \$140,600,000 of building was authorized in July — It represented a 21 per cent increase over June.

Bureau also reports that retail sales in the state during July rose two per cent over June. Normally there is a small decline between the two months.

Meanwhile, the U. S. Department of Commerce reported that the average income of Texans rose last year from \$1,973 to \$2,068.

**BUS FARE HEARING SET** — Hearing on a request from 31 bus lines to raise their intrastate passenger fares by 10 per cent were set for September 19 by the State Railroad Commission. Motor bus express and c.o.d. charter coach services also seek an increase.

The lines, including major carriers, maintain they have had sharp cost increases in their operations since 1961, when fares were raised five per cent.

**YOUTH COUNCIL ASKS INCREASE** — The Texas Youth Council — administrator of Gatesville and Gainesville schools for delinquent youths and of juvenile parole programs — told examiners from Gov. Connally's and the legislative budget boards offices it needs to raise its biennial budget by \$6,200,000 to \$18,300,000 for fiscal 1966-67.

Council's director, Dr. James A. Turman warned that the youth reform systems would be set back to the difficult days of 1957 unless the State Legislature approves a sound, long-range program of care and construction.

In addition to \$3,400,000 for construction at Gatesville and Crockett schools for juvenile offenders, the council proposed establishment of a \$1,388,367 home for dependent, neglected and orphan children, (but did not suggest a location).

This because the State orphanage home at Waco and Corsicana are crowded to capacity and expansion at those sites was not deemed practical.

**OIL FIGHT** — Independent oil men from the East Texas field took on major companies at a Railroad Commission hearing at which a proposal was made by Atlantic Refining Co. to give additional allowable to wells in that giant oil field. The wells now have allowables on a per-well basis only, Atlantic wants to add production based on acreage.

Small operators, conceding that it would increase their allowables, too, fear that if the Atlantic plan were adopted, it would open the door to a court review of the field rules, which could easily result in wiping out the allowables of wells drilled on tiny townlot tracts.

But the hearing also brought out a major inequity, and court action could come on that. A well capable of making only 19 barrels is exempt from shut-down days under a state law, so it can produce 30 days a month. But a well making 20 barrels a day is limited to about eight days' production a month. So the poorer wells get to produce more oil than the better wells.

**DRAFT DODGE CARRIES A PENALTY** — Noting that an estimated 6,000 to 8,000 18-year-old men have not conformed with the draft registration law, Col. Morris S. Schwartz, State Director of Selective Service, issued a reminder that 18-year-olds who wait more than five days after their 18th birthday to register with their local board are subject to penalty.

Maximum penalty for failure to comply with the draft law, Schwartz said, is five years in prison, a \$10,000 fine, or both.

**WATER NEWS** — Latest word on construction of the \$64,000,000 Amistad Dam on the Rio Grande and the Devil's River is that bids will be opened by U. S. and Mexican authorities working jointly on the project on November 6.

Both countries have been busy re-routing roads and railroad lines in the vicinity of the proposed dam to make way for construction.

Texas Water Commission will hold a hearing on the Colorado River Municipal Water Authority's application to build a dam at Robert Lee on the Colorado River on October 19, at 10 a.m.

Commission gave the Guadalupe-Blanco River Authority permission to build a low-water dam near the mouth of the Guadalupe River in Calhoun County. The dam will have a rubber top, so it can be deflated when river flows are high — if that day ever comes again.

Continuing its "clean up" of unused water rights in Texas, the Water Commission this week cancelled out reduced water rights in Kimble, Mills and Coleman counties which date back as far as 1904.

## IT'S THE LAW in Texas

### FALSE CREDIT

It's easy to buy things on time if your credit is good. But some people try to make their credit look good when it isn't. This can lead to the crime of "theft by false pretenses."

In a recent case Sam Sudd wanted a new car just like his neighbor's.

At the Super Car Agency Sam could buy his new car for \$300 down and 36 monthly payments.

The Agency asked Sam to sign a credit report. Sam reported that he made \$650 a month, had a \$65 car allowance a month, and his wife worked for \$400 a month.

Sam drove off with the new car. But when he fell down on his payments, the agency re-

**NEWSPAPERS MUST WAIT** — Gen. Waggoner Carr has ruled that the State Treasurer can put cost of publishing names of persons having money coming to them through insurance policies or annuities "on the cuff" and pay the newspapers later, as money accrues to a special state trust fund.

Advertising costs under the insurance escheat provision cannot be paid from the treasurer's own general appropriation, the opinion continued.

**DROP OUTS CRITICAL** — Measuring the cost to the nation's economy of some 900,000 school drop-outs each year by the dollar, Col. S. Perry Brown, the chairman of the Texas Employment Commission, said it adds up to millions of dollars each year.

Then he warned, "If effective action is not taken, I submit that we will pay ten-fold in retraining, as well as unemployment insurance, welfare costs, and other forms of dependency. Yet the greatest loss both economically and socially will be in wasted human resources."

**SHORT SNORTS** — State Highway Department will open bids for construction of a new district office building at Brownwood on Sept. 17. . . . November 25 through January 3 is the date for the open season on ducks and coot set by the Parks and Wildlife Commission . . .

**NOTICE** — If You Want To Buy or Sell a Farm Contact S. N. Reed, Licensed Real Estate Dealer.

**S. N. REED** PHONE OFFICE 658-3061 Residence 658-4091 Knox City

possessed the car and found that Sam never did have the income he claimed. Truth was Sam was making only \$500 when he worked, and he had taken a leave of absence and had never gone back to his job. His wife had not worked for years.

The agency complained to the district attorney, charging Sam with theft by false pretenses.

Sam was guilty as charged.

Though no one can be put in prison for debt, he can go to prison for fraud, if, when he "bought" the goods, he never meant to pay at all, any time. But it is no crime if he just happened to be broke but made no false claims.

Using another's credit card without his permission is also a crime, just as it is to use one's own credit extensively, knowing full well that he cannot or will not make payment. Again, this is theft by false pretenses.

(This newfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

### VISITING GRANDPARENTS

Chad Wilson, son of Dr. and Mrs. Jack Wilson of Fayetteville, Ark., is visiting his grandparents Mr. and Mrs. L. W. Graham and Mrs. J. A. Wilson here this week. Chad is a student at the University of Arkansas.

## Streams In Desert Places

Ozelle Stephens

"Praying always with all prayer and supplication in the spirit, and watching thereunto with all perseverance and supplication for all saints." (Eph. 6:18). It is very important that we pray with perseverance and supplication for all saints. Be not slothful but sleepless, watching theint — praying through until our prayers are answered.

Prayer and praise comes from the inner being of the Christian. It rejoices the heart and maketh glad the spirit. It increaseth faith and giveth courage. It driveth depression and fear from you. Rejoice in the Lord and praise His Holy Name.

### ATTENDS BARBECUE

Mr. and Mrs. Bill Anderson Mary Beth and David were in Haskell Saturday night to attend a barbecue given by Carl Anderson Const. Co.

A group of cantaloupe growers from the Munday area met last week and decided to form their own marketing association. They heard Gordon Powell, Extension Marketing Specialist say "This type of organization will work if everyone will put his trust in one man to do the selling for the entire group. Just because you have a marketing organization doesn't mean you can demand more than the market price but it can help get the price for the products."

The group decided to meet on Tuesday night, September 8, at 8 p.m. in the Munday school, to formally organize. Officers will be elected, rules and regulations of the organization decided upon. All the growers in this area are urged to attend this meeting.

A forage sampling auger has been obtained for use by farmers in Knox County. This auger and tube cuts a sample 12 to 18 inches deep from a bale of hay. Ten to 12 bales are tested for each composite sample.

Forms and bags are available to mail the sample to College Station for complete analysis or for protein only. Complete instructions will be worked out based on the complete analysis, if desired. Contact me at my office or by mail if you would like to borrow this instrument.

Result of grain sorghum demonstrations at the Stiles Farm Foundation in Williamson County, were announced this week by Farm Manager Calvin Rinn following final tabulation of yields.

In hybrid tests, top honors were shared by RS 622 and NK 222 with yields of 4,232, and 4,228 pounds per acre. Seven of the 13 hybrids tested produced more than 3,800 pounds per acre. They included Watson 60-40, TE Grainmaster, RS 621, Kiowa and DeKalb E 57. Rinn harvested more than two and one-half million pounds of grain on 781 acres for an overall average of 3,258 pounds per acre. None of the crop was irrigated.

"Once again, we saw the value of soil tests," says Ben Spears, Extension agronomist

who helped plan and evaluate the demonstrations. Fields fertilized according to laboratory recommendations produced the highest net profit, though not the highest yields.

Double-row plantings increased grain sorghum yields on the big Blackland farm by about 400 pounds per acre. This result compares with findings at both the Blackland Experiment Station at Temple and the Livestock and Forage Research Center near McGregor, Spears points out. He observed further that there was a wide variation in standing ability as rain and heavy winds caused considerable lodging in some hybrids. Damage was most severe in RS 626 and RS 610, while five hybrids, RS 622, RS 621, NK 222, DeKalb E 57 and Rico showed no tendency to lodge.

Attend the annual field day the Lubbock Experiment Station is having on Tuesday, Sept. 15. Tours will start at 1 p.m. and continue all afternoon. The station is located seven and one-half miles north on US 87.

Visitors will see results of tests on Broadcast cotton, sub-irrigation, grain sorghum varieties, cotton varieties and others.

### "Motorcide" To Begin Sept. 5

Col. Homer Garrison, director of the Texas Department of Public Safety, announced today that "Operation Motorcide," the grim tabulation of Labor Day traffic deaths as they occur, will go into effect at 12:01 a.m. Saturday, Sept. 5.

The Department has estimated that 36 persons will be killed on Texas streets and highways during the 72-hour holiday period, which will last until 11:59 p.m., Monday, Sept. 7.

Garrison called upon the driving public to join in a "crusade of common-sense driving to lessen the toll of tragic holiday deaths caused by motor vehicles."

"The heaviest concentration of moving vehicles is during holiday periods," he pointed out, "and it is during these times that drivers should exercise caution to the utmost."

"There is always a chance that the estimate of traffic deaths can be proved too high if all motorists put forth a concerted effort toward holding the line against accidents by staying especially alert to the added dangers of holiday travel."

The DPS Director said Labor Day this year comes at a time when traffic tragedy appears to be outstripping that for 1963, when an all-time high of 2,729 deaths were tabulated. He reported that more than 1,700 persons have been killed already this year for an increase of over 12 per cent, adding that if the trend continues the toll for 1964 will exceed 3,000 traffic deaths.

The Department of Public Safety will continue in their all out effort to curb traffic accidents and to stop reckless and illegal driving on the highways Garrison said. Officers from other DPS uniformed services will be assigned to Highway Patrol duty during the holiday period to add to the enforcement ef-

fort.

Garrison noted that several public and private agencies are carrying on programs to supplement the safety emphasis effort for the Labor Day holiday. The Texas Safety Association will conduct a public information program stressing the need for courtesy and caution. TSA Vice President W. F. (Bill) Leonard will coordinate the efforts of over 12,000 members of the Junior Chamber of Commerce over the state in operating some 200 "rest stops" for fatigued drivers to whom free coffee will be served.

The Texas Highway Department will carry on a continuing information and education program instructing drivers in freeway driving and the need for caution near highway construction areas.

And the Texas Council of Safety Supervisors and the Texas Motor Transportation Association will sponsor a fleet of 35 to 40 cars which will be used to assist stranded motorists over the state. The "Holiday Road Patrol" will be manned by the safety director, safety supervisors and safety engineers of the trucking industry who comprise the membership of the council. Its primary purpose is to help relieve highway patrolmen for enforcement work by aiding motorists in distress.

Garrison listed several items for positive action in his appeal to all drivers. He urged each person driving during the holiday to:

Make sure the car and all its equipment (tires, brakes, lights etc.) are in proper working order at all times.

Be sure the driver is in good physical and mental condition.

Be considerate toward other travelers.

Be alert for unexpected road hazards and dangerous road conditions.

Avoid improper passing and maintain control of the car at all times.

Slow down and be able to cope with all existing conditions and circumstances.

And to use caution and good sense at all times.

### Hay Fever Pollen In The Air Again

The pollens that trigger hay fever are in the air again. From now until first frost the nine million American sufferers face their annual season of sneezing, stuffed-up runny nose, itching and swollen eyes.

Many people suffer from hay fever needlessly. Enough is known by the allergy specialists to make the average sufferer fairly comfortable and able to carry on a normal existence, says today's Health, the magazine of the American Medical Association.

Consult with your physician or allergist if you have any of the above symptoms. Hay fever is a serious and sometimes incapacitating illness that requires the attention of a physician. Desensitizing injections are the most effective and practical means of managing hay fever. Treatment may be given just prior to the season or all year round. Your physician will decide which will be most effective.

Seasonal hay fever is primarily caused by inhalation of pollens, the male fertilizing element of flowering plants, trees or grasses. Allergens, such as dust of all kinds, molds and animal fur, aggravates symptoms during the hay fever season.

Some people move to another part of the country, where the

Your cooperation as a driver can be the deciding factor in leading to a reduction of traffic accidents and fatalities in our state," Garrison concluded.

pollen count is at a minimum. Your physician can obtain from the American Academy of Allergy listings and maps which give the pollen count indexes for different parts of the country.

Any location with an index of 10 or above is not recommended for those allergic to ragweed. In most of Alaska the

Mrs. Stella Kendrick and Mrs. H. A. Hall were visitors in Seymour Monday.

Mr. and Mrs. Walter Buck Meinzer and children from Hale Center visited his mother Mrs. Myrtle Meinzer and Mr. and Mrs. Pate Meinzer and family here Sunday. They also attended church services at the First Baptist Church here.

Mike Howse returned home Sunday night after spending several days with his mother, Mrs. Claudia Howse and children and his father, Gene Howse and grandmother in Memphis, Tenn.

Mr. and Mrs. Leroy Yarbrough from St. Paul, Minn., spent Friday night with his grandparents Mr. and Mrs. A. Golden, and other relatives and friends. They are on vacation and are visiting relatives in Fort Worth and Graham and Carlsbad, N. M., and other parts of the west before returning home.

Mr. and Mrs. Dan Foster and family have moved to Benjamin and he will be employed in the trucking business with his uncle Mr. A. Golden.

Mr. Jack Stewart of Goree visited in the home of Mr. and Mrs. D. V. Gilbert and Mr. and Mrs. O. V. Chitty, and other relatives and friends here Thursday.

Mr. and Mrs. Merick McGaughey and Skeet visited Mr. and Mrs. Johnnie McGaughey and family in Anson and McMurry College in Abilene Saturday. Skeet will attend McMurry this fall.

### HERE FROM FORT WORTH

Dr. and Mrs. D. N. Mathenson of Ft. Worth were Sunday visitors of Mr. and Mrs. Robert Vaughn. Dr. Mathenson is a cousin of Mrs. Vaughn.

### ATTENDS MEETING

Seventeen members of the Knox City Church of Christ attended a regional Gospel meeting in Vernon last Friday night.

### IN TEXARKANA

Mr. and Mrs. Charlie Bateman and Angela have moved to Texarkana where he will attend college.

### IN OKLAHOMA

Mr. and Mrs. J. H. Culp and Mr. and Mrs. Max Reeves were in Ponca City, Okla., recently visiting John Culp and Mrs. Lucy Haden a sister of Mrs. Culp.

### IN THROCKMORTON

Mrs. M. L. Verhalen and Velvet and Kathy, Mrs. Don Whitely and Kimberly and Melissa visited Mrs. E. J. Martin in Throckmorton last Thursday.

### HERE FROM EL PASO

Capt. and Mrs. Lionel Harden and children of El Paso visited his parents, Mr. and Mrs. Wayne Harden last week.

### HERE FROM ABILENE

Mr. and Mrs. Ken Williams and children of Abilene were visitors of the E. H. Tankersley family Sunday.

### IN MONAHANS

Mr. and Mrs. J. R. Hitchcock have returned to Monahans where they will be teachers in the school there. They have spent most of the summer here.

### VISITS HERE

Chad Wilson of Fayetteville, Ark., is visiting Mr. and Mrs. J. A. Wilson and the Graham families.

### IN SAN JUAN

Mr. and Mrs. Simon Casillas are visiting in San Juan.

### AT 6-FLAGS

Mr. and Mrs. John Smith, Jane Smith and Haby and Sharon Schoonmaker of Stamford went to Six Flags Saturday.

### RETURNS HOME

Mr. and Mrs. Guy Glenn and sons have returned from a three weeks trip to South Carolina and Alabama.

### HONORS FATHER

Mrs. Russell Turner honored her father with a birthday dinner on August 23, at her home here. He was 70. Guests included his wife, Mr. and Mrs. Angelo Pisalalio and children, Mr. and Mrs. Elmer Burleson, Mr. and Mrs. Henry Dabney, Mrs. Fanny Beaver all of Rochester, Mr. and Mrs. Rufus Burleson, Mrs. Dick Burleson, Electra, Mr. and Mrs. Jimmy Wyatt and daughter, Mr. and Mrs. John Vinita, Knox City, Mrs. Ramona Knight and son of Tulsa, Okla.

### KINDERGARTEN OPENS

Knox City's newest institution of learning is the Kindergarten for five year olds which Mrs. Robert Vaughn opened Monday at her home on East Main St.

Her converted garage is equipped with desks, chairs, chalk boards and other things that would make work and play a pleasure for pre-schoolers.

Mrs. Vaughn is a teacher of wide experience and Knox City is fortunate to have her open the kindergarten.

### 52 ATTENDS YOUTH CENTER

Fifty-two attended the Youth Center last Friday night. During football season the center will be open on Saturday nights at 7:30 and after home football games.

### IN COLORADO

Jimmy Seale Dutton left August 28 for Boulder Colo., where he will manage a Furr's cafeteria.

### QUARTERBACK CLUB TO HAVE MEETING TONIGHT

The Knox City Quarterback Club will meet at the Field House Thursday, Sept. 3, at 7:30 p.m.
