NUMBER 45

As another public service the Herald would like to remind you for the last time before Tuesday's election — Get Out The Vote!

Knox Countians will have two extra ballots to contemplate.

The first one is to vote on the County Superintendent's office and the final one came when the commissioners asked for a straw vote to see how the county feels about retaining: 1. a trapper; 2. county agent; 3. home demonstration agent, and 4. county service officer.

We would like to point out that most of the controversy has been to eliminate the county trapper, but the vote has been tied . . . Although regardless of how you vote won't necessarily change anything, it does seem plausible that the commissioners will do what the majority want.

POLLS — Usually we have little faith in polls of any description because they are usually way off. We have polls showing a Democratic victory in the state by 10 per cent to another one stating the Republicans will run by that large a margin.

Locally the only split in the Democratic column will be for Republican Geo. Bush for the U. S. Senate in preference to Sen. Ralph Yarborough.

This was not a poll on our part but a matter of listening to people talk.

Lt. Gov. Preston Smith seemed to enjoy his short stay here and those of us who welcomed him to our city were impressed with his straightforward answers to pertinent questions.

While here last week he was the Governor as Gov. Connally was in Washington conferring with other dignitaries on world situations.

Mr. Smith said his main function was usually to grant pardons or paroles to inmates and asked us if we had anyone in we wanted out . . . Knox County's problem we all agreed was getting them in . . . not out.

Munday did an excellent job and were gracious hosts and we believe well rewarded for their efforts as Gov. Smith had a capacity crowd at the gym.

We sat with Publisher and Mrs. Aaron Edgar and a number of Munday citizens were surprised that we could speak to each other.

Luckily we can speak to each other for we had to speak to Mr. Edgar at least twice recently and that was to borrow newsprint to print this week's paper and part of last week's edition. For some reason, other than credit, we were unable to get an order—it was sent to another town and our re-order went somewhere else. Things are looking up now as we got one shipment in Tuesday and if it isn't worn out when it gets here, we will have some more paper in this week end.

One of the finest honors and inspirational gestures we've witnessed in many years was bestowed on Mr. L. W. Graham at Lions Club Wednesday.

Our report doesn't give any of the men who testified for him the credit they deserve. All we can say is that the Graham family should have a hard time buttoning their shirts for our heart swells too for this fine gentleman we have known and loved since we came to KC.

S. N. Reed said his mark on the world would live a great deal longer than his span of 77 years . . . we agree.

REV. AND MRS. FLOYD BAILEY (JanCharles Photo)

Foursquare Church To Honor Pastors On 24th Anniversary In Knox City

An all day service is being planned for Sunday, Nov. 1 by members of the Foursquare Church in Knox City, honoring their pastor, Rev. Floyd Bailey.

Rev. Floyd V. Bailey was born March 17, 1902 in Comanche, and his early childhood was spent in this location. He moved with his parents to Cuervo, N. M., to live out a claim on some ranchland, then the family moved to Hamlin, where he attended high school and was a member of the band.

Mrs. Bailey (Jewel Dowell Bailey) was born May 27, 1905 in Portales, N. M. At the age of four, her family moved to Clarendon. On Lott's ranch near Clarendon she met and married her husband on Dec. 23, 1921. Three children were added to this union. A son, Floyd Jr., who has a wife and son and is now living in Dallas. He is a minister. Two daughters, Juanita Ruth who passed away in infancy and Bertha Maye Speck who resides in Knox City with her husband and three children.

The Baileys left Texas in 1936 to move to Los Angeles, Calif., as the doctor advised because of ill health. Mrs. Bailey was given a period of months to live. After arriving in California they were invited to attend a Foursquare Church on Riverside Drive and were both saved the same night on Sept. 5, 1936, Rev. Bailey said.

Their decision to preach at attending the meetings "Mrs. Bailey was anointed and pray-

Former Gilliland Resident Dies In Seymour

Funeral services for Mrs. J. O. Cure, 74, who died Thursday morning in the Baylor County Hospital were held at 2 p.m. Saturday at the Seymour Church of Christ. Leslie Mickey of Seymour, Richard Pectol of Munday and Bobby Pohlman of Goree, officiated.

Burial was in Gilliland Cemetery.

Mrs. Cure was born June 12, 1890 in Montague County and married J. O. Cure Feb. 19, 1907.

She is survived by her husband; five sons, Omar of Munday, Louie of Andrews, Ray Lynn of Pittsburg, Wayne of San Marcos, and Lowell of Seymour; two daughters, Mrs. G. C. Coltharp of Tucumcari, N. M., and Mrs. J. R. White of Randolph AFB San Antonio; four brothers, George Mitchell of Manitou, Okla., David Mitchell of Davidson, Okla., Louie Mitchell of Frederick, Okla., and Max Williams of Henrietta; 13 grandchildren and 10 great-grandchildren.

ed for and the Lord healed her body," he said. They entered L. I. F. E. Bible College at Angelus Temple and graduated in the same class in June 1940.

Their first assignment was to co-pastor in Norwalk, Calif. Later they came to Knox City with their two children on Nov. 3, 1940 to begin their pastoral work in the local church.

After pastoring here three years they went to Amarillo to pioneer a church. After serving there three years they returned to Knox City and have remained with the church. They have served as district superintendent of the Wichita Valley division for 21 years, having a part in pioneering new churches, and assisting at a time of absence or change of pastors. The records show 87 revivals have been conducted in Texas, New Mex-

O'Brien Stampedes Lueders, 40-0

O'Brien Bulldogs defeated the Lueders High School team 40-0, in a District 5-B six-man football game at Lueders last Saturday night.

Carlton Rhodes made the first TD for O'Brien in the second quarter, and James Duncan made three touchdowns in the third and fourth periods, and Jerry Thomas made the last TD for O'Brien.

Duncan also added 10 points with two-point kick conversions after each of the five touchdowns.

Rev. and Mrs. Hal Dungan To Serve As Missionaries In The Congo --

Rev. Hal Dungan, pastor of the First Christian Church in Knox City, recently announced that he, his wife, Sarah, and son, John, are leaving at the end of this year to enter the first phase of orientation studies for service as missionaries in the Congo.

The Dungans expect a busy year in 1965. They will be at Missionary Orientation Center, Stony Point, New York, for five months, and then at Drew University for four weeks next July. These studies will include area orientation, linguistics, mission methods, and Bible study. In the middle of June, 1965, the Dungans will be appointed as missionaries by the mission arm of the Christian Churches (Disciples of Christ), the United Christian Missionary Society.

Then next fall the Dungans will go to Brussels, Belgium for a year's study of French, and then to Congo in 1966 for a three-year term.

Rev. Dungan has been pastor in Knox City since October 1961 when he was still a student at

Injunction Filed To Stop Election

In an injunction filed Tuesday, No. 5742, reads as follows: To Honorable Judge of said Court:

"Herbert Partridge, plaintiff, complaining of L. A. Parker, county judge and the commissioners court, Knox County, Texas, defendants, shows what follows in his petition for injunction and other relief herein prayed, viz:

"1. That plaintiff is a resident and qualified voter in Knox County, Texas, heretofore the commissioner's court of Knox County, Texas has published notice in newspapers in Knox County, Texas, that at the General Election to be held Nov. 3, 1964 a ballot would be issued for a straw vote to abolish the following offices, to-wit:

"County Trapper, County Aegnt, County Home Demonstration Agent and County Service Officer. That in said notice the statement was made that said vote would be advisory for the Commissioners Court of Knox County, Texas.

"2. That no provision has been made for the printing and the issuance of the above mentioned ballots.

"3. That said election will be held on Nov. 3, 1964 for as above stated and no notice of election was given as provided for in Article 4.05 of the Election Code of the State of Texas, that said Article provides that the County Judge shall cause notice of a General Election or any special election to be published by posting notice of election at each precinct twenty

Miss Margaret Waldrip Dies Here Wednesday

Funeral services for Miss Victoria Waldrip, who died in the Brazos Valley Care Home at 12:45 p.m. Wednesday, will be held today (Thursday) at 3 p.m. at the Knox City Church of Christ.

Elder E. J. Norman of Childress, assisted by G. H. Crain of Arlington and Afton Richards of Jayton, will officiate.

Burial will be in the Knox City Cemetery.

Miss Waldrip was born Aug. 20, 1872 in Jackson, La. She moved to Texas at the age of 7 and moved to Knox City in 1918.

She had made her home with her brother and family since 1930.

She joined the Primitive Baptist Church in 1927 and was an active member.

She was the oldest living Knox City resident until her death.

Survivors are one brother, W. F. Waldrip of Knox City.

Farmers Meet Here To Discuss Insect, Weevil Crisis

Approximately 300 farmers and interested agricultural representatives between Childress and Abilene met in Knox City Monday night to talk about the boll weevil crisis and a means of bringing them under control.

S. N. Reed and B. B. Campbell Sr., were among the men who spoke to the group at the school cafeteria.

O. B. Ratliff, Lubbock attorney was first speaker, followed by Dr. Adkinson, professor at A&M; John McCollum, Don Rummell, Don Anderson, of Crosbyton; Judge Ben Chapman of Haskell, who was master of ceremonies and featured speaker and guest was Congressman Graham Purcell of Wichita Falls.

An organization was formed and directors were elected. The organization will be known as the Brazos Valley Association, and its main function will be to organize farmers into fighting the boll weevil and insects on a collective basis.

An organization was formed last year on the High Plains and poisoning begins when the boll weevils begin hibernation. The report is at least 90 per cent of the insects killed.

Each farmer will be required to pay 50 cents for each bale of cotton and the government is asked to match this amount.

It was pointed out that every farmer needs to sign up in order that the entire area may be eradicated or poisoned.

Directors elected Monday are Rex Sullivan, Arkley Bell, Chillicothe, J. H. Wall, Fargo, Walter Johnson, Abilene, Gene Howard of Sweetwater, J. D. Litton of Rule, O. R. Brenner of Seymour and J. L. Hill of Stamford. A steering committee met in Haskell Tuesday night.

Methodists Plan "Day Of Singing"

Sunday morning, November 8, at the morning worship hour, the First Methodist Church will observe "A Great Day of Methodist Singing." The special program under the direction of the Worship Committee is designed to emphasize Methodism's great heritage of singing.

Special music will be provided by the Children's Choirs, Chancellete Choir, Girl's Sextet, Mixed Quartet, a violin solo, organ and piano specials and Adult Choir specials. Favorite hymns suggested by the congregation will also be sung during the special service.

Members of the Worship Committee are: Mrs. A. V. Kemletz, Chairman; Mrs. Buddy Angle, Mrs. A. L. Fitzgerald, Mrs. Buster Lowrey and Mr. George Houston.

Lions Club, City, Proclaim October 28 As "Luther W. Graham Day" Here

Knox City's Lions Club honored a charter member Wednesday in recognition of his 77th birthday which will be today (Thursday) and his many accomplishments in this city and area.

Rev. Jarrell Sharp, pastor of the First Methodist Church was master of ceremonies for the occasion and testimonials were made by some of Mr. Graham's oldest friends.

Rev. Sharp began the testimonial with this background: "On a fall day in October, nearly 77 years ago in Paris, Texas, a baby boy was born to Jeff and Samantha Graham.

"Today we honor a man who has lived among Knox County folks since 1914 — Mr. L. W. Graham.

"During his childhood and youth, Mr. Graham lived on a farm near Grandbury where there was plenty of hard work, yet a lot of time for hunting, fishing, and baseball." At 11 years of age he was converted and joined the Methodist Church. At the age of 16 he was elected lay leader for the circuit.

"At the age of 23 something else significant happens to this young farmer boy. He fell in love with a little blonde, Ethel Watson, and on Oct. 25, 1911, they were married in Tolar, Tex. Last Sunday they celebrated their 53rd anniversary. Mr. and Mrs. Graham will always remember the lovely 50th anniversary given them in 1961 by their children and their many friends.

The call of the west was strong and after three years of married life the young couple headed for Knox County. After seven days of hard travel with two babies, they reached Knox City. For a month they pulled cotton before they could find a place to rent.

"The years of 1915, 16 and 17 were sad and severe for the young stock farmer near Benja-

min. In 1915 they lost a son, in 1916 their home was destroyed by fire and in 1917 they lost most of their cattle because of a drought.

The rains finally came and for the next few years things looked better and the L. W. Graham family moved closer to Knox City. Every move which he made was done for the betterment of his children's educational and religious lives.

"In these years since 1914 Mr. Graham has been active in agricultural, social, civic and religious endeavors. He has served on school boards, hospital boards, farm and agricultural agencies, local development groups, and religious and humanitarian causes. His dynamic leadership and influence has been an inspiration to every Methodist minister who has served the Knox City church.

"What makes L. W. Graham a great man? Let us hear from some of his friends and associates who have worked with him in various ways."

Mr. Roy Baker, a life long friend and former resident who now resides in Ruidoso, N. M., was next to give testimonial.

Mr. Baker related his experience 26 years ago when he tried to organize the Lions Club and comments of local businessmen when informed that it would cost them \$5. to join as charter members.

"Luther was always optimistic and nothing was impossible," Baker said. When he was approached on the subject he answered by donating his \$5. on the spot.

"In looking through a 1939 issue of the Knox County Herald I noted that Luther was delivering a quart of milk to your door for eight cents; C. H. Keck

Lt. Gov. Smith Speaks To Demos

Lt. Gov. Preston Smith urged a group of about 200 Knox County Democrats to do their "final planning, marshalling of manpower and fire-power for a Democratic victory" in a speech made at a fund raising dinner at the elementary school in Munday last Thursday night.

The Lieutenant Governor was introduced as Governor of Texas as Gov. John Connally was in Washington.

Walter Coffman of Goree introduced the members of the Knox County Democratic Executive Committee and County Democratic Chairman Collins Moorhouse introduced special guests and prominent Democrats from throughout the North Texas area, including Democratic nominee for State Senator Jack Hightower of Vernon and Wichita County campaign chairman Elmer Parish.

Musical entertainment was provided by the Munday High School Band.

Bill Sams, chairman of the banquet, acted as master of ceremonies and speaker Joe Reeder drew loud applause when he said he worked for the Democratic Party "because in my heart I know I'm right."

Lt. Gov. Smith, principal speaker for the occasion, who has served three terms in the Texas House, two terms in the State Senate and one term as lieutenant governor, spoke of the "problems of running for public office, particularly the rising cost of campaigns. He urged the support of all Democratic candidates and cited the record of 58th Legislature, which he said was the first all-new Texas government in many years. He said the legislature had solved most of the major problems facing Texas, and that this year, we would wind up with a surplus of \$73 million in the general fund.

Smith said the present administration had promised to

NOTICE TO THE PUBLIC
The Commissioners' Court of Knox County has received many inquiries concerning the advisability of retaining the services of County Trapper, County Service Officer, County Home Demonstration Agent and the County Agent. The Commissioners' Court requested an advisory vote be taken during the General Election to ascertain the wishes of the voters in a democratic way concerning these matters. A notice requesting this advisory vote was given in the newspapers of Knox County for the past two weeks.

On October 27, 1964, a law suit was filed in the District Court of Knox County enjoining us from proceeding with this advisory election. The Commissioners' Court, not desiring to be involved in litigation, have withdrawn this request for an advisory vote.

lift the level of excellence in education and then pointed to its achievements in that field. "Increasing the budget expanding the vocational program and particularly emphasizing the drop-out problem."

The 58th Legislature was successful in its attempts to bring more industries to Texas and its program "was judged first in the nation in competition with all other states."

Tourism Cited
Smith pointed out the success of the screwworm control program "which has saved our stockmen countless dollars," the attraction of "a record 11,700,000 out-of-state tourists to Texas" through the efforts of a new state agency and mentioned the progress of the highway building program.

"We're beating every other state in miles of federal highway system built or under construction," he said. "We're able to do this because we are building for 40 per cent under the national average cost."

"As we drive for victory in November, let none of us underestimate the opposition. They are well organized and dedicated," he said.

"But they don't really have the answers for Texas. Everything looks easy to them because they have never worn the cloak of responsibility."

"Our Democratic office holders . . . have performed in such a way as to deserve your support."

Rev. Bailey said: "We have been blessed with a group of wonderful people who have stood by, worked hard, and believed God to preserve the church. Without them we could have done nothing. Both pastor and people wish to thank God for all that has been accomplished and give Him all the Glory. They desire to continue on by the help of the Lord to reach many more who need to know the Lord they serve."

At present there are plans being made to begin major remodeling of the property.

Rev. Craig Biggs of Dallas, superintendent of the Foursquare Churches of Texas will deliver the 11 a.m. service.

Another Asset Of Living In Country—

Now that Election Day is right on top of us—next Tuesday, don't forget — we find great satisfaction in some figures reported by R. L. (Bob) Johnson of the Texas Election Bureau.

Mr. Johnson reports that the "country cousins" in 231 rural counties out-voted their city brothers, percentage-wise, nearly two-to-one!

Yes, sir, it's a fact. And we are mighty proud. It just shows that the country folks take politics seriously enough to go to the polls and do something about it.

We do more than talk—we vote!

Now for the facts: In the four big-city counties surrounding Houston, Dallas, San Antonio and Fort Worth, there were 1,182,976 qualified voters. This spring, only 38 per cent—or 452,135—voted.

In the 231 so-called rural counties, there were 1,132,067 Texans eligible to vote and 769,697 voted. That's nearly 69 percent.

In the middle counties, described as urban because of their population, the percentage was 51.5 per cent. Out of 794,224 voters, 409,321 went to vote.

That's a mighty fine record. But since politics has been pretty steamed up in the big cities, we folks in the country are going to have to double-up this fall in our voting turnout.

So, tie a string around your finger—don't forget to vote next Tuesday!

(Continued From Front Page) and O. W. Caussey were advertising T-bone steak for 19 cents a pound at that time and salt pork for seven and one-half cents a pound," he said.

Baker concluded by saying Mr. Graham was always on the right side regardless of circumstances.

Rev. Johnny Price former pastor who now lives in Abilene said it was impossible for him to say all the nice things he had to say in the allocated five minutes the club allowed him, but considered Mr. Graham one of the finest men he had ever known. He told how he had been an inspiration to him as well as his fellowman when he himself needed consolation on numerous problems.

Rev. Floyd Bailey, pastor of the Knox City Foursquare Church told the group he will celebrate his 24th year here as pastor and he had seen many preachers come and go in this span of time. L. W. Graham was one of the first men he met outside his church he said when he came here and he said his association with him had been one of the reasons for his liking the town so well and his incentive to remain here all this time.

Rev. Bailey said Mr. Graham was his idea of a "big man." He told the group they had worked together during the last war, during the tornado, and had been closely associated in many other civic aspects and endeavors.

Rev. Bailey said Mr. Graham had always cooperated with any one for the betterment of the town and had contributed much time and money to this end.

"A big man doesn't have to be wealthy, for some of the wealthiest are the lowest dogs," he said, and concluded that L. W.'s word is as good as his bond . . . and L. W. is a big man."

S. N. Reed was the last friend on the program to give his testimony and recollected man y he and the honoree had been associated in the Lord's work.

"What you are inside, so are you," Mr. Reed said, and he told the group that Mr. Graham had learned long ago that to serve mankind was to serve yourself.

Paul Clayton read a proclamation by Mayor Buddy Angle designating Wednesday, Oct. 28 as "Luther W. Graham Day."

Paul Hoge presented him with a new hat from the club on this occasion, and all gave standing ovation to the Graham's on this occasion.

Cotton Samples Are Increasing

Sample receipts increased as did grades in most cases this week at the U. S. D. A. Cotton Classing Office at Munday according to A. D. Peebles in charge.

Improved harvest weather along with new opened bolls since the rain helped the grades. The predominant grade for the week was still strict low middling light spotted with 35 per cent. Middling white accounted for 5 per cent of the weeks classing and 9 per cent was strict low middling. Percentages of grades were as follows: 28 per cent middling light spotted, 3 per cent low middling light spotted, 11 per cent middling spotted, and 8 per cent strict low middling spotted.

Staple lengths showed little change and ran 6 per cent 13/16, 10 per cent 7/8, 25 per cent 29/32, 28 per cent 15/16, 11 per cent 31/32, 3 per cent 1 inch, 5 per cent 1-1/16 and 8 per cent 1-3/32.

Micronaire readings continued good with 91 per cent 3.5 to 4.9, 5 per cent 3.0 to 3.4 and 4 percent 5.0 and above.

Market prices range from loan price on Middling White cotton to as much as 100 points over loan on lower grade light spotted and spotted grades.

Mrs. J. R. Brown Elected Chairman Of HD Council

Mrs. J. R. Brown of Truscott was elected chairman of the Knox County Home Demonstration Council. She assumes the leadership of the group at the January meeting.

Other officers elected were Mrs. Roy Petty, Benjamin; vice chairman, Mrs. J. M. Chowning, Truscott; and Mrs. Bill Dodd, Benjamin, treasurer.

Club members were present from all of the Home Demonstration groups in the county. Annual reports were given preceding the election. Mrs. R. M. Almonrode, Mrs. Homer Martin and Mrs. E. D. Jones gave highlights of the Texas Home Demonstration Association meeting held in Houston. Others attending the State meeting from Knox County were Mrs. J. M. Chowning and Mrs. J. R. Brown.

A training meeting on gift making will be held in the courthouse on November 6, starting at 9:30 a.m. Leaders from other organizations will be welcome to attend. The council will meet at 2:00 following the training meeting.

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

Cold Is King-Size Trouble Maker

The American Medical Association's new pamphlet on the common cold reports that Old King Cold costs the United States \$6 billion annually in lost wages, lost production and medical expenses. More than 150 million days per year are lost from our work force. More than 20 million people suffer from colds on any given wintry day. The common cold is the most costly ailment in our country, as well as in most other countries.

The common cold is defined as an acute upper respiratory tract inflammation that ordinarily is communicable and is caused by viruses. But this definition has little meaning since the popular use of the word "cold" includes everything from a minor snuffle and a nasal obstruction to a disabling illness similar to influenza.

A number of viruses produce the symptoms we call a cold, possibly as many as a hundred. The true cold is an infection with one or more viruses.

Current research seems to indicate that colds are harder to catch than has been thought. In controlled studies, close contact for several hours was necessary before cross infection occurred. Fresh colds appear to be more contagious than older ones, and children's colds have been shown to be more contagious than those of adults. Even apparently well persons may harbor cold viruses and may infect others.

Low temperatures and inclement weather, in themselves, probably have little to do with

precipitating colds. Dampness and chill have been suspected of causing colds, but experimental evidence now indicates that they are probably only triggering factors. The relative humidity of the air may be important, however.

There is a sharp rise in incidence of colds at the time the winter heating season begins. The lowered humidity in heated rooms causes the dry nose and throat which contributes to susceptibility to infection. The nose, throat and lungs work better when the air that is breathed has a relative humidity by action of their cilia, the hairlike structures that move mucus upward out of the respiratory tract. As a result they become more vulnerable to invasion by cold viruses.

No specific treatment, so far available, is effective against the cold virus. Any treatment must be directed toward relief of the symptoms and prevention of complications. The wonder drugs—antibiotics and sulfas—have no effect on viruses. They should be used only under medical supervision for the control of complicating bacterial infections.

Bed rest, or at least inactivity in a controlled environment, is helpful. Your doctor may suggest mild medication to help allay the discomfort.

Those who have repeated colds should investigate the possibility of allergies being mistaken for colds. Current cold vaccines are of little value, since so many viruses cause colds and effective vaccines have been developed for so few of the viruses producing cold symptoms.

Solid evidence is lacking to demonstrate that "natural" foods taking vitamin supplements, special types of clothing, or forced exposure to sunlight and fresh air have any effect on susceptibility to colds.

Colds are spread by intimate personal contact. A person with a cold should practice good contagion preventing techniques. Coughs and sneezes should be covered. Frequent hand washing is helpful. The victim of a cold should have his own drinking glass, towels and other personal items. Above all, he should stay away from other people.

So far medical science has not been able to break through the guard of Old King Cold. All that can be hoped for is symptomatic treatment to make one feel better until the cold goes away and as much care as possible to prevent spread to others.

KNOX COUNTY VOTERS

Many conflicting and incorrect statements have been made regarding the results of the election on Nov. 3rd to abolish the County Superintendent's office in Knox County. The following facts were assembled by school officials in the form of questions and answers in order to state the conditions and clarify results of the election should it carry to abolish the office.

1. How many schools does the County Superintendent of Knox County supervise and what is the present enrollment of these schools?

A. Three Schools:

1. Gilliland — 25 students.
2. Rhineland — 15 students.
3. Benjamin — 126 students.

All other school districts in Knox County are Independent School Districts and therefore are not under supervision of the County Superintendent.

2. How many people are employed in the County Superintendent's Office to supervise these three schools.

A. Two on full-time salaries and one part time.

3. What are the salaries of these people?

A. County Superintendent:

- | | |
|---------------------|---------|
| 1. Annual Salary | 7812.00 |
| 2. Social Security | 175.20 |
| 3. Travel Expense | 1080.00 |
| Total for Co. Supt. | 9067.20 |

B. First Assistant:

- | | |
|---------------------------|---------|
| 1. Annual Salary | 4500.00 |
| 2. Social Security | 164.33 |
| Total for Asst. Co. Supt. | 4664.33 |

C. Second Assistant:

1. 800.00 per year.

4. What is the source of the funds from which these salaries are paid?

A. 20% of the total amount comes from the school taxes of the local school districts. 80 per cent comes from the Available School Fund which is divided among school districts on a per pupil basis.

5. How much is now withheld per pupil from the funds of each district to pay for the operation of the County Superintendent's office in Knox County.

A. \$8.85 for every child on scholastic census roll in Knox County.

6. How does this deduction compare with that of surrounding counties?

- | | |
|-------------------|------------------------|
| A. Archer County | \$2.50 per scholastic. |
| B. Baylor County | \$4.80 per scholastic. |
| C. Haskell County | \$5.40 per scholastic. |
| D. Knox County | \$8.85 per scholastic. |

7. How much could be saved in Knox County by abolishing the County Superintendent's office?

A. \$12,500 or more could be saved depending upon the amount set by the County Board to employ a part-time bookkeeper to keep the records.

8. If the County Superintendent's Office is abolished, who will perform the duties now charged to the County Superintendent?

A. The County Judge will perform these duties as Ex-Officio County Superintendent or the County Board may employ a part-time bookkeeper to keep the records.

9. What will it cost to perform the duties of the County Superintendent's Office on this basis.

A. The County Board has the authority to set the salary but it cannot exceed \$2600.00 per year.

10. Will any of the expenses for operating the County Superintendent's duties under the County Judge's supervision be paid by Knox County?

A. Absolutely none.

11. Will any service now performed by County Superintendent be discontinued if the office is abolished?

A. None at all.

12. How many counties in Texas have abolished the County Superintendent's Office and transferred the Limited duties to the County Judge's Office?

A. More than 100 counties in Texas have ex officio County Superintendent which is the County Judge. At least three more counties in this area are voting to abolish the County Superintendent's Office on November, 3, 1964.

13. How many teachers could be employed with the funds saved by abolishing the County Superintendent's Office?

A. Three teachers with a Bachelor's degree and with one years experience could be paid in full with the savings.

14. If the election carries to abolish the office, when will it become effective?

A. At the expiration of the present term which would be January 1, 1967.

15. Will the services of the County Nurse and County Counselor be continued if the County Superintendent's Office is abolished?

A. Yes, definitely, if the School Board of the local districts so desire. The Board of Trustees of the local districts have provided these services for several years.

16. Who pays the salary of the County School Nurse and County Counselor in Knox County?

A. Each school district sends its share of the salaries to the County Superintendent's office who in turn issues the check.

When the house is closed up... and the kitchen's soot free

Flameless Electric Cooking is all it could be

During the winter months when the house is closed up, a flameless electric range is almost a necessity. Only an electric range can prevent the ugly, oily film on windows, walls, cabinets...everything in the kitchen and adjacent rooms, because there's no combustion. Since heat is delivered directly by metal-to-metal contact with the bottom of the utensils, you don't have to clean soot from pots and pans. There's no doubt about it...electric cooking is clean, accurate, fast, and by putting the heat into the food, not into the air...you don't have to pay for dissipated heat.

Visit an electric appliance dealer soon and bring home an electric range so you, too, can have a bright and shiny kitchen.

FREE WIRING — An extra for WTU customers. If you are a customer of WTU and purchase your flameless electric range from a local appliance dealer, WTU will install the wiring at no charge to you.

Governor Price Daniel, while Attorney General, wrote an opinion on the question of party loyalty in which he said, "The courts of Texas have answered this question by holding that the pledge taken at the time of voting in the primary election DOES NOT create a legal obligation."

Governor Daniel repeated that opinion by saying that the pledge on the primary ballot does not obligate anyone "legally or morally" to vote for the Democratic ticket in the general election.

BARRY GOLDWATER TAKES A STAND

★ STATES' RIGHTS

"States' rights is no mere slogan. It is the backbone of our Constitutional system. It is a check on the steady accumulation of massive power in the hands of national bureaucrats."

★ CIVIL RIGHTS

"The key to racial and religious tolerance lies not in laws alone but, ultimately, in the hearts of men."

★ HONESTY IN GOVERNMENT

"Certainly, simple honesty is not too much to demand of men in government. We find it in most. Republicans demand it from everyone — no matter how exalted or protected his position."

★ CUBA

"I have challenged the Administration to continue the strong action that would ultimately eliminate this Communist military and subversive base 90 miles off our coast."

★ PEACE THROUGH STRENGTH

"This entire nation and the entire world risk war in our time unless free men remain strong enough to keep the peace."

★ SOCIAL SECURITY

"I favor a sound Social Security system and want to see it strengthened."

★ FISCAL RESPONSIBILITY

"Government can preserve the value of the dollar by prudent budgeting, by living within the means of the people who pay the taxes and by encouraging individual enterprise."

Federation Program**

Mrs. L. E. Dudley of Abilene, parliamentarian of the Texas Federation of Women's Clubs, presented the Federation Day program for members of the 1946 Study Club and their guests, the Knox City Study Club, Tuesday, at the Womans Club.

Mrs. Dudley reviewed Paul Harvey's book, "The Rest of the Story" She spoke briefly on the General Federation of Women's Club theme of Service to Freedom and Growth.

Hostesses for the day were Mmes. Norman Arnett, Don Railsback and Sammy Tankersley.

Guests were served punch, open faced sandwiches, nuts and mints from the buffet table. It was laid with white and centered with an arrangement of bronze mums and orange pompons in a gold container. Golden candles burned in the crystal candelabra. Arrangements of fall flowers were used in other decorating.

Mrs. Roger Williams played piano selections as the guests arrived. Mrs. Billy Gene Johnston gave a reading, "Our Mom, the Clubwoman." Mrs. George Wall introduced Mrs. Dudley.

Mrs. Johnston led the group in singing the Federation Song and Mrs. Leon Burkham gave the benediction.

Each club held a short business meeting following the program. Mrs. Jerry Cobb presided. Mrs. Frank McAuley Jr., was granted a three months leave of absence. Mrs. Paul Clayton reported on the Halloween Carnival to be held jointly by the two clubs Oct. 31.

"Father, I thank thee that thou hearest me, and I knew that thou hearest me always."

Jesus prayed the prayer of Thanksgiving just before He raised Lazarus from the dead.

There is power in a prayer of praise and thanksgiving Jesus knew that God was aware of His desire to bring Lazarus back from the dead.

God is always aware of our heart-felt needs and desires. The act of praise and thanksgiving unites our minds, hearts and souls with God in faith.

What we need and seek will come forth in perfect order, perfect timing and in even greater ways than we can imagine possible, when we believe.

**VOTE FOR THE MAN

THE U. S. SENATE.**

A message for every voter from George Bush

"Because of the love we share for our families, our state and our nation, I know you and I also share many hopes and ideals for the future.

"Our concern is not only for America's world stature and foreign policy, but also for the domestic problems which we face every day. Among these are:

The high cost of living and its continued rise coupled with inflationary federal spending and policies.

The health of our nation and medical care for the aged as provided for under Kerr-Mills.

Education for our children and a tax structure that will permit our cities and states to afford better schools and parents to afford to send their children to them.

The problems of the small businessman—especially strangulation by taxation and excessive government control.

Job opportunities for our increasing population, the necessity for industrial development in Texas and foresighted use of our natural resources.

"As your United States Senator, I will work with all my heart to help Texas and Texans develop the programs that will make our dreams and aspirations come true—not in some federally controlled, bureaucratic way, but in the independent American way we all prefer.

"Let's work together to restore the free enterprise system, to renew individual freedom, rebuild American prestige, and return morality to government."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — This is the final week of the voter roundup.

Tuesday, some 3,000,000 voters will reveal what they think about the candidates who have been wooing them with promises, charges, warnings and counter-charges.

Central attention naturally has gone to the presidential race in which Texan Lyndon B. Johnson has been fending off attacks from Arizona Sen. Barry Goldwater.

But the U. S. Senate race in which Republican George Bush is trying to oust Sen. Ralph Yarborough has gained much attention.

The two presidential candidates have made endorsements in the Senate race. Johnson has urged Yarborough's election and Goldwater has urged Texans to support Bush.

SALT WATER — Trail is scheduled to begin on Nov. 2, in a lawsuit brought by Superior Oil Co., to determine whether the Railroad Commission or the Water Pollution Control

Board has jurisdiction over the disposal of salt water produced with oil and gas.

But the lawyer for both state agencies, Atty. Gen. Waggoner Carr, has stepped out of the case. Carr said there appears to be a "conflict of interest" between the two state agencies, so he advised them to use their own staff lawyers if they want to be represented in the trial.

Attorney General's Department will take part in the trial only to see that all evidence is fully developed.

In an informal opinion, First Asst. Gen. Hawthorne Phillips wrote that the Water Pollution Control Board does not have the authority to require oil operators to get permits for use of open salt-water disposal pits.

A special committee of the House of Representatives will meet on October 30 to decide whether to recommend legislation. Bills giving control of pits to the Board, the Commission, and to both, will be proposed to the committee.

RETAIL SALES — September retail sales were less than one per cent below those of August, when normal, seasonal variation is considered. So reports the UT of Business Research.

But the dramatic increase was the one of 14 per cent in auto sales. For the year, sales are up 6 per cent over the same portion of 1963, showing that the upward trend in business conditions is continuing steadily.

COURTS SPEAK — Effect of a U. S. Supreme Court decision concerning admissibility of confessions as evidence was debated before the Court of Criminal Appeals in San Antonio and Houston cases.

Bexar County Dist. Attorney James E. Barlow said the court's finding may have upset all guidelines of Texas courts on proper methods of introducing confessions. Supreme Court said persons other than the convicting jury make a finding of facts as to whether a confession is voluntary or not and whether it is admissible.

State Supreme Court upheld rulings favoring the city of Temple in a suit brought by a former fire alarm operator who charged he was fired without sufficient reason or due notice.

53rd District Judge Herman Jones is due to make a decision soon on the City of Big Spring's suit against the Board for State Hospitals and Special Schools. In 1937, when the city was competing for the State Hospital now located in Big Spring, it contracted to furnish water for the hospital at 10 cents per 1-

000 gallons.

A few years ago, the city decided the arrangement was untenable since it costs 32 cents per 1,000 gallons to provide the water that earns 10 cents per 1,000 gallons. But state attorney generals have ruled that the Board cannot re-negotiate on the "perpetual contract."

State Supreme Court also rejected annexation by city of Irving of land in two Dallas County levee improvement districts and left in effect a ruling by the Court of Civil Appeals that Bexar County commissioners were not obligated to call an election on proposals of a county home rule charter drafting body.

ATTORNEY GENERAL'S OPINIONS — A county hospital district formed under a new law has the same responsibility for care of indigents as is imposed on commissioners courts, Attorney General Carr told Ochiltree County Attorney G. R. Close.

In other opinions, Carr informed Dist. Atty. Charles Allen of Marshall that petitions for a local option liquor election did not meet requirements because of a discrepancy in wording.

He also held that the State Board of Hairdressers and Cosmetologists cannot require financial statements as a prerequisite for a license.

CORPUS CHRISTI FIRST — Corpus Christi became the first metropolitan area in the nation to complete a comprehensive transportation plan in compliance with the Federal Aid Highway Act of 1962.

Study was conducted by Texas Highway Department in cooperation with the City of Corpus Christi, Nueces County, and the Bureau of Public Roads. It pinpoints present and foreseeable traffic problems in the area and provides a basis for development of highway routes, city streets and county roads serving the Gulf coast city over the next 20 years. Nineteen similar plans are due to be developed in 22 Texas urban areas over 50,000 population this year.

COKE COUNTY DAM HEARING PUT OFF — Hearing was postponed until December 14, by the Texas Water Commission on the application of the Colorado River Municipal Water District (Big Spring) to relocate a dam in Coke county and increase reservoir capacity to 488,760-acre feet.

Lower Colorado River Authority, fighting the application, requested the delay.

CROPS PROGRESS — Clear, open weather helped move along the harvest in the cotton farming region of the blacklands of Texas, the U. S. Department of Agriculture reports.

USDA says clear weather also aided farmers to push sorghum combining and the planting of small grain. Lack of topsoil moisture growth of grass and some grains, but ranges and pastures remained in good condition over most of Texas.

WORKMEN'S COMP RATES UP — After a public hearing, workmen's compensation rates probably will go up an average of 2.3 per cent, effective December 1, says the State Board of Insurance.

Indicated changes by groups are: manufacturing, up 4.4 per cent; contracting, up 3.8; oil, down 0.9; all other, up 1.4.

WATER STORAGE INCREASES — Texas Water Commission reports that the month of September brought better than normal rainfall in most areas. Conservation storage in major reservoirs increased 2,300,000 acre feet, to 8,400,000 acre feet. Storage at the end of September was 71 per cent of potential capacity.

THE KNOX COUNTY HERALD, KNOX CITY, TEXAS, THURSDAY, OCTOBER 29, 1964

Seventeen of the 18 stations over Texas reported above average rain. Weather Bureau station at Brownsville was the lone exception. There, near normal fall was recorded.

SHELL DISPUTE — Parks and Wildlife Commission has not decided yet whether to call a public hearing on the application of a Corpus Christi construction firm to dredge oyster shell from Copano Bay.

MENTAL HEALTH — A mental health plan, drafted by a 110-member committee appointed by Gov. John Connally is of vital importance to every Texan. So says Committee Chairman Judge C. L. Abernathy of Plainview.

Reason is that every person—Texan or not—has, at one time or another, been a "troubled person." Committee defines "troubled" as "anything from a transient inability to make a necessary decision to a severe psychosis."

One segment of the committee is called the "Services to Troubled People" task force. It has written recommendations for and community services to troubled people. All recommendations by all committees will be in the spotlight as suggested legislation during the 1965 Legislature.

Committee reports that there is an endless supply of services to meet some fragment of the needs of the troubled. These include pastoral counselors, medical doctors, social workers, and psychologists. Some community information centers must be set up so troubled people can find out where to go for help they need WHEN they need it.

WELLS IN CREEK BED — W. F. Company, Limited, a Monahan oil and gas firm, gained permission from the Texas Water Commission to divert 800 acre feet of water each year from Beals Creek by drilling about five wells in the creek bed.

Company will use the water from "brackish" underground in secondary recovery operations in the Snyder Field in eastern Howard County.

BAR BOARD OKAYS LAW-CHANGE IDEAS — State Bar's board of directors approved a 9-point legislative program for 1965, which includes the proposal that county commissioners be granted authority to establish county-wide traffic courts and cities be able to set up metropolitan "courts of record."

Board also pledged support of "a substantial across-the-board pay raise" for district and appellate judges. No particular salary structure was recommended, but a \$25,000 annual salary for district judges has been discussed.

Board gave "overwhelming endorsement" to revision of the State's Criminal Code. A bill to do this was passed by the 1963 Legislature, but it did not become law, due to a technicality.

IN SAN ANTONIO — Mr. and Mrs. Russell Boyd visited his sister, Mrs. Rowena Lutts in San Antonio last week.

Red, white, & blue retirement plan

Sure, you'll have social security. Maybe an insurance plan, company pension and money in the bank to boot.

But buying U.S. Savings Bonds is also an excellent way to prepare for that day when you start taking it easy full time.

If you buy one a month at \$37.50 for 7 1/4 years before you retire, you'll have \$50.00 a month coming in for 7 1/4 years after. (That's just an example. You can adjust the dollars and the years to suit yourself.)

Something else to think about: Bonds can help make sure you'll have a future to retire to in the first place. The money does a lot to strengthen Uncle Sam's hand in the free world.

Why not make it a habit to buy Bonds regularly where you bank, or on the Payroll Savings Plan where you work? See if you don't feel pretty good about it—now and later.

Quick facts about Series E Savings Bonds

- You get back \$4 for every \$3 at maturity (7 1/4 years)
- You pay no state or local tax and can defer the federal tax until the Bonds are cashed
- Your Bonds are replaced free if lost, destroyed or stolen
- You can get your money when you need it

FARM and RANCH Notes

JOE W. DOBY
COUNTY AGRICULTURAL AGENT

Beef cattle producers are urged to make plans for the Beef Cattle Reproductive School to be held November 5-6. The first meeting will be in the Court-house on Thursday night, Nov. 5, at 7:30 p.m. Letters were mailed out this week to people we thought would be interested. We know we have missed some so we would like to issue an invitation to anyone concerned, to attend these meetings.

The way farmers utilize the 1964 Income Tax Regulations will determine their net farm income for 1964. Changes in this year's internal revenue code can be beneficial to the taxpayer where certain qualifications are met.

The payment rate schedule on taxable income has decreased from that of 1963. This means less tax is due for those who have the same taxable income as 1963.

Taxpayers sixty five years of age or over may deduct all medicine and drug expenses from income for tax purposes. Prior to 1964, the amount deductible was that amount in excess of one per cent of the adjusted gross income.

Individuals with large fluctuations in income may be eligible for the income averaging provision. If "averagable income" is more than \$3,000 (excluding capital gains, wagering gains and income from gifts and bequests, etc.), a taxpayer's tax liability may be reduced.

Every taxpayer may choose between the minimum standard deduction or a standard deduction of 10 per cent of the adjusted gross income. Minimum standard deductions are: single tax payers — \$300, and a married couple filing jointly — \$400. An additional \$100 deduction may be claimed for each dependent up to a maximum of \$1,000. For example, a married couple with three children and an adjusted gross income of \$2,000 can deduct \$700 (\$400 plus \$300 for their children's exemptions)

instead of the 10 per cent standard deduction of \$200. These deductions are in addition to the \$900 personal exemption.

Items no longer deductible under the 1964 law are: state and local taxes on liquor, cigarettes, hotel rooms, theatre tickets, local driver's licenses and auto fees.

All unreimbursed moving expenses are deductible in computing adjusted gross income. To be eligible, the new place of employment must be at least 20 miles from the former residence. Also, the taxpayer must be a full time employee in the general location to which he moved for 39 weeks during the year following his arrival.

These are just a few of the changes in the 1964 Internal Revenue Code. Utilizing these new applicable regulations, taxpayers may find a lower tax liability for 1964 than has been experienced in prior years.

Purple nutsedge, commonly called nutgrass, can now be controlled by herbicides containing organic arsenic compounds.

Research has found nutgrass sensitive to arsenic herbicides, while Bermudagrass is tolerant to these compounds. Thus, selective control of nutgrass is possible with several of the methy-larsonate formulations, a primary one being disodium methy-larsonate.

A 60-100 per cent concentrate solution should be used. Three to five ounces of the formulation in two to four gallons of water per 1,000 square feet is usually sufficient.

Several applications of the herbicide are necessary because of numerous shoot buds on each underground tuber and numerous dormant tubers which are activated when other tubers in the same system are killed. Lateral translocation of the arsenic in the tuber system does not kill dormant tubers.

Applications should be repeated whenever new shoots appear which may be as often as three to five times.

Aside from eliminating nutgrass from a Bermudagrass turf, arsenic compounds also serve as an effective control of crabgrass. However, it should be remembered that St. Augustine grass is highly susceptible to these compounds and, therefore such treatment should be avoided.

Letter to Editor: --

We, the undersigned Veterans organizations of Knox County offer for your consideration:

1. The Veterans County Service officer is an essential and necessary office of this county for the following reasons: He has procured for the veterans, their widows and orphans of this county the sum of \$403,560.00 in the past three and one-half years; he has procured for the veterans, widows and orphans of the county, the sum of \$99,700.00 to date for the year of 1964.

These are monetary benefits and do not include hospitalization and medical care, both of which, if considered in dollars, will amount to a large sum.

2. The Veterans County Service officer is paid a comparatively small salary and the expenses of the office are small; consider this in comparison of the great benefits to the veterans, widows and orphans!

3. The veterans County Service officer is the liaison man between veterans, widows and orphans and the Veterans Administration.

He is always available for any services that may be required of him. Without his services, anyone desiring of doing business with the Veterans Administration or hospital would have to carry on all correspondence with the V. A. Office at Lubbock, Texas, or go to the expense and trouble or traveling to Lubbock, Texas, in order to contact the proper authority. The Veterans Service Officer expedites all claims for pensions or compensation; he expedites efforts to secure hospital-

offer. The program will be in the Munday School Gym, Saturday night, Nov. 21, at 7:30 p.m. (Furnishing the entertainment will be the Munday Stage Band, the Benjamin High School Chorus, the Munday Sextet and the Dunbar Quartet. Medals and special gifts will be presented to the 28 medal winners for this year.

Cookies and punch furnished by 4-H clubs in the county will be served. The public is cordially invited to attend.

without cost to the veteran, widow or orphan. He is faithful in his zeal to secure all benefits that may be authorized by the Veterans Administration!

It will be a great disaster if the voters dispense with the office of Veterans County Service Officer.

We urge you to vote "For the office of Veterans County Service officer" in the election of November 3!

Signed: Knox City Post No. 229, American Legion; A. T. Holcomb, Commander; Lowry Post No. 44, American Legion; Glenn A. Smith, Commander; Ben B. Hunt Post No. 549, American Legion; Thomas J. Cloud, Commander; and W. W. I Veterans, Post 1029; R. M. Almonrode, Commander.

IT'S THE LAW in Texas

"FINDERS KEEPERS"

Few people realize that a dirty-faced urchin is responsible for the main principles behind our law governing the ownership of lost articles.

Percy Armory was a chimney sweep's helper who lived in London shortly before the birth of our George Washington.

Trudging home one day from his grimy work he found a diamond ring in the public street.

Percy took the ring to a goldsmith's shop to find out what it was. There he placed it in the hands of the goldsmith's apprentice, who, under the pretense of weighing it, stole the diamond from its setting. When he told Percy that the ring was of little value, Percy demanded the return of the jewel as well as its setting. The goldsmith and the apprentice, thinking that Percy was just a simpleminded boy, refused to give him his treasure.

But Percy was not the kind to be badgered about. He sought the services of a lawyer to sue for recovery of the ring and its jeweled set. The results of his suit have immortalized Percy's name in the common law.

The goldsmith and his apprentice claimed that since Percy had only found the ring, he had no better right to it than they did. The court felt differently about the matter and ordered the diamond returned "because the finder of a lost article has the right to hold it against the whole world except the true owner."

This principle established by Percy's case remains as effective today as it was over two centuries ago.

However, as far as the owner who lost the property is concerned, the finder of lost goods is merely regarded as a depository, holding the goods for the true owner.

The courts draw a distinction between "misaid" and "lost property." Lost property is property

Rev. J. W. English Celebrates Birthday

Rev. Joe W. English, former pastor of the Knox City Baptist Church, observed his 90th birthday Saturday October 24, in the home of his daughter, Mrs. Travis B. Dean in Fort Worth.

His five sons and three daughters, Dr. O. W. English and Lee S. English of Lubbock, Joe P. English of Dallas, Robert Clyde English of Detroit, Mich., and Lloyd L. of Wichita Falls, Mrs. J. G. Acker of Amarillo, Mrs. H. W. Finley of Knox City, and Mrs. Dean, and their families were all present to help him celebrate the occasion.

Other relatives and friends attending the dinner were from Crosbyton, Houston, Dallas and Fort Worth.

Rev. English was active in the ministry as pastor in Texas, West Virginia, and Arkansas as evangelist and in denominational work for more than 50 years before his retirement.

He and Mrs. English now live in Glen Rose.

The youngest member at the gathering was Daniel Godsey, age 8 months, who attended with his two brothers, Jonathon and Joseph, his mother, Mrs. Alex Godsey and his grandparents, Mr. and Mrs. H. W. Finley, to pay tribute to the eldest, great grandfather Joe, age 90.

VISITING PARENTS

David Herring spent the week end with his parents, Mr. and Mrs. R. H. Herring. He is a student at John Tarleton State College.

which the owner casually and thoughtlessly parts with, like the dropping of a wallet in the hurry to get on a bus. Misaid property, on the other hand, is property which the owner has purposely laid down and then forgotten, leaving it where placed. An example of this would be a handbag placed on a shop counter while a customer examines merchandise. A finder must leave misaid articles with the proprietor of the place where found.

I am deeply grateful for your continued confidence and support. I hope that I may have your vote for re-election on November 3rd to continue the important progress that we are making together.

NOTICE
THE STATE OF TEXAS:
COUNTY OF KNOX:
The Commissioners Court of Knox County has received a number of inquiries concerning the advisability of the employment of a County Trapper, County Agent, Count Home Demonstration Agent and County Service Officer. Salaries paid for these offices are as follows:
County Trapper — \$2400 per year
County Agent — 1704.00 per year.
County Home Demonstration Agent, 1300.00 per year.
Count Service Officer, 1202.00 per year.
The above salaries are that part paid by Knox County plus travel and office expense, except the County Trapper who draws no expenses from Knox County.
Each of these offices are doing a good job and the Commissioners have no objection to paying for these services if the people of Knox County want them. A ballot at the General Election will be furnished to each voter to express their opinion whether any or all of these offices shall be retained for the year of 1965. Said vote will be advisory and the Commissioners Court will appreciate the cooperation of each voter in expressing their views in this matter.
The following ballot will be submitted for your consideration:
County Trapper
FOR the office of County Trapper.
AGAINST the retention of the office of County Trapper.

County Agent
FOR the office of County Agent.
AGAINST the retention of the office of County Agent.
FOR the office of County Home Demonstration Agent.
AGAINST the retention of the office of County Home Demonstration Agent.
County Service Officer
FOR the office of County Service Officer.
AGAINST the retention of the office of County Service Officer.
Respectfully submitted,
Knox County Commissioners Court. 3tc47

To The Voters Of Knox County
Some forces in Knox County, after four or five years of effort, have succeeded in getting enough signers to a petition calling for an election to abolish the office of County Superintendent of Knox County. This does not mean that the majority of voters wish to abolish this office.
Will you please stop and think before you give up an office that the state pays for? This is not a move to save the county money. Then why the move? I wish I knew.
I appeal to the people to keep the control of our schools as much local as possible. Vote on Tuesday, November 3, to maintain this office. It Is Needed.
