VOLUME 60

KNOX COUNTY HERALD, KNOX CITY, TEXAS, THURSDAY, JANUARY 7, 1965

TEN CENTS PER COPY

NUMBER 7

Making at least 55 trips to the Herald office during the past 55 years, Mr. B. B. Cochran came in Monday to renew his subscription to the Herald. He has been a regular subscriber since 1911.

We have no idea if this is a record for loyalty among Herald readers, but we certainly do appreciate it, thanks to you, Mr. Cochran, and may you continue reading the paper for another 55 years.

Mrs. Luther Burkett was in the office Tuesday and tried to catch us up on the latest happening concerning a junior college for this area. A meeting is planned for next Thursday night at 7:30 p.m. at the Rochester high school auditorium. Everyone is urged to attend.

Friday, tomorrow, publishers and editors of area towns will meet in Haskell to discuss how to keep our readers better informed on the progress of the new junior college.

The necessity of an education beyond the high school has been a pet project of Mrs. Burkett's and when a junior college is finally completed, the people can thank her for her dedication and persistence.

Although she holds at least two degrees, when the college is constructed, she plans to further her own education in foreign languages.

We hit a topic there we have campaigned for at least 20 odd years. We are firmly convinced that a foreign language, preferably Spanish, be required along with English and besides that we believe a school of the size of Knox City's High School should have at least one other foreign language.

Hope we live to see the day we get our wish or at least until we find out for sure whether we have been right or wrong in our pet peave and project.

The best education obtainable is not too good for our children, and as those of us know who don't have an education, it is more important today than ever before and tomorrow it will be more important than it is today!

All in all, Mrs. Burkett has met no opposition and a world of enthusiasm, concerning the school and everyone has been most cooperative, she reported.

For some time now we awake at 12:30 a.m. and after tossing and complaining an hour or so we finally get up, dress, find Nightwatchman Leroy Davis and sometimes ride with him till 4 or 5, at which time we can go back to the sack and sleep.

Usually Knox City is very quiet at these early hours, and those riding around are usually either suffering from insomnia or going to and from work.

A couple of weeks ago we were having our usual drink at Steve's 66 Station Coke box and were surprised to see Orin Hubbard zipping around town.

At first Orin thought everyone in town had overslept until Leroy told him it was only 2:30. Someone had driven past his home and he thought it was the newspaper carriers, who usually let him know it is 5 o'clock and time to go to work.

Roy Hester told us he was born in a dugout near Knox City and has lived here all his life. He now lives within five miles of his original birthplace.

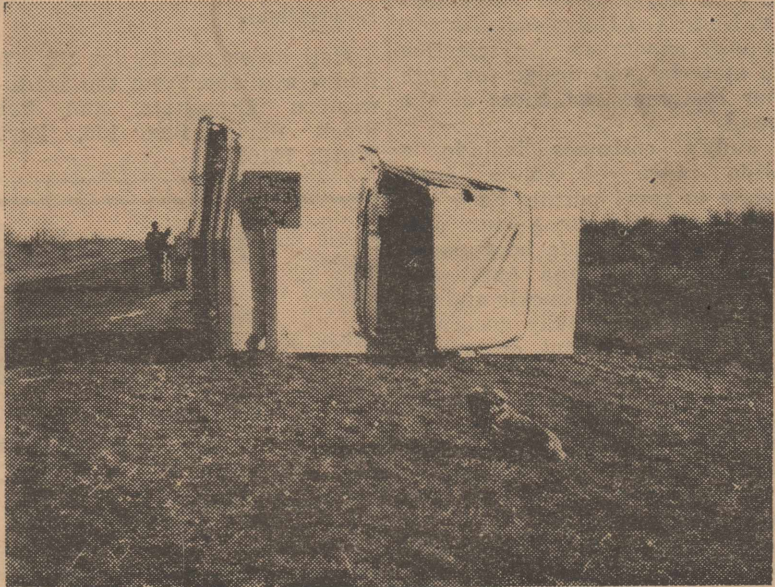

We've heard many stories concerning dugouts in this area, and Roy filled us in on their merits. They went out of style somewhere around 1911 we understand.

Roy's parents had two 16x20' dugouts he said about 5 feet apart. One was the cooking and eating house and the other was where the family lived.

He said one door, on the south and one window, on the north, was the only openings.

## VISITS GRAHAM FAMILY

Visiting in the L. W. Graham home over the holidays were Mr. and Mrs. Dale Graham, Brick and Rici of Victoria, and Mr. and Mrs. Bedford Smith of Bridge City.

**WAITING FOR MASTER** — In the foreground is a small dog left waiting at the scene of an accident Sunday. Mr. and Mrs. Jack Sanders received first aid at the Knox County Hospital for a small abrasion on Mrs. Sanders knee after the car above overturned 10 miles west of Knox City. Sanders apparently lost control of the vehicle. The Highway Patrol took the dog to the owners after their investigation.

## Here Are A Few More Pertinent Facts Concerning Junior College For Area

Here are a few facts garnered concerning the much talked about junior college for this area.

The area under consideration includes four counties — Knox, Haskell, Throckmorton and Stonewall.

Several committees have been appointed and are working on the project. Mr. Erwin A. Youngblood, Knox City school superintendent, is a member of the steering committee and also the objectives committee.

A survey committee has also been appointed. Members of it are the county school superintendents of each of the four counties, Mr. Merick McGaughey being the representative from Knox.

According to the requirements of the Texas Education Agency the four counties must first do three things:

1. Must submit a set of objectives, which will be decided upon by the objectives committee. This will include the reasons we think we need a junior college, the basic educational curricula desired and needs of adult education in the area.

2. We must make a survey which obviously will be done by the survey committee. This will include the tax evaluations of the counties, the number of scholastics, the number of high school graduates not now enrolled in higher education and many other pertinent factors.

3. Each of the four counties must submit a petition, signed by one-tenth of the qualified voters, asking that we be considered for a junior college.

Following the submission of these facts the Texas Education Agency will send representatives to our area and either give or deny the counties the right to hold an election in which the

## All-District Teams Selected

The District 11-A All-District Football Team was announced this week following the All State victory by Archer City. Announcement of the members of this team had been held up until Archer City was through competing in the post season games.

Knox City placed two men on the All-District offensive team—Ronnie Worley, senior, at tackle, and junior Phil Williams at halfback.

Three men from Knox City were named to the defensive team. They were Ray Penman, senior end; Doug Logsdon, senior linebacker and Brack Shaver senior safety.

Two Knox City players were named on the honorable mention list. They are senior Robby Glenn at tackle and senior Derrell Marion at guard.

The winning Archer City team placed 8 men on the four teams; second place Munday placed 8 players; Henrietta had seven players; Crowell placed five men on the teams; Holliday had six players and Paducah placed three players.

## Missionaries To Speak Here Sunday

On furlough from their missionary church in the capital city of Managua, Nicaragua, where they are under appointment by the International Church of the Foursquare Gospel, the Rev. and Mrs. Charles Gosling are scheduled to visit the Knox City Church at 11 a.m. announces the Rev. Floyd Bailey, pastor.

Mrs. Gosling, native of Dallas, Texas, and graduate of the denominations LIFE Bible College, Los Angeles in 1948, before her marriage, had been in Costa Rica for one year, where she started a church in Puntarenese, to which the couple returned and continued to minister for two years, says the local minister.

In addition to their main church in Managua, the Gosling, to highlight the program of their activities since going to Central America in 1959, work with nationals in five outlying branch churches, and several Sunday afternoon area-wide Sunday school classes.

At the local church service, English-born Mr. Gosling, a 1953 graduate of LIFE Bible College, and soldier during World War II, serving 18 months with the British Army in Palestine, where he had the opportunity to visit many Bibleland spots of interest, will screen color slides of the Nicaragua mission field work which he is supervisor of for his organization. They will include scenes of the extensive revival conducted there this year.

When the couple returns to Nicaragua, a country approximately the size of the state of Illinois, they hope to open several new churches to accommodate the increasing demand of converted-to-Christ nationals for places to worship, disclosed Rev. Bailey, inviting the public to attend the service.

## City Council Has Regular Meeting

Knox City's City Council held a regular meeting Tuesday night at the city hall with all members present. They were:

## Garden Club To Meet January 12

A book review, arranged by Mrs. Goodson Sellers will feature the program of the Knox City Garden Club on Jan. 12 at 2 p.m. in the Woman's Club.

Mrs. W. S. Stewart will arrange the table of the day using driftwood. Hostesses will be Mrs. Guy Robinson, Mrs. Charles Hogsett and Mrs. B. B. Campbell Sr.

## Historical Survey Committee Meets: Museum Items Being Collected Now

Fourteen members of the Knox County Historical Survey Committee were present for the January meeting on Tuesday at 2 p.m. in the Court House.

Every place in the county was represented except Rhineland. A number of articles were brought to place in the museum, but were not left because the locks had not been put on the cases.

Judge Parker is trying to get this done and will probably have them all finished before the next meeting.

A picture of General Knox, a member of The Continental Congress for whom the County was named will be placed in the museum. The picture is being given by a family from Benjamin.

The 1936 Knox County Marker has been moved to the east side of the courthouse lawn, thanks to George Wall and members of the State High Department. Stop by and read it as you go along.

Mrs. J. R. Brown of Truscott is chairman of the museum and she would like to obtain articles of historical interest for the museum. These may be loaned or donated as you would prefer. If you have an old book, document, or utensil that would tell something of other days please contact any member of the committee.

Mrs. B. B. Campbell, Sr., urged the completion of the histories of the churches and schools during January. Those present for the meeting

## Cotton Stripping Moving Rapidly Due To Good Weather

The U.S.D.A. Cotton Classing Office in Munday reported 65,352 samples had been classed through last week. Good harvesting weather over the holiday season enabled cotton farmers to make rapid progress with stripping. A total of 8,781 samples were classed during last week, according to Mr. A. D. Peebles who is the officer in charge of the Agricultural Marketing Service, Cotton Division Office at Munday.

According to Mr. Peebles, the cotton quality declined somewhat as farmers neared the end of the harvest season. Some of the predominant grades last week and their approximate percentages were: middling light spot 10 per cent, strict low middling light spot 25 per cent, middling spot 20 per cent and strict low middling spot 30 per cent. Cotton reduced in grade because of bark and grass increased from 9 per cent to 14 per cent.

The staple distribution last week was 25 per cent 7/8 and shorter, 55 per cent 29/32 and 20 per cent 15/16 and longer.

The micronaire readings last week were somewhat lower. There were two per cent waste which was about the same as last week. Cotton having a micronaire reading of under 3.5 made up 21 per cent, and 79 per cent was 3.5 and higher.

Cotton prices remained about the same last week. Middling Light Spot and higher grades were bringing 40-70 points over loan price with lower grades selling for 80 to 140 points over Commodity Credit Loan rates.

**OBSERVES 98th BIRTHDAY** — Mrs. Elizabeth West a longtime resident of Benjamin, observed her 98th birthday Sunday at the Brazos Valley Care Home. Shown above is Mrs. Mattie Johnson, supervisor, teasing her into smiling for the photographer.

**Star-spangled way to help your baby's future**

Suppose somebody had started off your future with a U.S. Savings Bond. And kept adding more Bonds as your birthdays added up.

You would have had a nice send-off when you set out to conquer the world! It's still a great idea. And if you have any new boys or girls in the family you can put it into action now.

The cost is small. Only \$37.50 for each \$50 Bond—or less than 11¢ a day to buy one every birthday.

U.S. Savings Bonds will save more than money for your baby's future, too. They'll help Uncle Sam safeguard his future freedom.

Ask about buying Bonds where you work or bank. You don't have to wait for a birthday, either.

Keep freedom in your future with **U.S. SAVINGS BONDS**

## Taxpayers May Use State Sales Tax Table As A Guideline For '64 Returns

Texas taxpayers may use a state sales tax table as a guideline when filing their 1964 federal income tax returns. Ellis Campbell, Jr., District Director of Internal Revenue said the table is now available.

The table shows the average amount of state sales tax paid by Texas residents and may be used by taxpayers who itemize their income tax deductions.

Similar tables have been prepared for 36 other states and the District of Columbia.

For the first time since 1960 when the tables were originally issued there has been a general revision of the amounts, Mr. Campbell said. The latest tables are based on summary data showing the patterns of consumer expenditures developed by the Bureau of Labor Statistics from a 1960-61 study. Previous tables were based on a 1950 study.

Previously, tables were revised only to reflect changes in sales tax rates or the commodities covered by the particular state's laws.

The recent study shows that household operations, property taxes, medical care, personal care services, education, and insurance have, for the most part, comprised a larger part of the total consumer expenditures in 1960-61 than they did in 1950. These items are not usually subjected to state taxes.

The new tables omit the state sales tax on automobiles purchased, thus providing a uniform treatment of this item for all states. Now taxpayers who purchase an automobile may add the sales tax paid on the purchase to the amount shown in the table.

The result of the revisions, particularly the elimination of the allowance for autos, has reduced the amount shown on the sales tax tables. The new tables, however, are a more accurate measure of the average sales tax paid in the various states.

The result of the revisions, particularly the elimination of

the allowance for autos, has reduced the amount shown on the tax tables. The new tables, however, are a more accurate measure of the average sales tax paid in the various states.

Internal Revenue remind taxpayers that these tables are not required to be used. They are furnished as a guide for the convenience of taxpayers who itemize deductions on their federal income tax returns but who wish to use a "standard" amount for state tax which will not require detailed substantiation.

Taxpayers have the choice, of course, of deducting the actual amount of state sales taxes paid. Cigarette taxes are no longer deductible in Texas, due to the tax law change in 1964. The average state sales tax table for Texas tells taxpayers they can deduct 5 cents per gallon.

## One Fifth Of Nations Youngsters Suffer From Malocclusion

There's a one to five chance your youngster needs a major teeth straightening job, since an estimated one-fifth of the nation's children suffer from "malocclusion," or improper alignment of teeth.

A generation ago, parents of young children with teeth which did not meet properly were usually advised to "get them alone and nature will correct the situation."

Today we know better. Malocclusion is a condition to be corrected by a dental specialist known as an "orthodontist." Nature by herself is a very poor straightener of crooked teeth.

Although the public is just now becoming aware of the health significance of malocclusion, experience has taught dentists that crooked teeth contribute to decay, faulty speech and malnutrition. One of the worst results of malocclusion is the psychological stress borne by a child singled out for ridicule by his friends because of "buck teeth."

A child with facial deformities such as those caused by misshapen teeth may develop traits of indecision and begin to doubt his ability to cope with problems in his environment, psychologists say.

What causes teeth to erupt irregularly? Dentists agree that heredity is probably one important cause. Another is persistent thumbsucking and abnormal pressures against the jaw. Living bone, contrary to popular thought, is not always hard and unyielding. The entire jaw structure can be molded by gentle, persistent pressure.

In the case of thumbsucking, dentists believe that if the habit can be broken before age 5, there is a good chance the teeth may return to normal position without harmful effects.

Another cause of malocclusion is prolonged retention of baby teeth. Permanent teeth which follow are then prevented from arranging themselves properly.

On the other hand, when primary teeth are lost too early, adjoining teeth may tend to tip and "migrate," crowding into spaces where permanent teeth should erupt.

There are different methods of bringing teeth into proper alignment. Sometimes it may be necessary to extract teeth to make room.

### NAME DROPPING

Care to change your name? According to a survey, one-third of all adult Americans are dissatisfied with the name they bear. And in substantial numbers they are trading it in for a new model.

There are two ways to make the change. In most states, you can take your choice of either method.

First, you can do it yourself. All that is necessary is to get yourself generally known by the new name. The trouble is, the process is too gradual. There may be uncertainty, at any given moment, as to whether the change has really "taken." And doubts about your name can cause complications in everything from collecting a debt to taking out insurance, from getting a credit card to selling your home.

The second method of name-changing, by court order, is far better. A formal request is submitted to the appropriate tribunal. If it is approved, that settles the matter—instantly.

Of course, the court does not have to approve your request.

Your reason for a change might be found unacceptable. Thus, you cannot change your name for such skulduggery as dodging creditors or cashing in unfairly on someone else's good will.

Doubtless you would have trouble changing your name to "Woolworth" for the purpose of opening a variety store, or to "Charlie Chaplin" for a fling at comedy.

Too, judges sometimes frown on changes that are notably off-beat. One judge balked at changing a man's name to "Jesus Christ II" ("I don't believe it would be within my discretion"), and another judge said no to a girl's request for "Baby Doll" ("How would it look on a driver's license?").

But as a rule the judge will say yes, leaving it primarily up to the individual to decide what name he shall carry. In one case, a man wanted to Americanize his Italian name. His relatives, proud of their family background, showed up in court to object. But the court granted the change anyhow, with this comment:

"The law does not require a

## Judy Lynn Show To Appear At Fort Worth Stock Show

FORT WORTH (Special) — Judy Lynn, guest star of the 1965 Fort Worth Stock Show Rodeo, will have over \$75,000 in glittering, rhinestone and metallic-leaf bedecked costumes when she appears here January 29 through Feb. 7.

Neither Judy nor her 8-piece recording string band will wear the same costume twice during their 20 Fort Worth Rodeo appearances.

Although Judy's costumes are custom made by the rodeo tailor, Nudie's of Hollywood, she personally supervises the selection of material and design for both her costumes and those of the band.

Judy's costumes include a wide range of colors, from white to royal purple. Each costume of Glamour Lastex consist of shirt, inside boot pants, matching boots and hats with hatband, belt and buckle and tie. Each outfit is heavily decorated with either crystal or aurora borealis rhinestones.

With Judy for her Fort Worth man to retain and to perpetuate the surname of his ancestors." (This is a public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.)

## W. C. Hertel Receives Water Certificate

An official state Health Department certificate of competency has been earned by W. M. Hertel, superintendent of the appearance will be her Golden Beauty guitar, the only one of its kind ever made. The guitar has a solid gold center and is trimmed in ivory and mother-of-pearl with extensive hand engraving.

The Judy Lynn show is coming to Fort Worth direct from extended engagements at Harrah's Reno and Lake Tahoe and the Trade Winds Hotel, Fort Lauderdale.

partment. Benjamin municipal water de-

Signed by the State Commissioner of Health and authorities of the Texas Water and Sewage Works Association, the certificate was given to Hertel after he successfully passed an examination to prove his skill in water plant management and his understanding of the works' importance to community health.

Hertel previously had a C-surface certificate, but he upgraded his certificate for B-wells in production, administration and distribution.

In order to keep a certificate without a new examination, a water works operator must have 50 hours of credit either by attending Lone Star Water Works Association meetings or Health Dept. Short Courses.

## Star-spangled way to sweeten up your future

The old American proverb says, "money isn't everything, but it sure helps."

And that goes double for the money you put in U.S. Savings Bonds. Because this money helps two ways.

First, it helps your future. Putting youngsters through college. Building homes and summer cottages. Buying cruises for you and the spouse. You dream it, Bonds can deliver it.

Second, it helps your country now, by making Uncle Sam a stronger influence in an unsettled world.

Your fellow Americans have tucked over 47 billion dollars into U.S. Sav-

ings Bonds. Why not join them? There's no safer investment anywhere in the world.

### Quick facts about Series E Savings Bonds

- You get 33 1/3% more money at maturity (7 years, 9 months)
- You pay no state or local income tax and can defer the federal tax until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen

### Mrs. Ted Darland Elected President Of '46 Study Club

Mrs. Ted Darland was elected president of the 1946 Study Club, to succeed Mrs. Jerry Cobb. Mrs. Darland and the new slate of officers will assume their duties at the end of the club year in May.

Other new officers elected at the annual business meeting Tuesday at the Womens Club were Mmes. Bobby Joe Helton, first vice president; R. P. Barnard Jr., second vice president; A. J. Keathley, secretary-treasurer; Jim Bateman, corresponding secretary; and Jerry Guinn, parliamentarian.

Mr. Leon Burkham spoke to the club on Parliamentary Procedure. He was introduced by Mrs. Sammy Tankersley.

His talk was interesting, entertaining and informative. He spoke first on the eight requirements for the ideal presiding officer. They are poise, a calm steady eye, strong clear voice, deliberateness, mastery of ac-

cepted rules, good judgment, fairness and tact.

He then discussed the proper procedure for conducting business meetings using illustrations for each of the procedures. He was presented a gift from the club following his speech.

At the business meeting which following the program the new officers were elected. Mrs. Charles Lankford was named chairman of the March of Dimes. The club voted to reset the rates for club house rentals, subject to a similar vote by the Knox City Study Club.

Mrs. Paul Clayton gave a report of the finance committee. Mrs. Travis Thompson, George Wall and Tankersley were named to a committee to care for the silver service.

Hostesses for the meeting were Mmes. Paul Hoge, Barnard, John Egenbacher and Wyndell Stephens. Coffee and cookies were served.

Next meeting of the club will be Jan. 19 when Mr. Joe Doby will speak on Civil Defense.

**Streams In Desert Places**  
 Ozelle Stephens

This New Year can be many things. To you it may be an unwritten page, waiting for the record of your deeds, or it could be a closed jewel box holding gems of unknown tomorrows. For many it is a land of beginning again. What ever it is to you, remember it is an opportunity to remedy the past. Learn how to actively use your faith and commit your ways unto God. "Fret not thy self—commit thy ways unto the Lord; trust also in him; and he shall bring it to pass." (Pr. 37:5)

**SENIORS TO SPONSOR WEIRD SHOW MONDAY**

The Senior Class of Knox City will sponsor the Dr. Jekyll Weird Show to be held in the school gymnasium, Monday, January 11 at 7:30 p.m.  
 Admission is \$1.00 for adults and 50 cents for children.
