NUMBER 10

Bill Sams And Bob Harrison Head New Chamber Of Commerce Officers

The puzzled bride who is still trying to interpret a recipe tip she received from her—or his—mother, will welcome the following rules-of-thumb from Margaret Spader, home service consultant for the Gas Appliance Manufacturers Association:

Butter "the size of a walnut" is about one tablespoon. "A pinch of salt" is about half of a one-quarter teaspoon. "A handful of flour" is approximately one-fourth cup.

And a pound of spaghetti is close to the amount you can hold in your hand when your thumb and forefinger meet.

My mother-in-law who is a wonderful "little dab of this, and a pinch of that girl" and just a "taste of something else" cook, has a hard time explaining to her youngest daughter how to measure for a recipe. My wife is, unfortunately, not the "corn cook" that her mother and two sisters are.

Last week she decided a pot of old fashioned potato soup would taste good, and after looking in all her cook books and not finding a recipe, got on the phone and called everyone she could find to ask how to make it. Nobody she asked, knew how. So she finally broke up an afternoon bridge game at Mrs. Russel Boyd's home and Mrs. O. L. Jamison, Mrs. Boyd, Mrs. Henry Jones and Mrs. Carrie Belle Benedict, told her how to make the delicious brew.

Our cook was confused when they told her to peel and dice two or three potatoes, put them in some hot water with a dash of salt, pepper, and some onion some butter—(how much?) well, quite a bit . . . and some milk, and let it cook until done. Sounds simple enough and it was delicious, but the wife does not know how much a dash of salt, quite a bit of butter, milk, etc., should be.

The kids and I are too pessimistic about lightning striking the same place twice, so we probably won't press mama in to fixing this recipe again.

I'll bet somebody could get rich quick by printing a dictionary defining a dash, pinch, dab, etc.,

We heard through the grapevine that Carrie Benedict won the high score prize at the afternoon bridge club at Mrs. Mary Adams home a week or so ago. Carrie, who until then had been going through a bad streak of drawing cards, was quite put out at Mrs. Alma Culwell, Mrs. Mary Hope Carr and the wife (who make up the every-other-night and sometimes every night bridge foursome), because they came to play bridge that night carrying bits of cotton and kleenex, and every time Carrie started to mention the bridge club, they stuffed their ears with cotton.

Carrie burned cotton and ears so profusely that night neighbors thought the gin was on fire.

BY-THE-WAY The Junior College questionnaire is to be filled out by everyone . . . including kids planning to graduate, those already graduated, and oldsters who never graduated but are interested in expanding their earning capacity and the rest who want to go back to school for other reasons.

A good rule of thumb is: If there is one item on the questionnaire you can answer either yes or no, please fill it out.

We plan to have a supply of these on hand by the end of the week for local merchants or interested citizens to have filled . . . please hand them back to us for processing later.

Last Chance—

POLL TAX**

Chamber of Commerce President C. E. Williams had a called meeting of the board of directors Friday night and the board voted to elect new officers this week.

Chamber Manager Tom VanWinkle tended his resignation at the close of the meeting.

A meeting was called Wednesday at 7 a.m. at the City Cafe.

President Williams asked the secretary for a financial report.

As of December 31, the organization had \$1,149.35 on hand VanWinkle reported.

Williams told the group he had called the meeting and had appointed C. J. Reese and Monty Penman as a nominating committee to pick a new board of directors. Nominated were:

Bill Sams, president; Bob Harrison, vice president; E. Hob Smith, Fuller Shannon, Jim Hill, Zane Branham and holdover director Bud Carver as the board of directors.

Doyle Graham made a motion seconded by O. W. Caussey to accept those listed by the nominating committee and to vote by acclamation.

All voted in favor of the motion.

Williams turned the meeting over to the newly elected president Sams.

Mr. VanWinkle told the members he would assist until a replacement could be appointed.

Sams named Paul Clayton as chairman of a By-Laws committee assisted by Charles Lankford and Bob Harrison.

Other new business discussed was an immediate membership drive; the board to meet at least twice each month and a general membership meeting at least once a month; were among the chief concerns of the new board.

Doyle Graham, in behalf of all Chamber of Commerce members said he would like to express his thanks and the thanks of the chamber for a sometimes "thankless job . . . lots of times

Girl Scout Drive Nets \$289.39

Mrs. A. J. Keathley, chairman of the Knox City Girl Scout Drive, has announced that the drive netted \$289.39.

She stated that she would like to express appreciation to all the people of Knox City in behalf of Girl Scouts of America for the warm response to the Girl Scout Drive.

She would also like to thank all the Girl Scout mothers who worked so hard to make the drive a success, and a special thanks to the co-chairman, Mrs. Joe Clonts and Mrs. Travis Thompson.

Carrie burned cotton and ears so profusely that night neighbors thought the gin was on fire.

Jr. College Has Numerous Rolls to Fill

BY HARLEY PERSHING
The junior college has many roles to fill and problems to solve in meeting the needs of the community it serves.

And service to the community, its citizens, its business, its industry, its commerce, its professions should be the primary concern of the institution.

In fact, the college shouldn't carry the tag "junior" at all, a misnomer, a stigma on development of the institution. Instead, it should be known as a community or city college.

These are the words of one of the top experts on the subject, Dr. C. C. Colvert, a University of Texas professor who specializes in his teachings at the College of Education in the junior college program.

Dr. Colvert's facts come from experience. He learned them the hard way.

He is the former president of a junior college at Monroe, La., a school he helped organize in 1931.

During his 13 years as head of this thriving little college, Dr. Colvert resisted effort after effort to convert the school into a four-year college, a trend now

you get in trouble trying to do what is right for your community, but we would like to express our sincere thanks to each of you."

The board recommended to the By-Laws committee that a member be dropped from the board at the board's discretion, if he should miss two meetings in succession. (This will be taken under advisement and discussed later) — That more board members be appointed; that a banquet be held each year; and further business will be outlined at a called meeting next week, tentatively set for Thursday.

The locks have been put on the show cases in the Court House and the committee is anxious to have articles for display now. If you have anything of interest, pictures, books, kitchen utensils, Indian arrow heads, needle work, newspaper articles, maps, old documents, albums, etc., please let us use them; they will be returned to you if you do not want to donate them.

The Historical Committee will meet on Tuesday, February 2 at 2 p.m. in the Court House. A number of things need to be discussed. All members are urged to be present.

SS Rep. To Be Feb. 3

A representative of the Social Security Administration will be in Knox City at the New City Hall on Wednesday, February 3, 1965 from 10:00 a.m. until noon. You are invited to meet with the representative to file your claim or to obtain information or assistance concerning social security. Farmers should keep accurate records of wages paid to their employees. If an employee's yearly wage amounts to \$150 or more or if he works on 20 or more days during the year on a time basis, the farmer is required by law to report the worker's earnings for social security purposes.

ENROLLS AT MIDWESTERN
Ronny Hamilton, son of Mr. and Mrs. Gene Hamilton, will attend classes at Midwestern University next week.

IN KERRVILLE
Mr. and Mrs. Vernon Bridges spent the week end visiting friends in Kerrville.

He is active in the First Presbyterian Church. An Eagle Scout, Judge Driver last year received the Order of the Arrow and is an active counselor for Citizenship merit badges. Mrs. Driver is the former Jacquelyn Culbertson of Vernon and the couple has two children, Robert Temple, Jr. and Jan.

Judge R. T. Driver Heads Gifts For Scouts Org.

JUDGE R. TEMPLE DRIVER

Judge R. Temple Driver, 89th District Judge and acting Judge of juvenile court of Wichita County, has been named to head the Special Gifts Organization of the Boy Scout Development Fund by John Gavin, general chairman.

In accepting the job, Judge Driver stated, "If we would have more Boy Scouts, we would have fewer cases of juvenile delinquency." District chairmen serving with him include Sam Rodgers, president of First National Bank of Henrietta, Chisholm Train, R. D. Brown, president of First State Bank of Vernon, Central, J. S. Gilliland, Gilliland & Gilliland Savings & Loan of Quanah, Western, Loyd D. Jones, Bunkley & Jones Ins. of Seymour, Brazos Valley, and from Wichita Falls, Dick Darnier, manager of Hammond Properties, and independent oil operator Uriell Griggs, Kickapoo and Apache.

Judge Driver is a native of Benjamin in Knox County and is a graduate of Wichita Falls Senior High. In 1964 he was named alumni of the year by Phi Alpha Delta, a law fraternity at the University of Texas. He is past president of the Wichita Falls Texas Exes, former president of the State Junior Bar of Texas, and past treasurer of the Wichita County Bar Association.

He is active in the First Presbyterian Church. An Eagle Scout, Judge Driver last year received the Order of the Arrow and is an active counselor for Citizenship merit badges. Mrs. Driver is the former Jacquelyn Culbertson of Vernon and the couple has two children, Robert Temple, Jr. and Jan.

Henderson Reports On Brick Feasibility

Interested persons met at the City Cafe dining room Friday night to hear a report from Frank Henderson, Southwest Sales Engineer Allied Engineering Division of Ferro Corporation of Tyler explain functions and feasibility of a brick manufacturing firm for Knox City.

Henderson was retained by the Chamber of Commerce to investigate feasibility. Chamber President C. E. Williams turned the meeting over to Bill Sams.

Bob Harrison was called upon to relate the groundwork prior to the Friday meeting.

Harrison told the group it was the chamber's desire as well as all businessmen to see the town grow and prosper.

"We decided to call on the people for their ideas, and this was done through our local paper," Harrison said. Later Mr.

Mrs. Romona Sams Dies; Services Will Be In Benjamin

Funeral services for Mrs. Roma L. Sams, who died Tuesday, Jan. 26, at 11:15 p.m. in the Christ the King Hospital in Vernon will be held at 10 a.m. today in Benjamin.

Mrs. Sams had been admitted to the hospital only a few minutes prior to her death. She was 85 years old.

At the time of her death she was residing with a daughter in Vernon.

Services will be conducted at the First Christian Church in Benjamin by Rev. Karrel Desgrange, McKinney, officiating.

Burial will be in Benjamin Cemetery under direction of Smith Funeral Home of Knox City.

Her husband, A. H. Sams, preceded her in death in 1951 and since that time she had made her home with her children.

Survivors are one son, A. H. Jr., of Uvalde; four daughters, Mrs. Jack Spikes of Crowell, Mrs. Mercer Armstrong of Jal, N. M., Mrs. J. D. McStay of Vernon, and Mrs. Jim Melton of Ralls; two brothers, Roy and Jess Cockerell of Seymour; nine grandchildren and nine great-grandchildren.

Palbearers will be Collins and J. C. Moorhouse, Loyal Brown, Bobby and Bruce Burnett, H. T. Melton and Brooks Campsey.

Jr. College Has Numerous Rolls to Fill

BY HARLEY PERSHING
The junior college has many roles to fill and problems to solve in meeting the needs of the community it serves.

And service to the community, its citizens, its business, its industry, its commerce, its professions should be the primary concern of the institution.

In fact, the college shouldn't carry the tag "junior" at all, a misnomer, a stigma on development of the institution. Instead, it should be known as a community or city college.

These are the words of one of the top experts on the subject, Dr. C. C. Colvert, a University of Texas professor who specializes in his teachings at the College of Education in the junior college program.

Dr. Colvert's facts come from experience. He learned them the hard way.

He is the former president of a junior college at Monroe, La., a school he helped organize in 1931.

During his 13 years as head of this thriving little college, Dr. Colvert resisted effort after effort to convert the school into a four-year college, a trend now

you get in trouble trying to do what is right for your community, but we would like to express our sincere thanks to each of you."

The board recommended to the By-Laws committee that a member be dropped from the board at the board's discretion, if he should miss two meetings in succession. (This will be taken under advisement and discussed later) — That more board members be appointed; that a banquet be held each year; and further business will be outlined at a called meeting next week, tentatively set for Thursday.

M. H. Mansfield reported that there was ample soil and water to make manufacturing bricks a good industry. "This news was also in our newspaper and Mr. Phil Dudley of Dallas read it and later made contacts until we found Mr. Henderson," Harrison said.

Dudley introduced Mr. Henderson to the group.

Henderson said after his survey the most important thing to consider for this area was the market. "You will need to make a market survey" he said, "and

JR. COLLEGE TALK WILL BE POSTPONED

A meeting planned here for Monday night, by B. W. Musgraves, head of the Jr. College Division of the Texas Education Association, has been postponed.

Dr. Musgraves will speak in Knox County at a later date.

Bloodmobile Collects 67 Pints

Knox City residents contributed 67 pints of blood last Thursday when the Red River Bloodmobile was here from 1 to 6 p.m. at the Methodist Church.

Knox County's quota is 265 pints and last year the county failed to reach it by 101 pints. It is hoped this year the entire

John Lewis, Paul D. Meinzer and Monty Penman were presented "gallon club" membership pins for having donated at least a gallon of blood.

KC Responding Well To MOD

Knox City's mother's march highlighted the activities last week with \$437.25 being donated by local citizens. The 1946 Study Club sponsored the Mothers March under chairmanship of Mrs. Charles Lankford.

The high school youth responded with their contributions while attending the Youth Center after the ball game Friday evening. They contributed \$23.

Mr. and Mrs. R. P. Barnard and Mr. and Mrs. Doyle Graham sponsored this event.

Local clubs and organizations contributed, and coffee proceeds from the City Cafe last Friday, added to the fund.

This week the elementary children have received their school cards so they too will be making their contributions. A total of all contributions will be published at the close of the drive.

Last week Truscott was omitted by mistake from communities working on the drive. Goree also has joined the campaign, and the three schools in Munday are making their drive this week. Plans are in the making for a similar drive for Benjamin.

Mrs. C. J. Albus of Rhineland has reported that the community activity held in Rhineland Sunday netted better than \$85.

The governor is not unmindful of the importance to industry and the technological revolution sweeping the country that education and improved community college work play.

He cites facts and figures to show that much of the nation's defense contracts, those calling for long-range research and technical and technological studies, have gone to states with the best education system.

And invariably, those states—New York, California, and Florida—have top grade junior or community college programs.

(Next: A gap to be filled.)

the only brick you can sell will probably be west of here."

He informed the group that red brick would be the only type, and that there appeared to be plenty of materials.

Henderson said he had secured a number of samples to take to his laboratory, but felt certain there was no problem in securing plenty of material.

Other considerations would be that plant be located not over 15 miles from the supply; a railroad a necessity, although most of brick would be hauled by truck; and size of the plant would need to be at least large enough to make one million or more brick a month. Anything under a million was not feasible he said.

The plant would employ between 30 and 35 persons directly, as well as three or four more either hauling raw materials to the plant as well as trucking the finished product to locations.

Three or four key personnel would have to be brought in; the rest could be trained.

Payroll would run approximately \$3,000 a week.

Cost of plant would run between \$800 and \$900,000, he said and if the area were declared a disaster area, would come under ARA (Area Redevelopment Administration). It would require approximately \$300,000 in local funds to secure government assistance.

Henderson said outside industry already in the brick business probably could not be enticed to take over, as they were "usually as large as they wanted to be," at the present time.

Henderson said there were only three questions in feasibility of a brick manufacturing plant: first, was the market; second, raw materials, and third, the method of financing.

A report on the soil will be completed in approximately 3 weeks and the chamber is at present seeking the status of the county as to its standing in ARA.

Mother's March Nets \$354.25 Here

The Mothers March held last Thursday evening by members of the 1946 Study Club netted \$354.25, according to Mrs. Charles Lankford, chairman of the drive.

There were 30 members of the club making the drive.

She reported that the Knox City Lions Club donated \$25., the American Legion Auxiliary, \$5, the Knox City Study Club and the 1946 Study Club each donated \$5 and the Youth Center donated \$23, making a total to date of \$417.25.

Local clubs and organizations contributed, and coffee proceeds from the City Cafe last Friday, added to the fund.

This week the elementary children have received their school cards so they too will be making their contributions. A total of all contributions will be published at the close of the drive.

Last week Truscott was omitted by mistake from communities working on the drive. Goree also has joined the campaign, and the three schools in Munday are making their drive this week. Plans are in the making for a similar drive for Benjamin.

THESE PRICES GOOD THURSDAY, FRIDAY AND SATURDAY

A goodly share of the 3,000 Texans who went to Washington for President Lyndon Johnson's inauguration went through the same sort of celebration—on a much smaller scale—in Austin Monday and Tuesday.

Following Monday's early-afternoon State Democratic Executive Meeting, the round of state inaugural parties began. One of the best-attended was a reception in the Gondolier Hotel for House Speaker Ben Barnes of DeLeon and Dan Blocker (the "Hoss Cartwright" of Bonanza fame).

"Hoss" was a headliner, along

with Edie Adams, at the \$25-per-plate Democratic Victory Dinner, honoring Gov. John Connally, Lt. Gov. Preston Smith and other party winners.

Following the solemn ceremony of the swearing-in of Connally and Smith on Tuesday, another round of luncheons and receptions began. Gov. and Mrs. Connally received thousands of visitors at a reception in the Governor's Mansion, across the street from the Capitol.

Connally's kind of celebration—heavy of the folksy flavor—is a far cry from the former custom of a series of governor's

billings on the eve of Inauguration. BILL FILING BEGINS—First bill filed in the House of Representatives was one by Rep. Maud Isaacks of El Paso—only woman member in the House. It would allow youngsters 15½ years old to obtain drivers licenses if they pass approved drivers education courses. It's designed also to abolish the special motor scooter and motor bike licenses.

DISTILLED SPIRITS BILL — A measure which sponsors say will raise \$10,000,000 in tax money for the state, during the next two years, has hit the legislative hopper. It is not a liquor by the drink bill. But it would make available to people dining in Texas restaurants tiny, 2-oz. (or less) bottles of distilled spirits.

Bill calls for an annual license fee of \$500 from each restaurant providing the service. Sponsors claim it will encourage tourism while at the same time will not permit open bars.

Measure was introduced in the upper house by Sen. Jim Bates of Edinburg and in the lower house by Rep. Willis Watley of Houston.

TEACHER BILL IN — A bill raising the salary of school teachers \$45 a month for each month of the school year was assured of passing in the House. Rep. George Hinson of Mineola, who is sponsoring the measure, invited other House members to sign the bill as co-sponsors. He quickly got more than 80 signatures, a majority of the House members.

Bill probably will have easy sailing in the Senate, where it was introduced by Sen. A. M. Sens. J. P. Word of Meridian, Aikin Jr. of Paris, joined by Dorsey B. Hardeman of San An-

gelo, D. Roy Harrington of Port Arthur and Jim Bates of Edinburg.

Another bill asked by the teachers, one providing for five days sick leave a year cumulative to 30 days, was introduced by Rep. Wayne Gibbens of Breckenridge. Both bills are being sponsored by the Texas State Teachers Association.

BEEF IMPORT MEASURE INTRODUCED — A plan to discourage the purchase of imported beef by Texans was laid out by Sen. Dorsey B. Hardeman of San Angelo.

His proposal would make it illegal—subject to fines up to \$500 and a jail sentence—to sell imported beef, unless the grocer displays a sign six by 12 inches large, with the words, "Importer Meat Sold Here," and labels packaged meat, "Product of . . ." stating country of origin.

COUNTY SCHOOL SUPPORT — Texas Committee on state and local tax policy recommended that the proportionate share of the Minimum Foundation Program which is borne by local taxing authorities in the Local Fund Assignment be increased by a total of some \$19,000,000 over the next two years.

Committee stated that State government is providing \$56. more per pupil for public school education than the national average, while local governments are providing \$93 per pupil less than local governments or other states.

No recommendation was made regarding Governor Connally's proposal that the State ad valorem tax be abolished—one way county and city governments would have more tax leeway—but it is rumored that the committee made its recommendation with that in mind.

TIPRO POOLING BILL IN — Rep. Wayne Gibbens of Breckenridge is garnering support for the petroleum pooling bill—a product of the Texas Independent Producers and Royalty Owners Association, which he is sponsoring in the House.

Gibbens said the bill "emphasizes safeguards to make sure pooling orders will be fair to all parties." It would allow forced pooling only after every effort to pool voluntarily on a fair basis had failed.

HOG CHOLERA ERADICATION — A bill has been introduced which would permit the Texas Animal Health Commission to cooperate with the Animal Disease Eradication branch of the U. S. Department of Agriculture in an effort to do away with hog cholera in the state.

If the bill by Rep. Grainger W. McIlhenny of Wheeler is passed, Texas would become the 48th state to join the nationwide program.

Authorized would be use of biologicals, quarantine of infected animals and slaughter of infected animals with payment to owners. This would not be done until incidence became low, according to the Texas Farm Bureau, one of the backers of the bill.

This would be the third major animal health campaign launched by Texas farmers and ranchers in recent years. The other two, against brucellosis and the screwworm have been very successful.

POLL TAX FIGHT RENEWED — Bills which would put poll tax repeal on the Nov. 1966, ballot—via constitutional amendments—have been introduced in both houses of the legislature.

A proposal by Sen. Franklin Spears of San Antonio also would try to extend the vote to all military personnel who qual-

ified under residency requirements presently applicable to other Texas voters. House measure, co-sponsored by Dallas representatives James W. Stroud and Cooper Blankenship, specifies that military personnel could vote only in the county in which they resided at the time they entered the service.

COMMUNIST PURSUIT IS MORE DIFFICULT — Attorney General Waggoner Carr complained that U. S. Supreme Court is making it more difficult to enforce the state law regarding prosecution of communists.

Carr issued his statement after the high court had struck down a warrant under which he and Bexar County Dist. Atty. James Barlow seized some 2,000 books and pamphlets from San Antonian John Stanford.

TFB HEAD OPPOSES Charge — C. H. DeVaney, president of the Texas Farm Bureau, told more than 70 legislators attending a bureau legislative conference in Austin that redistricting solely on the basis of population would seriously hurt state and national government.

DeVaney believes the Legislature should work toward an amendment to the U. S. Constitution which would override the Supreme Court decisions on reapportionment.

COLORED BRIDGES? — Texas bridges may take on an Eastern hue.

Texas highway department announces it is considering painting overpasses and other structures in different colors. It already is trying out a few shades of gray, making travel safer and more pleasant.

K. K. Moore, supervising paint engineer of the THD Materials and Tests Division points out 2 problems. First agreeing on colors, and second, more rapid fading of brighter hues. He predicts some standard color will be used in another five years.

Streams In Desert Places

Ozelle Stephens

The Kingdom of God is within you, who are Christians. It is a creation of God in spirit

South Dakota, a jump ahead, already is planning to paint all its interstate overpass bridges in blue, pink, green, yellow, lavender and orange.

and in truth. You cannot see the kingdom, neither can you see God's principles of truth which are love, goodness and peace. The door of God's kingdom is always open and when you enter you find the glory expressed in these principles.

When they become active in your life and your affairs you will be able to express good results in your life and works.

God has prepared all that you will ever need, and when by faith you enter into the door you find the true source of all your desires.

Star-spangled savings plan

Most of us think about the future in terms of paying off the mortgage, educating the children, providing a retirement income.

But with the world the way it is today, it's almost impossible to make plans for your own future without considering the future of your country, too.

When you buy U. S. Savings Bonds, your money takes on both jobs. It grows to build your financial strength.

At the same time, it helps Uncle Sam watch over our peace and security.

Why not give your savings dollars this double assignment? You'll be joining millions of American families who are investing in their country's future — and you'll probably feel pretty good about it.

It's easy to buy Savings Bonds on the Payroll Plan where you work. A \$50 Bond costs \$37.50, a \$25 Bond \$18.75, and you can buy them in installments for only a few dollars a pay day. Or buy them outright at any bank. No charge for the service.

Buy Series E Bonds for growth, Series H for current income.

Some nice things about Series E Bonds

- You get 3 3/4% more money when they mature
- You can defer the tax on accumulated interest until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed, or stolen

Keep freedom in your future with

U.S. SAVINGS BONDS

Miss Carol Collins Honored With Party

Carol Collins, daughter of Mr. and Mrs. Willie Collins was honored with a bridal shower Monday afternoon in the home of Mrs. Doyle Graham.

Carol's sister, Virginia Collins, registered guests who were presented to the honoree and her mother. The honoree's grandmother, Mrs. Roy Reynolds, was also in the house party.

A cousin of the bride to be, Anita Poteet, showed the gifts, and Doris Marion and Mrs. Earlene Rister served punch and cake squares.

The honoree's chosen colors of blue and white were carried out in the floral arrangement napkins, and decorated cakes. Milk glass and silver appointments were used.

Miss Collins has returned to San Antonio, where she is employed in a beauty salon. Her wedding date has been

FARM and RANCH Notes
JOE W. DOBY
 COUNTY AGRICULTURAL AGENT

Farmers Launch Protest Against Low Prices

The recent action by the Department of Agriculture lowering cotton support prices \$5.00 per bale on the 1965 crop has met with mounting protest by cotton producers and businessmen over the cotton producing areas of Texas.

"This second cut in price supports on cotton in two years will result in a loss of nearly 200 million dollars to cotton farmers and the communities that serve them by the end of this small grain plants should be well stooled by now.

Now is a good time to apply nitrogen as a topdressing. Between 20-30 pounds of actual nitrogen per acre should be applied. It is too late to correct the phosphate shortage as this must be put down with the seed or before planting.

year," Jay Naman, state president of the Farmers Union told Governor John Connally in a recent meeting in the Governor's office.

Naman went on to say that this cut along with others in feed grain and wheat prices are apparently the result of pressure from the President's Director of the Budget to slash USDA expenditures and indicates little understanding of agriculture by the person advising the President on these matters.

"The Budget Director," said Naman, "has apparently forgotten that the theory that reducing price will cause farmers to restrict production and will reduce government expenditures was exploded during the years Secretary of Agriculture Ben-stocks went to all time highs while government costs mounted and farm prices went to historic lows.

"Such expenditures as the school lunch program, meat inspection, foreign distribution of

surplus food, conservation of our soil and forests are all charged to farm programs. The truth is that farmers are currently benefiting from about one third of the expenditures of the Department of Agriculture.

"It might well be that this administration's efforts to rid the nation of poverty by siphoning funds out of agriculture, could well thwart the program creating poverty where efficient, self-sufficient farming and ranching now exists.

"Bankers in the efficient south plains cotton producing areas report a high percentage of their farm accounts unable to retire their notes this season. This is true in spite of the fact that the area produced the sixth largest cotton crop in history. Merchants are reporting a general slump in business and very slow collections in the cotton farming areas.

"Farmers Union members and

All farmers in Knox County are urged to attend the Soil Fertility Short Course planned for February 1 and 2 in Munday. The meetings will be held in the Munday High School and will begin at 8 p.m. each night.

The first night will be devoted to plant disease as these are of vital concern to any farmer interested in making high yields. Dr. Robert Berry, Extension Plant Pathologist from Lubbock will be on the program. One of the main diseases he will discuss will be Fusarium Wilt which has been infecting large acreages of cotton in our country in the past few years.

The second night, Feb. 2, Mr. Jim Valentine, Soil Chemist in charge of the Lubbock Soil Testing Lab will be the featured speaker. He will discuss the latest research in the use of fertilizer, effect of placement on crop yields and economic rates of application. Topdressing small grains will also be discussed.

Anyone interested in growing vegetables, flowers, or shrubs is invited to attend a meeting, Feb. 2, at 1:30 p.m. in the Munday School Gym.

Soil fertility as it affects flowers and vegetables, soil testing and the proper use of fertilizer will be covered by the County Agent.

Dr. Robert Berry, will cover diseases of flowers and vegetables at this meeting.

Many small grain fields in Knox County are showing a shortage of nitrogen and a few lack phosphorous. Nitrogen deficiency is evident by yellow calves and lack of growth. There will usually be a strip of green plants around the edge of the fields and on the terraces where a little more nitrogen is available.

Phosphate deficiency shows up as plants fail to stool adequately, and the leaves are upright with a spiral shape. With the moisture and warm weather, the

Pep Pills, Etc., Could Endanger Health AMA Warns

The athlete — including the week end golfer or skier — who experiments with pep pills, whiffs of oxygen, odd dietary supplements and other such fads in the hope of improving performance is doomed to disappointment and may even be courting bodily harm.

Sports, with their premium on endurance and top performance, are fertile soil for experimentation with a wide variety of what physicians call "ergogenic aids," ergogenic being defined as increasing the capacity of bodily and mental effort, especially by eliminating fatigue symptoms.

The mystique of the readiness of the athlete for competition intrigues the sports enthusiast, says a joint comment of the National Federation of State High School Athletic Associations and the Committee on Medical Aspects of Sports of the American Medical Association.

None of the fads, fallacies and quackery associated with ergogenic aids is of any more assistance to athletic success than the superstition of never changing underwear during a winning streak, the joint statement says. And some of the practices may even be hazardous if carried to extremes.

For safe and effective performance, there still is no alternative to the fullest utilization of one's natural resources through good personal health practices, top physical conditioning and confidence in one's ability based on careful coaching and good medical supervision.

The four-minute mile barrier was broken ten years ago and running the mile in the 3:50's is now commonplace although it was long considered impossible.

THE FAMILY LAWYER

Battleground of Justice

Truth emerges, Historian Macaulay once said, "when two men argue as unfairly as possible on opposite sides."

For the moment, let's disregard that word "unfairly." Otherwise, Macaulay put his finger on the essential nature of a typical modern trial. The courtroom is a battleground. The role of the lawyers is not lofty neutrality but frank partisanship. They are not only their clients' advisers but also their champions.

Athletes set new records not through gimmicks but through spartan self-discipline and effort focused on peak condition and extreme refinement of skill.

The two sports groups label over reliance on isometric exercises as a fad for which claims have been exaggerated. Isometrics can increase muscular strength but they do not assist range of motion or heart-lung endurance. The notion that extra vitamins are needed by athletes is labeled as a fallacy. The essentials of a normal good diet with sufficient quantity to satisfy increased caloric expenditure are all that's required.

Pep pills that lessen the feeling of fatigue obviously can be dangerous, in that they lead to exertion far beyond the body's capacity, and also impair judgment.

For top performance in sports, there's no artificial substitute for good coaching, thorough conditioning, many hours of practice and general good health. These cannot be obtained from a bottle or box.

Technically, this is known as the "adversary system" of justice. Far from deploring conflict, it actually relies on it. Just as the haggling of buyer and seller tends to produce a fair price, just as the bickering of liberal and conservative tends to produce a good government, so does the clash of opposing counsel tend to produce a wise judgment. A judge can do his job properly, wrote the late Chief Justice Charles Evans Hughes, "only with the light afforded by a real contest."

Of course, there are limits. The lawyer who argues "unfairly"—for example, by using documents that he knows are false—is flagrantly violating his duty as an officer of the court. He is also flagrantly violating the Canons of Ethics of the legal profession.

But that doesn't mean that opposing lawyers cannot, in all sincerity, offer sharply different

Get Vehicles OK'd Now, Col. Advises

Col. Homer Garrison, director of the Department of Public Safety today encouraged Texas motorists to "start the new year with a safe vehicle" by securing the 1965 vehicle inspection sticker without further delay.

The Public Safety Director said that approximately one-half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. He added that unless the inspection pace is stepped up, motorists may expect to find the usual waiting lines at the inspection stations when the April 15 deadline approaches.

"The inspection stickers for 1965 have been available since September 1," Garrison said, "allowing ample time for all vehicles to be inspected without delay prior to the deadline. There can be no extension of the deadline and vehicles not displaying the new sticker will be in violation of the law after April 15."

Texas now has more than 5,200 authorized inspection stations over the state. According to Garrison, these stations are ready and capable of handling the remaining uninspected vehicles without delay provided vehicle owners do not wait until just a few days before the deadline.

He pointed out that the basic function of vehicle inspection is to detect and correct vehicle defects that might cause an accident. He said that last year vehicle defects contributed to fewer traffic accidents than ever before in Texas.

judge. For facts are elusive. versions of the same case to the Driving which honestly seemed slow to the defendant motorist may have honestly seemed fast to the plaintiff pedestrian whom he knocked down.

Even when the facts are clear reactions to those facts may honestly differ. The very same cooking odors, drifting out of a woman's kitchen may be tantalizing to her own family—and an offensive nuisance to the people in the next apartment.

After all, disputes seldom reach the courtroom unless there really are two sides to the argument. It is the lawyer's task, and special talent, to bring out the strong points for his client

THE STORY OF IRRIGATION...

LONG BEFORE THE ADVENT OF TODAY'S PLASTIC PIPE, EGYPTIANS CARRIED WATER FROM THE NILE IN JARS TO IRRIGATE CROPS AND SLAKE THE THIRST OF THE PYRAMID BUILDERS.

IN INDIA THE FIRST WATER-RAISING MACHINERY WAS DEVELOPED. THE "DENDLI" CONSISTED OF A POLE WITH A BUCKET SUSPENDED FROM ONE END OF A CROSS-BEAM WITH A COUNTERPOISE AT THE OTHER.

TODAY IRRIGATION IS NO LONGER LIMITED TO THE DISTANCE MAN CAN CARRY WATER. IN TEXAS LAND IS BEING DEVELOPED BY A 135-MILE UNDERGROUND NETWORK OF BARRETT'S POLYVINYL CHLORIDE PIPE CARRYING WATER FROM A WELL 75 MILES AWAY.

Attend OES Supper

Mrs. L. A. Parker and Mrs. Lizzie Kyle; Mrs. Allie Moorhouse and Mrs. Anna Mae Redwine attended the Eastern Star Supper in Knox City Monday night.

Miss Mary Pierce spent the

Loans For Non-Farm Enterprises Will Help Knox County Economy FHA Says

Special measures provided by the 88th Congress to help farm and other rural families with limited earnings develop new sources of income will play a major role in bringing economic

stability to Knox County, according to Wilburn A. Satterwhite, supervisor for the Farmers Home Administration.

These measures include long-term loans to finance the development of small businesses that will increase family income. Funds may be advanced for such purposes as farm machinery repair shops, well drilling, roadside markets, guide services, home production of handicrafts, custom agricultural services such as land preparation, harvesting and processing facilities, and a variety of other income-producing facilities.

Satterwhite said, Farmers Home Administration will carry out the loan program under the new Economic Opportunity Act in rural areas. In addition, loans will be made to farmers for agricultural projects and to small rural cooperatives.

Loans to farm families or individuals to develop small businesses will range up to \$2,500, Satterwhite added. They will carry an interest rate of 4-1/8 per cent and must be repaid within 15 years.

The new loans are available to farm and rural families as well as individuals who need a small amount of capital to improve their earnings but cannot qualify for credit from existing public or private sources, including other FHA loans.

Financial and technical assistance will be advanced to develop a variety of nonfarm enterprises. Loans may be used to pay normal operating expenses and other expenses connected with the business, buy and install equipment, construct buildings and purchase land.

Family farmers and rural residents may qualify for an opportunity loan for a nonfarm enterprise if they receive an income from all sources that is too low to cover basic family needs, and are unable to obtain credit through other sources.

Applicants for a loan must furnish evidence that the need for the business or service is not presently being met in the area.

Loan funds and operating plans for new business ventures will be supervised by FHA. Repayment terms will range up to 15 years, with 4-1/8 per cent interest rate.

In addition to loans for non-farm enterprises, FHA can make opportunity loans to farmers for farm improvement and development that will raise family earnings. The agency now also administers a new loan and technical assistance program for small cooperatives serving rural families who have limited incomes and resources.

Additional information on loan programs under Economic Opportunity Act is available at the Farmers Home Administration office in the Foyt Building 115 W. McLain, Seymour, Texas.

Mr. and Mrs. Dan Foster and family and Mrs. Meinzer visited Mr. and Mrs. Red Foster in Crowell last Friday.

Mr. and Mrs. L. A. Parker were in Coleman one day last week to attend funeral services of a relative.

Mrs. Edith Cash and children Freddie, Kerry and Trena Rae from Truscott spent Saturday with her mother, Mrs. Lillie Ryder.

Guests of Mr. and Mrs. J. D. Brown Sunday were Mr. and Mrs. J. A. Vire of Abilene and Mrs. L. H. Tephner of Rising Star. Mrs. B. A. Brothers, her son and daughter-in-law of Fort Worth, and Mrs. Roy Petty, Dannie and Randy were dinner guests of the Browns.

Mr. James Coppedge of Texas A & M, visited with friends here Monday.

Mr. and Mrs. Jim Melton, Jr., and son Chum of Ralls and Mrs. Berniece Armstrong of Jal, N. M., visited Mr. and Mrs. Homer T. Melton and Jimmie, and other relatives and friends over the week end. They were en route home from attending the wedding of Johnnie D. McStay in Dallas.

Mr. Paul Sams of Petersburg visited relatives and friends here one day last week end attending the funeral of Jack Propps in Seymour.

Transfer to Lubbock College John and Tom Moorhouse who have been attending Sul Ross College in Alpine have transferred to Texas Tech in Lubbock. They are the sons of Mr. and Mrs. Togo Moorhouse.

Leon Groves of Sul Ross is visiting his parents, Mr. and Mrs. Charlie Groves and family between school terms.

Alvin Alexander of Texas Western College in El Paso is visiting his parents, Mr. and Mrs. Albert Alexander.

Attend Lubbock Funeral Mr. Homer T. Melton and Mrs. E. B. Sams were in Lubbock Monday of this week to attend the funeral of Will Berry.

Mr. and Mrs. Jackie Young and family, who have been living in El Paso for some time are being transferred this week to Crowell where they will make their home.

Mr. and Mrs. D. V. Gilbert were visitors in Seymour one day last week.

Mrs. Bessie Russell and Mrs. Oretta Kilgore were in Seymour last Tuesday on business.

Guests of Mr. and Mrs. A. N. Russell Sunday were Mr. and Mrs. Ray D. Burnett and son of Plainview. Mr. Burnett is Mrs. Russell's nephew.

Mrs. Sue Bumpas was in Dallas spent the week end with her Mrs. Johnnie Roberts of Dallas spent the week end with her parents, Mr. and Mrs. Lovell Brown, and other relatives and friends.

Poteet-Goode Engagement Announced

Mr. and Mrs. Harley Poteet announce the engagement and approaching marriage of their daughter, Anita Faye, to James Thomas Goode, son of Mr. and

Mrs. J. F. Goode of Rochester.

Miss Poteet is a 1964 graduate of Knox City High School and is presently employed at Perry Bros. Variety.

James attended the Rochester school and is employed at Loves Grocery in Rochester.

The wedding will take place May 8, at the First Baptist Church in Knox City.

Heart Attacks Are Explained By AMA

Some half a million Americans die of heart attacks each year, and countless others are

stricken. Why is it that some people have heart attacks and others don't?

Heart experts cannot answer this question definitely, and they sometimes do not agree completely on the probabilities. But there are some generally recognized danger signs that mark the heart-attack prone individual.

Physicians can identify susceptible persons on the basis of cholesterol in the blood, excess weight, cigarette smoking, inactivity, tendencies to diabetes or hypertension, and can often predict the disease in seemingly healthy persons years before it arrives, says Today's Health, the magazine of the American Medical Association.

Of course, a non-smoking woman or a lean man also can have a heart attack, but the risk, statistically, is much less.

The three most important signs of susceptibility, says the American Heart Association, are high blood levels of cholesterol, high blood pressure and an abnormal electrocardiogram.

The health of the heart is definitely linked with life habits, Today's Health declares. More and more heart specialists point to one great general cause—an abuse of our prosperity, the abundance and temptations of modern times.

Many men, the magazine says, abuse cigarettes, food, liquor and their muscles. Quoting from a noted heart specialist, the article points out that adult people "must learn to distinguish between moderation and abuse. Two packs of cigarettes a day is an abuse. Too much fat or too many calories is an abuse."

Drinking during most parts of the day is an abuse. Doing no

Air Force Will Now Accept Non-Grads In Regular Service

Staff Sergeant Bob Sanders, Air Force recruiter announced that effective immediately the Air Force will once again accept applications for enlistment into the regular Air Force non-prior service program, young men who have not graduated from high school.

This is a reversal to the requirement made effective July 1, 1964, which made it mandatory that all applicants be high school graduates.

This new ruling does not mean that the Air Force is advocating that a young man quit school in order to join the Air Force, but after much consideration and consulting with many school officials, the Air Force concluded that there is and will continue to be a percentage of young men who simply cannot continue in school because of various reasons.

Air Force recruiters have and will continue to encourage all young men to "stay in school and graduate"; offering their assistance to high school principals and counselors in counseling and encouraging potential drop outs to continue with their high school education.

physical work is an abuse."

True, there still are differences of opinion among competent men regarding the exact connection between these abuses and heart attacks. True, there still is much to be learned. The decision is one that each individual must make for himself: To wait until all of the evidence is at hand and the doctor can give a positive answer to the question of what causes heart attacks; or, to stop abusing the good things of abundant life and use today's knowledge in the hopes of saving the heart.

Once again February is Heart Month. It can be a month of decision.

Hospital Notes

Patients in the Knox County Hospital January 25, 1965:

Miss Maud Isbell, Munday, Mrs. Cassie Lansford, Munday.

Beginner Band Plays For Lions

Lions Club program Wednesday was the Knox City Fifth Grade or Beginner's Band.

Archie Leib was program chairman and he introduced Mr. Norman Arnett, band director.

After a medley of songs Mr. Arnett informed the group the youngsters had been playing for approximately three months.

"Years ago youngsters who could play this well were considered very good," he pointed out as an illustration that nowadays people's taste in music had risen considerably.

He also pointed out that size of musician was no problem by today's standards. Kenny Woodall, a small youngster, plays the bass horn and played a solo to prove Mr. Arnett's point.

Knox City has four regular bands not including many quartets, etc: fifth grade, sixth grade, junior high and high school are the regular bands.

Beginners are: Ricky Cox, Charles Leib, Elizabeth Arnett, Kathy Kent, Carol Speck, Ramona Mendoza, Kenny Woodall, Arlis Wright, Gary Wilcox, Karen Helms, Pam Pack, Mary Jo Campbell, Lucy Perez, Brent Railsback, Jackie Gentry, Carol King, Rolanda Stubbs and Jan Lankford.

At the conclusion Mr. Arnett said "it does us so much good to have an audience, we thank you very much for letting us play for you."

Girl Scouts Meet In Munday, Tues.

A Knox County Girl Scout meeting was held at the home of Mrs. David Elland in Munday Tuesday. Mrs. Betty Bennett, field advisor from Wichita Falls was also attending.

Plans to organize the neighborhood association and the new year were made. Mrs. W. H. Stewart was elected president to replace Mrs. Jesse Smith. Tentative dates were set for the father-daughter banquet, Girl Scout Cookie Sale, and the Day Camp.

Attending from Knox City were Mmes. John Grindstaff, Charles Clarke, Jack Stubbs, Travis Thompson and Bruce B. Campbell Jr.

Local Group Entertain At Study Club

The Knox City Study Club heard three guest speakers at their meeting on Thursday, January 21. Mrs. E. R. Carpenter was leader for the program on "Our Community Contributes to Peace and Moral Stability."

Miss Linda Reed played a piano solo. The first speaker was the Rev. Johnny Smith, pastor of the First Baptist Church, he spoke on "The Responsibility of the Home in Building Character."

He said "Every individual is learning in the process of living and is the aggregate of that which distinguishes us from each other."

"We should stand for things that are right and each one should feel the responsibility for right living, which would include morals, humility, religion citizenship."

Jim Ross, president of the Knox City Lions Club spoke on the contribution of the local club is making not only to our community but through the nation and the 118 countries where Lionism is working.

The local club has a membership of 82 and is always ready to help in any worthwhile project to help the community.

Mrs. Jerry Cobb, president of the 1946 Study Club spoke on the activities of the club in community affairs. She emphasized the part of Higher Education, since the Club gives a scholarship every year to a high school graduate. They also sponsor the Girl Scouts and The Youth Center.

Pay Your Taxes Now

January 31st is the deadline for paying your 1964 taxes. Texas law requires that a penalty be added on the first day of February.

Avoid this penalty -- and interest -- by paying your taxes today.

This office will not be open on Sunday, January 31, but we will accept all taxes mailed us and postmarked on that date.

You Must Have Your Poll Tax Receipt To Vote!

Pay your poll tax before the deadline, January 31st.

Your poll tax receipt will be required if you should want to vote in any local elections coming up this year.

DON'T FORGET — THIS IS THE LAST WEEK!

John A. Smith

Tax Assessor-Collector Knox County, Texas
