

Luther Wooley told us Monday he was going to take a news commentator's advice on a Wichita radio station and "go home and write congressmen, senators and state representatives," and tell them how he felt about a bill President Johnson is proposing that will take away our right to bear arms.

(The commentator was Joe Tom White of KWFT in Wichita Falls.)

Luther said the radio station asked for listeners to write him and express their views. He had forgotten the man's name, however when he was talking to us.

It is a matter of record that taking weapons away from the citizenry is the first step to enslaving a country, next it becomes a police state and then a military state.

We intend to keep ours just as long as we live. . . Luther and I both agreed.

Sen. John Tower and Cong. Graham Purcell have already stated their opposition to this law as reported in one of the leading gun bugs magazine a couple of years ago, and which we stated in these columns.

People 40 years old and older see things every day that make one wonder the end to it all. Soft living and complacency to the "American Way" of life are taken too lightly, we think. Our forefathers thought it pretty important for us to have the right to bear arms so they wrote it in the Constitution. Freedom is a bigger problem today than it has ever been, for most of us have had it so long we think we inherit it for keeps. We believe it something you have to fight for every day, even if it is on a small scale like standing up to be counted on issues legally or morally right, or on other views you may have on anything. We are free, but there are far too many people afraid of this freedom and are doing nothing to safeguard it.

If you think the right to bear arms isn't important, let it pass, if you are like a lot of folks who do, then write all the men you know who can see that your right is legally protected.

Mr. and Mrs. D. S. Gothard, owners and managers of the Mobil Station in O'Brien celebrated their 30th anniversary Friday and Saturday of last week and were overjoyed at the fine response folks gave them on their anniversary.

Unfortunately, Mr. Gothard narrowly escaped fatal injury Monday afternoon when a truck tire he was servicing, blew up in his face.

He is in the Knox County Hospital.

A very important meeting, open to anyone who is interested in the continuing production of cotton, will be held in Munday next Tuesday night. A free meal, of all things, will also be served.

Outstanding authorities on insect control and cotton will be featured speakers.

We understand any farmer will be able to learn something, even though he has had enough experience to wear out three or four farms.

Time is also ripe for businessmen to try and create more interest and sales for our little town. Times are more than likely fairly bad universally, but it isn't "plumb shot" yet.

The Chamber of Commerce is running the school board a close second to called meetings; and we had another one last Thursday morning.

We want to have a general membership meeting of all businessmen next Thursday night at 7:30 p.m. at the City Cafe.

The board feels that a business meeting is way past due, and a general meeting will be a regular occurrence after this. Make a date now to attend, and get the old noggin to work on an idea that will help our town grow and prosper.

DR. BRADEN TO SPEAK AT FIRST CHRISTIAN

Dr. Wayne Braden will speak at the First Christian Church Sunday morning, and everyone is cordially invited to hear him.—Dr. Braden is a Bible professor at TCU, and is an outstanding speaker and lecturer.

HAPPY GENERAL SUBSCRIBER — Mrs. Wyndoll Stephens is shown above admiring the new telephone General Telephone Serviceman Bill Smith has installed. Another representative of the company, Jack Shelley, of Seymour, commercial representative, was also on hand to give Mr. and Mrs. Stephens a desk set for being the 1,000th telephone subscriber in Knox City. There are 1,007 telephones in use here today, and the company, in keeping abreast of the situation has already added 100 new phones to this office.

School Board Has Two Special Meets; Hire Billy West As Athletic Director

Knox City's School Board had a called session Friday, March 19 and another one on Thursday April 1, according to the minutes at the school.

All board members attended both sessions. They are: Clifford Cornett, Alton Fitzgerald, Lloyd Waldrip, Sam E. Clonts, Joe Roy Smith, Henry Jean Jones, and Mrs. Betty Williams.

According to the minutes the March 19 session was called to interview Mr. Otha Tiner for the position as head football coach. Superintendent informed the board he (Mr. Tiner) had called and couldn't be here due to ice on the road.

Motion was made by Mrs. Betty Williams and seconded by Joe Roy Smith that Mr. Tiner be employed as head football coach at state schedule plus \$2,300.00 for the 1965-66 school years.

The motion was passed by unanimous vote.

The superintendent called Mr. Tiner and asked him how much salary it would take for him to come as head football coach and his wife to teach in our school system. Mr. Tiner said that they would have to have \$14,000 per year. This conversation was closed in order that the superintendent could discuss the matter of salary with the board.

After considerable discussion it was agreed to offer Mr. Tiner and his wife a salary of \$11,500. for he and his wife per year.

Mr. Tiner said that he could not accept and thanked the superintendent and board for the consideration given him.

Motion was made by Alton Fitzgerald and seconded by Joe Roy Smith that the meeting be adjourned.

All members were again present for the called session last Thursday according to the minutes, and this is what they reported:

Mr. Billy West of Lubbock met with the board to discuss the position of Athletic Director

and head football coach for Knox City High School.

After interviewing Mr. West, he was asked to leave the board room.

The board then entered into a lengthy discussion of Mr. West's potentials as a coach and teacher.

Motion was made by Joe Roy Smith and seconded by Alton Fitzgerald that Mr. West be hired for two years 1965-1966 and 1966-1967 at state schedule salary plus \$1,800.00.

This motion carried by unanimous vote.

It was also agreed that Mr. Tiner would begin work on April 12, 1965, and draw a month and a half pay for his services during this period.

The superintendent asked for permission to have the regular board meeting in April on Monday night, April 12, instead of Tuesday night, April 13th, so that he might attend the county TSTA banquet at Goree.

The board agreed to this change.

Motion was made by Betty Williams and seconded by Henry Jean Jones that the meeting be adjourned.

This motion was passed by unanimous vote.

Surviving are his wife; two daughters, Mrs. Melvin A. Lowrey of Knox City, and Mrs. Jimmy E. Williams, Odessa; a brother, Robert B. Floyd Jr., El Segundo, Calif.; two sisters, Mrs. Rufus Slover, Tahoka, and Mrs. Lewis Bonham, Houston; and three grandchildren.

Mrs. Lowrey is spending the week with her mother.

Mrs. Lowrey's Father Dies In Lubbock Friday

Services for Sam H. Floyd, 63, of Lubbock, widely known law enforcement officer on the South Plains and a Lubbock County deputy sheriff were held at 3 p.m. Sunday at Forrest Heights Methodist Church.

Officiating were Dr. Howard Crawford, district superintendent of the Northwest Conference of the Methodist Church, and the Rev. Alby Cockrell, pastor of Forest Heights Methodist Church.

Burial was in Tahoka Cemetery, under direction of Franklin-Bartley Funeral Home.

Floyd was dead on arrival at Methodist Hospital at 2 p.m. Friday after an apparent heart attack. He had previously had heart trouble in 1963.

Born in Brown County, Floyd moved to Lynn County as a young boy and became sheriff there after farming and working in several cotton gins in that area. After serving as chief of police for several years in Lamesa, Floyd came to Lubbock in 1957 and was appointed a Lubbock County deputy sheriff. He was a member of the Forrest Heights Methodist Church.

Surviving are his wife; two daughters, Mrs. Melvin A. Lowrey of Knox City, and Mrs. Jimmy E. Williams, Odessa; a brother, Robert B. Floyd Jr., El Segundo, Calif.; two sisters, Mrs. Rufus Slover, Tahoka, and Mrs. Lewis Bonham, Houston; and three grandchildren.

Mrs. Lowrey is spending the week with her mother.

Historical Committee Meets In Benjamin

Mmes B. B. Campbell, L. W. Graham, C. C. Hoge, and Robert Vaughn attended the April Historical Committee meeting in Benjamin on Tuesday.

Plans were made for another meeting in April to hear reports from delegates who attended the state meeting in Austin recently.

The group selected the site for the marker at the Moorhouse Park near the Narrows.

A report was made that the corner stone from the old courthouse had been located and would be moved to the courthouse lawn and restored. An old telephone was donated to the museum.

The third show case has been placed in the museum and will be refinished soon.

Mrs. Campbell reported progress on the County History and hopes to have all materials in by June 1.

GENERAL TELEPHONE HITS 1,007!

In 1945, Knox City had a total of 137 telephones. By the year 1950, this number had grown to 316. The continued growth of Knox City made it necessary for the central office to be changed out completely in 1953.

Due to continued growth, the number of telephones had reached 519 by 1955, for a gain of 382 telephones in a ten year period. By 1960, this total had reached 730 telephones, and at the present has reached a total of 1,007 telephones.

Continued growth makes it necessary to again add to the office and 100 new numbers are in the process of being installed and will be ready for use in another week.

Cotton Insect Control Meeting Planned In Munday For Tuesday, April 13

The keynote speaker for the Cotton Insect Control meeting to be held in the Munday School Gym on Tuesday, April 13, beginning at 6:30, is C. B. Spencer, Agricultural Director of the Texas Cottonseed Crushers Association. A free meal will be served beginning at 6:30.

Mr. Spencer is a native of Marlin. He received his agricultural training at Texas A&M University and Colorado State Agricultural College.

As Vocational Agriculture teacher at Hillsboro and Tyler, Spencer trained champion judging teams in Entomology, Field Crops, Dairy Cattle and Live-stock. He was active in civic church, club, and Boy Scout programs. He served as vice president of the Tyler Chamber of Commerce, in charge of Agriculture; and is past president of the Dallas Agricultural Club. In 1949, The Progressive Farmer magazine named Mr. Spencer "Man of the Year in Texas Agriculture."

In 1955, he was awarded the Lone Star Farmer Degree by the Future Farmers of America. From 1934 through 1944, Mr.

Spencer was with the Soil Conservation Service in Lindale, Tyler and Temple — serving as Assistant Conservationist for the last two years of this period.

For the past 20 years, Mr. Spencer has been associated with the Texas Cottonseed Crushers' Association as Agricultural Director. He devotes his time to working with farmers, ranchers, farm agencies, and business interests, throughout the state, in an effort to raise acre yields and profits. Mr. Spencer owns and operates a Blackland Farm, where he puts into operation practices that will improve and conserve his soil.

He is chairman of the Cotton Production Committee, State-wide Cotton Committee of Texas; Chairman of the Educational Subcommittee, Statewide Cotton Committee of Texas; member of the Cotton Improvement committee, Insect Control and Disease Sections; Committee on Cotton Diseases; State Legume Committee and Pink Bollworm Committee, and a member of the Fact Finding Committee on Livestock Feeding.

Others on the program are Mr. J. L. Hill, Stamford, member of the Steering Committee of the Rolling Plains Cotton Growers, Inc.; Norman Brints, Area Farm Management Specialist, Vernon and Charlie Davis, Entomologist with Chema-gro Corp., Dallas.

The program is sponsored by the County Committee of the Rolling Plains Cotton Growers and the Crops Committee of the Program Building Committee.

Everyone interested in cotton is urged to attend.

Billy Graham Film To Be Shown Sun. At Baptist Church

"World's Fair Encounter" is based on the story of two young people who actually visited the fair during the first season of its operation. Pamela Baird, a Walt Disney national talent contest winner, whose career has included feature roles in a number of major studio productions and numerous top-ranking television productions, plays the role of a graduate nurse from Montana.

Jean Luc Ray, making his acting debut, portrays a Swiss-French exchange student who is enrolled as an architect major at a New York University. The encounter of these two young people and their growing friendship during a day at the Fair, is the vehicle through which film viewers are at once entertained, informed and inspired.

The culture and heritage of many of the world's communities are emphasized by visits to a number of the colorful international pavilions and exhibition areas.

Particularly noteworthy is a sequence filmed in the Belgian Village, one of the more recently completed Fair areas which preserves the charm and "old world" atmosphere of the European Continent. Another unusual sequence was filmed in the Spanish Pavilion where the Ballet Lorca from Barcelona staged a special routine for the World Wide Pictures' cameras.

This film will be shown at

"Because I live, Ye shall live also." These are wonderful words full of life for the believer. Faith in Jesus Christ, who has risen from the dead, makes Him your Lord and Savior. This Miracle of new life and hope makes us proclaim: He is risen.

Not only from the dead but in our hearts. We can feel the loving pulsating spirit of God within. He is real and as near to us as He was the disciples.

Let this Easter Season become the dawn of a new experience in your heart and life bringing you a new and happier life of faith and hope. Make this promise yours, "Because I live, ye shall live also."

The First Baptist Church here on April 8, at 7:30 p.m.

Rev. Johnny Smith extends a cordial invitation to everyone to attend.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN—You probably didn't know it, but 291 holidays will be celebrated in Texas in the coming six months.

Most of the holidays aren't statewide observances. But Monday's June 18, Vegetable Festival, the May 7 Panola County Queen Pageant, Boerne's April 24 Saengerfest, and Raymondville's April 15 Onion Fiesta are in the offing, as well as 287 other local celebrations.

In order to help Texans and tourists keep track, and plan their travels accordingly, the State Highway Department has published a Texas Calendar of from April 1 through September.

For the first time, the Highway Department also has issued a Calendar in Spanish, to serve "a remarkable surge" of tourists from South of the border.

FEDERAL DOLLARS FLOW—Legislative budget writers, nearing the end of a long trail, are confronted with a new problem. Question is how to anticipate the effect on state finances of an unprecedented flood of federal dollars flowing into a variety of programs.

Some think a special session of the Legislature may be necessary, after final congressional action, in order to tie down over-

looked matching-fund requirements.

Two proposed federal programs are perplexing the appropriations bill conferees:

1. Medicare — hospitalization and health care for the aged, blind, disabled and children — now on public assistance rolls.

2. The elementary and secondary education act which passed the House of Representatives in Congress. It would provide over \$85 million to Texas schools next year.

Conferees, wrestling with the problem of how to balance the books, or recommended new taxes, hope to figure some way that federal funds can be used to reduce pressure on state school money.

Medicare offers some complex questions as to how much money the state must provide in matching funds to meet federal program requirements.

With new federal programs springing up in all areas, veteran Texas lawmakers are looking toward annual sessions of the Texas Legislature. They say the state's antiquated system of biennial budgeting soon must yield to one-year financing and annual sessions if Texas is to keep in line with congressional operations.

SERVICE MERGER—Twenty

Texas communities will lose their standby military service units under the state's plan for Army National Guard and Reserve forces.

Plan, already approved with reservations by Gov. John Connally, will be sent to the Department of the Army this month. The Pentagon has ordered Texas forces trimmed by 4,600 men and 155 organized units.

Communities which would lose their Guard units under the state plan drawn to conform with overall U. S. directives are Belton, Breckenridge, Canyon, Carizzo Springs, Cisco, Cooper, Colorado City, Crockett, Electra, Jacksboro, Monahans, Olney, Palestine, Pecos, Rusk, Santa Anna and Whitney.

Boerne, Uvalde and Pleasanton would lose reserve units.

Major General Thomas S. Bishop, the Texas adjutant general, said Guard payrolls of the 17 towns losing their units totaled \$368,499 last year.

A Guard brigade replacing the 90th Infantry Division will be located in South Texas and headquartered in San Antonio. The 49th Brigade, successor to the 49th Armored Division, will include troops located in North and East Texas. Its headquarters will be in Dallas. Austin will be headquarters for the 36th Brigade.

It replaces the 36th Division, with units in Central and Southeast Texas. Houston likely will retain the 75th Maneuver Area Command. An artillery group headquarters would be located in Wichita Falls, with units from West Texas and Panhandle-Plains area.

WATER PLANS MOVE—Senate passed and sent to the House key water proposals recommended by Governor Connally.

One would make the Texas Water Development Board, a six-member agency, the state's official water planning agency.

Another would authorize \$200 million in additional bonds for construction or purchase of water storage facilities. Earlier the Senate passed a measure giving the Texas Water Commission a new name — the Water Rights Commission — and authority to decide water rights and conflicting claims.

ENLARGED SENATE RE-APPROACHED—Senators saw bugs in the plan they passed earlier to enlarge their membership from 31 to 39, guaranteeing all but five incumbents terms extended through next year's elections.

So, Sen. Louis Crump of San Saba introduced a new version which would require all Senators to run for re-election in 1966 if they want to keep their jobs. New measure quickly won committee approval.

Increasing terms four to six years still is a feature of the "big senate" plan. If approved by the Legislature, it will go to voters July 24. Senators think it will be a relatively painless way out of re-districting for them.

A Senate bill to legalize variances of 15 per cent over and under the mathematical population average for House and Senate districts also received committee approval. This despite the warnings that federal courts, which ordered districts of equal population might disapprove.

HORSES STOPPED AT THE GATE—After the longest committee hearing thus far this session, the bill by Rep. Maurice Pipkin of Brownsville to legalize parimutuel bets on horse races in countries which approve by local option was sent to a subcommittee.

Whether it is reported out of the subcommittee depends on how many votes Pipkin thinks he can garner on the house floor. Right now, the odds are

that the bill would be defeated in the House by about 2-to-1.

If no better results can be expected, Pipkin will ask the subcommittee to kill the bill quietly for this session by not reporting it out.

Texas Racing Association, which has been trying to "educate" Texans on horse racing, says it will be around for another try.

At a public hearing the association presented a series of "expert witnesses" on horse racing as a sport and also as a money-raiser both for the general economy and for the local and state tax coffers. It emphasized the impetus horse racing reportedly gives to agriculture and argued that parimutuel betting is not so much betting as it's a test of knowledge and skill in selecting a winning horse.

Opponents of the bill attacked it on moral grounds, saying horse race betting would attract undesirable persons and would weaken the moral fiber of Texas society.

AG OPINIONS—Atty. Gen. Waggoner Carr has held that a county clerk has no authority to issue a duplicate marriage license unless the license he issued was returned and recognized by him. Ruling was given in answer to a request by Gillespie County Attorney Richard Hoerster.

Carr also ruled that nothing in the State's laws prohibits the operation of a mobil barber shop.

GROCERS FIGHT LABELING—Texas retail grocers raised strong objections at the public

hearing for Rep. A. C. Atwood's bill to require labeling of imported citrus fruits, dating original packing of fruits or vegetables and marking "cold storage" any bin in which produce has been under refrigeration for as long as 60 days.

Atwood and Bob Lilly of the (Rio Grande) Valley Farm Bureau told the committee that the bill is intended to help build consumer acceptance of fresh Texas fruits and vegetables over cold-storage and imported products.

Grocers argued that the provisions of the bill would be a nuisance and would serve no useful purpose.

EARLY CLOSING ADVANCED—House passed to the Senate a bill which would require liquor stores to close at 8 p.m., but would let hotels and motels deliver liquor to guest rooms until 10 p.m., the present closing time for liquor sales.

Bill was fought by representatives from the larger cities. Its author, Rep. L. DeWitt Hale of Corpus Christi, successfully staved off a series of proposed

amendments. **FUNDS ASKED FOR CHOLERA FIGHT**—The Texas Animal Health Commission is asking for \$85,476 in fiscal 1965 and \$89,904 in fiscal 1966 for the hog cholera eradication program.

Decision on the appropriation will be made by the conference committee now working to resolve difference in appropriations bills passed by each house. Dr. S. B. Walker, Commission executive director, said he does not know how much federal money will be available for the program.

J. Edgar Hoover, director of the FBI issued the following letter today on the FBI's role in the U. S.—

"A National Police Force is a tool of tyranny. I abhor the implications of the term, and I refuse to let the FBI be forced into practices which smack of police state actions, regardless of the circumstances.

"Our country today is caught up in a great and too-long neglected cause of human rights. Some individuals, in their efforts to secure the fundamental guarantees of the Constitution for all citizens, have criticized this bureau for not exceeding its authority and for not assuming responsibilities belonging to local and state police.

"The FBI fully appreciates the grave responsibility inherent in the investigation of alleged violations of Federal civil rights statutes. As I have stated many times, we are meeting these obligations without apology. Our role, however, is that of an investigator — not an accuser, prosecutor, jury, or judge. THE FAMILY LAWYER

HOTEL HAZARDS

Finishing her shower, a hotel guest started to turn off the water. But she lost her footing, skidded, and hit the tile floor with a thud. Battered and bruised she later sued the hotel for damages.

"That tile was slippery," she complained in court. "Why didn't they furnish a rubber mat for safety? As a guest of the hotel I was entitled to every possible protection."

But the court denied her claim—finding no fault on the part of the management. The judge said the danger of slipping in such circumstances ought to be obvious to everyone who ever has taken a shower.

Much of our hotel law dates back to the Middle Ages, when thieves and ruffians (and Robin Hood roamed the roads of England. A high degree of responsibility was imposed on the owners of inns, which were a sort of safety zone for the anxious traveller.

However, the emphasis was on his belongings rather than his personal safety. Thus, this strict rule never applied to hazards from the accommodations themselves—the furnishings and appliances used by the guest.

In that respect the hotel's responsibility has always been, and still is, merely to use "reasonable care"—much like the responsibility of a store toward its customers.

What care is "reasonable?" Of course, circumstances differ in each case. However, a few examples will give you a rough guide:

A hotel was held liable to a guest who stepped on a needle, where evidence showed that the room had not been properly cleaned for her arrival.

And a hotel was held liable to a guest who got a shock from turning on the light, where the management had allowed the wiring to fall into dangerous disrepair.

But a hotel was held not liable to a guest injured when a bench cracked under her weight—where there was a defect in the wood not discoverable by any normal precautions.

"A hotel," said the court, "is not an insurer against accidents."

Plymouth sales in Texas prove it!

TEXANS LOVE PLYMOUTH BELVEDERE

One big reason for Plymouth's sales success in Texas is the '65 Plymouth Belvedere. It's the big buy in the intermediate class, and Texans know a good deal when they see it. Belvedere gives you dollar-saving economy with a look of quality. From the luxurious Belvedere Satellite to the Belvedere I two-door sedan, there's a model to suit your car needs perfectly. And every Plymouth has a 3-year/50,000-mile engine and drive train warranty.*

*HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU:

Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 5 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Charles Reese, chairman, urges all cotton growers to attend this informative meeting.

The speakers for the program are as follows: Norman Brints, Extension Farm Management Specialist; Vernon; Charlie Davis, Chemagro Corporation, Entomologist, Dallas; J. L. Hill, Stamford, Steering Committee member, Rolling Plains Cotton Growers, Inc.; and C. B. Spencer, Dallas, Agricultural Director of the Texas Cottonseed Crushers Association.

The Gilliland Community 4-H Club did it again. Saturday night at Gilliland in the annual King and Queen contest, they turned in 7682 votes to win by a wide margin. Benjamin was second with 2700, Goree, third with 1968 and Munday had 525.

Each penny turned in counted one vote.

The proud King and Queen are Kerry Cash and Doris Navratil, son and daughter of Mr. and Mrs. Jim Cash and Mr. and Mrs. Arnold Navratil. The candidates from Benjamin were Dennis Kinnibrough, Vera and Susan McCanlies. Those representing Goree were Danny Dea and Debbie Pohlman. Munday was represented by Lynn Bellinghausen and Elaine Conwell.

In the junior division of the Share-the-Fun, a vocal duet of Fred and Phil Cook placed first with a blue ribbon. Other entries and their placings were:

Red ribbons—skit by Fred and Phil Cook, Dan Martin, Roger, Darlene and James Meek, Grover Reed, Jacky Miller; white ribbons—vocal duet by Elaine Conwell, Connie Thompson, Munday; vocal trio by Debbie Thompson, Debbie Josselet, and Cynthia Partridge, Munday; and comedy skit by Kerry Cash, Barbara Burgess, and Doris Navratil, Gilliland.

The only entry in the Senior division was Randy Reeves and Fred Cash in a comedy skit. These boys will represent the county in the District Contest at Wichita Falls on May 8.

The annual 4-H rifle contest will be held Saturday morning, April 10, beginning at 9 a. m. on the League Ranch just north of Rhineland at the Brazos River Bridge. Boys must furnish their own ammunition, 22 shorts, longs or long rifle, and their own rifles. Targets will be furnished.

Each boy will fire 4 shots from each of four positions. Boys are requested to have their rifle bolts open when they arrive.

The Munday Cantaloupe Growers Association is ready for business this year. Boyd Meers, pres-

ident, announced last week that a contract has been signed with Don Murphy, Carrizo Springs, to do their marketing this year.

The association is planning to plant about 500 acres of cantaloupes and would like to have 500 acres of watermelons. They have about 300 acres planned so anyone wishing to grow watermelons are asked to contact Boyd or James Smith, secretary. The Association hopes that by concentrating the selling in one person, growers will be able to turn their attention to growing and harvesting.

The total acreage in cantaloupes will be about 750 acres in Knox County this year if present plans are carried out. This will mean about 15-20 semi-trailer loads each day for about two weeks will leave the county.

This year, the Santa Rosa Roundup will sponsor a calf scramble for 4-H and FFA boys, to be held each night of the rodeo, May 26-29. Knox County is allotted six 4-H boys. The contest is limited to residents of Archer, Baylor, Foard, Knox, Wichita and Wilbarger counties.

Ten calves and 20 boys will be turned loose in the arena. Boys must catch, halter and lead the calf across the finish line. The first five boys will receive a purchase certificate in the amount of \$50, \$45, \$40, \$35 and \$30, depending upon the order of finish. This certificate can be used toward the purchase of any kind and breed of livestock to be used as a 4-H project.

Any Knox County 4-H boy interested contact me. If there are more than six, a drawing will be held to determine the winners.

Screwworm Pro. Completes Another Successful Year

Screwworm eradication officials are looking forward to another successful year for the program, although many stockmen feel last year's results leave little room for improvement.

Only 65 Texas counties were reported to be infested by the livestock pest in 1964, and only 223 cases were discovered. In contrast, during 1963, a total of 4,916 infestations was detected in 182 counties, while 49,484 cases occurred in 242 counties in

When you buy a potato for boiling, you want it to behave like a boiling potato should—that is, keep its shape when cooked. And when you buy a potato for baking, you want it to turn out like a baked potato should—mealy and flaky. But how can you be sure? Not even all potatoes of the same variety are best for boiling or best for baking.

Marketing researchers at the Oregon State Department of Agriculture have found a way to separate the boilers from the bakers. They dump the potatoes in a brine solution of cup salt to 11 cups of water. If the potato floats, it has a low solids content and is best for boiling. If it sinks, it's a baker.

This is one job your youngsters can do for you. Just get a kettle of salted water—and let them toss in the potatoes!

VISITS IN STEPHENS HOME

Rev. and Mrs. Leslie Dickerson, missionaries from Londrina Brazil, spent last week end with Mr. and Mrs. C. W. Stephens. Rev. Dickerson conducted the services at the Methodist Church Sunday night.

VISITS MOTHER

Sammy Stubbs left Dallas by plane Saturday for San Diego, Calif., after spending a ten day leave with his mother, Mrs. Mildred Stubbs, and other relatives and friends. He is aboard the aircraft carrier U. S. S. Oriskany and was to leave Monday for duty in Viet Nam.

1962. New Mexico had only 14 outbreaks last year compared to nearly 1,500 the previous year. Oklahoma, Arkansas and Louisiana had no infestations during 1964.

Eradication program pilots flew nearly 2.7 million miles in dispersing approximately 4.7 billion sterile screwworm flies in Texas, New Mexico, southeastern Arizona and along the border in Mexico. Sterile flies reared in a huge plant near Mission, mate with native flies and prevent production of offspring.

Eradication activities have reduced annual losses to Southwestern livestockmen from \$100 million to less than \$1 million since the program began in February, 1962.

Officials think they can reduce losses even more in 1965 by strengthening the barrier zone between the United States and Mexico where screwworm can exist year-round. In this barrier, which is several hundred miles wide and runs from the Gulf of Mexico to the Gulf of California, sterile flies are dispersed routinely to prevent fertile screwworms from migrating into "clean" areas and causing new outbreaks.

Stockmen can also be frequently examining their animals and promptly reporting all infestations. No screwworms have been reported in the Southwest since early in December, so outbreaks can be brought under control quickly if they are detected during early stages of development.

CARD OF THANKS

We would like to express our heartfelt appreciation to the doctors and nurses at the hospital and to all the citizens of Knox City for all the kindness extended to us while Mrs. Bond was in the hospital.

Sore Throat Could Be Dangerous

"It's nothing," a neighbor gossiped to her friend across the fence one day, "I just have a sore throat."

Her flippant dismissal of a sore throat unfortunately reflects the way many people feel. But what most people don't realize is that a sore throat is nature's way of warning of some disorder in your body.

True, a sore throat often accompanies a common cold and will pass in a few days with no further effect. But it can be a symptom of a wide range of diseases from diphtheria to influenza.

Allergies can cause sore throats. Cold, dry winter air can trigger a raw throat. So can extreme thirst, excessive smoking or mouth breathing. Anything that dries out the throat and cuts off secretions that normally wash dirt away can make your throat sore.

Virus infections of many types can also cause a sore throat. And anyone who has had flu knows that this particular virus disease often causes the throat to hurt.

"Strep throat" is a serious infection. Scarlet fever is, in fact, "strep throat" with a rash.

This type of infection begins suddenly, and the rash—if there is to be any—will appear within 72 hours. Fever, headache, chills and a strawberry-like tongue may be other accompanying symptoms.

The danger in "strep" infections is that they can lead to rheumatic fever and possible heart damage or other side effects. Penicillin, however, can almost always knock the infection if it is diagnosed in time.

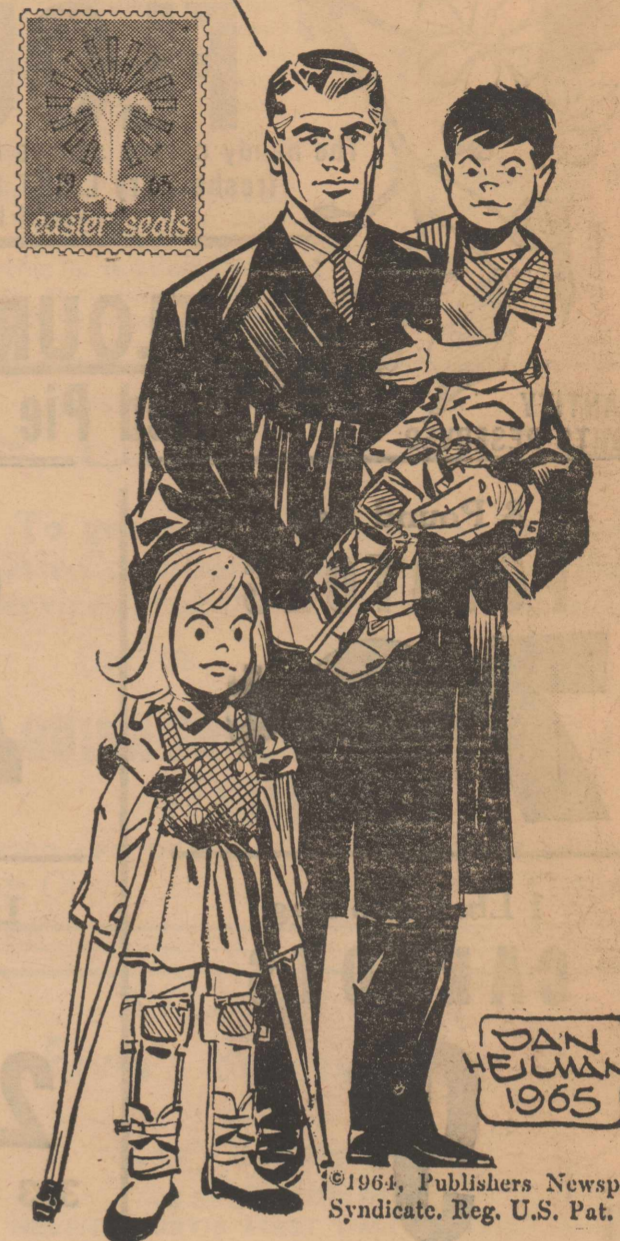

If your sore throat persists, see your family doctor. By doing a swab test, he can identify "strep" and other germs that are causing you discomfort.

You can ease the pain of a sore throat temporarily with various preparations and medications. But if the condition continues, don't be a do-it-yourself physician, let your doctor find out what is causing the trouble. Remember, a sore throat may be your body's signal of disease. Heed the warning, and you may save yourself from serious sickness in the future.

Mrs. E. D. Branton Program Leader For Study Club

Mrs. E. D. Branton was leader for the program April 1, for members of the Knox City Study Club. The program featured "The Contributions of Our Foreign Born Citizens to Peace."

Brice Hill gave a reading, "I Am An American," by Elias Lieberman. Others representing nations were: Margaret Howell, Scotland; Donna Railsback, Sweden; Mrs. Branton discussed Ireland, Holland and Germany.

Eloise Jordan played a piano solo. The school chorus sang "I Am An American."

On April 15, Mrs. Harold Bankston will present the one act play "Early Frost" which recently won the first place in the district.

Guests are invited.

College To Present Program At Benjamin Church

The Master's Twelve of Roanoke Bible College, Elizabeth City N. C. under the direction of Professor Beth BonDurant, will present "The Story of the Resurrection of Christ" in song and Scripture at the Christian Church, Benjamin, on Sunday, April 11, at the morning service.

Including 19 musical selections new and old from many lands, the hour-long program will be sung entirely from memory, and in part a cappella. Its theme will be the love of God for man as expressed in the passion and resurrection of the Lord Jesus.

Virtually all of the six young men and six young women who compose The Master's Twelve are preparing for full-time Christian service at Roanoke, a ministerial training school of the

Churches of Christ and Christian Churches.

The local appearance is part of a 17-day tour taking the group through North Carolina, Virginia, Tennessee, Kentucky, Arkansas, Missouri, Oklahoma, and Texas.

The public is cordially invited to attend the program.
