Rev. and Mrs. Hal Dungan are mixing business with pleasure this week as they get some of their household goods for the long trip to the Congo where they will be missionaries for the First Christian Church.

Hal was pastor of the church here before leaving for New York to study for the missionary field.

They are enthused over the change and have almost convinced me to join them.

We hope to get a letter to the editor regularly from the Dungans and when we do we will pass the word on to you.

Deputy Sheriff Kenneth La-Mascus has promised to supply us with some of the latest gun legislation news, but guess he has been too busy to get it all rounded up.

States with the stiffest gun laws are having the worst crime wave ever. None of the "smart" anti-gun nuts in Washington have ever come up with a plausible way to keep criminals from bearing arms.

Legislation in the mill now by one legislator, does make sense. Making it a federal offense to commit a crime with a firearm and a minimum 15 year sentence upon conviction.

Hunters and target shooters would obviously not be affected and the ones who bear arms for unlawful purposes, would think twice before using a gun unlawfully.

A letter to all legislators in the district would help to keep them on the right track.

There are so many good rifle and shotgun shooters here it is impossible to name them, but without a doubt the best pistol shot in the county, is Ken. We used to go out several times a week to target practice, and we have spent many hours loading-our-own to get ready for a few minutes at the firing line. We can guarantee any would be robber or other criminal, that if he tells you to stop he can stop you, and about the only consolation you would have is that if he shot at your head he would hit it within an inch or two of where he was aiming at half a block. . . you wouldn't get wounded in the rear!

He has tried desperately to teach us how to be as proficient as himself, but we couldn't learn a thing. In our racket it would come in handy, too!

Texas were shook the past week with several hideous crimes—one in particular involved teen agers in Dallas who stopped the fire truck last week and after police cleared the road, a house was destroyed and a baby burned to death. To make it even more unbelievable, the youths stomped the dead body and police had to restrain them again.

What is this world coming to? At another spot 400 draftees burned their cards and were cheered by others.

Water Supt. Jack Land and I had a friendly chat the other day and he was trying to explain a few of his duties. Man-about-town Jack is usually up before dawn checking water wells etc. and we run into him all the time way late at night doing the same thing.

Jack has fallen heir to another one of Knox City's thankless jobs, it seems to us.

We know many more people around here who work for the betterment of their communities who never get any thanks publicly, but who evidently want none either.

Derwood and Elaine Haddad of O'Brien are two of that city's biggest boosters, at least to a layman's point of view, and we are sure O'Brien citizens are well aware of their assets to their community. Like others, they can make much more money somewhere else, but as long as they can, they want to stay in a small town.

Derwood can get Elaine a job in the city for \$800 to \$1,000 a month as a registered pharmacist and he could work at some odd job himself while they both spent the evenings trying to keep Uncle Sam happy. There are many many more folks who sacrifice a good living to live here. . . Hope they can continue to call this home.

Funeral Services For W. C. Jackson Held Wednesday

Funeral services for Woodie Clay Jackson, 68, of Rule, who died at his sisters home in Mesa, Ariz., July 31, were held at 10 a.m. Wednesday in the Benjamin Methodist Church with the Rev. K. E. Pvt. Billy J. Large Receives Promotion

Billy J. Large, son of Mr. and Mrs. Eli D. Large, received an early promotion to Army pay grade E-2 following successful completion of basic combat training at Fort Polk, La., July 17.

Large was awarded the promotion two months earlier than is customary because of his proficiency in firing the M-14 rifle, his high score on the physical combat proficiency test and his military bearing and leadership capabilities.

The early promotion program is the result of a new Department of the Army policy to recognize and provide incentive to outstanding trainees.

The 21-year-old soldier was graduated from Knox City High School in 1961.

Dale Coody also is a graduate of Hardin-Simmons University, having received his degree in 1959. He has served as minister of music and education for several Baptist churches in Texas and Oklahoma, and is presently engaged in the field of music evangelism. Dale is married to

Historical Survey Committee Meets

The Knox County Historical Committee met Tuesday morning in the court house for the regular monthly meeting. A number of things were on the agenda for discussion, the first and foremost thing is the publication of the county history that has been compiled and sent to one publisher. The group voted to get prices from other publishers before any agreement was signed.

Mrs. Almonrode reported that they needed more information on the Indians that might have been in this area before the committee could get the marker for the narrows.

Mrs. Philip Colehour volunteered to furnish that information for the committee.

Members were asked to gather articles for the Museum and to set aside the month of October to ask each community in the county to provide at least ten articles for loan or gift to the museum.

Blanks were given to those who needed them for the graves registration to be sent to the archives in Austin. This part of the program is almost finished.

A site was selected on the court house lawn to place the corner stone from the old court house. The members voted to contribute \$25.00 to the state foundation. The museum committee will meet with the commissioners court next week.

Representatives from Knox City, Munday, Benjamin, Truscott and Vera were present.

Dr. Hemphill Edwards of Blanco died last Thursday of an apparent heart attack. He was a brother of Dr. R. C. Edwards and the late Dr. T. S. Edwards.

ACADEMIC FREEDOM SOUGHT BY ASS'N. OF COLLEGE PROFS

Texas Tech and Sam Houston State seek to lift censures imposed by the American Association of University Professors for violations of academic freedom.

This is one of several encouraging signs for a better climate of academic freedom in Texas cited last week by Dr. Bertram H. Davis, of Washington, deputy general secretary of the AAUP. "It should be noticed that Texas Tech and Sam Houston State are now actively exploring ways to achieve those conditions which would justify the lifting of the association's censure," he said in a special statement to the Fort Worth Star-Telegram.

Both institutions were censured over the firing of tenured professors who were not presented with formal charges and not provided a fair hearing under the due process system.

"Texas has had its share of unwarranted interference with academic freedom, as the association reports on Texas Tech and Sam Houston State attest, Dr. Davis' statement noted.

"No one can predict that similar incidents will not occur in the future, because in Texas, as in 49 other American states, there will always be those who believe that academic freedom is to express only the traditional or the conventional. . . 'who do not see that the eminence of a college or university is directly proportionate to its readiness to open its doors to all viewpoints and subject them to careful, even exhaustive study.'"

On the other hand, Dr. Davis stated, academic freedom has seemed eminently secure "at a number of Texas institutions.

He cited the AAUP's presentation of the Alexander Meiklejohn Award for Academic Freedom this year to Dr. Willis Tate, president of Southern Methodist University, in recognition of his fidelity and courage in the cause of freedom and integrity in high education."

And he called encouraging the report last fall of the Governor's Committee on Education Beyond the High School, which recommended establishment of appropriate standards of academic freedom and tenure at all public

Dr. Orlando Shields To Speak Here Wednesday

Dr. Orlando J. Shields, faculty member of LIFE Bible College, Los Angeles, Calif., speaks Wednesday, August 11, at 7:30 p.m. from the pulpit of the Knox City Foursquare Church, announces the Rev. Floyd Bailey, pastor.

Graduate in 1937 from LIFE Bible College, Vancouver, British Columbia, one of the three Bible training centers of the International Church of the Foursquare Gospel, founded by the late Aimee Semple McPherson, Dr. Shields held several pastorates in Canada and the state of Washington prior to joining the college faculty.

The local minister disclosed that Dr. Shields, a native of Saskatchewan, Canada, and a member of LIFE college faculty since 1947, instructs in historical books, divine healing, prophecy, poetical books, Christian evidences and hermeneutics. He is also director of the college's attendance office.

Dr. Shields is on a 4,000 mile itinerary in behalf of the college appearing in 31 Foursquare churches for the purpose of informing the congregations about the work of the college and talking with prospective students, advising them concerning the courses offered.

The College has graduated more than 6,000 in nearly 40 years, numbering pastors, evangelists, missionaries, Christian education directors and church laymen among its alumni, noted Rev. Bailey, inviting the public to attend the special Bible college service.

NEW HOUSING BILL CONTAINS MANY BENEFICIAL PROVISIONS

The Housing Bill, one of the major measures in President Johnson's Great Society program, has been passed by both the House and the Senate.

The bill contains many beneficial provisions to provide good, suitable housing for all Americans, without regard to whether they are poor or wealthy, Senator Ralph Yarborough said.

Several programs have also been extended for four years. The Federal Housing Administration, under which millions of Americans have bought their homes, has been renewed. Assistance in building college housing to take care of the growing number of students (now about five million) was expanded as well as urban renewal programs which many of our big cities have used to improve their neighborhoods.

The bill also provides for housing for the elderly who cannot afford good housing in their old age, and loans for building better housing on the farms and ranches in rural areas. All of these programs have proved very helpful in the past to give this nation the best housed citizens in the world.

Three new programs were put in the Housing Bill this year. One such plan would give matching grants to cities to build better sewage facilities. Every community should have adequate water and sewage facilities for their residents and the House-

Mrs. Ottis Cash To Help Judge English Awards Program

Mrs. Ottis Cash, English teacher of the Knox City High School has been appointed a regional judge for the National Council of Teachers of English Achievement Awards Program for 1965.

Judging committees, composed of English teachers from both college and high schools, will evaluate writing skills and literary awareness of nearly 8,500 high school participants.

The Achievement Awards Program attempts to grant recognition to outstanding high school seniors for excellence in English.

Finalists are announced in late November and are recommended for scholarship aid to all United States colleges and universities.

This competition is part of the comprehensive program of the National Council of Teachers of English to improve instruction in English language and literature at all levels throughout the nation's schools.

The NCTE is a professional, non-profit organization of English teachers whose membership now includes more than 105,000 teachers from primary grades to graduate school.

HERE FROM FARWELL
Mr. and Mrs. Earl Rounton of Farwell visited Mr. and Mrs. Bud Reeves and Mr. and Mrs. Bobby Joe Helton this week.

ing bill will help provide them. Assistance is also provided in the bill to help communities improve their environment by providing for open spaces and cultural and recreational facilities. This will be helpful in beautifying the cities.

Another new part of the bill is financial assistance to build housing for the elderly and low income families who are living in slums or sub-standard housing — Under this program, people who live in public housing have their rent supplemented if their income is too low to allow them to pay for the public housing.

"Adequate housing is essential to everyone," Sen. Yarborough said, "and I supported this bill because I believe it will give many Americans who are unable to find good homes the chance to enjoy better housing."

Revival Slated At Rochester Church

Revival services for the Rochester Church will begin Sunday, August 8, and continue through Sunday August 15. Services will be each morning at 10 o'clock and each evening at 8 o'clock with prayer meetings for all ages at 7:30.

There will be no Saturday morning services and Sunday morning services will be as usual.

Rev. Weldon Rives, pastor of the Wesley Methodist Church in Levelland, will be the evangelist. Hubert Bell, choir director for the First Methodist Church in Haskell, will be song leader for the services.

Rev. Gene B. Louder, Rochester pastor, gives an invitation to attend these series of services.

Frances Bayers Winner In Senior 4-H Dress Revue

Frances Bayers is the overall winner in the senior division of the Knox County 4-H Dress Revue. Frances entered the second section of the county revue which was held in Benjamin on July 29. She is the daughter of Mr. and Mrs. A. R. Bayers of Gilliland.

Junior winner was Pam Roberts of Benjamin, daughter of Mr. and Mrs. Kenneth Roberts.

These two girls are now eligible to attend the District Dress Revue and luncheon to be held in Vernon on August 6. At this time the senior girls will compete to determine who will represent the district at the state revue.

Juniors will model only in the district revue.

Other blue ribbon winners were Susan Stone and Vickie Terry of Benjamin, who had made skirts with elastic waist bands.

Miss S. C. Kinsey, home demonstration agent said, "our thanks to Mrs. Ira Bowden, Munday, and Mrs. Ray Marlin, of Benjamin, for the judging they did in the dress revue.

Girls who finished articles or garments in one of the 4-H clothing workshops but did not model in a revue were: Carol King, Knox City; Patty Birkenfeld, Rhineland; Stephanie Cordado, Martha Navarrette and Beckie Ratliff, Munday; and Connie and Deann Dodd of Benjamin.

4-H members who have not turned in their record of work for the year are urged to do so immediately.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Gov. John Connally's future plans are the talk of the capital.

On his decision hinges the political future of many Democratic candidates for numerous federal and state offices.

No one in his party wants to run against the popular Democratic party leader and top vote-getter, but there is talk of his possible retirement. This would change the complexion of many races in 1966.

Connally has indicated that he will make his plans known before the General Election in November. This in order that other state political figures, whose moves depend on his, can set their sails.

In the latter category are Lt. Gov. Preston Smith and Atty. Gen. Waggoner Carr. Both want to run for governor.

A race by Smith and Carr for the higher office naturally would place their own jobs up for grabs — and plenty of candidates would file for these posts.

Connally says that neither the

four-year-term amendment which will be voted on November 2, nor the possibility of a federal appointment will play a part in his decision whether or not to retire.

Other speculation is that he may run for the US Senate next year against the incumbent, Republican Sen. John Tower.

There also is talk that, regardless of Connally's decision, US Senator Ralph Yarborough may enter the Governor's race next year. He could do this without relinquishing his present post. So goes the talk in the state capital where speculation always runs high.

NOT SO BAD — Dr. James Schless, director of the state's TB hospital system, isn't claiming perfection. But he doesn't think the number of persons leaving the hospital against medical advice is alarming.

"We don't bat a thousand," said Schless, "but a layman looking at the figures could easily get the wrong impression."

Figures he referred to reveal that out of the 2,914 persons who

left the state's TB hospital's last year, 601 of them left without medical advice.

Dr. Schless says most of those were non-contagious. They were cured and they are not a menace to public health. But they left before receiving the 18-24 months of treatment necessary to give them a 98 per cent chance of never having TB again.

Those who leave before getting past the contagious stage usually are returned quickly by health authorities. After "going over the hill," such patients usually are quarantined.

ORANGE POLLUTION — The State Water Pollution Control Board has asked officials of the City of Orange to try again to get water voter approval of a bond issue to provide funds for correcting the city's pollution of the Sabine River.

Orange voters recently turned down a \$3 million bond issue by a mere 29 votes. It would have corrected the city's sewer troubles.

Mayor Neil Miller Jr., admits that the city's sewer system is polluting the river at six points within the city limits. He said the city must re-submit the matter to the voters.

INTERSTATE HIGHWAY — Plans for development of a section of Interstate Highway 40 west of Fort Stockton in Pecos County have been approved by the Texas Highway Commission.

Area extends from 5.9 miles west of Fort Stockton to 7 miles east on the present US 67.

HIGHWAY HEARINGS — Texas Highway Commission, working on its busiest docket in years heard 18 county delegations request \$82,167,010 for highway construction projects.

By far the largest requests came from Dallas and Harris counties.

The Falcon Tourist Route Association gained a generally favorable reaction from the Commission when it asked that a 207-mile route from San Antonio to Zapata be given a single number.

They preferred that it be designated as US 283 or Texas Highway 16. Route through Bexar, Atascosa, McMullen, Duval, Jim Hogg and Zapata counties now has a number of designations.

SALES UP — June retail sales in Texas was up two per cent from May, reports the University of Texas' Bureau of Business Research.

Ordinarily, June sales are down an average of 6 per cent from May. Bureau's only explanation for the rise was the fact that June was the state's first month of consistently sunny, pleasant shopping weather.

TEXAS TOURISM GETS NEW

BOOST — A Texas movie entitled "TEXAS—Land of Contrasts" soon will be available for showings before civic groups throughout Texas and the nation.

It is a professional job produced entirely within the Texas Highway Department, except for the guest commentator. Its estimated value is \$70,000. But the department self-produced it for \$9,300.

The 28-minute production was filmed by Hal Stegman. Script was written by Keith Elliott. Dave Smith, Austin public relations executive, is commentator.

More than 100 copies of the color film now are being made by the Department.

In discussing the film Herb Petry, chairman of the Highway Commission, said: "This is Texas as it really is — a Fun-tier state — offering recreational attractions to suit every taste. It features our forrests, mountains, plains, seashore, caverns, lakes and many cultural attractions."

Said Tom Taylor, director of the Travel and Information Division, "Texas is so large that to depict its many wondrous attractions in a single 30-minute film is virtually impossible. This, therefore, is the first of a series designed to make Texas better known to both residents and outsiders as a recreational center."

First to sign up for a showing was the Texas Press Association. TPS scheduled the film for its 15th Annual Advertising Convention in Galveston on September 11. Bob Warner, former newspaperman now a highway department information officer, will handle the Galveston presentation.

VISITORS GET BREAK — Free parking for tourists who wish to visit the state capitol has proved a boon.

Perennial parking problems around the capitol for years has kept many visitors away. But no more.

Where the Old Walton Building once stood, directly in front of the capitol grounds at 11th and Congress, the state has provided plenty of parking space exclusively for tourists. Two hours of free parking are furnished in a supervised lot.

Result is a noticeable increase in the number of in-state as well as out-of-state visitors.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER TEN ON THE BALLOT
PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.
SENATE JOINT RESOLUTION NO. 47 proposing an Amendment to Section 4, Article III, Constitution of the State of Texas, to provide four-year terms of office for State Representatives.
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 4, Article III, Constitution of the State of Texas be amended to read as follows:
"Section 4. The members of the House of Representatives shall be chosen by the qualified electors for the term of four years; but a new House of Representatives shall be chosen after every apportionment, and the members elected after each apportionment shall be divided by lot into two classes. The seats of the members of Class A shall be vacated at the expiration of the first two years, and those of Class B at the expiration of four years, so that one-half of the members of the House of Representatives shall be chosen biennially thereafter. Representatives shall take office following their election, on the day set by law for the convening of the Regular Session of the Legislature, and shall serve thereafter for the full term of years to which elected and until their successors shall have been elected and qualified. Except in case of an election to fill a vacancy, and except in the first election following each re-apportionment, a person who has been elected to the House of Representatives shall not be eligible to be a candidate again for membership in the Legislature until the term for which he was elected has less than one year remaining."
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of the state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:
"FOR the Constitutional Amendment to provide for a four-year term of office for State Representatives."
"AGAINST the Constitutional Amendment to provide for a four-year term of office for State Representatives."
Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the constitution and laws of this state.
Sec. 4. In the event the Constitutional Amendment proposed in this Resolution is adopted by the people of Texas in the election in November, 1965, then the Governor of Texas is directed not to issue a proclamation for the election and not to publish notice thereof for the Constitutional Amendment proposed by House Joint Resolution No. 1 of the 59th Texas Legislature, since the provisions of said House Joint Resolution No. 1 are included in this Resolution. But, should this proposed Amendment be rejected by the people of Texas in the election in November, 1965, then the terms and provisions of House Joint Resolution No. 1 shall be and remain in full force and effect and shall be proclaimed published and submitted to the electorate in November, 1966, as provided in said House Joint Resolution No. 1.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT
PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.
HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:
"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature."
"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present."
"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes."
"All moneys comprising a part of said Fund and not expended for the purposes here provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund."
"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside to remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violation of any contract to which said Board is a party."
"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund."
"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

Texas veterans who served not less than ninety (90) consecutive days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.
"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the interest or principal due or to become due on any such additional bonds."
"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or hereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein."
"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds heretofore issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds heretofore issued and sold, at which time all such moneys then remaining or hereafter becoming a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein."
"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary."
"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature."
"This Amendment shall become effective upon its adoption."
Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:
"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law;" and
"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."
If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.
Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

COLLEGE or UNIVERSITY ? PROBLEM PLAGUES EDUCATION COMMITTEE

When Harvard College was founded in 1636, the United States embarked on a pattern of collegiate development which has no exact counterpart in any other country.

Since then, there has been a wide variety of institutions of higher learning established, some of them colleges, some universities.

But it is difficult to tell from an institution's name whether it is a college or university.

The trouble did not begin at Harvard, however, because the early schools in America followed the English system of classical undergraduate curricula designed to produce educated gentlemen.

America's problems with names for its higher education institutions began about the time of the American Revolution when European universities had evolved from specialized centers of learning into institutions offering diverse programs of study.

Thus, it became chic in America to call any new institution of higher learning a university.

It is a problem that persists today, and one which plagued Gov. John Connally's Commit-

tee on Education Beyond the High School.

The committee recommended a Coordinating Board of Education Beyond the High School which would have power to determine which state-supported institutions in Texas should be classified as junior colleges, senior colleges and universities.

The Texas Commission on Higher Education, the current state agency which administers the institutions, recognizes six schools in the state as universities (There are three colleges which use university in their names.)

The governor's committee apparently envisioned four possible, multi-purpose institutions in the state which would be called universities, as the word is presently defined.

The committee defined a university as "an independently organized post-secondary institution which offers undergraduate instruction, but stresses professional programs, graduate instruction and research."

This definition is in line with the latest scholarly thinking of the functions of a true university.

A recent study in North Caro-

lina offered this definition:

"Universities are communities of scholars devoting their efforts to advance man's understanding of himself and the world in which he lives. They are centers where, under the influence and guidance of competent and experienced scholars and scientists, young men and women become informed of the current state of knowledge and receive training in the procedures through which new knowledge may be acquired.

"They are, therefore, centers of ideas where scholars and scientists protected from the shifting tides of public criticism, may pursue the study of the unknown and, through the enlargement of man's understanding thus gained, contribute to the happiness and well-being of all mankind."

The meaning of "university" has undergone considerable change since it was first applied to the University of Salerno in the Ninth Century.

Medieval universities were founded to offer specialized education in such fields as law, medicine and theology. By the 19th Century, European universities had evolved from specialized centers into institutions offering a wide range of study.

In England the specialized areas of instruction came to be known as colleges, and a group of these self-contained and loosely organized colleges as universities.

Thus a university might have been made up of a college of law, college of music, college of medicine and a college offering the traditional classical undergraduate curriculum.

This is the concept made apparent in the governor's committee's recommendation for universities and which is applicable to the six institutions recognized as universities by TCHE.

Under the highly coordinated plan of higher education recommended by the committee, however, there are problems within Texas.

Two of the universities Texas Woman's University and North Texas State University are in Denton and there are duplications in the educational programs of the two institutions.

It is evident the committee would have the coordinating board established universities in key metropolitan areas to serve wide areas.

It has been suggested in educational circles that universities be limited to such cities as

Houston, Lubbock, Bryan, Austin and the Fort Worth-Dallas area.

Clearly then, there will be some conflict of interest.

Although the committee did not specify which or how many institutions should be universities, it recognized that the state should have relatively few of the first order.

Among the suggestions for universities:

- Establish at least four doctoral programs within the next 10 years "which would represent a standing of first-in-the-nation." The programs should be fields where great eminence has not already been attained by another university.

- Post-doctoral seminars which would attract outstanding specialists from all over the world for lectures and discussions.

- A post-doctoral program, which should ultimately result in the creation of centers for advanced studies, which would enable outstanding students to proceed directly from doctoral to post-doctoral work.

With these attributes and a strong graduate and research program, the committee felt that Texas would have a system of multi-purpose universities which would draw the outstanding scholars, scientists and students to the state.

This, in turn, would accelerate the economic progress of Texas, provide assistance in solving social and economic programs created by a changing environment and help give Texas a standard of educational excellence second to none in the nation.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

SENATE JOINT RESOLUTION NO. 17 PROPOSING Amendments to Section 4, 22 and 23 of Article IV of the Constitution of the State of Texas, so as to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office and Secretary of State; and certain statutory state officers; providing for the necessary election and the form of the ballot; and providing for the necessary proclamation and publication.

RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 4, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 4. The Governor shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this state at least five years immediately preceding his election."

Sec. 2. That Section 22, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 22. The Attorney General shall hold office for four years and until his successor is duly qualified. He shall represent the state in all

suits and pleas in the Supreme Court of the state in which the state may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the state, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."

Sec. 3. That Section 23, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall each hold office for the term of four years and until his successor is qualified; receive an annual salary in an amount to be fixed by the Legislature; reside at the Capital of the state during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not

receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendments providing a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution." "AGAINST the Constitutional Amendments providing a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution."

Sec. 5. Nothing contained in this Resolution shall be construed so as to extend the term of office of any officeholder previously elected to a two-year term.

Sec. 6. The Governor shall issue the necessary Proclamation for the said election and have the same published as required by the Constitution and laws of this state.

You won't get rich overnight buying U. S. Savings Bonds. But for the long run, they make an excellent investment.

You get a guaranteed rate of interest—3 3/4% when held to maturity—so there's no ups and downs to worry about.

You also get certain tax advantages since Savings Bonds aren't subject to state or local income taxes and the federal tax can be deferred until the Bonds are cashed.

But probably most important is that Bonds pay off in more than dollars. When you get your Bond investment back you know it has helped Uncle Sam strengthen the cause of freedom (your cause) all around this troubled world of ours.

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 57 PROPOSING an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions:

requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions hereby established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows:

"Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their resignation to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent

him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with the consent of the Senate, and those of class (iii) by appointment of the Governor with advice and consent of the Senate.

"(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceed-

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giv-

ing of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability.

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.

Health Tips For The First Grader

Early this fall more than 240,000 young Texans will be entering public schools for the first time.

Even though the opening of school is still some weeks away, parents are busy making preparations to insure that their child makes a smooth adjustment to his new environment.

The child's adjustment will be more rapid and satisfactory if he starts his school life in good, sound health.

Have your family physician or local clinic give your child a complete physical examination including an eye check. His teeth should also be checked by the family dentist. If these examinations show there are ailments or defects that can and should be looked after, then follow the doctor's and dentist's advice and have them corrected, if possible, before you enroll him in school.

It's likely that your child has already been immunized against certain of the childhood diseases such as diphtheria, whooping cough and smallpox. If not, have it done immediately either by

your doctor or by the local health clinic. If all immunizations have been done previously, make sure your child gets the necessary booster dose.

Insist on your child's getting regular and sufficient hours of sleep to help him enjoy school. He needs ten to twelve hours of sleep in a quiet, darkened room with an open window to build up his energy and offset his tiredness.

Proper nutrition is very important. When school starts, allow enough time for a wholesome breakfast. A good breakfast includes citrus fruit or juice, milk, whole grain cereal or bread, eggs or bacon or both.

Lunch and dinner should be a leisurely meal. The new adventure of school is a pretty fast pace, but mealtime offers an opportunity for the family to pause and relax together.

Also, nearly every school district in Texas requires proof-of-age for first year students in the form of a certificate of birth.

You may obtain a copy by sending a dollar and a half plus the name of the child, the date of birth, the place of birth, and both the father's and mother's names to the Records and Statistics Section, Texas State Department of Health, 410 East 5th St., Austin, Texas.

FARM and RANCH Notes

Knox County Agents will meet with 4-H members at the following places and dates for 4-H Record Book workshops:

Gilliland — Baptist Church, Thursday, July 29, 8 p.m.; Goree — Memorial Building, Friday, July 30, 2-4 p.m.; Munday—PCA building, Monday, August 2, 2-4 p.m.; Knox City — Kennel Club Monday, August 2, 8 p.m.

Members are asked to bring their project record sheets, project pictures and other materials that go into a record book.

Farmers have until September 30, 1965 to file a claim for refund for the Federal tax on gasoline used for farming purposes.

The gasoline must have been purchased during the period from July 1, 1964 to June 30, 1965. The claim for refund of four cents per gallon should be made on Form 2240 and mailed to the local U. S. District Director of Internal Revenue.

Gasoline subject to the tax refund also includes gasoline used by other persons other than the owner, tenant or operator of a farm as long as it was used for farming purposes.

A farmer is entitled to include this gasoline even though it was purchased by a custom operator, a neighbor, or an employee who then used this gasoline on his farm for farming purposes.

A statement from the custom operator as to the amount of gasoline used on the farm should be included by the farm operator with his Form 2240.

Gasoline is not subject to a tax refund when used: 1. on the highway; 2. in processing, packaging, freezing, or canning operations; 3. for personal or other non-farming purposes; or 4. on the farm of another person even though used for farming purposes.

Farmers are relieved of Federal tax on diesel fuel or special motor fuels such as butane, propane and "hot tractor fuel" if the fuel is used for farming purposes. This type of fuel is usually purchased free of tax and delivered by the dealer in-

to a storage tank. The storage tank must be one other than the supply tank of a highway vehicle, motorboat or airplane.

If the fuel is purchased tax free and is later used in a taxable use the farmer will become liable for the tax. The tax should be paid to the District Director of Internal Revenue. The District Director has appropriate forms and instructions.

A farmer may purchase fuel tax paid and have it delivered to his storage tank. However, he must provide the dealer with a written statement showing: (1) his name and address; (2) date fuel was sold to him taxpaid; (3) the number of gallons the farmer purchased on that date; and (4) the number of gallons used on the farm for farming purposes.

You can get forms and further information from my office or the office of the Internal Revenue Service located in your area.

Sufficient records are required to verify the accuracy of the refund claimed. These records should establish: (1) date of purchase, name of dealer and number of gallons; (2) number of gallons of fuel used for farming purposes between July 1, 1964 and June 30, 1965; and (3) the number of gallons of fuel claimed which was used by custom operators on the farm.

With summer and warm weather, comes the onrush of weekend boaters, loading boats on trailers and heading for the nearest lake for a week end of water sports.

Most people go boating for relaxation and fun. But safety is just as important in boating and water sports as it is around the farm or home. One small mistake in a boat can mean disaster. Learning and heeding boating safety precautions means more fun for you, and can prevent your weekend from being a disaster.

The following boating safety rules, if followed, can remove many of the hazards from water sports.

1. Never overload a boat with passengers. It has a rated capacity and that should be the limit.
2. If a boat capsizes, stay with it rather than trying to swim ashore, the air tanks will keep it afloat.
3. Always have two people in the boat when towing skiers, one to steer and the other to watch the skiers.
4. Wear shoes and clothing that can be removed easily in case the boat sinks or capsizes.
5. Have a life preserver for each passenger in the boat.
6. If a motor is to be used,

Students To Register Aug. 27

Students in the Knox City Schools will register for the '65-'66 term on August 27, according to a report received by the Herald this week. Class work will begin on August 30. The faculty is complete with the exception of a math teacher for high school.

The school will observe a holiday on Sept. 6, which is Labor Day. Other holidays are scheduled for Thanksgiving Nov. 25-26; Christmas Dec. 22 to Jan. 3rd; Easter will be observed on April 8 to 11 and school will close on May 20.

Several new teachers will begin work this fall:

Mrs. S. D. Jones, who is a native of this community will teach one of the third grades. She has been employed by the O'Brien school for several years. Mrs. Carol Carleton will teach one of the fourth grades. She has taught in Oklahoma and Wyoming. She and her husband who is with the Soil Conservation Service here have recently moved here.

Mr. Bill West, head coach, here a part of last year, is a native of Memphis, Texas, and has taught in Quanah and Midland and Panhandle.

Mr. Bill Harrington, the assistant coach is a native of Ranger and has taught in Decatur.

Mr. Youngblood is beginning his 8th year as superintendent and was high school principal for three years before being promoted to superintendent.

Mr. Harold Bankston, high school principal is also beginning his eighth year here. He has been attending Southeastern State College in Durant, Okla.,

make certain that it is the proper size or horsepower for your particular boat.

7. Be as cautious when steering a boat as when steering a car. Learn and observe the rules of the water such as speed limits, yielding right of way and forbidden zones.

8. Never stand in a small boat.

9. Wear clothing that will protect you from sunburn.

Sunlight is intensified by reflection off the water, and 10. Never go boating when winds are high or severe weather warnings are out.

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 11 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing loans to students at institutions of higher education; creating the Texas Opportunity Plan Fund and making provisions relating thereto.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new Section to read as follows:

"Section 50b. STUDENT LOANS. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Eighty-five Million Dollars (\$85,000,000). The bonds authorized herein shall be called 'Texas College Student Loan Bonds,' shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purposes of this Section.

(b) All moneys received from the sale of such bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Opportunity Plan Fund to be administered by the Coordinating Board, Texas College and University System, or its successor or successors to make loans to students who have been admitted to attend any institution of higher education within the State of Texas, public or private, including Junior Colleges, which are recognized or accredited under terms and conditions prescribed by the Legislature, and to pay interest and principal on such bonds and provide a sinking fund therefor under such conditions as the Legislature may prescribe.

(c) While any of the bonds, or interest on said bonds authorized by this Section is outstanding and un-

paid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

(d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors. Income from such investment shall be used for the purposes prescribed by the Legislature.

(e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

(f) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such acts shall not be void because of their anticipatory nature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan.

"AGAINST the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.
