"The Golden Apple Award"

To Chris McAdams

Chris McAdams

Chris McAdams was recently presented the "Golden Apple Award" for excellence in teaching by KFDA-TV, Metro Business Academy.

Chris teaches Resource Room at Mary Allen Elementary. In our school, that means any child who qualifies for special education services from early childhood through the 4th grade is in her care. She has students who are learning disabled, language delayed, early childhood students,

and the blind. She has to develop and manage an individual educational plan to match the specific needs of each. There is no single program to fit all or even a few of the students. Each one is different, and she treats each student as if he or she is her only responsibility. At times, there are as many as five different activities being performed at the same time with each child receiving the time, care and quality instruction that is needed.

Chris has recently been named Who's Who in Education by a group whose Board of Directors includes the Texas State Commissioner of Education, Dr. Kirby. Chris has a bachelor and masters degree in Special Education. She is also a certified diagnostician.

Chris is married to Steve McAdams and they have two sons, Kyle and Clint.

The piece will air on KFDA TV periodically throughout the month of February beginning Friday, Feb. 2.

Our congratulations go out to Chris McAdams and we are very proud to have her in our community.

Seminar Held At Mary Allen

She has raised five children of her own. The free seminar was sponsored by the Sherman County Parenting Education Coalition.

Ron Enns Appointed By Gov. Clements To Serve As District Judge

This article taken from the Dalhart Texan, Thurs. Jan. 25, 1990.

Gov. Bill Clements on Wednesday Jan. 24 appointed Ronald Eugene (Ron) Enns of Dalhart as judge of the 69th State District Court. The jurisdiction includes Dallam, Hartley, Moore and Sherman Counties.

Enns was appointed by Clements to fill the unexpired term of Judge Bill Sheehan of Dumas who is retiring on March 31. The position for the 69th District Judge will be on the March 13 primary ballot and on the March 13 primary ballot and on the March 13 primary ballot on November 6.

On the March 13 ballot there are two Democrats, David G. Lewis and Louis Dubuque both of Dumas. Enns is on the Republican ballot and will face the Democratic winner on the March 13 primary in

November. Enns is unopposed on the March 13 ballot.

Enns was notified by the Governor's office of the appointment. Enns said he was very pleased with the appointment. He said "I feel good about Dallam, Hartley and Sherman Counties but need to get better acquainted in Moore county and this appointment will give me a good chance to do that."

He said he is looking forward to the challenge of serving as judge.

He will take over as District Judge on April 1 and will hold the appointed office until December 31. He and the other two candidates for the office were interviewed about three weeks ago in Austin by an Attorney in the Governor's office. One other Dumas attorney applied for the appointment who is not a candidate for the office.

XIT Cellular Is Coming-- It's Worth Waiting For

XIT Rural Telephone Cooperative, Inc. announced that it will be providing cellular service as XIT CELLULAR.

XIT Cellular's service area will include Dallam, Hartley, Sherman, Moore and Oldham Counties of the West Texas Panhandle, otherwise known as Rural Service Area 1 (RSA-1).

The construction permit was issued by the Federal Communications Commission (FCC) in Washington, D.C. on January 16, 1990. Cell site construction will begin as soon as possible in the Dalhart and Dumas areas. Tentative plans are to implement this service by the last of May, 1990. Additional plans are to add cell sites in Stratford and Adrian on 1-40 west of Amarillo. These plans are pending FCC approval.

If a person is interested in obtaining mobile phone service, he should give serious consideration to the type of service he will be getting. He should take into account the limitations that traditional mobile service places upon him: * Limited access by only a few subscribers * Limited number of available channels. Possible distorted voice transmission * Interrupted service because of poor range capabilities * Outdated equipment and service.

On the other hand, cellular radio offers the latest in technology. How does it work? The cities and rural service areas are divided into smaller geographic areas called CELLS. The number and size of the cells required by each service area depends on the demand for service, the number of square miles of coverage and the terrain. In metropolitan areas low powered transmitters are placed in the center of each of the cells. By using this type of transmitter, the coverage area remains small and the frequencies can be re-used more often. This makes it possible for more subscribers to have access to the service. In the rural areas, these transmitters will be more high powered and will serve larger geographic areas. Availability for access by subscribers is accommodated by adding channels to each cell. This can be accomplished in rural areas where the demand for channel frequencies is much less.

Another important advantage is that the coverage area of the cells overlap with other cells. With conventional mobile radio, as the user moves away from the base station transmitter, the signal quality deteriorates

ult eventually the call will be dropped. With cellular radio, when a call is in progress and a vehicle moves from one cell to another, the conversation is routed from one cell site antenna to the next--and so on. This is referred to as "Call Handoff" and is accomplished without interrupting the call.

Eventually, cellular service will be provided nationwide. This will be accomplished when all the rural service areas have their cells "up and running" and have provided the necessary links to the metropolitan cells. Such features as "Follow Me Roaming" and "Call Delivery" will allow calls to be forwarded to the cellular user no matter where he is traveling.

So, why is cellular service worth waiting for? Cellular service offers everything that traditional mobile service can't: * Access to virtually an unlimited number of Subscribers * Greater number of available and re-usable channels * Clear voice transmission * Uninterrupted service from cell to cell * More privacy * Direct Dial long distance service * Advanced technology (Follow Me Roaming - Call Delivery).

The mobile phone service that are now being offered in this area are not "true cellular" services. In addition, the equipment being offered is not "true-cellular" equipment. Some of this equipment may be in the same frequency spectrum as cellular equipment, but it has certain limitations.

XIT Cellular invites a close examination of the services it will be providing compared to those "cellular-like" services now being offered in the area.

PICKING UP THE PIECES

SCOT Notes

by Timmie Brown

Happy Day to you, Sherman County Older Texans, Friends, Neighbors and Scotters this Monday A.M. Jan. 29, 1990. Our 6 A.M. weather forecast is temp. 18 degrees, chill factor 12; wind 6 m.p.h.; humidity 77%. This will be a fine day for Senior Citizens.

In lieu of a Feb. Scot Circuit we are using a Sherman County Soil and Water Conservation Dist. Calendar which lists their activities plus those of the Community and S.C.O.T. Since S.C.O.T. Board meetings are on Tues. before SCOT monthly meeting it is hard to get the circuit out for distribution at Scot dinner and mailing costs are prohibitive. Maybe an adjustment of Board meeting can be made, giving our director a bit of time to get out the circuit. However, all regular activities are on schedule and there is no special activity this week. So just let us make our visits to Scot Hall as usual at regular time. Do remember Birthday Party on Feb. 12th at 7 P.M. Thanks to S.C.S.W.-C.D. for including S.C.O.T. After being house-bound by snow and ice for 5 days, on Tuesday Jan. 23 we made it to Scot Hall and found Dorothy Robbins and Sue Smith busy with Scot membership business and Rowena Williams, Billie Lou Thompson visiting. Beverly Pemberton and Genevieve Wilson dropped by so we realized that Scot world rolls by each day.

Wed. Jan 24, on the Amarillo bound S.C.O.T. Bus were Nadine Miller, Glennis Owens, Georgiana Lavake, Charlene Oquin, Gladys Arnold, Minnie Reeder, Elsie Pickens and director Vicki Gore. Evidently ceramic supplies were main order of business.

Thursday, Jan. 25 at noon found 73 Scotters and guest at Scot Hall happy to socialize and dine. Thanks to City Manager, Wayland Brown, for removing snow around Scot Hall making entrance and parking accessible. We missed a number of regulars and are happy that a goodly group from Coldwater Manor was present. The Hall was "comfy" and Cupids and red roses decorated the tables and walls carrying out Valentine decor - Our dependable blood pressure clinic personell, Jack Gore and helper, were on hand as were Treasurer Sue Smith, registrar Billie Lou Thompson. Scotters feel back in the groove at long last. In fact that Max Stephenson is Scot president for 1990 was announced by out-going pres. H.L. Haile.

Jack Backus representing Universal Fidelity Life Insurance Co. explained insurance and Medicare problems. He also warned us not to be "conned into" or "brain-washed" into thinking that Senior Citizens are mentally inferior or slipping because of age. He challenged us - Me - very decidedly on name-recall and forgetfulness! Among other guest were Robert Lee, Ca. a former Stratfordite, Betty L. Brown's brother; a representative from Panhandle Transit, Panhandle Community Services and Jenny Bailey, Guymon.

If any Senior Citizen needs a ride to grocery shop, go to the Bank or Dr. office, call Scot Hall for explanation of the above mentioned Service

or call 1-800-272-2778 or 396-2021 (local).

Scot Bingo Party Thursday evening Jan. 25 was very well attended and netted \$40.00 in donations. Reports from the S.C. dance held Saturday Jan. 27 are encouraging. About 80 people attended, including visitors from Springfield, Colo., Boise City, Dumas, Keyes and Guymon. The music was excellent. Maybe Scotter Dances will come up with another "best" for our organization!

The benches at Scot Hall Project is a reality - Mildred and Paul Aduddell presented one in Memory of their parents, the late Maggie & Frank Judd and Josie Roberts.

Ava Keener has lately enjoyed a visit from grand daughter, Darla and Bob

Lewis, Woodland Park, Colo. Darla is Katies daughter.

Barbara, Stacy and Roy Hudson, Amarillo were guest of her parents Anita and Red DeBord. Grandson Mickey Hudson is a Sophomore in college in Woodward, Okla.

Lemma M. Fedric and Frances Watson are guests at Coldwater Manor.

Little Miss Alexandria Brooks Bailey has arrived at the home of Monica (Dettle) and Justin Bailey. Greeting her also are grandparents Louise and Gary Dettle and great-grandfather Jack Dettle. Congratulations and happiness to all. Alexandria is great-grand-daughter of the late Glennell Dettle.

At the Cow-Punchers Dance in Amarillo, Betty & Baskin met Tom and Joan Clifton who are former employees in 1948, Old Timers will remember Tom's parents who lived at Conlen. Betty visited with Norma and

Wednesday in Amarillo. A horse had fallen on him at Cimarron Feeders. He will be in a cast for ten weeks and it will be about 3-4 months before he can get back on a horse.

Donna Avent will begin working fulltime next week as a dental hygienist for Dr. Chris Ballard in Dalhart.

Earlier this month Bevin & Donna Avent, Jim & Bevilyn Wright and Steve from Perkins & Protho went skiing at Angel Fire for two days.

Alvin, Dayle & Dean Harris were in Gordon, Nebraska, to attend services for Alvin's grandmother. Gladdis Mulcahy, 91, is survived by 33 grandchildren and 45 great-grandchildren and most of them attended the funeral services held Jan. 25 at the Methodist Church. Among the grandchildren attending were Jay Harris of Chadron, NE, and Bruce Harris of Vermillion, S.D. All the Harris were guests of the Gary Thomp-

son family.

Congratulations to Levi James, eight year old son of Ben Tom & Gayla James! He won the Pinewood Derby held Saturday night in Stratford.

Hank & Mable Rogers and Franny Taylor attended SCOT luncheon last week.

Hank & Mable Rogers were in Amarillo last week for a visit with Hank's cousin, Reba Holloway. They had an early celebration with Josh Rogers who will be 13 on Feb. 9. Other grandson Ian Weems, who was 15 on December 29 helped celebrate.

Saturday they visited in Dalhart with Mrs. S.S. Skidmore, Pluma Lee & Garland Palmer, Frances Murdock, Janet Palmer, Amarillo, was also at the Palmer's.

Simple Things

Simple things are lovely things.
Rain, dropping from the eaves,
Is molten silver streaming down,
Upon the fallen leaves.
The thick, grey mantle of the fog,
Hides everything from view.
Footsteps make a hollow sound,
When they're unseen by you.

The echo of a horse's hoof,
Upon the cobblestone,
Beats like a strange, erratic pulse,
Within my heart alone.
A quiet hour on the sand,
When all the tide is out,
Brings with it something deeper,
Than I care to talk about.

Shafts of sunlight through the trees,
That grow upon a hill,
The first green shoots above the ground,
Though winter lingers still.
Simple things are lovely things,
We need no wealth to share,
The monotone of nature's soul
That whispers everywhere!

Collection Of Madonna's At Museum

Bonnie Borth

Bonnie Borth's collection of Madonna's will be on display February 1st at the Depot Museum thru February. Below are her comments about the collection. Come to see them soon.

My interest in Madonna's started when I married Jerry Hayworth in 1962 and moved to Texhoma, Oklahoma. The young women there, interested in flowers and flower

arranging, formed a new Garden Club.

Madonna's add interest to designed floral arrangements and I started buying different sizes and types, to use in arrangements I entered in Flower Shows. I found whether they were in arrangements or not, they intrigued me. For a number of years they were on a shelf above my piano. I found while playing the piano and looking up at them, I had a deep feeling of peace.

Friends learned of my interest in them and have added several to my collection. Madonna's are named for what they represent. I have 66 statues, 26 types, from 1 1/2 inches tall to 3 ft. tall.

The Madonna and child are in fact the Virgin Mary and infant Jesus. They became symbols of the Christian faith first in Turkey in A.D. 430. Some of our most famous painters and sculptors have chosen the Madonna for some of their most famous works. Most of them were done during the Renaissance era.

Their history is fascinating and whether it's her simplicity, grace or purity, that keeps my interest, I'm not sure, but I enjoy each one in my collection and hope to keep adding to it.

MAKE \$25,000 SITTING AT HOME!

DON'T LET THIS OPPORTUNITY PASS YOU BY.

Can you picture yourself making at least \$5000 dollars a week, every week? If you can, I urge you to read this article, it could be worth thousands of dollars to you!

My name is Mark Preston. I am 32 years old and a self made millionaire. A few years ago I discovered a money making method that changed my life forever. This is not just another "get rich quick scheme." This is a unique new system that is in demand everywhere, yet few people even know it exists.

Anyone can do it. Trust me. If you want to make money, this system is for you. When I first started this money making program, I was flat broke and at least \$10,000 dollars in debt. My family thought I was crazy and said I should be out looking for a "real job." That did not stop me. I was determined to make it with this fantastic money making plan I had discovered.

I started at home on the kitchen table with no capital. Within a year I was taking in over \$20,000 A WEEK... MORE THAN A MILLION DOLLARS A YEAR. You heard me right, OVER A MILLION DOLLARS A YEAR! I went from driving an old beat up Pick-Up to a Brand New Lincoln Continental. I paid for it in cash. I bought a new home in a prestigious neighborhood, a waterfront summer cottage, and a Townhouse in Florida. I do not mean to brag, but these are my results using this amazing money making system. Do not envy me, join me!

THE SECRET REVEALED

I knew then I had discovered a revolutionary new money making program that would continue to make me thousands of dollars a day. It seemed so easy. I asked myself why everybody wasn't rich? Then it dawned on me that not everyone knew about this secret method of making money. You do not need special training or even a college education for this money making system to work for you.

Once you have learned how to use it, your money worries will be over for life. You will have financial security and peace of mind. This money making system is perfectly legal and amazingly simple. It has nothing to do with real estate, the stock market, or gambling of any kind. It does not matter what your financial situation is now. You can start this money making program at home in your spare time with less than \$15.00. In a few short weeks you will see the cash start to roll in. Once you put this money making

system to work for you, the sky's the limit! You will have cash to spend on whatever you want, whenever you want it. Think of it! Enough cash to finally put an end to economic nightmares forever!

HERE'S PROOF

I am sure you are somewhat skeptical at this point. That just shows you have good business sense. Read what a few people had to say about my money making program.

Dear Mark,

I ordered your program 3 months ago and started using it the day I got it. To say the least I was shocked at the results. Last month I deposited over \$11,000 in my bank account. Thank you so much.

N.C., Stuart, Florida

Dear Mark,

When I first saw your article I had my doubts. I said to myself I might as well try it, at least I'll be \$25,000 ahead with your guarantee. Well, your material changed my life from being flat broke in July to practically a millionaire in December! If I can do it, anyone can.

J.S., San Diego, CA

Dear Mark,

Before I ordered your money making method, I was slaving away cutting lawns for \$4.00 an hour. At 19 years old my future looked bleak. Last week I made over \$14,000 in less than 20 hours of work. I am the envy of all my friends. Thanks for a new life!

J.B., Loudonville, NY

IT'S UP TO YOU

Your life can change now by taking simple action. Order my money making program today and see for yourself. All you have to do is follow the step-by-step procedures I provide you with. It will only take you about an hours reading time to master the program. If you can see yourself being rich, you will be rich! I make it easy for you. Included in my

manual is my unlisted telephone number for you to call anytime you need help. I guarantee that within a week of using my money making method you will see the cash start to roll in. With my money making system, your success is guaranteed!

\$25.00 CASH BONUS

I am so sure that my money making program will work for you, I am going to offer you a guarantee that no one else can. You either raise \$15,000 using my money making system, or I will send you a certified check for \$25.00. That's right, \$25.00 just for giving my money making program an honest try. The only reason I can offer you a guarantee like this is because I know you are going to make a lot of money copying my money making system. So much money that I am putting up \$25.00 to prove it to you. Its that simple. You have nothing to lose and everything to gain. The risk is mine.

ORDER TODAY

It is not too late for you to start making money with my program. Do not be stopped by your fears. The single most limiting emotion in you is the fear of failure. I urge you to fill out the coupon below and send it to me today. I will do everything in my power to see that my money making program works for you. There is no risk on your part. Order Now! My brother, Tommy, thinks New Mexico is right next door to Heaven. He is wrong, of course. It's Stratford. Thank you all, neighbors & Friends. The food, visits, many, many cards, flowers and acts of kindness and sympathy which you have shown us during this trying time at the death of my Mother, Lola Ward, have been incredible. How she loved all of you, you surely must know. Her heart was big as all out-doors. Many will miss seeing her in her garden or flowers. Mother and I moved here in 1941 from Albuquerque when I went to work at the Cactus Ordinance Works as it was building in its infancy. And here we found the Best People on Earth (including George). Thanks especially to the First Baptist Church, Brother Lewis, and That Wonderful Doctor Harlow, The Community Chior under the direction of Mike O'Brien, the E.M.T. Can the Effects of Aging Be Reversed?

For women aged 45 to 64, the onset of menopause and the loss of estrogen—an important female hormone—may cause unpleasant effects. Without treatment, estrogen loss may cause changes in hair texture, skin tone, and a loss of sexual desire.

The effects of the aging process cannot be reversed, but some of the effects of menopause can be treated. Call your physician or call one of us. Get the facts about menopause and how you may avoid some of the annoying aspects of aging.
