Dear Readers

Marty Robertson
Editor

Dear Readers:

Well another Fair has come and went, and we had beautiful weather for all of it. In fact, riding on our Stratford Star float, I can tell you it was warm, the best weather I can remember for the parade in a long time. Everyone seemed to enjoy themselves and there was a good turnout considering all of the conflicts at

this time of the year. I would especially like to thank my family, Duane, Lane and Donita, Gregg and Shari for putting our float together in a hurry. We decided to do this at the last minute, but the kids had a good time throwing candy at the crowd, Thank you Kayla, Brittany, Heather, Scott, Chelsea, Jeremy, Steven and McLain. Thanks to Janis and her mother Mrs. Duggan for putting the booth together at the fair. All of a sudden we had a lot to do and not enough time to do it. Thanks everyone. We especially want to thank Don and Carole Gibson for loaning us a trailer to use for our float.

The Old Timers doin's Friday night was a tribute to Janet Riffe and I believe she would be proud. Janet, we'll miss you and the great meller drammers you entertained us with for so many years.

The Elks had a tough time at Springfield Saturday but things will get better I feel sure. You played a good game boys.

Remember to head on out to Kerrick Saturday night and enjoy the Chuck wagon supper.

I want to thank everyone who has mentioned the new look of the paper. Hang in there with us and maybe one day we will figure everything out this machine is capable of doing. The machine works fine, its the operator who has a lot to learn.

Take care this week.

Marty

Crowning of Sherman County Old Timer Royalty, King Ted Reynolds and Queen Marguerite Terrell on Friday evening and the program following the crowning planned as a tribute to our loved and esteemed Janet Riffe, deceased, was the high-light of the week end for Sherman County Older Texans, Scotters and Citizens alike. According to the applause and expressed delight, the occasion was a "Howling" success.

At the First State Bank on Sat. A.M. Where Old Timers and friends met we saw the Newly crowned Royalty and the following: Flo Hudson and the L.O. Jones (Lonnie and Pearl) Amarillo; Roger and Carrie Crabtree and Blanch James, Kerrick Velma and Henry Wyatt, Sunray; Ruth Ethridge Salmon; the Popejoys (Vivian H.) Pampa; Evelyn Cooper and Dorothy Kendall, Amarillo; Glenna Reynolds Robertson and daughter Leanna Hogsett, Colo.

In Stratford for the occasion were Christine & Ray Brandvic, Sunray (daughter of Velma K. Wyatt); Margaret Ritchie Grunig, Boulder, Colo; Tamara W. Neeper and Tania W. Avara, granddaughters of Marguerite Terrell; John Ellison, Calif, visiting the Ellison's family.

An interesting incident, John Ellison and Lew Higginbottom,

both former Stratfordites, met years later as residents of Calif, thru Scot notes, news on Aug. 29 from Lew told us that he is with his sister, M. Helen in Weaversville, Ca. She had at the time been ordered (Lew's words) by her Dr. to have further tests in Redding, Ca. Hospital. Seemingly doctors have been unable to stabilize her heart. No further information

Minnie Cox and Mildred Grabeal, Griggs were in Stratford on business and watched the parade.

After spending the Labor Day weekend in Durango, Colo., Betty and Baskin Brown drove home via Taos N.Mex. where they visited with Dixie and Donald Dickerson. They dined at the New Holiday Inn. They report that Dixie seemingly recovered from lately performed surgery and that Dixie and Donald are doing well and are happy.

When was the 12th grade added to S.H.S. curriculum? Cotton (Herman) Lavake asked us? Answer 1941. We asked someone else,!

Ione and Ken Kendrick visited with Dorothy Gamble, (Mrs. T. F. Gamble Jr.) Clovis, N. Mex and found her well. She is living alone, drives her car and works as a Blue Lady in Clovis Hospital. Incidentally, Dorothy reports that she has a new little great grandson whose surname is Gamble!

It was with regret and understanding that council accepted this action.

When you read this, Ione Kendrick shall have undergone surgery at High Plains Hospital, if plans are carried out. We have no report today from Bill and Leo, Say a prayer for these loved sick ones while reading.

Alma Lee McMahan is her happy self again and getting around ably.

Kerrick News

by Marylou McDaniel

Kerrick's Chuck Wagon Supper is this Saturday night, Sept. 15, 6 to 8 p.m. at the Community Center. The benefit raises money to help with Center expenses, upkeep and utilities, mostly.

Y'all come!

Kerrick people entered lots of things in Sherman Co. Fair, had two floats in the parade, and a fair booth. Didn't you think overall that the Fair was better than last year?? More canned goods, antiques, horticulture, and the exhibit building was lined with educational and commercial booths! If just a couple of dozen more had participated with several items, it would really have been big.

Bill Boren spent a couple of days with Fred McDaniel at Fred's Spread near Rye, Co. He came home via son-in-laws second football game in Kansas. Kelly Carlile and wife, Kerry, live in Moscow and his team has won both games so far. They were visiting with the Borens over the weekend.

Ron Bates of Amarillo Daily News wrote a good front page article about the Old Timer program. Just one thing-he didn't name this years King & Queen.

Terry & Barbara Schoonover, her mother Jean Danner, uncle Gordon Grice, both of Guymon, Charles & Lou Grice of Coldwater Community enjoyed a Sunday tour of the Kenton & Folsom area.

Speaking of Schoonovers, Brady is a new resident in the city, having moved into the little house across from the community Center.

Lona Graham of Boise City and her nephew Boss Neff stopped by for a visit with Franny Taylor one day last week.

FLASH-Peggy and Leonard Hawkins are the parents of a girl born Sunday afternoon at Dumas.

She weighed seven pounds, three ounces and was 19 inches long. Official notice and name in next week's paper!

Mabel Rogers had cataract and glaucoma surgery about two weeks ago. She's had two good checkups since then.

A trip to LaJunta, Co., on Sept. 1 was made by Judy Potter,

Blanche James, Mary Crabtree and Lynn Wells. They went to see Jessie & Flora James. Their daughter Virginia Kemper and grand daughter Loni, of Denver were also present.

Donald James won Grand Champion and Reserve Champion for his Charolais and Angus Cross at Sherman County Fair. Congratulations!

REMEMBER: No noon lunch at the Community Center Saturday.

Out The Library

by Dorothy Haile

WHEN I SAY NO, I FEEL GUILTY is a new book in the library. Manuel J. Smith, Ph.D. is a clinical-experimental psychologist and is a professor of psychology at UCLA. He has a private practice and has done research in social psychology, learning, phobic states, and psychophysiology. This work is a best seller on assertivens training.

Geraldine Youcha and Judith S. Seixas have written a commonsense guide for parents about DRUGS, ALCOHOL AND YOUR CHILDREN. In face of the frightening number of young people with substance abuse problems, this books provides information on how children become involved with drugs, and offers help to parents of children of all ages to keep the family functioning. This is an invaluable contribution to the literature on drugs and young people. It is an excellent source of information and a sensible and therapeutic guide for parents and for all adults deeply concerned with this horrendous problem.

ENDOMETRIOSIS written by Julis Older is a book that might be of interest to some patrons. This book clearly explains the causes, methods of diagnosis, treatment options and possibilities for prevention.

The program time was spent making letters and things for the Exhibit Booth.

The next meeting will be September 18, 1990 at 2:00 p.m. With Joyce Harper.

The following were present: Rowena Williams, Joyce Harper, Genevieve Wilson, Dortha Allen, Lorelyn Powers, Jimmie Pronger, Geneva Bell, Leona Kelp, Doris Dyess, Pauline Martin, Melba Keener and hsoress Ava Keener.

Big Turn Out For First Meeting

Amy Sladek, Reporter

The first meeting of the Lautz club was held August, 1990. The meeting was called to order by President Sarah Graham. The Pronger Ranch and hay bales pledge to the U.S. flag was read by Nathaniel Walden and the 4-H Motto and Pledge lead by Garrett of some candidate signs from the Macias. Kimberly Bouldin gave the inspiration. She played chop sticks the Japanese version. Roll Now our float was complete. Our was answered by 24 returning float was awarded first place in the members. They were; Sue, Noel Baeza, T.D., Megan and Hillary Baskin. Kimberly Bouldin, Emily, Sarah Graham, Robin Hart, Eric Hernandez, Hollie Huseman, Garrett Macias, Davy, Paul Brown, Lachelle, Quince and Tammie Burton, Scott McAlister, Janell and Patrick Pronger. Amy Sladek and Nathaniel Walden. Three new members were also there Melissa Helton, Eric Macias, and Jackie Larence.

Lautz 4-H's were not quite finished for the day. We were just getting our second wind. Lautz was responsible for the preparation of the tea for the BB-Q. As well as the serving of the plates of BB-Q to approximately 150 SCOT members, give or take a few. Then they helped in the job that nobody likes to do—clean up the barn. After the long day most would want to take a nap, but we marched on. Attacking the masses asking them to make a \$1.00 donation toward a RCA-VCR that they will be giving away on October 15, during the Achievement banquet. This is a fund raiser for Lautz 4-H club, and we appreciate all the support from the community.

Sue Baeza read the minutes of the last meeting and stood as read. Garrett Macias gave the financial report. In other business everyone was reminded of upcoming events, 4-H Fiesta Night and the Breads project on September 5. Our club decided that we would hold a raffle and would raffle off a VCR. Tickets for the VCR will cost \$1.00 each and the drawing will be held at the Appreciation Banquet on October 15. Lautz 4-H and the Horse club will be responsible for the 2 mile stretch of highway outside of Texhoma during the State clean up day on September 15. All members are urged to attend and be at the extension office by 9:30 a.m. A picnic lunch will be held following clean up at the park at Texhoma. Each family is responsible for bringing the weenies for the meal.

During the meeting the club decided the float and booth theme. Work began on the decorations for the booth. Names were drawn for the special positions on the float.

The meeting was adjourned and refreshments were served by Hollie Huseman, Eric and Garrett Macias families.

Lautz 4-H club has been getting ready for the annual Sherman County Fair. Work began on Thursday afternoon when we gathered to put up the educational booth at the county barn. All of the club members helped by cutting out names of projects offered by the 4-H program. Our booth received a second place award at the fair.

Friday, after school was dismissed we all met at the local boot shop and began assembling our float. With a pickup and trailer from Moore Implement,

I would like to thank everyone for the flowers, cards, calls and visits while I was in the hospital and since I've been home. All of your thoughts and prayers are appreciated.

Cathy Taylor

I appreciate all the prayers that were lifted up on my behalf and the love and concern shown me during my illness.

You and Your Car

Tips from the Mobil Auto Tech Group

Choosing Your Oil

One spring morning in 1990, a ZR-1 Corvette, sailing around the banked 7.712-mile Firestone test oval at Fort Stockton, Texas, set a world record for speed and endurance—175.885 miles an hour for 24 straight hours.

Prepared by Morrison Engineering & Development, Albany, Ga., using a 32-valve production engine and transmission, lubricated throughout by Mobil 1 synthetic technology, the Corvette easily beat a 50-year-old record: 161.18 mph by a Duesenberg-designed racing car using a 25.7-liter V12 aircraft engine four and a half times bigger than the Corvette's 5.7 liters.

The Corvette's use of synthetic oil of 15W-50 viscosity (flowability) illustrates the versatility of modern automotive oils. They're just about tailor-made to suit your individual driving requirements.

For example, Mobil 1 comes in three viscosities—5W-30, 10W-30 and 15W-50. Between them, the first two satisfy practically all car-maker recommendations for customary driving. The 15W-50 is available for more rigorous performance requirements.

Cat Facts

How surefooted are you when it comes to knowing about cats? Here are a few facts that might assuage any curiosity you may have, according to America's first makers of cat foods—Friskies PetCare products.

- Cats first became domesticated house pets about 3,000 B.C.

- The ancient Egyptians worshipped a cat goddess named Pasht. It's believed her name gave us the word "puss."

- An estimated 30 million American households are home to nearly 60 million cats.

- A kitten needs special nutrition. They're growing fast that first year and they need a high-protein diet with extra vitamins and min-

erals. A kitten needs more energy and body-building nutrients than he will as an adult.

- A well-balanced diet for a kitten should include moist and dry foods. They can both be found in Friskies Kitten Formula, created to help supply the extra calcium, protein and other essential nutrients needed for strong teeth, bones and muscles. For over 30 years, Friskies PetCare has provided complete and nutritionally balanced products for America's cats and it's the only company to offer a complete line of dry and canned kitten products.

- Every cat is unique, but among the more unusual breeds are the Manx, which has no tail; the Sphynx, which has no hair; and the Rex, a curly-haired cat.

Unfounded Fears

In the past, people were concerned the incredible speeds of those new-fangled automobiles (some went over 15 miles an hour!) would cause insomnia in anyone who rode them. Once, people feared to eat eggplant or tomatoes. Now, there's a lot of unnecessary concern about nitrates in water.

In fact, nitrates are the mineral form of the element nitrogen—a vital part of every person, plant and animal on earth. Nitrates are also an integral part of the earth itself. Plants pick up this nutrient from the soil.
