Dear Editor:

I just wanted to let your readers know that I enjoyed the afternoon of July 27th as the seniors from 1976 celebrated their 15th class reunion.

I lived in Stratford for 3 and 1/2 years during the '70's, but moved away at the end of my Junior year. Although I did not graduate from Stratford, I spent the best of my adolescent years there. I found the people courteous and hospitable then and at the reunion. I was sorry not to see other fellow classmates who reside in Stratford at this event; but it was GREAT to see those that did attend and to bring back some of the memories of growing up there.

I would like to publicly thank Rick and Lana Keener for their hospitality. They are an asset to your community. And also to Jode Lasley who sent out the invitations. Thanks for remembering about past classmates and always keeping me

on your mailing list.
Thanks for the memories.....

Best Regards

Dear Residents of Stratford:

I have a concern about a facility that is unique to small towns and a wonderful asset to this community if used properly. I am speaking of the indoor school swimming pool.

I know with budget cuts in education and natural gas price increases, the swimming pool has been a great burden on the school. The benefits certainly do not outway the problems with current usage.

I heard a rumor and I do hope it was in jest, that the swimming pool should be filled in and the building used for a weight room. How many people would that benefit??

I am interested in a swimming program. It is lifesaving, the most perfect exercise and a great enjoyment as a social activity. Stratford School Pool is a sound pool at this point. It does need some equipment updating after nearly 40 years. But most of all it needs a community to care. The school system needs to be aware of a community involvement in support of the maintenance and upgrading of this fine facility.

I have some skill and knowledge to help with this program, I have been reluctant to make the commitment. This is important enough to make the commitment now.

There are many things that can be done to help with the finances. Solar heating, season family memberships, better use of facility with swimming classes. We can make it work by working together.

If you have an interest in

keeping this facility, please express your concern to me or to the school officials or school board.

Your Right To Know

By Terry Wagoner

We called an 800 number in Boston on Monday morning, and got a recording saying they were closed because of Hurricane Bob. The recording said they would be open Tuesday morning. We hope they are right!

We have called around to see if the siren worked on the north side of town, and all the people that called us are not at home. The person that was supposed to have it fixed has an answering machine, and it did not tell me if it worked either! Hopefully, it is fixed. The problem is with the fuse box. It seems that there is a 480 fuse box there and it needs to be a 240. If you heard it Monday, please call at 2021 and tell us!

Scot Notes

by Timmie Brown

Happy day to you Sherman County Older Texans, Friends, Neighbors and Scotters this humid Monday morning, Aug. 19, 1991; the day AFTER Sunday August 18, 1991 when Stratford received a down pour of rain amounting to about 2 inches, during the afternoon. This report is NOT "Speaking baptistically", either.

We trust Senior Citizens can be happy today altho' our TV's reported a world in turmoil and disaster, namely the Russian situation and storms. "God is still in his Heaven and all's right with the world" Quote Pippa passes.

Our Calendar for the next two weeks plus is pretty full and needs careful marking. All regular activities at Scot Hall are marked "Go" Scots regular meeting. Scot dinner is Thurs. August 22, 1991 at 12 noon. Refer to Scot Notes of Aug. 15th for a list of Scot Hosts. Remember to be present, overflowing with vim, vigor, vitality to encourage others, bringing LOTS of good foods to tempt lagging appetites and stimulate healthy ones.

Thanks to our alert Program Chair person, Bernice Christian, we announce a program change-vs The Rev. Mike Leonard plans to present a musical program for Scotters entertainment. The Prospectus Study Club calls senior Citizens attention to the following activities. Mark your calendar: Old Timer registration Sat. Sept. 7, 1991 at 9 a.m., First State Bank, or Sat. Sept. 7 at Mary Allen School: time 1:30 p.m., preceding O.T. Program at 2 p.m. Thirdly, O.T. King and Queen, their families and senior citizens 65 years old and up will be seated in the Co. barn to enjoy the Lions Club barbeque. Of course, crowning of King Lorel and Queen Rebecca after the parade and barbeque is the highlight for old timers.

Get a Sherman County Fair and Jamboree Handbook and find out what goes on in Stratford, Sept. 5, 6, 7 1991. How many of the Co. Fair Board and Supts of Departments do you know? THEY are the people who carry "The community load of responsibility" and deserve our heartfelt thanks! N.B. Leaders please accept thanks & appreciation from Sherman County Senior Citizens!

Continuing marking calendar for Bardwell 50th anniversary reception at First Christian Church on Sun. August 25th, 1991 2-4; also Mexican Pile on Dinner at Coldwater Manor, Fri. August 30 at 7 p.m. A full, interesting calendar!!

I would like to thank many people for helping me accomplish my goal of becoming XIT Queen. Thank you: Dick and Barbara for being there and supporting me during the contest and also for pulling my trailer home, Bobby and Karla Edmond for helping me prepare for the contest, and Eddie Duncan for feeding my horses during XIT so I could get a "few" of sleep. I would like to thank Ted, Deide, and Cheyenne Ziemann for the beautiful rose and the Stoy's, Bolfs, and Shannon Norris for the wonderful gift. Most of all I want to thank my parents for everything and supporting me all these years. THANK YOU ALL SO MUCH!

Public Notice

On July 22, Southwestern Bell Telephone Company filed an application with the Public Utility Commission of Texas for approval of two new optional services, Exchange Connection Service and Customer Alerting Enablement. Exchange Connection Service will permit a customer of the Telephone Company to provide voice messaging service, telephone answering service, or other services to itself or to patrons of the customer. Customer Alerting Enablement will permit residence and business lines to receive an alerting tone (intermittent dial tone) transmitted by an Exchange Connection Service customer. The proposed effective date for this offering is September 23, and will be available statewide where facilities permit.

The calling party's telephone number and other originating network call information will be delivered to the Exchange Connection Service customer when the calling number and the called number are served by the same switch. Additionally, the caller's telephone number and other originating network call information may be recorded and stored by the Exchange Connection Service customer. Customers may be able to identify the caller before the call is answered. All Exchange Connection Service customers will be required to sign a non-disclosure agreement prior to being provided service. In the agreement the customer agrees not to disclose the calling party's telephone number unless the customer has written permission from the calling party.

The Telephone Company estimates these new services will increase its annual revenues during the first year by approximately \$1.2 million. Providers of voice messaging service and telephone answering services and their subscribers are the types of customers likely to be affected by approval of these services.

Feed Grain Comments Due August 28

The U.S. Department of Agriculture is planning the 1992 Feed Grain program and asking for public comments by August 28th on whether the acreage reduction percentage (ARP) for corn should be 5, 7.5, 10, 12.5, or some other percentage within the considered range.

Feed grain producers and the general public are also invited to

comment on whether the sorghum export use, ending stocks, season and barley ARP should be 0, 5, 7.5 average producer price, and the or some other percentage within the considered range. By law, the program participation rate. The 1992 Oats ARP must 0, according to Jerry Harris, Chairman of the Texas State ASC Committee.

Comments on the 1992 Feed Grain Program should be mailed to the Director, Commodity Analysis Division, USDA/ASCA, along with an analysis that includes estimated planted acreage, production, domestic and Washington D.C. 20013.

ESTIMATED IMPACTS OF 1992 CORN ARP OPTIONS 1

	Option 1	Option 2	Option 3	Option 4	Option 5
ARP (%)	7.5	5	7.5	10	12.5
Participation (%)	80	82	80	77	75
Planted Acreage (millions)	75.5	76.5	75.5	74.5	73.5
Production (million bu.)	8,320	8,440	8,320	8,230	8,145
Domestic Use (million bu.)	6,485	6,515	6,480	6,460	6,430
Exports (million bu.)	1,800	1,815	1,795	1,790	1,775
Ending Stocks (mil. bu.)	1,617	1,729	1,664	1,599	1,559
Season Average					
Producer Price (\$/bu.)	2.20	2.15	2.19	2.24	2.28
Deficiency Payments (4/mil.)	3,300	3,715	3,350	2,875	2,525

The estimated impacts for options 1 and 3 differ because lower ARP percentages are considered for grain sorghum and barley

Out The Library

by Dorothy Hall's

If you like old books, come by the library and check out what is being offered for sale. Many have a copyright date in the 1800's. Perhaps you are collecting a certain series or just like old, old books. You are welcome to browse and maybe buy.

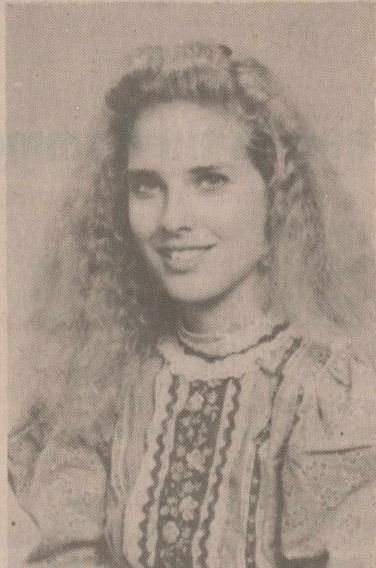

The Cat Who Knew a Cardinal by Lilian Jackson Braun is another book in the Cat Who Knew...series. Jim Quilleran expects to resume the quiet life he has grown to appreciate in Pickax after the summer visitors have gone from moose country. After he finds a body in the apple orchard, nothing is normal or quiet. This book has a breezy style; the mix of crime and cats is catnip to readers who like both.

Ryan White was a typical 13 year old when it was discovered that he had contracted AIDS through tainted blood products he had been given for his hemophilia. We know how Ryan White died. Here is the remarkable story of how he lived. The story is heartbreaking and amazingly hopeful.

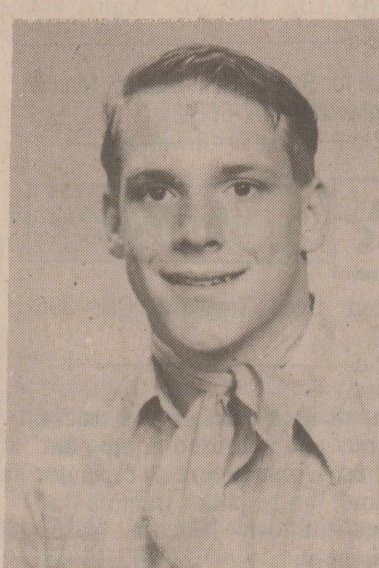

The Ryan White Story and The Cat Who Knew a Cardinal are in the library.
