SEWAGE HEARING IS SLATED

Last Tuesday afternoon I happened onto the scene of an accident that makes a fellow a believer in safety!

I was over at the Olton Enterprise when Parsons Funeral Home informed Bill Turner that a wreck had taken place outside of Olton. Turner and I went to the accident and what I saw sent chills up my spine.

I have seen a lot of wrecks and I have been upset before, but this time we were only minutes away from a death.

A man was killed in a truck that struck a school bus.

The truck was a complete loss and the bus turned over twice. A Negro girl in the bus had been thrown out and by some strange twist the bus missed crushing her to death.

The gentleman in the truck had not been missed! He was killed instantly.

His son was driving and is presently in critical shape in the Littlefield hospital.

The sight of an accident with loss of much blood can never be a "familiar" scene.

Only a few hours had elasped when I was called to the scene of an accident just outside of Hart in which a 1962 Ford overturned. The Ford had the top crushed in after skidding almost 100 yards . The passengers escaped.

Patrolman Ed Richards happened to mention that it was a miracle that either passenger was still living. I considered then just how close I had come to another death in the same

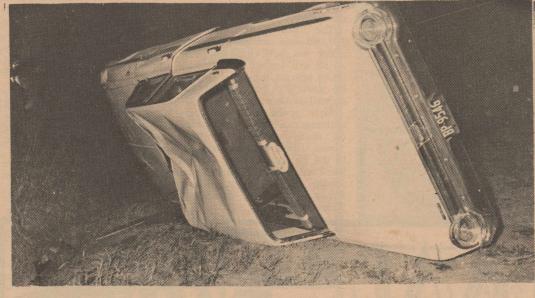

Perhaps this sounds rather silly to you but I drove the speed limit all the way home Highway Patro that night.

In the next few days I will most likely be called to the scene of another accident. Wonder who it will be next time.....

The senior class is sponsoring a Thanksgiving supper Friday, Nov. 16, from 5:30 to 8:30 p.m. at the school cafe-

There will be a choice of turkey or ham.

The price is \$1.25 for adults and \$.75 for children per plate.

THIS 1962 FORD overturned five miles South of Hart on farm road 168 late Tuesday even-

HIGHWAY PATROLMEN Charles Skinner (foreground) and Ed Richards inspect the gravel near the scene of the accident.

Near Hart

Curtis Dyer, Star Route, Fieldton, was involved in an auto accident Tuesday evening at 9:45 when a 1962 Ford he was driving failed to make a curve five miles south of Hart on

Highway Patrolmen Ed Richards and Charles Skinnerreported that the auto went out of control on the curve and skidded about 100 yards.

Elwood Prentice, passenger in the car, received severe lacerations about the head when he struck the windshield of the auto. Prentice was taken to Castro County Hospital in Dim-

Accident Methodist **Pastor Likes** Work Here

The Rev. Elra H. Phillips came to Hart on Sept. 19, 1962 and assumed duties at the First Methodist Church of Hart. Phillips came here from Cooper Methodist Church in Lubbock where he had served for three

Phillips has been preaching full time for over 15 years. He began preaching almost 27 years ago but retained his job as a barber.

He was licensed in May of 1948 in Lubbock at the Annual Meeting of the North West Tex-Convention of Methodist

In June of 1948 he entered McMurray College and grad-

uated in 1952. Later that year he began seminary work by correspondence and attended Summer Pastorate school at Perkins School of Theology at Southern Methodist University.

Phillips was awarded a scholarship in 1957 to do six weeks work in rural sociology. He was later elected vice president of the Town and Country Conference.

He worked for 11 years in rural churches and received the District Rural Preacher of the Year Award nine out of a possible 11 times. He also received two conference

The Rev. Phillips feels that "Hart is one of the grandest communities I've ever worked in. There is a grand spirit of co-operation and the church people are very close."

It is interesting to note that the Rev. Phillips was converted in a Church of God meeting, baptized by a Baptist preacher Methodist and joined the Church.

Board Receives **Protests**

The City of Hart's application to set up a sewage disposal plant will come before the Texas Water Pollution Control Board in a public hearing on Dec.18 at Austin. The City has made plans to run the discharge water into Running Water Draw.

Many protests have reached the Board including one from the Hale County Soil Conservation District.

F. F. Calhoun, chairman, wrote to call the board's attention to plans for a watershed on the draw and asked that this be considered by the board

in making their decision.

The land where the plant would be built, two miles southeast of Hart, is owned by Clements Corporation of Plain-view. J. R. Barnes of Austin water geologist, has been employed to protest on their be-

Barnes made the request that a formal hearing be held. A number of other downstream landowners have written letters

Hugh Yantes, chief engineer for the Pollution Control Board, said it has been suggested that water discharge from the plant be used for irrigation.

Proposed plans for the plant include and eventual maximum plant capacity of 72,500 gallons

School **Board Meets**

The school board met Monday Nov. 12 at the school. The board elected Mrs. Dub Cleveland as a special service teacher work part time.

The board has also given authority to Mr. Kennedy to employ another teacher.

Kennedy gave the enrollment as 554 compared to 486 at this time last year.

The PTA met Monday night at 8:00 p.m. in the school auditorium. Mrs. Bell and Mrs. Nivens fourth grade rooms gave a musical program with a western theme.

Ralph B. Drake of Portales, New Mexico gave a talk on good citizenship.

Mrs. Bell's fourth grade and the 11th grade rooms won the room count.

The next PTA meeting will be held Monday Dec 10 in the school auditorium.

AUSTIN, Tex.-Republicans have turned Texas into a two-party

The heavy vote for Jack Cox against John Connally, election of two members to the national House of Representatives and seven members to the Texas House, plus substantial Republican votes in nearly all areas, are being interpreted by many State Capitol observers as meaning that never again will the Democratic nomination be "tantamount to election."

Dallas County elected every Republican candidate for county and legislative office they had on their ballot, and gave Cox a 25,000-vote lead over Connally. Tarrant and Harris were close. Bexar, El Paso, Travis and Nueces, the next four of the big counties, went Demo-

Cratic.
Unofficial and incomplete returns indicate that Connally carried 204 counties and Cox carried 50. But it was the substantial Cox votes in the 204

counties he lost which makes this election significant.

Connally is conferring with legislators and with state boards and commissions. He will not make complete budget recommendations, since outgoing Gov. Price Daniel is required, under the Constitution, to make budget recommendations, to the Legislature.

But Connally will make his own budget proposals in his message to the Legislature.

Industrialization, tourism, higher education and water conservation are the areas of state activity which Connally stressed most in his campaign. He will propose the creation of a Bureau of Commerce to take

under his belt, said he holds no ill will toward areas which voted against him, that he will be governor for Republicans as well as Democrats.

Main areas where the Republicans ran strong were in the oil areas of West and East Texas, in the major cities, and in the Panhandle. They elected local officials in Midland, Ector Smith, Dallas, Kerr, Bexar, Pecos, Hutchinson, Zavala and Randall Counties.

the longest political campaign in Texas history there is a desire--on the part of many candidates, newspaper reporters who travel with the candidates, and the voting public-to return to the shorter campaign periods.

The old late-in-July, late-in-August and early-in-November voting months were far less strenuous than the present early-in-May, early-in-June and early-in-November dates. Campaigning in the heat of

the summer now is very much preferred over the cold winter months and the long, tedious battle period that extends from December to November.

Don't be surprised if there over tourist and industry-atis a big demand to return to tracting.

the old election dates. They The new governor with consumed only about 120 days, 120,000-vote margin of victory compared with this year's long. compared with this year's long, drawn-out, pace-killing, man-killing, more-than-300-day battle.

Governor-Elect John Connally has been quoted as saying he would favor moving the primary elections to August or September, as they are in most two-party states.
Under the present system the various party organizations close show during the summer.

close shop during the summer. Then it becomes necessary to re-organize and re-vitalize

each setup for the General Elec-CAMPAIGNS TOO LONG-After tion campaign. Heretofore the momentum generated carried them through to the November election. They got it all done in one big swoop.

Another reason for reverting to the old dates is that the cost of maintaining a long campaign naturally is much greater than the expense involved in a short

ISLAND UNDER FIRE--Officials of state and federal government had a heated discussion about land values on Matagorda Island in a preliminary

agorda Island in a preliminary round in the General Land, Main bout will take place during the November 19 session of the U. S. District Court at Victoria, where the federal government has filed a suit to condemn a lease on some 16,000 acres of land on the island. State of Texas will contest

the suit.

U. S. has leased land on Matagorda Island since 1942 for Air Force bombing practice. But when Land Commissioner Jerry Sadler was notified on May 31 that a new 5-year lease was in the offing, he raised objections.

Uncle Sam leases stateowned land there for less than six cents an acre annually. Some of it is subleased for grazing

at 25 cents per acre.
In last week's Austin meeting between representatives of the U. S. Department of Justice, the State Attorney General and the Land Office, it was learned that federal appraisal of the disputed prop-erty was made from an airplane.

Government appraiser placed a 44-cent-per-acre value on beach and grass land owned outright by the U.S.; set a six-cent value on some state land; and a zero value on other state-owned property--to reach a 25 cent rental rate.

State land was described as "marshy and boggy," but Rep. Grainger McIlhany, chairman of a legislative committee on state-owned lands, said he'd like to won "some of that worth-less land," which is thought to be rich in mineral value.

Land Office questioned the government's need for all the land it seeks to lease.

An assistant to the U.S. Attorney General replied that U.S. Air Force and Navy bombing and strafing operations were subject to error-both human and mechanical -- and simultaneous use by the public and armed forces would be "im-practical."

EMPLOYMENT UP--- Unemployment in the state dropped in September to its lowest level since October, 1959. September showed 155,400 unemployed, compared to 170.100 in August.

Employment increased from 3,471,300 hired workers to 3,472,800. Texas Employment Dommission predicted an overall gain in employment between September and November, with heavy concentration in no factory industries.

NOTES

Longhorns Run Over Lazbuddie

The Longhorns of Hart High School overcame poor officiating and a spirited Lazbuddie team to notch their second win of the season. It was the Hart Longhorns against the Lazbuddie Longhorns but Hart had the better team in a 13-0 victory.

Coach Dub Cleveland's boys unleased one of their best, efforts of the season. They gained 256 yeards and were penalized over 100 yeards. The officials admittedly made several mistakes but the Horns did not allow the errors to stop them

Bill Farris took a pass from Joe Rubalcaba and loped twenty yards for a score in the second period. At halftime the scoreboard read 6-0, Hart.

Both teams were unable to cross the goal line in the third period. Lazbuddie shook loose Gary Mac Brown several times but Brown was not fast enough

to escape the Horn secondary. Johnny Mabry almost broke on long runs but again Hart backs refused to allow a score.

Johnny Kittrell, Hart senior, racked up long gains all night but penalties played havoc with his average. Kittrell broke loose in the second period on

a 20 yard scoring jaunt that brought fams to their feet and Lazbuddie Horns to the ground. Kittrell ran over several Lazbuddie players to reach pay dirt.

Ken Fincher booted the extra point and Hart took a 13-0 lead with 10:16 left in the game.

The rest of the game saw each team come near the goal line. Hart had two opportunities to score but fumbles held them back.

Dennis McLain raised his running average with several long runs. McLain broke loose for runs of 25, 20, 34, 15 and 12 vards.

Cleveland praised his entire team but indicated that the last game would be tough. The Hart boys need this game badly to break even in the district race.

Last Game Of Season

Coach Dub Cleveland's Hart Longhorns stay at home this Friday evening and entertair the Vega Longhorns. This is the second Longhorn team in a row the Hart boys have played.

Last week Hart ran over Lazbuddie 13-0 while Vega was convincingly walloped by Bovina, 56-8.

This is the last game of the season for goth teams and each team needs the win. The two schools are tied in district play with records of one win against two losses.

Cleveland relates that Vega is a good team with hard runners. Wayne Taylor, 190 pound back is a freshman who has looked good all season. Taylor scored the only Longhorn touchdown last week for Vega on a 38 yard run.

HART PRODUCERS CO-OP GIN

Ed Bennett Meets Britisher

Two dollars and sixty-eight cents a hundred for grain sorghum! ThatIs what Keith Barrett, Chief Economist with J. Bibby and sons, feed manufacturers of Liverpool, England, pays for it to mix with his company's livestock and poultry feeds. Ed Bennett, Association staff members, last week showed Mr. Barrett grain sorghum production, marketing and use in the High Plains. The British visitor was particularly interested in establishing new lines of information relative to grain sorghum price and availability for use by his company as it plans its long-range feed purchases from the world market.

England and the other United Kingdom countries imported over 43,000 tons during this year. Barrett pointed out that his and other feed compounding companies had not turned against grain sorghum but that during this period sales policies of the Commodity Credit Corporation in the United States made U.S. corn more favorable priced to them than other feed grains including milo. He said that this past year milo generally ranged from \$1 per ton lower to \$1 per ton higher than

corn but even at this untavorable price relationship, his company continued to buy grain sorghum because of its recognized value in producing quality broiler meat.

EMERGENCY_RESOURCES--Gov. Price Daniel appointed Major General James E. Taylor chairman of a 35-member Texas Emergency Resources Planning Committee.

In answer to a presidential request, the committee will plan for conservation and use of essential resources and services at state and local levels in case of nuclear attack, and a temporary breakdown of control of service operations.

ED BENNETT (L) OF HART, Secretary-Treasurer of the Grain Sorghum Producers Association discusses grain sorghum price and availability problems with Keith Barrett (R), Chief Economist of J. Bi bby and Sons, Liverpool, England, and Bill Dean, Manager of Uhlmann Grain Company, Amarillo, in the company's Commodity Exchange.

Slight Accident In Edmonson

An accident occurred Friday at noon in Edmonson when a 1959 Chevrolet driven by Ber-

MILDRED'S

SHAMPOO & SET \$2.00

nabe Sarabia collided with 1963 Chrysler driven by Mrs. Rena Witten.

Mrs. Witten was traveling southeast and had stopped in front of Leon Melton's Service Station to make a right hand turn but gave no signal. Sarabia ssumed that she was going to turn left and attempted to pass on the right. The Witten car pulled in front of him before he could stop.

No one was injured in the

H.D. Exhibit Day Held

The Northwest HD Club captured first place with their booth at the annual Home Demonstration Club Exhibit Day held at the Southwestern Public Service Building in Plainview Thursday. There were 13 clubs in the county that displayed

Second place went to Snyder Serving Club and third went to the Harmony Club. Prizes were \$15, \$10, \$5.

The Northwest exhibit was entitled Home Hazard Hunting A clever poster bearing the title and the following information was above the display mation was above the display: Four major causes of home accidents-Falls; fires, poisons and firearms.

On the table beneath were these areas depicted by various items and dolls with these hazards.

A green table cloth carried out the safety colors of white and green.

The exhibit was set up by Mrs. Clyde Witten, Mrs. Bill Pinkerton, and Mrs. Bayne Mc-

Mrs. Eldon McEachern was chairman of the event.

MRS. R. C. WILLIAMSON

Mr. and Mrs. R. C. Williamson first came to the Edmonson community in 1952. The Williamsons moved from Halfway where they had resided for six years.

Williamson is a farmer in this area while his wife is very active as a member of the Halfway Methodist Church.

Living with them of their farm southeast of Edmonson is their daughter, Omega McDowell and grandson, Danny McDowell.

They have one other daughter who is married and lives in Plainview. Their only son resides in Seminole

Mrs. Williamson gives the Hart Beat one of her "special" recipes this week.

Alaskan Bakeless Cake

1/2 cup butter 3 egg yolks 1 cup broken pecans 3/4 pound vanilla wafers 1/2 cup sugar

I small can crushed pineapple Cream butter and sugar, add beaten egg yolks, Mix thoroughly. Add pecans. Mix well. Add crushed wafers. Then press into layer pan. Cill overnight.

Danny McDowell Is Honored

Danny Mc Dowell was honored on his tenth birthday Saturday with a party given by his mother, Mrs. Omega McDowell in the home of his grandparents, Mr. and Mrs. R.C. Williamson.

Games were played and birthday cake and cookies with ice cream was served.

Favors of party blowers were given each one attending.

Those present were Randy Stennett, David and Mike Degge of Plainview, Jeanie and Jan Fisher of Halfway, Rocky Kay of Dimmitt, Gl enda and Karen Kay of Finney, Don James, Roger and Baynetta McCurry of Edmonson and the honoree. P Parents present were Mrs Charles Stennett of Plainview, Mrs. Charles Kay of Finney, Bayne McCurry, Mrs. Williamson and Mrs. McDowell.

Sunbeam Meet Held

The Sunbeams met at the Baptist Church Wednesday night. Each youngster brought a personal gift for Mrs. Ethyl Paulson of Edmonson for a sunshine basket.

Mrs. Albert Painter met with the group.

Those present were Gregg Goree, Sandra Belk, Teresa Bennett, Lana Mae Grisham, Kay Row and Baynetta McCurry.

THINK, IRRIGATION FARMER

WATER is a commodity so precious that no tyrant has ever dared deny it to his people.

The earliest records of our civilization are linked to the spring and the waterhole, the river and the well.

The Children of Israel faltered in the wasteland and were ready to revolt until Moses struck the rock and brought forth a spring.

Wars have been fought over water rights and mighty nations have vanished because their water resources failed.

In view of these facts, can you afford the luxury of irrigation "TAILWATER??"
