## New School Building Approved

LIONS CLUB member Norlan Dudley picks him out a customer to make a mop sale. The future Lion is Tracy Ray Rich, 10-month-old son of Mr. and Mrs. Bill Rich. Scene here was the Lion's Lighthouse For The Blind sale, held Saturday. Proceeds from the sale, of which the Hart Lions netted \$190, will be used to support projects of the organization.

### Construction May Start In July, Officials Say

Hart voters returned to the polls Saturday for the second time within a month to cast ballots in the school expansion program.

They favored one proposal and voted down another.

Accepted was the \$360,000 bond for construction of a new junior high-senior high school and gymnasium.

The vote for the proposition carried 160 "for" to 135 "against".

Failing to pass was the \$75,000 for construction of a 600-seat auditorium.

It lacked 25 votes, being defeated 158 "against" to 133 "for".

There were 13 mutilated votes in the passing proposal and nine were thrown out in the auditorium voting.

Supt. Paul Kennedy said, "we had 307 voters in the first election and 304 in this one." He added, "I'm glad we got the school this time."

At a Hart School Board meeting Tuesday night, votes were verified and the election was accepted.

Kennedy said, "Herbert Bra-scher, the architect, has estimated construction will begin sometime in July."

The expansion program will provide, aside from the gymnasium, nine general classrooms, two science laboratories, a library study hall, commercial room, home making room and general administration area.

The new building will house both the junior high and high school.

The present high school will be converted to an elementary school.

First proposal in April was a \$460,000 bond. The junior-senior high school failed by 14 votes and the auditorium was defeated by 69.

### Miss Burress Seeking Title, "Queen Cotton"

Miss Becky Burress is one of the newest entries in the High Plains Cotton Carnival Queen contest to be held in Plainview.

As of last weekend there were 18 contestants entered. They will be seeking the coveted title of "Queen Cotton".

The Carnival is booked for May 16, 17, and 18.

Miss Burress entered this week, only a few days before entry deadline. She is the daughter of Mr. and Mrs. Herman Burress.

Becky already, as a freshman, has two beauty contests behind her.

She won first in the Lion's Beauty contest last month and was "Miss Congeniality" at Shamrock in further Lion participation.

She is being sponsored in the Carnival by Hart FHA.

### Turnout Excellent In Sale For Blind

An "excellent" turnout was reported Saturday by members of the Hart Lions Club as they sold items from the Lighthouse

for the Blind.

Lighthouse is a large caravan of brushes, mops, brooms, cup towels, rakes and other utensils made by the blind.

The one-day sale netted the Hart Lions Club \$190. They got 26 percent of the money they earned.

With 43 members in the local club, Lions alternated selling throughout the day.

The fire truck siren was used to good advantage as was the loud speaker.

Whenever someone drove by, they were hailed usually by both attention-getting sources.

Funds accumulated by the Lions will be used to support their projects of buying glasses and hearing aids for needy children.

Hart Lions also contributed to the crippled children's fund in Kerrville.

Norlan Dudley said, "We couldn't have time the sale better, since most of the people were in town to vote in the school bond election."

### Insect Control Gets Underway

With spraying authorized in Hart, Mr. Mosquito had best depart.

Out this week in an effort to curb the pest before it becomes more of a nuisance were city council members and volunteer firemen.

Among the spraying ranks were Norlan Dudley, Claude Cox, Stewart Newsom, Kenneth Warren, John Ray Holloway, Lyndell Warren and Dr. Jack Harris.

### Wheat Hurt

Hart grain elevator managers said this week that wheat yields in this area will be way off this season.

One producer said, "We will have just about half our normal yield."

The late freeze was reported blame for the fall off. Damage was especially severe on dry land crops.

Cotton gin managers thought about 50 to 65 per cent of the cotton has been planted.

Farmers are still busy in their fields. Main crops being planted are cotton, grain and castor beans.

LITTLE MISS Sharla Carson and brother, Danny Joe, are better yard cleaners than one might imagine. Their grandmother, Mrs. A. L. Aven, will vouch for their persistency to help. She calls them her little helpers. Sharla is 3 and Danny is 6. Their parents are Mr. and Mrs. Joe Edd Carson.

## This And That

BY MYRT LOMAN

Sunday, May 12, is MOTHER'S DAY. In fact every day is Mother's Day, as she daily has the responsibility of making a home, which sometimes is quiet a chore.

We never stop to think that she is tired at night from the days many activities, or that she is supposed to get sick.

As we grow older, we can look to the past and realize there were so many, many things we could have done to give mom a rest.

Could we only see as far in the future as we can in the past, I am sure there are a lot of things we could and would do.

Tell Mom you love and appreciate her. It cost nothing to let her know you care and she will appreciate this more than any thing money can buy. Money does not buy love.

In 1907 Miss Anna Jarvis of Philadelphia originated the idea of setting aside one day of the year for paying homage to mothers.

The day was observed locally at first and then generally, as the idea met with instant approval throughout the country.

In 1914 Congress designated the second Sunday of the fifth month as Mother's Day and called upon the President to request the observance of this day each year.

The carnation is the flower usually worn on that day and used for decorative purposes, and the idea has spread to wear white carnations for mothers no longer with us and red carnations for living mothers.

Churches, schools and other organizations have special services for this day of days and homes pay special honors to those who have made real homes possible.

Here's a little poem of tribute I found to Mothers:

A partnership with God is motherhood.

What strength, what purity, what self control,

What love, what wisdom shall belong to her,

Who helps God fashion an immortal soul.

The decision was made last week at a regular meeting when the group decided to attend the state fair in Dallas.

Hoeing will be only one means of raising cash. The girls also plan to wash cars and have a bake sale.

Chapter officers were elected at the meeting for the 1964 term.

They were Neoma Brooks, president; Betty Gaylon, vice-

president; Konnie Bowden, secretary; Linda Cole, treasurer; Connie Bailey, parliamentarian; Martha Sharp, reporter; Carol Mousner, historian; Sharon Bass, song leader; and Sherilyn Morrison, pianist.
