Don Sharp wills his ability to look after Stever Sharp's night gown business to Joe Stanton.

Joy Talley wills her nickname "Frosty" to Linda Cole.

Dwaine Hardy wills title of val. to Phil Green.

Guy Scoggin wills the ability to make good grades to David Gardner.

The Senior Class of 1963 wills our class trips in cars and our trip to Canyon on the Negro Bus., to the Senior Class of 1964.

Senior Prophecy Is Given Here

EDITORS NOTE: Below is the senior prophecy of Hart High School's Class of 1963.

Now we never thought Jerry Shive would graduate, but since he nearly has, but hasn't quite made it we will predict that he will still be trying to graduate in 10 years, that is if he doesn't miss another day of school.

We predict that in the next five years Jo Sanders will be the National Sweater Girl.

Don Sharp is the "Teacher of the Month" for the bunnies and his sidekick, Johnny Kittrell, is

editor of Playboy magazine. Dwaine Hardy, valedictorian of the Senior Class, is the world's finest hobo, traveling Route 66.

Guess who was awarded the "Most Hateful Girl" for 1969? Who else but Joy Talley. That same year she won the barrel racing event on her stickhorse.

Now Guy Scoggins is a hard one. In 30 years, he should be grey-headed, but can you tell it. "No", he will still be using Lady Clariol.

Mike Reed in five years will be selling dark glasses on the main street of Dimmitt. Guess who he's imitating?

Connie Popejoy is having troubles. Her three little pigs just won't try to learn their mama's cheerleading techniques that she masterfully learned in high school. But keep trying, Connie.

Carol Futrell, salutatorian of the Senior Class, is trying hard to stay in Wayland College, but the authorities just can't see why she kept trying to teach poker tricks to her professor and classmates.

Dero Sargent is the world's funniest midget walking the tight rope in a circus.

Marie as we can see it in the crystal ball is leaning over the sink washing and bleaching her five kids hair while Guy patiently waits in line.

MARIE DAVIS-F.H.A.-1,2,3,4; Songleader of F.H.A.-1,4; Historian of F.H.A.-2; Pep Squad-1,2,3,4; Treasurer of Pep Squad-4; Basketball-Manger-2,3,4; Most Talented-4; Class Favorite-4; Class Treasurer-4; Junior Play-3; Senior Play-4.

SUCCESS

Success is a relative thing, someone said. But each of us strives for it and plans his life and actions to achieve it. We wish you success in this most complicated society, but we would remind you not to achieve it at the sacrifice of self respect. Many people write that our young people are weak and unable to carry on the American tradition. This we do not believe. We have the utmost confidence in you all.

The pilfering around Hart is almost as bad as in other towns. An item I got from paper of neighboring city reads as follows: "Pilfers are getting desperate. Now they are swiping the numbers off houses."

Mr.---- who lives at 1103--

St. reported that sometime this week the first three digits, 110 had been removed from above his doorway. Strangely, the thief or thieves left the "3".

Now to Hart. The pilfering is bad here as faucets have been removed from hydrants at the cemetery and in years past the hose from cemetery was taken by unknown persons. Seems pretty low to take things from the cemetery.

Some work has been done at the cemetery but as Memorial day is near, the 30th of May, we might all work a little.

Plans are in the making to have a program that day at the cemetery.

Remember this is the time of year for our storms, and you need not have an invitation to

Hunting Arrowheads Runs In The Family

Hunting arrowheads and Indian artifacts apparently run in the Clevenger family.

Wester Clevenger, manager of Hart Grain, said he got the "bug" from his father. Wester's brother, Darrell, has the largest collection, however, and Vonda Kiker, a sister, has done some arrowhead looking herself.

The family, says Wester has a definite interest in Indian findings. A cousin, Roy Clevenger of Amarillo, has sold a large quantity of his collection for \$1,100.

Clevenger talked about the days when Indian tribes were hunting game in this region and about the tall grass and buffaloes.

"I found several fine arrowheads between here and Dimmitt," said Clevenger,

"and several more at Hart Camp and in the sandhills."

Clevenger said he had about 100 in his collection, but that his brother has close to 300 arrowheads.

We look for them ever chance we get on our vacations.

Clevenger showed a bow that Indians in Arizona had made and used. "I have no idea how old it is," he said.

The Hart man also has some arrowheads from Tennessee. "Some of them are really old," he said.

When the habit of looking for artifacts gets really strong, it calls for endurance.

Clevenger said he has hunted for Indian relics sometimes the entire day and would find only one arrowhead.

"We look for them mostly in plowed fields where rain

A Little Fatherly Advice For Hart Graduates

We heartily congratulate the Class of 1963 on reaching an important milestone.

If you live to be 90 it'll still be one of the biggest days in your life.

Suddenly you'll have grown about a foot---and aged some too. For the first time, you'll really be going forward under your own power.

Where to? What next?

Where you go in the world depends on how badly you want to get there.

The times we live in offer us plenty of opportunity to "go places," but they are also filled with dangers.

The American way of life offers us the right to live and work in a free society, but there are those who would take this freedom from us.

We urge you to be alert against these dangers. Take an active interest in the affairs of your community, your state and your nation.

Each of us, in our own way, should be a good citizen and work to preserve the heritage handed down to us by our forefathers.
