HERE'S a birds-eye view of the sewer line work being done in Hart by Panhandle Construction Co. The work is part of a bond program approved by voters. Some of the ditches are 22 feet in depth, requiring huge machinery to do the work. Hart Beat Publisher Bill Turner climbed aboard a bulldozer and was lifted high above the scene to get this picture.

## Stadium Plans Now Call For 500-Seat Capacity

Sale of season tickets to finance the new football stadium planned for Hart has gone over with such enthusiasm that expansion is planned even before construction gets under way.

The Hart school board voted Monday night to expand the new stadium from 300-seat capacity to 500-seat capacity.

Pre-season reserved seat sales by the Hart Mothers' Club have totaled about 200.

The ticket sales are continuing and anyone who wished to purchase tickets may buy them from members of the Mothers Club.

Work on the new stadium will begin Monday, according to Supt. Paul Kennedy. Con-

tractor is Vibra-Whirl Co., Panhandle. Cost of the structure will be about \$5,000.

The stadium will be about 90 feet long and will be situated between the 35-yard lines.

It will have about 200 electrical plug-ins for fans to use for electric blankets during cold weather, according to Kennedy.

The Mothers Club announced that any student who wishes a season ticket to all games, junior high and senior high, may purchase one at the school office for \$5.00

The reserve seat tickets for adults are selling for \$20, with half of that going as a donation to build the new stadium.

## Longhorns Battle Nazareth Friday

Nazareth will invade the football domain of the Hart Longhorns here Friday, Sept. 3, bringing to town one of the strongest offenses in District 1-B.

Kickoff time is 8 p.m.

The Swifts, with an eight-man team, will step up to 11-man ball next season. They have scheduled games this year with Hart and two other 11-man teams.

Coach Jack Aldridge will run his Swifts onto the field Friday bolstered by 16 lettermen, as he prepares for the transition to regulation size teams.

Aldridge is optimistic about his chances, pointing to a backfield filled with veterans and to an experienced forward wall.

"We'll have a power team with adequate speed," Coach Aldridge said, "Depth is our strongest point."

The coach listed passing as his team's weakest factor and called attention to the absence of a good break-away runner.

Aldridge is assisted by Coach Carl Irlbeck.

Hart, coached by Dub Cleveland, Eddie Nicholson and Don Ewing, is also stronger this year.

Cleveland said, "We're going to be stronger than last year, and will have good speed." He added that the Longhorns would be small, with the largest boy tipping the scales at 169.

"We're going to be better balanced than last season," said the head mentor, "but we lack experience."

Although the Longhorns are returning only six regulars, they have their three top scorers returning.

Cleveland, who is in his second year as head coach, hopes to improve on the third place finish last year in District 1-B by taking the season opener.

The Longhorns finished last year's season by taking the last

two district games. They beat Lazbuddie, 13-0, and won over Vega, 30-0.

## Enrollment To 551

Enrollment at Hart was up to 551 Tuesday, 55 students over the second day of enrollment last year at the schools.

Supt. Paul Kennedy said that the first day of school Monday saw 526 pupils enter the Hart school system.

He expects the number to keep on the increase and perhaps reach 600 by time harvest gets in full swing.

"If I was predicting," said the Supt. "I'd say we would reach 600 since our maximum enrollment was 554 last year."

Kennedy pointed out that there were 73 more students near the middle of school last year than when classes began.

The Supt. said the one per cent of white children enrolled was 57.71, compared to 42.29 per cent Latin American students.

## August Brings Inch of Rain

Hart received approximately one inch of rain during August. Rain was so scattered that at times area farmers received from one-half to two inches at time of the showers.

Most farmers are now through irrigating cotton and grain and would like to see about 60 days of hot, dry weather.

LONGHORN COACHES and captains talk over Friday night's game with Nazareth. Coach in the back left is Eddie Nicholson. Head Coach Dub Cleveland is on the right. Captain at left is halfback Billy Farris and his running mate Dennis McLain is at right. Both boys will assume starting roles here Friday in the 8 p.m. game with visiting Nazareth. Farris was the team's top scorer last season and McLain was second.

## LETTER TO THE EDITOR Objections Made On Dogs Running Loose

**Editor's Note:**

The following letter was written by R. A. Futrell and is entitled "Dog Tales I Hear Around Hart". It was written after Futrell read an article in the Tulia paper concerning a new city ordinance which will control the unrestrained freedom of dogs. Quoting a part of the Tulia story: "The ordinance, created by popular demand, provides that dog owners must keep their animals either on a leash or in a pen. The law provides that dogs running at large will be impounded and vaccinated. If not called for, the dog will then be destroyed after a specified time. Futrell says:

The above clipping from the Tulia Herald is a perfect parallel to the conditions in Hart, according to what people living in Hart tell me.

One man told me that his wife owned one of those famous kind you see around town and that she thought it was a wonderful pet, "just a big overgrown puppy", that wouldn't bite anybody.

She threw her arms around it one day and picked him up to love him a little, and he bit her through the nose.

Another man says when his morning paper is thrown out on his lawn, a 24 hour vigil of the canine corp is still in progress,

and he often fails to get the paper he has payed for.

Another thing, you don't want to walk up to a pickup with one of those things riding in the back, unless the owner sees you before that "big over-grown puppy" sees you.

So go the dog tales people tell around Hart. The Hart Beat would not contain half of them.

Oh yes, we have a family pooch out at our house. He will weigh about nine pounds, and he's getting old and a little ill. He tells everything he knows and a few things he doesn't know.

When friends come around, he always tells it. I investigate the disturbance, and if there is any biting to be done, I do it myself. He knows if he tries it, he won't get but one bite.

My friends and neighbors are my most valuable possession, and it is the thrill of my life when they think enough of me to call at the house. I won't tolerate anything which contributes the slightest displeasure to their visit.

When Hart has a new city ordinance like Tulia has, about eight or nine people out of 10 will be made happier by it.

Apologies to those who feel they are entitled to such, and more patience to the rest of you.

Friday night, are backs Billy Farris, who scored 58 points last year; Dennis McLain, who tallied 32; and Joe Rubalcaba, who packed the ball in for 20 points.

Fans may see Rubalcaba running more from a halfback position against opponents this season. Cleveland has moved Gary Heller, a regular end last year, to the man-under spot.

The coach said Heller is a good passer and a fair runner. Another switch is Carl Ward from center to an end position.

Other lettermen, which will add heavily to the Longhorn's success, are ends Mark Martin, and Kenneth Fincher, center Phil Green, tackle Tommy Morrison, guards Larry McKay and Harvey Sullivan, and backs David Gardner.

Cleveland said his Longhorns would utilize a professional-type offense running from variations of the wing-T formation.

Fans can look for the Hart 11 to take more to the air ways Friday in an attempt to build a powerful one-two attack.

Captains for the Longhorns this season are McLain and Farris.
