Hart Tackles Tough Kress 11

Hart's Longhorns Friday night will take the field against the 3-A Kangaroos from Kress, a team which last year dropped Hart 37-0. The 8 p.m. game is out of town.

Coach Leo Fields said after his team had stumped Anton,

Six-Weeks-Old Infant Dies

The infant daughter of Mr. and Mrs. Ralph Myrick of Hart died Monday after respiratory efforts failed to save her life.

Six-weeks-old Patchus Aileen was rushed to Dr. Jack Davis' office, but could not be revived.

Mrs. Myrick told friends she detected something wrong with the baby's breathing while she lay in a bassinet.

Funeral arrangements were conducted Tuesday in the First Baptist Church with Rev. Denzil Leonard, pastor, officiating.

The infant was buried in Hart Cemetery under direction of the Dennis Funeral Home of Dimmitt.

Pallbearers were Larry Lee of Hart and Jackie Clark of Dimmitt.

Survivors are the parents, one sister Johnna, maternal grandparents Mr. and Mrs. John Rice and paternal grandparents Mr. and Mrs. D. D. Myrick, all of Hart; and a great-grandfather, J. T. Myrick of South Plains.

26-6, and bested Turkey, 18-14. "We are small and inexperienced, but we have some kids that will strike you."

Leading the Kangaroos, a team that finished 6-4 in 1962, and came from dark-horse contention to the state quarter-finals in 1961, into the 1963 wars are halfbacks Benny Tye and James Lockeridge, both '62 lettermen.

The Kress coach said, "We will definitely build our running attack around these boys." Lockeridge ran a 10.5 in the 100-yard dash as a freshman

Autumn Arrived Monday Noon

"If Autumn is here, can Jack Frost be far behind?" This is a question many area farmers probably are asking themselves as Autumn made her official entry Monday at noon.

According to weather statistics, the average date for the first frost in this area is on or near Oct. 29.

Farmers still are in need of hot drying winds with plenty of sunshine in order for late cotton and grain to mature.

Several area farmers have been cutting grain with moisture tests averaging around 15.

The earliest frost recorded in this vicinity was on Sept. 25, 1926.

HOWE PARKER

Parker Used Walking Plow To Till Land In Louisiana

This Week's Farmer is Howe Parker, a man who moved to this agricultural region from near Monroe, Louisiana.

"When I moved out here in 1945," confessed Parker, "I didn't know what maize looked like and I'd never seen a tractor."

The Hart farmer was at Olton for six years before beginning work in this community.

It didn't take Parker long to

learn the advantages of a tractor and big farming.

"Down in Louisiana some of the larger farms are 100 acres, and much of the land is still being farmed with a Georgia stock," said Parker.

Georgia stock, he explained, is a walking plow. Parker said he had used plenty of them.

Parker added that when he went back to his early stomping grounds, many of the people

didn't believe that farms in this region are as large as he told them.

Parker farms 800 acres himself and he adds, "that's not enough."

The Hart farmer is presently tilling land owned by I.S. Scott and Steve Boruk.

"It cost a lot of money to farm in this region," said Parker, "but you can make money out here."

Parker and his wife, Evon, have three boys, Jerry Wayne, 16; Larry Don, 14; and Kevin, 4. Their farm is six miles southwest of Hart.

Parker said his crop is looking good, although some of his maize is beginning to turn black. "I took some heads to the experiment station," said Parker, "but they didn't know what was causing it."

His cotton is heavily loaded, lapping over the middles. He watered it only once.

Parker said he rotated his crops, planting cotton, feed and soy beans. He has cotton planted on last year's soy bean soil.

"I don't have enough cotton allotment to rotate equally," he said, "and have to bet more on maize."

He said he felt farming was a real gamble but that he hadn't been ruined yet.

"Farming is all I know, and it's what I like best," summed up Parker.

Pianist Carol Futrell To Accompany Choir

Carol Futrell, 18, won a second scholarship last week when she successfully auditioned as pianist for the Wayland International Choir.

The young woman, daughter of Mr. and Mrs. R.A. Futrell, already had won a scholarship on the basis of being named Salutatorian of her graduating class.

Miss Futrell will accompany the Choir on all of its trips to various points engagements throughout the country.

The Hart girl has been playing the piano for 10 years, beginning lessons under Mrs. R. W. Davidson of Tulia.

For eight years, her private teacher has been Mrs. A. F. Denton.

Carol is a non-major at Wayland and is interested in church music or counseling as her profession.

The Wayland Choir will tour widespread churches, singing classical, church and secular music.

Miss Futrell said her preference of music is classical. "I can't stand hillbilly music," she added.

During the summer, Carol said she practiced for an hour a day, but when school started, practice was catch as catch can.

She now is taking private piano lessons and choir from a Plainview instructor.

Ladies WSCS Meeting Held

Ladies of the W.S.C.S. of First Methodist Church met Thursday, September 19, in Fellowship Hall for a regular meeting.

Mrs. Paul Armstrong presented the program for the meeting.

There were eight members present, Mmes. R.C. Bailey, Paul Armstrong, Ed Bennett, Hubert Maples, E. H. Phillips, Mabel Aven, Lenora Smith and Mrs. E. E. Foster.

Homecoming Plans Made

October 4, is to be a big day for the Hart student body. That's the afternoon of the downtown parade and pep rally, which is to precede the homecoming football game with Anton.

The rally will be held on the bank's parking lot. There will be a homecoming float decked out in maroon and white, the school colors, a longhorn on one side and a good luck horseshoe on the other.

Goal posts will decorate the front and "Beat Anton" will enhance the rear.

Special places will be arranged on the float for the queen and candidates. Crowning of the queen will be at 7:30 p.m. that night preceding the 8 p.m. game.

Hart's Booster Club also will be represented in the parade.

Beta Sigma Phi will serve an enchilada supper from 6 p.m. to 7:30 p.m. Plates sell for \$1.25 for adults and 75 cents for children.

Bon Fire King Will Reign

A pep squad meeting was held Thursday after school to elect a "Bon Fire King", who will be crowned Oct. 3, in advance of the Anton-Hart football game.

The fire will be set at 7 p.m. amid cheerleader yells and homecoming speeches.

Thursday also was "Western Day", with students wearing western clothing to school.

PAH Committee Meeting Called

A meeting of the Steering Committee of the Plains American Heritage Program, co-ordinated by Wayland Baptist College, has been called by Charles Finney Ogilvie, new director of the program.

Public schools in Hart and ten other area cities have been participating for the last four years in heritage activities.

Superintendents have been asked to appoint permanent Steering Committee members to meet for dinner at 7 p.m., Monday, Sept. 30, in Slaughter Memorial Center on campus.

Following the dinner session, plans will be made for the annual essay, poster and project contests for students, and purchase of film strip series will be discussed, according to Ogilvie.

"Another important item is discussion of a possible change in the type of prizes offered to contest winners," he added.

First general Plains American Heritage meeting will be Oct. 28, when speaker will be Boone McClure, director of the West Texas Museum at Canyon.

BECKY BURRESS

RECIPE OF THE WEEK

This week's recipe is submitted by Miss Becky Burress, a sophomore at Hart High School.

It is fruit cocktail cake.

Becky is a daughter of Mr. and Mrs. Herman Burress and a popular student. She has been in the pep squad two years, FHA two years, an annual staff artist for two years, and has played basketball and volleyball for two years.

She was sweetheart for the Hart Lions Club and entered the Cotton Carnival contest in Plainview.

Ingredients for her recipe follows:

Fruit Cocktail Cake:

1 cup sugar
2 cups flour
2 tsps soda, sifted together

Add 2 large or 3 medium size eggs and one can 303 fruit cocktail.

Mix well and pour into greased pan and top with 1/2 cup sugar, 1/2 cup nuts; 1/2 cup coconut and bake one hour at 325 degrees.

Icing:

About 15 minutes before cake is done, mix in sauce pan, 1 1/2 cups sugar, one large can condensed milk (Carnation), one stick oleo.

Boil five minutes and add one teaspoon vanilla and pour over cake as soon as removed from oven.

Local Lady Whipped & Beat!

Yes, that's right, I was just plain whipped as to what to do about our old drab furniture and woodwork until I went to Ed Harris Lumber Co. and they showed me "Old Masters Liquid Wood" to create beautiful blond wood finishes without messy removing, tiresome scraping or costly bleaching, adv.

 TEXAS PRESS ASSOCIATION

AUSTIN, Texas---Now in effect is a new compulsory school attendance law which requires school children, ages seven to 16, to go to school 165 days out of each 175-day school year.

Before the 58th Legislature passed this law, the minimum attendance requirement was 120 days. This left a wide margin for truancy---especially by children of migrant farm workers who are on the move two or four months out of the year.

Laxity of compulsory attendance laws has been cited as one reason for the high rate of illiteracy among Latin Americans. Texas' rate of illiteracy is high for all races. It has been estimated that almost 10 per cent of the state's population is functionally illiterate.

A recent U. S. census survey showed that the average school child in Texas, with a Spanish surname, did not go past the fourth grade. Average Anglo finished the 10th grade and the average Negro completed the eighth.

It will be up to individual school districts to see that children attend school 165 days a year, according to Leon Graham, deputy commissioner of the Texas Education Agency. However, the main responsibility lies with the parents. If a school officer warns the parents of a truant child, they are subject to a fine of \$5 for the first offense, \$10 for the second offense, after a warning, and \$25 for each subsequent offense.

Graham said it is no problem for a migrant parent to enroll his child in any school. No formal transfer is required. "Our schools are here to serve the children of Texas," he said. "All they have to do is say, 'Here I am'."

SCREWORM PROGRAM

PRAISED---Dr. E. F. Knipling--known as the "father of the screwworm eradication program"--addressed Southwest Animal Health Research Foundation trustees at their annual meeting in Austin, and praised the progress of their eradication campaign. But he cautioned them against complacency.

Knipling reported that in August, only 81 screwworm cases were reported in Texas, compared to 5,088 in August, 1962. But a large percentage of the 81 were in the Trans-Pecos area.

Animal health officials feel the Trans-Pecos problem is a direct result of screwworm flies migrating from Mexico. Mexico's northern border has been the target of sterile fly drops for several months now. But newly-gained knowledge that the fly can travel about 180 miles on his own volition is worrying the officials.

Knipling said, "We must intensify our survey efforts to find where fly drops will be most effective; then widen the barrier to prevent infestation."

NEW OFFICERS---Dolph Briscoe of Uvalde is the new president of SWAHRF. The young rancher just completed a term as president of the Texas and Southwestern Cattle Raisers Association, before he took the animal health post.

New vice-president is Joe Lane of Alpine. T. J. Richards of Paducah is secretary-treasurer.

EDUCATORS MEETING SET---Texas Association of School Administrators and Texas As-

sociation of School Boards will hold a joint meeting in Austin on September 22 and 23 to hear talks on education in the Space Age. They will hold seminars on: School dropouts, the migrant pupil, religion and the schools, teaching Americanism-versus-communism, and textbook selection in Texas.

POLL TAX REPEAL---Campaign for repeal of the poll tax as a requirement for voting was launched by the Texas League of Women Voters, with Gov. John Connally and Vice President Lyndon Johnson giving their support to the movement.

On November 9 Texans will vote on a constitutional amendment to remove the 60-year-old requirement that you pay a poll tax to vote. Texas voting will be under the shadow of a proposed U.S. constitutional amendment outlawing taxes on the right to vote in elections of Federal officials. Legislatures of 36 states already have ratified this amendment, and when two more approve, it will go into effect.

Texas Legislature provided Texans a "do it yourself first" route by submitting the proposed amendment to the Texas constitution at the November 9 election. There is no chance for the U.S. amendment to go into effect until after that date.

TOURISTS---Texas' first formal effort to attract tourists will get under way now that Governor Connally has appointed the seven men to head the new Texas Tourist Development Agency.

Interestingly enough, most of the seven are natives of other states, indicating that Connally felt they would know best how to bring other Americans into Texas.

Frank Hildebrand Jr., former Louisiana, Baytown, Houston and Dallas news writer, will be executive director. For the last year, he has been chief of the travel promotion section of the Texas Highway Department.

On the advisory board which will help Connally direct Hildebrand are Bill Berger of the Hondo Anvil Herald and president of the Texas Press Association; Chris Fox, El Paso banker; James M. Gaines, San Antonio radio-TV executive and president of the Texas Tourist Council; John McCarty of Dallas, vice president of advertising for Frito-Lay, Inc.; G. A. (Pop) Mabry, Houston, public relations director for Humble Oil & Refining Co.; and John Powell, Austin hotelman.

AGING---State Senator Walter H. Richter of Gonzales was named by Governor Connally to head the Governor's Committee on Aging.

Secretary of State Crawford Martin headed this committee while he was in the Texas Senate. Many of its recommendations have become law, but Connally said much remains to be done.

On his list of assignments the governor suggested work to remove from state mental hospitals about 2,100 persons over 65 who are senile, but not really mentally ill. Many feel

they have been sent to the mental hospitals simply because there was no other place for them to go. Effort will be made to transfer them to nursing homes.

Because people are living longer, the number of Texans over 65 increased 45 per cent between 1950 and 1960. Population increased only 24 per cent.

TALKING BOOKS---A new record was set in August on circulation of "talking books."

These are the albums of phonograph records distributed by the State Library under a federal-state program to aid the blind. Current magazines and popular books are read onto records and distributed free to the blind persons.

During August a total of 6,374 albums of records were distributed.

State Library also distributes books in Braille as a part of this service.

GAS---Natural gas continues to be one of the major cash crops of Texas.

Texas Railroad Commission reports that in June, 21,044 gas wells and 125,169 oil wells produced 573 trillion cubic feet of gas. The lion's share, 406 trillion, went into transmission lines.

Of all the gas produced, 39.83 per cent was exported to other states, and 30.99 per cent was carried by pipelines for use in Texas.

Hart Romps To 48-20 Win Over New Deal

A free-scoring football game last Friday in New Deal, which saw the goal line crossed 10 times, ended in favor of the Hart Longhorns, 48-20.

Hart, paced by the passing of Joe Rubalcaba, the break-away running of Billy Farris and the pass snagging of Kenneth Fincher, had the Lions outmanned.

Touchdown fireworks were not long in coming after the opening kickoff. New Deal tried three running plays and punted to the Hart 14. Gary Heller, a fine-running back all night long, picked up a first down to the 28. Rubalcaba rolled for another first to Hart's 43. Farris followed with a first down gallop to New Deal's 46.

The Longhorn attack bogged down at the 50 and Hart was forced to punt. Randy Peeples, New Deal's outstanding half-back, fumbled the punt and Hart's Roger Lancaster came up with it on the Lion's 15 yard line.

Farris was hit at the line of scrimmage on the first running play. Heller picked up three to the 12 and Rubalcaba kept to the 9. Attempting to pick up the four needed yards, Farris was tripped up on the 8 and New Deal took over.

On their first play from scrimmage, Jerry Brown, a great running back against Hart, moved the ball out to the 11. But on the second play, the Lions fumbled, and once again Lancaster made the recovery, this time on the five.

It looked as if the Longhorns were to be stopped again, for two running plays netted not a yard. On third down, converted halfback Carl Ward scooted into the endzone for the first counter.

The point after try was kicked to the left of the uprights. New Deal got back in the game abruptly. Brown fielded the Hart kickoff near his own 20 and ran straight up the middle for a tying touchdown. The extra point failed and the game was even at 6-6.

The Longhorns went after their second touchdown and drove 62 yards in eight plays to score. After Farris returned the kickoff to his own 38, Rubalcaba got two to the 40. Fincher caught a first down pass which moved the Longhorns to the Lions 45. Heller moved to the 40 and Rubalcaba broke loose for 10 more to the 30. Farris hit for two and an incomplete pass had its third down and eight yards needed for a first.

Heller came to the rescue as he picked up first down yardage to the New Deal 16. From that point Farris racked up his fourth touchdown this season. The shifty back took a handoff around his left end, faked two defenders on the 10 and avoided two more at the goal.

Rubalcaba passed to Fancher for two points and a 14-6 lead.

Hart was knocking on the touchdown door again in less than two minutes. Hart was unsuccessful in recovering an on-side kick, and New Deal took over on its own 43.

On the first play, Hart's Heller dropped the Lions for a three yard loss. Peeples got two of it back, then the Lions tried their passing game.

It backfired when David Gardner picked off the aerial and returned it to New Deal's 49.

It was then the Longhorns time to try the airways. The first attempt was over Ward's head. On second down, a Hart lineman jumped offside but the penalty was refused. Faced with third and 10 Rubalcaba wheeled out to his left and Gardner raced behind the defensive secondary. When Rubalcaba threw the ball,

nobody was in 20 yards of Gardner, and he rambled 49 yards for the touchdown. The point after failed and Hart was ahead, 20-6.

The Lions roared back for their second touchdown just before the half. Peeples showed a flash of brilliance when he took the ball at midfield and galloped to the Hart 21. He was piled on unnecessarily and a penalty moved the ball to the 11.

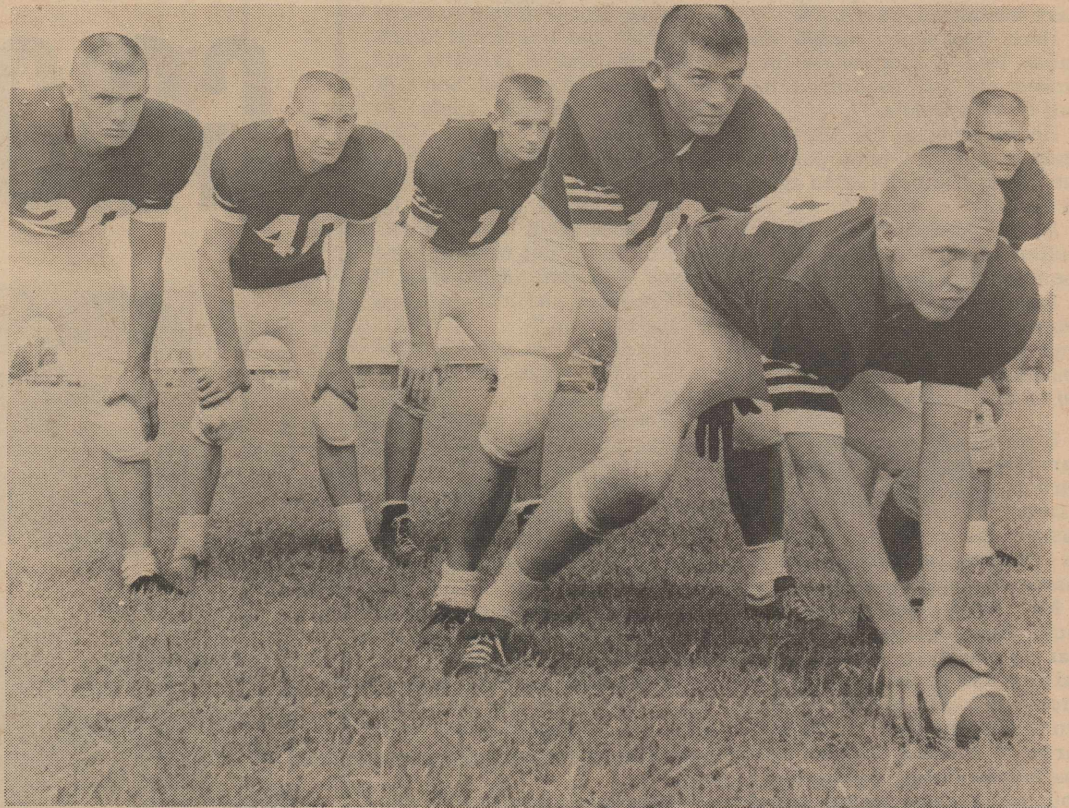

Brown hit to the four and Peeples pushed over after the ball had been moved to the one. The extra point failed, and the halftime score stood 20-12.

It didn't take Hart long to extend its advantage. Runs by Heller and Farris moved the ball from New Deal's 41 to the four in only five plays.

Farris carried over for the touchdown. The point after was no good, and Hart lead 26-12.

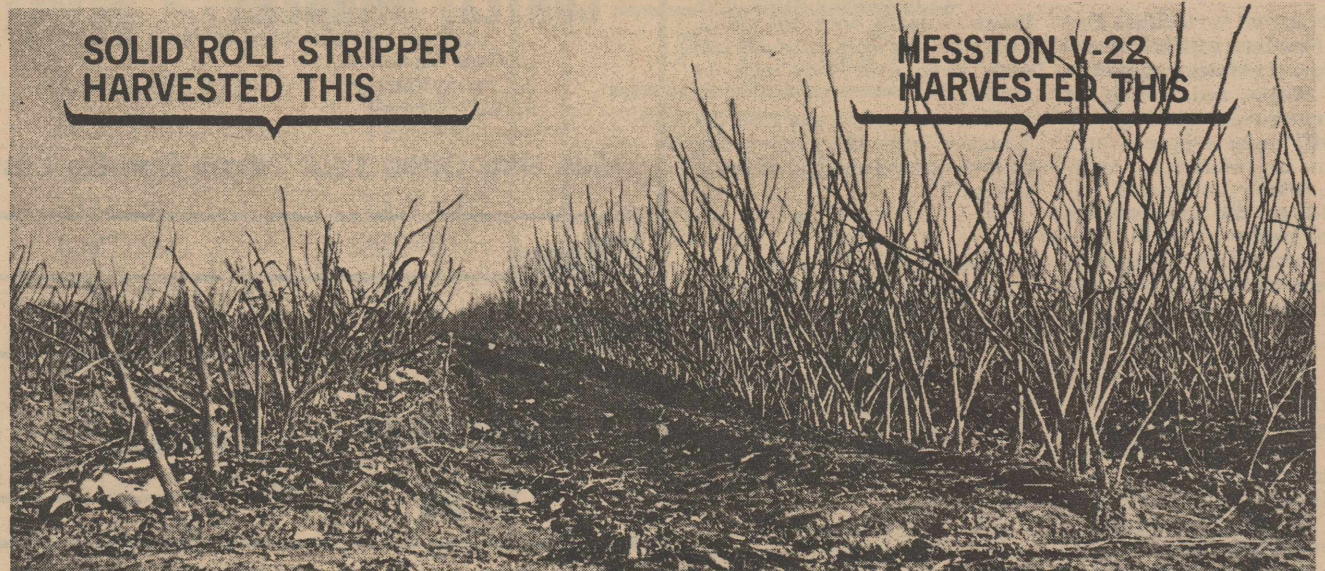

Less time than it took to say "Jack Robinson", Hart had another touchdown. New Deal tried three running plays after taking over on their 37 and lost yardage. When they tried to punt out, Farris came storming up the middle, blocked the punt and recovered the ball on New Deal's nine-yard line.

Heller kept to the five, and Rubalcaba punched over from there. Rubalcaba passed to Fin-

In side-by-side tests in West Texas, a Hesston V-22 Cotton Harvester with exclusive brush action outperformed one of the best strippers on the market. This performance is well illustrated in the photograph above. The V-22 brushes more cotton, cleaner cotton — does not abuse the stalk. Roy C. Frazier of Midland, Texas, says: "The V-22 is the only machine I have seen in this area that will strip shoulder-high irrigated cotton." Charles McClure of Burkburnett, Texas, recalls: "We did not have a single baky bale all season." Tom Teel of Mountain View, Okla., reminds: "I harvested one field of skip row cotton that two strippers pulled out of because they couldn't handle the big stalks."

cher for the extra points and Hart was ahead, 34-12.

Hart, thereupon turned the game into a riot, when they kicked off and recovered the ball on New Deal's 37.

Heller went to the 35. Mark Martin caught a jump pass to the 30, and Heller reeled again to the 25.

Farris blasted to the 22 and Heller made it to the 14 when the third quarter ended.

Rubalcaba, on the first play after changing ends of the field, kept for 14 yards and another touchdown. The extra point failed and Hart was ahead, 40-12.

Brown and Peeples alternated carrying the ball to Hart's 13 yard line, midway in the fourth quarter. Gary Winningham passed the remaining distance to Peeples in the end zone, making the score 40-20.

New Deal tried an on-side kick which almost backfired. Harvey Sullivan scooped the ball up and broke away to the Lion's 37. On the first play from scrimmage, Rubalcaba threw to Fincher for the final touchdown. Heller ran the extra points and the game ended 48-20.

Sec. Freeman Will Visit

Secretary of Agriculture Orville L. Freeman will be in Lubbock Nov. 4, visiting this section of Texas and finding out what farmers are thinking.

He will make a speech at 2 p.m. in the Municipal Auditorium, which is located between 4th and 6th Streets of the Tech campus.

Early notices are being made on Freeman's arrival to enable planned attendance.

HEAR DISCUSSION

Going to Spearman Monday night were Mr. and Mrs. Kenneth Covington, Mr. and Mrs. Henry Hendrix, Lester Flippo, Dwight Miller of Hart and Kenneth Tipps of Edmondson.

The group attended a public discussion led by Glen Crowe Church of Christ Minister (former Hart Minister) and Father Edwin Kieran, priest.

O. C. Lambert, who is a well-known author, lecturer and evangelist will speak in a series of lectures at the Spearman Church of Christ Sept. 10-15.

IN IDALOU

Mrs. Ena Bowden and daughter Connie spent Sunday in Idalou visiting with her brother and family, Wheeler Roberson.

BY MYRT LOMAN

These bits of advice to teens are from the Farm and Ranch Magazine and it is worth the time spent in reading. Some of the advice might apply to grown-ups.

"Don't ever let anybody sell you the idea that chasity is out of date. Chasity will never be out of date. Your children will want their mother to be as pure as you want your mother to be."

"Freedom and morality are one ball of wax."

"There is one great giver-and that is God, not the government."

"You should be awarded according to your ability and your effort, not your needs."

"If you're determined to milk all possible pleasure out of life buy your own cow. Don't milk somebody else's through the fence."

"Every person can excell in something---Do not accept mediocrity".

"In the final analysis, neither your government nor your parents are responsible for you. You are responsible for yourself."

"Reputation is what your obituary says. Character is what your angels say".

"You can't help it if you are ugly at 18. But if you're not beautiful at 80, it's your own fault."

"The great accomplishments of history have been wrought by the individuals, not by the mass. Learn to sing solo. Anybody can sing when everybody else is singing."

"Dare to be 'Square'. Be the 'Chicken' with the guts to say no to the crowd when the crowd's wrong."

Pappy and I plan a few days off from our regular work schedule, so will you be as nice to Bro. Phillips and Mrs. Herman Burreas as you have been to me in giving news for our paper. Everyone needs a break from regular routines. We soon get in a rut; and you know what a rut is, "A Grave Open at Both Ends".

Mrs. Joe Newman will take care of flower orders for me, so please call her at the office or her home.

IN KEENOM HOME

Visitors in the home of Mr. and Mrs. G. C. Keenom Sunday were their daughter, Mrs. Alice Keenom and Miss Rose Mary Billy of Oklahoma City, Mr. and Mrs. Wayne Brown of Nazareth and from Hart were Mr. and Mrs. Pete Brown, Mr. and Mrs. Ray Warren, Mrs. Carl Godfrey, Mrs. Lewis Smith and daughter, Kay, and Patricia Richburg.

MISS TALLEY

Miss Talley

At Draughon's

Miss Joy Talley, daughter of Mr. and Mrs. Alvin L. Talley, has enrolled for fall classes at Draughon's Business College in Lubbock, where she plans to major in secretarial work.

Joy is a 1963 graduate of Hart High School where she was a member of the pep squad, basketball and FHA Club during all four years. She served as President of the pep squad during her junior year and vice-president of the FHA Club.

THESE GIRL Scouts from Hart assembled recently for a trip to Plainview and a visit in the park and a game of miniature golf. From left to right in the front row are Debbie Davis, Jeton Jones, Marsha Seago, Brenda Covington, Maria Perez, Jean Inscore and Veronica Cox. In the back row from left are Cathy Warren, Sharon Brooks, Kathy Alexander, Mrs. Dwight Miller, leader; Carol Miller and Sandy Burnett. Women who took cars were Mmes. Calvin Alexander, Paul Brooks, Lyndell Warren, B. R. Bennett and C. W. Seago.

and Tye runs about a 10.7. Lockeridge is a sophomore, while Tye is a senior.

Joining Tye and Lockeridge as lettermen are Stanley Young, fullback; Larry Carter, tackle; Larry Pirkle, tackle; and Ronnie Vineyard, end. Young will also alternate at end.

Starting linemen on the sophomore dominated club are Johnny Watson and Vineyard at ends; Pirkle and Carter, at tackles; Mickey Garner and Pete Ybarra at guards; and Marlin Andrus at Center.

Coach Fields has singled out Vineyard and Carter, along with Lockeridge and Tye for all-star honors.

Last week against the highly touted Buffaloes from Petersburg, Kress nosedived 42-0. The Buffs have won 12 of their last 13 games and stand 3-0 for the season. Kress has a 2-1 record as do the Longhorns.

Although Hart won handily over New Deal last week, the

Longhorns were playing without the services of Dennis McLain. The speedy halfback has been sidelined with torn muscles in each thigh.

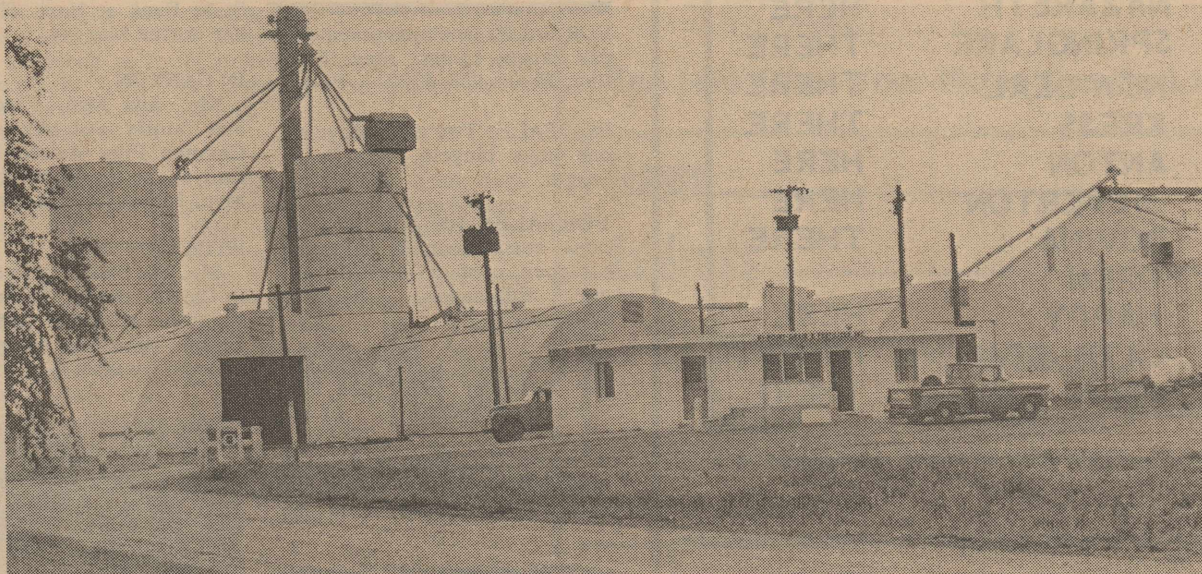

McLain was bothered with his legs before the season began and in the Springlake game, the injury became more intense.

He did not suit up against New Deal and doctors have told him it will probably be two weeks before he is able to run.

Hart came out of last week's game with only slight bruises. Both Larry McKay and David Gardner have healed from early season injuries.

Probable starting lineup for the Longhorns will be David Gardner and Mark Martin at ends, Roger Lancaster and Tommy Morrison, tackles; Larry McKay and Harvey Sullivan, guards, Phil Green, center; Joe Rubalcaba or Gary Heller, quarterback, Billy Farris and Carl Ward at halfbacks and Kenneth Fincher at fullback.

Varner Wins Grid Contest Second Time

Gene Varner of Nazareth won the Hart Beat football contest last week for the second week in a row, but not without spirited competition.

Varner was the only entry in the contest to guess all the games right, but six others missed only one game.

Second place went to Jerry Varner of Nazareth and third was won by G. C. Graves. Jerry was 32 points off on the tie-breaker, while Graves was 37.

Others who missed only one game were Polly Sanders, Mrs. Guy Ford Jr., David Adams, Guy Ford Jr., and Clavin Alexander.

Gene Varner will get a check for \$6, while Jerry will receive \$4. Graves wins \$2.

There's still time for you to enter the contest for this week. Just get a copy of the Sept. 19 Hart Beat, fill out the entry blank and turn it in to any of the sponsoring merchants, before 4 p.m. Friday.

IF YOU SUFFER FROM SINUS

Apparently the rule concerning sinus trouble is this: if you're human you're susceptible. Thus, if you suffer from a sinus condition either chronically or occasionally, you are in excellent company.

A nasal sinus is a lined cavity in the face bone which opens into the nose. There are two important ones on each side of the face: one in each cheek bone, and one over each eye.

There are as many different causes of sinus inflammation as there are people suffering from it. Infection-producing agents such as viruses, and irritants such as pollens and dust are most often the cause. But facial injuries, infected teeth, and other conditions can also bring on flare-ups.

What to do about it? Make sinuses drain, which is a little like telling the wind to stop blowing. Still, it can be done if the cause of the inflammation is removed.

Temporary relief can sometimes be obtained with dilating drugs or inhalers, but the basic cause should be determined and treated by a physician.

DEMONSTRATION

OF OLD MASTERS LIQUID WOOD

Saturday, Sept. 28, 1963

Beginning At 9 A.M.

CHANGES THIS - TO THIS!

for only \$ **2⁵⁸**

**WITHOUT
Removing
The Old Finish**

Anything that can be painted can be changed to take on the appearance of rich wood grain, of age-old antique or beautiful marble. The process is so simple a child could do it. Yet the realism you can achieve with **Old Masters** will amaze and delight you. The grand part about achieving these effects is that you **don't have to remove the old finish.** This means no scraping, no bleaching, no staining, and no special tools are required to obtain any of these effects. Any piece of furniture that doesn't fit its surroundings or woodwork that doesn't fit the decor can be easily changed to complement its setting. The oddest assortment of furniture and finishes can be made to look as though they belonged to each other. Regardless of how dark or light the item is, **Old Masters** can completely change its appearance without removing the old finish. See how. See it demonstrated. And see how little it costs to make these amazing changes.

And without removing the old finish!

TEXAS HIGHWAY DEPARTMENT EXPANDS ANTI-LITTER CAMPAIGN

Scouts View

Bone Deposits

THE TEXAS HIGHWAY Department has added two new methods to its continuing anti-litter campaign: a cartoon character printed on its Official Highway Travel Map and revised highway signs reminding drivers they can be fined from \$10 to \$200 for littering.

Prehistoric bone deposits were observed Saturday by Hart Boy Scouts in Troop 246, after they had made a trip to a Plainview caliche pit.

After viewing the deposits, the boys played miniature golf.

Making the trip were Ricky Bennett, Harold Bennett, Tony Miller, Clifford Ray, Ralph Speer, Richard Humphrey, Mike Armstrong, Jack Bailey, Deryl Clevenger, scoutmaster; and Paul Armstrong.

Hart Lions

Hold Meeting

The Hart Lions Club met at Alford's Longhorn Cafe Monday Sept. 9., for dinner and a regular program.

The meeting was called to order and guests, E. E. Martin, R. C. Bailey and Tom Merritt were introduced.

Ed Harris led the discussion on the "Care Program". The sale of candy by members was discussed and they voted to have the sale. Mr. Hawkins, O. D. Dinwiddie and Walt Hansen will have charge of candy sales.

Lions Club Members decided to invite two football boys as guests to each week's meeting.

Lion Harris reported the Hart Club would not have a float in the Castro County Fair parade this year.

B. H. Rogers will have charge of the next program Monday, Sept. 23.

A PRIDE and joy at the J. V. Wescott home here in Hart is their one-year-old daughter, Marcia. Here, she brings her daddy the morning paper, marking the first time she has made such a long trip from home. She and her dog, though, are great explorers of the Wescott back yard.

Man Arrested For Stabbing

A Latin-American man, Luis Hernandez, was arrested early Sunday morning on the John Merritt farm northwest of Hart for aggravated assault.

The arrest was made by Deputy Sheriff Granville Martin. Martin said Hernandez and another Latin-American were drinking Saturday night and began to quarrel prior to the stabbing.

The injured man was taken to Castro County Hospital by Martin and was later released.

Hernandez was taken before the County Court Tuesday and fined \$127.15.

You Can Use Golden Uran BEFORE and AFTER You Harvest Your Grain!

For Desiccation . . .Drying Out Your Crop On The Stalk

The advantage of using Golden Uran as a desiccant lies in the fact that besides drying out of the foliage, the application serves as a source of Nitrogen for your next crop and speed the decomposition of organic crop residues to humus.

The dual function of Golden Uran used for grain sorghum desiccation makes it an attractive practice for the milo producer.

Harvesting of grain sorghum crops which have been desiccated has certain advantages. The grain shells out considerably cleaner because foliage and stalks passing through the combine drum do not gum up the bars.

Golden Uran should be applied when the moisture content of the grain is about 25 to 30 per cent, with approximately 90 per cent of the grain well colored.

Once your grain sorghum is harvested, you can put Golden Uran on the stalks for faster decomposition.

See Hart Fertilizer and Chemical - Let us show you the advantages of Golden Uran application either before or after harvest.
